

## APPOINTMENT OF FACULTY MEMBERS IS ANNOUNCED BY PRESIDENT VERNE C. FRYKLUND

Appointment of 11 teachers to the faculty of Stout State college here has been announced by Dr. Verne C. Fryklund, President. Of that total, four are teachers filling positions vacated by the retirement of faculty members. The remainder replace instructors of the previous year. Two more teachers are yet to be appointed.

Head of the department of music is Dr. Edfield A. Odegard. He earned his doctorate at the University of Iowa, with earlier degrees from Concordia college and the University of Washington. His appointment at Stout is that of assistant professor.

In addition to wide experience in secondary school music, Dr. Odegard headed the music program of Wartburg college. He has also worked with the bands of five Big Ten universities. For three years he was a member of the U. S. Navy Band.

Dr. Lorna S. Lengfeld has been named to Stout's Department of Speech. She has earned her three degrees, including the doctorate, in the department of the University of Wisconsin. Following teaching experience at the universities of Wisconsin and Minnesota and at Wilson college, Mrs. Lengfeld was a faculty member at North Dakota State college before coming to Stout.

At Stout State College Dr. Lengfeld will hold the rank of assistant professor in the speech department and will be in charge of the dramatics productions of the college.

Assistant librarian in charge of general and reserve circulation is Dr. Lillian S. Cooper, who comes to Stout as an instructor following her work in the reference department of the Armed Forces Medical Library in Washington, D. C. Mrs. Cooper holds three degrees from the University of Wisconsin.

Dr. Cooper has had extensive experience in teaching as well as in library, the latter including four years on the staff of the medical library of the University of Wisconsin.

Assistant professor of home economics with emphasis on equipment, demonstration and consumer information is Miss Dorothy Loomis. She earned her bachelor's degree at Iowa State College and her master of arts at the University of Chicago.

Miss Loomis, in addition to experience in the teaching of home economics, has held a number of positions as a home economist in the commercial field. Corporations for which she has been a lecturer, test kitchen specialist or home economics director include Commonwealth Edison, Evaporated Milk Association, Electromaster, Inc., Gibson, Norge and the Admiral Corporation.

New head coach of football, basketball and baseball at Stout is Joseph S. Gerlach, holder of two degrees from the University of Wisconsin. His rank is that of assistant professor of physical education.

## ENROLLMENT IS HIGHEST IN SSC HISTORY

Students from seven foreign countries and two United States possessions help to give Stout State College its enrollment of 1152, highest in the history of the college. A number of additional students will also enter as late registrants.

Of the 1152, 661 are men and 491 are women. This is nearly 100 more than last year's previous high total of 1059. Students are in attendance from all of Wisconsin's 71 counties. By far the greatest proportion, 943 young people, are Wisconsin residents.

Of the total student body, 387 are attending for the first time, 302 are sophomores, 200 are juniors, 106 are seniors, 22 are graduate students and one is a postgraduate.

The remaining nine are classified as special students, mostly from foreign nations or U. S. possessions. Representatives are present from Malaya, Thailand, the Philippines, Canada, Jordan, Paraguay, the Philippines and Hawaii.

A significant segment of the enrollees, 246 men, are attending under veterans' provisions. Of this group 76 are first year men, 52 sophomores, 44 juniors and 64 seniors. The Y.W.C.A. An additional 10 receive benefits under Public Law 894 for disabled veterans of the Korean conflict.

sical education.

Gerlach comes to Stout from the Duluth branch of the University of Minnesota, where he coached in a number of sports. He has also compiled successful records at the University of Alaska and North Dakota State College at Dickinson, North Dakota.

Instructor in foods and nutrition is to be Miss Dorothy Knutson, a Stout graduate who later earned a master's degree at Ohio State University. Prior to joining the Stout faculty she was assistant therapeutic and teaching dietitian at St. Elizabeth's Hospital, Chicago.

O. Clifford Kubly, principal of Kiel high school, has joined the Stout faculty as assistant professor of mathematics and physics. He has his master's degree from the University of Wisconsin and a bachelor's degree from Platteville State College.

Kubly has also studied at Case Institute in Cleveland, Ohio, the result of being selected for a General Electric fellowship. In addition to teaching and administrative work in several Wisconsin high schools, he also worked for a time in the U. S. Department of Agriculture.

Instructor in home economics is Mrs. Winifred Loomis, who was a member of the Stout faculty from 1949 to 1952 prior to her marriage. She will devote much of her time to Stout's expanded offerings in clothing selection.

Mrs. Loomis completed her master's degree at the University of Wisconsin after earning her bachelor's degree from Milwaukee Downer college. Her teaching experience, in addition to her earlier position at Stout, includes appointments in Sheboygan Falls, Sheboygan, Marinette and Wausau.

Named assistant professor of industrial education is Mrs. Wesley S. Sommers. Prior to his arrival at Stout he completed a year's study of industrial design under the auspices of the Ford Foundation.

Sommers earned a bachelor's degree in engineering at the University of Michigan. He also has his master of science degree from that institution. At Stout he will teach specialized courses to men majoring in industrial technology.

Accepting a temporary appointment as instructor of printing is Paul Axelsen. He fills the position of Raymond Gerlach, who has been awarded his doctorate on a Danforth scholarship. Axelsen has earned two degrees from Stout State College. In addition, he has had extensive graphic arts experience, both in teaching and in commercial enterprises.

Part-time assistant in home economics is Miss Hazel Nelson, a Stout graduate who enjoyed a very successful teaching career at the high school in West Salem, Wisconsin.

Miss Nelson will divide her time teaching in Stout's division of home economics and working toward a master's degree in the graduate studies program of the college.

## CAMPUS SISTER TEA IS SUCCESSFULLY DONE

The Campus Sister Tea held on Sunday afternoon from 2 o'clock to 5:30 welcomed a record crowd of freshmen girls and their "big" sisters this year. The tea is sponsored by the Young Women's Christian Association here on campus in coordination with their campus sister activities. It is generally considered the dressiest tea of the year.

Jane Olin was the general chairman of the Big-Little Sister project and the other committees were as follows: Nancy Paremski-food, Jermain Folkman-invitations, Louise Grant-decorations.

Early in the summer, Jane Olin, the Campus Sister chairman, began sending out the names of new freshmen and transfer students to their upper-classman sisters, so that, through correspondence, the new women students could learn more about campus life here at Stout.

On the first Sunday of the school year the Campus Sister Tea is held, and in January, the Y.W.C.A. sponsors the Campus Sister Reunion which is attended by "Big and Little" sisters also.

## GREETINGS FROM THE PRESIDENT . . .

Welcome to Stout State College!

Yes, to all first year and returning students — and to our "freshman" and continuing faculty members as well — it is a pleasure to greet you at the beginning of a most auspicious year.

Our enrollment is the highest in Stout's 65 year history. The faculty has increased and will continue to do so. In the near future will come a splendid Student Union, a multi-story shop and classroom building, and additional dormitories.

But we want you to take notice of the "new arrival" already in service on campus. This new facility is Bertha Tainter Residence Hall for Women. In it are accommodations for 134 young ladies, plus a tea room, cafeteria-dining room, and student lounge. When the final "touching up" of building and grounds has been completed, you'll be invited to an Open House.

Thus the 1956-57 college year begins. It is good to have you with us. Welcome to Stout.

—VERNE C. FRYKLUND, President

## MUSICAL PROGRAM IS CONVO ON WEDNESDAY

Eleanor Warner, Chicago's brilliant and beautiful soprano, and Raymond Thomas Sharp, winner of the 1952 nation-wide Career Performance, will present the first convocation which is to be held September 19, at the Stout auditorium.

Raymond Sharp is one of the finest baritone voices coming into the concert field in recent years. A training that included special work at Juilliard and experience in every type of singing makes him the magnificently mature artist he is. Whether in concert, oratorio, opera or radio his work is always received with enthusiasm.

Eleanor Warner, who was a tremendous success as an associate star with James Melton on a coast-to-coast tour, received the highest praise from President Eisenhower when they sang at the White House.

The Chicago Duo is given brilliant support by Irene Albrecht, concert pianist. For five years she has been staff pianist for WGN. Critics have hailed her as a "talented performer, who produces a beautiful singing tone." That is why she is popular as a pianist and pianist for some of Chicago's most notable artists.

## NOTICE

A snack room will be opened in The Old Tea Room in Harvey Hall on Monday, September 10. Luncheons will be provided for faculty and all students. With the new staggered lunch period, it is estimated that we can accommodate around 200 people. Service will be quick and prices reasonable. It is hoped that the patrons will find this both convenient and satisfying.

Hours will be 11:15 A.M. to 1:15 P.M. Prices are 45 cents and 55 cents.

Pictured above is one of the men in the union that shows a group of men in the machine wood shop.

## NEW REPLACE OLD AS PROFESSORS WRITE

Authors of a professional article in the June Vocational Education magazine are George Soderberg, associate professor of industrial education at Stout State College, and Donald B. Hogan, Stout graduate now teaching in the junior high school of Muskegon, Michigan.

The feature, through description and detailed drawings, explains the construction of a swivel chair. By following directions given in the article, the reader can build an entirely new chair or replace an old chair, by using worn out parts from the original. "Industrial Arts and Vocational Education" is a nationally-recognized publication for educators in those fields.

## EMERITUS PROFESSOR IS HONORED BY COLLEGE

Recipient of a Golden Anniversary diploma from Westminster college, New Wilmington, Pennsylvania, is Miss Mary McAlmont, emeritus faculty member of Stout state college.

Miss McAlmont graduated as a member of the class of 1906. In that class were 27 men and 13 women. Today Westminster college, a liberal arts institution, is much larger, enrolling nearly 1,200 students. The college will hold its centennial in 1958.

The Golden Anniversary diploma, signed by Dr. William W. Orr, Westminster president, and others, reads as follows:

This diploma makes known that Westminster College in behalf of its Students, Alumni, Faculty and Trustees extends official greetings to Mary Myrtle McAlmont and offers congratulations on the fiftieth anniversary of the class of 1906. Done at Westminster June 4, 1956, by order of the Board of Trustees.

In attendance at the alumni reunion luncheon were 15 members of the class of 1906, together with their husbands or wives, to bring the total to 24. The oldest graduate present at the alumni luncheon was a woman who completed her work in 1884. She is now 96.

Miss McAlmont stayed in Ferguson hall on campus and visited friends in the city. She spent four days at the college. Other highlights of her 2,450 mile trip included her attendance at the wedding of Jim Betzold, who lives at Elkhart, Wisconsin.

Also visited on the trip were two Stout alumnae: Mrs. Beth Palmer Muffly, now a teacher in the University of West Virginia; and Mrs. Esther Lee Brown, of Charlottesville, West Virginia. Mrs. Brown is a sister of Jake Lee.

## WORKSHOP IN LEATHER IS HELD ON CAMPUS

A number of local residents and summer session students of Stout State College had the opportunity of attending a free two-day "Workshop in Leather" on the Stout campus Thursday and Friday, July 26 and 27. A large number of persons enrolled for training in such leatherworking skills and layout and cutting, tooling and carving, molding, stitching and maintenance of leather articles.

Teaching the course was Raymond Cherry, head of the industrial arts department of the Lockport, Illinois Township high school and also an affiliate of McKnight and McKnight Publishing Company.

The workshop opened on the morning of July 26 with an illustrated talk by Mr. Cherry on leather and leatherworking tools, processes and projects. The afternoon was devoted to demonstrations and discussions on layout, tooling and carving, and edge tools.

Friday morning's discussions and demonstrations included work with heavy leather, saddle stitching, six types of leather finishes and general information on the care and selection of leather. The final afternoon session was devoted to work under Cherry's supervision.

## MANY STUDENTS PARTICIPATE IN RECENT SESSION

Approximately 630 students participated in various phases of the summer session of Stout State College, according to a report released by officials of the college.

Of this group about 400 registered in the six-week session on June 25. Additional students were accepted on July 16 for enrollment the final three weeks of the session especially for an offering in costume millinery. The summer session closed August 3.

On campus were 287 students from Wisconsin, with the remainder from 22 other states and from five foreign countries or territorial possessions. Enrollees came to Stout from such far-off states as Massachusetts, Texas and California. Other registrants were from Pakistan, Paraguay, Malaysia, Hawaii and the Philippine Islands.

Veterans enrolled totaled exactly 100. Of these, 84 were being educated under Public Law 550, 12 under Law 346, and 4 under Law 894.

Following the regular summer session, about 90 persons received training in basic or advanced driver education at Stout State College, one of the largest of such training programs in the nation. The driver education program took place from August 6-17.

Also participating in a summer offering of Stout State College were persons attending the Family Life Workshop of Dr. Paul Popenoe, nationally-known expert in family relations, which was held here from June 18-23. Enrolled for college credit were 140 people, with an additional 99 special students bringing attendance to 239. Many interested observers and visitors watched that total even more.

## STOUT FACULTY MEMBERS GET APPOINTMENTS

A number of faculty members of Stout State College received appointments at the Oshkosh meeting of the Association of Wisconsin State College Faculties.

Dr. Guy Salyer, in addition to being president of the Stout chapter of the association, is secretary of the state organization. Dr. David Barnard, local chairman of the committee on salaries and leave of absence, was elected chairman of the association's state committee.

Other chapter chairman include Dr. Erich Otter, legislation; Dr. Otto Nitz, social security; Dwight Chinnock, improvement of teacher education; and Miss Hazel Van Ness, tenure, academic freedom and working conditions.

The Oshkosh gathering was the biennial spring meeting of the association. Major business carried out was organization committees.

## LECTURES BY DWIGHT AGNEW ARE BROADCAST

Broadcast this summer and at present throughout Wisconsin by the State Radio Council has been a series of 20 lectures and discussions by Dr. Dwight Agnew, chairman of the social science department of Stout State College.

Entitled "Labor and Industrial Relations," the series is heard over the Columbia station WHWC at 11 a.m. each Friday.

Each lecture or discussion, 50 minutes in length, was one of the regular semester class meetings tape recorded "on the spot" in Dr. Agnew's classroom. The class itself is part of the graduate studies program of Stout State College.

Typical of topics covered in the series are labor leadership, psychological factors in labor organizations, significance of the AFL-CIO mergers, trends in collective bargaining and the possible impact of automation.

Dr. Dwight Agnew's class is to provide information relevant to the relation of the worker with his union, his employer, and his community. Attention is also given to causes of industrial conflict and conditions favorable to industrial harmony.

Dr. Dwight Agnew holds his doctorate from the University of Iowa. He has been a member of the faculty of Stout State College since 1947.

### FROM THE EDITOR'S DESK

It's great to be at Stout!

After a busy summer, we're all glad to be at Stout to continue our work here or to begin our college education. You've probably all been welcomed a sufficient number of times, but *The Stoutonia* would like to take this opportunity to greet you.

Stout has many extracurricular activities whose membership will be reopened this fall — an opportunity for each student to choose one within his range of interests and abilities. An education isn't complete without participation in at least one of these. Now is the time to join and become acquainted with fellow students.

The list of students is long. *Stoutonia*, the weekly newspaper, is available to students interested in journalism. Proof and copy reading, typing, and lead writing are possible openings along with the more well known reporting. The year book, *The Tower*, also provides work in this field of interest.

Professional organizations on campus are the Home Economics club and the Dietetic club for women and the Stout Typographical Society for men interested in printing.

There are many different divisions in the field of music. M.A.P. is an organization for students interested in dramatics. Radio club and Arts and Crafts provide activity in radio communications or crafts.

A wide variety of clubs is available to sports enthusiasts. Varsity football, basketball, baseball, and golf, as well as intramurals, "S" club, Synchronized Swimming, Ski club, Rifle club, and W.R.A. are open to either men or women in some cases, to both.

Social sororities and fraternities now number nine. Sophomore women are eligible for initiation in the sororities and second semester freshman men for the fraternities.

The campus has two honorary fraternities, Phi Upsilon Omicron and Epsilon Pi Tau, and a national service fraternity Alpha Phi Omega.

Many student church groups are affiliated with the various Menomonie churches. The Y.W.C.A. is a religious organization for women of different religious denominations.

The list is long. So sign up for at least one so that you'll be able to say, in time to come, "It was great to be here."

### ORGANIZATION NEWS

Pallas Athene sorority enjoyed a breakfast picnic on Saturday morning at Riverside Park. After the picnic several contests were held followed by a song fest.

During the latter part of the past school year, YWCA sponsored a clothing drive. The response was wonderful and many boxes of clothing went to needy families across the seas. Our very sincere thanks go to all the students and faculty who contributed to the drive.

WE NEED YOUR HEAD  
IN OUR BUSINESS

For Appointments, Phone 436-W

There will be a meeting of the Metals Guild Monday, September 17, at 7:00 P. M. in room 22 of Harvey Hall. All metals majors welcome.

Inter-Religious council will meet at the Methodist church on Monday September 17, at 5:30 p. m. A cost supper will be served. The program is a discussion on the roll of student organizations in the Christian life of a student.

There is a poster by the mailboxes to be signed by all those who plan to attend. Everyone is welcome.

Desiring to earn a master's degree in the next year, five Sig Tau members have returned to Stout. They are Bill Anderson, Jim Daily, Bob Spinti, Ken Lantto, and Norm Schultz.

Wedding bells rang last summer for Jerry Schemansky, Jerry Schoenicke, Jerry Howard, Bob Thomas, and Fred Hodges. It is really nice to see the married members on the campus, and we hope we will see them at our meetings. The latest news is that Fritz Ebert and Cynthia Sutter have a wedding planned in the near future.

John Posewitz finally turned his abstract ideas about building model airplanes into concrete ones on one moonlight night and is now "pinned" to Mary Vogtsberger.

Richard Dignan, Jerry Sill, Ken Geske, and Bruce Leonadr have returned to Stout to finish their education.

Uncle Sam has called for the services of Keith Dame, Carl Spinti, Tom Connell, and Dick Kadotani. Sam Mikitarian, one of the fastest members of Sig Tau, is in the Naval air force and has been flying jets off the carrier Franklin. Fred Kajehera, who graduated last year, is now teaching in Hawaii.

Attention! The Sig Taus will be selling candy apples and pop corn at the game Saturday.

"She's played love songs on the piano, dimmed the lights, and hinted marriage, and still he's telling about TOPDAHL'S STANDARD SERVICE!"

### The Stout Snooper

That annual fall rime was back on campus again. It seems that even graduation doesn't keep him from showing the new froshies around the town-by-way of the favorite spots.

It seems to be a fad for the old grads to stay on a fifth year. Is it the desire to get a Master's, or to keep those sophs away from the Old Masters?

For your information, Ron and Mary Critser are not expecting a boy or a girl. It's going to be a baby. Everyone's talking about how much cuter the freshman girls are this year. "Aren't they always?"

We wonder what happened to the dancing class that was suggested last year. From our observations at the last mixer it doesn't look as though the freshman fellows are the ones that need the lessons. It seems as if the younger generation isn't as shy as it used to be.

The snack room seems to be a good idea as far as convenience is concerned. It's getting now so that you can go to classes all through the day if you eat down there. It's a good thing though that you only have to be late to that 11:30 class three times a week.

A true music lover has been defined as a man who puts his ear to the keyhole when he hears a girl singing in the tub.

### STOUT HOLDS DRIVER EDUCATION PROGRAM

One of the largest driver education programs in the nation was held at Stout state college from August 6-17. More than 100 persons came to the campus to enroll in either the basic or advanced course of driver education. An additional 60 community residents enrolled to learn to drive an automobile.

In charge of the project was R. F. Kranzsch, director of safety education at Stout. Assisting were Paul Bernd, of the Washington, D.C., office of the American Automobile association, and Dean Frey, of the Wisconsin division of AAA. Frey is assistant to Ben Precourt, safety director of Wisconsin's AAA.

Guest speakers during the two week program included John Thompson, of the Wisconsin State Motor Vehicle department; Vernon Swenson, Department of Vocational and Adult Education, Madison; and Orlo Miller, coordinator of health, education, and safety in the Department of Public Instruction, Madison.

Because of the large enrollment of persons wishing to learn to teach driving or to learn to drive, dual-controlled cars were brought to Stout from throughout the state. Each trainee was assured of an hour's on-the-street driving experience each day during the course.

All texts and teaching aids for the course were furnished free of charge to the college and participating students by the American Automobile association. This arrangement is regarded by AAA as a means of better preparing persons wishing to learn to drive or those who will teach others to drive.

Teaching woodworking classes at Washington high school in Whitefish Bay, Wisconsin, is Russell C. Tows, B.S. 1950. He is married and lives at 1700 E. Chateau Place, Whitefish Bay, Wisconsin.

George Bowers, who received his master's degree in 1947, is an abrasive engineer with the Carborundum Co., Sales and Service in Minnesota and Western Wisconsin. He resides at 260 N. Central Avenue, Wayzata, Minnesota.

A training specialist for the Navy Department with Great Lakes, Illinois, is Otto P. Baker, B.S. 1937. His duties include supervision of a program of instructor training at the Service School Command. He is married and lives at 2118 Hawthorne Lane, Waukegan, Illinois.

Helen Diamond Wicher (Mrs. George B. Wicher) B.S. 1925 and M.S. from the University of Minnesota in 1930, took the trip to Puerto Rico with the group headed by Dr. Kirk and Mrs. Alyce Vanok last year. She is an active home-maker for her husband at 27 Groveview Terrace, Minneapolis 5, Minnesota.

### DETROIT ASSOCIATION HOLDS ANNUAL MEETING

The Detroit Metropolitan Stout Alumni Association held its annual spring get-together on May 16th at the headquarters of the Chrysler Corporation. About eighty-five members were in attendance. The following were on the committees: Mr. and Mrs. Hight Moltzau-chairmen, Mr. and Mrs. Floyd Burgess, Mr. and Mrs. Francis Shaw, Mr. and Mrs. Frank Mann, Mr. and Mrs. H. Iyer, Mr. and Mrs. Carl Erickson, Mr. and Mrs. Wallace Houg, and Mr. and Mrs. Charles Cryderman. The Chrysler Corporation served a delicious dinner. The members were entertained by marimba selections. This was followed by two education films. One was on how an automobile is constructed and the other on how an automobile is born.

A short business meeting was conducted. The following officers were introduced for the coming year: James Christopherson, president; Fred Curran, Jr., vice president; Fred Shet-Curry, corresponding secretary.

### STUDENT THOUGHTS

The following article by Howie Goldstein was taken from the March 6, 1956, issue of The Spectrum. It traces typical events and typical attitudes of typical college students.

#### Amblion

1. Freshman - To graduate with an A average.
2. Sophomore - To graduate with a B average.
3. Junior - To graduate with a C average.
5. Senior - To graduate.

1. Freshman - Readin' Riting, Rith-metic.
2. Sophomore - Recitation, Red Tape Recess.
3. Junior - Records, Rapture, Recreation.
4. Senior - Relaxation, Romance, Rmorse.

#### Teachers

1. Freshman - They know everything.
2. Sophomore - They know something.
3. Junior - They don't know something.
4. Senior - To err is human.

#### Excuses For Tardiness

1. Freshman - My alarm didn't go off.
2. Sophomore - The lunch line was long.
3. Junior - (commuting) The bus broke down.
4. Senior - The bell rang too early.

#### Home Work

1. Freshman - They say to devote 45 minutes, so I'll take an hour.
2. Sophomore - They say to devote 45 minutes, so I'll do 30.
3. Junior - I'll do it before class.
4. Senior - He won't call on me.

#### General Attitude

1. Freshman - Aren't we darlings.
2. Sophomore - mere babies.
3. Junior - They're smarter each term.
4. Senior - Did I look like that?

#### A Fresh

He works part time to supplement his allowance.  
He has a girl back home.  
He believes a college education will give him a cultural background, a sturdy future and social importance.  
Favorite saying "Get off my back."  
He reads, "Mad Comics."  
He studies every night intensely from 9 - 12.

#### A Sophomore

He rents his books to supplement his allowance.  
He has campus dates frequently.  
He believes a college education will give him a cultural background.  
Favorite saying "Love that Girl."  
He reads Esquire Calendars.  
He studies every night from 9-10.

#### A Junior

He buys no books of his own to allow for more allowance.  
He dates a different girl every night.  
He believes a college education will help him socially.  
Favorite saying "Well I'll be a dirty bird."  
He reads the footnotes and glossary in biology and psychology books.  
He studies at exam time.

#### A Senior

He sells his roommate's books for an allowance.  
He has a girl back home.  
He wishes he had a good college education.  
Favorite saying "What'll you have?"

Seattle U.

Canned and frozen juices are becoming more and more popular, but most men still prefer to squeeze their own tomatoes.

The only reason I go to dances is that I'm still waiting to see a girl get up to dance and see her backless strap less gown stay on the chair.

Hangover — The "mourning" after the night before.  
And then there was the story about the dog that got a new harness—he has a new leash on life!

## OFFICERS PLAN PROGRAM FOR HOME EC CLUB

Officers of the Home Economics club met recently to plan the year's program.

Program chairman, Jermaine Folkman, presented the temporary program for next year: Sept., job reports, A.H.E.A. reports; Oct., Initiation; Nov., Shirley Johnson will speak about her trip to Europe; Dec., Cookie sale and Christmas Tea; Jan., Dean Kirk will speak on her trip abroad; Feb., Barb Brown, introduce new officers; Mar., Installation of officers, Talent show; Apr., Open House, Joint meeting with Phi U, Barb Ness; May, Senior Breakfast.

Committee appointed are: son, Roll Call; chairman, Kay Hawkins Gloria Shultz, Lois Onsrud, and a freshman to be selected next year. 2. Program: chairman, Jermaine Folkman, Louise Grant, Barb Hartig, Beverly Duerkop, Aileen Shinabarger, 3. Social: ch, Pat Christensen, Barb Nuttallman, Carolyn Greinke, Barb Sommerhalder, Rita Casey, Muriel Erickson, 4. Finance: Chairman, Helen Froelich, Loretta Sletton, Rita Horkan, Carol Bibby, Carol Hatch, Kathy Van Doorn, 5. Poster: Chairman, Peggy Douglas, Jeannie Machel, Mary Tickler, Mary Ann Cerney, and Rose Mary Klau.

When a girl's dress leaves nothing to the imagination she can usually figure out what her boyfriends are thinking about.

An old fashioned gentleman took a modern Miss for a ride in his car and after finding a suitable spot to park, kissed her several times lightly on the cheek and then announced, "This is called spooning."

"Okay," she said, "but I think I'd rather shovel."

An army camp was conducting an educational program for enlisted men and had planned a lecture by a college English literature professor. The burly sergeant called the men together and said: "Say, now listen you guys, tonight a professor's gonna lecture about Keats so you'd better be here. Why, I'll bet lots of you guys don't even know what a Keat is."

Love hasn't changed a bit in 2000 years. Greek girls used to sit around all evening listening to "lyres."

### WANT A PEN-PAL?

Twenty-two chapters answered to roll call at the recent national convocation of Phi Sigma Epsilon fraternity held August 23-26. The biennial convention was held this year at the Chain-O-Lakes near Wausau, Wisconsin. Omega chapter of Stout State College captured attendance honors with twelve members reporting. Stout's chapter walked off with more honors by winning the efficiency trophy, getting their candidate elected as national vice-president, and by supplying the winner of the outstanding secretary's award.

The efficiency trophy which Omega chapter won is a traveling trophy awarded each year to a chapter adjudged by the national council as being the most efficient. It was won last year by Iota chapter of Warrensburg, Missouri. Winning the trophy is quite an honor as all 26 chapters of the fraternity compete for it each year. The chapter winning the trophy three years in a row retains permanent possession.

Doug Pagel, Stout senior from Milwaukee, was recognized and given an award by the national council for being the outstanding secretary of the year. He was given this award for his close contact and co-operation with the national office, and for his efficiency as secretary in his own chapter.

The Wisconsin region of Phi Sigma Epsilon has a new national vice president in the person of Willis Capps. Capps is a life member of Phi Sigma Epsilon, a graduate of Stout, a former SSA president, and is now working as an appraisal engineer in Milwaukee.

The next convocation of Phi Sigma Epsilon is tentatively scheduled to be held in Atlanta, Georgia, in 1958.

Lady to visiting boy: Are you able to cut the meat?

Boy: Oh yes, we often have meat this tough at home.

## HOMECOMING ACTIVITY BEGINS AT OCTOBER 3 CONVOCATION, VOTING FOR THEME AND QUEEN

On Wednesday of this week there was placed a balloting box in the main corridor of Harvey Hall. This box is to be used by those students who wish to enter their suggestions for the Homecoming theme of 1956. The balloting started on Wednesday and will end on Tuesday, September 25. All suggestions must be in the box by then in order to be eligible for the contest.

A prize of \$5.00 will be awarded to the originator of the winning theme. The student governing board will select the ten best entries at a special meeting on Wednesday night, September 26th. Then, at the Homecoming convocation to be held on October 3rd, the students of Stout will vote on their choice for the theme.

The Homecoming assembly is being held on October 3rd this year in an attempt to create more enthusiasm on the part of the student body, to give added publicity to the event, and to give the alumni a preview of what to expect. At this assembly students will also pick the Homecoming queen.

Petitions for queen candidates became available in the SSA office on Wednesday, and the deadline for their return is September 26th. Organizations, or students wishing to petition a queen candidate must follow all rules and regulations in accordance with this event and are urged to make this

year's Homecoming the biggest and best of all.

Stout will be meeting the Yellow Jackets of Superior State Teachers College on October 20, at 2:30 p.m. Earlier in the afternoon will be the parade with a \$20 prize for the winner each division in the float contest. The divisions are: Most beautiful, most in keeping with the theme, and most humorous. There will be no awards for home decorations, but organizations are strongly requested to trim their houses or dorms to help in the spirit of Homecoming.

The results of the elections to be held at the Homecoming convocation on October 3rd will be published in the STOUTONIA on October 5. There will then follow a two week period in which the spirit at Stout should grow in friendship, co-operation, and interest that will facilitate a successful Homecoming for all.

### DR. SWANSON LEADS SUMMER WORKSHOP

Instructing in the plastics area at the first annual industrial arts summer workshop sponsored by the Birch Coulee Industrial Arts Club of Minnesota was Dr. Robert Swanson, associate professor of industrial education at Stout state college.

The Birch Coulee group is affiliated with the Minnesota Industrial Arts Association. Also cooperating was the Vocational Division of the Minnesota State Department of Education. The workshop took place at Minnesota's Educational Camp on Arrowhead Lake near Virginia, Minnesota.

Dr. Swanson's presentation was in two parts. He first described the place of the plastics area in industrial arts and then set forth certain objectives. He concluded the first segment by informing workshop participants of special tools for working with plastics, certain industrial applications, and modern techniques of plastic forming.

The second portion of Dr. Swanson's program was devoted to demonstration of various techniques for working with plastics. Techniques discussed included those of lamination, internal carving, simple molding, drying, vacuum forming, pressure forming and mechanical forming.

### OPEN HOUSE PLANNED AT LYNNWOOD HALL

Lynwood Hall opens its doors wide to all comers on Sunday, September 23, with the beginning of another annual open house show.

Faculty members, parents, students, student groups, and townspeople are all invited to see how the fellows live and study at the men's dormitory.

The men will have their rooms in inspection order from 2:30 to 4:30 in the afternoon, and plan to offer refreshments in the basement parlors.

Election of officers for the open house was held Monday night at Lynwood. These officers are to have charge of directing traffic, and assisting with the refreshment serving line.

### EVENTS OF THE WEEK

## AWSCF MEETING TO BE HELD ON STOUT CAMPUS

The Association of Wisconsin State College Faculties visits Menomonee Saturday, September 22, when Stout state college is to be the host member of one of the association's statewide committee meetings. The day's discussion, which will take place in Harvey Hall, will center around college faculty problems.

A total of fifty representatives from ten state college faculties will be served lunch at the Hotel Marion, it was announced Monday by Dr. Guy Salyer, with an evening dinner at the Methodist church terminating the day's activities.

Local committee members who will participate in the discussions are: Dr. Barnard, chairman of the salary committee; Dr. Salyer, secretary of the state association; Dr. Oetting, Miss Nye, and Mr. Ruhl.

Miss Callahan, Miss Harrison, Mr. Soderberg, and Miss Trullinger make up the local welcoming committee.

### NEW TAINTER HALL TO BEGIN SOCIAL SEASON

Initiation of the new lounge and its many comforts, TV inclusive, will be the main event of the dorm party to be held this Saturday night, 8:30-12:00 at Stout's newest building, the freshman girls dorm, Tainter Hall. All the fellows from Lynwood Hall are invited and any guests the girls would like to ask. Girls from all three of the women's dorms are invited.

Popcorn and apples will be served as refreshments, for what would a TV party be without these traditional commodities. There will also be dancing so no one need worry about having nothing to do.

### TRI SIGMAS AND PHI SIGS SPONSOR DANCE

Everyone is invited to the Sweetheart dance to be held next Saturday, September 29, in the high school gym. Dancing to the music of George Soderberg and his Royal Blackhawks will begin immediately following the River Falls football game and will continue until 12:00.

The Sweetheart Dance is sponsored jointly by Sigma Sigma Sigma sorority and Phi Sigma Epsilon fraternity. Traditional decorations include pictures of comic strip sweethearts, such as Mickey and Minnie Mouse, and Lil Abner and Daisy Mae. Whether you come hag, stag, or drag, the Tri Sigmas and the Phi Sigs guarantee an enjoyable evening of dancing for everyone. Admission will be 40¢ per person or 75¢ per couple.

### NOTICE

Home Economics club initiation for all new members will be held September 24 at 7:30 p.m. in the Stout auditorium.

All dues for Home Economics club must be paid by Friday, September 21, 4:00 p.m.

### FALL PLAY SELECTED BY DRAMATIC GROUP

"Ring Around Elizabeth," a three act play by C. Armstrong, has been chosen as the fall play to be presented by the Manual Arts Players on December 5, 6, and 7.

Any Stout student interested in dramatics is urged to try out for the play on October 1 and 2, at 7:00 p.m. in the Stout auditorium.

The story centers around Elizabeth and her family. A legacy, which Elizabeth has received, adds complications and humor. The play was produced in New York with Jan Cowl. There are five men and seven women in the cast.

Pictured above is Wisconsin's new "Alice in Wonderland," Doris Olson as she appeared at the Panhellenic rush party last Saturday. Also present were last year's "Alice," Barb Brown, and the new Wisconsin Princess, Della Medin.

### COUNTY FAIR IS THEME OF PANAHELLENIC PARTY

A gay group of brightly costumed sorority members, sophomores and transfer students, convened in the small gymnasium Saturday morning to observe and participate in the Panhellenic Fall Rushing Party. The purpose of the party was to introduce sophomores and transfer students to the different sororities — their advisors, members, and officers, and to explain the pledging system.

Following the theme of "County Fair" the girls were dressed as all types of vegetables, barkers, little girls lost, bearded ladies and hillbillies while a merry-go-round twirled gaily at one end of the gym and two horses kicked up their heels and raced around the floor.

To get the girls better acquainted a few contests were conducted. Some very interesting fashions were created out of newspapers and crepe paper, and a style show was held with women of the faculty as judges.

In another contest the best-dressed individuals attending the "fair" were selected and prizes went to the merry-go-round and to a Holstein blue-ribbon cow and her farmer friend. Happy and hungry, the girls adjourned to the Union to lunch on gigantic rolls and fruit juice — a perfect ending to a much enjoyed event.

## WORKSHOP IN HOME EC. WILL BE HELD HERE

"Wise Use of Time and Money Management" is the theme of the Fall Wisconsin Home Economics Workshop and Conference to be held at Stout state college on Wednesday, September 26, from 9:30 a.m. to 3:30 p.m.

Dr. Hazel H. Price, formerly on the staff of Ohio state university, will conduct the four workshops held in Wisconsin this month at Menomonee, Madison, Milwaukee, and Stevens Point. Mrs. Benita G. Smith, a member of the Stout state college faculty, was on the state planning committee for these workshops and is local chairman for the conference.

Anyone wishing to attend this workshop should contact Mrs. Smith, local chairman. Registration fee for non-members of the Wisconsin State Home Economics association is \$3.00; for members, the fee is \$2.00.

Mrs. Price brings to these workshops a wide background of training and experience. She received her Ph.D. and M.A. degrees in education from Ohio state university and her B.S. degree in Home Economics from The University of Cincinnati. She taught in elementary grades and high school for ten years, was a supervising teacher in one of the Ohio state practice teaching centers at Reynoldsburg for four years, and worked for 27 years as a Home Economics teacher for the State Department of Education, under the State Supervisor of Home Economics with headquarters at Ohio state university.

Dr. Price has carried on curriculum research in home economics at the secondary school level with classroom teachers assisting. She held the rank of associate professor at Ohio state university in the school of home economics and has taught summer classes of graduate students and has conducted curriculum workshops there.

## SSC PURCHASES PROPERTY FOR BUILDINGS

A development of the past summer which will have a definite effect upon plans for the enlargement of the Stout state college campus was the decision of the Dunn County Board of Supervisors to close the Dunn County Teachers College (formerly the Normal), the Dunn County School of Agriculture, and Bowman Model School.

The sale was made to the State of Wisconsin for \$58,000. The three schools will cease operation next June. However, it was agreed that Stout provide will shop facilities as needed for the Aggie high school and supply heat if needed.

The first effect upon Stout state college will probably be the razing of the old frame shop building at Aggie to provide a site for Stout's new Student Union, which is now in the final planning stages and should be under construction by spring.

The old Aggie shop is a familiar landmark in Menomonee, a two-story white frame structure at the rear of the Aggie property. Part of the building is the original two room structure which Senator James H. Stout constructed in 1891 to house his "educational experiment" in the manual training and domestic science of that day.

Also on the Agricultural school property, Stout will soon erect a multi-story building. This structure will contain all the college metal working and general shops on the first floor. Classrooms for academic subjects and work in professional education will occupy the upper stories.

That indomitable fellow, the weatherbird, is back on the scene after a summer of frenzied activity.

As you may remember, the weatherbird is a footloose feathered friend who braves winter's blizzards to faithfully give you a weekly three day forecast. The following is a transcript of the bird's first fall forecast:

"Hi, fellow sufferers. Hear you had a nip from old Jack Frost last Wednesday. Well, things look better today. I just flew in from Montreal, where my cousin lives, and I saw enough on the trip to assure you that this weekend is going to be a beaut.

As you may have noticed, it's warming up now, and although the mercury is scheduled for a mellow low of 50 degrees tonight, it should climb up near the 70 mark Saturday. Scattered showers are possible today, but I don't think the football game is in danger of being rained out tomorrow.

Yep, it's Indian summer for sure."

Pictured above is Miss McCalmont, empress faculty member of STOUT STATE COLLEGE. She was recipient of a Golden Anniversary diploma from Westminster College recently. A member of the class of 1906, she traveled to New Wilmington, Pennsylvania where the award was given.

## FROM THE EDITOR'S DESK

With the start of the football season, that old standby, school spirit, has become a topic of interest.

At the opening game this season, there were many gripes about the lack of interest on the part of the spectators. Some of the "cheering section" who were gripping the loudest at one moment were complaining about some "stupid mistake" one of the players had made. They assumed that cheering was necessary to raise the morale of the team but cared little that they were tearing down that foresaid morale in the multitude of criticism they issued. Every fan has a right to criticize the team, 'tis true, but the time and place and tone for such criticism scarcely is on the football field during a game in a tone which can be heard by the players themselves, at a time when they are doing their best. Such ungraciousness is unworthy of a Bluedevil fan.

When cheers are led, there is no solid mass of fans, yelling themselves to hoarseness. Perhaps, a practice session is necessary to acquaint new students with the college cheers and revive the rusty faithfuls. Maybe a renewal of the high school pep assembly is the answer. Whatever the case, something must be done about Stout's cheering.

## CLUB NEWS

Sunday afternoon, members of the United Student Fellowship went to Wakanda Park for a picnic and singing worship service. At next Sunday's meeting, Joan Manes will report on the National Assembly of U.S.F.

Announcement of the proposed program of the year was the main business at the meeting of the Stout 4-H members at their organization meeting Wed., Sept. 12 in the Stout Auditorium.

The proposed program includes helping the Dunn County extension office with the various 4-H activities held throughout the school year, and holding a special meeting each month for the Stout club members.

The officers and committee chairmen were introduced to the new members. The goals and ideals of the newly-formed club were read by Kay Hawkins.

The 4-H questionnaire, handed out at the door, was explained in more detail. The group agreed to pay dues of fifty cents per semester.

"California here we come," was their slogan as four members of Stout's A.P.O. Chapter, Eta Kappa, left for the Alpha Phi Omega national convention in Long Beach. Thus was the start of a journey that would see the delegation traverse 13 states, 4 major national parks, many national forests, and traveling a total of 5,300 miles.

Departing on August 23 from Menomonie were: Merle M. Price, Dean of Men and Chairman of the chapter's advisory committee; James Jonen, chapter president; Norman Valiska, chapter vice-president; and Donald Erickson, chapter member and owner of the car used.

Maurice Guptill, president of Epsilon Pi Tau, at a recent E.P.T. cabinet meeting, disclosed a tentative program for the year. The program included a field trip, a plan for an In-

dustrial Arts Awards Program for Area High Schools, a Christmas Party, a new entrance procedure for initiates, plus other customary yearly proceedings. The first formal business meeting is scheduled for Tuesday, September 25, at 7:30 p.m. in the Library. Starting this fall, attendance at the meetings is mandatory.

Members of the Stout Christian Fellowship held their first meeting of the year at 7 o'clock, Tuesday, Sept. 11, in room 9 of the library. Each student present introduced himself. A get-together was planned for Sept. 25, at 7:00 p.m., with food and recreation for all attending. There will be a devotional period led by one of the members. Also, members of the S.C.F. discussed materials for study guides for the year. It was decided that everyone should look for suitable material and present it at the next meeting of the S.C.F. The next meeting of the Stout Christian Fellowship will be on Sept. 25, at 7 o'clock p.m. in room 10 of the library. All who are interested are invited to come.

The Hyperian sorority met for the first time in the 1956-57 school year. President Ellen Steinhoff called the meeting to order. A discussion was held concerning the new pledge pins that are being purchased and Panhellenic rules for rushing. The standing committee members were announced. Three mum corsages were given to the more fortunate of the group. They were given to Barb Pike who became Mrs. Hatopp this summer and also to Cynthia Sutter and Kay Hawkins for their recent engagements.

Radio club announced that an amateur radio class will be organized to teach code and radio theory to prospective hams and all who are interested. They also claimed that the five words per minute in receiving and transmitting code to pass an examination for novice license can be mastered with little effort.

An amateur radio is a good hobby. You will come in contact with people all over the world through the international code. You also can help the civil defense with your mobile gear. If a person has a high ambition to get into an electronic field, amateur radio is a first stepping stone. Radio club meets every Monday night at 7:00 in room 33. You do not have to be an expert in electricity to join the club. By the way girls too can be amateur radio operators; have you ever heard of YL? You can find out in radio club.

Plans for the new school year were laid at the first regular meeting of Phi Sigma Epsilon fraternity held last Thursday night, September 13, in the club room. Returning members were welcomed back, some were "congratulated" for getting married this summer, and a new advisor was welcomed.

Next there was some discussion on finances and homecoming plans, and then committees were formulated. Chairmen for the permanent committees remained the same as last semester, and Ray Pearson was delegated chairman of the Sweetheart Dance committee. The Phi Sigs want to see you at the Sweetheart Dance next week end!

## BERMUDA BLAST TO GO OFF AT STOUT TONIGHT

Bring out your favorite Bermuda shorts and really have a ball at the Bermuda Blast tonight in the Stout gym. Bermudas, knee socks, and your favorite blouse or sweater are the attire for an informal evening of fun and dancing from 8-11:30. Sponsored by the Alpha Sigma Alpha sorority, the dance will feature a celebrated master of ceremonies and a disc jockey. For the fellows who are brave enough to show their knees, the sorority is giving free admission to any guy who comes in Bermudas. General admission will be 25 cents stag and 40 cents a couple. Free refreshments will be served, so remember the Bermuda Blast tonight in the Stout gym at 8:00 with your Bermudas, dancing feet, and set for a good time. (If you don't have Bermuda shorts come anyway in your favorite informal attire).

Any student interested in the Stout Stamp Society is invited to attend a meeting in the Library, room 11 on Tuesday, September 25 at 7:00 p.m. or contact Bill Osier.

The annual "Tacky Drag," sponsored by the Delta Kappa fraternity was held in the Stout Gym on Saturday, September 15, following the Stout-Winona football game.

Music was furnished by the Royal Blackhaws, featuring a grand march in which the students participated. First prize was awarded to Bette Zander and Jeanine Blank for the most "tacky" costumes. June Landon and Susan Rundle received second prize for their outfits.

## NEWS OF OUR ALUMNI

Janice Wurtz Olson, B.S. 1954, is living in Hammond, Wis., and has a son, Gregg Charles, born October 21, 1955.

Maxine Wurtz Feller, B.S. 1948, lives in Hammond, Wis., where her husband teaches. She has two small daughters, Leslie and Terri.

Clifford E. Westphal, B.S. 1953, is teaching general shop, woodworking, drawing, leathercraft, and carpentry. He has a son, two years old, and lives at Box 11, Elcho, Wis. He is president of the local teachers association in Elcho, and attended the WEA meeting of local presidents in Rhineland last April.

Mrs. E. E. Nelson, Jr., B.S. 1950, has three children, two girls and one boy. She and her husband operate a dairy farm at Route 3, New Auburn, Wis.

Employed by Parke Davis and Company in the educational department is Carlton Erickson, M.S. 1948. He was first vice president of the Michigan Training Council during the past year, and attended the American Society of Training Directors annual conference in New York in May. He lives with his wife, Miriam TeBeest, B.S. 1948, and their son, Paul, born December 2, 1953 at 3460 Haverhill, Detroit, Mich.

Luther G. Anderson, B.S. 1943, is supervisor of machine tool die design — designing tools, fixtures, and gauges for manufacturing. His family includes a girl, Frances, five years old, and a boy, Peter, who is two. They live at 19116 Bedford, Birmingham, Mich.

Miss Elvira West, B.S. 1925, is teaching clothing and family economics at Bedford high school. She has

student teachers from Wayne university teaching in clothing. Her summers are spent in Ironwood, Mich., where she hopes to move when she retires. Her address is 16716 Asbury Park, Detroit 35, Mich.

Director of household at Glen Lake sanatorium since 1926 is Lyle Maruska Borak, B.S. 1917. Her duties include the dietary and housekeeping departments. Her married daughter, Janice, is living in London, England, and Mrs. Borak left April 5 for a trip to England and Europe. Her address is Oak Terrace, Minn.

### WILLIS CAPPS BECOMES REGIONAL OFFICER

Recently elected to the position of regional vice-president of Phi Sigma Delta fraternity was Willis Capps, former SSA president who graduated from Stout in 1954. This position was conferred upon Willis at the biennial convocation of the fraternity held at the Twin-O Lakes, Waupaca, last August 12-20.

In addition to being SSA president during his senior year at Stout, Willis also served as president and as secretary-treasurer of his fraternity. He is now employed by the American Appraisal Company in Milwaukee as an appraisal engineer, and is also vice-chairman of the Wisconsin Division of Young Republicans.

In his new position Willis will serve as a personal contact between the Stout, Eau Claire, Stevens Point, and Whitewater chapters of Phi Sigma Epsilon and the national office. He will also preside over the semi-annual statewide convocations of the fraternity.

### RIFLE CLUB MEMBERS TAKE PART IN MEETS

On Sunday, September 16, members of the Rifle Club fired the D.C.M. qualification course "C" at the Eau Claire National Rifle club range. Up to the time the members arrived at the range it had been raining, but within an hour the sky cleared and shooting started at nine sharp. The men to qualify so far this year in this .30 caliber shooting are:

Bill McNaughton, Dave McNaughton, Dean Bitner, and Bill Newman.

Members will travel to the Minnesota State Highpower Rifle championship match at Camp McCoy, Wisconsin, on September 23. This match will determine the State of Minnesota Highpower champion for 1956.

Dr. William T. Hardy, who graduated from Stout in 1891 visited his alma mater recently. At the time of his graduation Stout State College was known as the Stout Manual Training School. Dr. Hardy was amazed at the college's progress and stated that he enjoyed his visit here very much.

### 1891 GRADUATE VISITS COLLEGE CAMPUS

A distinguished graduate of Stout state college, Dr. William T. Hardy, visited the college campus recently. Dr. Hardy graduated from Stout in 1891, after attending the two year course of what was then called the Stout Manual Training School, a department of Menomonie high school.

From 1903 to 1917 he practiced dentistry, having completed his dental training at Milwaukee Medical College, now the Dental School of Marquette university.

During 1909 Dr. Hardy taught at Marquette. After appointment by Governor Davidson to the Wisconsin Board of Dental Examiners, Dr. Hardy served as a member of that group from 1910-1917.

The latter years of Dr. Hardy's career have been those of an industrialist. From the years 1917-1919 he was president of the Modern Steel Casting Co., Milwaukee. He later became president of the Luther Grinder Manufacturing Co. During the early 1930's the firm was known for its connections with the Carburetor Company.

Dr. Hardy now owns the Wisconsin Abrasive Company. At Stout he toured the campus, noting the many changes since his days as a student 65 years ago.

### PANEL FEATURED AT WESLEY FELLOWSHIP

The Wesley Fellowship of the Trinity Methodist church has held three meetings since reorganization on September 9. The first of these three meetings was to welcome all freshmen, transfer, and returning members on church night. The main topic was "What Wesley Is." The following Sunday, Walt Conner of Eau Claire spoke to the fellowship. Sunday, September 16, the program consisted of a movie, "You Don't Stand Alone."

Wesley Fellowship has several group projects for this year. One of them includes helping the church Sunday school out by furnishing substitute teachers for the classes when they are needed. Another is to sponsor a Sunday school on Sunday morning for all college youth. The group meets at the parsonage at 9:00 for coffee or cocoa and rolls and then at 9:30 class commences. Dr. Herbert Anderson is instructor for the first six weeks. To govern the attendance record and food preparation are secretary, Ann Kofoed; and food chairman, Beverly Madsen.

Wesley officers for this term of office are: state representative, Betty Fraley; president, Larry Nelson; vice president, Don Gibbons; secretary, Bobette Mulock; treasurer, Louise Grant; worship chairman, Georgia Christner; food co-chairmen, Corrine Nelson and Marian Kindschy; recreation chairman, Sarah Neas; decoration chairman, Carol Kasper; publicity chairman, Beverly Madsen.

### CLASS OFFICERS TAKE POSITIONS FOR 1956-57

Wednesday, September 12th, election of class officers was held after the assembly for cheerleader elections. Class meetings were held in the following places: Freshmen, lower auditorium; Sophomores, Room 411; Juniors, Stout Gym; Seniors, Auditorium balcony.

As the result of the elections, the following students will be officers of their classes for the coming year.

**Freshmen:**  
President — Don Mullen  
Vice President — Tom Rosenthal  
Secretary — Marilyn Voss  
Treasurer — Alice Schweizer

**Sophomores:**  
President — Ken Dickie  
Vice President — Jim Schnitzler  
Secretary — Rita Casey  
Treasurer — Opal Burton

**Juniors:**  
President — Jim Jonen  
Vice President — Bob Dahlke  
Secretary — Ruth Thomas  
Treasurer — Jo Schevel

**Seniors:**  
President — Ken Wittig  
Vice President — LaVerne Christiansen  
Secretary — Jean Schwertel  
Treasurer — Jiggs Kuboyama

The following students will lead us in cheers at all athletics events: Gerry Porter, Sarah Neas, Betta Zander, Albert Kahalaaku, Jean Goehring, Adaline Bo-he, Pat Rogers, and Shirley Arken.

## STOUT STATE BLUEDEVILS BOW TO WINONA WARRIORS 26 TO 13

### Game Featured Long Runs With Passes Clicking for Extra Yardage, Touchdowns

In spite of a brilliant 95 yard run by Bill Romoser, Winona teachers college of Minnesota defeated Stout's Blue Devils last Saturday by a score of 26 to 13. This, the opening game of the season for both teams, was characterized by sporadic playing with Winona capitalizing on the breaks more often than Stout did. The Blue Devils appeared to be a very willing team, but this willingness, in many cases proved to be disastrous as offside penalties aided the Warriors in all their touchdown marches.

The game started with Lyle Martens kicking to Winona, who marched down to Stout's 28 yard line where the Blue Devils held and took over possession of the ball on downs. At this point, Stout gave an indication of its ability by covering the 73 yards to pay dirt on 10 plays. The big ground gainers for this drive were Elroy Wicklund and Bob Temple. Temple, crashing for the touchdown on a 34 yard run, went through the center of the line for his yardage. Basil Holder's try for the extra point was blocked and Stout led 6 to 0.

This score apparently sparked the Warriors as they took Martens' ensuing kickoff and moved downfield, cov-

ering the final yardage on a pass play. Wicklund blocked the extra point and the score was tied, 6 to 6.

For the rest of the first and all of the second quarter, the teams battled back and forth. Just before the half ended, the Blue Devils put together a drive that started on the Stout 10 yard line, but ended with Winona tightening up and holding on its 10 yard line. Wicklund's 57 yard run to the Warrior 9 was the big ground gaining play.

The third quarter proved to be Stout's downfall. A fired-up Winona team scored twice on a 40 yard pass play and a 6 yard run to put the game out of Stout's reach. Winona completed one extra point.

Winona scored once again midway in the last quarter on a three yard plunge and passed for the extra point to make the score 26 to 6. It was at this point that Bill Romoser electrified the crowd by taking the kickoff on the five yard line, going straight up the center for about 20 yards, then cutting his way to the sideline for the remainder of the distance to the Winona goal line. Dick Cheke kicked the extra point and the score was 26 to 13.

Blue Devils took the spotlight as they intercepted a Warrior pass and started their own passing attack during the fourth quarter. Cheke with two of four complete passes moved the ball from the Stout 37 to the Winona 26. But, his next pass, a hurried one, was intercepted and the Warriors ran out the clock to end the game.

Much credit must be given to Stout's new coach, Joe Gerlach, and his coaching staff, who with only two weeks of practice got the team to play as good a game as it did against a much larger Winona team. Especially noticeable were Bill Romoser, Bob Temple, and Elroy Wicklund, who were the big men in Stout's running attack; Dick Cheke, who, when given a little protection, showed his passing ability by hitting the target consistently; and Dick Tepp, who was in on almost all of the tackles.

Stout ..... 6 0 0 7-13  
Winona ..... 6 0 13 7-26

Setting sail on a 95 yard runback is Willie Romoser, Blue Devil. He, back Willie caught the Winona Warriors kickoff late in the second bay, on the Stout five yard line and ran it all the way down field and with the benefit of good blocking, scored the Blue Devils second touchdown. Dick Cheke kicked the point after.

## BLUEDEVILS AT EAU CLAIRE SATURDAY

Tomorrow night at Eau Claire the Stout Blue Devils meet the Eau Claire Blugolds in their first conference game of the season. Eau Claire will have mostly a veteran team in their starting lineup. The Blue Devils' defeat last Saturday night showed a few weaknesses in defense and this week Coach Gerlach has been concentrating the team's workout on defense and line backing. The ends had quite a heavy workout also with an emphasis on passing.

Coach Gerlach says tomorrow night's game will show more line passes with the ground work virtually the same as against Winona. He will continue to use both teams. The tentative starting lineup will be:

Quarterback, Cheke or O'Leary; left half, Brogan; right half, Romoser or Wicklund; fullback, Temple or Kazman; left end, Eland or Brehm; left tackle, Martens or Gannon; left guard, Nadeau or Zillman; center, Tepp; right guard, Gynna or Stori; right tackle, Kinship or Doane; right end, Holder or Stauffer.

Two weeks ago Winona pushed Eau Claire around in scrimmages. So, if Stout works out its weaknesses it can give Eau Claire a real battle and come out on top.

There appear to be a lot of student cars around the campus, so load up some of those cars, go to Eau Claire, and give the Blue Devils all the support they deserve. Let's go, fans!

## POOL POTPOURRI HELD BY SWIMMERS' GROUP

Tuesday evening, September 18, the Synchronized Swimmers held a "Pool Potpourri" to introduce all interested Stout students to their activities. After a brief meeting, during which the purpose of the club, the membership requirements, and the general rules of the club were mentioned, everyone participated in water activities.

Activities and their chairmen were: diving, Bill Benga; beginners, Jan Jenquin; stunts, Marge Schutte; and swimming, Duane Benga.

Any interested students who were unable to attend are welcome to come to the next meeting. Notice of meetings and activities will be posted on the bulletin board opposite Dean Antrim's office.

## WRA FLANS INITIATION. SPORTS SPREE HELD

The sports spree, sponsored by the W.R.A. September 5, was well attended. A treasure hunt for the freshmen girls involved a variety of interesting experiences. Marilyn Watt, Cynthia Stieg, Marjorie Zibell, and Marilyn Bangs were the lucky winners of this hunt.

The board members held a meeting September 10, to plan various activities for the coming year and to plan the first meeting with the entire organization.

Last Monday, September 17, a meeting was held for all members and freshmen interested in joining W.R.A. At this meeting Carol Greinke, president, explained to the prospective members exactly what W.R.A. is and the activities its members take part in during the year. The first activity sponsored by the club will be a volleyball tournament.

Anyone interested in joining W.R.A. may still do so. Watch the bulletin boards for a notice concerning the initiation for new members.

## FILM LIBRARY SHOWS MANY MILES OF MOTION PICTURE FILM IN NUMEROUS LOCATIONS

Showing 13 miles of motion picture film to an audience of 7,276 persons scattered over 59 locations during a period of 12 months may sound like a large and complicated task.

Well, it could be, but to an efficient organization such as the film library at Stout state college, the job isn't complicated at all.

Organized in 1949 by Dr. David Barnard, director of Stout's audio-visual center, the film library has become a cooperative endeavor between the Stout library and the audio-visual center.

Under the directorship of Miss Phyllis Bentley, the Stout library contributes greatly to the success of the project by housing, cataloging, circulating, and accessioning all films. Miss Lillian Froggatt also did much for the program prior to her retirement as director of the library.

The audio-visual center selects, evaluates, checks the technical quality of prints, purchases, numbers, labels, inspects and repairs the films. In addition to these duties, the audio-visual center also provides an annual film catalog which is made available to the faculty and student teachers.

Still one of the few actual college film libraries in Wisconsin, Stout's film center began with an original collection of only 5 educational film titles. However, by 1956 the film library had increased to 35 and the film library really became an active and significant factor in Stout's classroom instruction.

However, no audio-visual specialist or faculty member at Stout state college has any idea of trying to eliminate the instructor and depend upon educational motion pictures alone. Instead, films and personal instruction are being blended, utilizing the greatest capabilities of each.

"Educational films are not to be regarded as a substitute for the instructor, but rather as an integrated part of the instruction," warns Dr. Barnard with conviction.

In contradiction to the theory that films are too expensive for any educational institution to purchase, the film committee of Stout state college has discovered that buying films actually is less expensive than continual payment of rental and transportation charges on films brought to the campus.

Many rental films are, of course, still used at Stout. Such films are employed when rentals for eight weeks or the usual period in which educational

films become obsolete—total less than the purchase price.

Through a gradual process of selecting films that teachers felt would contribute to their lectures and demonstrations, Stout's film library has increased its collection to 111 film titles. Each of these films was purchased as a result of an instructor's request, but each also meets specific educational objectives set up by the film library committee.

The goal of the whole endeavor is to provide Stout faculty members and student teachers with numerous advantages which an educational film library can offer. Having films available when desired and having the opportunity to pre-view those films before actual showing are just two of the benefits not present when rental films are used.

Success of the venture at Stout state college is evidenced by an increase in the utilization of its films. Compared to the 47 film titles that were shown during 1950, 323 were projected during the 1955 college year.

"Since the film library was established," says Dr. Barnard, "film utilization has increased not only in the total number of films shown, but also in the number of different persons using these films."

Therefore, just because Stout state college faculty members and student teachers can choose from 13 miles of educational films to show to over 7,000 persons in one year's time doesn't mean that arranging to schedule and project those films is complicated. Stout's well-organized, smoothly-operating film library sees to that.

## RUSH PARTIES BEGIN SATURDAY AND SUNDAY

Sororities on campus are planning individual rushing parties for eligible sophomores and transfer women students. The first of these parties will be held this weekend on Saturday and Sunday.

Alpha Sigma Alpha sorority has chosen "Stranger in Paradise" as the party theme. Decorations, games, and a luncheon will correspond to the theme. The party will begin at 2:00 p.m., Saturday, in Harvey Memorial Lounge.

Also on the agenda for this weekend is the Sigma Sigma Sigma party scheduled for Sunday at 2:00 p.m. in the Stout gym. The party will be based on a prison theme; entertainment and refreshments will be features of the gathering.

On Saturday, October 6, the Hyperion sorority will entertain at a party in Harvey Memorial Lounge. The clever circus theme will include side shows, clowns, games and refreshments.

The last of the parties will be given by Pallas Athene Sorority on Sunday, October 7, 2:00 p.m., in Harvey Memorial Lounge. Guests will be conducted into an "Alice in PA Land" atmosphere, and entertainment and refreshments will carry out the theme.

Following the last rushing party, a silence period will be held during which time eligible women students will choose the sorority of their choice.

## CAMPUS IS SCENE OF COMMITTEE MEETINGS

Representatives from the 10 Wisconsin State Colleges attended the recent state-wide committee meeting of the Association of Wisconsin State College Faculties, meeting on the campus of Stout State College here last Saturday.

In attendance were from two to five representatives from each member college. Following registration and tours of the campus, the participants divided into groups to attend deliberations of the four standing AWSCF committees.

The committees and their chairmen include Legislative and Public Relations, James McLaughlin, River Falls; Salary and Leaves, David Barnard, Stout; Academic Freedom and Tenure, Henry DeWind, Whitewater; and Improvement of Teacher Education, Arthur McGraw, Whitewater.

Representatives then attended a general conference for the summarization of committee reports.

The conference also included two social get-togethers. At noon, college representatives and nine guests met at an informal luncheon. The evening banquet was attended by candidates for public office in this area and their wives.

Purposes of the Association of Wisconsin State College Faculties are to further general educational welfare in the nation and state, give special attention to the improvement of teacher education in Wisconsin, and foster the morale of Wisconsin State College personnel.

At Stout state college was the host for the event, the following Stout faculty members were responsible for arrangements: Dr. Guy Swisher, general chairman; Dr. Dwight Agnew, Miss Ella Jane Meiller and Dr. Otto W. Nitz.

ictured above is the efficiency trophy which the Phi Sigma Epsilon fraternity won recently. It is a yearly award of that national organization.

## EVENTS OF THE WEEK

- September 29
  - 2:40 Alpha Sigma Alpha Rushing Party
  - 7:30 River Falls (here)
  - Sweetheart Dance after game.
- September 30
  - Sigma Sigma Sigma Rushing Party

## FORTY STOUT STUDENTS ON DEAN'S LIST

Announcement has been made by administrative officials of Stout state college of students whose scholastic achievements have placed them on the scholastic honor roll of the college.

According to Dr. Alice J. Kirk, dean of home economics, the senior women are Dorothy Dieter, Brewster, Minn.; Betty Fraley, Barron; Jane Olin, Osoe; Aileen Shinabarger, Long Prairie, Minn.; Ellen Steinhoff, Wilton; and Lynda Pracht, Menomonie.

Junior coeds are Pat Drummond, Racine; Muriel Erickson, Battle Lake, Minn.; Helen Froehlich, Cumberland; Barbara Hartig, West Allis; Ann Janda, Abbotsford; Pat Kersten, Stillwater, Minn.; Joan Manes, Fairmont, Minn.; Joanne Raven, Bloomer; Pat Sullivan, Janesville; and Thomas, Kenosha; and Mary Brackett, Menominee.

Sophomore honor women are: Opal Burton, Knapp; Sylvia Felland, Stoughton; Arlet Goldsmith, Ladysmith; Louise Grant, Almond; Lillian Holst, Pine Island, Minn.; Mary Park, et al.; William J. Schoder, Menomonie; Pat Soldner, Reeseville; Ruth Stratman, Wilton; Dorothy Walter, R. 5, Menomonie; Barbara Williams, Kewaunee, Ill.; and Alice Weltzin, Menomonie.

The Misses Burton, Dieter, Felland, Goldsmith, Grant, Hartig, Manes, Park, Pracht, Raven, Soldner, Thomas, and Weltzin have been on the honor roll at least two consecutive semesters.

According to Dr. John A. Jarvis, dean of industrial education, the following senior men have attained honors recognition: Vernon Christensen, Hudson; Joseph Koch, Prairie du Sac; Jerold Schoenke, Clintonville; Anton Kotzky, Kewaunee, Ill.; James Rowman, Plainfield; and Tom Tsuji, Hilo, Hawaii.

Junior men are Willard Bengs, Three Lakes; Curtis Phillips, Pucos, Col.; and Duane Wisklund, Abraham, Minn. Sophomores who received honors include: Dennis Darling, Underhill; Kenneth Dickie, Vanceover, B. C.; Don Hoffman, Oshkosh; John Kasten, Neeshy;

William Martin, Stoughton; Elroy Wicklund, Washburn; Tom Wright, Klamath Falls, Oregon; Roger Ziemer, Amery; and Tom Munro and Tom Pangel, Menomonie.

Men attaining high scholastic rank were members of last year's graduating class. Ed Clary, Beloit; Glen Matl, Schullsburg; Orville Nelson, Stanchfield, Minn.; Merlin Schendel, Blue Earth, Minn.; and F. Martin Braaten, John Johnson, Gordon Maves and Dave Young, all of Menomonie.

Bengs, Koch, Kotzky, Munro and Elroy Wisklund have been on the honor roll for at least two consecutive semesters.

## NOTICE

Beginning Monday, October 1, overnight Reserves will be due at 8:30 a.m. instead of the previous 9 a.m. Students are reminded that the library is open beginning at 7:15 a.m. for the return of books.

## SWEETHEART DANCE IS AFTER GAME SATURDAY

Everyone is invited to attend the Sweetheart dance this Saturday night in the high school gym. George Soderberg and his Royal Blackhawks will provide the music for the dance which will immediately follow the River Falls football game and will continue until 12:00.

The Sigma Sigma Sigma sorority and Phi Sigma Epsilon fraternity are jointly sponsoring this sweetheart dance and they guarantee an enjoyable evening for everyone whether you come single or hitched. Admission will be 40c - single and 75c - hitched.

The stretch of highway above is now a bit narrow for a modern highway. However, when it was built by Senator Stout in 1899 it was a model road.

## SENATOR STOUT PLANNED HIGHWAY COMBINING BETTER ROADS WITH BEAUTIFUL SCENERY

Now a bit narrow for a modern highway but the model of its day is this stretch of road at the east entrance of Menomonie. Built by Senator James H. Stout nearly 60 years ago, the elm-lined roadway was designed to prove to the nation good highways were possible, even in the 1890's, and to protect drivers of horse and buggy against sun and inclement weather.

Tourists entering the east side of this city on Highway 12 usually take immediate notice of two rows of stately elm trees forming a graceful arch over the highway.

The towering elms didn't just happen. They are a testimonial to the early attempt of a Wisconsin civic leader to combine good roads with beautiful scenery—especially if that scenery could be made useful.

At his own expense he decided to have built about a half mile of good road twelve feet wide, an almost unbelievably broad highway for that day. This road was "to extend from First Street (now 13th Street) to the city limits on the Eau Claire Road (Highway 12)."

## CAMPAIGNING REGULATIONS ARE ANNOUNCED

To all candidates and groups sponsoring candidates for Homecoming Queen.

Following are suggestions and regulations for election campaigning. Your cooperation in carrying out these regulations will be appreciated.

1. Campaigning of all sorts may begin at any time after 12:00 P.M., Saturday September 29.

2. The size of the signs and posters may be no larger than 22" by 28". If posters are placed on the bulletin boards, they must be regulation size, 11" by 14".

3. Signs may not be taped to the walls or woodwork in any of the buildings on the campus.

4. Staples, nails, glue, tacks, or any other fasteners which mar the walls or woodwork may not be used.

5. Campaign signs may not be placed on the glass of any of the buildings on the campus.

6. The posters may be placed on the floors in the buildings. Tripods stands, and your own constructed frames are to be used to hold up the posters.

7. Posters may be outside if not too messy.

8. Remember, neatness everywhere.

9. All campaign signs must be removed by 5:30 P.M., Thursday, October 4. It is the responsibility of the candidate to see that her signs are removed.

10. All candidates will appear in the student assembly on Wednesday, October 3. Campaigning will not be permitted from the stage but signs, methods such as hand bills, signs, cheers, bands, etc. are encouraged to help create interest.

He who plants trees loves others besides himself.

## BILLIE, BETTY, AND PAT ARE CANDIDATES

Billie Jo Braker, Betty Havlik, and Pat Seibert have been selected as homecoming queen candidates for the year's homecoming.

Billie, an active girl, is a Menomonie gal familiar to many. Her spare time is claimed by the Home Economics Club, Symphonic Singers, College Choir, and Alpha Sigma Alpha Sorority. Billie Jo has worked on various committees for these organizations. Last year Billie was the sophomore class treasurer.

Queen of Vernon County in 1955 was only one of Betty Havlik's activities. This junior from Hillsboro, Wisconsin, is a member of the Symphonic Singers, Phi Upsilon Omicron, Stoutonia, Home Economics Club, Newman Club, M.A.P., and Pallas Athene Sorority. She is at the present Stoutonia Aunni Editor, Newman Club Vice President, and Pallas Athene alumni editor. During 1953-1954, Betty was the State president for the Future Homemakers of America.

Pat Seibert is a senior from South Milwaukee, Wisconsin. Activities that she has participated in include the Home Economics Club, W.R.A., Dietetic Club, and Sigma Sigma Sigma sorority. Pat is the Dietetic Club president and corresponding secretary of Sigma Sigma Sigma.

## GIRLS BEGIN WORKING IN HOME MANAGEMENT

A required senior course is Home Management in which a group of eight girls live for four weeks at the Home Management house. The occupants there now are Carol Kasper, Nancy Paremski, Ann Richardson, Dorothy Disrud, Myrna Goodell Schumann, Jean Crichton, Edith Shaw, and Mary Jane Dunkelberger. They will occupy the house until October 4.

While these girls are there they perform several duties. These duties consist of: Hostess, Cook, Asst. Cook, Waitress, Laundry, two house keepers, and a guest. Miss Trullinger is the director of the house.

## FROM THE EDITOR'S DESK

When was the last time *you* were up in the Stout union? Was it a clean place or did it look like the remains of "Hurricane Hazel"? What did you do when you were in that union? Did you throw things on the floor, leave any junk behind, or in general just practice "litterbugging"?

The answers to these questions, of course, lie in the minds of each individual on campus. Everyone can claim that he or she is not guilty of leaving trash behind in the student union or the opposite can be thought, which is very unlikely. What can be done about the looks and appearance up there?

Oh, we can hire extra help to clean up every fifteen minutes after our Stout litter bugs or we can clean it up ourselves! Absurd? Hardly. The pride we take in our campus as students and prospective teachers is easily reflected in our methods of conduct. A dirty student union is a very poor reflection upon the attitudes, morale, and spirit that our college is noted for.

It will be up to the students and their pride as well as good taste to do something about the litter bug contest that seems to be going on up in the student union. After this, put those pop bottles away, throw those cigarette and ice cream wrappers in the garbage cans, crush your cigarette in the ash trays and not on the floor, and above all, don't leave a mess for someone else to clean up. You'll never find a place on campus more enjoyable and as easy on that pocket book as our very own Stout student union.

## ORGANIZATION NEWS

The L. S. A. group has met three times. The opening meeting was church night, with recreation, introduction of officers, and welcomes by the three churches sponsoring L. S. A.

The first Sunday evening fellowship was at Our Savior's Church. The discussion topic "Why Are We Here", was led by intern William Simpson, followed by a nice supper served by the food committee.

For the September 16 meeting a picnic was held at Riverside Park. Softball and volley ball were enjoyed by all, even though they had the misfortune of losing the volley ball in the river. To round off the meeting a picnic lunch topped by a chocolate sunday was enjoyed by all.

Charcoal broiled minute steaks and baked beans were included in the menu Saturday for the annual Dietetic club steak fry. The picnic, held at noon at Riverside park, was attended by 14 members of the club and Miss Ella Jane Meiller, one of the advisors. Miss Mary Killian, the other advisor, was unable to attend. The girls talked about their summer jobs, and discussed tentative plans for the year.

Thursday, September 20, was the date for the second meeting of the Hyperian Sorority. The meeting was called to order; roll call answered, and the minutes of the last meeting read. The group discussed plans for the Homecoming Breakfast which is to be held in the Grace Episcopal Church. Plans were also made concerning the float for Homecoming. The sorority unanimously decided to back Pat Seibert from the Tri Sigma Sorority for Homecoming Queen.

Plans were made for the Bermuda Blast, rushing party, and homecoming at last Thursday night's meeting of Alpha Sigma Alpha. After the meeting the sorority members serenaded at the dormitories.

The first big event of the school year for the Alpha Sigma Alphas was the Bermuda Blast, an informal dance held in the Stout gym, Friday, September 21. It was good to see so many of the Stout men wearing those gifts of comfort—Bermuda shorts.

This week plans are being completed for the sorority's rushing party to be held Saturday, September 29.

Wesley Fellowship met September 23 at 5:00 for recreation and supper. After the business meeting, Larry Nelson, president, presented Mr. George Soderberg who gave a very inspiring talk on "How You Can Become a Better Church Person."

The next meeting of the group will begin at 4:30, September 30, at which time the group will leave the church to go on a hay-ride. Wesley members

may each bring a guest.

The Wesley Sunday School class met at the Parsonage for breakfast and general discussion.

A large attendance at Alpha Phi Omega's open meeting, which was held on September 25, at 6:30 p.m. on the 3rd floor of the union, promises a vast increase in the organization and its capacity for service.

Conducting the meeting was Norm Valiska, vice president of Eta Kappa Chapter, who gave a brief description of Alpha Phi Omega. He then introduced the principal speakers of the evening in the following order: Merle M. Price, Dean of Men and chairman of the chapter's advisory committee; Dr. Guy Salyer, chapter faculty advisor; and Phil Johnson, chapter scouting advisor.

Colored slides taken by Norm Valiska of the trip to California for the National Convention were shown. The slides included shots of the Grand Canyon, Disneyland, and other spots of national interest.

The Sig Taus exercised their voices for the first time this year with a serenade in honor of Mary Vogtsberger who was recently pinned by John Poschwitz.

The residence of Bob Anderson and Ralph Stevens was turned into a mass production plant for making candy-apples the Saturday of the Winona game. Hard working Paul Paulson, Gary Penn, Joe Jajtner, Bill Erpenbach, Jerry Porter, and Jiggs Kuboyama furnished the man power for the assembly line and they did a wonderful job.

Last Sunday, the Premos gave Herb Riebe and Jerry Porter a "real cool" reception when they took them water skiing on Lake Tainter.

The Sig Taus received a letter from a brother, Robert Brunswick, who is now working for Uncle Sam in Korea.

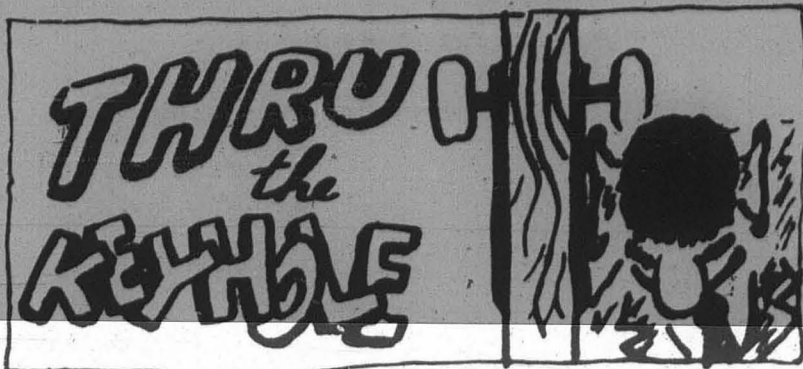

A Flash Bulletin! Bill Anderson has progressed in life so rapidly that he can no longer walk. The latest news is that he is now on the wagon.

Chuck Bruemmer has just patented a new method of taking a bath. If you are in doubt as to how the method works just ask Jerry Porter.

The meeting was called to order by Vice-President Roy Van Dreser. President Holder was late, so Sgt. of Arms Jeatron welcomed him with a swat. The first item on the agenda was to decide on a suitable orchestra for F.O.B. Duffie's Tavern October 27.

Much to our sorrow the delighted Royal Blackhaws were scheduled to perform at Eau Claire that evening. The other orchestras in question were the George King Quartet, The Biggest Little Band, and the Bobby Art Quartet. The members decided to correspond with these three orchestras to find out which one will come. Regardless of which one is finally chosen, you can be assured they will provide good music. The most exciting decision of the evening was that of backing Pat Seibert of Milwaukee, Wisconsin for the 1956 Homecoming Queen.

NEHI BEVERAGES  
NEHI BOTTLING CO.  
John L. Greeley  
Phone 248-W

Looking around this week I really overheard and looked in on loads of interesting items. I discovered that 38 girls in the senior class are engaged or married! That leaves only 35 eligible young ladies in the running for the 94 days left this leap year.

Some of the girls started hunting early, and the trapping was done this summer. Among the newly married couples on campus are: Janet and Bill Boehmeyer, Kathy and Bob Thomas, Polly and Bernard Culver, Vi and Bill Daehling, Noel and Vern Dahl, Barbara and Hans Hatopp, Gwen and Duane Marhsall, and Julie and Jerry Schoenike.

Tomorrow Fritz Ebert is changing his bachelor ways also. The girl that cooks the way granny used to is Cynthia Sutter.

Not to be forgotten are the Stout hearted fellows who leave their wives at home each morning—Steve Butz, Jim Daines, Doug Dörner, and Jerry Schemansky. Also Eugene Johnson and Elinor (Brunn) Johnson, and Dale Wahl and Sarah (Nash) Wahl are to be added to the growing list of young marrieds.

Rumor has it that Marilyn Andre (treasurer of last year's Frosh class) finally got Ken Dickie to pop the question. Another coed of last year, Carol Lehman, Wisconsin Honey Queen, is now engaged to LaVern Bender.

If we have left anyone out, please let us know.

## DORM NEWS

Officers have been elected at all of the dorms with the exception of Tainter Hall.

At the sophomore girls dorm, Eichberger Hall, Jayne Thompson was elected president; Bette Zander, vice-president; Annabelle Ballard, secretary; Diane Jansen, treasurer; and Mary Ann Parkel, S.S.A. representative.

At Tainter Annex where both freshmen and sophomore girls board the following officers were elected: Barbara Olson, president; Mary Hitesman, vice-president; Donna Witkeopf, secretary; Mary Tiekler, treasurer; and Judith Hunt, S.S.A. representative.

On September 17th the men at Lynwood Hall elected their officers. Jerry Koskinen was elected president; Bruce Olander, vice-president; Ron Bergman, secretary; John Sherry, treasurer; and Don Stoddard, S.S.A. representative.

Plans for an alumni homecoming dinner and plans for the annual rushing party were discussed at the Pallas Athene business meeting last Thursday night in the library. It was decided to again have a dinner on the Saturday of homecoming in order to facilitate the greatest number of alumnae.

"Do you think that you can support my daughter in the manner to which she is accustomed?"

"No, sir. But I'll accustom her to the manner in which I can support her."

Four Indiana boys were picked up by police for matching pennies in an alley. It never pays to play with matches.

Three teen-age boys stole two autos and told police they did it just for a laugh. How would you like to laugh for 30 days?

There are three freshman girls that help to put the football programs together that should be thanked. They wanted some publicity, but all we can remember is the telephone number—1625!!

I guess the pool room is no longer a man's domain. The fairer sex, out to learn all about the game, is taking over. A man can't even call a cue stick his own anymore.

If any kind hearted soul would volunteer to be the Union manager for about 20 minutes each day at noon, I'm sure Jim Jonen would appreciate it. Between people eating, hiding, and stealing his food, the poor guy is just wasting away.

The freshmen are complaining again—not enough spirit at the football games. I guess they don't realize what comes in all those thermos bottles.

There are a number of new students from countries around the globe. Representing Costa Rica are Armando Alfaro and Armando Ocampo. Ibrahim Saoud and Afif Hajir are from Jordan; and Mahdi Hujazi and Fadil Eleshriki represent Iraq. Latin American countries number three students with Abdon Alvarez and Bravlio Santaeruz from Paraguay and Emilio Ginouves from Chile. The only woman student in the group at present is Anna Gurasamy from Malaya. However, a woman student from Egypt is expected soon.

As you have noticed by now, this is a new column with a new author. Any information leading to the whereabouts of some haunting news will be greatly appreciated. Just address it to the "Ghost Writer" in care of the Stoutonia mailbox.

Police arrested an Ohio man after he gave his wife a beautiful shiner. She was her own eye witness.

# NEWS OF OUR ALUMNI

Vivian E. Barnhart, B.S. 1954, is teaching home economics and handicraft to the blind and visually handicapped girls at the state school for the visually handicapped in Janesville, Wisconsin.

Paye Sivula, B.S. 1943, was married on June 8, 1956, to Mr. Joe Krzmarich in Ironwood, Michigan. Paye has been teaching home economics in the Ironwood high school.

Fabian Schrank, 1931 graduate, is now living in Green Bay, Wisconsin. He has two daughters, Patricia Ann and Barbara Jean. Mr. Schrank teaches shop courses at Franklin Jr. high school. He has also made an extensive trip studying the methods of mining iron and copper from Michigan, Wisconsin, and Minnesota.

Miss Gertrude O'Brien, the former registrar of Stout, who is now registrar of St. Norberta College fell and broke her hip a few weeks ago, and is now in St. Vincent Hospital in Green Bay.

William E. Bandlow, B.S. 1942, received his master of arts in education degree from the Western Reserve University in Cleveland, Ohio, on June 13, 1956.

## MILWAUKEE ALUMNI TO HOLD GET-TOGETHER

Our first fall get-together of all Milwaukee area alumni and their families will be a true family pot-luck supper to be held at Wilson Park Pavilion, South 16th and Howard Avenues on Tuesday, October 9, 1956 from 6:00 — 11:00 p.m. The supper will be served at 6:30 p.m. and a short business meeting and entertainment will follow the meal.

Bring your family with you and also plan to bring some dish of food that will serve 4 — 6 people — as a salad or casserole or rolls, butter, dessert, etc. It is not necessary to contact anyone ahead of time, just pack up your family and food for four, and come. Coffee and milk will be provided along with serving utensils.

We are especially anxious to meet the new Milwaukee area Stout alumni at this pot-luck supper. If you would like to join our Milwaukee alumni group, please contact:

Next to the Home Economics Building

Ruth Balzer, B.S. 1933, recently received her master's degree in home economics education from the University of Arizona, Tucson.

Robert W. Innis, M.S. 1948, was among those who received the doctor of education degree at the Michigan State University graduation ceremonies on June 10, 1956.

Homer C. Ross, B.S. 1931, has been named from the training division, bureau of naval personnel, Washington, D.C. to accept the position of chief administrative division, civil aeronautics administration, Washington, D.C.

## STOUT ALUMNUS NAMED MATERIALS MANAGER

Alvin H. Mattson, who has recently been named materials manager at the University of Wisconsin, has been named as the new position, Mattson will be responsible for purchasing, receiving, and controlling inventories of raw materials, scheduling and expediting plant production and shipping customers' orders to the Edgemoor plant.

Mr. Mattson joined the General Electric Company in 1951 and was transferred from Detroit to Edgemoor in 1953, as supervisor of training. In 1954 he was transferred to Manufacturing Engineering as a cost reduction specialist, which position he held until July 1.

Born in Chisholm, Minnesota, Mr. Mattson graduated from Chisholm high school and then earned his bachelor's degree and later his master's at Stout. He served three years in the United States Navy during World War II aboard minesweepers in the Pacific and in sea frontier operations. After that service, he taught high school for four years in Minnesota and Hawaii.

Mr. Mattson, his wife Ruth, and their children, Louise, 4½, and Eric, 2, live at 728 First street south, Edgemoor.

A good time was had by all who attended the party at the girls dorm, September 22, from 8:30 to 12:00. Lynwood Hall fellows were the special guests invited for the occasion.

Pop corn and apples were the refreshments. Records and a brand new TV set purchased for the occasion provided the entertainment.

## BLUEDEVILS WILL PLAY RIVER FALLS FALCONS

Tomorrow night the Stout State College Bluedevils will be after their first conference win against the strong Falcons of River Falls State Teachers college. The Bluedevils have dropped two tough contests in a row and are seeking their first win of the season.

River Falls rolled over the preseason favorites from La Crosse last Saturday by 36 to 9. It was a vital win for the Falcons as it threw them into the enviable position of a conference favorite. Stout will stand an excellent chance of upsetting River Falls' bid for a championship.

"We're certainly not giving them the game before it's played, and we'll do our best to beat them," said Coach Gerlach earlier this week. "Look at Notre Dame last weekend. They were picked as a top contender for national honors this year, but were trounced by a weak SMU team. Notre Dame was picked to win that one by 14 points," he added.

Stout was nipped by Eau Claire last week in a close game, 18 to 12. The Bluedevils came out on the short end of a 26 to 13 score against Winona the previous week, and are out to avenge these losses against River Falls.

Last year River Falls beat Stout 26 to 13 in a game played on the Falcon's home field. This year the contest will be on the Bluedevils' home grounds and things will be a little more familiar. All in all, the game sums up to be a good, close battle right down to the final gun with Stout getting the nod in a close decision on the basis of their game to game improvement.

### The tentative starting line-up:

LT—Eland  
LE—Doane  
LG—Zillman  
C—Tapp  
RG—Oyama  
RT—Kindachy  
RE—Unertl  
QB—Cheke or O'Leary  
LB—Romoser  
RH—Christensen or Holder  
FB—Temple

This will be an excellent game for all Bluedevil backers to see, so let's turn out tomorrow night and see how many people can be packed into Nelson field. Remember—all Stout students are invited to view the practice sessions during the week.

## WISCONSIN DRIVERS UNDER POINT SYSTEM

Vincent Violation, accompanied by Theodor Thougless, failed to signal and made a right turn; Clem Careless, following too closely behind, lights undimmed, made a futile attempt at avoiding an accident as he slammed his foot on the unsteady brakes of his jalopy. As Clem stepped out of his vehicle to survey the minor damage, he was struck by a car driven by Ralph Reckless, who sped ahead without stopping.

Commissioner Joe E. Revocation, of the Wisconsin Motor Vehicle Department, now operating under the point system, recalled the license of Ralph, who had accumulated his quota of 12 points for a hit and run accident; Clem was equally penalized, as the total of his violations equalled 12 points. Vincent had collected three points for a failure to signal and three more for one-arm driving.

As of August 1, 1956, the Wisconsin Motor Vehicle Department is operating under the "point system," whereby a set number of points is tallied for each offense. The number of points given is governed by the seriousness of the offense and ranges from one point for driving the wrong way on a one-way street to twelve points for manslaughter, drunken driving, felony hit and run involving personal injury, perjury, unlawful use of driver's license, and violating occupational license rules. The motorist involved in reckless driving, racing on a public highway, hit and run property, speeding 20 mph over limit, and speeding in a school zone will notoriety merit six points; for illegal passing, driving too fast for conditions, driving without an operator's license, four points; arterial or traffic control violation, wrong side of road driving, failure to signal, dim lights, or yield right of way—following too closely—improper lights or brake, illegal turning—one-arm driving—and speeding up to 20 mph—three points; for illegal driving over a sidewalk, failure to report accidents, parking on highway in traffic lane, and all other moving violations, two points.

To escape the assignment of demerit points, the potential Clemas, Ralphs, and Vincents must, as before, drive safely and obey traffic laws.

## STOUT STATE LOSES 18-12 TO EAU CLAIRE

Last Saturday a very aggressive Stout football team was barely edged out by an Eau Claire team that scored by capitalizing on Stout's miscues. This game was very similar to the previous week's game against Winona in that it was also the second half in which the game was lost and again the opposition was aided by Blue Devil overagerness and the resultant off-side penalties.

The game started by Stout kicking off to Eau Claire. On the first play from scrimmage, the hard charging Blue Devil line caused Eau Claire to fumble and Stout recovered on the 51 yard line. Three running plays brought the ball to the 11 yard line. Here Joe O'Leary threw a touchdown pass to Basil Holder in the end zone and Stout led 6-0. Ron Hoefner kicked the extra point, but a Stout penalty forced him to kick again and this one was wide.

The rest of the first half Stout kept the Bluegolds pretty much on the defensive, but the Blue Devils offense was unable to get moving and the half ended with Stout holding its slim 6 point lead.

As previously stated, it was the second half that the game was lost, but it must also be mentioned that it was only a few plays that cost us the game. Stout was holding its own very well until Eau Claire suddenly scored on a 37 yard run. Eau Claire's next TD was the result of Blue Devil penalties climaxed by a 10 yard run. Their final score was set up by a long pass play. The Bluegolds were unable to make any extra points as the Stout line charged too fast and too hard.

Stout's final touchdown came as the result of a drive that covered 63 yards in 7 plays. The big plays were passes. One, Dick Cheke to Elroy covered 27 yards and another, Cheke to Bill Romoser gained 33 yards to the 1 yard line. This pass appeared to be intercepted by Bill taking the ball out of the interceptor's hands. The final yard was covered on another pass to Basil Holder. Hoefner again kicked an extra point that was nullified by a penalty and his second attempt hit the goal post.

The next play when Cheke kicked off Stout's last chance to cheer came on with the longest kickoff seen this year. The ball traveled deep into the end zone for a touchdown. Eau Claire then just ran out the clock to end the game.

It would be very hard to try to pick out any outstanding players for this game. It was strictly teamwork, especially on defense. The team was very much improved over the previous week.

It was very gratifying to see that so many Blue Devil fans made the trip to Eau Claire. Let's all go out to Nelson Field tomorrow night to back the Blue Devils when they play River Falls. See you there!

Stout 6 0 0 6 — 12  
Eau Claire 0 0 12 6 — 18

"Partly cloudy skies and declining temperatures are due this weekend," announced the weatherbird this morning.

"Saturday will be mostly cloudy and cool, with a good chance of frost during the night. Sunday should be a clear crisp fall day if that high pressure system gets here on time."

"All these clouds coming through are to be dry ones," he added, "which makes for little or no chance of rain for the next few days."

And that's the scoop straight from the bird's beak. Have a good weekend.

## PLANS ARE BEGUN FOR JANUARY WATER SHOW

A business meeting of Synchronized Swimmers was held Tuesday evening to organize committees and pay dues. The Water Show, which will be held January 28th and 29th was discussed. Selection of a theme and records to be used is the main problem at the moment.

After the business was taken care of, the group adjourned to the pool to practice strokes and stunts which will be worked into the show.

**DORM NEWS**

Residents of Lynwood Hall were hosts Sunday to the College and its friends at open house held at the dormitory from 2:30 to 4:30. Guided tours served to acquaint guests with the facilities of the residence. An interesting side-light for all of the visitors was the "Holy Land Exhibit" set up in the room of Afif Hajrr, a student at Stout from Bethlehem, Israel. Mr. Hajrr accompanied his display by explanations and a brief background to the articles found in his room.

The men served a tea in the basement of Lynwood as guests completed the tour.

**NEWMAN CLUB HOLDS BREAKFAST MEETING**

A breakfast meeting was held for all Newman Club members after the 9:30 Mass on Sunday. At this breakfast the club held a short business meeting and the faculty advisors, Mrs. Alyce Vanek and Dr. Thomas Fleming gave an outline of their views of the year's activities. Rita Pauls, the North Central Providence Miss Newmanite, showed pictures of the National Newman Club Convention held at the Conrad Hilton Hotel in Chicago. Father O'Lenny gave an interesting talk on Ireland's culture and speech. The general meeting of the club is held every Tuesday evening at 7:15 in St. Joseph's school auditorium.

On a windy street corner, a shapely Miss held tightly to her hat with both hands while her skirt billowed higher and higher about her legs. In response to the amused glances of two masculine passers-by, she explained with refreshing candor: "What you are looking at is 23 years old, gentlemen; what I'm hanging on to is brand new."

Those dresses that can be worn forward or backward are mighty handy especially when a girl doesn't know where she's going anyway.

When a girl stops going out with more than one man it might come under the head of solitary confinement.

and Scholarship Money for Your College in*

# Reader's Digest

## \$41,000 CONTEST

Open to All College Students (*Faculty, too!*)

Nothing to buy...nothing to write

*...and you may find you know more about  
people than you think!*

**How well do you know human nature?** Can you tell what subjects interest people most? Here is a chance to test your judgment—show how good an editor you are—and you may win \$5,000 for yourself, plus \$5,000 in scholarship funds for your college.

It's fun to try. Maybe you can top other students in colleges across the country... and you can match wits with the editors of Reader's Digest.

Why do far more college graduates read Reader's Digest than any other magazine? What is it that makes the Digest the most widely read magazine in the world—with 11 million copies bought each month in the United States, plus 9 million abroad? Why is it read each month by at least 60 million people, in 12 languages—Arabic, Danish, English, Finnish, French, German, Italian, Japanese, Norwegian, Portuguese, Spanish and Swedish?

Can you spot in a typical issue of Reader's Digest the universal human values that link scholars, statesmen, scientists, writers, businessmen, housewives? Can you pick out the articles that will be most popular with the average Digest reader?

**You may find... you know more about people than you think!**

Here's all you do. Study the descriptions (at right) of the articles in the October Reader's Digest—or, better still, read the complete articles in the issue itself. (But you are not required to buy The Reader's Digest to enter the contest.) Then simply list the six articles—in order of preference—that you think readers of the magazine will like best. This will be compared with a nationwide survey conducted among a cross section of Digest subscribers.

Follow the directions given below. Fill in the entry blank, paste it on a post card, and get it into the mail before the deadline. Additional blanks are obtainable at your college bookstore.

All entries must be postmarked not later than midnight, October 25, 1956. Don't delay. In case of ties, the entry with the earliest postmark will win.

**Just pick in order the six articles  
you think most readers of October  
Reader's Digest will like the best.**

**READER'S DIGEST CONTEST, Box 4, Great Neck, L. I., New York**

In the space opposite the word "FIRST" write the number of the article you think will be the most popular of all. Opposite the word "SECOND" write the number of the article you think will rank second in popularity. List in this way the numbers of the six top articles in the order of their popularity. (Note: Use only the numbers of articles you choose. Do not write the title of any article.) Clip and paste this coupon on a Government post card.

Name \_\_\_\_\_ Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_

Name of college \_\_\_\_\_

**YOU CAN WIN:**

**\$5000 cash 1<sup>st</sup> prize**  
plus \$5000 for the scholarship fund of your college or...

**\$1000 cash 2<sup>nd</sup> prize**  
plus \$1000 for the scholarship fund of your college or...

**Any of TEN \$500 cash prizes**  
plus \$500 for the scholarship fund of your college or...

**Any of 100 \$10 prizes**  
in book credit from your local college bookstore

And if your entry is the best from your college you will receive an extra award—an additional \$10 in book credit at your college bookstore.

**FOLLOW THESE EASY RULES**

1. Read the descriptions in this advertisement of the articles that appear in October Reader's Digest. Or better, read the complete articles. Then select the 6 that you think most readers will like best.
2. On the entry blank at left, write the number of each article you select. List them in what you think will be the order of popularity, from first to sixth place. Your selections will be judged by comparison with a national survey which ranks in order of popularity the 6 articles that readers like best. Fill in and mail the coupon. All entries must be postmarked not later than midnight, October 25, 1956.
3. This contest is open only to college students and faculty members in the U. S., excluding employees of The Reader's Digest, its advertising agencies, and their families. It is subject to all federal, state and local laws and regulations.
4. Only one entry per person.
5. In case of ties, entries postmarked earliest will win. Entries will be judged by O. E. McIntyre, Inc., whose decision will be final. All entries become property of The Reader's Digest; none returned.
6. All winners notified by mail. List of cash-prize winners mailed if you enclose a self-addressed, stamped envelope.

**Which six articles will readers of the October Digest like best?**

1. Norfolk's friend to troubled teen-agers. Story of the arthritic cripple to whom youngsters flock for advice.
2. The great Pittdown hoax. How this famed "missing link" in human evolution has been proved a fraud from the start.
3. How to sharpen your judgment. Famed author Bertrand Russell offers six rules to help you form sounder opinions.
4. My most unforgettable character. Fond memories of Connie Mack—who led the Athletics for 50 years.
5. How to make peace at the Pentagon. Steps to end ruinous rivalry between our Army, Navy and Air Force.
6. Book condensation: "High, Wide and Lonesome." Hal Borland's exciting story of his adventurous boyhood on a Colorado prairie.
7. Medicine's animal pioneers. How medical researchers learn from animals new ways to save human lives.
8. What the mess in Moscow means. Evidence that the Communist system is as unworkable as it is unnatural.
9. Master bridge builder. Introducing David Steinman, world leader in bridge design and construction.
10. College two years sooner. Here's how extensive experiments proved a bright 10th-grader is ready for college.
11. Laughter the best medicine. Amusing experiences from everyday life.
12. What happens when we pray for others? Too often we pray only for ourselves. Here's how we gain true rewards of prayer when we pray for others.
13. European vs. U. S. beauties. Why European women are more glamorous to men.
14. Trading stamps—bonus or bunkum? How much of their cost is included in the price you pay?
15. Living memorials instead of flowers. A way to honor the dead by serving the living.
16. It pays to increase your word power. An entertaining quiz to build your vocabulary.
17. Are we too soft on young criminals? Why the best way to cure juvenile delinquency is to punish first offenders.
18. Medicine man on the Amazon. How two devoted missionaries bring medical aid to jungle natives.
19. Creatures in the night. The fascinating drama of nature that is enacted between dusk and dawn.
20. What your sense of humor tells about you. What the jokes you like, the way you laugh reveal about you.
21. The sub that wouldn't stay down. Stirring saga of the U.S.S. Squalus' rescue from a depth of 40 fathoms.
22. Madame Butterfly in bobby sox. How new freedoms have changed life for Japanese women; what the men think.
23. Doctors should tell patients the truth. When the doctor operated, exactly what did he do? Why a written record of your medical history may someday save your life.
24. "How wonderful you are..." Here's why affection and admiration aren't much good unless expressed; why locked-up emotions eventually wither.
25. Harry Holt and a heartful of children. Story of a farmer who singlehandedly finds homes for hundreds of Korean war orphans.
26. Our tax laws make us dishonest. How unfair tax laws are causing a serious moral deterioration.
27. Venereal disease now a threat to youth. How V.D. is spreading among teen-agers—and sane advice to victims.
28. Secy. Benson's faith in the American farmer. Why he feels farmers, left alone, can often solve their own problems better than Washington.
29. Your brain's unrealized powers. Seven new findings to help you use your brain more efficiently.
30. Britain's indestructible "Old Man." What Sir Winston Churchill is doing in retirement.
31. Are juries giving away too much money? Fantastic awards juries hand out because they confuse compassion with common sense.
32. My last best days on earth. In her own words a young mother, learning she had cancer, tells how she decided to make this the "best year of her life."
33. Foreign-aid mania. How the billions we've given have brought mainly disappointment and higher taxes.
34. Out where jet planes are born. Story of Edward Air Force Base, where 10,000 men battle wind, sand and speed barriers to keep us supreme in the sky.
35. Life in these United States. Humorous anecdotes revealing quirks of human nature.
36. Man's most playful friend: the Land Oter. Interesting facts about this amusing animal.
37. Why not a foreign-service career? How our State Department is making foreign service attractive to young men.
38. A new deal in the old firehouse. How one town got lower taxes, greater protection combining fire and police.
39. Crazy man on Crazy Horse. Meet the man whose statue of an Indian will be the largest in history.
40. Their business is dynamite. How the manufacture of this explosive has been made one of the safest industries.
41. His best customers are babies. How a kitchen strainer and a pint of mashed peas became the Gerber Products Co.
42. Smoky Mountain magic. Why this, our most ancient mountain range, has more visitors than any other.
43. Call for Mr. Emergency. Meet the Emergency Police, who get 8 million New Yorkers out of trouble.
44. Beauty by the mile. How landscape engineers prove roadside planting is lifesaving as well as beautiful.
45. Humor in uniform. True stories of the funny side of life in our Armed Forces.
46. Seven economic fallacies. The American Economic Foundation explodes misconceptions about our economy.
47. Admiral of the Greek Oil Fleet. Story of Stavros Niarchos, who has won a fortune betting on—and carrying—oil.

**Reader's Digest**

*Its popularity and influence are world-wide*

# Betty Havlik Is Homecoming Queen

## NEW MEMBERS INITIATED INTO HOME EC CLUB

Home Economics Club initiated 138 new members, including freshmen students and transfer students on Monday evening September 24.

The girls to be initiated carried candles as they were lead into the Stout auditorium to be the accompaniment of organ music. The objectives and goals of Home Economics Club were read to the initiates by the President, Betty Fraley. Then each initiate individually went to the stage to light her candle from the Betty Lamp, the symbol of the Home Economics Club, thus becoming a member. Each girl was also presented with a corsage of baby mums tied with yellow ribbons.

Following this, the advisors of Home Ec. Club, Miss Noble and Miss Nelson, were introduced and were presented with corsages of mums. The President introduced the officers of the club and initiation closed with the singing of the Home Ec. Club song.

## CANDLE LIGHT SERVICE INITIATION HELD BY "Y"

A candle light service for the new YWCA initiates was held Tuesday, September 25 at 7:00 PM in Harvey Memorial. Kay Hawkins played a piano prelude entitled "O, Rest in the Lord" then Miss Harper read a prayer. Miss McCalmont read a selection from James Allen entitled "As a Man Thinketh". In the initiation ceremony the officers read selections. The officers are: president, Ruth Thomas; vice president, Joan Wonoski; secretary, Marvel Klecker; treasurer, Louise Grant; dist. representative, Annette Hanson. Mrs. Renesons read the Benediction by Robert Louis Stevenson.

## NOTICE

Library Reserve books for the week-end of October 12-14 may be taken at 3:20 p.m., Thursday, October 11, and will be due at 8:30 a.m., Monday, October 15.

The Library will close at 5:15 p.m. Thursday, October 11. Friday hours will be 9 to 12 and 1 to 4:30 Saturday.

## EVENTS OF THE WEEK

Whitewater (there)

## AN INDUSTRIAL WORKSHOP WILL BE HELD SOON

Over 100 industrial arts supervisors and teachers from Wisconsin, eastern Minnesota and Iowa will attend a special industrial arts workshop October 19 on the campus of Stout state college here.

Emphasized during the workshop will be four areas of industrial arts. These include drafting, general motor mechanics, upholstery and aluminum forming.

Keynote speaker will be George Maryins, employment manager of the Falk industrial corporation, Milwaukee. He will discuss "Placement, Development and Appraisal of People."

Accompanying Martins will be Norman Geiger, chief draftsman at Falk, who will discuss and demonstrate "Modern Drafting Techniques" before the workshop session devoted to drafting.

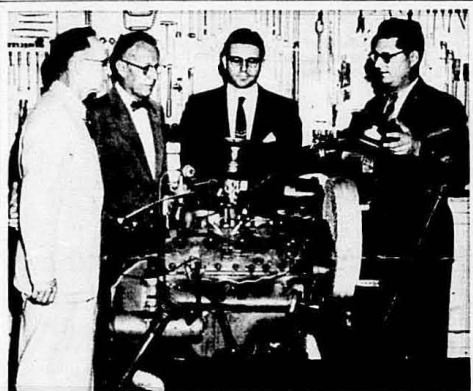

Leading the session on general motor mechanics will be Harvey Hoth, field service specialist for Power Products Corp., Grafton, Wisconsin.

Stout college faculty members who are directing workshop activities include Dr. Herbert Anderson, general chairman; Dr. J. E. Ray, drafting; K. T. Olsen, upholstery; Ernest Rawson, general motor mechanics; and Edwin Dyas, aluminum forming.

Goal of the workshop is to provide an opportunity for industrial arts supervisors and teachers to keep abreast of technological advances in industry.

## NOTICE

Dr. Fleming will speak at the Stout-on meeting on Monday evening, October 8, 1956 at 4:30 p.m. All reporters are asked to be present in room 122.

Inspecting a special "mock up" of an automobile engine to be used at the industrial arts workshop at Stout state college on October 19 are college faculty members in charge of various workshop offerings: (l-r) K. T. Olsen, upholstery; Dr. J. E. Ray, drafting; Edwin Dyas, aluminum forming; and Ernest Rawson, general motor mechanics.

## NOTICE

Next Thursday, October 11, 1956, is a cut day. Students who have not used their cuts up and have legitimate reasons for leaving the campus early can use their cuts. Remember however, that before you take a cut you check with the instructor of the class to make sure you can make up the work missed.

## WEATHERBIRD CLEAR AND SUNNY

"Looks like the mercury is going to climb into the upper seventies," rasped the weatherbird this morning, "with clear skies through tonight."

A low pressure system is on the way in though, he reported, which might make for partly cloudy skies Saturday and Sunday.

Close on the heels of the low pressure cell, cooler weather will move in by Sunday night, accompanied by northerly winds that will chase the clouds away.

## HOM ECONOMISTS, STUDENTS, AND FACULTY ATTEND FALL WORKSHOP OF W.H.E.A. AT STOUT

The fall workshop of the Wisconsin Home Economics Association was held Wednesday, September 26, on the campus of Stout state college. In attendance were 43 home economists from this section of the state and many additional students and faculty members.

Workshop participants were greeted by Dr. Verne C. Fryklund, president of Stout, and by Dr. Alice J. Kirk, dean of home economics at the college. General chairman of the event was Mrs. Benita G. Smith, associate professor of home economics.

Dr. Hazel H. Price, recently of the Ohio State University staff, conducted the workshop, which emphasized the "Wise Use of Time and Money." As she pointed out, "Management involves choice and an analysis of our decisions and our goals." In her definition of management, Dr. Price said it is "Using what we have to get what we want."

Mrs. Price had a most practical approach to her topic, pointing out that there is no right or wrong way in which persons should use their time and money; that a person's assets, his sense of values and his goals, as well as his limitations, will affect his choices and his decisions. His assets may be such things as his knowledge, skills, abilities and material resources. She illustrated how many decisions and goals change with age. An evening dress may have top priority value at nineteen, but not at fifty.

The speaker illustrated by discussion and mimeographed material how to break down homemaking tasks to a job analysis of each. First she sug-

gested listing jobs, then analyzing them for what she called "operation break-down." She demonstrated the technique of "operation break-down" in the washing of gloves. Dr. Price suggested the following steps for job analysis of homemaking tasks: list the details of the job requirement, question those details, eliminate any unnecessary part, and work out and try new methods.

In order to save time and energy, Dr. Price recommended that the homemaker analyze her placement and arrangement of equipment, large and small, keeping within easy reach the things she uses most frequently and placing together "equipment that is used together." Suggestions and ideas have been worked out for saving the time and energy of heart patients, said Dr. Price, on the basis of this idea.

By means of a film strip showing a group of young people thinking through their immediate plans, Dr. Price illustrated how each of their decisions varied according to their goals, their sense of values, and their skills and abilities. A student, for example, was shown postponing certain expenses and activities in order to realize a greater ultimate goal.

Luncheon was served to the group in the new tearoom of the Bertha Tainter Residence Hall. Members of Stout's Home Economics club were in charge of the coffee hour served in Harvey Memorial at the close of the workshop. A tour of the home economics laboratories brought the day's activities to a close.

Pictured above is Betty Havlik, the homecoming queen who will reign on October 19-20. Pat Seibert, left, and Billie Jo Braker, center, will serve as attendants. Betty is a junior from Hillsboro who is active in many extracurricular activities.

## 750 STUDENTS VOTE IN WEDNESDAY ASSEMBLY

### WINNING HOMECOMING THEME IS SELECTED

"Make Superior Feel Inferior" was selected as the homecoming theme by the student body at the convocation.

Marilee Cate, a senior, submitted the winning theme and received \$5.00 as her prize.

The float most in keeping with this theme will receive \$20. Money prizes will also be awarded to the most humorous and the most beautiful floats.

## PROFESSIONAL ARTICLES WILL BE PUBLISHED

Appearing in the October issue of "Industrial Arts and Vocational Education" magazine, a national publication for industrial educators, are professional articles by two faculty members of Stout state college. The teachers are Dr. J. E. Ray, chairman of the department of drafting, and Dr. Robert Swanson, associate professor of industrial education.

Dr. Ray's article entitled "Interesting and Worthwhile Modeling in Architecture," describes the values and techniques of making scaled models of houses or building projects in architectural drafting classes.

In the feature, Dr. Ray describes all construction techniques of such models, including choice of materials, tools, and equipment, decoration and backgrounds. He also gives tips for achieving realism with scaled models by use of landscaping and even automobile and human figures.

"Psychology of Learning and the Teaching of Industrial Arts" is the title of Dr. Swanson's article. In it he stresses the increased emphasis on the role of problem solving in learning, especially as that emphasis has developed from the study of the Psychology of learning.

Aspects of the matter discussed by Dr. Swanson include techniques of motivating problem solving, kinds of activities and experiences which develop ability in problem solving, and methods of achieving meaningfulness and understanding in learning.

### Coronation Will Take Place In Stout State College Auditorium, October 19

Convocation Wednesday morning climaxed a week of campaigning with the election of Betty Havlik, Stout's 1956 Homecoming Queen. The spirit of Homecoming was launched, stuffed with mail boxes and many other techniques to influence the student body. Our new queen, Betty Havlik, is a junior from Hillsboro, Wisconsin. Active in campus activities Betty is a member of Symphonic Singer, Phi Upsilon Omicron, Stoughton, Home Economics club, and Pallas Athene sorority. She is vice president of Newman club and alumni secretary of Stoughton. Our new queen was sponsored by the junior class.

Betty will be attended by Billie Jo Braker of Menomonie, and Pat Siebert of South Milwaukee.

Billie Jo is also a junior on campus. This attractive Miss can be seen working hard at the activities of Alpha Sigma Alpha sorority, Symphonic Singers, college choir and Home Economics club, and was last year's treasurer of the sophomore class. She was sponsored by Alpha Sigma Alpha sorority.

Pat, a senior dietetics major, is also active on campus. Among her activities are Home Economics club, WRA, president of Dietetics club, and corresponding secretary of Sigma, Sigma, Sigma sorority. The Phi Omega Beta fraternity and Sigma, Sigma, Sigma sorority sponsored Pat.

These three pretty coeds will serve as the royalty for Stout's 1956 Homecoming, October 20.

Betty will be crowned Friday night, October 19, by Mrs. Gerald R. (Skip) Wick — the former Ginny Ehlers of Ironwood, Michigan.

### MISS AMON PRESENTS HOME FURNISHING TOPIC

"Trends in Home Furnishings" will be the topic of a talk to be given October 15 to the Chippewa Falls Women's club by Miss Martha Ruth Amon, chairman of the related art department of Stout state college. About 200 women will attend.

Among home furnishing trends which Miss Amon will discuss will be current interest in the "open house" plan of lessening the number of walls and hallways in a home and the technique of planning a home around the activity areas within it.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member  
Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days.  
Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practice.

## FROM THE EDITOR'S DESK

It matters not that we have won or lost, but how we have played the game. In our competition lately, we seem to have forgotten old proverbs about the end not justifying the means. In queen campaigning, too many people are concerned with having a winning candidate rather than with following suggestions and regulations. At football games, the emphasis is on a winning team rather than one which has followed the rules of the game. Maybe it is time for us to stop and think. Our wins and losses will be minor things 20 years from now. What will remain with us are the ideals and principles we have learned through daily practice—the friends we have made and kept.

All other nations aren't as competitive as we are in America. A group of fans will applaud a magnificent play, even if it is by the other team.

In the past, the rules of the battle were chivalry and honor. We seem to be constantly moving from this ideal. Let's not suspend the things we believe in for one campaign or one game. Such episodes will remain a part of our lives.

## CLUB NEWS

The Hyperian Sorority met Thursday evening to discuss plans for their Homecoming float and the campaigning for Homecoming Queen. They were also reminded of their coming rushing party which is to be held October 6 in Harvey Memorial at 9:00 a.m. General Chairman of the party is Edith Shaw.

Plans for the Intersorority Rushing party was the main order of business of the Pallas Athene Sorority meeting, last Thursday night. After the meeting, the dorms were serenaded. The weekly meeting of Pallas Athene was held last Thursday evening in the library. A short business meeting was held and reports were given by several members. Plans were also made for the rushing party that will be held Sunday afternoon at 2:00 p.m. in Harvey Memorial.

Wesley Fellowship met at the Trinity Methodist Church at 4:30 p.m. September 30, for an outdoor meeting and recreation. The group played games until 5:00 at which time everyone piled onto a hay rack and went to Riverside Park.

Supper was served and the worship service was delivered. After announcements by President, Larry Nelson, the group adjourned to the hayracks for a ride under the stars. Next Sunday the meeting will be held in the Methodist Church at 5:00. Anna Gurusamy, of India, will be the speaker.

Wesley Sunday School was held at 9:00 in the parsonage with Dr. Herbert Anderson presiding. The Wesley group had breakfast and then spent the rest of the class time discussing "Salvation".

On Thursday, September 13, the Phi Omega Beta fraternity held their first meeting of the year in Room 12 of the library. The main business of the meeting was planning and preparing for activities of the coming school year. Returning members, Wayne Pluckhan and Joe Stebly, were introduced to the group.

WRA will get in full swing Monday night with a volleyball tournament, the first in a series of sports tournaments for the coming year. Captains for the six teams will be

the following: Alma Hautamaki, Barbara Bender, Carmen Krings, Jan O'Grady, Pat Rogers, and Sandra John.

Each team will bear the name of a color. The teams will be placed on a ladder chart with the teams on the lower rungs challenging the teams further up on the ladder.

The L.S.A. had their Sunday evening meeting September 30, at Our Saviour's Church. Dr. Bierstedt, the main speaker, talked to us about L.S.A. and our part in the organization. He also gave us ideas on what we can do in church groups after we leave Stout State College. A song fest was enjoyed by all and the meeting ended with a delicious supper.

Plans are being made for an outdoor gathering for Sunday, Oct. 7.

Members of the Stout Christian Fellowship met for a picnic at Riverside Park on September 25, at 5:45 p.m. They played volleyball and badminton until it was too dark and then had lunch. Everyone had a good time.

On Tuesday evening, Oct. 2, the S.C.F. met for their regular meeting in room 11 of the library. Rev. John Sanford, a missionary home from Africa, was the special speaker.

The next meeting of the Stout Christian Fellowship will be at 7 p.m. October 9, in room 11 in the library. Everyone is welcome.

Wedding bells claimed another Sig Tau last Saturday. Darrel Ebert wed Miss Cynthia Sutter in St. Katherine's Episcopal church in Owen, Wisconsin. The Eberts are continuing their education at Stout, and will reside at 902 9th St. The Sig Taus wish to congratulate the Eberts and wish them happiness until their diamond anniversary.

Jim Jonen and his associates Ralph Stevens, Gary Penn, and Jerry Porter, have planned a swimming, movie, and dancing date for October 6. The earlier part of the evening will consist of swimming, or for those who don't have any marine-like tendencies, a show should prove to be apropos. At 9:00 p.m. at the Odd Fellows Lodge there will be dancing, games, and refreshments. All members of Sig Tau and their guests are invited.

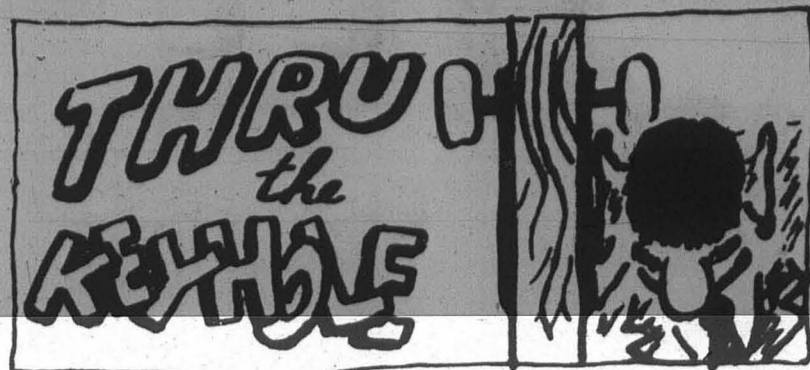

The Hotel Marion will be the rendezvous for the Sig Tau Homecoming breakfast. The menu will be that old favorite of "ham and eggs." The breakfast will be held at 8:00 a.m.

The Sig Tau Rose Dance will be held November 10.

The Newman club of Stout state college held their first social event and meeting of the year on Friday evening, September 7. Father O'Lenny, the new assistant pastor and Newman club advisor, and the Newman club members had an opportunity to become acquainted with the full program planned by Saint Gerard's circle.

Mr. Ed Phelan was master-of-ceremonies and took charge of all the social activities. The main speaker of the evening was Mae Roach, from Central state college, who gave an inspiring and humorous talk on Newman club life on a secular college campus. The college faculty from St. Joseph's parish were introduced to the group. Games were played, a lunch was served and dancing concluded the evening program.

The Newman club will hold classes and mixers Tuesday evenings beginning at 7 o'clock. A Communion breakfast meeting is being planned for the near future.

In all my years at Stout, I don't think I've ever seen a Homecoming campaign carried on so thoroughly. Sure I am glad about the outcome though, and all signs point to the best Homecoming yet.

The freshmen are going to have a tough time building a bonfire to equal or better the ones of the past two years. A rumor has it that the boys have been spending a lot of time with the Department of Sanitation lately, trying to sell them on making modern plumbing compulsory in Menomonie before October 19.

An A.P.O. told me something the other day that I thought I'd pass along to you. When the National Anthem is played (for example, at a football game) it is proper to face the flag and place your hand over your heart. This is a sign of respect, due at all times to our country's flag.

The latest fad around school seems to be the one of chemistry students this fall. Gore are the trips to all the old familiar places. Instead they are getting their kicks from breathing oxygen. Talk about some inflated egos.

The girls in sophomore clothing have goofed again. Someone let the word slip that they could be seen from 3rd floor Bowman and now they're pulling the blinds.

Congratulations go to all the kids

that made posters and decorated for all the candidates this year. Results were much better looking and neater this year.

Something has to be done about all the "suiteage students" at Stout this year. Anyone with any suggestions address them to "The Ghost Writer" in care of the Stoutonia mailbox.

## NEWS OF OUR ALUMNI

Frank M. Hoffman, B.S. 1955, teaches algebra and mechanical drawing at South Division High in Milwaukee. He and his family live at 3075 N. 78th St., Apt. 3, Milwaukee, Wis.

At Davenport, Iowa, the Supervisor of Adult Education and coordinator of T. & I. is Gordon B. Wasinger, B.S. 1950, M.S. 1951. His other duties include supervising the vocational shops, the evening school, and coop. and D.O. programs. Gordon is active in the local Heart Association and Quad City Nutrition Council. His family includes his wife, their son Carl, 7 years old, and daughter Karen, 5 years. They live at 920 W. Locust Street, Davenport, Iowa.

Donald and Elizabeth Rasmussen Halvorsen, B.S. 1943 are living in St. Ansgar, Iowa, where Don is the executive vice president at the St. Ansgar Citizens State Bank. Elizabeth does substitute teaching in the high school, teaches Sunday School, chairman of local Girl Scouts and leader of a troop, and is active in Women's Club of the General Federation.

Bernard Braetesen, B.S. 1947, teaches general shop and is principal of the high school at Akron, Michigan. He is building a new home for his wife Patricia, their son Richard, born May 9, 1953, and a daughter Kay Lynn, born April 26, 1955.

A Stout alumnus serving in the armed forces is Specialist Second Class Lewis E. Lausted, son of Mr. and Mrs. Frank L. Lausted, Route 2, Colfax. He is a member of the engineering team of the U.S. Army's German Training Advisory Group in Munich, Germany. The team is instructing of-

ficers of the new German Army in the use of American engineer equipment.

He was graduated from Stout State college in 1953 and is a member of Phi Sigma Epsilon and Epsilon Phi Tau fraternity.

Walter E. Klammer, a 1930 graduate, is now assistant professor of industrial arts at Western Michigan College, Kalamazoo.

Raymond Johnson, B.S. 1934, 43, son of John E. Johnson, Menomonie, died Monday June 25, at his home in Vancouver, Wash. He was born June 25, 1913. He attended schools in Menomonie and graduated from Stout College. He married the former Frances Teine Dec. 29, 1939 at Minneapolis.

Stuart Anderson, B.S. 1935, who has been a teacher in the Middle West region of the United States, and for more than two years served as a technical director of vocational education in Iowa, is taking up new duties this fall in the Philippines as an education expert assigned by the United Nations Educational, Scientific and Cultural Organization. Mr. Anderson comes from the position of director of student teaching and professor of education at Eastern Illinois State College at Charleston, Illinois. For ten years he taught in the public schools of Milwaukee, Wis. He was a professor of education at Stout for five years.

Elaine Hansen Pauk, B.S. 1954, received her M.S. from the State University of Iowa on June 8, 1956.

Manford B. Rotnem, B.S. 1950, M.S. will teach industrial arts at Kent State University. He is married and has one child.

**GAMMA DELTA MEETS AT CHURCH ON SUNDAY**  
Gamma Delta, the International Association for Lutheran students, welcomed the new Lutheran students on campus with vespers, entertainment, and lunch on church night. Sixty-two students were present.

Jerry and Julie Shoenike had arranged a table in Harvey Hall with information about Gamma Delta during registration week.

Sunday, September 16, the group met for its first business meeting. Plans for an outing at the Siefert Gabert, presented a discussion on Gamma Delta.

It is hoped that more students will attend the meetings. The group meets the first and third Sunday of the month at 5 o'clock in St. Paul's Lutheran Church.

THE CENTRAL HOTEL  
Reasonable Rates

### VOTING, RESIDENCE POINTERS FOR VOTERS

All residents of Menomonie of legal age, who have never registered to vote and wish to vote in the coming presidential election, must register in the city clerk's office in the City Hall before October 24.

Under the new law, recent entrants to Wisconsin who have moved here for permanent reasons, but have been legal residents less than one year, will be able to vote. Persons desiring to vote under this law must supply the city clerk with satisfactory proof that he would have been eligible to vote in the state from which he previously moved. Forms for this purpose may be obtained in the city clerk's office and should be filled out as soon as possible.

Stout students of legal age may interpret their legal residence as follows:

1. A student who considers himself a permanent resident of Menomonie both during and after his education, will have no problem.

2. A student temporarily here for educational purposes with no other legal residence, either his own or his parents, may declare himself a resident for voting purposes.

3. A student who is dependent to any degree upon his parents and who returns to the family home elsewhere during college vacations is a legal resident of his home city and must vote there.

In this case you may vote by absentee ballot which must be applied for in writing or in person at the city clerk's office.

### NATIONAL SORORITIES ENTERTAIN RUSHEES

The first two rushing parties of 1956 were held Saturday and Sunday, September 29 and 30. The Alpha Sigma Alpha Sorority's party was held Saturday, September 29 at 2 p.m. in the new Tea Room at the girls dorms. The theme was "Stranger in Paradise."

Each rushee was ushered in separately by Glennie Harmon who was dressed as a page. They entered into the Tea Room which was decorated with autumn colors of orange, brown, green and yellow. Trellises with fresh autumn colored leaves were also on one side of the room and bouquets of fall flowers were on the table. The rushees were escorted down a green grass carpet to a throne where Judy Goehring, President of the Sorority, crowned each rushee with a crown made of gold leaves.

Games were played and songs were sung. Later demitasse spoons in the new Flair pattern were given to each rushee. A buffet style lunch was served with Edna Gaffin and Hazel Nelson pouring coffee and orange punch. Small cakes with yellow frosting, orange sherbert and mints and nuts were served. The rest of the afternoon was spent just casually getting acquainted.

"Jail House" was the theme of the Tri Sigma Rushing Party. It was held Sunday, September 30, at 2:00 p.m. in Harvey Memorial. All the rushees met at the Court House and were taken to school with a Police escort. When they arrived they entered into the room which had bars on the windows. At one end was a court room scene where each rushee was judged and sentence was passed on the various offenders.

Various games were played in keeping with the theme. From a table marked "Solitary Confinement" was served Angel Food cake and punch which was to take the place of bread and water. A door prize of "Lover" was also given away to Sylvia Fellend.

DEFINITION: A wedding ring is a tourniquet put on a girl's finger to cut down her circulation.

A group of Swiss watchmakers has decided to give President Eisenhower a novel type of wrist watch for his leisure hours in the days ahead. It contains a mechanism for tabulating his golf stroke.

SAFETY SIGN: Please don't kill our children—wait for the teacher.

A lot of happiness is ruined because one of the hardest things to remember is to forget your petty troubles.

### The Stout Snooper

As I was snooping around the Stout campus upon my return to school this fall, I dropped in at the library to see some of my old friends and to get a look at the freshmen. I could hardly believe my eyes—the place was overflowing with students, just like the beginning of every semester. (Sorry to say that, but the statistics prove it.)

When I whizzed passed the two long lines of students waiting for books at the reserve check-out desk, I heard one of the librarians explaining to a freshman girl, that books are on two-hour, one-day, and three-day reserve. (Just like last year.) Here is a word to all freshmen! You had better observe the minute, hour, and day that you check out one of those reserve books or it will cost you money. If you don't believe me ask some of the senior girls who paid some pretty gigantic fines at the end of the semester last year. End of word to freshmen!

I perched myself upon the top of the flagpole in the front picture at the east end of the spacious room, to view the college world at work. While sitting there, I saw a student library assistant pointing out the opening "Please Return Your Books Here" at the reserve desk to two freshmen boys. Don't feel hurt, boys! No sooner had you left when a cute freshman girl came up and set down Halliday and Noble's *How's and Why's of Cooking and Villie's Biology—The Human Approach* on top of the desk. The student assistant with a "she doesn't know where the books go, either" look on her face merely picked up the books and hurriedly checked them in before

### DORM NEWS

Last week the girls at Tainter Hall nominated and elected their dorm officers. The following girls were chosen: president, Peggy Kovals; vice president, Geraldine Hilkoat; secretary, Teresa Horikan; treasurer, Deanne Matson; SSA representative, Nancy Fullmer. These officers along with the help of the student assistants will soon set up a policy for the rest of the student residents to follow.

Friday night many of the girls attended the dorm party sponsored by the boys of Lynwood Hall. The girls wish to say thank you for the party and also for Lynwood's open house Sunday, September 23, and extend an invitation to the fellows to attend Tainter Hall's open house to be held sometime in October.

one of the librarians or some freshman saw them in the wrong place.

Everywhere was so busy (mostly talking) that I got sleepy watching them. First thing I knew, I heard the librarian say, "Library closes in fifteen minutes." I jumped down and picked up a book from the recent addition shelf. The book, *The Right to Know*, an exposition of the evils of news suppression and propaganda, looked as if it would broaden my education.

With the book under my arm, I took off for the Student Union with the majority of the Stout students. By this time I was hungry for a big meal—you know, the kind where that you can only get at the Student Union. I also met the new manager, Mr. But he sure is a character. You freshman girls should get to know him better!

So long until the next time!

## STOUT BLUEDEVILS TROUNCED BY FALCONS OF RIVER FALLS

**Blue Devils Are Dealt Sereve Beating By 41 — 12 Score As Passing Attack Fails**

Nelson Field was the scene of Stout's third straight loss last Saturday night. The winner this time was River Falls. The Falcons, fresh from a victory at La Crosse the previous week, by the score of 39-7, continued their winning ways by beating Stout 41-12. The game, however, wasn't as one-sided as the score seems to indicate, as River Falls scored a couple of times on fluke plays and a few other times on lightning-like moves after the Blue Devils appeared to have stopped them cold.

River Falls kicked off to Stout to start the game. Bill Romoser took the ball on the 10 yard line and returned it to the 35 where Dick Cheke on the first play raced around the end to the Falcons' 25 yard line. Here Stout's attack bogged down; River Falls took over and marched down field to score. Most of the yardage in this drive was covered by a pass that was juggled by the receiver and caught as he fell on the 5 yd. line. River Falls converted and the score was 7-0.

Stout took the next kickoff back to the 34, but fumbled on the next play and the Falcons recovered on the 30. The Blue Devils' defense tightened up and Stout took over on downs after River Falls was unable to gain. Cheke promptly threw a long pass to Romoser who managed to slip behind the defenders, catch the ball, and scamper to the goal line without a hand being laid on him. The extra point attempt was wide and the score was 1-6.

Both teams tightened up their defenses until just before the first quarter ended, when, after Stout had held for two downs on their 48 yd. line, the Falcons scored on a quick pass. The extra point made the score 14-6.

River Falls got a drive going early in the second quarter that carried from their 26 to Stout's 2 yd. line

where the Blue Devils held and took over on downs. But, two plays later, Stout fumbled and River Falls recovered on the 11. This time the Blue Devils were unable to hold as the Falcons scored on another pass play. The extra point was kicked and the score was 21-6.

For the rest of the second and beginning of the third quarter, the teams battled evenly. River Falls scored again, though, after stopping a Stout drive by intercepting a pass and moving downfield to score on a 4 yd. plunge. They again converted to make the score 28-6.

River Falls' fifth touchdown was the result of a 50 yd. drive climaxed by a 2 yd. plunge as the last quarter started. The extra point attempt was wide and the score was 34-6.

The Falcons' last touchdown was scored about midway in the last quarter on an intercepted pitchout and runback of 60 yards. The kick was good and the score was 41-6.

The Blue Devils took the kickoff on the 5 and returned it to the 50 yd. line. They then moved downfield to score their final TD on a pass play from Cheke to Elroy Wicklund. The extra point try was no good and the score was 41-12 where it remained.

Especially noticeable in the game was Stout's inability to hang onto passes. Although most of the Blue Devils' ground gaining and both of their touchdowns were the result of passes, there were quite a few others that were in the hands of the intended receivers only to be dropped. Other Stout weaknesses appeared to be its defenses against passes and against runs.

Outstanding players for the Blue Devils were Cheke, Romoser, Dick Tepp, Wicklund and the center of the line.

Tomorrow night will find Stout at La Crosse. If scores mean anything, the results of both teams against River Falls indicate that this should be a good game and very probably Stout's first win.

River Falls ..... 14 7 7 13-41  
Stout ..... 6 0 0 6-12

Father—Now, son, tell me why I punished you?

Son—That does it. First you pound the life out of me and now you don't know why you did it.

Many a sober-faced little lamb goes riding in the moonlight and comes home with a sheepish grin on her face.

## ODE TO A DODGER FAN DURING WORLD SERIES

Herman dear, although you're en-grossed  
In the game which interests you most,  
Your eyes fastened on the T.V. set,  
Upon the "Bums" you're placing your bet.  
Your hot little fingers are crossed,  
You're just waiting for the last ball to be tossed,  
While your girl friend sweet and re-fined  
Would like to give you a piece of her mind!

—By a girl who isn't

## QUESTION OF THE WEEK IS ASKED

Coming off the field after Saturday night's game with River Falls, various students gave their opinion to the following question:

**What did you think of the River Falls-Stout game?**

Barney Klaus: "I thought the game was well played, but River Falls was a much more powerful team."

Jo Sommer: "I didn't think the point-spread would be that great, but River Falls is definitely much stronger than it has been in the past few years. Watch Dick Tepp, he's terrific!"

Tea Sommer: "I think Stout gave River Falls a good run for the points seeing how R. F. had previously taken La Crosse over same as Stout."

Keith Halverson: "My feet got cold and I was concentrating on them. I think we gave them a fairly good fight, though."

Jo Sommer: "I think the score could have been reversed."

Gary Penn: "I thought Stout would lose but not by that much of a margin. River Falls has a good team."

Helen Hardies: "Even though we lost, Stout is still my number one team."

## "S" CLUB REMINDS ALL OF LETTER STANDARDS

Every year at this time many high school letter sweaters are seen on the Stout campus. This is in rather bad taste and should be considered as impolite.

The "S" club composed of Blue Devil major monogram winners, requests that all high school letter sweaters not be worn on campus or in town. The sweaters, however, are permissible provided that all numerals and monograms are taken off.

The "S" club realizes that all of you enjoy wearing your high school colors, but it is felt that high school days are over now, and that college life has started.

So, from now on let's try to remember to comply with the wishes of the "S" club and the student body by leaving the lettered sweaters at home. Come on out and win a college letter!

## STOUT TRAVELS TO LA CROSSE FOR NEXT GAME

Stout's Blue Devils will travel to La Crosse tonight in hopes of securing their first victory of the 1956 football season. The Blue Devils meet the Indians of La Crosse State Teachers College.

This season finds La Crosse with a weaker team when compared with last year's, which will be an added factor in determining the outcome of the game. The Indians lost several of their key men through graduation last spring, but have nevertheless come up with some new stars to add to their scoring punch.

Stout has lost three players in a row, and although several players are sidelined with injuries, should be in a good position to chalk up their first win of the year. Last week the Falcons of River Falls rolled over the Blue Devils by a score of 41 to 12. However, the score is no indication of the actual play in the game. River Falls took advantage of a few breaks and momentary lapses in Stout defense to score quick touchdowns. Otherwise it was a comparatively even game.

Last week this column picked Stout to beat River Falls because of the Blue Devils' improvement from game to game. This week we'll go even further out on the limb and say that when the final gun goes off tonight it'll be: Stout 19, La Crosse 13.

The tentative starting lineup is:

Left end—Elend  
Left tackle—Doane  
Left guard—Oyama or Nadeau  
Center—Tepp  
Right guard—Kanes  
Right tackle—Kindschy or Brehm  
Right end—Hoeffner  
Quarterback—O'Leary  
Left half—Romoser  
Right half—Wicklund or Christensen  
Fullback—Amhead

A lot of people sing with real feeling, but not for other people.

## DELLA MEDIN COMPETES FOR AMERICAN DAIRY PRINCESS TITLE IN CHICAGO LAST WEEK

"Since I've never been to Chicago before, I just couldn't wait until October 4 came!" said Della Medin who competed for the American Dairy October 3 and arriving in Chicago Thursday October 4.

She was accompanied by Mrs. Helen Strickland, Nutritionist of the State Department of Agriculture, and Tom Burgess, publicity agent for the American Dairy Association.

Representing the American Dairy Association of Wisconsin, Della competed in the National Dairy Princess contest. Nineteen other girls from the various states in the United States also competed for the title.

"Meeting girls from all over the United States," stated Della, "I am sure was the most memorable experience I have ever had."

Ruth Marie Peterson, Minnesota, was the 1955-56 American Dairy Princess. She has traveled in every part of the United States as well as in South America and Japan.

Three competent judges had the sole responsibility for determining who was the 1956-57 American Dairy Princess and her alternate. The judges had an opportunity to meet all the candidates in a group and individually, and to observe each girl. As Della said, "After having been an 'Alice in Dairy-land' this past summer I was familiar with the way the judges watched every second whether you were walking, talking, or eating."

The contest ended at the LaSalle Hotel, participating in the Chicago Dairy Parade on State street.

## COED STUDENTS BEGIN PRACTICE TEACHING

Monday thirty-five coed students will begin practice teaching at off-campus centers located throughout the state.

The teaching culminates six weeks of intensive training in classes on campus including observing and practice teaching in the high school classes. The girls have worked under close supervision with several faculty members.

The off-campus centers and the women students who will teach at the respective centers are as follows: Amy, Constance Chellman and Mary Rosin; Baldwin, Barbara Austin and Carol Hahn; Barron, Zoe Erickson, Janet Bachmeyer, and Ruth Alfieri; Cashton, Halene Marben and Barbara Handgrett; Fredrick, Susan Hamilton and Lucille Anderson; Glenwood City, Dorothy Dieter and Marilyn Randall; Marshfield, Barbara Sommerhalder and Mary Ellen Rich; Medford, Barbara Brown, Jean Schwertel, Betty Fraley, and Marian Kinschey; Mondovi, Gloria McNeight and Rita Jackson; Mosinee, Joan Daniels and Janice Jenquin; Neillsville, Leona Novy and Patricia Browne; Rice Lake, Ramona and Lynda Prater; Stratford, Jane Stewart and Evanelle Olatid; Schofield, Georgia Christner and Audrey Groter; Spring Valley, Ellen Steinhoff Olin and Marueen Golliber; Oshkosh, Jean Robey and Harriet Wilke.

The weatherbird tangled with some duck hunters the early part of the week, and as a result of the encounter was unable to make a prediction of the coming weekend weather situation.

Carrying his tail feathers in a sling hasn't changed the bird's temperament. He is grounded for the next week or so, though, and as a result doesn't have much chance of making personal observations of weather conditions.

However, the situation doesn't look too bad for the next couple of days with reports from the outdoors indicating slightly warmer temperatures and partly cloudy skies Friday. Some precipitation is expected in the northern sections.

and attending the National 4-H breakfast and banquets at the Morrison Hotel, LaSalle Hotel, and the Stockyard Inn.

Announcement of the 1956-57 American Dairy Princess was made on Sunday, October 7 at the International Dairy Show. The new princess reigned at this dairy show until October 13. Other activities included serving as official hostess for the Dairy Industry Exposition in Atlanta City and participating in a program to introduce a group of foreign students to an American dairy farm near Denver.

Pre-preparation for the contest included touring the ADA offices of Wisconsin located in Madison and purchasing a new wardrobe in Madison and Minneapolis with funds allotted by the ADA. When asked how she liked to buy a new wardrobe, Della answered, "Shopping for a new wardrobe certainly was exciting; never before have I had so much money at once to just spend on clothes."

"I wish to express my appreciation," said Della, "to Dean Kirk, Dr. Lengfeld, Mr. Vaneck, and numerous students for their helpful hints and suggestions. Chicago was all I anticipated it would be; I had a wonderful time. The new American Dairy Princess hails from Nebraska; she took third place in the Miss America contest."

## CAFETERIA SCHEDULE

Miss Killian, dietitian and supervisor of the cafeteria and dining room at Tainter Hall "cordially invites" the students, faculty, office personnel and other persons connected with the school to eat in the cafeteria during any noon of the week.

Pricing for the meals are as follows:  
Lunch during the week ..... \$ .65  
Saturday dinner ..... .85  
Sunday dinner ..... 1.00

## TWO FACULTY MEMBERS ATTEND CONFERENCE

Representing Stout state college at the recent fall conference of the Wisconsin Unit of Association for Student Teaching were Miss Ann Noble, head of the department of home economics education at Stout, and Dwight Chinnock, supervisor of student teaching for the industrial education division.

Miss Noble was chairman of the discussion group which, for the secondary school level, studied "Observation and Participation Prior to Actual Student Teaching."

In attendance at the meeting, held at Plattville state college, were specialists in student teaching from colleges and universities throughout Wisconsin.

## TRANSFERS AIM TO INTRODUCE S.S.C. CAMPUS

Perhaps some of the upperclassmen remember seeing a few faces around the second semester of each year, and probably met those new faces with the comment: "My goodness, more freshmen have never seen before." True some of these new faces may be freshmen, but some of them are transfers.

The transfers have to struggle around for a semester getting themselves adjusted to Stout and finding out where things are. It takes them nearly a whole semester of shuffling for themselves to become a part of school.

That is why the transfers have decided to form an organization to help January's "new-comers." They have drawn up a number of purposes which are:

1. to acquaint all students entering Stout state college in January with Stout's facilities.
2. to personally contact them before registration by means of mail.
3. to assist them in locating rooming facilities.
4. to assist them in registration.
5. to acquaint them with their respective church groups.
6. to provide at least one social function for the new-comers.

## EVENTS OF THE WEEK

October 13  
Whitewater (there)  
October 17  
9:30 Advisor and Advisee conference

October 19  
8:30-4:00 Industrial Arts Workshop

Parade to Bonfire  
Refreshments in gym after bonfire.

October 20  
1:00 Homecoming Parade  
2:00 Homecoming game (Superior)  
8:30 Homecoming Dance  
(Johnny Roberts Orchestra)

## PLAN ANNUAL DRAWING CARD, I.A. WORKSHOP

Speaking on the topic of "Placement, Development, and Appraisal of People," George Martins, of the Falk Industrial Corporation, Milwaukee, will open the special Industrial Arts Workshop on the Stout state college campus October 19.

The workshop, which will include demonstrations on the techniques of modern drafting, motor mechanics, aluminum forming, and upholstery, is one of the annual drawing cards to the Stout Homecoming festival.

The alumni booth in the corridor of Harvey Hall will be open for registrants of the workshop between 8:30 and 9:00 in the morning.

Accompanying Martins will be Norman Geiger, chief draftsman at Falk, who will discuss and demonstrate "Modern Drafting Techniques" before the workshop session devoted to drafting.

Leading the session on general motor mechanics will be Harvey Hoth, field service specialist for Power Products Corp., Grafton, Wisconsin.

Stout college faculty members who are directing workshop activities include: Dr. Herbert Anderson, general chairman; Dr. J. E. Ray, drafting; K. T. Olson, upholstery; Ernest Rawson, general motor mechanics; and Edwin Dynis, aluminum forming.

Goal of the workshop is to provide an opportunity for Industrial Arts instructors and teachers to keep abreast of technological advances in industry.

## DORM NEWS

The girls at the new freshmen women's dormitory, Tainter Hall, have become happily settled in their new home away from home. Officers have been elected and the dorm council is now established and in the process of formulating regulations concerning use of the lounge, visiting hours and various other less important but nevertheless necessary regulations.

One regulation which the council decided upon was that no organizations shall have access to the lounge. This privilege will be reserved solely for the use of the residents of the three women dorms and their guests.

Preparations for decorating the dorm for homecoming are now in progress. The girls are planning to decorate their dorm using a humorous theme.

Thursday night all had their pictures taken. The pictures will be sent to their area newspapers.

## N.W.T.A. CONVENTION HELD THIS WEEK END

The sixty-sixth Northwest Teachers Association Convention is being held on October 11 and 12 at Eau Claire. The two-day convention will be opened by an invocation Thursday morning. The morning's general session, emphasizing the outlook on the future," by Dr. Preston Bradley and "Spotlight on the Future," by Captain Michael Fielding, a world traveler. The afternoon consists of sectional meeting mainly for teachers of graded and high schools.

Thursday evening's highlights will feature the Chicago Duo with Raymond Sharp and Eleanor Warner. On Friday morning the program will begin with Roundtable discussions on various subjects such as, agriculture, driver education, English, home economics, industrial arts, music and the like.

In the afternoon of October 12 there will be speeches entitled "Teachers and Education" and "The Segregation Story in the South."

Initiation of 13 new members of Phi Upsilon Omicron, national honorary home economics fraternity, took place Monday, October 9.

They are, left to right, seated in front, Gloria McNeight and Mary K. Kennedy; second row, Nathalie Wick, Kabbryn Van Doorn, Joan Manes, Ruth Thomas, and Flora Spinti; standing, Barbara Hartig, Constance Chellman, Rhea Van Vleet, Beverly Duerkop, Barbara Brown, and Muriel Erickson.

Members are chosen on the basis of professional attitude, scholarship, and leadership.

## PHI UPSILON OMICRON INITIATES NEW MEMBERS

The new Phi U members were initiated Monday, October 9, in the Tea Room at 5:30 p.m. After the initiation a banquet was held in their honor at the Congregational Church for all active members and alumni members.

All of the new initiates are members of Home Ec. Club. They are Kathy Van Doren a Jr. from Tony, Wis.; Beverly Duerkop a Jr. from Hixton, Wis.; Rhea Vleet a Jr. from Trempealeau, Wis.; also President-Elect for Home Ec. Club; Barbara Hartig a Jr. from West Allis, Wis.; Muriel Erickson a Jr. from Battle Lake, Minn.; Ruth Thomas a Jr. from Kenosha, Wis.; Nathalie Wick a Sr. from Pearl City, Ill.; Barbara Brown a Sr. from Independence, Wis.; Connie Chellman a Sr. from Superior, Wis.; Gloria McNeight a Sr. from Stratford, Wis.; also is Vice-President of Home Ec. Club; Kay Kennedy a Sr. from Sauk City, Wis.; Flora Spinti a Sr. from Wausau, Wis.; and Joan Manes a Jr. from Fairmont, Minn.

## METALS GUILD NEW CAMPUS ORGANIZATION

Stout college men majoring in the metals field of Industrial Education sought to enhance their knowledge of new techniques, products, and advances in their field.

This is the theme under which thirty men united to further their education through the benefit of a formal organization.

Since its first meeting, May 8, 1956, under the direction of Dr. Wiehe and Mr. Halfin, the Metals guild has helped to increase professional efficiency and the educational aspects of the organization will be presented, along with active participation in operations to further develop skill in the use of metal working tools, machines, and products.

To prove its helpful value as an active organization, the Metals guild will accept duties of construction or repair with only a minimum of employment. Any suggestions may be posted for acceptance on the Metals guild bulletin board in Bowman hall.

The Metals guild functions under the guidance of the following advisors: Dr. Wiehe, Mr. Rawson, Mr. Halfin, and Mr. Kufahl, in coordination with the following officers: Leo Nevada, president; Harry Nyasether, vice president; Stewart Shaft, secretary; Leo VanOrskamp, treasurer; and William Peterson, historian.

## HOMECOMING PARADE PLANS UNDER WAY

Tentative plans are under way for the Homecoming parade that will be held on Saturday, October 20, at 1:00 p.m.

The parade will either begin on Broadway and Fourth avenue or will begin on 7th Street and Main. All organizations will be notified shortly as to the selected parade route. Maps of Menomonic will designate the route, and each organizational float entry will be marked on the map, thus clarifying the line-up of the parade.

This year the parade will be led by a police escort and will be comprised of a lead car, queen's float, attendants float, organizational floats, and Stout and area high school bands. The units will line up at 12:15 and the parade will get underway promptly at 1:00 p.m.

A judges reviewing stand will be set up at the intersection of 2nd street, next to the First National Bank.

Immediately after the parade, the float units will drive to Fourth street for final judging. The results will be immediately announced, and the winning float in each division will be featured during half-time of the game with Superior that begins at 2:30 p.m. at Nelson Field.

The two parade marshalls, claiming they were born in Northern Korea and Southern Korea respectively, are Pete Jackson and Mike Brennan. Junior veterans, both have done a great deal of work on the parade route.

With many more organizations and classes participating in the parade, that event will add to the success of Stout's 1956 Homecoming.

## MR. ZIEMANN ATTENDS SPEECH CONFERENCE

Attending the first annual conference of speech department heads of Wisconsin colleges and universities has been Norman C. Ziemann, chairman of the speech department of Stout state college. That group met recently on the campus of Marquette university in Milwaukee.

The 28 participants discussed administration, content and method relevant to the speech course which first year students take in Wisconsin colleges and universities.

## NINE COEDS MOVE INTO HOME MANAGEMENT

The following girls moved into the home management house Monday to begin their term of five weeks as residents there: Helen Anderson, Mary Kay Kennedy, Joan Marquart, Joan Moreau, Barb Benzie, Marilee Cate, Marge Schuette, and Diane Darcey.

## LETTER TO THE EDITOR . . .

First of all, I want it to be known that this letter is being written on Thursday, before the results of the homecoming queen elections have been made known.

I think that there should be a major change in the way the homecoming queen elections are run. First, and most important, the ballots should be given out only after each individual's name has been marked off a list, just as is done in the S.S.A. elections now.

One girl told me she left the auditorium twice and when she returned she was handed another ballot both times. Another girl told me she was handed a stack of ballots, which she estimated at about 50. It seems that anyone would be able to "stuff" the ballot box very easily, if he wanted to.

Second, I have heard many complaints about the type and amount of campaign posters. It seems to be the general opinion that each candidate should be limited to six or eight posters each and no more. What do the other students think about this?

I repeat — I do not know who won, and I have nothing against the other candidates, but I still feel something should be done.

—A STOUT STUDENT

## CLUB NEWS

The Tri Sigma sorority held a ceremonial meeting Thursday evening, October 4, with president Andrew Jost calling the meeting to order.

Special committees were named for work on the Homecoming breakfast to be held at Our Savior's Lutheran Church, October 20.

Announcement was made of the marriage Saturday, October 6, of one of the members, Darlene Griswold, to Toby Coldwell of Port Edwards, Wisconsin. He is attending college at Ripon, where they will make their home.

Final plans for the car wash were discussed at the regular meeting of Phi Sigma Epsilon held last Thursday evening, October 4, in the club room. Preliminary pledge plans were discussed and plans for homecoming were started.

The car wash was held last Saturday at three local gas stations. Anyone could have his car washed in 15 minutes for only a dollar. There will be more such values in the future, so keep your eyes open.

A "warm reception" was given to brother Don Hugen who visited the Phi Sigs while on leave from the air force. Loren Johnson was also congratulated for becoming 21 years old.

Don Anderson read the preliminary pledge orders he and his co-pledge-master, Tom Kukar, had drawn up. He then asked for ideas on improving them. Eddie Birch was made chairman of the float committee, and Ray Pearson is general chairman for all homecoming activities.

Officers of the Stout state college band include: Don Gibbons, president; John Wilke, vice president; and Ann Janda, secretary-treasurer. The band has been very active this fall under the direction of Dr. Odegard. The group has not only participated in school activities, but they also participated in the Dairy Day Parade held in Menomonie. Some new uniforms have arrived and are now in use.

At the meeting held by the YWCA on October 2, summary was held on a social service project. It was suggested that the YWCA either help a needy family in Dunn County or send a box to the hospital in Sparta this Christmas. Carol Hawksworth was appointed Social Service chairman for this year. The YWCA members are holding a kitchen clean up on October 16 in the YWCA kitchen on the third floor, the union. The chairman of this group is Carol Kasper. The members of the YWCA would appreciate it if all students would save their discarded clothing, which is still of use, for the clothing drive which is to be held soon. The club wishes to thank everyone who contributed to the drive last year which was a big success. The clothing went to help needy families in Greece.

Pallas Athene held a business meeting last Thursday evening in the library. Final plans were made for the rushing party held Sunday. Discussion was held concerning Homecoming. The annual alumni dinner will again be held on Saturday evening at the Anchor Cafe. Committees were set up for the homecoming float.

On Sunday afternoon Pallas Athene entertained guests at a traditional "Alice in PA Land" party in Harvey Memorial. As each girl stepped through the looking glass into the land of make believe, she received an apron and bow, symbolizing the story book character, Alice. Getting acquainted games and bonco were played. Following this, a story about "Alice in PA Land" was told to the group. Lunch was served, and songs and the Serenade were sung.

Thirty members of Gamma Delta enjoyed a hike and picnic at St. Siegfried's lakeside home on September 30. The perfect autumn coloring and weather provided to make the day very enjoyable for everyone.

A business meeting with vespers and cost supper was held at St. Paul's Lutheran church on Sunday evening. During the meeting the conference, to be held at Champaign, Ill., on November 2, 3, and 4, was discussed. It is hoped that at least one car of representatives can attend.

The next meeting will be October 21 at which time there will be a discussion on the synods.

All Lutheran students are welcome to Gamma Delta, especially those of the Synodical conference.

A picnic at Lake Pepin and a visit to Memorial hospital were among the plans for the school year discussed at a meeting of Dietetic club held Monday evening at 6:30 in Room 12 of the library. The picnic will be held Sunday, October 21, for members of the club and for past members who will be here for Homecoming. Dietetic club plans to visit Memorial hospital on Monday afternoon, October 29, when Mrs. Mary Constantine, a Stout graduate who is a dietitian at the hospital, will speak to the group. Plans were discussed for the fruit cake sale, which is held in November and December each year, and members were asked to pay dues as soon as possible.

## DID YOU KNOW ?

Whether comma or hyphen or dash—Such decisions should never be rash.

On such points in the end

Our fate may depend.

When the Regents have settled our hash.

Now a comma is dull and pedantic;

It evades all grave issues semantic:

To a place we're assigned

In the state, not the mind.

And our Regents are not geomantic.

We have reason to feel elation

That at least we've escaped hyphen-

ation,

For I fear we might find

That a hyphen would bind

Us too closely for automation.

But a dash is a mark of felicity,

For a dash points to parenthetically—

A digression abrupt.

Though it should not disrupt

Ties that bind, it permits elasticity.

—E. M. KERR

## ALICE HELPS SHATTER FAVORITE PUNCH LINE

The laughs afforded "city slickers" by the stories about the farmer's daughter, if laid guffaw to guffaw, would re-echo around the world.

She was, so the story went, provincial and naive, a bit of local cheese-cake encased in corn husks.

The folk lore needs revision.

Wisconsin's 20-year-old Alice in Dairyland this year will help shatter the punch line. She is Doris Olsen, the daughter of a Wisconsin farmer. Her home town of Brooklyn in southern Wisconsin has a population of 500 and the high school from which she graduated has an enrollment of 60.

Doris has finished her junior year at the former Wisconsin State College, Milwaukee with good grades and has developed a poise and charm which could be the envy of any metropolitan miss.

The 5 ft. 2 in. brown-eyed blonde plans to teach in the lower elementary grades and hopes to travel to Europe, during her teaching career before marriage. She likes children and college courses in English and history.

"I haven't yet met the man for me," says Doris. "I think the best place to meet him will be in college. I haven't set any standards of height and weight for him to pass but I would want him to think as I do, particularly about important things such as education, religion, and home."

Doris thinks that college is essential for men who will have to compete with college graduates, and almost equally important for women who will be raising America's next generation of young people.

In the future, when she meets and marries the man for whom she admits she's looking, she would like a family of two boys and two girls.

"And I don't care where my home is," she declares, "nor what my husband's occupation is."

Naive and provincial? Haw! Haw!

## NEWS OF OUR ALUMNI

Daniel Jeatran, B.S. 1952, is now professor of restaurant cooking at the Milwaukee vocational school. There are 13 men and only two women enrolled in the class at the present time. Prof. Jeatran says, "When it comes to heavy cooking, the kitchen seems to have more appeal for men than women."

Rodney Hanson, B.S. 1950, M.S. 1955, has been teaching 7th and 8th grade general shop at Robbinsdale, Minnesota. Rodney has also been secretary of Minnetonka Industrial Arts Club. This club has about 200 members which includes most of the suburban schools of the twin cities.

Charles A. Stubbs, B.S. 1954, teaches machine shop at the Green Bay school of vocational and adult education. Mr. Stubbs is also assistant advisor for Post 40 Green Bay explorer scouts. The Stubbs now have four children.

Mrs. Horace E. Halpin (Ruth Herschleb) B.S. 1942 is assistant to manager of foods at the men's quadrangle residence hall at Purdue. Her husband is a pharmacist in a drug store near the Purdue campus. Ruth plans to attend the National Restaurant Convention in Chicago in May.

Alma Haase, B.S. 1925, M.S. 1948, is teaching Home Economics grade 9-12, and General Science 9th grade at Washburn, Wis. She also assists in planning the school menus.

Mrs. C. E. Stapleton (Natalie Gehri) B.S. 1952 is an occasional substitute teacher in Beloit schools. Natalie attended the Christmas party of Milwaukee alumni chapter this past year.

Florence Gattshall, B.S. 1951, is a lecturer traveling the U.S. for National Livestock and Meat Board. She also makes TV appearance.

Fred G. Wentoff, B.S. 1950, M.S. 1955, and his wife formerly Gerry Erickson, B.S. 1950, are living in Racine with their two children, Eric and Kurt. Mr. Wentoff teaches driver education, woodworking for women, re-finishing, Adult woodworking and Carpenter Apprentices at the Racine Vocational School. He is also a member of the Elks club, Chairman of the vocational sub council, and Y.M.C.A. building fund group leader.

### ALUMNUS ASSIGNED TO DEFENSE INSTALLATION

Herbert J. Barnhart, class of 1949, recently completed a 9 month Air Defense Computer Training Course given at Kingston, New York, the Military Products of the International Business Machines Corporation announced today.

Mr. Barnhart has been assigned to an Air Defense Installation at McGuire Air Force Base, Wrightstown, New Jersey, site of one of the SAGE air defense computers being manufactured for the Air Force by IBM Military Products Division at Kingston.

These high speed computers, comprising more than 350 tons of elec-

HERBERT J. BARNHART

tronic equipment, are used to gather and evaluate Air Defense information coming from Radar posts and other sources. Crew members are responsible for keeping the giant computers in continuous, around-the-clock operation.

The course included specialized electronic training required for the installation, testing and maintenance of the computers.

Mr. and Mrs. Barnhart will move to Wrightstown in the near future. They have 2 children.

### ALUMNI NOTICE

All alumni of the former Philo and the present Tri Sigma sorority are cordially invited to attend the annual Homecoming breakfast on October 20. It is to be held at Our Savior's Lutheran Church and will begin at nine o'clock.

### CHICAGO AREA ALUMNI

Following the current trend, a "do-it-yourself" buffet will be held on Saturday, November 3rd at 8 p.m. (or as soon after 8 as you can make it), at 10210 W. Belmont, Franklin Park.

If you can join us, please notify: Mrs. Gilbert Schoenoff, 2914 Edison Street, Blue Island, Illinois by Oct. 23rd. Cost: \$1.50 per person.

## OLD GRADS . . . . TALKING OVER OLD TIMES

OUR BON FIRE WAS BIGGER 'N YOURS!

### ALUMNI NEWS

Alton P. Rigotti, B.S. 1947, M.S. 1950, is superintendent of schools at Engadine, Michigan. They have now incorporated two other townships into his district. A new elementary addition is nearly completed which includes a new home economics laboratory and machine shop.

Mrs. L. E. McAmber (Jean Bangsberg), B.S. 1942 and her family are residing in Spring Lake, Michigan. She has recently joined a home economics group which has been organized for all local home ec. grads to help plan some of the programs for night schools as one of their projects.

Mary Swiston Everts, B.S. 1935, is head housemother at nurses residence hall at Milwaukee County Hospital. Mary is also connected with Phi U activities of the Milwaukee alumni chapter. She was co-chairman of ways and means committee and founder's day luncheon. Miss Everts toured in Door county last October and is planning a trip to Florida this year.

Leonard A. Petersen, B.S. 1937, has been residing in Green Bay for 27 years with his wife and three sons. Mr. Petersen teaches printing and other industrial arts at Washington high school. He has been a member of legion boys state staff since 1940, and is counselor in charge of state daily paper. He was laid up eight weeks last winter as a result of a train collision.

### IOWA AREA ALUMNI

Stout Alumni in Iowa, their families and friends will be holding their annual breakfast "get-together" at Bishop's Cafeteria in downtown Des Moines, 8:00 A.M. on Friday, November 2, 1956 during the ISIA convention. No reservation necessary - just be sure to come. Informal, congenial, no speeches allowed. Mr. Wigen, Director of Graduate Studies, at Stout will be there to meet with us and to answer any questions that you may have concerning the growth of your alma mater. For further information, contact L. S. Wright, 1126 Tremont Street, Cedar Falls, Iowa.

### ALUMNI NOTICE

Former members of Dietetic club who will be here for the Homecoming week end are invited to attend the picnic being held by the club at Lake Pepin Sunday afternoon, October 21. Cars will leave from the circle.

### STOUT STATE BLASTED BY LA CROSSE

Last Friday night Stout's football team traveled to La Crosse to play the State College there in a conference game. All indications pointed to a good tight game as neither team had won a game and both were beaten by River Falls by nearly identical scores. The results of these games appeared that Stout had the edge and was picked by many to beat La Crosse. However, the Indians apparently hadn't gotten the word as they ran up seven touchdowns while holding the Bluedevils scoreless to win 44-0. La Crosse wasn't particularly impressive in its victory, but they took advantage of every break to score repeatedly.

The Bluedevils had one of those nights when everything goes wrong. The line, which had been so impressive in the first three games was unable to hold the hard-charging Indians; the usually hard running backs were unable to gain, and the vaunted passing attack backfired as two passes were intercepted and run back for touchdowns and other interceptions kept Stout on the defensive.

The thing that broke the Bluedevils was La Crosse's scoring two TD's within minutes after the game started and two more in less than one minute as the second half began.

Stout kicked off to La Crosse who returned to the 40 yard line. On the first play, the Indians scored on a 60 yard pass play. A couple of plays later a Bluedevil's fumble on the 45 was recovered by La Crosse who scored in about 6 plays. A few minutes later, an attempted pass was blocked, intercepted and run back for another touchdown. The Indians' fourth touchdown was scored early in the second quarter on a 51 yard drive.

The second half started with the Bluedevils' kickoff being returned to the Indian 25. The 75 yards to pay dirt was covered by an end run on the first play. About a half minute later, La Crosse intercepted another pass and scored on the runback. The final score came midway in the last quarter on a 40 yard drive after an interception.

Coach Gerlach and his staff have been working hard this week with the team in preparation for tomorrow's game at Whitewater. If the Bluedevils play up to their ability and have a good instead of a bad night, Whitewater's homecoming could very easily be spoiled by a Stout victory.

### NEW YORK YANKEES WIN WORLD SERIES

The New York Yankees defeated the Brooklyn Dodgers 9 to 0 yesterday to win the World Championship of Baseball. It was a decisive victory for the Yanks and a terrific climax to an almost impossible comeback as the Yankees were 2 games down after leaving Ebbets Field in Brooklyn.

What happened after the New Yorkers got back in the stadium that Ruth built is now history. They won three in a row. Don Larsen pitched a perfect game, and the Dodgers were completely outmanned and outplayed.

So, the crown moves from Brooklyn to Yankee Stadium and the season over for another year. It was as thrilling a series as any ever played and the millions of people across the country who viewed it will talk about the series all winter and next spring until the snow melts and the crack of a ball n' bat once more fills the air.

### W.R.A. TOURNAMENT GETS UNDERWAY

The volleyball tournament got under way October first with Alma Hautamaki, Carmen Krings, and Jan Hoyde's teams winning the first round of games. Two more games between each of the six teams will be completed before the winner of the tournament can be determined.

A handbook for all W.R.A. members has been distributed. It contains the purpose of the organization, explanation of the point system so each girl knows how she can earn her letter, pin, etc.

Members of W.R.A. will be selling the college pet Wednesday and Thursday of homecoming week. The purchase price of the pets is \$1.95.

The new shipment of pets are slightly smaller than the ones sold in previous years, but these leaping kangaroos are equally as attractive.

This year W.R.A. will again sell balloons during the homecoming week.

### INTRAMURAL FOOTBALL STARTS AT STOUT

There will be intramural touch football games played at Nelson Field at 5:30 on scheduled nights. A team consists of nine players, although fewer players may be used by mutual consent. The game will be played on a regulation size football field and the game will be composed of four eight-minute periods with a one-minute rest between quarters and a three minute rest between halves. If a team is not ready to play within ten minutes after scheduled starting time, the opponents are awarded the win on a forfeit. The scoring is the same as regulation football.

Schedule for 1st Round

Team	vs.	Team
I Sig Tau		Our Sicle II
III F.O.B.		Erbstroesser IV
V Zabay		Delfosser VI
VII Hills		Darrett VIII
IX Hubbard		O'Connors X

"I just found out your uncle's an undertaker. I thought you told me he was a doctor."

"Nope, I just said he followed the medical profession."

"A girl who is wrapped-up in herself makes a mighty small package."

### BLUEDEVILS TO MEET QUAKERS OF WHITEWATER

Once again the Stout Bluedevils hit the road for their next game, as the Bluedevils travel to Whitewater tomorrow to play the Quakers of Wisconsin teachers college. Stout will be in search of their first victory of the season when they meet Whitewater for their homecoming game.

Last week the Bluedevils were decisively trounced in a game that could well be termed as an upset. The Indians of La Crosse performed the role of executor to the tune of 44 to 0 shel-lacking. Stout had been the favorite at pre-game warm-ups and looked as though they couldn't win their first game of the 1956 campaign. But, from out of nowhere, came one of those fatal periods when absolutely nothing goes right, and that about sums up the Bluedevil efforts for the La Crosse game.

Stout didn't meet Whitewater last year in football, but the Quaker record this year is highly respectable when compared with Stout's four straight defeats. Coach Gerlach, who saw Whitewater play last week end, commented, "They looked very good, although I couldn't tell much about their passing attack because it was too windy and both sides stuck to the ground on offense." "The boys are looking better this week, and on scrimmages have been a lot better recently. Perhaps the La Crosse thumping was a 'wake-upper,'" he added.

The team leaves here Friday at 11:30 a.m. for Madison where they will spend the night. On Saturday the Blue devils will journey on down to Whitewater for the afternoon game, returning to Menomonie after the contest.

Let's get out and send the team off tomorrow morning, and remember, if you're near Whitewater over this extended week end, back your Bluedevils.

This column will not attempt to pick the final score this week.

The tentative starting lineup is as follows:

- LE — Eland
- LT — Martens
- LG — Nadeau
- C — Tepp
- RG — Feller
- RT — Doane
- RE — Stauffacher
- QB — Klaers
- LH — Broeran
- RH — Wicklund or Christensen
- FB — Mitchell

### STOUT RIFLE CLUB TO SPONSOR DECAL SALE

On Sunday, September 30, members of the Rifle Club went to the Eau Claire National Rifle Club range to fire in an individual club match. The Stout Blue team, consisting of three members, outshot the four members of the Stout white team.

The Stout Rifle Club will sponsor a sale of Stout decals during the week of October 15.

### STUDENT OPINIONS OF WORLD SERIES ASKED

How did you feel about the results of the World Series?

William Jyhla: I'm glad the Yankees won. It separated the men from the boys.

Ernie Olstad: I think it was terrific!

Bob Gannon: What happened?

Marshall Wake: I thought it stunk!

Howie Krop: They deserved to win. It was hard fought and well played.

Jane Olea: Who won?

Duane Wicklund: I think it goes to prove that Newcomb can't win the big one.

Carl Pouzar: I think the Yankees won.

Bill Buckley: We was robbed.

Dave Grebe: It turned out the way it should have.

Bruce Olander: I don't know. I was not much interested.

Bill Wensel: I still think the Braves should have won.

Dick Popp: If people would have quit stepping on my hands when coming home at night I might have heard a little more of the game.

Author's two cents worth: No comment! I'm from Milwaukee.

# It's Homecoming at Stout

Pictured above is Miss Betty Havlik, of Hillsboro, Wisconsin, who reigns over the 1956 homecoming activities at Stout state college. Betty is the student's choice for queen and she presides over the largest homecoming ever to be held at Stout.

## CORONATION KICKS OFF STOUT'S HOMECOMING

### RULING BODY DISCLOSES NEW CAMPUS IDEA

The student governing board has held two regular meetings and one special meeting this fall. Business that has been discussed includes:

1. The Assembly-Lyceum committee will consist of three underclassmen instead of three seniors.
2. Eligible students for Who's Who have been nominated. From this list the governing board will choose the final group.
3. The constitution for the Newcomers Club has been accepted, and that organization is now a recognized club on campus.
4. A constitution is being set up for an International Relations Club.
5. An effort to acquaint foreign students on campus with Stout was discussed. The situation is being acted upon.
6. The freshmen class will be dismissed from classes Friday to work on the bonfire. Roll call will be taken at the beginning and end of the day.
7. Several club budgets will be examined by the board and recommendations will be made.

### FELLOWSHIPS AVAILABLE FOR CERTAIN STUDENTS

Seniors at Stout State College are invited to seek information concerning the Danforth Graduate Fellowship program from Dr. Ralph G. Iverson, the liaison officer for the local college. This is a national program whereby approximately sixty men preparing for college teaching are given financial assistance for graduate study. Its purpose is to bring into higher education a large number of young men, who are aware of the place for moral and religious values in teaching and counseling.

A Danforth Fellow is free to use his Fellowship at any accredited university in the United States. The annual maximum grant is \$1800.00 for a single man and \$2400.00 for a married man, with an additional stipend for children.

### Snake Dance, Bonfire, and Mixer to Follow Queen Betty's Coronation

Homecoming activities will officially open tonight with the coronation of Betty Havlik, a junior from Hillsboro, Wisconsin. Stout's 1956 Homecoming Queen, Julia Munich will be at the organ at 8 o'clock as Queen Betty is escorted to the stage to receive her crown from last year's queen, Ginny Ehlers Wick. Crown bearers for the ceremony will be Joey and Emily Olsen, children of Mr. and Mrs. K. T. Olsen, Menomonie. Attending Betty during this festive week end will be Billie Jo Braker, a junior from Menomonie, and Pat Siebert, a senior from South Milwaukee. During the coronation ceremony the new queen will present a football to a representative of the team and special music will be provided by a male quartet.

Immediately following the coronation ceremony the student body will form a snake dance, led by the cheerleaders and Stout band, and proceed to the fairground for the bonfire which is lighted by the captain of the football team. All freshmen classes are dismissed today to permit members of the class to work on the bonfire which is under the supervision of several upperclassmen. Here a pep rally led by the cheerleaders will precede the welcome to alumni from Queen Betty, greetings from former S.S.A. officers, and from alumni.

A mixer in the Stout gym will end the Friday evening activities and lead the way to those which will follow Saturday.

### DR. FLEMING SPEAKS TO PRESS ASSOCIATION

Speaking to a sectional conference of the Wisconsin Chippewa Valley School Press association, meeting at Eau Claire state college on October 23, will be Dr. Thomas Fleming, director of public relations at Stout state college and associate professor of English and journalism.

Dr. Fleming will address the association section devoted to "Creative Writing and the School Publication."

### EVENTS OF THE WEEK

### DEAN KIRK AND MRS. VANEK ATTEND MEETING

Main speaker at a recent home economics sectional meeting were Dr. Alice J. Kirk, dean of home economics, and Mrs. Alyce Vanek, instructor of clothing at Stout state college.

The sectional conference was held in conjunction with the eighth annual convention of the North Wisconsin Lake Superior Education association, meeting in Ashland. Title of the combined presentation was "Preparing for Your Future - Clothes Wise and Grooming Wise."

Dr. Kirk stressed the changing philosophy of home economics and modern trends in the college and high school teaching of clothing and textiles. She emphasized the need for the planning of facilities in keeping with the objectives of today's education in this field.

Mrs. Vanek explained the manner in which Stout state college has used a new room planned specifically for such course, and then demonstrated just how such a room could be utilized to the greatest possible degree.

Attending the sectional meeting were teachers and supervisors of home economics education from throughout Northern Wisconsin.

### MORE SENIORS ENROLL IN COLLEGE EACH YEAR

More and more high school seniors in Wisconsin are enrolling in college after graduation. High school principals are well aware of this trend. Once it was one or two graduates who entered college from a senior class of 50 students. Now it's 17 or 18.

What this has done to college enrollments is best shown by the tremendous growth of the Wisconsin state colleges. These 11 institutions had dropped as low as 2,500 in enrollment during World War II. After the war they increased to 7,500, and then dropped back to 6,450 in 1952 as the veteran "invasion" slowed down.

In the four years since 1952 state college enrollments have jumped more than 75 per cent. Official size of the colleges, as reported by the Regents' office this week, is 11,305 students.

Five of the colleges have doubled in size in four years.

The 4,855 student increase since 1952 is equivalent to adding a new college of more than 1,200 students every year. The increase this fall was 1,358 students. And all this has happened as the number of graduating high school seniors remained about the same, year by year.

There are signs that the "go to college" trend will level off at a new high in a few years. Increases this fall, although substantial, are not as great as last fall.

### NATIONAL EDUCATION ASSOCIATION WELCOMED TO MADISON IN 1884; 5,000 EDUCATORS CAME

In 1884 Wisconsin welcomed the National Education Association to Madison. The 12,000 inhabitants of the capital city were asked to help house the 1,500 expected educators in their first visit to the state.

More than 5,000 came. One leading educator, J.L. Pickard of Iowa, suggested that delegates be put to bed, when sound asleep, be removed and "stood up in a corner to put somebody else in their beds." Cots had been brought up from Chicago and blankets were furnished by people from many Wisconsin communities.

Early in the session ex-governor Lucius Fairchild announced that there were 700 beds left. He was told that delegates to fill them were still coming and he expressed the fervent hope that "there will not be 701."

It was easily the largest gathering of educators ever assembled in America.

Delegates were welcomed by Wisconsin Governor Jeremiah Rusk and John Bascom, president of the small (400 students) young University of

Wisconsin. Meetings were held in churches, the senate and assembly chambers, and general sessions had to be held outdoors in the capitol park.

Wisconsin and Madison were good hosts for the four-day July meeting. Said association President T. W. Bicknell of Boston, "Wisconsin has a body and heart large enough to receive all educators." He praised Wisconsin scenery, lakes, and "beautiful air," and then concluded that no other state and no other city could have accommodated the "tremendous throng."

A chorus of Indian students from Nebraska sang "America" in Dakota language. The great Negro educator from Tuskegee Institute in Alabama, Booker T. Washington, discussed education in the South. And there were discussions and resolutions on Arbor Day, temperance, college admission, foreign language, and duties of school superintendents.

### WORKSHOP NOW ON CAMPUS

On the campus of Stout state college today are more than 100 industrial arts supervisors and teachers attending a special arts workshop. The participants come from Wisconsin, eastern Minnesota, and Iowa.

Keynote speaker is George Martins, employment manager of the Falk Industrial Corp., Milwaukee. His address deals with "The Placement, Development and Appraisal of People."

Accompanying Martins is Norman Geiger, chief draftsman at Falk. He will discuss and demonstrate "Modern Drafting Technique" for the workshop session devoted to drafting.

Leading the session on general motor mechanics is Harvey Hoth, field service specialist for Power Products Corp. Grafton, Wisconsin.

General chairman of the event is Dr. Herbert Anderson, head of the college department of woodworking. The four industrial arts areas to be featured, together with the Stout faculty member in charge, are as follows:

Drafting, Dr. J. E. Ray; upholstery, K. T. Olsen; general motor mechanics, Ernest Rawson; and aluminum forming, Edwin Dyas.

### HISTORY OF BONFIRE IS TRACED FROM 1463

Bright hungry flames licked the burning debris and gave to the dark autumn sky an eerie appearance, as onlookers gave evidence of their unrestrained excitement.

This was and is a bonfire: the place—anywhere; the people—humans; the time—any time from 1463, the date recorded as the earliest history of the bonfire, to 1956, our contemporary atomic age.

A bonfire, throughout the ages has been used to burn bones and bodies, to show national rejoicing or alarm, or to offer sacrifice to some renowned deity.

Today while chill autumn winds blow and dry leaves are torn from nearly bare trees, somewhere, someplace, sometime, a bonfire burns once more. It marks one of the main events in the festivities of homecoming: at one's alma mater. And as the fire burns, the warm, bright flames are many arms beckoning the alumni, students, and friends; and in a cheerful, crackling voice they say, "Welcome back to one and all!"

### STUDENT COMMITTEE ASSIGNMENTS GIVEN

The Stout state college 1956-57 list of committee assignments has been released. The following Stout students are assisting the faculty members and representing the student body on various committees:

Aleen Shinabarger and Joe Jajtner, Assembly and Lyceum; Fred Ponschok and Althea Schroeder, Athletic; Ann Janda, catalog and publications; Andree Jost and Ken Wittig, commencement; Joan Marquart and Leo Nevela, counselling services; Barbara Hartig and Joe Koch, curriculum and instruction; Barbara Austin and Gurt Phillips, library; Eugene Battist, Jerry Howard, Ann Kofoed, and Nathalie Wick, student welfare.

Up and around again after a skirmish with some duck hunters, the Weatherbird today predicted a partly cloudy and mild weekend.

"Skies should stay fair, and the mercury should climb to the upper seventies today," he stated, "with a few clouds showing up tomorrow, but I doubt if it will rain."

He added that he looked for slightly cooler temperatures Saturday and Sunday, in the high sixties.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member

Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days.

Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practices. ## FROM THE EDITOR'S DESK

Welcome back, alumni! It's wonderful to have you with us for another homecoming. Some of you have probably traveled long distances.

The president of Yale recently said that the sun never sets on its graduates. The same statement may be applied to Stout, since graduates are in South America, Africa, various parts of Europe, and Formosa, as well as in many other countries and in every state of our own United States.

Alumni of Stout state college are privileged to belong to the Stout Alumni association. Such membership enables graduates to retain their ties with Stout and at the same time enhance the reputation of the college.

Alumni association members receive two newsletters and 30 Stoutonias each year, enabling them to keep track of fellow graduates. They have access to names of graduates in their area who are interested in forming local alumni groups or may join such groups already in existence. The association aids in organizing get-togethers at homecoming, area conventions, and similar occasions. Members have the opportunity of helping sponsor activities for traveling student groups from Stout. Through the association, it is possible to help provide scholarships for entering freshmen each year. A service which was recently added to this list is a report of vacancies which graduating seniors aren't able to fill.

Membership is open to any person holding a diploma or degree from Stout institute or Stout state college, or any person accepted by the registrar as a candidate for a degree. Honorary membership may be granted to a person not qualified for ordinary membership upon recommendation of the executive council and by a majority vote of the association membership.

Membership fees are two dollars for annual single or joint membership or 30 dollars for life membership. The latter may be paid in six annual payments. Graduates automatically become a member of the Stout Alumni association for one year, during which time membership is free. Membership may be renewed without paying past dues.

Remember, past and future grads — the cost of membership is small when you consider that it pays for the subscription to the Stoutonia, brings you news of your friends, informs you of all local, state, and national Stout alumni reunions, informs you of job vacancies, and helps needy boys and girls finance their college educations.

## CLUB NEWS

Those members of the United Student Fellowship who remained in Menomonie this past week end were invited to supper by the Rev. and Mrs. Farley in their home at the regular meeting time. There will be no meeting this week, Oct. 21, but all U.S.F. members are urged to attend the reception in honor of the installation of Mr. Farley as the new minister. The reception will be held in the church Sunday afternoon.

The members of the YWCA met Tuesday evening, October 16, at the union. The evening was spent in a Kitchen Clean Up in the kitchen on the third floor.

## "MEN" OF STOUT PLEASE TAKE NOTICE

Calling all men — before you touch that razor, think of what that beard could do for you. It might be worth \$5000.00 an ounce, plus an all-expense-paid trip with a two-day stay in Hollywood and an appearance on TV. Ronson Corporation, 31 Fulton Street, Newark 2, N. J., is sponsoring a nation-wide search for men with beards three months old or more. Those selected would be paid the heavy per ounce payment at the time the beard was shaven on "Playhouse 90", a 90-minute weekly network show which began on Thursday, October 4. To qualify for selection, all applicants must be over 21 and must mail to the Ronson Corporation, sample strands of beard, a close-up snapshot of full beard, and details of age and occupation.

## COEDS PLEDGE FOUR SORORITIES ON CAMPUS

The four sororities on the Stout state college campus have announced their pledges for fall, 1956.

National sorority, Alpha Sigma Alpha pledges are: Barbara Bratley, JoAnn Hovde, Sandra John, Gerry Krueger, Alice Marshall, Jan O'Grady, Pauline Rosentiel, Betty Schomburg, Jane Thompson, Gloria Walstad, and Judy Wyss.

Opal Burton, Ardelle Dregne, Annette Hanson, Peggy Kingsley, Mary Lou Schleis, Audrey Schroeder, Jeanne Machel, Jo Wendorf, and Ann Wesslen compose the pledges for the national sorority, Sigma Sigma Sigma.

The Hyperian sorority has chosen thirteen pledges: Marilyn Webb, Eileen Case, Gwen Urbanz, Patty Jo Hovde, Phyllis Haugen, Alma Hautamaki, Bev Spry, Ruth Ann Stratman, Carol Bibby, Peggy Handlos, Mary Hitesman, Ruth Olson, and Marvel Klecker.

The Pallas Athene pledges for fall, 1956 are: Bo Brown, Liz Butler, Rita Casey, Diane Davis, Louise Grant, Marlys Pettis, Mary Ann Parkel, Sarah Ness, Bobette Mulock, Loretta Sletten, Pat Soldner, Yvonne Swensen, Bette Zander, Mary Tickler, Barbara Williams, and Lillian Holst.

## DORM NEWS

The Tainter Hall dorm council has now been completed with the addition of four kitchen proctors. The council now consists of: president, Peggy Kovats; vice-president, Gerry Hillecoat; secretary, Teresa Horkan; treasurer, D'Ann Matson; and the four kitchen proctors: Caroline Wettstein, Lynda Chase, Donna Paul and Evelyn Kich-efski.

The open house, which was originally planned for October, has been postponed because of further work necessary on the dormitory grounds and especially on the driveway. A tentative date of November 11 has now been set.

Student assistants at the dorm are Janet O'Grady, Barbara Lydick, and Ardelle Dregne, head student assistant.

Preparations for homecoming are still underway and the girls are beginning to look forward to the week-end of homecoming which promises to be a happy one.

## A.P.O. FORMAL PLEDGING HELD OCTOBER 9

Formal pledging, held by Alpha Phi Omega on October 9, 1956, at 7:00 p.m. on the 3rd floor of the union, found 18 new men taking the pledgeship oath. These along with one transfer student bring a total of 19 new men into the fraternity. The new pledges taking the oath were: David Anderson, Wisconsin Rapids; Vachovas Vaithevius, Kenosha; John C. Stroebel, Milwaukee; Steven Landig, Neenah; John Simmons, Milwaukee; Terrell Rietz, Bloomer; Charles Constantine, Cambridge, Massachusetts; Philip Hansen, Sheboygan; Bill Cornell, LaCrosse; Bill Showacre, Fairmont, West Virginia; Jerry Koskinen, Zion, Illinois; Ronald E. Bergman, Brillion; Earl Collins, Green Bay; Bob Gannon, Park Falls; Ronald Unertl, Mosinee; Helmuth Albrecht, Winthrop Harbor, Illinois; James O'Connor, Mosinee; Brian Kirby, Menomonie. Jug Brown, who transferred from Oshkosh state, was a past member of A.P.O. and, therefore does not have to go through the pledging.

At the conclusion of the ceremony, which was very impressive, Norm Voliska, vice-president and pledgemaster, informed the new pledges what they will have to do during their pledging period. A.P.O. does not have a "hell week;" everything done by the pledges must be of service. The new pledges this year will accomplish 4 major service projects, (1) to the youth and community; (2) to the youth and faculty; (3) to the members of the fraternity; (4) and to the nation as participating citizens. New trash cans around the campus will be one project. Jim O'Connor was elected pledge president, and Jerry Koskinen was elected pledge secretary.

## STOUT DIETETIC CLUB REPRESENTED AT ADA

Eight members of the Dietetic club attended the national convention of the American Dietetic association held in Milwaukee October 8-12.

Members of the group, who left Wednesday, October 10, to attend the session, included Pat Seibert, Rita Pauls, Carol Gilson, Dorothy Disrud, Barbara Hartig, Eleanor Weltzin, Maryellen Pfeiffer, and Bonnie Bauman.

Headquarters for the convention were located in Hotel Schroeder, and exhibits were set up in the Milwaukee arena. Meetings were held at the hotel and the arena.

Exhibits included institutional equipment, nutrition information, and food samples. A tour of Milwaukee County hospital was one of the highlights of the convention.

## LAST CHANCE! to enter Reader's Digest \$41,000 CONTEST

It's fun to do — and you may find you know more about human nature than you think! Just list, in order, the six articles in October Reader's Digest you think readers will like best. Couldn't be simpler — and you may win \$5,000 cash for yourself plus \$5,000 in scholarships for your college.

Have you sent in your entry yet? Entries must be postmarked by midnight, Thursday, October 25. Entry blanks available at your college bookstore.

## NEWS OF OUR ALUMNI

**Richard Sutton, B.S. 1949, M.S. 1955,** teaches woodwork, sheet metal, bench metal, and drawing at Prince Edward public school in Winsor, Ontario Canada. Mr. Sutton recently attended the 10th. annual reunion of no. 6 service flying training school, RCAF and renewed a number of wartime acquaintances.

**James J. Leigh, B.S. 1947, M.S. 1954,** his wife and three sons are residing at St. Cloud, Minnesota. He is in charge of the printing department and part time driver-training in the new H. B. Gough Vocational Building. Other Stout graduates at St. Cloud include: Paul Ingwell, Ralph Myhrman, Vaughn Stai, Harvey Tice, Dan Chamberlin, Connie Malmsten, and Wes Schlough.

**Wm. F. Johnson, B.S. 1938,** is teaching woodworking and general shop at Frederick, Wisconsin. He plans to attend the American Industrial Arts Association in Milwaukee in April. He is also the president of the Methodist Men's group.

**Dewayne W. Burek, B.S. '53,** is teaching vocational machine shop and metals at Freeport, Ill. He recently attended the I.V.A. convention at Peoria, Ill. and had the opportunity to meet several other Stout graduates. Mr. Burek, his wife, and two daughters Jane and Sally are living at 1220 S. Seely Ave. Freeport, Ill.

**Kathleen Wentlandt Paradise, B.S. 1954** is living in Monte Vista, Colorado where her husband has a drugstore. They have one boy, and recently celebrated their 10th. anniversary. She substitute teaches occasionally at the high school in their town. The family takes their yearly vacation to Arizona and Roswell, New Mexico, where her sister, Bonnie W. Eastling, B.S. 1942, lives. Kathleen is a member of the Federated Women's club, leader of women voters, and also plays the organ at church.

**Earl R. Herring, B.S. 1952,** will be moving to Hibbing, Minnesota, to be with their Technical Aid Curriculum in the junior college. Previous to this employment he has been head of the fine and applied arts department at Minot, North Dakota, State Teachers college and acting dean of men for the past year. In May, Mr. Herring moved to Billings, Montana as a guest of the Carter Oil Company. They are having a six-state engineering educators conference with a tour of their new oil refinery as a highlight of the program.

**Dan C. Blide, B. S. 1922,** who has been employed at Minot state teachers college for almost 30 years is leaving to accept a position at Tucson, Arizona, where he will be head of the Sal Pointe high school there.

**William C. Fehrenbach, B. S. 1950,** and M.S. 1952 is employed with the Continental Can Company in Milwaukee. He is plant job instructor, in-service training program director, and is in charge of plant tours, public relations and the company magazine. Mr. Fehrenbach was recently accepted as a member of Wisconsin Industrial training directors association. He is also recording secretary of St. Matthias building expansion program.

### ALUMNUS SERVES WITH U.S. ARMY IN MUNICH

A Stout alumnus serving in the armed forces is Specialist Second Class Lewis E. Lausted, son of Mr. and Mrs. Frank L. Lausted, Route 2, Colfax. He is a member of the engineering team of the U.S. Army's German Training Advisory Group in Munich, Germany. The team is instructing officers of the new German Army in the use of American engineer equipment.

LEWIS LAUSTED

He was graduated from Stout State college in 1953 and is a member of Phi Sigma Epsilon and Epsilon Phi Tau fraternity.

### ATTENTION, STOUT ALUMNI

All Stout Alumni that will be in Milwaukee during teachers' convention will be especially anxious to read this good news. There will be an informal buffet supper and social hour that will be held on Thursday, November 1st at the Milwaukee County Federation of Women's club at 1462 No. Prospect Ave. from 4:30-6:30 p.m. The location, being very convenient, is only 5 minutes from downtown and the No. 30 bus stops right at the door.

Reservations, with the correct amount of money, will be accepted up through October 25, 1956. The price is \$1.50 per person and reservations may be made through:

Milwaukee Area Stout Alumni  
6926 W. Bluemount Rd.  
Wauwatosa, Wis.

Let's plan to have the biggest get-together that Milwaukee has seen.

### IOWA AREA ALUMNI

Stout Alumni in Iowa, their families and friends will be holding their annual breakfast "get-together" at Bishop's Cafeteria in downtown Des Moines, 8:00 A.M. on Friday, November 2, 1956 during the ISEA convention. No reservation necessary. - just be sure to come. Informal, congenial, no speeches allowed. Mr. Wigen, Director of Graduate Studies, at Stout will be there to meet with us and to answer any questions that you may have concerning the growth of your alma mater. For further information contact L. S. Wright, 1126 Tremont Street, Cedar Falls, Iowa.

### MILWAUKEE AREA

The fall meeting of the Milwaukee area alumni was held Tuesday, October 9, 1956 in the form of a true pot-luck dinner at the Wilson Park Pavilion.

Every effort is being made to reach all alumni that will be in Milwaukee for the W.E.A. convention, so as to make the informal buffet supper a real social gathering. If everyone, new and old, puts forth every effort to include this meeting in his day's roster, grads from every year will enjoy renewing acquaintances.

### CONTEST HELD ON SAFE DRIVING FOR STUDENTS

Does \$2100 appeal to you? If so read on.

You may enter the ninth annual college-newspaper contest on safe driving, sponsored by the Lumbermen's Mutual Casualty Company, and share \$2100 in cash prizes.

Each year this campaign is sponsored to help reduce traffic accidents among young drivers. You as a student can help to stop the rising toll of accidents by giving other students facts concerning traffic situations and suggestions for improvement through editorials, features, cartoons, and photographs.

To be eligible for judging, the material must have appeared in a college publication, between Nov. 12 and Dec. 15, 1956, inclusive. Entries will be judged on the originality of material, method of presentation to the reader, and general effectiveness and vigor of the campaign or individual entry.

Material for publication may be left at the Stoutonia office, and further information can also be obtained in that office.

### COLLECTOR'S SOCIETY TO HOLD FIRST MEETING

What do you collect?—Coins—Stamps—Butterflies—Girl's telephone numbers. No matter what you collect, you are invited to come to the meeting of the Collectors Society. The main objectives of these meetings are to swap, sell, supply and steal information and items related to the various hobbies and interests of the members.

There are no rules or dues required for membership in the Society. The only requirement desired is an interest in collecting something, in fact, collecting anything.

So bring your collection or hobby to room 11 in the Library at 7 p.m. on Tuesday, October 30. For any further details contact Bill Osier, Chairman.

## PRESENTING STOUT'S 1956 FOOTBALL BLUEDEVILS . . .

## STOUT BLUEDEVILS TO TACKLE YELLOW JACKETS OF SUPERIOR

## Stout Hosts Superior for Homecoming Contest With Spirit High For Victory

Tomorrow afternoon the Blue Devils of Stout state college meet the Yellowjackets of Superior state teacher's college. The scene of action will be Nelson field at 2:30. The game marks the high light of another Stout homecoming. Also on the record is the fact that the Blue Devils have not won a single contest this year, nor have they won a homecoming engagement since 1952, when Stout beat Eau Claire 33-0!

The Yellowjackets come to Menomonie with a not too impressive record of 2 wins and 3 straight losses. This same team which started the season like a house on fire with victories over the University of North Dakota and Oshkosh State has since bogged down and now stands with 1 win and 3 losses in the conference.

"Superior is potentially good, although they have dropped some tough games, and they should give us a hard time," stated Coach Gerlach. "However, our boys are up for this one and know that we have to win it. Our defense has been sharpening up lately, and if we can overcome these bad passing streaks, we'll be right out there," he added.

Last week, Stout outgained Whitewater, had more first downs, and lost

by thirty points! The Blue Devils had nine passes intercepted and a punt blocked that all enabled the Quakers of Whitewater to run up a 34 to 7 score against Stout. "Those fumbles and pass interceptions gave the game away," was Coach Gerlach's summary.

The Blue Devils have been rebuffed in all their efforts to win this year and in the process of doing so, have lost five straight. The Superior game is the last conference contest of the year and Stout will be out to win it in order to break into the standings.

The student spirit seems to be at a new high for the year as game time draws near, but a little renewed effort couldn't hurt anyone. The Blue Devils need to, and should win this one. Let's hear from the Blue Devil backers.

Last year Stout and Superior played to a 6-6 tie. This year this column says it will be Stout by 6 points, 19 to 13, in an upset.

## The tentative starting lineup:

LE—Eland  
LT—Doane  
LG—Nadeau  
C—Tepp  
RG—Oyama or Feller  
RT—Martens  
RE—Holder or Stauffacher  
QB—O'Leary  
LH—Boeran  
RH—Christensen  
FB—Mitchell

## ATTENTION

The STOUTONIA is looking for two or three fellows who are interested in writing sports articles. If you are interested contact the STOUTONIA, either by coming to the staff meeting on Monday or through the mail box.

Eau Claire at La Crosse  
Oshkosh at Whitewater  
Milwaukee at Platteville  
Stevens Point at River Falls  
Superior at Stout

## JOSEPH GERLACH, NEW BLUEDEVIL COACH

The new member on Stout's coaching staff is Joseph Gerlach, a University of Wisconsin graduate. He is the man you see pacing the area in front of the benches at all the Blue Devil games, for he is the coach of Stout's football team.

Mr. Gerlach was raised in Schullsburg, Wisconsin, a town located near the Illinois-Wisconsin border. He comes to Stout with an abundance of experience, having worked previously with York Community high school of Elmhurst, Illinois, the University of Alaska, the Duluth Branch of the University of Minnesota, Dickinson state teacher college, Dickenson, North Dakota, and the University of Illinois.

After completing his education, playing football during his freshman year, Mr. Gerlach went into service. He is, however, an avid sports fan, being extremely interested in football and baseball.

Right now another of Mr. Gerlach's interests is raising his own football team. He has six children, three boys and three girls, ranging in age from fourteen to two years.

Our best wishes to you, Coach Gerlach, in coaching here at Stout and in the years to come.

## STOUT BEATEN BY QUAKERS OF WHITEWATER

Last Saturday Stout's Blue Devils traveled to Whitewater and suffered their fifth straight defeat. The score was 34-7. This score, like most of Stout's previous scores, fails to tell the true story of the game. The Blue Devils played a hard game as indicated by the dozen or so Whitewater players who were injured by hard blocking and good tackling. However, except for one instance, Stout lacked the scoring punch; whereas, the Quakers were quick to take advantage of the breaks in most instances and in doing so racked up five touchdowns.

The thing that hurt Stout most was Whitewater's pass defense as intercepted passes stopped many of Stout's drives and led to Quaker touchdowns.

The Blue Devils' lone score came in the first quarter on a short pass from Joe O'Leary to Basil Holder. Verne Christensen booted the extra point and Stout was through scoring for the day.

Jerry Stauffacher led the fine defensive work of the ends, Christensen was outstanding in the backfield on offense, and Dick Tepp played his usual sterling defensive game.

The loss was Stout's fourth in a row in conference play and the fifth of the season. The Blue Devils have three remaining games on their schedule. In the event that some of you may not be aware of it, this is Homecoming week end, and tomorrow is the big game with Superior. Although our team doesn't have a very impressive record, how about everyone going to the game to back the Blue Devils? After all, the Homecoming dance after the game will be much more pleasant with a victory to celebrate than a loss, and your support is essential to the team.

## WHAT ARE PROSPECTS OF BEATING SUPERIOR?

What kind of showing do you think Stout will make against Superior in the game Saturday afternoon?

Peggy Douglas: Stout will look as good as the football field with the same amount of backing.

Ken Wittig: I don't dare say what I think because I want to graduate in the spring.

John Malmin: The boys have had a lot of bad luck, but if they tackle low they have a good chance of storming Superior!

Mary Jane Grotte: Just wait a minute, I'll have to think about that.

Marlene Krause: I think Superior will win.

Neil Miller: I think they'll win their first game of the season.

Tom Sobczak: I think they'll give Superior a pretty good fight. It'll be a close game.

Dick Hosford: I don't think we'll win but it'll be a close game.

Dick Popp: Where there's a will, there is a way.

Mike Johnson: Same as ever!

Marilyn Berkseth: I guess we have a pretty fair chance; at least it'll separate the men from the boys.

## MALAYAN STUDENT JOINS STOUT STUDENTS: PLANS TO TEACH HOME ECONOMICS ON RETURN

Many students have exclaimed over the very lovely Malayan girl on Stout's campus. She is Anna Gurusamy. Her beautiful, colorful costumes are of special interest.

Anna arrived in Menomonee in June after a long train trip from New York and a longer sea voyage. She traveled over the ocean on a Norwegian freighter along with 11 other passengers who consisted of three American families. The freighter stopped at about four ports along the way and Anna was able to see many sights previously unfamiliar to her. The voyage took six weeks and immediately after arriving in New York she took a train to Eau Claire, Dr. and Mrs. Iverson met her and brought her to Menomonee and to Tainter Annex where she now lives.

Anna likes living in the dorm and adds, "The people are all kind, friendly, and thoughtful to me."

Home economics courses are the major interests of Anna while at Stout because she plans to teach home economics when she goes back to Malaya next summer. She will teach in a school where they have not had home economics previously.

Education in Malaya is neither free nor compulsory. Students receive their grade and high school education altogether in 11 years. On completion of these 11 years an examination, set and marked by the Cambridge university of England, must be taken. The future of the student is at stake on this exam. If he passes the test, he receives a certificate which enables him to obtain a very good job. The students, however, the highest grades are allowed to attend the university.

Food in Malaya is very different from food here. Rice is the main dish in Malaya supplemented with fresh fruits and vegetables. Our heavy, rich desserts such as pie and ice cream are

unheard of. Sea food is also eaten a lot, being plentiful because Malaya is surrounded on three sides by water.

Malaya has a population of many races, customs, tongues, and costumes. The three main races are the Malaya, Indian, and Chinese, plus English and Europeans. Malaya is at present under freedom next August.

Transportation in Malaya is chiefly by bicycle, although there are a few cars and buses. The tri-shaw, very much like the rick-shaw, only bicycle drawn, is also very popular. Roads are usually winding and rough because much of Malaya is mountainous and undeveloped. There is little modern machinery and television is not to be found.

A rainfall of 100 - 125 inches a year and a climate of 80-90 degrees F. at all times are two good reasons why so many rubber and coconut plantations have sprung up in Malaya. The U.S. buys a lot of Malaya's rubber and tin.

Malaya has its own system of measure. For example their pound or kat is equal to 1 1/3 pound in America. The monetary system resembles ours however, except for a difference in valuation—the U. S. dollar is worth three Malayan dollars.

## SNACK BAR OFFERS LOW COST LUNCHEONS

Many of the Stout students have been taking advantage of the student snack bar located in the old tea room of Harvey Hall. The snack bar is open daily Monday through Friday from 11:15-1:15 featuring two menus daily. These two menus include a cold plate for 45 cents, and a hot plate for 65 cents. Included in the cold plate are soup, sandwich, salad, and beverage. The hot plate consists of meat, potatoes, gravy, vegetable or salad, roll and butter, and beverage. Various desserts are available at a small added cost. Under the direction of Miss Mary Killian, the snack bar is an attempt to offer the Stout students a balanced meal, served quickly in a cheerful environment, at a minimum cost. With the staggered noon hours the snack bar can accommodate 200-300 persons daily. All students and faculty are invited to eat their lunches daily here where they can be quickly served cafeteria style and receive a satisfying, balanced diet at this very low cost.

## DANCING CLUB MAY BE ORGANIZED ON CAMPUS

Are any of you interested in starting a lively dancing group on the campus? There is a possibility of starting a group similar to the "Square Dancers" of Eau Claire at Stout State. The function of the club would be to foster dancing in most forms. There would be ballroom dancing, square dancing and any other type of dancing the group would like. If you are interested in a group like this see Dean Antrim soon.

## DANFORTH FOUNDATION ANNOUNCES THEIR GRADUATE FELLOWSHIPS

The Danforth Foundation, an education trust fund in St. Louis, Missouri, invites applications for the sixth class (1957) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching and are planning to enter graduate school in September, 1957, for their first year of graduate study. The Foundation of fellowships, applicants from areas of Natural and Biological Science, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President Verne C. Frykholm has named Dr. Ralph G. Iverson, director of student personnel services, as liaison officer to nominate to the Danforth Foundation two or not to exceed three, candidates for these fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The maximum annual grant for single Fellows is \$1,000; for married Fellows, \$2,000 with an additional stipend for children. Students with or without financial need are invited to apply. A Danforth Fellow is allowed to carry other scholar-

## DUFFY'S TAVERN WILL BE HELD AFTER GAME

Following the Northland football game on Saturday night, the annual Duffy's Tavern, sponsored by the F.O.B. fraternity, will be held in the small gym. Admission is 35 cents per person. Music will be furnished by the Biggest Little Band from Chipewa Falls. There will be the best in modern music, with polkas on request.

## FRIDAY'S HOMECOMING ACTIVITIES SUMMARIZED

Homecoming activities for 1956 were officially opened at 8:00 p.m. Friday, October 19, in the Stout Auditorium as Betty Havlik, Hillsboro, was crowned by Ginny Ehlers Wuk, 1955 homecoming queen. Julia Muenich presided at the organ and crownbearers were Joey and Emily East.

Football princesses, Billie Jo Braker, Menomonee, and Pat Seibert, South Milwaukee, were introduced by Queen Betty who then presented Dick Tepp, football captain, with a football.

Immediately following the coronation ceremony, the cheerleaders led the student body in a torchlight parade to the fairgrounds where Dick Tepp lit the bonfire which had been built by the freshman class.

The cheerleaders led a pep rally followed by Queen Betty's welcome to all guests, which Gordon Maves, 1955 S.S.A. president, and Warren Barberg greeted the audience.

This was followed by a parade and snake dance to the gym where refreshments were served to alumni and a record dance was held.

## DANFORTH FOUNDATION ANNOUNCES THEIR GRADUATE FELLOWSHIPS

The Danforth Foundation, an education trust fund in St. Louis, Missouri, invites applications for the sixth class (1957) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching and are planning to enter graduate school in September, 1957, for their first year of graduate study. The Foundation of fellowships, applicants from areas of Natural and Biological Science, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President Verne C. Frykholm has named Dr. Ralph G. Iverson, director of student personnel services, as liaison officer to nominate to the Danforth Foundation two or not to exceed three, candidates for these fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The maximum annual grant for single Fellows is \$1,000; for married Fellows, \$2,000 with an additional stipend for children. Students with or without financial need are invited to apply. A Danforth Fellow is allowed to carry other scholar-

ship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with his Danforth Fellowship. Applicants for these appointments are cordially invited to apply at the same time for a Danforth Fellowship.

If a man receives the Danforth Appointment, together with a Rhodes Scholarship, Fulbright Scholarship, or Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend, until these other relationships are completed.

All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Minnawakee in Michigan next September.

The qualifications of the candidates as listed in the announcement from the Foundation require men of outstanding academic ability, personality congenial to the classroom, and integrity and character, including serious inquiry within the Christian tradition.

All applications, including the recommendations, must be completed by January 31, 1957. Any student wishing further information should get in touch with Stout's liaison officer, Dr. Iverson.

Hal Holbrook will impersonate Mark Twain in the Stout auditorium on Wednesday morning. He will appear in costumes almost identical to portraits of Twain himself, having spent a great deal of research and care in editing of Twain's most interesting material.

## DEADLINE SET FOR SELECTIVE SERVICE TEST

College students interested in taking the Selective Service College Qualification Test have until midnight, Tuesday, October 30, 1956, to submit application, it was announced today by Lyke M. Spencer, president of Science Research Association, authors and administrators of the test.

The purpose of the testing program is to provide evidence for local Selective Service boards so they may consider student deferment for military service registrants.

To be eligible to apply for the test, scheduled to be given November 15 to college students in 900 test centers throughout the United States, Alaska, the Canal Zone, Hawaii, and Puerto Rico, a student must intend to request deferment as a student, be satisfactorily pursuing a full-time course of instruction, and must not have previously taken the test.

Students interested in taking this test to qualify for possible draft deferment, in order to continue their college education, are urged to have their complete application postmarked no later than midnight, October 30. Applications after October 30 will not be accepted.

For additional information, applications, and addresses of test centers, students should consult any Selective Service board.

At Stout state college they may get these materials in room 123, Harvey Hall.

## RECAP OF SATURDAY HOMECOMING EVENTS

Saturday's busy round of activities included various sporting and fraternity breakfasts, a parade, the football game with Superior, a coffee hour, alumni dinners, and the homecoming dance.

Selecting three winning floats from a parade of 33 units was a difficult task for judges. Almost everyone agreed that the students really went all out this year to provide one of the best parades in a long time.

After much deliberation the Phi Sigma Epsilon fraternity float was selected as the most in keeping with the theme, the Phi Omega Beta fraternity won the prize for the most humorous float, and the Sigma Sigma Sigma sorority had the most beautiful float. Honorable mention was also given to the following: Delta Kappa Kappa, Hyperion sorority, Alpha Sigma, Phi Sigma, Phi Sigma, Phi Sigma, and the Newcomers Club.

With spirits high, a large crowd turned out to see the football game. Although Stout's Blue Devils played a good game, they bowed to the Superior Yellowjackets, 24-6. At the half-time the band stepped off to provide some interesting formations and maneuvers. Queen Betty Havlik and her court, Billie Jo Braker and Pat Seibert, were presented before the audience. The winning floats were driven around the field at this time also.

Following the game an informal coffee hour was held at the Bertha Tainter hall for all alumni.

Climaxing the day's events was the homecoming dance held in the high school gym. Johnny Roberts and his orchestra set the tempo for three hours of enjoyment. During intermission the queen and her court were once more presented.

## IMPERSONATOR BRINGS MARK TWAIN TO STAGE

Countless people are familiar with Mark Twain as an author. He was one of the most beloved and entertaining humorists of his time.

Impersonating this renowned lecturer in the Stout Auditorium on Wednesday, October 31, at 9:30 a.m., will be Hal Holbrook. He will recreate Mark Twain in his element: on a stage, before an audience, and will perform just as Twain himself may have performed.

Holbrook first became acquainted with the Mark Twain influence while in college, and he developed a keen interest in the famous humorist. He has discovered Mark Twain's marvelous ability to define the truth in human nature and society.

A great deal of research and careful planning has preceded a program on some of Mark Twain's most entertaining material. Holbrook includes selections from favorite Twain stories as well as the anecdotal commentary for which Twain was famous.

Episodes from "Huckleberry Finn," "The Innocents Abroad," "Roughing It," as well as portions of speeches such as the satire on "Accident Insurance," the "Advice to Youth" speech, and Twain's "Seventieth Birthday" speech are all represented.

Holbrook will recreate the great philosopher in complete costume, appearing almost identical to portraits of Twain himself.

## PLANS ARE MADE FOR GUIDANCE CONFERENCE

The 6th Annual Guidance Conference will be held Thursday, January 10, 1957. Dr. Ralph G. Iverson has arranged to have E. G. Williamson come and act as keynote speaker for the conference. Dr. Williamson is the Dean of Students and Professor of Psychology at the University of Minnesota. Dr. Williamson is one of the outstanding men in his field.

The Conference will commence in the morning with a general session in which Dr. Williamson will be the key speaker. Following the general session the group will split up and go to one of the seven sectional meetings. In the afternoon there will be seven more sectional meetings. The conference will conclude with another general session in which a panel of eight picked members will question Dr. Williamson.

These conferences have been a great help and are geared for guidance counselors, teachers, and administrators of the elementary, secondary and vocational schools. Last year's conference brought about four hundred guests to the Stout campus.

## DR. AGNEW ANNOUNCES INTEREST IN NEW CLUB

Dr. Agnew has announced an interest by the students of Stout state college to start an International Relations Club. The function of the organization will be to discuss and work with peace and international affairs. The club, founded by the Carnegie Endowment for International Peace, has chapters all over the U.S.A. and in many foreign countries. Anyone wishing to know the functions of the organization should see Dr. Agnew or Betty Friley, the co-ordinators of the International Relations club.

**DID YOU REMEMBER TO REGISTER TO VOTE?**

## WEATHER BIRD

General cloudiness and cooler temperatures are in store for our area this week end.

Speaking from the comparative safety of his front porch, where free-shooting hunters don't worry him, the weatherbird predicted chilling northerly winds, scattered showers and possibility of frost by Friday night.

"It still be cool Saturday," he said, "but both clouds and low temps should let up by Sunday."

Winds this afternoon are predicted to be from the northwest from 10 to 15 mph, gradually diminishing by Saturday afternoon.

## FROM THE EDITOR'S DESK

The 1956 homecoming is over and done with and it becomes just another factual part of Stout's history. Some people will say that it was the best one yet, and others will hesitate as they recall some little thing that was disagreeable to them and comment that the homecoming wasn't such a good thing after all. Let's see if we can't find out what some of the things were that were seemingly disagreeable.

It seems that the complaints go back to Friday night at the queen's coronation when an organization roped off eight rows of the better seats in the auditorium for their own members and those alumni who formerly belonged to it. It was even pointed out that a few faculty were forced to sit in the balcony because of this fact, to say nothing of the countless alumni for whom this week was set aside. Is this being democratic when something like this happens? Then to top it off, all the "reserved" seats were not filled!

Following that on Saturday when Stout organizations put forth their best on parade many varied complaints were heard, most of which boiled down to one solid fact — there were too many "floats" that placed emphasis on being crude in every sense of the word. There is a great deal of truth in this statement, and unless some steps are taken to avoid a repetition of this color, the reputation and prestige of these organizations will suffer greatly. After all, we are college students now, and if we want to be treated like such, we'll have to put on displays that are mature and not childish.

A highly justified complaint was heard from others concerning the fraternity pledging that started just prior to homecoming and that will continue through this week. It seems that some frats just can't control their efforts to haze pledges, and in the process of giving these neophytes a rough time, these very same fraternities are presenting a highly questionable code of ethics. They just seem to forget that the pledging concerns their organization and only their organization. Just where "hell week" stops and very poor taste sets in has already been taxed to its fullest by these same fraternities, and it is about time some steps are taken by those of authority to stop this sort of force that occurs twice each year. To ridicule and belittle those not concerned with a frat is an invasion of privacy and slander at its worst.

This seems to sum up a few of the seemingly disagreeable essentials of the past week end and they have been presented in hopes that something can be done about future homecomings. We believe that the student governing board should take action on this sort of thing and bring it under control.

This past week much has been heard about the situation in Poland. There are those who laud this country for exercising man's right to Freedom and equality. There are those who look beyond Poland's overt actions and try to find the reasons behind this major step.

Here in America we've had our freedoms for so long that we take them for granted. Instead of considering voting as the privilege it is, many people who have the right do not use it. "It's too late to lock the door once the horse has been stolen," according to a proverb. Let's not give anyone the slightest opportunity to take from us the rights, privileges and obligations we have as voting Americans.

Another right is freedom of speech and freedom of the press. The Stoutonia encourages students to write letters to the editor on some significant problem involving a number of Stout students. Griper are heard frequently but few people take the time to do something constructive about them. "An empty wagon rattles loudest," states another proverb.

Let's back our school and country. As Americans we have a long list of privileges. They will be lost unless we as American citizens exercise our rights and fulfill our obligations.

## NOTICE

Everyone is invited to attend the showing of the movie "The Unfinished Task" at St. Paul's Lutheran church on Sunday, October 28 at 8:00 p.m. A lunch will be served immediately after the movie. A free-will offering will be taken. This event is sponsored by Gamma Delta.

## WOMEN'S RECREATION ASSOCIATION INITIATES

Several new members were initiated into W.R.A. Monday, October 8. A very pretty candlelight ceremony took place during which the prospective members repeated the pledge after the club president. Each new member was then congratulated by all the officers. Punch and doughnuts were served.

Officers for the coming year are Carolyn Griska, president; Ardelle Dreger, vice-president; Diane Bournoville, treasurer, and Muriel Erickson, secretary. Carmen Krings is reporter, and Beverly Spry is the historian.

## NOTICE

An insert of homecoming pictures will appear in next week's paper. Cuts did not arrive in time for this edition.

## CORRECTION

The following correction needs to be made in last week's article, "Student Committee Assignments Given." Carolyn Griska, new president of W.R.A. will be replacing Althea Schroeder on the athletic committee. She will be working with Fred Ponschok.

## CLUB NEWS

Tower staff members and their guests enjoyed a get-together on Tuesday, October 16, which was given by Dr. and Mrs. Adams and Dr. and Mrs. Barnard. The delicious 6:30 p.m. buffet supper was followed by informal conversation. The party was given at the Barnard home.

By now everyone should have their college pet, the "Leaping Lena" kangaroo. If not, get in touch with Mary Ann Spangler and she will be happy to sell you a pet at any time.

The volleyball teams at the top of the ladder are Alma Hautamaki, Carolyn Griska and Barbara Bender. The three losing teams of last Monday night's games will challenge the winners for the championship, on Monday, October 22nd, which will end this tournament.

The Wesley Fellowship of the Trinity Methodist Church held a meeting October 21, at 5:00 p.m.

Recreation in the form of a scavenger hunt began the meeting, with a supper of meat loaf and baked potatoes following. After eating, the group held a short business meeting with president Larry Nelson presiding.

The main event of the evening pertained to the month's theme, Brotherhood, with Mrs. Archib Henry speaking on "The United Nations." During her speech, Mrs. Henry mentioned and explained the functions of several organs of the U.N., and U.N.'s beginning and its constitution. Another interesting point of her speech was the explanation of the languages used in the U.N. and how "Simultaneous Translation" had become very important in the functioning of the U.N.

A short worship service and friendship circle closed the meeting. The next meeting will be October 28, with Albert Kahalakulu speaking on "Hawaii."

The Tri Sigma sorority had a workshop meeting Thursday, October 18, to finish work on the float for homecoming. Mrs. Salyer, the alumni advisor, served coffee and doughnuts for refreshments.

Mary Rzek had received replies from several orchestras for the dinner dance in May, so discussion and voting were held.

## DIETETIC CLUB HOLDS PICNIC AT LAKE PEPPIN

A picnic at Lake Pepin completed the homecoming week end for members of the Dietetic club. After a scenic drive to the lake on Sunday afternoon, Miss Mary Killian, advisor, treated the group to fried chicken, salad, rolls, fruit, and toasted marshmallows topped off the meal.

Plans are being made by the club for a tour of Memorial hospital in Menomonie on Monday afternoon, October 29. Mrs. Charles Constantine, dietitian at the hospital, will serve a spaghetti supper to the members. Hal Holbrook impersonator

A.P.O. arm bands and pledge pins identify the large pledge class of Alpha Phi Omega. Pledges of A.P.O. have many service projects underway or in the planning stage this semester. Two projects which will be completed soon are: replenishing shop first-aid kits; and placing new trash cans around the campus. Replicas of the fraternity keys are all a part of an A.P.O. pledge, but their primary duty still remains this: to be of service.

## NEWS OF OUR ALUMNI

George Scheffeler, B.S. 1927 has been selected Dane County's entrant in McCall magazine's search for outstanding educators. Mr. Scheffeler is director of vocational schools in Stoutton, Wisconsin. He has held this position for 24 years. Previously he served for 13 years in Marinette, Wisconsin. With Scheffeler's leadership, the Stoutton Vocational institution has made notable strides, both in the varied courses offered and the wide-spread areas served.

Mr. and Mrs. Scheffeler have two children, George Irving and Ruth Genevieve, who are both married and living in Detroit.

Major James R. Ennum, B.S. 1936, was a student in the Junior Republic, Warrenton, Oregon, U.S. Marine Corps, Quantico, Virginia, and is now with the 1st Marine Division in Camp Pendleton, California. He graduated from U.S. Navy Special Weapons Employment School in December, 1945.

Florence I. Scouter, B.S. 1919, is the Dean of home economics and professor of nutrition at Denton, Texas. She has directed research in foods and nutrition, and has received Williams-Waterman grants. She was the reporter at the April A.C.S. meeting of the Biological Chemistry Division, Dallas, Texas. Her address is NT 5217, Denton, Texas.

Miss Agatha Norton, the daughter of Mr. and Mrs. T. J. Norton, Route 2, DePere, has accepted a position on the University of Wisconsin faculty staff. Miss Norton received her Bachelor's degree from Stout in 1939 and her master's degree from the University of Wisconsin. She will teach home economics and related arts in the Department of Agriculture at the university. She formerly taught at Washington and Brookfield high schools.

Mr. and Mrs. Russell Pollock, (Madelyn Erickson, B.S. 1950) M.S. 1956, announce the birth of a son, Steven Russell, born September 25 at St. Luke's Hospital, Racine, Wisconsin.

Miss Helen Good Krause, B.S. 1937, wife of C. Robert Krause, B.S. 1939, passed away after a lingering illness. He is survived by her husband and two children.

Miss Leah Dee Battistone, B.S. 1938, lives at 7777 Appaline Avenue, St. Louis, Missouri, with her husband and two daughters—Lois, 14 years and Janet, 13 years. She has three sisters who graduated from Stout.

Lois Dee is living in California.

Doris Dee Peterson is a homemaker in Sheboygan, Wisconsin, and is the mother of two girls and a boy.

Mary Dee and Hugh Keown operate a feed store in Dome, Georgia. Hugh formerly taught industrial arts at Martha Berry schools, but now manages his late father's farms and lands. Mary taught at Wausau, Wisconsin, Vocational school, and is now teaching homemaking and general science at home high school. They have four boys ranging in age from 3 to 14 years.

Carl Wicklund, B.S. 1947, recently traveled throughout the midwest appearing on television programs demonstrating the power tools of Magna Power Corp., manufacturers of Shopsmith multi-purpose tools. Carl is sales manager for the company. The Wicklunds reside at 8520 W 25th St. in St. Louis Park, Minnesota, with their two boys ages 7 and 4.

Instructor of industrial arts education at Ohio state university is Don W. Thiel, B.S. 1953. This teaching is to girls in occupational therapy and elementary education. The Thiel family is well involved in the process of getting an education. Sherry Jo, the oldest daughter, is in the second grade, and Kim is trying out the first grade. Their mother, Lois, is adding to her store of medical knowledge by the study of anesthesia. Don has been working on the requirements for a Ph.D. in education. The home of this educational enthusiasm is 3284 Riverside Drive, Columbus 2, Ohio.

Mrs. Arne Dittmeier, B.S. 1948, is a homemaker at Balsam Lake, Wisconsin, with two sons ages 4 and 6. She is a guardian of the Campfire girls of the 7 and 8 grades. The girls are trying their dramatic ability with two one-act plays.

Karl Windberg, 1950 graduate of Stout state college, now of Milwaukee, while attending the college's summer session. He plans to complete work for a Wisconsin tinkers with an engine in the Colorado A and M machine shop master's degree in industrial arts at Colorado A and M next summer.

Windberg, who taught in Madison's East high school the past four years, will move to Flint, Michigan, in the fall to join the General Motors institute staff as automotive instructor.

### ALUMNI NOTICE

The committee in charge of reservations for the reunion during the WEA convention is not sending tickets out.

A checklist of reservations is being kept and no tickets will be necessary.

Elizabeth Hosenweg Schuma, B.S. 1952, is a housewife and a member of the Rochester Dietetic Association. Her husband is industrial engineer for the Eastman Kodak Company. They live with their son, Brooke Schuma III who was born April 1, 1956, at 32 Lakeview Park, Rochester 13, New York.

Delores I. Elliott, B.S. 1934, with 1 year internship for dietetics at university of Minnesota is now on the staff of the public relations department of the Dow Chemical Company in Midland, Michigan.

George J. Fink, B.S. 1935 is teaching math, electricity, and auto mechanics at Niles Township high school in Skokie, Illinois. He has also formed a radio club at this school. Mr. Fink is planning a trip to St. Louis in March for the convention of the Illinois Vocational Association.

Bruce Sorensen also a graduate from Stout and former next door neighbor to Mr. Fink at Fair Oaks while attending Stout, is teaching woodworking in the same high school, and they live two blocks apart at the present time.

Wes J. VanValzah, B.S. 1953, is now teaching drafting at Custer high school in Milwaukee. He was previously employed in the engineering department of the V L Case Company in Racine. Mr. VanValzah, his wife, and three children spent two weeks in Florida this past summer.

George R. Kinsler, B.S. 1951, is living in La Crosse with his wife and one son, George Oliver. He is teaching auto mechanics and driver education in the high school there. He was recently a member on the vocational driver education conference in Madison in February. He is also vice president of the LaCrosse Education Association.

Mrs. Robert W. Senta (Annabelle Marie Sargent), B.S. 1943, her husband, and three sons are living in Anaheim, California. They were back to Menomonie for a month's visit in August. Their home in Anaheim is just 5 minutes from Disneyland in California.

James A. Leuder Sr., M.S. 1954, is teaching general metals in the high

## BLUEDEVILS TO TACKLE TOUGH NORTHLANDERS

Once again the Stout state college Bluedevils hit the trail that they hope will lead to a victory over the rival footballers. Tomorrow night Stout meets the Lumberjacks of Northland state teachers college. The Bluedevils are still in search of their first win this season and their first win since the last time they played Northland a year at this time. Stout has now lost 13 of its last 14 games.

The Bluedevils will not go into the game as the favorite, nor will Northland be given any sort of a nod. The Lumberjacks have won a few games this year, but like Stout have been beaten more than they have won. If the Bluedevils can overcome their habit of bogging down near the goal line every time they get close to pay dirt, then they should bag their first win of the season.

The Bluedevils have demonstrated an ability to outplay their opponents in previous games, but they have not been able to out think them. Superior, capitalizing on a series of mental errors, rode over the Bluedevils last week by 18 points. The Yellowjackets were penalized approximately 150 yards for various reasons, but yet they managed to come out of the hole more than once and Stout was kept mostly on the defense for this reason. The Bluedevils will have to demonstrate the ability to take advantage of the

Whitewater at St. Norbert's

breaks tomorrow in order to gain their first win.

Last year Stout beat Northland 27 to 19, at Ashland. This is a non-conference game and the last home game of the year for the Bluedevils. Stout ended conference play with a 0 won, 5 lost record which placed the Bluedevils in the cellar. Next week Stout travels to Iowa to play Loras College in Dubuque.

Let's see how many Bluedevil backers we can get out to the game tomorrow and try to root the team home to a victory.

The tentative starting line-up:

LT—Doane  
LG—Nadeau  
C—Tapp  
RG—Oyama  
RT—Martens  
RE—Holder  
QB—O'Leary  
LB—Zomoser  
RH—Christensen  
FB—Mitchell

## NINE SENIOR FOOTBALL PLAYERS END ACTION

Nine familiar figures will be missing on next year's football team as a result of graduation. So, the close of this year's season also marks the close of action for these graduating athletes.

Seniors who have participated in football and worn their letters are the following: Vern Christensen, Maury Ellis, Neil Hoepfner, Basil Holder, Lyle Martens, Bill Romoser, Ed Zilm, and Jack Longshore as sports editor and Leo Pieva as football manager.

To each one of these athletes we, on behalf of the student body, wish to say, "Thanks a lot."

Frosh: "You look broken up. What's the matter?"  
Soph: "I wrote home for money for a study lamp."  
Frosh: "So?"  
Soph: "So, they sent me the lamp."

## STOUT DUMPED BY SUPERIOR AT HOMECOMING

Last Saturday afternoon a winless Stout football team lost its sixth game in a row, this year as Superior spoiled our homecoming with a 24 to 6 victory. There can be no excuses or alibis for this defeat as the Bluedevils got all the breaks but failed to capitalize on them. One unofficial report has Superior losing 125 yards by penalties to Stout's 20 yards. Some of these penalties against Superior put them in a hole, but the Yellowjackets would come right back and make a first down in one or two more plays. In another instance, Stout appeared to have stopped a Superior drive by recovering a fumble, only to lose the ball on the very next play by a fumble. Stout just couldn't take advantage of the breaks. There were, however, some bright spots for Bluedevil backers. Among these were Basil Holder's defensive work and pass catching, Vern Christensen and Bill Romoser's running, Joe O'Leary's punting, and once again Dick Tepp's work.

The game started with Lyle Martens kicking off to Superior. The Yellowjackets took the ball on their 20 yard line and drove downfield to score in spite of being set back twice by a 15 and a 5 yard penalty.

Superior kicked off to the Bluedevils who marched up to the 50, but then bogged down, and were forced to punt. The Yellowjackets, unable to gain, punted to Stout as the first quarter ended.

As the second quarter began the Bluedevils found Superior's defense too much and again punted to them. The Yellowjackets covered 55 yards on this drive to a touchdown including the exchange of fumbles previously mentioned.

At this point the Bluedevils got fired up, and drove 50 yards toward pay dirt only to lose the ball on downs on the Yellowjacket two yard line after having a first down and 5 yards to go for the touchdown. Three straight passes by Stout from the two yard line that were all short of their mark sent the Bluedevils a much needed

The ball exchanged hands a few more times, but there was no scoring in the first half.

The second half started with neither team able to move, until Stout put together a 70 yard drive for a touchdown. The main ground gainers for this drive were passes by O'Leary to Holder. O'Leary scored on a quarterback sneak from the 2 yard line and Stout was back in the ball game, 12-6. This score lasted until the middle of the last quarter when Superior again refused to let either our Bluedevils or penalties stop their 72 yard touchdown march.

The last Yellowjacket TD was scored on a 48 yard pass play in the final minutes of the game that caught Stout defense by surprise.

Stout then took the kickoff and marched up field, but Superior expecting passes intercepted one, stopped our last drive and the game was over.

Tomorrow evening the 1956 Stout football team makes its final appearance at Nelson Field. For those of you who haven't seen your Bluedevils in action, this is your last chance, so get down there and back the team.

Superior ..... 6 0 0 12 24  
Stout ..... 0 6 0 0 6

## STOUT SWIMMERS TO DO 'MADAME DE PARIS'

The Synchronized Swimmers are turning French! On Tuesday, October 11, Stout's swimmers practiced to the record "Madame de Paris." Swimming to this record plus other stunts and arrangements will be used in their show which will be given in January.

Everyone is invited to the Synchronized Swimming meetings. A short business meeting usually precedes the activities in the pool. The meetings are every Tuesday at 7:30 p.m.

An open invitation is offered to anyone interested in joining Synchronized Swimming.

## VICH COLLEGE VILL VIN IS QUESTION OF DECADE

Vich College Vill Vin? Vich College Vill Vin?

That makes it easy a verse to begin. But where do we go from this fair start on?

That poses the crux to ponder upon.

Thus taking performances from the past,

And pounding them out on a cobbler's last,

Plus sweating and toil, add bruises and bumps,

Subtract aching muscles, add dragging rungs,

Divide that by hours, cramming the skull;

Multiply minutes, devoted to hulk.

Then take college spirit, don't mark it X;

Loyal, strong rooters, including each sex.

Breaks of the game, be they fumbles or bones;

Someone whose cranium is full of stones.

Figure them out? Friend, don't even begin.

Sure Ve Vill Vin as Ve have in the past.

Vin for Stout State, the die now is cast.

The STOUT BLUEDEVIL, a thundering herd,

Move like a cyclone at the captain's Word.

## EIGHTEEN STOUT STUDENTS HONORED FOR OUTSTANDING EFFORT AND ACHIEVEMENT

Eighteen Stout students were elected to the honor of Who's Who Among Students in American Universities and Colleges. Who's Who is composed of distinguished students selected from the college for both scholastic and extra curricular achievements. Being elected to Who's Who also serves as a means of compensation for outstanding effort and achievement and a standard of measurement for students.

Each of the eighteen students elected to Who's Who will be awarded a certificate at the Senior Recognition Assembly in May.

Barbara Brown is a senior from Stanley, Wisconsin. She was "Alice in Dairyland 1955-56" and is an active member of the Pallas Athene, Phi Upsilon Omicron, Home Economics Club, Ski Club, Stout Symphonic Singers, and Rifle Club.

Maurice Ellis is a senior from Madison, Wisconsin. He has been an active member of Alpha Phi Omega, Epsilon Pi Tau, Stout "S" club, and Stout Metals Guild.

Betty Fraley is a senior from Barron, Wisconsin. She has been an active member of Pallas Athene, Home Economics Club, Alpha Psi Omega, Stoutonia, Stout Symphonic Singers, Phi Upsilon Omicron, Wesley Student Fellowship, and Inter-Religious Council.

Maurice Guptill is a senior from Geneva City. He has been an active member of Epsilon Pi Tau.

Joseph Koch is a senior from Prairie du Sac, Wisconsin. He has been an active member of Epsilon Pi Tau and Arts and Crafts Club.

Gloria McNeight is a senior from Stratford, Wisconsin. While at Stout she has been active in Alpha Sigma Alpha, Phi Upsilon Omicron, Tower, Stoutonia, W.R.A., Newman Club, and Home Economics Club.

Della Medin is a senior from Mondovi, Wisconsin. While at Stout she has been active in Home Economics Club, Pallas Athene, Phi Upsilon Omicron, W.R.A., L.S.A., and Panhellenic Council.

Carl Smith is a senior from La Farge, Wisconsin. While at Stout he has been an active member in Epsilon Pi Tau, Inter-Religious Council, Stout

Christian Fellowship, and Tower.

Ellen Steinhoff is a senior from Wilton, Wisconsin. While at Stout she has been an active member of Phi Upsilon Omicron, M.A.P., Hyperian sorority, Home Economics Club, Newman Club, and Panhellenic Council.

Stanley Suk, a senior from Brookfield, Illinois, while at Stout has been active in Phi Sigma Epsilon, Epsilon Pi Tau, Stout Symphonic Singers, Rifle Club, Wesley Student Fellowship, and Stoutonia staff.

Jerald Schoenike is a senior from Clintonville, Wisconsin. While at Stout he has been an active member of Sig Tau Gamma, Stout Arts and Crafts Club, and Gamma Delta.

Aleen Shinabarger is a senior from Long Prairie, Minnesota. While at Stout she has been an active member of Alpha Sigma Alpha, Stoutonia, Tower, and Symphonic Singers.

Fred Ponschok, a senior from Kaukauna, Wisconsin, while at Stout has been an active member of "S" Club, Arts and Crafts, and Metals Guild.

James Rowsam a senior from Plainfield, Wisconsin, while at Stout has been an active member of Arts and Crafts, Epsilon Pi Tau, and Metals Guild.

Francis Rauscher a senior from Menomonie, Wisconsin, while at Stout has been active in A.P.O., Arts and Crafts, and Epsilon Pi Tau.

Robert Treise a senior from Menomonie, Wisconsin while at Stout has been active in Stout Typographical Society, and Tower.

Jermaine Folkman a junior from Bonduel, Wisconsin, is editor of Stoutonia and an active member of Sigma Sigma Sigma, Home Economics Club, Y.W.C.A., Phi Upsilon Omicron, and Gamma Delta.

Jim Sand is a junior from Menomonie, Wisconsin. He is an active member of F.O.B., Rifle Club, Epsilon Pi Tau, and "S" Club.

## 'REPUBLICAN ALL THE WAY,' SAYS STOUT

"Republican all the way" might very well be the slogan for Stout state college. This significant fact was discovered last Wednesday after the SSA's all-student pre-presidential election. The total votes per candidate were as follows: Eisenhower, 400; Stevenson, 119; Hoopes, 1; Wiley, 416; Maier, 98; Semraw, 1; Thompson, 367; Proxmire, 164.

A total of five hundred forty-five students out of 1159 voted or about 47 per cent, proving that only half of our students are interested enough in national affairs to take five minutes to vote. Of these five hundred forty-five votes, fourteen were void. Some students wrote in names and others voted for two people as president. Apparently some students didn't take time to read the ballot thoroughly before voting and others just couldn't resist the urge to "goof off." If this election is 80 per cent correct as college elections in the past have shown to be, the Republicans should win the national election and Wisconsin's votes. Time will tell as of next Tuesday, November 6.

## ALLARD EASTLUND BUILDS SCALE MODEL BRIDGE IN GENERAL DRAWING COURSE

"The most accurate and complete scale model I have ever seen."

That was the reaction of a Minnesota State Highway Safety engineer upon inspecting a scale model of the St. Croix Falls Interstate bridge designed and built by Allard Eastlund in the general drawing course of Stout state college. Eastlund was assisted in the project by two fellow students, Larry Bruno and Dick Rokus.

Teacher of this class is Edwin W. Siefert assistant professor of machine and general drawing at Stout state college. Scale modeling is just one aspect of map reading and topography studied during the course. This phase of general drawing has been available to students at Stout since 1951.

Goals of general drawing are to present to students life situations involving the use of various types of organization patterns involving flow charts,

## RAY A. WIGEN SPEAKS AT IOWA STATE

Speaking today to the Iowa State Industrial Arts association on "Industrial Arts Interpretation in This Day and Age" is Ray A. Wigen, director of graduate studies at Stout state college. The meeting is being held in Des Moines.

Director Wigen will divide his talk into four aspects:

1. The term "industrial arts" itself.
2. The role of philosophy in interpreting industrial arts.
3. Methods for determining the curriculum content of an industrial arts program.
4. The nature of industrial arts in this day and age.

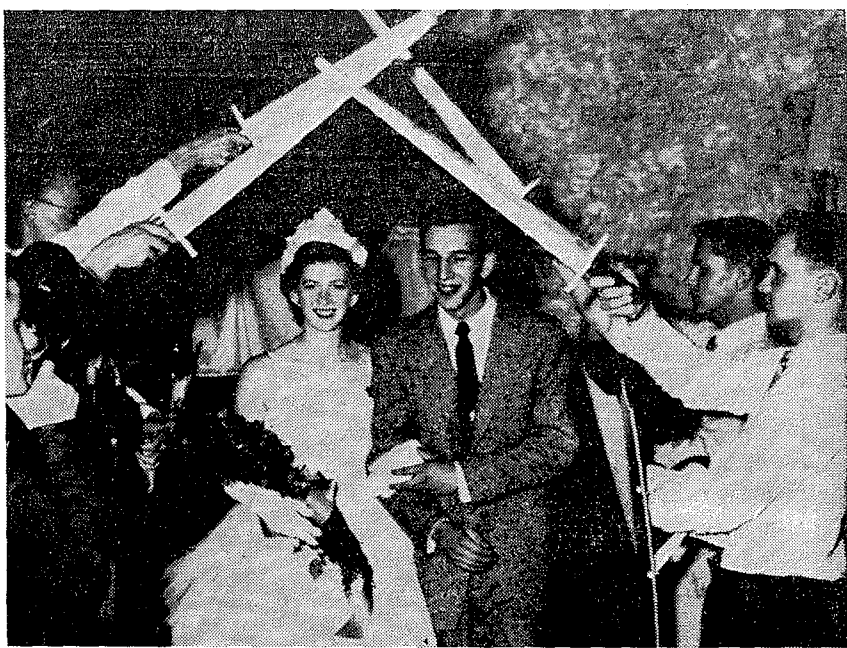

A Stout alumnus, Harold Rasmussen, B.S., M.S., is president of the Iowa State Industrial Arts association. Members of the Stout Alumni association in that area have planned a breakfast meeting during Wigen's visit and he will have the opportunity of meeting many Stout graduates.

## STOUT PROFESSORS ATTEND CONVENTION

Taking active roles in the recent annual convention of the Minnesota Vocational association were two members of the faculty of Stout State College, Philip W. Ruehl, associate professor in the department of electricity and electronics, and George Soderberg, associate professor in the area of finishing. The convention was held in Minneapolis.

Ruehl appeared before an industrial arts sectional meeting to demonstrate "Basic Electric Projects for Industrial Arts." Because of the interest shown in this topic, he repeated the demonstration at three different times.

A continuous three-hour demonstration divided into three different units on finishing was provided by George Soderberg. His general theme was "General Finishing and Spot Finishing." Each unit started on the hour to accommodate the great numbers of interested convention participants.

Queen Betty Havlik and her escort, Jim Jonen, are shown as they left the auditorium after Betty's coronation. Later, they led the torchlight parade to the fair grounds where Betty addressed the alumni.

A pictorial record of homecoming appears on pages three and six.

## DR. NITZ HAS CHEMISTRY LAB MANUAL PUBLISHED

Just off the press is a new chemistry laboratory manual by Dr. Otto W. Nitz, chairman of the chemistry department of Stout state college. Published by William C. Brown Co., the publication is entitled "Laboratory Manual for Introductory Chemistry."

The new manual is a companion publication to the textbook "Introductory Chemistry," written also by Dr. Nitz and recently placed on the market by the Van Nostrand Co.

## NOTICE

Stoutonia staff members will meet at 6:45 on Monday evening, Nov. 5 instead of the usual time. The meeting will be held in room 122 of Harvey Hall.

## PHI SIG PLEDGES INFORMALLY INITIATED

The longest week in history was lived last week by ten Phi Sig pledges. These "scum" enjoyed numerous activities throughout the week, including their "customary happy breakfast duty," some hiking, and some hunting. They all tried their hand at some "ghost writing" too. They will be formally initiated next Thursday night, November 8.

The ten pledges started out their week on October 18, hunting for ribbon and making signs. Friday they were raking leaves at the Phi Sig house, and Saturday they were kept busy constructing their "two-story" float for the homecoming parade. After the football game they attended the Phi Sig alumni dinner at the Colonial Pines and then they attended the homecoming dance.

During the next week, in between serving breakfast to members in bed, shining shoes, washing dishes, and putting up storm windows, the pledges also practiced hiking to Downsville, and hunting up various items of worth (?) for the members. They also tried their hand at writing ghost stories and playing fireman.

Wednesday morning found the pledges in the hands of the Tri Sigma sorority. Some of the pledges performed their duties well, and the others had to reckon with pledgemasters Ron Anderson and Tom Kukar when they returned to the Phi Sigs. Wednesday night the pledges gave their skit, which was followed by a record dance, in the Stout gym.

The day of reckoning finally came, however, and the ten "scums" were informally initiated into Phi Sigma Epsilon fraternity on Thursday, October 25. Their formal initiation will be held after a banquet next Thursday, November 8.

## CLASSES DISMISSED AT 11:20 WEDNESDAY

Thanksgiving vacation will begin with the closing of the 10:30 class on Wednesday, November 21, and classes will begin again on Monday, November 26. Classes are closing at this time so that the students can catch the 400 to travel home.

## HELEN MILLER REIGNS AS ROSE OF SIGMA TAU

Chosen by members of the fraternity as the 1956 Rose of Sigma Tau is Helen Miller, a senior education major from Middleton, Wisconsin. The 8th annual Rose Dance, sponsored by Sigma Tau Gamma, will be Saturday, November 10, in the high school gym. All students are invited to dance from 8:30-12:00 to the music of Johnny Roberts and his orchestra at Stout's first formal dance of the year.

Decorations are being planned to be something out of the ordinary, and members are busily working on them.

Helen, who succeeds June Brodt to the throne, will be crowned by Dr. Swanson, advisor to Sig Tau. She is an active coed on campus, a member of Home Economics club, she also has been philanthropic and scholarship chairman for Alpha Sigma Alpha sorority. The Rose Queen will be escorted by Dick Dignan.

Attending the Rose Queen will be Dorothy Dieter of Brewster, Minnesota, a senior education major. Dorothy is past literary editor, and editor of Tower, is president of Phi Upsilon Omicron, and is a member of Home Economics club. Her escort will be Dave Gresch.

Elizabeth (Liz) Butler, a sophomore from Minneapolis, will also attend queen Helen. A pledge to Pallas Athene sorority, Liz will be escorted by Bill Erpenbach.

Tickets may be purchased in the hall, from frat members, or at the door of the dance for \$2.00.

## M.A.P. HAS CAST ITS FALL PLAY PRODUCTION

The Manual Arts Players wish to announce the cast of their fall production, "Ring Around Elizabeth" that will be held December 6, 7, and 8. Sharon Athrop has received her first role at Stout as Lourette. Francis Karraker, an "Old" man in M.A.P., plays the part of the old man Hubert. The part of Mercedes will be played by Sally Kopplin, another first-timer. Barbara Pratt portrays Vida. Gloria Walstad is going to give us Jennifer. The lead, Elizabeth, will be played by Audrey Adams. Bette Zander and Barbara Bender, both who have had some experience on the Stout stage, will give us Irene and Harriet, respectively. The part of Ralph is played by our M.A.P. president Skip Lemke. Andy will be played by Robert Prochnow. Dick Matschnig will be the policeman and Clarence Feldhaber the doctor.

We would like to extend an invitation to all students interested in assisting in the production of this as well as future plays. A great deal of help is needed on the various committees. A list will be posted and will offer you a chance to choose the particular committee you would like to assist. Some of the committees are stage, lighting, publicity, properties, and make-up. So, watch the M.A.P. bulletin board in Harvey Hall outside the Business Office.

WEATHER BIRD

"Lousy!" was the weatherbirds reply this morning, when asked about the weekend weather forecast.

"Fog, mixed with rain will roll in by this evening," he rasped.

"Cooler temperatures will be in evidence by Saturday morning, and the mercury will remain in the 50's and lower 60's through Sunday evening."

He looked for clearing skies by Sunday, however, as the cold front passes through the state.

Member Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days. Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practice. THE ANCHOR CAFE

ACROSS FROM THE STATE

LETTER TO THE EDITOR . . .

"When I was a child I thought as a child, I spoke as a child; but now that I am no longer a child I have put away childish things."

The above thought is taken from an old and well known Book. It seems to symbolize part of what college is trying to do — helping to change us from self centered children to mature, thinking adults, attempting to broaden our outlook so that we will be informed citizens, acting intelligently.

Part of maturity consists of believing in a cause even if it hurts oneself. Personal honor and selfishness are forgotten when the fate of something bigger is involved.

Throughout the week many comments were heard on last week's editorial on homecoming. Some were complimentary and some were not. Few people, however, took the time and effort to write a letter to Stoutonia explaining this viewpoint.

Some people may ask why such a big fuss is made about one point at Stout. Homecoming, itself, may be relatively unimportant when one considers the challenges facing our nation and the world. Even if this is true, now is the time to become a more effective citizen in the world. In the future, will we sit back and watch things happen or will we do something about them? Learning how at the present time will be beneficial to our future citizenship behavior. If we sit back in our chairs now and let someone else carry the responsibility for us, how can we be expected to handle problems involving world peace later on? Skill in any field isn't before one expects a degree of success. Effective action as a citizen must also be a something we can turn off and on as we need it. Long hours of practice are needed to gain long range experience.

We all need to strive for maturity, to forget our petty grievances and bring about an atmosphere of cooperation. One of life's truly great experiences is working together for something important.

CLUB NEWS

The Wesley Fellowship of the Trinity Methodist Church had a meeting October 28, at 5:00 with president Larry Nelson, presiding. Fellowship singing and a delicious meal began the evening's activities.

The program for the evening followed the month's theme of Brotherhood with two speeches. Albert and Louie, Hawaii, talked on their homeland and showed pictures. For added entertainment they sang several Hawaiian songs. The second speech was given by Clifford Fritz, director of State Youth, who talked on the vocational needs of youth.

A business meeting followed during which the Methodist Student Movement Conference was discussed. It is to be November 16, 17, 18 in Madison, Wisconsin. Also Bruce Pents, chairman of the calendar committee, announced that the 1957 Book Calendars had arrived and would be on sale from October 29 on.

A worship service closed the meeting. Next week the group will have for their program a speaker on Paraguay.

The Tri Sigma sorority held a ceremonial meeting Thursday, October 25, at the library. Final preparations were discussed for the Halloween Tea on Wednesday, October 31. Rita Pauls is general chairman of this event, assisted by Jean Baumgartner as co-chairman.

Charm School was held in the lounge room of the library following the meeting. The discussion on certain phases of etiquette was led by Mary Rezek. Snapshots of the prize winning float in the Homecoming parade were passed around and approved by everyone.

An all-school mixer was held in the Stout gym last Wednesday evening, October 24, after the Phi Sig pledges' skit. The skit was the story of alumnus (?) Liberace returning to Stout,

and was enjoyed immensely by all. Dancing to the music of "scum" Ron Critser's records followed, until 10:00. The members and pledges of Phi Sigma Epsilon wish to thank Dr. and Mrs. C. Harrison Parmer and Fritz for chaperoning.

Seven new members were initiated into the Sigma Chapter of Delta Kappa fraternity at the Hide-A-Way on Thursday night, October 25, 1956. The new members are: LaVerne Rogers, Les Sagstetter, Duane Wicklund, Al Rusch, Jim Indehar, Jim Duesterbeck, and Hans Hatopp. After a meal of chicken or steak the initiation ceremonies took place.

Delta Kappa would like to take this opportunity to thank all of you who have purchased hot coffee and chocolate at the football games and hope that this refreshment has made the football games more enjoyable.

DORM NEWS

The Halloween Dinner and party held last Friday evening, October 26, at Tainter Hall provided a lot of fun for all attending. It was a "hard time party" and the girls had an opportunity to invite guests. The guests went to the lounge after dinner where a party complete with Halloween decorations, tricks and treats, and dancing took place. Lynwood Hall was invited. Many more dinners and parties such as this are being planned. Tainter Annex was in charge of this party, but each dorm will have an opportunity to be in charge of and plan a party.

After the excitement of homecoming, the girls at the dorm are attempting to settle down to daily routine once more. All three of the dorms were decorated inside and outside to welcome returning alumni. Eichelberger had a colorful "Bluedevil Express" on its lawn. A large tree on the lawn of Tainter Annex was perfect for the "yellowjacket lynching". Tainter Hall's walk sported a white stork with a football in its beak and a sign overhead reading, "We're expecting victory."

The girls have set up four clubs at the dorms. They are the music club, square dancing club, bridge club, and knitting club. Movies will be shown at intervals during the year. Every girl should participate in one of the activities planned.

On the humorous side—38 girls at Tainter Hall have signed a petition stating that every dorm needs a dog. Possibly they decided the above after a very lovable little pooch followed them back to the dorm from home economics club last Monday night. Most of the girls seemed to want Elvis Presley's notorious "Hound Dog", but one sensible girl decided she would settle for a hot dog.

DEPARTMENT HEAD AT IOWA SENDS THANKS

May I thank you again for your every consideration during my visit there. I am certain that I inconvenienced you most unduly, but you were certainly gracious about it all. It was my first visit there since 1939 when I was one of the summer school faculty members.

Stout state college alumni rightfully take great pride in their alma mater. I have never met one that did not. I am proud to be an alumnus of a great school, where I had my first and most lasting college experience. It is worth a good deal to be able to say these things, and to look back with real satisfaction to the purposeful years spent there, both as a student and teacher. Lessons learned there have stood me in good stead.

I came away from the campus there fully convinced that my alma mater was in good hands. You and your well-chosen staff are going places with students who made a most favorable impression upon me. The spirit of work, friendliness, courtesy and plenty of drive permeated the atmosphere there.

Wishing you, your staff and the students there the best of success, I remain

Sincerely yours,

Tom Hippaka

(Editor's note: Tom Hippaka is head of the department of industrial education at Iowa State University, Ames. He sent the following letter to President Fryklund following a recent visit to the campus.)

Supervising pledge activities for a week was the enjoyable occupation of 30 members of Phi Sigma Epsilon fraternity. In addition to the usual pledge activities, this year the members enjoyed meals being served by the pledges in the fraternity house.

A new event was started this year when the fraternity traded pledges for one day with the Sigma Sigma Sigma sorority. The Tri Sigma pledges served supper to the members, shined shoes, and ironed some shirts, in addition to other duties.

Another item worth mentioning is that the efficiency trophy which the local chapter of Phi Sigma Epsilon won last year somehow arrived here one night from Warensburg, Missouri. Does anyone know how it happened to arrive in Menomonie just in time for homecoming?

Members of Pallas Athene sorority attended a matinee performance of "The Lark" starring Julie Harris at the Lyceum Theatre in Minneapolis on Saturday afternoon.

Lunch was eaten at Stouffer's Restaurant at noon. Pledges presented a skit for Miss M. R. Amon, guest of the sorority. Miss Anne Marshall, sorority advisor, also accompanied the girls.

Many Pallas Athene alumnae attended the homecoming dinner held at the Anchor Cafe on October 20. During the dinner each girl reported on what she had done since graduating from Stout. Skits were presented by new pledges, and Homecoming Queen Betty Havlik was introduced to the alumnae.

LYNWOOD BEATS FOB'S IN INTRAMURAL BALL

On Monday night the F.O.B. intramural football team played the Lynwood Hall team no. IV to a scoreless tie at Nelson Field. The game was won by Lynwood Hall under the following rule:

Tie games are decided by giving each team four downs from the twenty yard line and awarding the game to the team advancing the ball the farthest.

One of the reasons neither team scored was the darkness. The games don't start until 5:15 which is about the time the sun sets.

Alpha Sigma Alpha, after an active homecoming week end, are busy keeping their eleven pledges busy. The pledges enjoyed a celebration dinner at the Harbour Wednesday, October 17. The actives enjoyed dinner at the Harbour last Thursday evening, before their weekly meeting. Founder's Day, Intersorority Ball Committees, and a work meeting were among the orders of business.

CAMPUS CAFE

Not the highest but certainly the widest! This year's freshmen class is shown hard at work on the annual homecoming bonfire. The highlight was a flag welcoming the alumni. The entire class worked on the bonfire all day Friday as they were excused from classes.

Students with flaming oil torches led the torchlight parade to the fair grounds. Here we see one of the freshman girls getting a light from a fellow torch bearer.

"Her Honor" and court reign at the bonfire. After traveling from the school to the fair grounds, Queen Betty was presented, and she introduced her court of honor. In the background are the towering flames of the bonfire as seen by the students, faculty, and alumni of Stout.

## STUDENTS ENJOY CORONATION AND BIG BONFIRE

Homecoming 1956 is indeed a memorable one for many alumni and students. Opinions were expressed that this year's homecoming was really a "great welcoming."

Stout was glad to welcome back over 450 alumni. These grads of Stout represented seven states and classes ranging from 1910 up to 1956.

Homecoming activities for 1956 were officially opened at 8:00 P.M. Friday, October 19, in the Stout Auditorium as Betty Havlik, Hillsboro, was crowned by Ginny Ehlers Wick, 1955 homecoming queen. Julie Meunich presided at the organ and crown-bearers were Joey and Emily Earl, Menomonie.

Football princesses, Billy Jo Braker, Menomonie, and Pat Seibert, South Milwaukee, were introduced by Queen Betty who then presented Dick Tepp with a football.

Immediately following the coronation ceremony, the cheerleaders led the student body in a torchlight parade to the fairgrounds where Dick Tepp lit the bonfire which had been built by the freshman class.

The cheerleaders led a pep rally followed by Queen Betty's welcome to alumni, among whom Gordon Maves, 1955 S.S.A. President and Warren Barber greeted the audience.

This was followed by a parade and snake dance to the gym where refreshments were served to alumni and a record dance was held.

Yes, Homecoming 1956 shall be remembered for a long time by many students and alumni. Even Mr. Weatherman helped play his part in assuring a successful homecoming.

### NOTICE

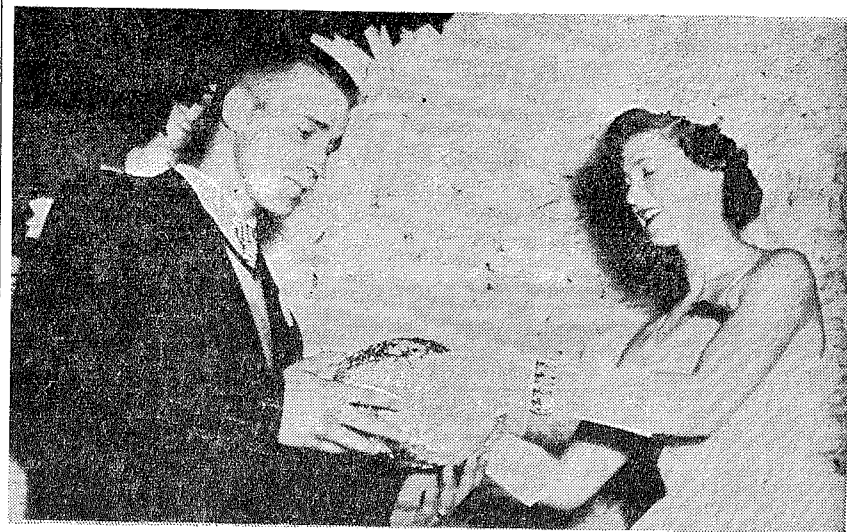

Homecoming pictures are appearing in this week's Stoutonia due to their late arrival from the engravers.

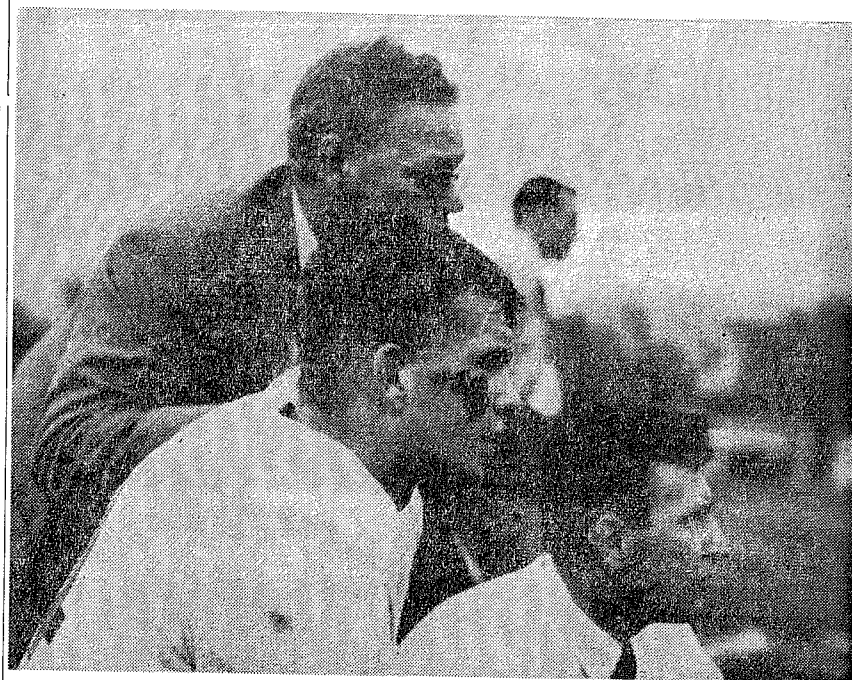

Annual occurrence! On Friday morning freshmen students began to work earnestly as they transported many truckloads of material for the bonfire.

Ginny Ehlers Wick, 1955 homecoming queen, crowns the beaming 1956 queen, Betty Havlik. This was the climax of the coronation ceremony in the Stout auditorium on Friday evening, October 19. Betty's sponsoring group presented the roses to her.

Captain Dick Tepp accepts the football for Saturday's game from Queen Betty. Dick then spoke a few words on behalf of the team. This was the second feature of the coronation ceremony in the Stout state college auditorium.

Tenseness of the game shows in the faces of the coaches and a player as they watch the team perform.

The complete picture is seen above. In the center on her throne of white, Queen Betty reigns with her court of honor beside her. From the left, her attendants are Pat Seibert, Emily Earl, Joey Earl, and Billie Jo Braker. Emily and Joey served as crown bearers for the 1956 ceremony. At the organ, Julie Muenich provided music for the evening.

PRODUCTION OF AUDIO-VISUAL MATERIALS IS UNIQUE CLASS ON CAMPUS OF STOUT STATE

A college class that pays its own way? Sounds unusual — doesn't it? Yes, but the "Production of Audio-Visual Materials" class at Stout state college is actually defraying its expenses through the sale of motion pictures conceived and created on the Stout campus.

Only 18 American colleges and universities offer any courses whatever in the production of motion pictures. And Stout is by far the smallest college offering such a course. The others are such "big name" institutions as Notre Dame, Ohio state, Illinois, Indiana, Michigan and the University of California at Los Angeles.

Although many colleges have "theory" courses in the production of motion pictures, Stout prides itself on actually producing film strips and movies for use by the college itself and by other educational institutions. High cost of production are repaid by sale of these films to schools throughout the United States and Canada.

The class in the Production of Audio-Visual Materials was organized at Stout in the spring of 1950, with only two "hesitant" students present. Since then 42 students have received on-the-spot experience in planning, editing, scripting, and shooting of an actual film production.

Each class of six students does such production planning as selection of a title, development of content and purpose, audience analysis, selection of a medium, research on content, gathering content, suggested script treatment, extended story, scripting, and production breakdowns.

Each class member also receives experience in two photographic mediums. One, previously mentioned, is the production of a motion picture. The second is experience in preparing a film strip. The latter endeavor, a shorter and less elaborate production, is done in conjunction with another class member.

During the shooting of any motion picture, the class is formed into various combinations: a "crew," a committee for planning, and pairs for editing.

"Six in a class is about the right number," points out Dr. David Barnard, director of the class and of Stout's audio-visual center, "for that is the most efficient 'crew' size."

On the "set" students rotate as cameraman, lighting director, exposure technician, script checkman, and assistant director. As permanent "producer," Dr. Barnard keeps a close check on all phases of the production.

Although the sale of completed films is carried on primarily to defray the cost of production, one film, "Block Cutting and Printing," produced in 1952, is still selling well. To date 19 prints of this 13 minute, sound, color film have been ordered or sold, with other sales pending.

The National Film board of Canada has already purchased 10 prints for use throughout the Canadian provinces. The University of Illinois owns three; Indiana University, two; Syracuse University, one; and Pennsylvania State University, one. Two prints are kept in the Stout film library.

Cost of "Block Cutting and Printing" was approximately \$450. Each additional print costs \$60 or a total of \$1140 for the production and all prints thus far. To date an actual net profit of \$460 has been realized through the sale of this film, money which is then funneled into a unique "Laboratory Projects—Stout" revolving fund arrangement made possible through special State of Wisconsin legislation. This fund provides money for such special college projects as those conducted by the audio-visual department.

The present Production of Audio-Visual Materials class is working on a film entitled "Industrial Education in Your Future," a companion sound color motion picture to "Design Your Future," produced in 1951 for Stout's division of home economics. The film currently in production will describe Stout's industrial education program and will also point out the great need for industrial education teachers.

"Design Your Future," still in great demand by Wisconsin high school home economics departments, depicts the preparation and careers of young

STUDENT LETTER

An editorial appeared in last week's Stoutonia which we believe was not aimed at improving homecoming, as stated, but rather at discrediting two fraternities on the Stout campus.

We realize that we have our shortcomings — no one can be perfect. As a fraternity we want to help our men find social acceptance within the fraternity as well as from without. We welcome suggestions to improve our campus relations, but we also have pride which will not allow us to sit back and receive a degrading, slanderous slap, whether intended or not.

An attempt was made to answer directly each of the accusations in the last editorial. However, realizing that this would only throw a spark into an aimless topic, we present a quote from Proverbs 11:12 which pretty well sums up our feelings on the matter:

**He who belittles his neighbor lacks sense, but a man of understanding remains silent.**

Although the inconsiderateness of saving seats in the auditorium during the convocation was brought to our attention in a very disgusting manner, we would like to make it known that this act will not occur in the future. Our apologies are extended to those who were in any way inconvenienced by this action.

If anyone desires to read our defense of said accusations we will gladly present it also.

Respectfully Submitted,  
Omega Chapter  
Phi Sigma Epsilon  
★ ★ ★

(Editor's note: It should be pointed out that no names were mentioned in last week's issue. Let the shoe fit who's foot it may.)

**STUDENT COSTS VARY FROM \$1.493 TO \$1.997**

A study on the cost to students of attending college shows that for students attending publicly controlled institutions of higher education the median amount spent per student for all expenses, including fees, board, room, travel, books, laundry, entertainment, etc., for the academic year 1955-56 was \$1,493. For students attending privately controlled colleges and universities, the median expenditure per student for all expenses was \$1,997. The study by E. V. Hollis of the U.S. Office of Education is based on a survey of 16,000 students in 110 institutions of higher learning.

women in Stout's home economics division. Six prints of this film are kept available for use by any high school group at no charge.

Dr Barnard feels that the values of his unique Production of Audio-Visual Materials classes are many:

"Students gain knowledge and skills which will help them in teaching," he points out, "because they have learned by actually doing — not just by hearing how something should be done. And to Stout state college this class has meant 'filling the gaps' with necessary, tailor-made audio-visual materials where none had previously existed."

**CLUB SPONSORS SQUARE DANCE ON HALLOWEEN**

The witches and goblins weren't lurking in the corners of the little Stout gym Halloween night for even they were hopping to the 4-H square dance music. Mrs. Jacobsen, a Dunn County 4-H leader, led the square and folk dancing, which began at 7:30.

The students refreshed themselves with lemonade and potato chips and danced to old-time music between square dance sets.

Both couples and stags had plenty of opportunity to participate and enjoyed it tremendously. At the end of the dance it was voted unanimously to have another square dance soon.

DO ANNIVERSARIES HAVE YOU CONFUSED?

Have you ever wondered what an appropriate gift would be for a couple's second wedding anniversary, their sixth, their ninth, their fourteenth?

First Anniversary: Clocks

A home seldom has too many clocks, and the first anniversary provides a splendid opportunity for presenting a useful timepiece gift, for living room, desk, bedside, mantel or hall.

Second Anniversary: China

So many ideal china gifts to choose from! Table ware, bowls, candlesticks, lamps, and vases, art objects or figurines — any are an appropriate second anniversary gift.

Third Anniversary: Crystal and Glass

Nothing is more beautiful than fine glassware or sparkling crystal. Choose from stemware, tumblers, decanters, pitchers, bowls, candlesticks, lamps, trays, picture frames, or dresser sets.

Fourth Anniversary: Electrical Appliances

What couple wouldn't appreciate any of the following as a fourth anniversary gift? Choose from radios, television sets, toasters, irons, grills, lamps, electric mixers, electric shavers, vacuum cleaners, refrigerators, sewing machines — or many other possibilities.

Fifth Anniversary: Silverware

The silverware anniversary was originally instituted because most homemakers want to know the happiness of possessing fine silver early in their married life. And while the twenty-fifth anniversary still traditionally remains an occasion for the giving of larger and more prized pieces of silver, the fifth anniversary can become a happy "silver prelude."

Gift suggestions: sterling or plated place settings and serving pieces; bread trays and other serving dishes such as platters and vegetable dishes; tea and coffee sets; pitchers; sugar and creamer sets; dresser sets; bowls, candlesticks.

Sixth Anniversary: Wood

This anniversary provides another wealth of wonderful gift ideas, including trays, salad and other bowls, pepper mills, cigarette, music, and other boxes, wall barometers, coffee tables, card tables, and occasional furniture.

Seventh Anniversary: Desk Sets — Pens and Pencils

There comes to mind right away matching pens and pencils and matched desk sets. Other ideas: writing portfolios, desk pads, desk lamps, engraved stationery.

Eight Anniversaries: Linens and Laces

Lovely gifts traditional with this anniversary include: table clothes and napkins, bridge sets, luncheon sets,

doilies, mat sets, sheets, pillow cases, towels, curtains, and draperies.

Ninth Anniversary: Leather

Leather products are still regarded as the very finest in luggage, handbags, billfolds, wallets, key cases, jewelry cases, fitted cases, waste baskets, desk accessories, picture frames — and a wealth of interesting, useful gifts.

Tenth Anniversary: Diamond Jewelry

Like the silverware anniversary (the 5th), the tenth anniversary has been named as a companion to another. In this case, the 60th anniversary, which marks a married couple's diamond jubilee. Men and women alike want and deserve the pleasure of enjoying the luxury and fashion of diamond jewelry during the busy and active years of their lives.

For women, there are rings, bracelets, brooches, clips, earrings, necklaces, pins, compacts — all set with diamonds. And — good news for men — there are many diamond-studded gift ideas for the husband, too, including cuff links, studs, scarf pins, tie clips and rings.

## NEWS OF OUR ALUMNI

Hal Christianson, B.S. 1949, and Joan Schwalke Christianson, B.S. 1949 are now living in Rock Falls, Illinois. After graduating from Stout, Hal worked at Nelson Muffler Co. in Stoughton in the engineering department. At the present time he is starting his fourth year of teaching of woodworking and drawing at Rock Falls.

Hazel Helm, B.S. 1945 has been teaching clothing at Cedarburg, Wisconsin for the last six years. Previously she taught home economics at Schullsburg, Wisconsin.

Howard E. Hedinger, summer graduate student of 1937-38, is head of reports and special assignments in Chief tractor engineer's office of the tractor implement division of Ford Motor Co. in Detroit, Michigan. He recently went on a summer trip around Gaspe Peninsula, Canada, with Mr. and Mrs. Walter Jespe, Stout alumnus. Howard is active in church work, is vice chairman of the building committee, and has served on the board of trustees for ten years.

Hugh O. Tyler, B.S. 1947 has been employed for the last six years as department head of vocational and technical subjects at Stewart, Nevada. Last summer he traveled east to Denver, Colorado, Iowa, Wisconsin, and west to the Black Hills and Yellowstone National Park. He has recently done a considerable amount of work for the church, including painting and decorating, and cabinet work for the church kitchen.

William J. Hornbeck, B.S. 1949, acts as coordinator and head of suggestion system of the Dodge division of the Chrysler corporation. He also teaches adult education in evening school at Royal Oak, Michigan.

Lloyd C. Engen, B.S. 1951, has been teaching general shop in the high school at Hartland, Wisconsin. Next year they will be moving their shop into a newly constructed school with all new equipment. Last summer, Lloyd, his wife and daughter, Pamela, went on a three week vacation to the west.

Ardis Olson (Mrs. Dale Amundson) B.S. 1953, is occupied at Thorp, Wisconsin as a homemaker and mother of a baby girl, Roberta Carol.

### CHARLOTTE GIST, '45, ONCE AGAIN A STUDENT

Mrs. Charlotte Gist, who graduated in 1945 from Stout and was director of foods and housing for two years, when at that time she was forced to resign her position because of a back injury, is now enrolled as an adult student at the Milwaukee vocational school.

She recently had the honor of exhibiting, in a series of "one man shows," her expert hand weaving, photographs of fabrics she has woven and clothing which her daughter has made from some of the materials. It also includes weaving research problems on which Mrs. Gist worked in classes.

When Mrs. Gist first joined the weaving class at MVAS her aim was to learn to weave with wool, but she soon decided that completing all the weaving courses would enable her to become better qualified to teach weaving. She completed two weaving technique and research courses, and weaving 1 and 2.

Mrs. Gist took up handweaving as part of the therapy for recovering from her back injury. She took a loom to the family cabin in the Ozarks and "wove her way back to health," at the same time teaching a handicapped neighbor enough about weaving to help her become self-supporting. Another pupil has since opened a craft shop as a retail outlet for weavers and craftsmen.

Weaving is not a hobby with Mrs. Gist, it is a serious study. "It seems I'll never be able to learn all that I want to know about weaving," she says. "That's why I keep returning to MVAS for more and more study."

Mrs. Gist is a member of the Wisconsin Federation of Handweavers, The Progressive Handweavers Guild, and the Wauwatosa Guild. She has her weaving displayed in several exhibits in the United States and Canada.

At the present time she has a weaving room with about twenty looms. High school and college students pay for their way through school by weaving under her direction. Her daughter is now living with her family in England, her grandson has completed one year of jet pilot training.

Mrs. Gist's plans for the future are to return to Missouri and teach weaving there.

## DINNER MEETING IS HELD BY THE CHI LAMBDA

Last Thursday, October 25, 1956, the Chi Lambda Fraternity held a dinner meeting at the Jeatran's Supper Club. The guest speaker was Mr. Sano who spoke to the group on Jordan. The discussion also consisted of questions from the group.

Members of Chi Lambda may be recognized on campus wearing the light gray poplin jackets with the Greek fraternity letters in red.

### HOLBROOK PRESENTS MARK TWAIN AT CONVO

Appearing in striking resemblance to the old master himself, Hal Holbrook presented a realistic impersonation of Mark Twain at last Wednesday's convocation. His lively and humorous presentation immediately captured the attention of the entire audience.

Holbrook was attired in the same type of clothing worn by Mark Twain during his lectures. Superb handling of stage make-up transformed this young man of 30 years into a distinguished gentleman of 70. Holbrook adapted the mannerisms and voice tone of the elderly lecturer. The simple stage setting added to the desired atmosphere.

Holbrook utilized many of the selections which Twain himself used. Twain rarely failed to act out a scene, and Holbrook has the ability to speak and act authentically.

Donald G. Hiller, B.S. 1954, M.S. 1955, and his wife Barbara Sherwood Hiller, B.S. 1955, are residing at Schiller Park, Illinois. Donald is the industrial arts instructor at Leyden Community High School in Franklin Park, Illinois. He is also secretary of the improvement committee for the Indian Park Estates where they live. Barbara plays in the Franklin Park Municipal Band, which has musicians from many of Chicago's northwestern suburbs.

Mrs. Barbara Hiltz Fritz, B.S. 1955 and her husband Allen Fritz, who is a student at Stout are residing in Menomonie. Barbara commutes every day via Greyhound bus to Hammond where she teaches home economics.

Betty Appel, B.S. 1955 was married in December to Melvin Smith, Owen, Wisconsin. Her husband is employed by an International Harvester dealer.

Ervin E. Carpenter, B.S. 1954, who was a counselor at Lynwood Hall for the years 1953-54, is mechanical drawing instructor at Sandusky high school in Ohio.

The best way to tell a woman's age is in a whisper.

With taxes what they are, one doesn't have to pass a civil service examination to work for the government.

Seventy-five-year-old: When I die I'd like to do it in a car crash doing 80 miles an hour.

Eighty-five-year-old: I'd like my finish in a 400 m. p. plane.

Ninety-five-year-old: I'd like to get shot by a jealous husband.

A salesman, held up in a small town by a bad snow storm wired his firm: "Stranded here due to storm. Telegraph instructions."

Back came the reply: "Start summer vacation immediately."

## NATIONAL SCIENCE FOUNDATION ANNOUNCES ITS PLANS FOR AWARDED VARIOUS FELLOWSHIPS

The National Science Foundation has announced its plans to award approximately 800 graduate and 175 postdoctoral fellowships for scientific study during the 1957-1958 academic year. These fellowships will be awarded to citizens of the United States, selected solely on the basis of ability. They are offered in the mathematical, physical, medical, biological, engineering fields, and sciences including anthropology, psychology (other than clinical), geography, certain interdisciplinary fields, and fields of convergence between the natural and social sciences.

Graduate Fellowships are available to those who are working toward the masters' or doctoral degrees in the first, intermediate, or terminal year of graduate study. College seniors who expect to receive a baccalaureate degree during the 1956-1957 academic year are also eligible to apply. Postdoctoral fellowships are available to individuals who, as of the beginning of their fellowships, have a Ph.D. in one of the fields listed above or who have had research training and experience equivalent to that represented by such a degree. In addition, holders of the M.D., D.D.S., or D.V.M. degree, who wish to obtain further training for a career in research, are eligible provided they can present an acceptable plan of study and research.

All applicants for graduate (predoctoral) awards will be required to take an examination designed to test scientific aptitude and achievement. This

### COLLECTORS' SOCIETY ENCOURAGES HOBBIES

The Stout Collectors' Society is intended not just for stamp collectors, but for anyone interested in any type of collecting. The main purpose of the society is to acquaint students with each other and their hobby.

During the informal meetings, students exchange information and articles relating to their respective field of interest; it is open to any student interested in this type of activity.

There are no rules and regulations governing attendance or membership because the aim of the club is exchanging interests.

Some members collect stamps, another coins, another rocks and stones, another keys, another cartridges and so on. No one is really a specialist in his field, but does know general information about his hobby.

It is hoped that in time there will be an upswing in the number of people who take part in this activity and engage in a hobby for their own interest.

### F.O.B.'S HOLD DUFFY'S TAVERN; HONOR PAT

Last Saturday evening a number of students, nearly 250, enjoyed the exquisite atmosphere of Duffy's Tavern. The event is an annual F.O.B. fall mixer.

The Biggest Little Band from Chipewa Falls whooped it up and everyone seemed to enjoy the mixed drinks and dancing.

Vern Christiansen was stunning in his new fall outfit, and Bullet Bill Buchly certainly tripped the light fantastic.

Miss Patricia Seibert was presented a corsage along with sincere thanks for being the F.O.B. homecoming queen candidate.

exam, administered by the Educational Testing Service, will be given on January 19, 1957, at designated centers throughout the United States and certain foreign countries. The evaluation of each candidate's application is made by the appropriate Academy-Research Council selection panels and boards. The final selection of Fellows will be made by the National Science Foundation. Fellowship awards will be announced on March 15, 1957.

The annual stipends for graduate Fellows are as follows: \$1600 for the first year; \$1800 for the intermediate year; and \$2000 for the terminal year. The annual stipend for postdoctoral Fellows is \$3800. Dependency allowances will be made to married Fellows. Tuition, laboratory fees and limited travel allowances will be provided.

The deadline for the receipt of applications is December 24, 1956; for graduate fellowships January 7, 1957.

Further information may be obtained from the Fellowship Office, National Academy of Science-National Research Council, 2101 Constitution Avenue, N.W. Washington 25, D.C.

### DIETETIC CLUB VISITS MEMORIAL HOSPITAL

A tour of Memorial hospital, followed by a spaghetti supper served in the dining room there on Monday gave members of the Dietetic club an idea of how a hospital of this size is operated. Mrs. Charles Constantine, Stout graduate who is dietitian at the hospital, planned the tour for the club and Miss Mary Killian, advisor, went with them.

Plans are being made for a trip to Eau Claire on November 10 to observe hotel, hospital, and restaurant food services.

ENJOY SOME TODAY

THE STOPPE CAFE

At the alumni tea, Marie Strodthoff, Pat Warsinske, Nancy Brackett, Barbara Brown, and Jane Gargulak tell each other about their exciting life out in the world. All are graduates of Stout except Barb who is finishing this year.

Queen Betty rides in the torchlight parade after the coronation on Friday night. In her "coach," she led the students from the school to the fair grounds and the bonfire.

The prize for the most beautiful float went to the Tri Sigma sorority who claimed "Sail On to Victory." Three of the 1956 pledges rode on it. Left to right, they are Opal Burton, Ann Weslen, and JoAnn Wendorf.

The Phi Omega Beta fraternity took the most humorous prize. Their float centered on the theme "We'll Rock, Roll, and Spread 'Em."

## HOMECOMING WILL BE LONG REMEMBERED

Saturday's busy day of activities included various sorority and fraternity breakfasts, a parade, the football game with Superior, a coffee hour, alumni dinners, and the homecoming dance.

Selecting three winning floats from a parade of 33 units was a difficult task for the judges. Almost everyone agreed that the students really went all out this year to provide one of the best parades in a long time.

After much deliberation the Phi Sigma Epsilon Fraternity float was selected as the most in keeping with the theme, the Phi Omega Beta Fraternity won the prize for the most humorous float, and the Sigma Sigma Sigma Sorority had the most beautiful float. Honorable mention was also given to the following: Delta Kappa Fraternity, Hyperian Sorority, Alpha Sigma Sorority, Pallas Athene Sorority, and the Newman Club.

With spirits high, a large crowd turned out to see the football game. Although Stout's Bluedevils played a good game, they bowed to the Superior Yellowjackets, 24-6. At the half-time the band stepped off to provide some interesting formations and maneuvers. Queen Betty Havlik and her court, Billy Jo Braker and Pat Seibert, were presented before the audience. The winning floats were driven around the field at this time, also.

Following the game an informal coffee hour was held at the Bertha Tainter hall for all alumni.

Climaxing the day's events was the homecoming dance held in the high school gym. Johnny Roberts and his orchestra set the tempo for three hours of enjoyment. During intermission the queen and her court were once more presented.

In the most keeping with the theme class, the Phi Sigma Epsilon fraternity won. Their float featured a blue devil towering over a yellow jacket from the Superior squad.

The final event of the 1956 homecoming, the dance, was highlighted by the crowning of Queen Betty by Bill Romoser, a senior member of the football squad. Beside the queen on the throne is her escort, Jim Cesnik.

Immediately following the coronation, the queen and her court started the next dance. Pictured here are, left to right, Pat Seibert, Don Woelffer, Queen Betty, and Jim Cesnik. Not pictured are Billie Jo Braker and her escort.

MaryAnn Spangler pours punch for the many eager seekers at the dance. The punch and decorations for the evening were provided by the junior class.

A typical float from the 30 entries was this one entered by the Metals guild, a new organization on campus.

## NEWS OF OUR ALUMNI

H. J. VanValkenburg, B.S. 1936, M.S. 1949, coordinator of the Vocational school, was given a service award pin by the Fond du Lac chapter 45, American Society of Tool Engineers. He was cited for his outstanding service in connection with the chapter's annual youth guidance program. This project includes an annual one-day plant tour, an educational feature for high school boys who are interested in engineering. Boys are selected from high schools in the various cities represented by chapter members. There are 21 Fox River Valley and Lake Michigan shore cities in which there are A.S.T.E. members. The award was presented by George E. West, Kaukana, chapter chairman.

Ed Holtz, B.S. 1948, is department head at White Bear Lake High School. Supply salesman with the General Electric Supply Company for the past four years is Keye N. Loper, B.S. 1951. He taught for one year at the high school in Laurel, Md., and now lives at Summerlin Drive, Apt. 3; Hagerstown, Md.

Robert P. and Frances Knight Gray, both B.S. 1950, are co-vice presidents of a YMCA Couples Club in Milwaukee. Fran is vice president of the evening section of Home Economists in Homemaking. Bob is supervisor of Detailer Training and Drawing Maintenance for Trackson Company, a division of Caterpillar Tractor Company. Ann, 6 years old, and Bert, aged 4, complete the Gray family at 5726 N. 72nd Avenue, Milwaukee 16, Wisconsin.

Nancy Carroll Maurina, B.S. 1955, was married June 11, 1955 and spent her honeymoon in New England. Her dietetic internship was spent at the University Medical Center, Indianapolis, Indiana. She also did some graduate work, getting experience of the job in both administration and therapeutics. She now works in Massachusetts where her husband Bill is stationed with the U.S. Army.

Mrs. Duane Allen, nee Ellen Gintner, B.S. 1945, is a housewife at Route 3, Box 499A, Thiensville, Wisconsin. She previously was a secretary in Milwaukee.

Rose Marie Schwan, B.S. 1945, teaches homemaking in Folwell Junior High School in Minneapolis. She taught in Chippewa Falls, Wisconsin, at the junior high and then in the Lincoln Senior High in Manitowoc, Wisconsin. While she was in Manitowoc she was head of the home economics department for the city. She took a year off from teaching in 1953-54 to do some traveling around the U.S. Her address is 3533 Columbus Avenue, Minneapolis 7, Minnesota.

Joyce Appelgren, B.S. 1953, is the homemaking instructor at Longfellow junior high school in La Crosse, Wisconsin. Her address is Route 2, Elmer's Coulee, La Crosse, Wisconsin.

Lorran C. Celley, B.S. Jan. 1951, teaches industrial arts and driver training, in a 12 month position. He was married June 4, 1949 and has three children, the last one a daughter, Mary Kim, born October 1, 1955. Lorran is on the Boy Scout troop committee, and was formerly explorer advisor and scoutmaster. His address is Box 404, Chetek, Wisconsin.

Joseph Serfle, B.S. 1947, teaches woodwork and drawing at Horace Mann Junior High in West Allis, Wis. Joe and Dora Mary Campbell, B.S. 1944, have four children—Joey, 7, Bobbie 5, and twin girls, Julie Ann and Joan Marie, born October 8, 1955. Their address is 2108 S. 61st Street, West Allis 14, Wisconsin.

Mrs. James E. Baynes, (Ellen Luchsinger), B.S. 1943, lives at Route 1, Yenger Road, Lafayette, Indiana. She has three children, Polly 6, Becky 4, and David 2. She and Ruth Herschleb Halpin live near each other in Lafayette.

## FACTS GIVEN ON WISCONSIN TEACHER

Just who are Wisconsin's teachers?

A clue comes from a recent study of graduates of the Wisconsin State Colleges. They are from farms or small towns about half the time and from cities of 5,000 and over the other half. Their fathers are farmers, small businessmen, tradesmen, managers in business, factory workers, and laborers. Only three per cent are professional men.

The sample of graduates was selected from the state college graduating classes of 1947, 1950, and 1953. Included are 638 graduates, 509 of whom are teachers. Dr. I. W. Schaffer, college faculty member at Whitewater, made the study.

Teachers went to a state college because it was near home, it offered special courses which appealed to them, or a high school teacher suggested the college. Only seven were influenced by college promotional literature. Visits by college professors to their high school drew only five to college.

Their age is between 21 and 35.

There have been only two divorces among the 488 who married. Single men outnumber single women 84 to 56.

Half of the teachers worked 10 or more hours in part-time jobs at college. About one out of five did not work to help pay expenses.

Most of the teachers have taught only in Wisconsin (68 per cent). Another 20 per cent have taught both in Wisconsin and in other states and only 12 per cent have done all of their teaching outside Wisconsin.

Their biggest teaching headaches are heavy teaching loads, large classes, and finding time to give students the individual attention they need. They like the community in which they teach, and, generally, they feel that they get good cooperation from parents.

The young teachers disagree on salary. More than one-third said that salary was no problem. Another third said salary was a problem of "some difficulty." And less than one-third said salary was a problem of "great difficulty."

Peter M. Krogstad, Diploma 1912 and B.S. 1920, retired in 1953 from Bell High School in Los Angeles, California. He was president of the Los Angeles Industrial Arts and Vocational Association for two years, and is active in the Methodist church, Masonic Lodge, and the Legion. His daughter is a senior at U.S.C. Peter should send this to Ripley: Believe it or not, he had to pay to get into the city of Corona, California, where he first went to teach, and after four years it took an act of Congress to make him leave the place. It happened this way. The Corona Road Races were being held and he had to buy a ticket to enter the city. Then after four years of teaching, Uncle Sam tapped him on the shoulder for duty in the First World War. Peter's address is 6722 Arbutus Avenue, Huntington Park, California.

Norman J. Wedekind, B.S. 1941, is field service engineer for balancing machines for the Gisholt Machine Company of Madison. He travels all over the country, mostly in the Detroit area in the past few years. His address is 323 N. Balkwin Street, Madison, 3, Wisconsin.

Eugene Halvorson, B.S. 1940, works at the Veterans Hospital in Madison as executive assistant on rehabilitation. He lives in Middleton, Wisconsin.

Karl Windberg, 1950 graduate of Stout state college, now of Madison, Wisconsin, tinkered with an engine in the Colorado A and M machine shop while attending the college's summer session. He plans to complete work for a master's degree in industrial arts at Colorado A and M next summer.

Windberg, who taught in Madison's East High School the past four years, moved to Flint, Michigan, this fall to join the General Motors Institute staff as automotive instructor.

## WATER SKIING ENTHUSIASTS BUILD SKIS DURING THEIR SPARE TIME AT STOUT STATE COLLEGE

"Jig time" usually means a short time, but not when you're building water skis. This fact is constantly being proved by a few ardent water ski fans at Stout state college, for they spend many busy hours building a jig on which to form the skis, compared to the few short hours required to actually construct them.

The biggest job in making water skis is to find a practical way to curve the ski tips properly. This technique of lamination, which Stout ski enthusiasts choose over steaming, requires much background knowledge in wood working, plus an understanding of the science of water skiing.

The first skis at Stout were built during the last summer session by Herb Riebe, Wausau, and Bill Anderson, Racine. They used a simple U-shaped box and dowel arrangement for their jig. After proving that good water skis could be built, the college class in "Wood Lamination and Veneering" took up the project and, by utilizing a curved block and bracket arrangement, designed a jig to give the laminated tips greater pressure in gluing.

The latest forming jig consists of a laminated maple block and bracket arrangement, faster and easier to oper-

ate. It weighs about 50 pounds and required about eight weeks of "spare time" to build. Now, with this smooth working jig, students can have skis all formed and trimmed in only about an hour.

Thus far, Stout students have completed about 18 pairs of water skis, with their owner choosing from among oak, ash, birch, and mahogany. According to Riebe, ash is the most popular wood for skis, being easy to form, yet durable and quite economical. Riebe's estimate for a pair of do-it-yourself water skis is about \$2.00 for wood, \$1.50 for glue, and \$3.00 for a set of bindings.

For a finish, the ski builders use various stains, a penetrating sealer and several coats of good marine enamel or varnish.

As proof of the durability of these college-built skis, one student has twice had a pair of "jumpers" blow off his car at 65 miles an hour, with the loss of only a few wood chips.

Now the Stout's sportsmen have an inexpensive means of making water skis, campus ski fans hope to cut cost further by finding a practical way to make their own bindings.

He got up one night to take a drink.  
Alas he took no more

For what he thought was H2O  
Was H2SO4

Don't worry if your faults are many,  
And your rewards are few.  
Remember that the mighty oak  
Was once a NUT like you.

ANOTHER YELLOWJACKET BITES DUST . . .

Lyle Martens is shown as he brings down another Yellowjacket of Superior in the homecoming game. Superior went on to score 18 points in the second half to beat the Bluedevils of Stout 24 to 6 in the 1956 homecoming contest.

STOUT BLUEDEVILS OUTLAST  
NORTHLAND BY SCORE OF 13 TO 12

Bluedevils Are Victorious  
For First Time This Year  
As They Beat Northland

Last Saturday night, Stout State College closed its 1956 home football season with a 13 to 12 win over Northland. This, the first win of the season for the Bluedevils, was a hard-fought game that was pulled out of the fire in the fourth quarter on a 75 yard pass play from Joe O'Leary to Bob Mitchell when the Bluedevils appeared to be bogged down.

This was strictly a team victory as the whole Stout team charged hard on offense and tightened up on defense, except for the two times that the Lumberjacks managed to put together drives and score. They missed both extra points, however, and Stout's Verne Christensen split the uprights with one of his two attempts to give the Bluedevils the victory.

The game started with Northland kicking off to Stout to the 35 yard line. On the first play from scrimmage, the Bluedevils gave an indication that this was to be their night, as Bill Romoser found a hole and raced 20 yards to the Lumberjack 45 yard line. Here, however, the defense tightened up and Stout was forced to punt. Northland, unable to gain, punted to Stout, who lost the ball on downs when

a gamble on a fourth down run fell short. The Lumberjacks, still unable to get their offense going, dropped back to punt on fourth down when a bad pass from center and a hard-charging Bluedevil line forced a fumble. Stout took over on the Northland 45 yard line. Dick Klaers threw a short pass to Basil Holder who, on a beautiful run, carried the ball down to the 15 yard line as the quarter ended. A couple of plays later, the Bluedevils had a first down inside the five yard line. They scored on third down on a quarterback sneak by Klaers. It was at this point that Christensen kicked the extra point that was to be Stout's margin of victory.

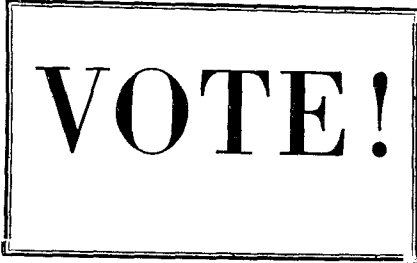

Christensen kicked off to the Lumberjacks who brought the ball up to their 40 yard line before losing the ball to Stout when Holder recovered a fumble. The next play gave every appearance of the Stout team of the previous games as a Bluedevil fumble was recovered by Northland and a break for Stout was turned into a break for the Lumberjacks. Three plays later, Northland fumbled again. Jerry Stauffacher recovered the ball and we had another break. This time the Bluedevils marched the ball down to the 23 before Northland took over on downs and started their own drive that finally ended on Stout's seven yard line when Ernie Oyama recovered a fumble.

ble. Stout then ran out the clock to end the half.

The second half started with Stout kicking off to Northland to the 20 yard line. Here the Lumberjacks put together an 80 yard drive to their first TD which was scored on a 19 yard pass. The try for the extra point was no good and Stout still led, 7-6.

The Bluedevils took the ensuing kickoff and marched to the 50 yard line before one of their passes was intercepted. The Lumberjacks promptly moved downfield to score, this time on a one-yard plunge and Stout trailed 12 to 7 as the third quarter ended.

The ball changed hands a couple of times before Stout got the ball on their own 23 yard line. Two running plays gained only two yards. It was here, with third down and eight to go, that O'Leary dropped back to pass. Just before he was hit, he completed it to Mitchell on the 35, who side-stepped two defenders and sped the remaining 65 yards to score, aided by two well-timed blocks. Christensen's try for the extra point was low, but the Bluedevils led 13 to 12.

A little later in the game, that same pass play worked again, this time with Klaers pitching to Mitchell for a 50 yard gain that ended on the seven yard line.

Northland's defense held, and they took over on downs. The Lumberjacks started their own drive that ended on Stout's 32 yard line. The game ended, and Stout ended its losing streak.

It was a small but noisy crowd that watched the Bluedevils play their best game of the year, and they got their money's worth.

Tomorrow Stout travels to Dubuque, Iowa, to play Loras College in the final game of this season. After tasting victory last week and liking it, you can bet that the team will be doing its best to bring home another victory.

STOUT IS OFF  
TO MEET LORAS  
OF DUBUQUE

At 11:30 a.m. this morning the Stout state college Bluedevils leave for Dubuque, Iowa for their final game of the 1956 pigskin season. They will meet Loras college of Dubuque at 1:30 p.m. on Saturday. Following the game the Stout gridsters return to Menomonie.

Last week Stout "romped" over Northland by the score of 13 to 12, for their first win of the year. Tomorrow the Bluedevils go after win number two. However, this will hardly be the same team that started the season out against Winona back in September. Stout finds themselves with an injury riddled team to go against Loras. Dick Cheke, Joe O'Leary, Bill Romoser, and Ernie Oyama will all see very little action, if any. Bob Temple will not accompany the team to Dubuque because of a chipped heel bone that has kept him out of play for the last 5 games. There are numerous other injuries bothering the team that will undoubtedly play an important factor in determining the outcome of the game.

Loras, however, finds their team with three of the first string backs side-lined with injuries. Their strong passing attack will be slowed down considerably due to this and most of their offensive game should be confined to the ground, which may well be an advantage to Stout's good line.

Loras was beaten by Platteville last week, 41 to 31, and they lost their first game of the year to Whitewater. However, they will be playing at home, and that is where they have proved to be the toughest of all this year. Loras is an all men's school with an enrollment of approximately 2,000.

Stout, which seemed to find themselves last weekend should be ready to roll tomorrow, and despite injuries. Win, lose, or draw, the Bluedevils can consider this season rather successful and with any normal amount of breaks, quite a few of the scores could have been easily turned in their favor.

So, you Bluedevil backers, turn out in the circle this morning and wish the football team the best of luck and nothing but. Let's beat Loras!

STOUT SWIMSTERS GET  
CLUB UNDER WAY

At the Synchronized Swimmers meeting on Tuesday, October 23, it was announced that all those interested in joining the club have until November the 6th to sign up for membership. Signing of membership can be taken at either the October 30th or November 6th meetings. These meetings begin promptly at 7:30 p.m. in Stout's swimming pool.

At the present time two numbers are near completion for the Synchronized Swimmers show which is scheduled for January 24th-26th. Their names and chairmans are; "Hawaii," — Barb Bratley, and "Limelight," — Jerre Skarvan. Other numbers which are in the show are: "I'm Forever Blowing Bubbles," "Theme from Moonglow," "Drink, Drink, Drink," "Wimowsh" and "Canadian Melody" and many others.

# Rose Dance Tomorrow Night

## VICTORY AGAIN FOR PRESIDENT EISENHOWER

President Eisenhower took an early lead and won his second term victory over Adlai E. Stevenson in Tuesday's election. With 41 states as a certainty, he surpassed his electoral vote total of 1952.

In the early morning hours on Wednesday, Ike greeted cheering Republicans with a broad grin and expressed "most grateful thanks" to those who had voted for him. He stated his determination to continue working for the American people and world peace with "whatever strength God has given me."

The Eisenhower-Nixon ticket had a two-to-one lead for Wisconsin's 12 electoral votes as early returns came in Tuesday evening. Vernon W. Thomson, Republican candidate for governor, also took an early lead over William E. Proxmire, his Democratic opponent. However, the strong lead was expected to narrow as heavy labor votes were counted.

The Democrats were expected to retain their margin in the senate and possibly add to it. A handful of house seats changed hands to the GOP, but Democrats still retained a majority. Apparently the president's victory can be termed a tremendous personal triumph rather than a Republican party victory.

## MRS. VANEK ATTENDS CHICAGO CONFERENCE

Taking an active part in the Twelfth Conference of College Teachers of Textiles and Clothing, held in Chicago November 7-10, was Mrs. Alyce Vanek, instructor in clothing and textiles at Stout state college.

Mrs. Vanek led the discussion group of teachers in medium sized clothing and textile departments who wished to learn more about helping their student consumers, meet their needs, and co-operate to improve the market situation.

Prior to leading her discussion group, Mrs. Vanek met on two different occasions with conference executives planning the arrangements, proceedings, and committees for the events.

The Twelfth Conference was conducted as part of the clothing and textiles section of the American Home Economics Association in co-operation with the Home Economics Education Branch of the U.S. Office of Education. The title of the conference was "Consumer Problems and Dissatisfactions in Clothing and the Family."

## WEATHER BIRD

Making his stand on the "bird versus winter's worst" debate, the weatherbird today announced his decision to spend at least one more winter in the Menomonie area.

Taking a firm grip on his perch, he mouthed the week-end's prediction.

"This afternoon and Saturday morning will be clear and cold," he said, "with skies turning cloudy by tomorrow night."

"A few snow flurries may appear on Sunday, and cold temperatures will continue throughout the week-end."

## FACULTY MEMBERS GO TO W.E.A. MEETING

Four faculty women attended the W.E.A. meeting in Milwaukee. Miss Margaret Harper, being president of the Stout W.E.A., represented Stout state college at the delegate assembly. Dr. Kirk, Miss Hazel Van Ness and Miss Hazel Nelson all participated in the Wisconsin Home Economics Council Meeting held Wednesday evening. Dr. Kirk is the representative of Stout state college, Miss Van Ness is Councilor at large, and Miss Nelson is secretary of Wisconsin Home Economics Association.

The high light of the Home Economics section meetings was a talk by Ruth Morton, an interior decorator, on "Homes that Build People."

## CLASS VISITS CITIES WITH MISS VAN NESS

The Applied Dress Design class with Miss Van Ness recently spent a day in Minneapolis study recent trends in fashion and fabrics. The high light of the trip was a showing of designer clothes in Daytons' Oval Room by Mrs. Averbacher, the buyer. The class enjoyed lunch in Daytons' Sky Room, with an opportunity to see more fashions at their scheduled style show. Fabrics were also shown at Amluxen's in Minneapolis and Harris Wool company in St. Paul.

## PHI Upsilon OMICRON WILL SELL STICKERS

Stout stickers, those eye-catching, tiny, blue and white pennants, will be on sale next week by Phi Upsilon Omicron, national honorary home economics fraternity.

Sale of the stickers begins Monday, November 12, in Harvey hall, and will continue throughout the week. The stickers are available in 10 and 30 cent packets.

Phi U members are sponsoring the sale of the stickers, which are used by many students on campus, for the second year. These miniature pennants add a decorative touch to such items as envelopes, letters to friends and relatives, and portfolios and notebooks.

The Paul Bley trio will present contemporary American jazz music at tonight's lyceum. Bley will make his appearance with Peter Ind and Alan Levitt. The program begins at 8 p.m.

## PAUL BLEY TRIO MAKES ITS APPEARANCE IN STOUT AUDITORIUM AT EIGHT O'CLOCK TONIGHT

Strange as it may seem, a large percentage of modern jazz pianists are ardent students of serious music. Such is the case of Paul Bley, who leads the Paul Bley Trio which will present a program of contemporary American jazz at a lyceum to be held in the Stout auditorium on Friday evening, November 9 at 8 p.m.

Paul's musical career began on the violin. After two years he switched to piano. He has studied at several conservatories, including three years at

## METALS GUILD WILL SELL STOUT BELLS

Monday evening's meeting was spent in organizing work groups for the purpose of producing metal bells. Preceding meetings were utilized in laying the foundation for these three inch high metal bells. The bells are to be placed on sale to the Stout Student body soon, and are designed with the intention that they be used as souvenirs of college life and/or noise-makers during the succeeding basketball season. Remember to watch for pre-season sales, and let's back our team with school spirit released through the employment of Stout state college bells.

Pictured above is Helen Miller, Rose of Sigma Tau Gamma for 1956. Helen will reign at the Rose dance, the first formal of the year, on Saturday evening. This year's eighth annual affair will again be open to the entire student body.

## HELEN MILLER TO REIGN AS ROSE OF SIGMA TAU SATURDAY EVENING

### THEME CHOSEN FOR CHRISTMAS FORMAL

"An Old-fashioned Christmas" has been chosen as the theme for the Panhellenic Christmas ball to be held December 1, in the small gym. Dancing is from 9 to 12 with music by George Soderberg.

The Sigma Sigma Sigma sorority is in charge of the general arrangements for the dance. Decorations planned around "an old-fashioned Christmas" atmosphere are being made by the Alpha Sigma Alphas. The Hyperians are in charge of punch and clean-up, and the Pallas Athenes are in charge of the invitations, programs, and music.

Maybe this year we will have a soft snowfall to complete the atmosphere, like we had last year.

## NEWMAN CLUB ATTENDED CONVENTION

Twenty-three Newman Club members from Stout state college attended the Region II convention Saturday and Sunday, November 3 and 4 at Rochester, Minn. This was the second largest delegation present.

The theme of the convention was "The Lord, the Lamb, and the Life", meaning that the Lord gives us the Lamb to guide us and the Lamb gives us Life. Three divisions on the student's intellectual, religious, and social life concerning the theme were discussed. Workshops on finances, programming, and membership completed the afternoon deliberations.

Saturday evening the convention banquet was held at Lourdes high school. The speakers included a Catholic layman who had participated in the Holy Year pilgrimage to Rome and the Most Rev. Edward A. Fitzgerald, Bishop of the Diocese of Winona. A fun-fest followed at the St. Pius high School auditorium.

A Communion breakfast Sunday morning climaxed the weekend activities. It was approved at this meeting to have the Regional convention at Stout next fall. Ann Janda has been elected general chairman to make arrangements for the convention.

### Johnny Roberts And His Orchestra Will Provide Music For First Formal This Year

Helen Miller will reign this Saturday evening as the Rose of Sigma Tau. The rose, this national fraternity's flower, is the symbol of the first formal of the year. This, the 8th annual Rose Dance sponsored by Sigma Tau Gamma, is once again open to the entire student body. All of the fraternity's chapters sponsor such Rose Dances, but they are mainly for the members themselves. Sig Tau's Alpha Kappa chapter at Stout has always opened this dance to the whole school since it obtained its charter in 1948.

The dance is to be held in the high school gym with Johnny Roberts and his orchestra's music filling the air from 8:30-12:00.

Decorations this year are to be unusual in that the entire atmosphere will be in an out-of-door theme—just like dancing to the strains of music emanating from the classic bandstand in your home town.

The 1956 Rose Queen, Helen Miller, is a senior from Middleton, Wisconsin, and is a member of Home Economics club, is scholarship chairman of Alpha Sigma Alpha sorority, and has served that organization as philanthropic chairman also. She is a past member of WRA. Helen will be dressed in a light blue formal as she receives her crown tomorrow night from Dr. Robert Swanson, advisor to Sigma Tau Gamma.

Dorothy Dieter and Elizabeth Butler will be attendants. Dorothy, a senior from Brewster, Minnesota, is past editor of the Tower, president of Phi Upsilon Omicron, and a member of Home Economics club. Liz, a sophomore from Minneapolis, Minnesota, is a pledge to Pallas Athene sorority.

Tickets may be purchased from the booth in Harvey Hall, from members of Sigma Tau Gamma, or at the door of the dance for \$2.00.

## NOTICE

The depot called and the "400" will stop on Wednesday, November 21 at about 1:31 p.m. and will stop again on Sunday evening, November 25 at about 8:24 p.m.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member

Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days.

Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practices.

## LETTER TO THE EDITOR . . .

Dear Editor,

With the disturbance in European and Middle East areas, we are being reminded of the necessity of religion in our daily lives. This letter is being written with the intention of encouraging the students here at Stout to strengthen their spiritual lives while attending college.

It is evident that Stout students make little endeavor to be active in their respective church groups on campus. This is very deplorable for the church is the backbone of our free nation. Any organization must be supported 100 per cent by its members to be a success. When asked to help on committees or to help with the program or just to be present and have fun the student refuses. How many of these same students would refuse when asked to work for their sorority, fraternity, or when a friend asks them to come "join the gang" downtown? Have they forgotten their confirmation vows? Do they believe they can just ignore spiritual growth while getting their college education? Do they actually believe they can become leaders in their community by disregarding religion now? Religion is not something to put on a shelf until it is convenient to take down again.

Many look on religion as a source of pleasure for themselves; they even derive gentle entertainment from it. For them it is little more than a pastime or hobby. When they feel like it, they practice it; when they do not, they neglect it. Their activities are planned with little consideration for their church groups.

It is perfectly true that religion is often a source of consolation and happiness, but this is a consequence of it and not the reason for practicing it. That reason must be simply the will to be just. It is important for us to plan our religious activities and then work in others around it. This is very easy to do once we realize how important it is to do so.

We are constantly reminded that we are to be the leaders of tomorrow, so it is our duty to prepare ourselves. The school alone cannot accomplish this task. The church is the greatest factor on earth for building of character and good citizenship. It is a storehouse of spiritual values. But we cannot receive its benefits without effort, any more than we can get good grades without going to school. Don't let your "minus grade points" get the best of you in the final record.

Christ made a promise to us when he said, "Come, follow Me in your daily life. I am the Way, the Truth, and the Life. In Me you will find the most important knowledge of life and the only sure way to eternal happiness."

Physical strength demands exercise. Mental alertness demands study. Win-win personality thrives on service. Religious growth requires action, the actual doing of right things instead of wrong. We advance only by doing—every one of us!

If this letter has sounded caustic in its remarks, then that is because it is meant to be. Gentle talk has brought no results. Stout students must wake up and do their part. It is up to each and every one of us to make an effort to be more active in our respective church groups, not after college, but now!

—Sharon Athorp

—Opal Burton

Dear Editor,

As we were reading the results of the all student pre-presidential election here at school we noticed that only 47 per cent of the student body took the time to exercise their right of expression. Periodically there is a revival of the issue of 18 years to vote but according to these figures when they have the opportunity they are not interested.

If it hadn't been for the convenience of the polls, the lack of participation could have been understood. Several ballot clerks were on duty each hour and they were alert to see if each student passing had cast his vote.

Most organizations require a two-thirds majority or a unanimous decision for action on any issue. What would be the plight of the state and national governments if they required this many and were faced with this low percentage in voting?

We are of different political views, not of voting age ourselves, and we both support the 18 year old vote. But in view of the apathy on the part of the student body we wonder if all this controversy is justifiable.

Sincerely yours,

Betty Havlik

Virgene Achenbach

### ATTENTION STUDENTS

Letters have been coming to the editor's desk without signatures. It is the policy of the paper to print only those which are signed.

### YWCA WILL SPONSOR THANKSGIVING MEAL

The YWCA held a business meeting in the library on Tuesday evening.

Ruth Thomas explained the "fair share" plan of contributing to the national YWCA. Carol Bibby read the new constitution which will be voted on at the next meeting. Various committee reports were also given.

Members voted to invite all Stout students to the Thanksgiving breakfast which will be held in the club room above the union at 6:45 a.m. November 21. A short program to follow the breakfast is being planned. Participants will be able to make their 7:30 classes.

During Thanksgiving vacation, members will be making homemade candy. This candy will be sold in the hall on Wednesday, November 28.

## JOKES

A four-year-old boy got a severe sunburn and his skin began to peel. One day, as he washed his face, his mother heard him mutter to himself: "Only four and wearing out already."

Husband: "Beer reduces me, it makes me lean."

Wife: "Against lampposts?"

The trouble with 'Go, Go, Go' music is that it doesn't.

Wives who wake up with a grouse should try letting him get his own breakfast.

Professor: "Let me hear how far you can count."

College student: "One, two, three four, five, six, seven, eight, nine, ten, Jack, Queen, King."

Men occasionally stumble over the truth, but most of them pick themselves up and hurry off as if nothing had happened.

Give an athlete an inch and he'll take a foot, but let him take it—who wants athlete's foot anyway?

Mr. Webster: "This exam will be conducted on the honor system. Please take seats three seats apart and in alternate rows."

Senior: "Hey, you, lend me a dime to call a friend."

Sophomore: "Here's twenty cents, call all your friends."

Children have individual differences. . . . Where in the world did my son learn to talk like that?

Tiny daughter: "Mama, what are women suppose to marry?"

Mother: "Men are what women marry."

Tiny daughter: "We don't get much choice, do we?"

The chinaman praiseth his T's  
The mandarin praiseth his Q's;  
The gardener praiseth his turnips and P's,  
But I praise U.  
The mariner loveth his C's  
The Bagatell player his Q's  
The farmer loveth his cattle and B's  
But I love U.  
The foolish have need of the Y's  
The actor needeth his Q's,  
The pilot hath need of two excellent I's,  
But I need U.

## SIG TAUS END PLEDGING SEASON WITH BANQUET

The Sig Tau's ended their pledging season with a banquet at the Colonial Pines. The pledges furnished the entertainment with a skit which was a class reunion of the pledges twenty years later. Don Hoffman had started his own automobile business, and he was selling more Cadillacs than any other make of car. Charles Hornick was making a living as a salesman; in fact, he was an ironing board salesman. John Moore was a salesman for the Playtex Rubber company; John Kasten had become an undertaker, but he was selling more Cadillacs than any other make of car. At this reunion the pledges were discussing a few activities and it seemed that most of their conversation was about Paul Paulson. The pledges could not imagine why Paul never dated anyone while he was at Stout; in fact, none of the pledges could remember a single time when Paul looked at a girl. The pledges also discussed Allan Finnell who had been racing motor cycles, but who was still having trouble shifting into second gear ever since that homecoming parade twenty years ago. One of the pledges said that he had seen his old pledge master, Jerry Howard. The pledge stated that Jerry had received an important position with the city of Chicago. Jerry is a sanitation engineer (garbage collector).

Our social committee headed by Jim Jonen arranged for the mixer last Saturday night, and with the help of Jerry Porter, John Kasten, Chuck Hornick and Ralph Stevens, built the mysterious "Green Door." What was behind the green door seemed to intrigue everyone who looked through the peephole in the door. To everyone's amazement, it was a self portrait!

Remember, the Sig Tau Rose formal is this Saturday night.

## NEWS OF OUR ALUMNI

Katie Ziehm Bolon, B.S. 1932 is proud to announce the birth of Nancy Bolon on May 29, 1956. She taught part time at Marshfield Vocational school from October 1955 to February 1956, and is now a full-time homemaker at 915 W. Western in Marshfield, Wisconsin.

Margaret "Peg" Peery Lewis, B.S. 1950, has a daughter, Ann Margaret, born February 7, 1956.

Jame E. Timmerman, B.S. 1948, sends greetings from Okinawa, the "Keystone of the Pacific." Typhoon "Emma" was blowing up a storm with winds up to 150 miles per hour, school is held in quonsets among the rice paddies, and Jim likes his job very much. His address is American Dependent Schools, APO 331, San Francisco, California.

Arthur Piner, B.S. 1950, works for North American Airlines International Training Department. He lives at 20445 Hartland, Canoga Park, California.

Carol Bredlow, B.S. 1955, married Bruce Leonard and is now living in Menomonie while Bruce finishes his schooling.

Ardis Olson, B.S. 1953, lives in Madison where her husband is attending school. An addition to the family, Roberta Carol, was born November 15, 1955.

Captain Robert W. Innis, M.S. 1948 recently completed a 3 year tour on the Michigan State University Air Force ROTC staff, and is at present

On-The-Job Training Staff Officer, Castle AFB, California. Before his transfer in August he completed requirements for the Doctor of Education degree with a major in counseling and guidance and minors in education and industrial arts. His thesis title was "A Study of Attitudes and Interests Concerning the Air Force as Expressed by Cadets of the Michigan State University Air Force ROTC Detachment."

He lives with his wife and two daughters at 66 First Avenue, Castle Gardens, Atwater, California.

Teaching printing at Joliet township high school and Junior college is Norman S. Erckmann, B.S. 1937. His address is 125 Collins, Joliet, Illinois.

Alice Cockerill, B.S. 1931, M.S. 1947, was married on June 17th to E. F. Kil and is now a full time homemaker. They are building a new home and live at Box 114, Red Lake Falls, Minnesota.

William Kieffer, B.S. 1953 is at Lincoln high school in Lake City, Minnesota as football coach, assistant basketball coach, and industrial arts instructor. He and his wife, Donna McDonough, announce the birth of Jill Melinda on August 7, 1956, who was welcomed by Terry 4 and Joni 2. They live at 409 S. Garden Street in Lake City, Minnesota.

Aran Johnson, B.S. 1942, is also in the industrial arts department at Lincoln high school in Lake City, Minnesota.

Joseph R. Weber, B.S. 1950, teaches industrial arts web shop in Orland Park, Illinois. He is chairman of the board of directors of the local home owners association, and is institutional representative for the Boy Scouts of that area. The Webers observed their tenth wedding anniversary in September 1956 with their son and three daughters at 8310 Hillcrest Drive, Orland Park, Illinois.

## SNAZZY SAYINGS ARE UTTERED BY TEENERS

Hi, Kiddo! Say my Watch Works are really ticking. Why not grab your Blitz-Buggy, and we'll Gas It over to my house. The Junior Wolf is out, so we can Slide the Jive. First I need an Over hand. How about some Dazzle Dust, and Pucker Paint? Well! Now let's Make Like A Boid!

Where is the Twister to the Turner? Ah, here it is. Taxi Up And Collapse on the new Swoon Stand. I'll get some Riffs on the Elber Waves and Give With the Goo, Boy have I got some Honey From Home! I'm In A Gangle because Mom says we can have a Bash if I'll do the Crumb Hunting. Isn't that gory? All we'll need is some Fizz And Slabs.

Who shall we invite? Who? Yeah, she's Snazzy and has Whistle Bait, but she Gushes Goo.

That Red Mike? Did I ever tell you the time he took me to the Ficks? He's a Square! He didn't even give me a Honey Cooler! He left me In The Shade.

It's his brother that Melts Me. Why he's a real Alligator! Not that Fag Hag, her Bone Box never Clams Up. No, not him, he's not a Zoon Bat, but he's strictly Off the Cob. Well, not invite him?

Now let's get busy on the Ameche! TRANSLATION: Substitute key words for each paragraph for bold face words in original:

First paragraph: brains, car hurry, kid brother, talk freely, new make-up job, lip stick and face powder, go.

2nd paragraph: door key, come and sit down, chair, music, radio, explain with detail, good news, I'm feeling good, party, house work, wonderful coke and sandwiches.

3rd paragraph: swing fan, girl who smokes, mouth, stops talking, funny locker, corny, smooth, smooth-looking clothes, talks nonsense.

4th paragraph: woman hater, movies, doesn't dance, angry kiss, feeling blue.

5th paragraph: I like.

6th paragraph: telephone.

## DETROIT WOMEN HOLD THEIR ANNUAL MEETING

The annual meeting was held May 26 at the home of Dorothy Quilling Broadwell in Bloomfield Hills, Michigan. After a pot luck lunch the business meeting and election of officers was held. Officers for 1956-1957 are: President-Edith Gorton Goddwin Vice-president-Edna Johnson Houck Secretary-G. Marion Arntson Treasurer-Emma Griesse Whitmore Alumnae reporter-Elvira West The Detroit women of Stout meet the 2nd Saturday of October, November, January, February, March, and April; and the 3rd or 4th Saturday of May. Any alumnae in the Detroit area who do not receive notices for the October and November meetings and are interested, please contact Marion Arntson, Phone Ve7-4093 or write her at 16881 Greenfield, Detroit 35, Michigan. After November the notices of meetings are sent to paid members only. Dues are \$1.00 per year.

## ANNA GURUSAMY TALKS TO PHI U FRATERNITY

Anna Gurusamy was guest speaker at the meeting of Phi Upsilon Omicron, honorary home economics fraternity, held Monday evening at 7:30 in the library.

Anna's fascinating talk on her homeland, Malaya, included many phases of life there, such as the states and government, the people, education, and many of the customs of her people. She pointed out that, while there are three races of people in Malaya, it is a country noted for its racial harmony.

## AIRPLANE SIGHT-SEEING TOURS ARE AVAILABLE

Looking for some Sunday afternoon entertainment that is just a little different from the usual movie or hike? Why not take your best girl for an airplane ride? Impossible you say? Not any more, because Menomonie has an airport two miles east and one mile north of town.

The airport has four runways which are all directional. A sight-seeing tour in a two passenger plane for 15 minutes costs only \$2.00 or \$7.00 for one hour.

It has four passenger planes also and a tour for one hour costs only \$4.00 per person. Any of you who have a pilot's license can rent a plane for a few hours of relaxation.

For further information, contact Sam Latvin or Dan Guiney here in Menomonie.

## HOW DID BLUEDEVIL INSIGNIA ORIGINATE?

A few weeks ago, during the Stout Homecoming, Bluedevils were seen on lamp posts, store windows, and atop the Stout tower. The Bluedevils are Stout's loyal warriors, fighting for the fame and victory of their alma mater. But, how, where, and when did the Bluedevil insignia originate? No one seems to know. Somewhere, somehow, someplace, a loyal Stout-hearted alumni must know or have some recollection of the origination of this insignia. If so, the Stoutonia would welcome any information which would lead to its discovery.

## LETTER TO SIR EDEN

Sir Anthony Eden  
No. 10 Downing St.  
London, England

Dear Mr. Eden,

We have learned of General Assembly action last night.

That the United Nations might live we plead with you to show the world it can live. The world precedent you establish in response to Assembly decision can strengthen or crush the world's last best hope for order, the United Nations.

Menomonie, Wisconsin

## HYPERIAN'S ENTERTAIN WITH SKIT IN UNION

As a climax to their duties of a month of pledging, the 13 pledges of the Hyperian sorority entertained a near capacity crowd in the college gym Monday evening at the first sorority skit in Stout's history. Although most of the crowd came probably out of curiosity, all comments on the new adventure have been favorable.

Records, depicting the life of a Hyperian from quite a young age to the eventual goal of all Stout coeds, were pantomimed. Mary Hitesman and Peggy Handiles acted out "Playmates," while Phyllis Haugen and Patty Jo Hovde donned their "letter sweaters" for "Dungaree Doll." The hit of the whole skit were Eileen "Elvis" Case and her guitar. Complications developed when Elvis' girl Toni turned out to be Tony, portrayed by Marilyn Webb in the songs, "I Want You, I Need You, I Love You," and "Don't Be Cruel."

A battle with "The Second Greatest Sex" was fought by Bev Spry, Gwen Urbanz, Marvel Klecker, and Alma Hautamaki.

Around graduation time coed Carol Bibby decided to get serious and Ruth Stratman and Ruth Olson helped her "Go On with the Wedding."

The skit ended with the singing of the Hyperian song.

Pledge duties closed last night with formal initiation, after which the sorority members serenaded the dormitories.

## CONTROVERSIAL ELVIS INTERESTS AND UPSETS PUBLIC; SUPPORTED BY HIGH SCHOOL STUDENTS

Just about everyone has something to say about Elvis Presley. The Minnesota Daily recently took a long, editorial look at the Presley phenomena and came up with the conclusion that we may be getting excited about something that really doesn't amount to much. Said the Daily:

"Another national magazine has a story this week on rock and roll singer Elvis Presley.

"The controversial Presley has been enjoying a popularity boom apparently initially supported by high school students. But others have shown a curiosity about the singer's uninhibited delivery and his audience effect. And this curiosity has been prominent in keeping Presley in the limelight.

"Of course the exorbitant sums Ed Sullivan and others have paid the singer for his appearance and the flood of publicity he has been getting have helped sustain the public interest.

"But aside from being interested, the public seems to be more upset over this gyrating singer than anyone since Joe McCarthy.

"It has heard religious leaders condemn the 'menace' of 'this immoral person.' It has seen them organize youth group meetings so that youth will be subject to a wholesome atmosphere.

## SORORITY BEGINS STUDY FOR NATIONAL TEST

The Tri Sigma sorority held a business meeting in room 11 of the library on Thursday evening, November 1.

The Constitution and By-laws of the sororities on campus were read by Shirley Bournoville, the Panhellenic representative, and discussion followed.

Also on the agenda was a quiz given by Beverly Duerkop on the National Tri Sigma pamphlet. Study period followed.

The forthcoming Christmas sale was brought up, but definite plans will be decided on at the next meeting.

## PHI SIGS HOLD FORMAL INITIATION AT BANQUET

Formal initiation ceremonies for ten pledges of Phi Sigma Epsilon followed a banquet at the River Room in Durand Thursday, November 1.

The ten new members are Ron Critcher, Bob Gussel, Ted Nick, Jim O'Brien, Dick Popp, Chuck Smith, Rick Stuckel, Horve Steinhilber, Bob Tews, and Dave Zakrzweski. They were initiated into Omega chapter of Phi Sigma Epsilon national fraternity after delicious dinners of steak and chicken. A short business meeting followed the dinner.

## LEIGHTON WILL SHOW FILMS AT CONVOCAION

Robert Leighton, a photographer, lecturer, world traveler, and newspaperman for the past 15 years, has camera-recorded many places and peoples in varied environments. Compelled by an irresistible urge to know the world and its inhabitants, his travels have taken him to five continents.

Leighton will present four of his colored films which will include regions of Spain, the French West Indies, Dutch Guiana, and Ceylon at the convocation Wednesday, November 14 at 9:30 a.m.

Ceylon Portrait is a photograph record of a vital island, "captured" in natural color and interspersed with sound effects recorded on the spot.

The Andulcia Portrait is a film record of the most characteristic region of Spain in full color. The territory covers the southern provinces which border on the Mediterranean and which face North Africa across the straits. Spanish Morocco is likewise included as a photographic "postscript" to show the Moors in their current environment.

Dutch Guiana (Suriname) is a sparsely settled jungle country lying on the mainland of the northeast coast of South America. The "native" population consisting largely of Bush Negroes, Javanese, and aboriginal Indians is a point of special focus in this color film project.

Guadeloupe and Martinique, the two forgotten islands of the French West Indies, Puerto Rico from the "other" side, St. Thomas, a potential playground for continental; fascinating Haiti, the only Negro republic in the Western Hemisphere; and finally Trinidad, home of the calypso and scene of the most spectacular celebration of the East Indian Hoesin festival, comprise this cross-section of the Caribbean. These six dark islands of the New World are individually as different as their vivid histories.

## DORM NEWS

Open house at Tainter Hall, Tainter Annex and Eichelberger, tentatively planned for November 11, is still uncertain. Open house will possibly be held after Thanksgiving as Tainter Hall's driveway is not completed.

As for the news from the dorm: Kathleen Campbell, a resident of Tainter Hall, is recovering at home from an injury to her leg. Everyone misses her and the Hall is anxiously awaiting her return.

Physiology, psychology, English, and food prep, seem to be the school subjects occupying the minds of the freshmen girls. Other subjects, however, such as the Rose Dance seem to be crowding the school subjects. Formal are being taken out of storage and excitement over the first college formal is running high.

## ALPHA'S WILL OBSERVE FOUNDER'S DAY SOON

Alpha Sigma Alpha will be observing Founder's Day Thursday, November 15. A national sorority, Alpha Sigma Alpha was founded at Longwood College, Farmville, Virginia, November 15, 1903, and now has over forty chapters in colleges and universities throughout the United States.

Founder's Day, Christmas projects, a Christmas party, and Chapter By-laws were the main orders of business at last Thursday night's meeting.

Congratulations go to Helen Miller, Rose Queen for 1956 and to her court of honor. Helen is an active member of Alpha Sigma Alpha and has been philanthropic and scholarship chairman for Beta Phi Chapter.

## GRADES CAUSE TROUBLE TO EDUCATORS, PARENTS

Grades in school cause more trouble than losing football teams.

Educators are often undecided about what to do with them. Parents are just as often determined to have only high ones in the family. Children decide early that the letters A, B, C, D, and F are, in the final analysis, what school is all about.

Generally high grades go to students with ability; low grades go to those with less ability. But this generally is too simple to be completely accurate.

Cleanliness, attractiveness, pleasing personality and appearance, and cooperativeness all have been shown to have an effect on grades. A father's profession or social standing in the community may have an effect. So too, the size of the school or class, amount of fresh air in the room, quantity and quality of lighting, and classroom equipment.

In high school and college recorded grades assume growing importance. And yet studies show that on a test or a paper graded A by one teacher, another teacher may scribble a C or a D. Stories of Thomas Edison sent home from school as "unable to learn" and Charles Lindbergh leaving the University of Wisconsin after less than two years haunt educators and bother parents.

Both men achieved some success later in life. Lindbergh was granted an honorary LL. D. degree by the university six years after he left.

Wise indeed is the parent whose reply to a child's, "I got an A today," is: "Fine, what did you learn?"

The same reply could be given to the "B-student" or the "C-student." Final grades are given nearer the end of life than the beginning.

## A.P.O. OBSERVES ABUSES OF U.S. FLAG RAISING

During the past few days that Alpha Phi Omega pledges have been holding the ceremonial raising and lowering of the flag, many abuses of the United States flag were observed. These coupled with the flagrant disregard for the flag passing in parade or being raised at special events has lead Alpha Phi Omega to this objective: Your duties to your flag. (1) when the flag is being raised or lowered, or passing in a parade or review, all civilian men will stand at attention, remove their hats, if they have one on, and place their right hand, with or without the hat, over their heart. (2) Civilian women will stand at attention and hold their right hand over their heart. (3) Service men and women will render their military salute. (4) When the flag passes in a parade or review, all will render one of the above appropriate salutes as the flag reaches a point approximately six paces to one side of you, and hold that salute until the flag has passed you approximately six paces. (5) At football games or other special events, all will place the flag, rendering the proper salute until the flag is raised, or the National anthem is over.

The flag of the United States is more than just a piece of brightly colored cloth. It stands for us, the people of the United States. Few of us realize this have not had some one close to us who fought for our flag, was injured for our flag, or died for our flag. We who have given so little surely can pay this little respect. What do the colors of our flag stand for? George Washington wrote in his later years: "We take the stars from Heaven, the red from our mother country, separating it by white stripes, thus showing we have separated from her, and the white stripes shall go down to posterity representing liberty."

## N.Y. PROFESSOR DEFENDS FRATERNITIES

A New York university professor, Richard D. Mallory, recently defended fraternities during a speech before a YMCA in that city. Said Professor Mallory: "The larger fraternity is what its enemies say it is, then it is hard to understand the encouragement and support that have been given to fraternities during the past century by the better American colleges."

The professor went on to say that the congenial environment found in fraternities is of great importance. He also added that residence on campus should be a basic requisite for college life.

Professor Mallory emphasized the fact that although a limited number of students live and work together in a fraternity, tolerance for differences of opinion, high standards of taste, and good conduct are developed. He also declared that by democratic self government in the chapter house fraternity men become better fitted to assume the larger responsibilities of the student council and other college organizations.

Mallory told the YMCA audience that a limit should be placed on the number of members in a chapter. "If there are over thirty," he warned, "The chapter will be headed for trouble."

A questioner asked the professor if fraternities are the nucleus of bias groups. In reply he said the "students in fraternities should be allowed to pick their own friends."

## WHAT IS A MOLE

I always thought that a "mole" was like a rat, But Dr. Nitz soon taught me it was different than that. I often wonder if I'll ever learn, But the difference between them I just can't discern. Now a mole is a weight of molecules in grams And a rat is a grey animal that raids garbage cans. Now if this is all true — There's one thing I must ask.

What the \_\_\_\_\_ takes the tunnels in our grass?" Sandra Jaggerud

## BILL ROMOSER FINDS A HOLE AS STOUT PRACTICES ITS DEFENSE

Pictured above are the Stout football gridsters engaged in a practice session at Nelson field last September. It has been a long time since this picture was taken, and since then the Bluedevils have suffered one of their worst seasons in years. They won but a single game of the season while they were dropping seven contests. Stout tied for last place in the conference with Milwaukee.

## STOUT BLUEDEVILS TRAMPLED BY LORAS OF DUBUQUE 45-14

## Bluedevils Go Down To Defeat Again For Seventh Time This Year In Worst Season

Last Saturday Stout played Loras College at Dubuque, Iowa in their final football game of this season. The Stout team, unable to cope with the passing of the Duhawks, went down to defeat 45-14.

Loras scored in every quarter and all but one of their touchdowns were on long plays. The exception was a one yard plunge that was set up by a long run.

The first half was strictly Loras' show as they scored the second time they got their hands on the ball, once more in that quarter, and twice in the following quarter. The Bluedevils, on the other hand, were unable to get started, not making a first down until the third time they had the ball. Stout had one scoring opportunity in this half when Bob Mitchell intercepted a pass at midfield and ran it back to the 2 yard line where it was first down and goal to go. However, on the first play, a penalty set the Bluedevils back 15 yards and they couldn't score from there.

The second half was a much better ball game as the Bluedevils showed

they weren't as easy a team to beat as the first half indicated.

The first Stout touchdown came about midway in the third quarter after a Duhawk fumble was recovered on the Stout 40 yard line. The Bluedevils marched downfield on the ground, moving the ball about 5 yards on every play. Elroy Wicklund ran the final few yards around end. Verne Christianson booted the extra point, and Stout was on the board.

Our final TD came in the last quarter. This one was set up by a gamble that paid off. With fourth down and three yards to go, quarterback Joe O'Leary passed from punt formation to Mitchell who raced down the sideline to the Loras 5 yard line. After three running plays failed to dent the Duhawk line, O'Leary took to the air on fourth down for the TD on a pass to Jerry Stauffer. Christianson again kicked the extra point.

All of the players who made the trip played in the game. Stout's team was outstanding with the exception of their seven mental lapses that gave Loras its seven touchdowns.

## STOUT RIFLE CLUB IS BEATEN BY NEVADA U

The Stout state college Rifle Club lost the season's first postal match to the 1935 collegiate champion, the University of Nevada, by the score of 1237 to 1393. The scores for the two teams are as follows.

Stout	
Voez	274
Schmahl	263
B. McNaughton	256
Beaudry	238
D. McNaughton	206
Nevada	
Espin	289
Katzer	287
Godney	280
Wheeler	274
Jonsen	173

This is the first of eight postal and two shoulder to shoulder matches planned for the club for the 1935-37 season. Stout is one of the 197 colleges and universities which are affiliated with the National Rifle Association and which participate in postal and other matches.

## BLUEDEVIL SWIMMERS STILL PRACTICING

Due to the quarterly exams, the October 30th meeting of Synchronized Swimmers was a swim practice get-together. Along with the basic strokes, several new strokes were introduced to the group which are to be learned for the Synchronized Swimming show, January 24th-26th.

The next meeting, November 6th, will be the last chance to sign for membership in Synchronized Swimmers.

## JOKES

You'll have to hand it to Venus De Milo, when it comes to eating."  
"Why?"  
"How else could she eat?"

## WINTER INTRAMURAL PROGRAM RELEASED

From the office of Ray C. Johnson, athletic director, comes the announcement of the beginning of the winter intramurals. Mr. Johnson, who is director of intramurals, is assisted by Harry Miller.

The first three sports of the winter season are listed below and all students are encouraged to take an active part in the sport of their choice.

The place for signing your name is on the athletic bulletin board in the student union. Get your name on that list now and help to make this new intramural program a success.

## BADMINTON

Badminton will be held in three areas of competition:

- Men's singles
- Men's doubles
- Co-recreational (Men and Women) doubles

Units of competition (Suggestive)

- Classes (freshmen, sophomores, juniors, seniors)
- Frats
- Dorms
- Independents
- Churches
- Foreign students
- Graduate groups
- Etc.

All interested please sign in any or all three of the above areas (A,B,C). All entries must be in by Wednesday, November 14.

James Olds is sub-chairman.

Watch for schedule

## TABLE TENNIS

Table tennis will be held in four areas of competition:

- Individual championship
- Team championship (doubles)
- Co-recreational championship (Men and Women)
- Restricted (Men) 1. Singles championship (doubles) 2. Team championship (doubles)

All entries must be in by Wednesday, November 14.

James Sand is sub-chairman.

Watch for schedule

## VOLLEYBALL

Volley ball will be opened in two areas of competitive team championships:

- Team of six men-squad of eight men.
- Co-recreational-team of six (three men and three women) squad of eight (four men and four women)

Units of competition (suggestive)

- Classes
- Frats
- Dorms
- Independents
- Foreign students
- Churches
- Grads.
- Etc.

Present all squad lists by November 14.

Sub-chairman has not yet been appointed.

Watch for schedule

## STOUT'S 1935 PIGSKIN RECORD REVIEW

Stout — 13	Winona — 26
Stout — 12	Eau Claire — 18
Stout — 12	River Falls — 41
Stout — 0	La Crosse — 44
Stout — 7	Whitewater — 34
Stout — 6	Superior — 24
Stout — 13	Northland — 12
Stout — 14	Loras — 45

Definition of a Hug: "Energy gone to waist."

Mo: "Your head is like a door knob."

Joe: "How come?"

Mo: "Any girl can turn it."

## FOOTBALL IS SUMMARIZED AT STOUT

Stout's 1935 football season is over! The Bluedevils won only one game and lost seven. Don't let either that record or the scores of some of the games make you feel that you were represented by a poor team. The Bluedevils were a young, comparatively small, and rather inexperienced team. They entered each game outweighed, but seldom emerged out fought. Those of you who saw the games know that the team never gave up. Our lone victory was an indication of this for we came from behind to win in the final period.

Probably the thing that hurt the Bluedevils most was their own mental lapses. Many touchdowns were scored against them on long plays after their defenses appeared to have stopped the opposition cold.

On offense Stout proved that they had the ability to move the ball by doing so against the strongest of our foes. The Bluedevils were shut out only once, by La Crosse, in the one game that everything went wrong and nothing right.

The 1935 football roster listed only six seniors as compared to seven juniors, nine sophomores, and thirteen freshmen. These six seniors, Maury Ellis, Bill Romoser, Neil Hoepfer, Ed Zillman, Lyle Martens and Basil Holder, will be hard to replace as all have been key men on the team. However, with the experience gained this season by the other members of the team plus any freshmen talent that comes in next year, look for the Bluedevils to have a more successful football season in 1937 than we had this year.

## W.R.A. STAGES THEIR ANNUAL TOURNAMENT

In the fall, a young girl's fancy turns to thoughts of aerial tennis and darts. And so, members of W.R.A. are now engaged in an aerial tennis and darts tournament. The teams are as follows:

Lanky Lions: D. Mattson, captain; S. Weaver, M. Schleis, L. Neib, E. Sievert, P. Rosenstiel, K. Fisher, and S. Junge.

Tactful Tigers: B. Spry, captain; N. Hoether, J. Bierz, S. West, E. Samprair, T. Schroeder, L. Oldenberg, Y. Swenson.

Buffing Bears: C. Krings, captain; C. Grevke, G. Stuve, S. Folland, M. Hitesman, N. Fenner, R. Bender, and M. Mower.

Zealous Zebras: M. O'Keefe, captain; P. Presta, P. Rogers, P. Hobbie, A. Studd, B. Lescoheis, and M. Shattuck.

Winners for last Monday nights games were the Buffing Bears and the Tactful Tigers. Two more games will be played in this tournament.

LEE'S DRUGS

**'MUSCULAR ME'**

What a superb feeling! You can watch the rippling muscles all around you, enjoy the quick, clean breaths of fresh air and the exhilaration of physical exercise. That is, you can see others doing it, but not me. No thank you! I just like to look at others doing it.

All that energy being expelled on the playing grounds of the countryside, gives me a reverent feeling of awe similar to that of a power expert observing an atomic bomb explosion. Look at all that wasted energy!

Now I realize that many people have excess energy. But the way I see it, I don't have a bit to spare. I need all my physical strength to make all my classes and social engagements. Besides, I'd be no asset on the aforementioned play-grounds.

... They do look like they're having fun, though.

A man six feet eight inches tall applied for a job as a life guard.

"Can you swim?" asked the official. "No," he replied, "but I sure can wade."

A great big beautiful car pulled to the curb where a cute little thing was waiting for the bus. The wolf stuck his head out and said, "Hello honey, I'm driving west."

"How wonderful," said the girl. "Bring me back an orange."

**GAMMA DELTA HOLDS CHURCH DISCUSSION**

Gamma Delta members will meet at St. Paul's Lutheran Church at 5:00 p.m. on Sunday evening, November 11. The vesper service will be followed by a cost supper, business meeting and a discussion on the history of the various church bodies.

A movie "The Unfinished Task" was shown on October 28 in honor of Reformation Day. Gamma Pi members served coffee and cake to church members who saw the picture.

"Papa, there was a man here to see you today."  
"Did he have a bill?"  
"Nope, an ordinary nose."

**HOME**

There's the mother at the doorway  
And the children at the gate,  
And the little parlor windows  
With curtains white and straight;  
There are shaggy astors blooming  
In the bed that lines the fence,  
And the simplest of the blossoms  
Seems of mighty consequence.  
Oh, there isn't any mansion  
Underneath God's starry dome  
That can rest a weary Pilgrim  
Like the little place called HOME.

**FAIR OAKS VOTES 100 PER CENT IN ELECTION**

For the first time in the history of Fair Oaks, Stout's eastern student housing project, 100 per-cent voting was achieved. From the Stoutonia staff and all Stout students are extended hearty congratulations to Fair Oaks residents. Maybe your 100 per cent voting will be come a nucleus for future 100 per-cent voting in Menomone and eventually in the United States.

**JOKES**

Traveler: "What is this on the register?"

Clerk: "A bug, sir."

Traveler: (laying down pen): "I don't mind if you have bugs in this hotel, but when they come out to see which room you take—that's too much."

City Feller: "You say this is healthy country? What is the death rate out here?"

Local Wit: "One to a person."

Little Betty's mother asked her why she was crying.

"My new shoes hurt me."

"But no wonder, you have them on the wrong feet."

"I haven't any other feet," little Betty wailed.

**AMERICAN EDUCATION WEEK ORGANIZED AS REMINDER TO US OF RESPONSIBILITY**

From November 11 to 17, our nation celebrates American Education Week—the annual stocktaking of our investment in education.

Down the centuries we have built a tremendous investment in factories, farms, commercial establishments, and those cultural institutions we call colleges, museums, libraries, art galleries, parks and the like. We expect them to stand for years to come. That is possible only if our successors are capable of maintaining them—only if our children are educated to use that inheritance.

American Education Week has been organized to remind us that this is our responsibility and if we fail to meet it, even for a single generation, all that we and our ancestors have built up goes back to barbarism.

This is no idle observation. It has happened before in human history. Arnold Toynbee, the great English historian, has compiled the records of 21 different civilizations, some as great as ours, which have risen to magnificence only to fall in the end before the attacks of barbarians.

What caused these civilizations to die? In Toynbee's language, they died

because they could not meet the challenge of the time. Another way of saying it is that their youth had not been educated up to the point of appreciating what they had inherited and developing the will, the courage to keep it up.

It is the function of education to help our children become what the times require of them—good Americans, good neighbors, good people—as well as good workers, good managers, good scientists and good builders.

This our schools are attempting to do, and to a greater degree than has ever been done in history. We are trying to provide the best education we know how, not only for the few who are going to college, but for every child.

Every boy and girl eventually becomes a voter in the U.S. His vote, no matter how poorly he can read, is equal to that of the finest scholar in the country. If our nation is to be strong, we must make that vote as intelligent as possible.

Once we neglect the education of the average child in America, we may join the 21 other civilizations who once knew greatness and now exist only in history books.

**JULIE ANDREWS says:**

*"Verily, a Professor 'Iggins among magazines!"*

Julie Andrews, twenty-one-year-old British girl, plays Eliza Doolittle in the sensational Broadway success "My Fair Lady"—a musical adaptation of George Bernard Shaw's "Pygmalion."

**Q.** Miss Andrews, had you ever been away from your family before you arrived in this country two years ago?

**A.** Never, and I still become dreadfully homesick. But I do talk with them several times a week.

**Q.** By phone?

**A.** No—by phonograph. We talk into recording machines, and airmail the records. They are so clear I can even hear my brothers arguing in the background about whose turn is next. It is as if we were all in one room.

**Q.** You never exchange the usual kind of letter?

**A.** Very seldom, I'm afraid. But we post back and forth bits of particular interest—like newspaper reviews, and favorite articles from *The Reader's Digest*.

**Q.** Just the Digest?

**A.** Oh, no, there are others sometimes—but the Digest is our magazine. Mummy and Daddy have always read it, and I began when I was twelve, playing music halls. I had to miss school, and my teaching governess went through every issue with me on the run. It was part of my lessons.

**Q.** Do you still read it on the run?

**A.** Oh, yes—waiting for assignments, waiting for buses, even waiting for curtain cues. I hope I never have to be without it. When I wish to be amused, the Digest amuses me; and when I need to be scolded or instructed, I can always find an article that talks to me like—

**Q.** Like a Dutch uncle?

**A.** No, much more delightfully—more like Professor 'Iggins in "My Fair Lady" showing a new world to Eliza Doolittle.

**In November Reader's Digest don't miss:**

**CONDENSATION FROM FORTHCOMING BOOK: "THE ONE THAT GOT AWAY."** The all but incredible story of Nazi fighter pilot Franz von Werra—how he broke out of a British prison camp, audaciously attempted to steal a plane... and finally did escape.

**REBELLION AT POZNAN.** Here are eyewitness accounts of the June uprisings that may be a preview of the eventual end of the Communist empire.

**TWO-EDGED DAGGER OF YUSOF HUSSEIN.** Eerie experiences of a British officer in the Red-infested jungles of Malaya.

**THE ANDREA DORIA'S UNTOLD STORY.** Heart-rending drama of Dr. Peter futile 5 hour struggle to save him—pinned under wreckage in their room—as the giant liner slowly

**ARE YOU A BORE?** I. A. R. Wylie says ways we unwittingly bore others how to make yourself more interesting

**WHY THERE CANNOT BE ANOTHER PULITZER PRIZE-WINNER WILLIAM L. RENCE** tells why, in the awesome light of an exploding H-bomb, one thing is clear: thermonuclear war means certain suicide to the aggressor.

# Reader's Digest

*Its popularity and influence are world-wide*

Shown above are several Stout students throwing pennies in the well at the Rose dance. Pictured left to right are Joe Jajtner, Rita Wickham, Dave Zakyzeuski, Nancy Kaczynski, David Grebe, and Anne Richardson.

## VOCALIST WILL BE FEATURED ON NOVEMBER 26

Miss Inez Matthews, a vocalist widely known abroad and in America, will be featured at a lyceum program to be held in Stout's auditorium on Monday evening, November 26 at 8 p.m.

Miss Matthew's voice is classified as a mezzo-soprano, although her unusually wide range spreads from a low alto, and reaches the coloratures.

She made her debut as a soloist with the glee club in her home town high school in Ossining, New York. Miss Matthews was later recognized by a great music critic and teacher as she sang the leading role in a light opera performance at school. For seven years she studied under this woman. Little by little she combined her talents with those of her older brother, who had already achieved fame as a baritone.

Her first big chance on Broadway came when she was chosen to alternate with the leading lady in the play "Carmen Jones."

Since this time, Miss Matthews has studied under several vocal instructors. She has more recently devoted most of her time to recital, making tours in this country and abroad, initially with her brother until his death last February, and now alone.

Inez Matthews' versatility as a vocalist is evidenced by her interpretations ranging primarily from the operatic arias, classic and romantic periods, to a series of folk songs and Negro spirituals, sung only as her race can do.

As the daughter of a minister, and also the wife of a minister, the depth of religious feeling which enables her to interpret spirituals so effectively comes quite naturally to her.

### TO ALL MEN STUDENTS:

All second semester program before Friday, January 11, 1957. No program changes will be approved after this date.

### WEATHER BIRD

"Gradually diminishing snow and wind today and tonight, is the forecast, with colder temperatures and clear skies due Saturday and Sunday," said the weatherbird this morning.

Deer hunters have had their prayers answered and the bird is going into hiding until after the holidays (some folks can't afford turkey).

## STOUT REPRESENTED AT A.W.S.C.F. MEETING

A number of faculty members of Stout state college had active roles in the recent delegate assembly of the Association of Wisconsin State College Faculties. The meeting was held in La Crosse and was devoted to problems relevant to the welfare of faculty members at Wisconsin state colleges.

Present for the deliberations were 35 delegates, 10 members of the AWSCF legislative committee and 10 members of the executive board. The assembly convened for both morning and afternoon sessions and also enjoyed a luncheon served by representatives of the La Crosse college campus school.

Attending from Stout were Dr. Guy Salyer, state secretary of AWSCF, and three delegates: Dr. Dwight Agnew, Miss Martha Ruth Amon and Philip Ruehl. Also participating were Dr. David Barnard, chairman of the state-wide AWSCF salary committee, and Dr. Eric Oetting, a member of the state-wide legislative committee.

## DR. CHRISTIAN VISITS CAMPUS RECENTLY

Recent visitor to the campus of Stout state college was Dr. Johnnie Christian, program specialist in home economics for the central region, U.S. Office of Education.

Dr. Christian conferred with Dr. Alice J. Kirk, dean of the division of home economics at Stout, Miss Ann Noble, head of the department of home economics education, and all members of the home economics teaching staff.

The visitor directed particular attention to the many phases of the expanding home economics program at Stout state college.

Following a luncheon in her honor in the new Mabel Tainter Hall tea room, Dr. Christian addressed women faculty members on the topic, "The Present-day Philosophy of Home Economics and the Contributions that All College Home Economics Faculty Members Can Make to This Philosophy."

## TOWER STAFF MEETS PICTURE DEADLINE

The Tower staff met its first deadline yesterday, November 15. Members of the staff took a large percentage of the pictures to the Bureau of Engraving, Inc. in the Twin Cities where they are to be processed.

The yearbook layout was checked by the Bureau's yearbook publisher about a month ago. According to them, it has excellent possibilities of being the best yearbook we've had in several years.

The editor, Carl Smith, and his staff wish to thank the student body, organizations, officers, and seniors for their excellent co-operation in being present on time with very short notice. This co-operation has made it possible to meet their deadline.

They also wish to thank the speech and music department for the use of the auditorium for group pictures.

To make this a better yearbook, the staff has increased the size to nine by twelve inches which is similar to the University of Wisconsin. Fourteen color pages, probably in blue, will be added. The school calendar is also being worked in to try to make this the best yearbook we've ever had.

## EVENTS OF THE WEEK

**Friday, November 16**  
Thanksgiving Buffet, Girls' dorm cafeteria

**Saturday, November 17**  
Newman club dance

7:00 SCF, Library 10  
7:30 Synchronized swimming, pool

**Wednesday, November 21**  
11:20 Classes dismissed for Thanksgiving vacation

## TRIO PRESENTS MUSIC AT FRIDAY'S LYCEUM

The Paul Bley Trio appeared at Stout's first lyceum Friday evening and took the audience on an imaginary trip through the age of jazz. Playing their own arrangement of "Them There Eyes," an old Louis Armstrong favorite, they progressed through the "swing era" by playing "I Remember Autumn," "Fifty-second Street Theme," and ended the first half of the program with a very catchy arrangement of their own theme song, "Salt Peanuts." The relaxed styling of the melodies and the dimly lighted stage was extremely reminiscent of the New Orleans "speakeasy's" effect on modern music.

Jazz, a contemporary musical art form which originated in America at the turn of the century, was derived from the standard songs of that period. These selfsame songs were given a "beat" to match the "23 skidoo" or "flapper" tempo living which was prevalent at the time. It has, however, progressed with the generations and can be heard in its present form merely by putting a coin in a juke-box; that in contrast to the nickelodeon of days gone by.

In his jaunt through time, Paul and his two counterparts played such jazz classics as "Time After Time," "After You've Gone," and in the mood of the featured in solo numbers were the blues, "Bohemia After Dark." Also string bass man, Jim Gaylor, playing "Porgy" from the Broadway musical hit, "Porgy and Bess," and drummer Lenny McBrowne, playing "Drum One," an original Paul Bley composition.

The Mercury recording artists, who were well received by an enthusiastic collegiate audience, gave a brilliant performance combining their musical talents with distinctive stage personalities. There were times when a microphone would have aided "staging" but this factor was far from a hindrance to the performance as a whole.

## TODAY IS LAST FOR PHI U STICKER SALE

Today is the last day to lay in a supply of Stout stickers for the year. The sale of these blue and white stickers, which has been in progress since Monday, ends late this afternoon. The stickers, for use on letters and notebooks, are being sold by Phi Upsilon Omicron, home economics fraternity.

## S.S.C. FACULTY ATTEND CHICAGO CONFERENCE

Directing activities of the 43rd Industrial Arts conference, held recently in Chicago, was Dr. Verne C. Fryklund, president of Stout state college. He is permanent chairman of the conference.

Also participating was Dr. John A. Jarvis, dean of the industrial education division at Stout. Membership in the conference is composed of leading industrial educators, accepted by invitation, from throughout the nation.

During the three-day meeting, participants discussed such current topics as the Effect of Automation, Atomic Power, Electronics and Synthetic Materials on Industrial Arts, Significant Relevant Research in Progress or Completed, Unique Contributions of Industrial Arts to Secondary Education and others.

In attendance were educators from such distant points as West Kentucky state college, Northwestern Louisiana state college, Arkansas A & M, North Texas state college, and Oklahoma Central state college.

Also present were staff members of the Ford Motor Co., Chicago Board of Education, Illinois State Board of Vocational Education and the Bruce Publishing Co.

## FACULTY ATTEND W.E.A. CONVENTION RECENTLY

Faculty members of the industrial education division of Stout state college took active part in the recent Wisconsin Education Association convention in Milwaukee.

Dr. John A. Jarvis, dean of the division, was chairman of a meeting of the State Curriculum Committee for Industrial Arts. Dr. David Barnard was in charge of a meeting devoted to audio-visual education.

Dr. Robert Rudiger, in addition to participating in convention activities, worked with Stout alumni. Of special interest was an alumni gathering of over 200 persons, one of the largest of its kind ever held during a WEA convention.

Attending a sectional meeting devoted to Driver Education was R. F. Kranzsch. Matthew Reneson represented the college in the area of science and mathematics.

Philip Ruehl was chairman of the section on electricity, presenting a progress report on the development of resource units in electricity. Lloyd Whydowski spoke to the section on graphic arts, discussing new graphic arts trends as they affect teaching techniques in that area.

## DECEMBER 9 DATE SET FOR DORM OPEN HOUSE

December 9 is the date now set for the open house at Tainter Annex, Eichlberger Hall, and Tainter Hall. Tainter Hall's driveway is now gravelled and should be ready to welcome guests at that time.

Guided tours are to be led through the dorms in the afternoon and refreshments are to be served in Tainter Hall's beautiful dining room.

## NOTICE

Reserve library books may be taken for the Thanksgiving week end Wednesday morning, November 21, beginning at 7:15 a.m. They will be due at 8:30 a.m., Monday, November 26.

## HELEN MILLER IS SIG TAU QUEEN AT ROSE DANCE

Helen Miller, a senior coed from Middleton, Wisconsin, was crowned Rose of Sigma Tau at the eighth annual Rose dance Saturday night in the high school gymnasium.

Decorations were designed to create an outdoors atmosphere with napkin clouds and foil stars drifting overhead.

HELEN MILLER

A fountain bubbled the evening away as it stood amid a pond and fir trees. Strains of music of Johnny Roberts and his orchestra flowed from the elevated band stand, behind which dancers found a quiet patio in which to relax with bird bath, lawn furniture, and large ferns adding atmosphere. As the orchestra broke into march music the members of Sigma Tau Gamma and their dates formed a court of honor through which Dick Dignan escorted the queen to an elevated throne representing a band shell where she was crowned by Dr. Swanson, advisor to the fraternity.

Stuffed dogs, given as favors by the Sig Tau's to their dates formed the fraternity's Greek letters on the north wall.

Thus with the Rose Dance the formal season for the year officially opened.

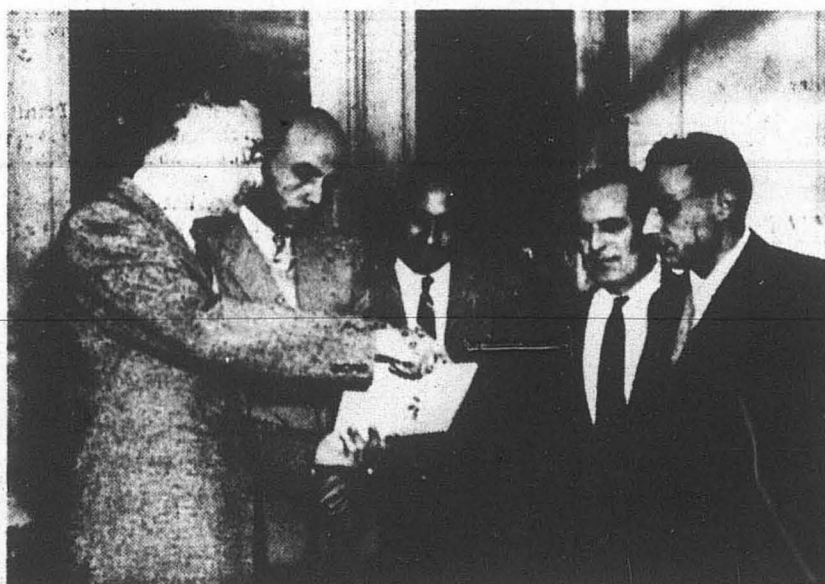

## EGYPTIAN INSPECTORS VISIT STOUT CAMPUS

Three inspectors for technical education with the Egyptian Ministry of Education were recent visitors to the campus of Stout state college here, observing how American industrial education and industrial technology are taught at the college level.

The inspectors included Mohamed Abdou, Abdel Ibrahim and Mohamed Hilali. The group is spending five months in the United States viewing various American industrial techniques. Stout was chosen by the U.S. Office of Education as the only educational institution of its type to be inspected.

Egypt is rapidly expanding its system of vocational education. Center of the enlarging program is the High Institute of Industrial Teacher Training in Cairo. There 15 faculty members are training 100 students to become teachers in Egypt's program of technical education.

While on the campus the Egyptians conferred with Dr. Verne C. Fryklund, president of Stout, and Dr. John A. Jarvis, dean of the industrial education division. The visitors indicated special interest in the administration and program of Stout.

President Fryklund is shown explaining to three Egyptian educators a course of study at Stout. Looking on is Dean John A. Jarvis. The Egyptian education officials were recent visitors to the campus.

## LETTER TO THE EDITOR . . . .

Elvis for president!

Does that sound preposterous? A man who is a singer, running for the highest office in the land? Elvis Presley appeals to teenagers, however, and signs with this request have been made and displayed by young people.

What Elvis is doing to the youth of today might well be a question raised by teachers and others who work with young people. Reports have been made of teenagers going wild over his singing and of quieting them ranking next to an impossibility. Should one man be allowed to obtain such control over a large segment of the population? Should this mass display of emotions be allowed and encouraged? Or should we condone what is happening by saying that Elvis provides a safe emotional outlet, assuming that it is safe and an outlet rather than a stimulant of emotion?

When Elvis appears on television, his audience is said to number in the millions. Enthusiasm is at its peak and remains there for a great length of time. What characteristic is it that Elvis has and that other people lack? Does he appeal to a hidden need in youth which has been neglected? If these questions have an answer and this answer can be found, what a resource of energy would be available! Channeling all this feeling into something constructive might accomplish much. This might be the opportunity to instill values, principles, and ideals into the younger generation.

## CLUB NEWS

Miss Mary Killian, Miss Hazel Nelson, and Miss Edna Gaffner, advisors for Alpha Sigma Alpha entertained the activities and pledges at a supper meeting Thursday, November 8.

The biggest decision of the meeting was to buy identical white blazer jackets with the sorority crest embroidered on the jacket pocket. These college blazers, now on order, will take the place of the black sweaters which members of the sorority wore as a group every Thursday last year. Other orders of business included the Inter-sorority Ball, Christmas party, and glove sale.

The Tri Sigma sorority held a ceremonial meeting Thursday night, November 8, in the library. Chapter study by Beverly Duerkop preceded the formal meeting.

Reports of standing committees were made. Discussion was held on certain issues concerning the revision of the present sorority constitution by Panhellenic.

Jean Baumgartner and Beverly Duerkop revealed the plans made by the decoration committee for the Inter-sorority Ball, December 1.

The Tri Sigmas will have a Christmas party with the Alpha Sigmas on December 13. Opal Burton and Ann Wesslen have been appointed to work with two Alpha pledges on the details. A committee was appointed to de-

cide plans for a sorority trip to the Twin Cities. A report will be made at the next meeting.

Activities and pledges of Pallas Athene enjoyed a "Splash Party" on Thursday, November 1. Following the swimming, barbecues and pop were served.

A regular meeting was held on November 8. During part of the meeting, the pledges were tested on the constitution of Pallas Athene.

The PA Christmas sale, headed by chairman Betty Havik, will be held on December 10 and 11. Plans were made for selling "Boutique Bags."

The annual Thanksgiving dinner will be November 15 at Jeantrons. Karen Lee is general chairman. Following the dinner, the group will serenade Mrs. LaPointe on her birthday.

YWCA met for a business meeting Tuesday, November 6. Annette Hanson who is the representative, attended the Fall District conference at camp Lyman Lodge Friday, November 9, through Sunday, November 11.

The YWCA members voted to pay dues to be members of the National YWCA and the WSCP which is the world organization. The YWCA constitution has been revised and will be approved at the next meeting. There will be a Thanksgiving breakfast and program starting at 6:45 a.m. on Wednesday, November 21 and lasting until 7:30. Any girls wishing to attend may sign up on a sheet in Harvey Hall. There will be a candy sale Wednesday, November 28. A committee was chosen to make posters for this. They are Donna Enders, Sonja Weaver and Beaty Myers.

Gamma Delta met at St. Paul's Church Sunday evening. A vesper service was held followed by a cost supper and the business meeting. During the meeting the president, Nancy Gabert, reported on her trip to the Annual Lakes Region Gamma Delta Convention held in Champaign, Illinois at the University of Illinois on the week end of November 2-4. At this convention Nancy was elected Regional secretary. During the convention a reorganization of the region took place. The Lakes Region now consists of upper Michigan, Wisconsin and Wisconsin, Minnesota.

Plans were made to hold a Thanksgiving party at the church school next week, November 18. Bill Peterson, Herb Mehne, and Sheldon Satter are on entertainment and Jan Sprain and Dorothy Evanson on food. Each member is to bring a guest. The evening will begin with vesper service at 5 o'clock.

Following the meeting reports were given by various members on the different synods making up the Lutheran Church. These were followed by discussion.

Wesley Fellowship of the Trinity Methodist Church met at 5:30, November 11 for a supper and a very interesting program.

The program consisted of slides and talks about Paraguay by Dr. and Mrs. Lester Emans of Eau Claire state college. Dr. and Mrs. Emans were sent down to Paraguay by the U.S. gov-

## SQUARE DANCE PLANNED BY STOUT 4-H CLUB

The 4-H Club of Stout state college held its regular meeting and plans were made for a square dance in the near future. A standing committee was set up for this purpose composed of Mary Tiekler, chairman; Virginia Achenbach, Carol Bibby, and Diane Marion.

Mr. Ed Baker, Erosion Control Agent, from Eau Claire gave an interesting talk on what a college 4-H club can do for the surrounding local 4-H clubs.

Watch the paper and bulletin boards for news of the next square dance.

Six members of the newly organized Stout state college 4-H Club recently attended a joint camping week end with the members of the University of Wisconsin's Blue Shield 4-H Club at Upham Woods.

Those attending were Rita Horkan, Marveen Nelson, Ellen Bruce, Jean Sprain, Marion Bast, and Myrna Shearer.

The camp opened Friday evening with a supper prepared by a few of the campers, followed by introductions and a welcome to the Stout club by the president of the University Club. Stout members were asked to give a report on the progress of their club and what their future plans were.

Following the supper hour and clean-up period, both Friday and Saturday evening mixers were held. They consisted of games, dances and mainly square dancing. Each night a session around the camp-fire was held.

Saturday morning all campers helped "Ranger Mac" clean up the camping grounds and prepare it for winter. In the afternoon "Ranger Mac" took the group on a hike on "Black Hawk Island." The rest of the afternoon was spent working on handicraft projects.

Sunday morning church services were held in the camping area and camp was closed up after dinner Sunday noon.

ment to do technical supervisory work for two years. During their talk they told of some of their experiences while down in Paraguay, of their trip down and back and showed some of the native handicraft.

Next week end is the M.S.M. conference in Madison and because so many are going to this meeting, the Wesley group will meet in the parsonage to see a movie and have group discussion. Supper will be served.

## DORM NEWS

President and Mrs. Verne Fryklund entertained the girls at the dorms in Tainter Hall's lounge by showing slides taken on their trip this summer. The girls toured Sweden, Norway, France, and England with the Fryklunds and enjoyed every minute of the beautifully colored pictures.

A Thanksgiving buffet dinner is to be held Friday evening, November 16. The girls are encouraged to invite guests. Serving begins at 6:15 p.m. A short program is being planned.

Kathleen Camplin, from Tainter Hall, is recovering from a leg injury at her home in Dresser, Wisconsin. She is planning to return next semester.

A calendar of social events for the dorms is being printed and will soon be distributed to the girls.

The dorms enjoyed the serenading of the Hyperion sorority after their initiation ceremony.

Cute little puppies and beautiful corsages were plentiful items around the dorm after the Rose Dance Saturday night.

## ALPHA SIGMA ALPHA FOUNDER'S DAY OBSERVE

On November 13, St. Paul's Beta Phi chapter of Alpha Sigma Alpha, along with nearly 50 other chapters and as many alumnae chapters across the nation, observed the 55th anniversary of the founding of the sorority.

In the year 1901 five college girls at the historic Longwood College located in picturesque Farmville, Virginia, formed a sorority which they named Alpha Sigma Alpha, with a primary purpose to foster close and lasting friendships. Thus, ASA became the first national sorority to be founded in the Twentieth Century.

Because the education field was in great demand of sororities, Alpha Sigma Alpha decided to limit its chapters to teachers colleges, and colleges of education in the universities.

Alpha Sigma Alpha came to Stout April 26, 1952, when the former SMA Sorority founded on the campus in 1925, was installed as Beta Phi Chapter.

In observing Founders' Day, Beta Phi chapter wore yellow and white chrysanthemums during the day, and last evening held a Founders' Day service after which the alumnae sponsors, Mrs. Dale and Mrs. Rudiger, served lunch to the group.

## EPSILON PI TAU ENJOYS FIELD TRIP TO CITIES

Members of Epsilon Pi Tau enjoyed an interesting field trip in the Twin Cities Friday, November 8, visiting the Ford plant, the Northwestern air terminal, and the naval air station.

Leaving Menomonee at 8 o'clock the group of 25, of which three were foreign students, traveled by bus to arrive at the Ford plant by 10 o'clock and spend approximately two hours touring the plant. The principal points of interest shown them were the glass production and the major assembly line divisions. The guide explained that one-third of Ford's glass is manufactured at this particular plant. The cars assembled there are distributed to the upper midwestern states.

After driving to Wold Chamberlain, the group had lunch in the Northwest regional dining room and were taken on a tour beginning at one o'clock to watch operations in the control tower, meteorology room, and the radar room. Excellent explanations were given at each of these stations. Following that they were taken to the Link training center where a staff member explained the purpose and function of the trainers.

The final stop of the field trip was at the naval air station. The commanding officer welcomed them at one point of the tour and gave a short lecture in which he related an interesting historical background of the naval air reserve leading to a general explanation of its present important service in the defense of the country.

It was from this base that two men recently ascended to a record 76,000 feet in a special balloon type craft equipped with the most advanced gear for recording everything from all the atmospheric conditions and occurrences to the passengers' heart-beats.

Having spent over two hours at both the Northwestern and naval air stations, the members of EPT boarded the bus for the return trip to Menomonee.

## ALUMNA IS FEATURED IN MILWAUKEE JOURNAL

Subject of a recent full-page color spread, the latest feature in the women's section of a Sunday Milwaukee Journal, was a Stout alumna, Miss Karen Fladoes.

Miss Fladoes retired on September 30 to Lower Lake Tainter, where she and her sister, Klara Fladoes, will make their home. At the time of her retirement from the business world, Karen was chief home economist for Kelvinator and director of the Kelvinator Institute for Better Living.

One of six children, Miss Fladoes attended school in Menomonee, graduating from Stout in the "domestic science" of that day. Following some teaching experience near Tacoma, Washington, she served as an army dietitian during World War I.

After a short stint in civilian dietetics, Miss Fladoes became a field worker in the South for Washburn-Crosby Co., now General Mills. She next started a home service department for the Duquesne Light Co. of Pittsburgh.

In 1936 she moved to the Chicago area as home service director for the Peoples Gas, Light and Coke Co. In 1944 she began her work with Kelvinator in Detroit.

There Miss Fladoes assumed the responsibility for performance on appliances, supervised the preparation of product instruction booklets and directed the general operation of the company's experimental and test kitchens.

She has built up the Kelvinator staff from a one-person enterprise to the point where five home economists, plus a field home economist, are recognized as integral parts of the Kelvinator organization.

Perhaps one of Karen Fladoes' most unusual assignments was that which came to her near the end of her work with Kelvinator. She was given a free hand in designing an all-pink kitchen for a shiek's palace on the Persian Gulf!

## FACULTY WOMEN ENJOY WEEK END UP NORTH

Come one, come all  
Enjoy colors of fall  
On twenty-ninth of September  
This is a date to be kept  
To de-coweb your minds  
At Whispering Pines.  
Depending to this jingle, twenty-one women of the faculty spent a two-day week end in September at the Whispering Pines lodge near Spooner, Wisconsin.

Starting on Saturday morning, the group visited the cranberry bogs on the way to Hayward, where they met at Logging Camp Cook shanty for lunch. "All you can eat" served family style on long tables with red checked cloths, recreated the rugged atmosphere of lumbering days.

Whispering Pines lodge on Mathew lake proved to be an ideal spot for relaxation and outdoor activities. By no means least in importance was the abundant and excellent food served by the genial hosts, the Byrhts.

## NEWMAN CLUB WILL HOLD DANCE SATURDAY

Tomorrow night the Stout state Newman Club will hold their annual Thanksgiving Dance in the little gym. With the music of George Scherberg and the fact being that it is the last dance before vacation a large turnout is expected.

General chairman of the social affair is Betty Havlik, and her committee chairmen are orchestra, Al Finne; publicity, Mary Tichler and Rita Pauls; admissions, Jack Thero; and general arrangements, Sel Harychi.

Dancing will begin at 8:30 p.m. and continue until 11:30. The price of admission is 40 cents single and 75 cents a couple. We'll see you at the dance!

# NEWS OF OUR ALUMNI

Virginia Lathrop (Brown), B.S. 1955, taught for her first year in Wisconsin, where she had five classes, was in charge of the pop club, pep band, cheerleaders in junior high, and an adult evening sewing class. Virginia was married on April 2, 1956, and is now residing in Pensacola, Florida, where her husband is in U.S. Navy flight training.

William C. Pao, M.S. 1953, is electrical instructor at Norwood Technical high school, Norwood, Ohio. He recently attended an AVA convention at Atlantic City where he met many of his Stout friends during the breakfast at the convention.

Warren Barberg, B.S. 1951, is employed as district agent for the Equitable Life Insurance Company of Iowa in Menomonee, Wisconsin. Warren is a national officer for Sigma Tau Gamma fraternity, he made a chapter inspection trip through Illinois, Missouri, Arkansas and Louisiana. He visited the Mardi Gras while in New Orleans, and spent an evening with Sam Mikstiras, B.S. 1954, at Naval Air Base in Memphis on the way back. Mr. Barberg is also secretary of the Menomonee Lions club and chairman of the Dunn County young Republicans.

The Chicagoland Stout Alumni Chapter met at the home of Mr. and Mrs. Donald Hanson, 10210 West Belmont, Franklin Park, Illinois. People came from Berwyn, Blue Island, Calumet Park, Chicago, Evanston, Franklin Park, Glenview, Highland Park, Joliet, Lemont, Oak Park, Prospect Meadows, and Round Lake. Thirty-four persons enjoyed the "do-it-yourself" buffet which provided opportunity for visiting with old friends and getting acquainted with new ones.

Slides of Stout and Menomonee that had been sent by the college were shown by Wallace Buffmire. These were followed by slides taken at previous outings of the Chicagoland Chapter. Ralph Betterly, president of the National Stout Alumni Association, told about the national association and about the new Student Union that is to be built at Stout. Some discussion was held as to what local chapters can do toward this project. No decision was made at this time for any definite action.

The Hansons were warmly thanked for making possible a very enjoyable and successful meeting in their home.

## ALUMNI HOLD REUNION IN MILWAUKEE COUNTY

Approximately 250 alumni members and friends met on Thursday, November 1, at the Milwaukee County Federation of Women's Clubs in Milwaukee. Members present represented classes from 1910 to 1956. A buffet lunch was served and a showing of the new film "Industrial Education in Your Future" was shown. A very pleasant evening followed with visiting among friends and reminiscing of former college days.

Ruth Angus Harmon, B.S. 1947, is busy as a homemaker and mother of two children, Roger and Mary, at their home in Auburnville, Mass. Last summer the family went on a trip to Colorado Plateau to film uranium prospecting, mining, and processing. Ruth is a part-time nutritionist for baby clinics of Newton's visiting nurses association.

Sheldon Trotter, B.S. '45, is now assistant manager of a large chain department store in Cincinnati, Ohio. He has been with this company for the last eight years. After leaving Stout he joined the Air Force in 1946. He enrolled in dentistry at the University of Minn. In 1948 he went to Denver and joined the company he is now with.

Adeline Achaefer Richter, B.S. '48, and husband Harold Richter, B.S. '47 are residing in Watertown, Wisconsin, where Harold is shop superintendent at G. B. Lewis Company. He has worked there one year. Adeline is a full time homemaker and mother.

Deris Beyer, a Stout graduate, is teaching in the Milwaukee Lutheran high school, where she has been employed for the last two years. They have a brand new four room department and of this last year she was made head of the homemaking department.

## STOUT'S 1956-57 BASKETBALL TEAM IS READY

Eight returning lettermen head the list of players on the Stout state college basketball team for 1956-57. The team has been working out since the first of November under new head coach Joe Gerlach. He is assisted by Jim Dalley and John Widmar.

Sixteen players have survived the final cut and they will comprise this year's Bluedevil squad. Stout has a 20 game schedule this year, of which 12 are conference games.

Returning lettermen are: Jim Bolm, 6-2, junior, Escanaba, Michigan; Herb Helm, 6-2, sophomore, Winnetonka; Brian Howard, 6-2 1/2, sophomore, Chetek; Dick Johnson, 5-8, junior, Virginia, Minnesota; Terry Meyer, 5-9, sophomore, Austin, Minnesota; Jann Peterson, 6-1, junior, Menomonie; Bob Sorenson, 6-0, sophomore, Milwaukee; and Ron Woodliff, 6-7, senior, Tomah.

Rounding out the squad are: Keith Moessner, 5-10, freshman, Menomonie; Bill Hills, 5-9, guard, Beloit; Mike Johnson, 6-2, freshman, Milwaukee; Bill Kindschy, 6-2, sophomore, Galesville; Bill McGovern, 5-8, junior, Escanaba, Michigan; Tom Pagel, 6-0, sophomore, Madison; Jerry Stauffacher, 6-5, sophomore, Monroe; Jerry Steppe, 6-1, freshman, Menominee, Michigan.

Coach Gerlach says that the team has good speed, shooting, and depth except in the center slot. To aid the solution to this problem, Stauffacher is being groomed for action at this post.

The Bluedevils find that they have their most experienced squad in some time and they certainly can't be rated as a conference title contender on the basis of this, but they should show an improvement over last year's performance.

Stout opens its season on November 29, against St. Mary's of Winona. Coach Gerlach has wasted little time in selecting the first team which includes: Howard and Sorenson or Helm on the forward wall, Bolm in the center, and Peterson and Moessner at guards.

Remember—November 29, in the high school gym—Stout vs St. Mary's. See you there!

## PRACTICING AT STOUT

"Did it go in, 'Red'?" Shown above are, left to right, Tom Pagel, Jim Bolm and Bill McGovern at a recent basketball practice. The team was scrimmaging when this picture was taken in the high school gym. The squad has been working out since November 1.

## DATES ANNOUNCED FOR SPRING REGISTRATION

Registration dates for the spring semester were announced Monday by the office of the Dean of Industrial Education.

Continuing graduate students, continuing seniors, juniors and sophomores, and new transfer students will be accommodated on Monday, January 21.

Tuesday, January 22, is reserved for continuing freshmen and new freshmen. Juniors, sophomores and freshmen returning from service will also register Tuesday.

New transfer students may register on either day, in accordance with their classification.

## DIETETIC CLUB ENJOYS TRIP TO EAU CLAIRE

Tours of the Hotel Eau Claire and Luther hospital highlighted the Dietetic Club trip to Eau Claire on Saturday. Members of the club observed the food services of these institutions in operation, and were served lunch at the hospital.

Initiated into the club Monday evening were Edna Gaffrin, Barbara Hatopp, and Carmen Krings. During the meeting, which was held in the dormitory, plans were made to bake fruit cakes on November 30, and December 1, to be sold by members during December. A Christmas party will take place December 10.

## INTRAMURALS AT STOUT LACKING PARTICIPATION

Intramural athletics at Stout this year certainly have much to contribute to the recreation of the college life in Menomonie. Among its many, many excellent features and advantages lies the fact that so far these intramural sports are not being utilized by the men in school. The physical education department here organizes and conducts the intramural program of competitive activities on the campus for the voluntary participation of the student body.

It should be pointed out that participation, wisely selected as to the amount and type, will result in some of the following desirable outcomes:

1. Development of coordination, organic strength and endurance.
2. Relief of tension through participation in wholesome activities which are enjoyable and revitalizing.
3. Provides the opportunity to gain a knowledge of the rules and techniques of play in a wide variety of activities which in many instances help the individual build a worthwhile recreational program throughout life.
4. Results in a widespread acquaintanceship which becomes a source of pleasure and satisfaction during college and later life.
5. Provides the opportunity under the stress of competition for the development of such desirable personality traits as perseverance, courage, co-operation, and confidence; all of which should help the individual live a more satisfying life in our modern world.

In seeking to give the men of our student body every chance to realize the above outcomes the athletic department assumes the responsibility for supplying adequate facilities, trained officials, and equitable competition in those activities which the students have indicated sufficient interest. In addition the department considers the introduction of new activities to the student body as one of its more important functions. A reasonable amount of precaution is taken to safeguard the health and safety of the participants. This is accomplished through physical fitness regulations, special rules of play, proper equipment, and instruction in the techniques of play.

The men of the Stout state college student body are invited to participate in any phase of the program that appeals most to them and to participate now before the time comes when they will regret not having stayed physically fit. Let's hear it!

## SYNCHRONIZED CLUB TAKES NEW MEMBERS

On Tuesday, November 6, at 7:30, the Synchronized Swimmers met for a very important business meeting. Sharon Meyer and Eileen Case volunteered as chairmen for the song, "Canadian Sunset," and Margaret Schuette volunteered as chairman for the song, "Chinatown, My Chinatown."

Signing of new members was taken. The members are: Jean Goehring, Mary Ellen Markgen, Mary Ann Cerny, Clyde Allison, Karen Rambo, Carol Barber, Bill Cornell, Nola Nunne-macher, Avis Cahill, Ernie Oyama, Kathy Burkett, Louie Hubber, Barbara Taylor, Ralph Herman, Jerri Skarven, Mary Rezek, Marilyn Randall, Walt Vaitkevicius, Margaret Schuette, Gene Smigelski, Pat Chandler, Rita Wickham, Richard Perrin, Jeanine Blank, Marilyn Utter, Albert Kahalekulu, Barbara Bratley and the officers elected at the last spring business meeting: Jean Baumgartner, president; Duane Bengs, vice president; Bill Bengs, treasurer; Eileen Case, secretary; Marlowe Zoberski, historian; and Jan Jenquin, publicity chairman.

Two old friends ran in to each other for the first time in several years. After the usual greeting, one of them said "And how is the little woman — still as pretty as ever?"

"Oh yes," was the reply. "It just takes her a little longer, that's all."

## WRA CONTINUES WITH WINTER SPORTS PLANS

The Buffing Bears aerial-dart team met their match November 5 when they were defeated by the Tactful Tigers in two out of three games. The Zealous Zebras took an equally exciting victory over the Lanky Lions also.

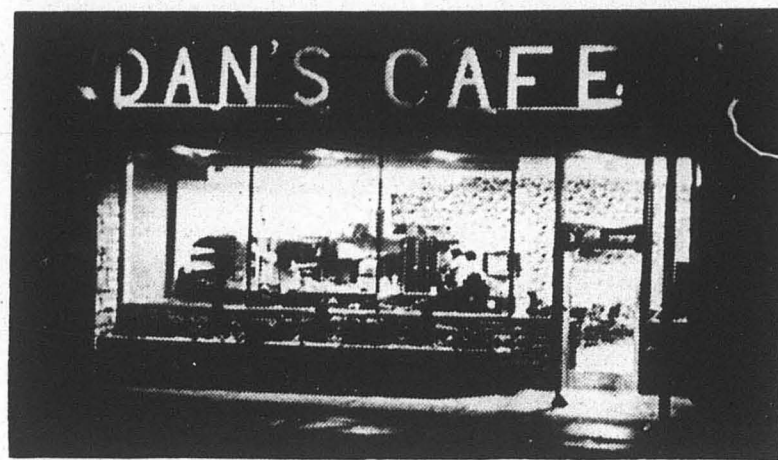

So far in the tournament, the Lions have lost two; Tigers have won two games. The Bears and Zebras have each lost and won one game.

The playoffs are Monday, November 12 when the Bears will meet the Zebras and the Lions will challenge the Tigers. This should prove to be an interesting battle between the "animals."

The next sport will be a basketball tournament for the club as well as an all-school tournament. For all those interested in playing, contact Gwen Stuve.

The Arts and Crafts club is holding its annual membership drive in the coming week. Any person interested in joining should pick up an application blank from Tony Kotyza. For anyone who is not familiar with the club, it is set up on a hobby basis. At the present time members are working on leather, wood, plastic, and metal projects for themselves.

# "Ring Around Elizabeth" Dec. 5-7

Clutching at a legacy which forms the central plot of Ring Around Elizabeth, three-act comedy which the Manual Arts Players will present in the Stout auditorium the evenings of December 5 through 7, are (left to right, first row) Dorothy Dierard and Gloria Walstad; (second row) Sharon Athorp, Iris Friedman, Audrey Adams and Clarence Fehlbauer. Miss Adams portrays the title role of Elizabeth.

## 'RING AROUND ELIZABETH' PRESENTED BY M.A.P.: DR. LENGFELD DIRECTS FIRST PRODUCTION OF YEAR

The Stout state college Manual Arts Players will present "Ring Around Elizabeth," a three-act comedy, for three nights, starting Wednesday evening, December 5, at 8 p.m. in the auditorium.

A comfortable middle class home creates the atmosphere for this three act comedy. Elizabeth, who is accepting a legacy, is the core of the household. Competing for this legacy are Elizabeth's easy going husband and two daughters, Jennifer and Mercedes. Elizabeth's selfish mother hoards antiques, while the fidgety father-in-law chases fires. An inquisitive house guest and a bossy cook add to the confusion and excitement.

Most of the people in the household are much worse than usual because they are after the legacy that Elizabeth is receiving. Reaching a breaking point, Elizabeth finds relief when twenty years are blotted out of her life and she becomes a gay young girl again. This enables her not only to indulge in caprices like taking up with her daughter's young man, but also to tell all members of the family what she thinks of them.

Humor is evident throughout the play.

The members of this talented and hard working cast of Ring Around Elizabeth include Audrey Adams as Elizabeth; Sharon Athorp, the grandmother; Barbara Bender, Harriet; Clarence Fehlbauer, Dr. Hollister; Francis Karraker, the grandfather; Sally Koppin, Mercedes; Skip Lemke, Elizabeth's husband; Robert Prochnow, Andy; Barbara Pratt, Vida; Gloria Walstad, Jennifer; and Bette Zander, Irene, the guest.

This is the Manual Arts Players' one hundred and twenty-fourth major production, and the first presented this year under the direction of Dr. Lorna

S. Lengfeld. The assistant directors are Donna Enders and Donna Paul. Many industrious students have been working to make this fall production possible.

The stage manager and technician is Norman Valiska. The stage crew includes Mike Brennan, Rhea Van Vleet, Ronald Uertl, Marion Lohr, Peter Jackson, Ardelle Dregne, Donna Enders, Virgil Gottwalt, Fred Hanna, Joan Braunworth, and David Soderberg.

For the past few weeks the publicity committee has been working on programs, posters, tickets, and newspaper articles. Tickets for the public will be on sale Friday, November 30, through Friday, December 7, in the corridor of Harvey hall for 75 cents. All Stout students will be admitted free to the performance upon presentation of their S.S.A. cards.

Business manager is Dorothy Bartels. Members of the publicity committee are Peggy Douglas, Mary Ticker, Ardelle Dregne, Marvel Klecker, Cynthia Bauer, Larry Loveland, and Iris Friedman.

Costuming for Ring Around Elizabeth was done by Carol Perso, chairman; Barbara Taylor, Barbara Bender, and Gloria Walstad.

Sound effects were constructed and properties were collected by Eileen Case, Marion Lohr, Joan Braunworth, Barbara Pratt, Richard Matschig and Clarence Fehlbauer.

The lighting will be controlled by Joe Jaitner, Fred Hanna, and Richard Perrin.

Chairman Zita Peplinski and assistants Rhea Van Vleet, Ardelle Dregne, Marion Lohr, Dorothy Dierard, and Marvel Klecker are in charge of the make up department.

House manager is Lee Lybeck. Bring your family and friends to the enjoyable three act comedy, Ring

## MISS AMON SPEAKS TO RIVER FALLS WOMEN

Recent speaker at a meeting of the River Falls chapter of American University Women was Martha Ruth Amon, chairman of the related arts department of Stout state college. Her topic was "Trends in Home Furnishings."

By use of slides and description, Miss Amon depicted a number of popular contemporary homes and their accessories. She emphasized the fact that it is possible to achieve a contemporary effect through moderation in both cost and the rapidity of changing furnishings.

In fact, Miss Amon suggested that many older persons could achieve the desirable situation of obtaining many new items of contemporary design while retaining some older furnishings of charm and sentiment.

## RECRUITERS FOR MARINES VISIT CAMPUS SOON

Captain D. K. Macklin, the U.S. Marine corps officer procurement officer for Minneapolis, Minnesota, announced this week that the Marine corps officer procurement team would visit the campus of our college on the 10 and 11 of December.

Captain Macklin stated that the officer procurement team would present four programs open to college men which lead to a second lieutenant's commission in the U.S. Marine corps reserve. Two of these programs offer a ground commission and two offer a commission and further assignment to flight training.

The program leaders class and the platoon leaders class aviation programs are summer training programs open to freshmen, sophomores, and juniors. Participation in two six-week training periods and graduation from college will qualify an applicant for a second lieutenant's commission. Highlights of the programs include an unconditional draft deferment, strict academic freedom while in college, longevity for pay purposes while in college and the applicants choice of duty in aviation or ground. These programs require no participation in special classes or drills during the school year.

Students are invited to discuss their military obligations under the armed forces act of 1955 with the members of the officer procurement team. The procurement team will accept applications from qualified students for any of the above mentioned programs during their stay on campus.

## LECTURE WILL BE PRESENTED ON DECEMBER 5

An unusual illustrated program on famous books of the world will be presented in the library audio visual auditorium, Wednesday evening, December 5, at 7:00.

Frank P. Leslie, president of the John Leslie Paper company will present an illustrated commentary of books which he has photographed in the many world-famous libraries of America and Europe. For several years Mr. Leslie has made a hobby of collecting prints in color of books. He recently returned from visiting several libraries in Europe.

The Stout Typographical Society invites all interested persons to be their guests at this program.

Pictured above is Ruth Olson, national winner in dairy foods demonstration. She is one of four students in Wisconsin to receive national honors at 4-H Club Congress.

## RUTH OLSON IS ONE OF FOUR IN STATE TO RECEIVE NATIONAL HONORS AT CLUB CONGRESS

Several students on campus have received state and national recognition for their outstanding 4-H work. This year there are two girls attending National Club congress in Chicago, November 24 to December 1. They are Ruth Olson, a sophomore, from Veris on county, and Sharon Hansen, a freshman from Richland county.

Miss Hansen is state citizenship winner, and her book is being entered in national competition.

Miss Olson, one of eight 4-H members in dairy food demonstration chosen to represent the United States to attend this congress, was named a national award winner. One of four recipients of national honor from Wisconsin, Miss Olson found time for an impressive list of accomplishments in dairy demonstrations to win her trip to Chicago. Last year at the Wisconsin State fair, she showed how to make rainbow cake — "something like baked Alaska, except you don't bake it." It is made with alternate layers of mint and strawberry ice cream and cake.

While at club congress, the girls attend work shops, banquets, the National Livestock show, and are given a tour of the town.

Stout also boasts a number of 4-H Key award winners. To achieve this

honor, the member must have been a junior leader for four years and have an outstanding record in other 4-H activities. Points are received for various achievements, and winners are chosen from an allotted number of points.

Only 250 4-H members from all over the state may receive this award. Those from Stout receiving it are Joanne Kaven and Katherine Hawkins, Chippewa county; Alma Hautamacki and LaVaun Nech, Clark; Patricia Solder, Dodge; Bill Bird, El Line Grett and Dorothy Walter, Dunn; Ann Sjagerud and Jean Sprain, La Crosse; Marion East, Oneida; Virgene Achenbach, Pepin; Kathleen Vanda, St. Croix; Ruth Olson, Vernon; Joan Wonoski, Waushara; and Louise Grant, Portage.

## TO ALL MEN STUDENTS:

All second semester program changes must be completed on or before Friday, January 11, 1957. No program changes will be approved after this date.

## INEZ MATTHEWS STARS AT LYCEUM MONDAY

A very talented singer, Inez Matthews, provided an hour of musical enjoyment for the Stout audience Monday night. Appearing on stage in a black velvet evening gown, the mezzo-soprano opened the program with numbers by Handel, Bach, Vivaldi, and Schubert.

While singing, Miss Matthews used a variety of facial expressions to express the mood of her songs. She kept her eyes on the audience and throughout her performance she controlled the listeners with her eyes.

It was remarkable how quiet the audience was during a number. They seemed to be in a trance and one could have easily heard a pin drop in the almost filled auditorium. The singer announced several selections. Her voice was deep and mellow.

After intermission the repertory included, "He's Gone Away," "I Wonder as I Wander," and "Plenty Good Room." Piano accompaniment was furnished very ably by Irving Helled. His ease of playing impressed the audience.

## GOVERNING BOARD HAS MEETING RECENTLY

The meeting was called to order by president Eugene Battist. The minutes were read and approved as read.

Dr. Swanson asked the Board for two members to work with the Counseling Service Committee in setting up a third workshop concerning the duties as an organization advisor. Two work shops were read and approved as read.

The Board felt no decision could be definitely reached on the budgets until they were completely discussed. A special meeting was requested to finish this business.

Battist asked if the Board should plan to send a delegate to the National Student Association Conclave being held soon. It was decided that no one would attend this year.

The meeting was adjourned.

## WEATHER BIRD

"Temperatures are due to start dropping again by Saturday night," said the bird this morning.

Snow and partly cloudy skies will accompany the cooler readings, but precipitation over the state is not expected to exceed one quarter inch.

Sunday is to have still colder temperatures and continuing snow flurries.

## FROM THE EDITOR'S DESK

The draft proposals made during the past campaign by Democratic candidate Adlai Stevenson touched off quite a controversy. Naturally, anything concerning the draft is of special interest to college students, and the *Miami Hurricane* ran this editorial before the election:

The draft issue in the present campaign is perhaps an "artificial" issue, but it is a pretty hot one and deserves some interpretation.

There has been an unfortunate tendency to shut the door on some of the most noteworthy thinking that has been done on the question of procuring military manpower in the past 20 years.

The result of this thinking is the proposal of a volunteer plan as a substitute for the draft system, a suggestion of presidential candidate Adlai Stevenson. Mr. Stevenson's thinking has been predicated on the widely-accepted belief that a new era of warfare is upon us, an age in which technical skill and scientific knowledge will be of paramount significance.

His opposition has too easily dismissed debate on the proposal with the curt comment that the plan would lead the United States down the road to surrender. Now presumably Mr. Stevenson, as a man with a wide background in world history and current affairs, and as a man who aspires to be president, is not a man who advocates military unpreparedness. It is obvious from reading his speeches over the past four years that he is profoundly aware of the Communist military threat.

We believe he has been grossly misinterpreted. We believe, to use the President's own term, that it is "incredible" to even imply that Mr. Stevenson would blindly rush into execution of a plan which would immediately weaken our defenses.

Mr. Stevenson, it seems, has seen a vision, based on practical fact. The practical fact is that utilization of manpower in the peacetime army is inefficient, as it must be in a peacetime army maintained on the crest, if not the brink of war. The vision is that this waste can be cut down, and that greater efficiency and thus a better fighting force will result. He has said that better use should be made of American soldiers' lives. He has prefaced this by the statement that "What is involved here is the security, perhaps the life and death of our nation." In other words, he has simply called, with full realization of the dangerous context in which he urges it, for a way to utilize U.S. manpower in a possible war with a possible enemy on whose side would be overwhelming numbers.

It seems implicit that Mr. Stevenson is not going to throw one system out the window before expert advice and long consideration indicate that another system can take its place, that he is not going to junk national security for a pie in the sky.

In the long run, after the election tumult dies, it will be the national security that benefits if this plan is considered, however modified it may be if put in practice.

## CLUB NEWS

The formal initiation of Alpha Phi Omega, national service fraternity, took place on the third floor of the union at 6:15 p.m., Tuesday, November 13.

A very impressive ceremony found the following neophytes taking the fraternity oath: Ronald Unerli, Mosier, James O'Connor, Monique, John Stroebel, Milwaukee; John Simons, Milwaukee; William Showaer, Fairmont, West Virginia; Jerry Koskinen, Zion, Illinois; Ronald Bergman, Brillion; Robert Gannon, Park Falls; Helmut Albrecht, Winthrop Harbor, Illinois.

Two members were welcomed back to the ranks of Phi Sigma Epsilon at the regular meeting of the fraternity held at the River Room in Durand just before the formal initiation of new members on November 8.

John "Mickey" Schellin, junior at Stout before he left for the armed forces, returned to Stout for two weeks during a furlough before continuing on to his assignment in the Far East.

Carl Brooks, junior, is now back at Stout with the rest of us. All the Phi Sigas are happy to have Carl back.

The week end of December 1 will be a big one for the Omega chapter here at Stout, for that is the date of the regional convocation of the fraternity, held this fall at Stevens Point. This convocation will be a big one for Stout's delegates, for it is the first one to be presided over by Willis Capps, who was elected Wisconsin vice-president by the entire national fraternity at the national convocation last summer. Willis is an ex-president of Omega chapter and an ex-SSA president, who graduated in 1954.

The L.S.A. group held their Thanksgiving meeting November 18 at Peace Lutheran Church. The meeting was opened with three speakers giving topics on Thanksgiving. A delicious turkey dinner with all of the trimmings was served and the meeting was closed with a worship program including singing of Thanksgiving hymns.

December 2 is the date for the next meeting to be held at Our Savior's Lutheran Church at 4:30 p.m. Movies will be shown of Europe.

## LETTER TO EDITOR

A week has elapsed since the last snowfall and I am sure that I am not the only one who has discussed the ice on the sidewalks of the Stout state college campus. How long do we have to wait before the sidewalks are cleared?

As I said, it has been a week since it snowed, and the packed snow has turned to ice, making it treacherous to walk from one building to another. It seems that if the ice and snow can't be removed within a reasonable period of time, at least precautionary measures, such as sand and salt could be applied to insure sure footing.

I don't know who is responsible for this negligence, but there is always one cheery thought, fellow students: spring is just four months away!

—Richard Matachnig

Lynwood, oh Lynwood, so old and true, With your shabby old halls filled with smoke so blue.

The paint is so thick on your dirty old walls, That one must turn sideways while going through the halls. There's always the chance the plaster may crack, And down will tumble our beloved old shack.

The lighting is good, good for shmuck, And we have to put up with the bleming of Doc.

A slight noise in the dorm will bring Cheke like a storm, While Bill snores away in his usual form.

The proctors beller, the proctors twice, Whenever you turn up your radio switch.

The heating isn't systematic, and for sure it's not automatic, 'Cause it's run by Wicklund, that crazy fanatic.

At noon you boil, at night you bake, But when you get up you're so cold you shake.

Sleeping would be an easy matter, If the darn termites wouldn't make such a chatter. This is a short glimpse of the dorm we know,

And we hope to heck it caves in with the next heavy snow.

## PLANS ARE BEGUN FOR NEWMAN CLUB CENTER

The main topic of discussion at the Newman Club breakfast Sunday, November 18, was the Thanksgiving Dance. Reports were given by the various committee chairmen and overall observations were made.

Miss Mary Williams attended the breakfast as a representative of the faculty advisory board.

At the regular meeting, Tuesday, November 13, steps were taken to start planning a Newman Center on campus. Several of the members were appointed to look for possible sites for the center near the school. Mrs. Alyce Vanek and Dr. Thomas Flemming were in attendance at that meeting.

## NEWS OF OUR ALUMNI

**James Bohn, B.S. 1949**, is teacher of power and transportation at Ypsilanti, Michigan. The shop he teaches is quite different from the usual auto shop. Students work on all the different auto and aircraft component parts as a unit and not on a complete auto. He is a member of the Ypsilanti Lions club, and works with the city recreation department.

**Elmer E. Clausen, B.S. 1939, M.S. 1949**, is printing teacher of Clark jr. college, which is the only complete vocational graphic art program in the Pacific Northwest. He is also the sophomore class advisor at the high school. Last summer he taught at Western Washington College of Education at Bellingham. Elmer is also president of the Portland club of Printing House Craftsmen, and vice president of Clark

County Teachers Credit Union. He and his family are residing in Vancouver, Washington.

**William F. Johnson, B.S. 1938**, is starting his 19th year teaching this year. For the past two years he has been located at Frederick high school, Frederick, Wisconsin. At the present time he is chairman of a committee planning a swimming pool for the school.

**Mr. and Mrs. John H. Jankila, Buhl, Minnesota**, announce the engagement of their daughter, Marian, to Mr. James L. Berray, son of Mrs. Wardena Berray, Woodruff, Wisconsin. Marian and Jim are both Stout graduates of 1956. Presently, Marian is teaching in Fountain City, Wisconsin, and Jim is employed by the National Cash Register company, Milwaukee. The wedding date has been set for December 27.

**Joanne Fritz, B.S. 1955**, teaches war economics at Woodrow Wilson senior high in Manitowoc, Wisconsin. She joined the Manitowoc Ski club and went to Iron Mountain, Michigan, or Fun Valley at Coleman, Wisconsin, almost every week end during the ski season last year. Her address is 1718 Michigan avenue, Manitowoc.

**Mrs. Winifred W. Bololz, B.S. 1954**, is teaching at the Charles E. Thomas elementary school in Warner Robins, Georgia, and lives at Houston Lake, Perry, Georgia.

**Augie Schultz, B.S. 1953**, is a full-time driver education instructor at Oshkosh high, and has 625 students a year. He teaches "behind the wheel" during the summer. He was married in August, 1956, and lives at 830 Seventh street, Oshkosh, Wisconsin.

**Bob Manson, B.S. 1951**, is a lithographic artwork planner and scheduler for Milprint, Inc., leading food packaging printers. Bob and his wife, the former Betty Miller, who attended Stout in 1944-46, have four children, Joyce, Donald, Mary, and Chuck. They live at 3612 S. 23rd St., Milwaukee 15, Wisconsin.

### DETROIT ALUMNI

The Detroit Metropolitan Stout Alumni association held their annual picnic on Sunday, September 23, at the Sorenson house in River Rouge park. There were 130 members and guests present. ## MENOMONIE TO HOLD PIE BAKING CONTEST SOON

With Menomonie high school acting as host, district competition of the Annual Wisconsin Red Cherry Pie Baking contest will be held here Saturday morning, December 1. Representatives of 10 Wisconsin high schools will compete to enter statewide competition.

Miss Barbara Thompson, winner of the cherry pie contest held at Menomonie high school, will represent the local high school. Contestants will use the laboratories of Stout state college for the event. The Stout home economics division making possible the use of these facilities.

Judging the event will be three local women: Mrs. Erwin Quilling, Oakwood; Mrs. Paul Hammerly, 321 12th street; and Miss Clara Carrison, of the Stout department of food and nutrition.

In charge of general arrangements for the district competition is Mrs. Frances Schneider, home economics teacher of Menomonie high school. Dr. Alice J. Kirk, dean of Stout's division of home economics, has made the necessary arrangements for cooperation by Stout.

Winners of the district competition then enter the state-wide contest, whose champion in addition to participating in the national "bake-off" — win a trip to Chicago for herself and her chaperone.

First prize in the national contest is a \$500 college home economics scholarship, trips to New York city and Washington, D.C., and a new electric stove. Four regional champions each receive a \$200 college scholarship. Other small prizes are also available.

### M.A.P.

Around Elizabeth, the first M.A.P. production of the year, at the Stout state college auditorium, Wednesday, December 5; Thursday, December 6; and Friday, December 7. Curtain time is 8 p.m.

Stout students will be admitted free upon the presentation of their S.S.A. cards. These free reserved tickets may be picked up in the corridor of Harvey hall from Friday, November 30, through Friday, December 7, or at the auditorium before each performance. Tickets for the public may be purchased during the same time.

## NEW MARBLE SUNDIAL AROUSES INTEREST

As Stout students walk briskly through the crisp winter air on their way to classes or to the library to study, they pass a new and interesting object on the Stout campus.

Reaching as a guiding hand, a marble sundial stands between the library and the other buildings of Stout state college. This sundial, a reminder of last year's seniors, is a gift of the class of 1956, the first to graduate from Stout state college.

Engraved on the marble base are the words, "Out of school life, into life's school." School life for the majority of the graduated seniors ended last June. To those left behind here at Stout, this sundial shall be a daily reminder of the class of 1956.

A student at the University of Texas named Penn Barnett had a rather shaking experience the other day. Barnett answered the phone one morning and the voice at the other end asked: "May I speak to Penn Barnett?"

"It's me," Barnett mumbled.

"It's I," corrected the voice.

"Me, he, she, what's the difference?" Barnett retorted.

Silence. Then the voice came over the wire again.

"Barnett, this is your English instructor. I phoned to remind you of the makeup quiz this week."

## CLUB NEWS

Despite the heavy snowfall on Thursday, November 15, activities and pledges of Pallas Athene sorority held their annual Thanksgiving dinner at Jeatran. Bad weather failed to dampen the spirits of the group. After presenting the pledges with their duties for "pledge week," which was to start at 10:30 p.m., the evening was brought to a close by the singing of the serene.

One of the activities of the Alpha Sigma Alpha sorority is attending church services as a group once a month. Sunday, November 18, the Alpha Sigma Alpha's attended services at the Evangelical United Brethren church.

## TWO BLUEDEVILS ON HONOR TEAM IN FOOTBALL

Dick Tepp and Bill Romoser were named to the Northern division of Wisconsin state colleges all-conference team by the conference coaches.

Tepp is a repeater from last season's honor team and he is known as one of the toughest defensive players in the league. Dick was also captain of this year's Stout squad.

Romoser was the top break-away runner on the Bluedevil's team and he is known as one of the fastest men in the league.

River Falls and Eau Claire placed four players on the choice team, La Crosse with three, and Superior with one, rounded out the group.

The Northern division all-conference team:

Ends: Bill Kraft, River Falls; Don Kollath, La Crosse.

Tackles: Bob Koplin, River Falls; Don Pierce, Eau Claire.

Guards: Don Gudmanson, Eau Claire; Jerry Biederman and Dennis Dahlke, La Crosse.

Center: Dick Tepp, Stout; Ron Wunrow, River Falls.

Quarterback: Jim Bollinger, Eau Claire.

Halfbacks: Bill Romoser, Stout; John Steffer, River Falls; George St. Catherine, Superior.

Fullback: Bob Hessler, Eau Claire.

A weather-beaten old-timer slapped down a 20-dollar bill and challenged any cowboy present to recite the Lord's Prayer. The money was matched and a man started reciting "Now I lay me down to sleep, I pray the Lord my soul to keep ...." Then the old-timer cut him short. "You win," he said. "I didn't think you knew it."

## STOUT'S BASKETBALL BEGAN LAST NIGHT

Opening a 20 game campaign this year were the Bluedevils of Stout state college. Last night they met St. Mary's of Winona and tomorrow night they meet the Duluth branch of the University of Minnesota.

This season marks the first time since 1936 that the Bluedevils are not coached by Ray C. Johnson. He is now the director of athletics here, and Joseph Gerlach is the new coach. Gerlach was a coach at the Duluth branch last year.

Prospects are bright this year for Stout although they will be on the short end of height. The Bluedevils should progress as the season rolls on and although they won't be world beaters, they should show admirably.

It is a shame that two big events have been allowed to be scheduled for tomorrow night as each will cut into the backing of the other. Perhaps with a little closer scheduling in the future, a varsity basketball game and an important school dance will not be held on the same night at the same time.

Last night's starting five had Jim Bolm in the center slot, Keith Moesner and Jann Peterson at guard spots, and Bob Sorenson and Herbert Helm on the forward wall. These same five are expected to start tomorrow night.

## W.R.A. BASKETBALL IS UNDER WAY HERE

The following teams have been organized for basketball by Gwen Stuve, sports head.

Elms: Pat Rogers, Pat Hoble, Beverly Lescochies, Nancy Fenner, Alice Studd, Midge Shattuck; Oaks: D'Ann Mattson, Dorothy Evenson, LaVaun Neeb, Eleanore Sarplis, Francis Genter, Jo Hovde; Hemlocks: Pauline Rosentiel, Peggy Kingsley, Teana Schroeder, Sandy John, Carol Buck, Mary Lou Schleis; Willows: Sonia Weaver, Barb Bender, Nancy Boettcher, Jean Bieritz, Diane Bournoville, May Morvner, Muriel Erickson; Maples: Yvonne Swenson, Carolyn Greinke, Sylvia Feland, Ardelle Dregne, Carol Proffit, Mary Ann Spangler; Substitutes: Betty Schombe, Alice Marshall.

On November 19, the Oaks defeated the Elms and the Willows were defeated by the Maples.

The teams will play December 3, 4, 10, and 17th.

It's interesting to listen to students discussing exam grades. They'll say "I got an A or B, but he gave me a C or D."

## INTRAMURALS ON WITH SCHEDULE OF SPORTS

Winter intramurals are continuing at a rapid pace this year, and now two more sports have opened up for students. Intramural basketball and bowling have been posted on the athletic bulletin board in the union and rosters are being sought. As soon as the team lists are in the schedules for these two sports will be posted and they can begin.

Already the other winter sports are well under way and schedules for volleyball, badminton, and table tennis are up and play is progressing rapidly. The archery club and the rifle club meet every Wednesday night. Students are urged to get out and join a sport of their choosing. These events are staged for the benefit of all college students.

### BASKETBALL

All entries must be in by December 4, 1956 at 1:00 p.m. Hand the rosters in to the athletic office. Each team list should have the names of eight (8) men and their year in school. The name of the team and its manager should also be designated.

Units of competition (suggested)

1. Classes
2. Frats
3. Dorms
4. Independents
5. Foreign students
6. Churches
7. Grads
8. Etc.

### BOWLING

The entries must be in by December 4, 1956 at 1:00 p.m. Hand the rosters in to the athletic office. Each team list should have the names of six (6) students and their year in school. The name of the team and its manager should also be included.

Units of competition (suggested)

1. Classes
2. Frats
3. Dorms
4. Independents
5. Foreign students
6. Churches
7. Grads
8. Etc.

## WINTER SNOWS BRING STOUT SKI CLUB OUT

The Ski club opened the season Wednesday night, November 14, with a meeting to elect officers and discuss the season's activities.

Chuck Horneck was elected president of the organization. Other officers are Bob Anderson, vice president; Marion East, secretary; Bo Brown, treasurer.

Herb Riebe told of the area at Deepwood and showed some paintings of humorous skiing accidents.

Members may now apply for duty on the ski patrol of Deepwood. The Deepwood area will open the first week end in December. If you are interested in going up that week end, Saturday or Sunday, contact Herb Riebe or Mary Tickler for transportation.

## TACTFUL TIGERS WIN W.R.A. TOURNAMENT

The aerial tennis dart tournament came to a close Monday, November 12 with the following results:

	Won	Lost
Tactful Tigers	3	0
Buffing Bears	2	1
Zealous Zebras	1	2
Lanky Lions	0	3

A general meeting held for all members took place November 13. It was decided that all general meetings would be held the second Tuesday of each month.

The next sport the W.R.A. members will partake in is basketball. It will start right after Thanksgiving and will be completed before Christmas.

All who are interested in co-recreational sports are urged to sign up on slips in Coach Johnson's office. Sports included will be: badminton, table tennis, and volleyball.

## STOUT RIFLE CLUB SHOOTS SECOND MATCH

The Stout Rifle Club shot the season's second postal match with the University of Vermont. The match consisted of 40 shots, ten shots in the kneeling, sitting, standing and prone position. When the final score was compiled, the University of Vermont was leading by 67 points. Final scores were: University of Vermont 1438, Stout 1371.

The score of 1377 for a four position match is the highest score recorded in the rifle club files. By using the total of only three positions which is the standard college rifle match, the club improved 83 points over the last match. This is the 14th straight loss the club has built up in the last two years in postal matches. The next match consists of a shoulder to shoulder match at Superior, December 1, 1956.

## LIFE SAVING COURSES ARE OFFERED HERE

The annual life saving courses at Stout will begin on December 3, 1956. These courses are for the benefit of the student body and should be utilized to the utmost. The value of being able to save the life of another from drowning can never be quite measured or estimated, but it is certain that it will always be an asset.

If you have passed your basic swimming courses required in the freshman year and are interested in furthering your swimming ability, do not hesitate to sign up on the bulletin board outside the athletic office. Remember—this is a valuable opportunity—do not pass it up.

The life saving courses begin on

Group A Dec. 17 17 Hrs. Senior Life Saving Course

Group B Jan. 24 15 Hrs. Pre-Instructor's Course

Group C Feb. 10 15 Hrs. Instructor's Course

Candidates will please sign up for the areas which they want to enter.

A professor at Texas Christian University sighted one of his more haughty associates crossing the campus and growled "There, but for the grace of God, goes God."

A professor asked his students to write on their exam papers pledges that they had not cheated. One student wrote: "I haven't received any help on this exam and God knows I couldn't give any."

Tom: "What's the best way to teach a girl how to swim?"

John: "Oh easy, just put your arm around her waist, gently take her left hand, then . . ."

Tom: "She's my sister."

John: "Shove her off the dock."

## HI. KIDS! WELCOME TO THE ANCHOR

We are again operating the Anchor Cafe. We've missed you, and hope you've missed us.

We invite you to try our tasty home-cooked food, made just for you. Crisp salads for you girls, and generous servings of hearty food for the boys.

## PRINTING WEEK IS OBSERVED IN JANUARY

The week of January 13 to 19 is a very special week. It honors great men — men like Johannes Gutenberg, Benjamin Franklin, Mark Twain, Bret Harte, and the 29th President of the United States, Warren G. Harding — men who were proud to call themselves "printers." It pays tribute to a great industry with over 30,000 plants throughout the United States, with hundreds of thousands of employees — an industry whose products have done more to preserve education, government, religion, and liberty than any other force in history. This is INTERNATIONAL PRINTING WEEK.

The Stout College press and the Stout Typographical society will join in the observance of this week by holding an open house on January 16. A personal invitation will be extended to the faculty and student body of Stout state college to help celebrate this important week.

## PERFORMANCE OF FINAL PLAY BEGINS TONIGHT

"Ring Around Elizabeth," the Manual Arts Players fall production, approached its final performance of a successful run. Presented Wednesday and Thursday to a large audience of Stout students, Manual Arts Players anticipate an even larger audience tonight.

A humorous story, "Ring Around Elizabeth" has the whole family in a dither over a legacy. Its plot is intricate, exciting and hilarious.

Starring in the final presentation will be Audrey Adams as Elizabeth. Other members of the cast are Sharon Athorp, the grandmother; Barbara Bender, as Harriet; Clarence Fehlhaber as Dr. Hollister; Sally Kopplin as Mercedes; Skip Lemke as Elizabeth's husband; Robert Prachnow as Andy; Barbara Pratt as Vida; Gloria Walstad as Jennifer; and Bette-Zander as Irene.

The production of this first play of the season was directed by Dr. Lorna S. Lengfeld, a newcomer at Stout.

Tickets are still on sale in Harvey Hall. They may be had for the showing of your S.S.A. card. Get a ticket now. Don't miss tonight's final performance of the Manual Arts Players' production, "Ring Around Elizabeth."

## STUDENTS AND FACULTY ARE INVITED TO TEA

The Home Economics Club cordially invites all students, faculty and their husbands and wives to their annual Christmas Tea on December 19. It will be held in Harvey Memorial from 3:30 to 5:30 p.m.

## MUSICAL CONCERT DATE SET FOR DECEMBER 19

The Stout Christmas concert on December 19 will feature the band, choir, and the combined group known as Symphonic Singers in a variety of musical selections including traditional and contemporary music.

Selections presented by the choir will be based around a theme of what Christmas brings to each individual. Friendly greetings and the exchange of gifts will be symbolized by the carol, "We Wish You a Merry Christmas," the singing of old time carols, "Lo How A Rose"; the enduring faith of the shepherds, "How Lately We Watched"; the offer of salvation, "Today There is Ringing"; the glad tidings of angels, "Fanfare for Christmas"; the glad rejoicing of all both great and small, "Jesus The Christ is Born"; the quiet majesty of the manger, "Lullaby for Christmas"; a personal message in the form of a question—How far is it to Bethlehem for you and me? "How Far Is It To Bethlehem"; our praise and adoration, for above all else, Christmas brings Christ—let us sing and live in the spirit of praise and adoration this glorious Christmastide and throughout the coming year, "Alleluia."

The combined choir and band will feature, "A Closing Doxology" as the final number of the Christmas program. This unique, ten minute number, that features Psalm 150 which is an American translation of the Bible, has been written by the prominent 20th century composer Normand Lockwood. Music for the choir was published in 1952. The band arrangement is still in script form and was rented by the music department for the concert.

The college band will open the concert with "Prelude and Fugue in D Minor," "Spiritual," "The Nutmeggers March," "Mannin Veen," and "Themes from Nutcracker Suite."

A solo, "O Holy Night," will feature Carol Hahn as vocalist and Ruby Dietsche as accompanist.

## TEACHER HERE TO STAY. REPORTS DR. EDWIN LEE

"Television, motion pictures, and other new audio-visual devices will never eliminate the need for that fundamental ingredient of learning... the live teacher."

Those are the words of Dr. Edwin A. Lee, for 17 years Dean of the School of Education at the University of California at Los Angeles. They represent a conviction formed during a 50-year teaching career.

"Mass communication media," says Dr. Lee, "must be recognized for what they are... mechanical means for the one-way transmission of information or entertainment. A student cannot argue a point or discuss a problem with a television set or a radio, or ask questions of either. In the end there must always be a gifted teacher present if true mental growth is to take place."

Doctor Lee also feels that the prestige of teaching has risen greatly since he entered the profession a half century ago. He also thinks salaries have improved considerably especially in the large cities. But he goes on to warn: "We'll never have enough great teachers until society recognizes that quality education cannot be purchased at bargain prices."

## FRUIT CAKES SOLD BY DIETETIC CLUB GIRLS

Members of the Dietetic Club are now selling fruit cakes. The cakes may be purchased from any of the Dietetic Club members. The members are:

Neva Halphide, Rita Pauls, Nancy Sjoggerud, Anne Richardson, Pat Seibert, Carol Gilson, Dorothy Disrud, Edna Gaffron, Barba Hatopp, Carmen Krings, Avel Turner, Marlene Krause, Mary Jane Grotte, Eleanor Weltzin, Ann Kofoed, Bonnie Bauman, Maryellen Pfeiffer, Mary Rezek, Barb Hartig, Ann Janda, and Charlotte Pengilly.

The pound fruit cakes are selling for \$1. No booth is to be set up and the names of the members can be found also on attractive posters in the halls. The sale is an annual project of the Dietetic Club. The cakes make nutritious desserts or thoughtful Christmas gifts.

## S.S.A. CHRISTMAS DANCE TO BE NEXT WEEKEND

Plans are underway for the 1956 Christmas Dance. It will be sponsored by the SSA, and each class will take some part of the preparation. The date scheduled for this annual event and final all-school Christmas event is Saturday, December 14.

Seniors are in charge of orchestra and intermission entertainment, juniors are in charge of punch, and the sophomores are in charge of decorations.

Singing of Christmas carols, intermission entertainment, and the festive decorations will make this dance long remembered. Plan to attend the 1956 Christmas Dance, Saturday, December 14.

Four freshman coeds of Stout state college are shown chatting in a room of recently-completed Bertha Tainter Residence hall. An open house for parents and interested visitors will be held there on Sunday afternoon, December 9. The girls are, left to right, Margaret Kyle, Grace Gundale, Jan Kuhnley and Marlene Schauf.

## FORMAL OPENING OF NEW BERTHA TAINTER RESIDENCE HALL WILL TAKE PLACE SUNDAY

An open house for parents and all other interested persons will feature the formal opening on Sunday afternoon, December 9, of the new \$700,000 Bertha Tainter Residence Hall for Women on the campus of Stout state college. The open house will take place from 2:30 to 5 p.m.

Providing rooms and dining facilities for 134 coeds, the four-story structure features a dining area, tea room and lounge overlooking Lake Menominee. The new residence hall replaces a wooden structure which served the college for half a century.

Funds for the building were not provided through state appropriation of tax money. Instead, money was borrowed on a 30 year basis, to be completely repaid through room rental

and meals purchased by girls living in the hall.

Accommodations for coeds in the residence hall consist entirely of double rooms, each containing twin beds, a double study desk, a large wardrobe and other equipment. On each floor is a kitchenette-lounge which the coeds may use for fixing snacks.

On the ground floor, a 60 by 50 general lounge, equipped with television and other facilities for entertainment, opens onto a terrace overlooking the lake. The dining area, also on the ground floor, will seat 210 persons. In addition, a separate tea room and class room are provided to train girls in Institution Food Preparation, Applied Institution Management and Institution Management Problems.

Suites on the first floor are available to the resident head and the food service director. Complete automatic washing and drying facilities are provided for the personal laundry of the residents, the college laundry service taking care of bed linens. The residence hall is heated with oil.

Plans call for construction, in the near future, of two three-story wings to the present building, each wing to house an additional 100 girls. The north unit may be begun in the spring.

Construction details and the furnishings of Bertha Tainter Residence Hall are complete. However, landscaping and surfacing of a roadway onto the premises will not be undertaken until spring.

## TWENTY-NINE FELLOWS ARE STUDENT TEACHING

This quarter, there will be 29 fellows going off campus for student teaching, according to Dwight Chinnock, supervisor of student teaching.

The men and their student teaching locations are listed here: Wm. Bachmeyer, Stevens Point; Eugene Battist, Hurley; Chas. Bruemmer, Menasha; Leonard Clark, Neenah; James Dains, Bloomer; Robert Duren, Wausau; Maurice Ellis, La Crosse Logan; Lee W. Johnson, Kaukauna; John T. Jordan, Eau Claire; Frank Marose, New Richmond; Lyle Martens, Stevens Point; Reinhold Mehsner, Eau Claire; E. Dan Messmer, Ladysmith; Douglas R. Pagel, La Crosse Central; Paul Palmer, Hudson; Deloran Peterson, Chetek; Wm. E. Peterson, La Crosse Central; Richard Roberts, Kaukauna; Robert Robocker, Wausau; Gerald Shoenicke, Waupaca; Chas. W. Somers, Eau Claire; Wayne Staklopl, Mondovi; Kenneth Wittig, Eau Claire; Gene Ender, La Crosse Central; Harlan Geise, La Crosse vocational; Rodney Kjell, Eau Claire vocational; Walter Kratsch, Plymouth; and Donald Maurer, goes to Altoona. The student teachers left December third and will be back for classes on January 14.

## NOTICE

Phi Upsilon Omicron will be selling Stout stickers in the hall December 13 and 14. These stickers are nice to put on your Christmas cards and letters. They will sell for 10 cents and 25 cents.

## MEETING HELD BY NEW CAMPUS ORGANIZATION

A pre-organizational meeting of the Stout International Relations was held last Wednesday evening in the library. Nine students showed an interest in the club attending the meeting.

The main objective of the meeting was to determine the purpose of the club. Suggestions for meetings were also discussed. Joint meetings are planned to be held with Eau Claire and River Falls college International Relations clubs in the near future. Several of the Stout meetings will consist of discussion on present and previous foreign ideas. The United Nations will also be discussed.

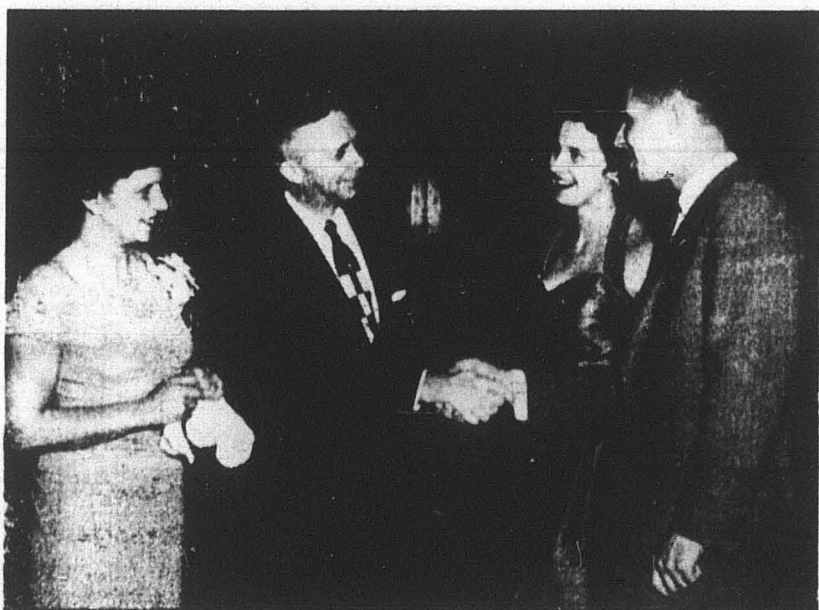

All Stout students are invited to attend the next meeting of the International Relations club to be held in the audio-visual room of the library, Wednesday, December 12, 8:00 p.m. Anyone interested in discussion or in listening to discussion is invited. Further organization of the club will also take place.

## PANHELLENIC SPONSORS CHRISTMAS BALL

Members of Stout's four social sororities, Alpha Sigma Alpha, Hyperion, Pallas Athene, and Sigma Sigma Sigma, and their guests enjoyed "An Old Fashioned Christmas" last Saturday evening in the college gym. Music for the annual Panhellenic Christmas formal was provided by George Soderberg and his orchestra.

A large sleigh full of gaily wrapped packages was parked near the entrance. The dancers entered an atmosphere of an old fashioned Christmas. Trees lighted with various colored bulbs sat amidst snow flakes, while murals of carolers adorned three walls, and from the center of the ceiling, hung a huge silver bell, which was gaily covered with tinsel.

Many pre-dance parties as well as those following the dance added to the festivity of one of the most anxiously awaited occasions for Stout's sorority members. The dance was the highlight of the pledging period for new sorority members and was held primarily to honor the newest of Stout's sorority sisters.

Shown in front of the Christmas tree at "An Old Fashioned Christmas" are Dr. and Mrs. Iverson and Della Medin and her escort.

## WEATHER BIRD

"Clear, sunny and cold," is the word from the bird today.

As the cold front came through the state in the latter portion of the week, it brought some snow and bitter cold along.

The snow is scheduled to clear up, but cold temperatures are expected to stay with us throughout the week end.

**THE STOUTONIA**

## FROM THE EDITOR'S DESK

Remember Pearl Harbor?

Fifteen years on December 7, 1941, in the early morning, Japanese aircraft made a surprise attack on Pearl Harbor. The United States fleet suffered a major disaster, and the attack was the immediate cause of United States entrance into World War II.

The disaster at Pearl Harbor occurred although the United States army and navy knew that the situation with Japan was critical. Defensive preparations were inadequate. A substantial Japanese naval task force was able to sail within striking distance of Pearl Harbor without interference, due to lack of effective controls.

The army and navy commands were not alarmed when a submarine was detected in the defensive area outside of Pearl Harbor. Approaching planes were also reported but it was assumed that they were friendly planes.

This was the situation fifteen years ago. But do nations and peoples ever benefit from the mistakes of their forefathers? We are generally optimistic. We do not want to think of the unpleasant until it is imperative. We live our lives with our heads in the sand until we are cruelly forced to face a situation. Isn't it better to prepare for something which will never happen than to hope we won't be called upon to face a calamity and be caught unprepared?

We hope and pray that there will not be another Pearl Harbor — another World War. But we must face realism. If we Americans continue our bungling of affairs with other nations, if we do not fight for a just representation of our position on current problems and situations, if we lack firmness in our fights for freedom and equality for all, then we cannot expect a tension-free atmosphere and cooperation and friendliness from the peoples we wish to help.

We must do something constructive or we will be forced to do that which we would not. Each and every one of us must consider it to be a personal problem. Doing what must be done can't be left to chance with the hopes that someone will attend to it. Being an effective citizen is a problem of each of us and the sooner we accept this fact, the better it will be for all concerned.

We college students will soon be starting another phase of our lives. Let's carry with us our ideals, our hopes, and aspirations. Let's hold on to them amid the tossings and turnings of a lifetime. Let's make this country and all countries a better place to live than they have ever been before.

## CLUB NEWS

The L.S.A. members met at Our Savior's Lutheran church on December 2, at 4:30. Ray Pearson showed slides of his trip to Europe when he was in the Air Force. A very delicious supper was served including scalloped potatoes and ham, salad, and spice cake with apple sauce. Eleanor Weltzin led the worship program with a talk on the beginning of the Christmas season as December 2 was Advent Sunday.

December 9 meeting will be at Peace Lutheran church at 4:30. Dr. Adams will lead the group with a Bible quiz.

Boutique bags for sale! There will be a bag for every use — to store sweaters, gloves, hosiery, shirts, and ties. Boutique bags may be gotten in Harvey hall on Monday or Tuesday, December 10 or 11. This sale is sponsored by the Pallas Athene sorority.

F.O.B. fraternity meeting was called to order by President Basil Holder. The fraternity received many compliments to the effect that the serenading

which was done at the dorms was appreciated by the campus students. Among these compliments was a letter from Mrs. Ann Rudiger, wife of F.O.B. adviser Robert Rudiger, saying she appreciated the singing and the flowers which were given her very much.

Because the members enjoy such activities, and because there are a few members with extremely talented voices, more serenades will be planned. The most recent plan is for Christmas carol singing.

A meeting of organization officials and advisers was discussed. The administration has called this meeting primarily for the purpose of understanding the duties of advisers to an organization. Dr. Rudiger, Pete Jackson, and Basil Holder will represent the F.O.B.'s at the meeting.

Intramural teams were discussed. The F.O.B.'s will have two basketball teams, F.O.B.I. and F.O.B. "scrubs." Also, the fraternity will have a volleyball and a bowling team. It is hoped that all members signed up will participate eagerly.

Alpha Sigma Alpha members and dates enjoyed dinner at Jeantran's supper club before attending the Intersorority hall December 1.

Shirley Johnson spent last June, July, and August in northern Europe. She told of her experiences and showed some of the slides taken on the trip at the Home Ec club meeting on Tuesday, November 27.

Business at last week's meeting included plans for formal initiation. Members voted to hold their post initiation banquet at Hotel Monon, Tuesday, December 11. The girls, dressed in formal attire, will serenade the dormitories to complete the evening.

## TO ALL MEN STUDENTS:

All second semester program changes must be completed on or before Friday, January 11, 1957. No program changes will be approved after this date.

## HOME EC. CLUB HAS CHRISTMAS COOKIE SALE

The Home Economics club is sponsoring a Christmas cookie sale on Wednesday, December 19, until noon and all day Thursday, December 20, in the Harvey Hall. These cookies are made by the Home Economics club members and will include many of the favorite Scandinavian Christmas cookies — as well as others such as Scotch shortbreads, Princess gems, and rusks.

## RIFLE CLUB BEATEN BY SUPERIOR MARKSMEN

The Stout Rifle club traveled to Superior state college for the season's first shoulder to shoulder match. The match consisted of 30 shots, ten shots prone, ten shots kneeling and ten shots offhand. The final score was 1,278 for Superior, and 1,233 for Stout.

The scores for each shooter follow: Voeck, Stout, 268; W. McNaughton, Stout, 261; Darick, Superior, 261; Becken, Superior, 260; Christopherson, Superior, 258; Wright, Superior, 254; Nelson, Superior, 245; D. McNaughton, Stout, 238; Hermann, Stout, 235; and Axelsson, Stout, 231.

\*The score broken by high offhand score.

The Sig Tans wish to thank the girls who did a wonderful job serving punch at the dance.

Larry Loveland, better known as "Why Did I Say That," is now studying a course in perspective. It seems as though things look different to him from lower altitudes.

Bill Eysenbach's little green Nash is said to have started with a real bang the night of the Rose Dance. The question is, "Who did it?"

Wedding bells rang for Dick Rokus on November 24.

At the meeting of Tri Sigma sorority held Thursday evening, November 29, plans were begun for a trip to the Twin Cities on December 15. Marlene Nelson and Jean Baumgartner will be in charge of general arrangements.

Joan Morneau, chairman of the annual Christmas sale, reported that plans were in the final stages.

It was decided that the sorority will attend the play as a group on Wednesday evening. Audrey Adams, one of the members, has the lead role for the third time since in attendance at Stout.

Members enjoyed having the seniors back who had been off campus for six weeks. The group included Pat Browe, Carol Hahn, Leona Novy, and Barbara Austin.

A surprise visit from Francis Bremmer, national executive officer of Phi Sigma Epsilon fraternity, preceded a big week end for the Phi Sigs. "Brem" arrived on Thursday, November 29, and stayed in the girls' dormitory when he left for Stevens Point with 13 other Phi Sigs from the local chapter to attend the regional convocation there. Fraternity members from the five Wisconsin chapters and from two chapters in Illinois attended the convocation on November 30 to December 2.

## NOTICE

There is to be no mid-term commencement ceremony. The date set for Stout's forthcoming commencement ceremony is May 25, 1957.

## TEN COMMANDMENTS

1. Thou shalt not be late for school. (Take the day off.)
2. Thou shalt not wear taps to school. (Cleats are more dignified.)
3. Thou shalt not copy. (Have him do it all.)
4. Thou shalt not peek at anyone's paper. (Have it passed over.)
5. Thou shalt not throw erasers in class. (Books are harder.)
6. Thou shalt not run in the halls. (Sliding is more fun.)
7. Thou shalt not skip steps going down stairs. (Use the rail.)
8. Thou shalt not borrow thy neighbor's pen. (Take it.)
9. Thou shalt not whisper in class. (Shouting draws more attention.)
10. Thou shalt not drive the bus instructor insane. (If he's absent minded that's fine.)

LEE'S DRUGS

Jack Whitfield, freshman at Stout and also an ardent fossil collector, is busy telling Dr. Ray Wigen that his definition of a fossil is "the remains or petrification of a plant or animal which is preserved."

### FRESHMAN STUDENT ENJOYS UNUSUAL HOBBY OF COLLECTING AND CLASSIFYING FOSSIL REMAINS

"Several new fossils have been named after me," modestly admits Jack Whitfield, freshman printing major from Evanston, Illinois.

For the past 13 years this freshman has been collecting, cracking, and classifying fossils.

"Truthfully I don't now how I started," admits Jack, when asked how he became such an ardent collector of fossils. He first became interested in fossils when he studied rocks in sixth grade. From this interest, he and his parents began collecting fossils found in the coal mines of Joliet, Illinois.

What is a fossil? Although varying definitions are given, Jack defines a fossil as, "The remains or petrification of a plant or animal which is preserved."

Jack and his family boast the second or third best fossil collection in the United States. Their private collection consists of over 5,000 fossils of the Pennsylvanian geological strata which is 350 million years old. Many people come to see their fine collection.

Just how fossils end up to be the polished specimens that most people see, Jack explains by relating an example trip for fossils. "With pail, hammer, newspaper, and gloves you walk around the mounds of dirt and pick up rocks and put them in your pail. When your pail is full, you find a cracking stone and crack the rocks.

### TEACHERS' LAMENT

The following poem was taken from a column in the St. Paul Pioneer Press entitled "Once Over Lightly." It is a parody on Tennessee Ernie Ford's "Sixteen Tons."

Some people say a teacher is made out of steel,  
Their mind can think but their body can't feel.

Iron and steel and hickory tea,  
Frowns and gripes from 9 to 3.

You teach six full hours and what do you get?  
Another day older and deeper in debt.

You pay your dues in this and that,  
Then for 29 days your billfold's flat.

I was born one morning when it was cloudy and cool,  
I picked up my register and headed for school.

I wrote 84 names on the homeroom roll,  
And the principal said, "Well, bless my soul."

You teach six hours and what'd you get?  
Cuts and bruises and dirt and sweat.

I got 84 kids and 42 seats,  
Sixty-one talking while 23 sleep.

I can hardly get 'em all through the door,  
And if I don't watch out, they'll be sending me more.

I taught six full hours, my day is made,  
But I still have 300 papers to grade.

You teach six full hours and what do you get?  
Another day older and deeper in debt.

I'll go to St. Peter but I can't stay,  
I gotta come back for the P.T.A.

### DORM NEWS

Amid a swirl of formals, sophomore sorority members and pledges in the women's dorms prepared for the Inter-sorority Ball last Saturday night. Later they danced to George Soderberg's orchestra in the atmosphere of "An Old-fashioned Christmas", the theme of the Ball.

Guide systems, guest books, and food facilities are being arranged in anticipation of a large crowd this coming Sunday, December 9, at the dorm open house. Everyone—faculty, administration, students, townspeople, and other guests are cordially invited. Signs of Christmas are becoming prevalent as Christmas trees and other holiday decorations appear in the girls' rooms and halls.

# STOUT ROMPS OVER ST. MARY'S BY 76-60 COUNT

Last Saturday night the Bluedevils of Stout state college opened a 20 game basketball schedule as they trampled the Redmen of St. Mary's college by a score of 76 to 60. It was not a mere beating that the Bluedevils passed out to the Redmen, it was instead a beautiful display of overwhelming basketball coupled with the desire to win and uphold the standards of sportsmanship. Last year St. Mary's beat Stout at Winona by the score of 80 to 42.

After a 5 to 5 tie, Stout was never behind nor were they seriously threatened for the lead. Every time that St. Mary's would get within striking distance, the Bluedevils would put on the pressure and pull away. The Redmen had come to Menomonie with nothing but sheer over-confidence and the thoughts that Stout would be "easy pickings and no serious threat to anything." This is quoted from a press release issued prior to the game by St. Mary's. The results of the game tell the story quite plainly and they leave nothing to the imagination.

The first half was marked by bad passes by both teams; however, they did not seriously impair scoring opportunities until the second half with only six minutes remaining. St. Mary's took advantage of Bluedevil errors to close the point gap from 10 points to six points. Stout led at the halfway mark by 31 to 25, as the shooting percentages were very low on both sides. During the last three minutes of the game the Bluedevils scored 12 points.

Shortly after the start of the second half, a St. Mary's rally was nipped when a shot by one of the Redmen stuck on the rim of the basket before finally rolling off to the side. Had the ball gone in, the score would have been tied, but as it was, the Bluedevils maintained their lead.

Leading the Stout attack were Keith Moessner and Jann Peterson with 26

# BLUEDEVILS TAKE 76 - 63 WIN OVER NORTHLAND

The Bluedevils rolled over the Lumberjacks of Northland state teachers college last Tuesday night by the score of 75 to 63. For Stout it was their second win of the season against only one defeat. The game was played on the Lumberjack's home court in Ashland.

Stout started out with Sorenson and Helm at forwards, Peterson and Moessner at guards, and Bolm in the center. Bad passing and loose playing by the Bluedevils held the score down during the first half, but a tighter brand of ball the second half produced amazing results. However, both teams shot with deadly accuracy during the game. Stout made five more field goals than Northland did while outshooting them at the free throw line 23 to 21. There were numerous fouls called on both sides.

The Bluedevils had complete control of the backboard as the Lumberjacks were extremely short on height. Jim Bolm was injured, not seriously, shortly after the game got underway. Ron Woodliff took over. Woody dumped in 10 points to aid the scoring cause, but Keith Moessner led the Stout cagers again with 26 points, followed by Peterson and Sorenson with 14 points apiece.

Stout held a 39 to 34 half time lead. High men for Northland were Schnakenberg and Sullivan with 22 and 13 points respectively. The Bluedevils take on the Lumberjacks in a return engagement tomorrow night in the high school gym at 8:00 p.m. See you there!

and 14 points. Keith scored 22 points during the second half of his debut as a Bluedevil. Two other Stout cagers scored in double figures as Jim Bolm with 13, and Bob Sorenson with 10, chipped in on the offensive. Ron Woodliff and Herb Helm each did a standout job. On the defensive for Stout, Jim Bolm and Jann Peterson paved the way in their most sparkling performances to date. For St. Mary's, Ken Jansen and Dave Theis were high with 19 and 13 points apiece. Stout made 18 of 29 free throw attempts and St. Mary's made 14 of 23 attempts.

A near riot broke out at the end of the game as a Redman, showing a dislike for losing, shoved Bob Sorenson, who was attempting to catch a pass as the buzzer sounded the final second. Both benches cleared and the court was a mass of confusion. Quick work by the officials restored order.

A large crowd was on hand to view this new Stout team and attendance should continue to mount as the Blue devils seem well on their way to an excellent season.

# STOUT CAGERS DROP FIRST ONE TO DULUTH

Showing a complete reversal of form, the Stout Bluedevils went down to their first defeat of the season at the hands of the Duluth branch of the University of Minnesota Bulldogs by the score of 91 to 81.

Stout found an obstacle at the free throw line as their chief nemesis in an attempt to capture win number two. The Bluedevils could make but 27 of 47 free throws! This was a complete turn-about from the way they shot in the St. Mary's game on Thursday night.

Duluth's height proved to be another advantage, although Stout had man-

# BOLM TRIES FOR BALL...

aged to cut them down during the first half. In the second half the Bulldogs found the hoop to their liking and it seemed that almost everything they tossed up went in. It was during this stretch that Duluth pulled the game out of Stout's hands. The Duluthers also managed to out rebound the Bluedevils.

Jim Bolm led the Stout offensive with 18 points, followed closely by Moessner and Helm with 17 and 16 respectively. Jann Peterson, who hooped 14 in the St. Mary's contest, could only muster 4 for this one. High men for the Bulldogs were Intihar, with 23, and McKillopp and Sharkey with 15 apiece. Duluth made 17 of 33 free throw attempts.

# SPORTS ROUNDUP

Playing before a large crowd last Thursday night, the Stout Bluedevils won their opening game of the 1956-57 basketball season. The Stout cagers whipped the highly-rated Redmen of St. Mary's college of Winona by a whopping score of 76 to 60. The game unveiled a surprisingly "new" Bluedevil team that played fast, heads-up basketball. Keith Moessner, who is a freshman from Menomonie, joined veterans Jim Bolm, Herb Helm, Bob Sorenson, and Jann Peterson in providing the fans with something to cheer about.

St. Mary's was much too overconfident for the game. They had issued press reports and sent a copy to Stout. The Redmen, it stated, would have to do nothing but waltz into Menomonie, in order to take home the bacon against a "weak" Bluedevil team. Wonder how the raspberries tasted on that long bus ride home to Winona?

Last year the Stout bucketeers won but four games while dropping 16—Eau Claire college was beaten in its opener by Western Illinois, 86 to 74—Superior was beaten also in its opener by Macalaster college—River Falls won its opener from Augsburg—Terry Meyer is now back at practice. He was out with an infected kidney.

Reports from Northland say that one basket was lopsided. The rim apparently had worked loose. Stout had the faulty loop the first half and Northland was stuck with their own trouble the second half. The Bluedevils were ahead by as much as 23 points at one time during the second half.

A weakness at the free throw line cost Stout its first loss last Saturday

night as they were trounced by the Duluth branch at the U. of Minnesota, coach Gerlach's former school. Keith Moessner, who sat out most of the first half on fouls was missed also. Duluth offered height and speed as their chief offensive weapons. The largest crowd of the year was on hand to view the Bluedevils battle this one.

The Bluedevils travel to Winona tonight to play and they are at home against Northland tomorrow night.

# PRELIMINARY

Before Joe Gefflach sends his fighting Bluedevils into battle, Leroy Zwick will cut his F.O.B. Tigers loose to test the hoops. They will engage the Menomonie Merchants—the local city team.

Back from last year's power-packed aggregations are Sands, Butz, Zander, Procter, and Holder. The addition of Wayne Pluckham, a kid with a big heart and a lot of drive, will help under the boards.

Lloyd Whydowski, of the printing department, and Gordon Mates, graduate student, are shown talking to Frank Leslie, president of a paper company in Minneapolis. Mr. Leslie showed the group several copies of rare books and slides of his European tour.

## S.T.S. SPONSORS PROGRAM BY FRANK LESLIE ON EUROPEAN ART; ILLUSTRATED WITH SLIDES

An outstanding program sponsored by the Stout Typographical Society of colored slides on European art was presented by Frank Leslie in the Stout library theater Wednesday evening, December 5.

President of the Leslie Paper Company in Minneapolis, Leslie is the only person ever to have photographed the Rembrandt paintings in Vienna. He has made numerous tours of Europe in the interest of art, visiting the famous libraries and art galleries of the major cities. This year he attended the celebration held in Vienna on the 500th anniversary of Rembrandt's birth, commemorating the renowned painter.

Leslie's slides, accompanied by his explanations and commentaries were inspiring and informative to the group of students and faculty members. The slides presented the beauty of illuminations of rare books from some of the famous private and public libraries of Europe including that of the Vatican and many European churches of the Renaissance. Included in the slides were subjects of famous architecture throughout the Eastern European countries.

Besides the slides Leslie brought with him several copies of rare books which he has collected in his travels and a leaf from one of the 45 Gutenberg Bibles, alone valued at \$500. Before showing the slides, he commented in detail about the books, explaining who printed them, where he got them, and where, when, and how they were printed.

"Many of the rare pieces of art are purposely withheld from people who

would enjoy seeing them," says Leslie. "So it is that I photographed them. Besides, many of the slides had to be taken with the aid of flash equipment because they are exhibited in semi-darkness, and as a result, I have found items in the photographs that aren't seen even by people who visit the galleries in person."

Leslie has offered his collection of rare books, which he keeps in Minneapolis, to be displayed by the Stout Typographical Society for their open house during Printing Education Week this year.

## EXAM ANNOUNCED FOR CIVIL SERVICE POSITIONS

The United States Civil Service Commission has announced an examination for trainee positions in the following fields: Accounting, Agricultural Economics, Biological and Plant Sciences, Entomology, Home Economics, Plant Pest Control, and Statistics (Agricultural and General). Most of the positions are in the Departments of Agriculture and Interior throughout the United States. Trainee positions in Statistics (General) will be filled in the Bureau of census in Washington, D.C. The starting pay is \$3,175 and \$3,415 a year.

Students must pass a written test and must have completed, or expect to complete within 9 months, either 1 or 2½ academic years of appropriate college study. The amount of their academic training will determine the grade level to which they will be assigned.

Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D.C. Applications will be accepted by the Board of U.S. Civil Service Examiners, U. S. Department of Agriculture, Washington 25, D.C.,

## NOTICE

Reserve library books may be taken for the Christmas vacation Friday morning, December 21, beginning at 7:15 a.m. Overnight books, taken Thursday, must be returned by 7:15 a.m. Friday, in-time for the reserve line. Reserve books taken for the vacation will be due at 8:30 a.m. Monday, January 7.

Check your 2-weeks books for date due. If they are due before January 7, and if you wish to keep them through the vacation, avoid an overdue fine (50 cents minimum) by having them renewed to cover the vacation period. Magazines are not renewable.

## OPPORTUNITIES PRESENT IN PUBLIC WELFARE

College graduates whose academic work would indicate successful graduate study and who have the necessary personal qualifications for success in the field of public child welfare will have the opportunity of personal interviews with State Department personnel on Tuesday, December 18, 1956, in Dr. Iverson's conference room from 9:00 a.m. to 4:00 p.m.

The state representatives conducting the interviews are prepared to discuss the following subject matter, such as: Who is Eligible, Objectives of This Plan, Alternate Choices, Terms of the contract, and any other information pertinent to work in the field of child welfare.

The stipend furnished by the state includes tuition, registration fees, and \$175.00 a month for living expenses, plus \$15.00 for each dependent up to a maximum of \$235.00, and the trainee may select any accredited school of social work in the United States.

## ADVISOR-ADVISEE CONFERENCES HELD TO HELP COLLEGE STUDENT

This year for the first time the college administration has set aside a special time for advisor-advisee meetings. Second quarter sessions have just finished. By now, each student should be seeing the need for these meetings and using this time to answer questions or make suggestions.

There are five main purposes which are to be met. They are: 1. To provide a time for advisors and advisees to meet; 2. To assist the advisor to provide the advisee with the help the advisee needs, or refer him to a source from which he can get help. 3. To enable a faculty advisor to provide better instruction which comes from knowing the student better; 4. To provide students with an opportunity to acquaint faculty members and administration with their needs so that Stout can become a better college community. 5. To emphasize that college life is not only academic success but of all around development.

These meetings are designed to help both the student and the college. Any suggestions to better the college, whether they be social, academic, or athletic are given consideration and referred to the proper department. They are welcomed at any time. A fine example of this was during the last session. One advisor asked his advisees to

list any suggestions which would be beneficial to the college. There were thirty-nine different suggestions. One of the suggestions had been repeated ten times. In this way, the administration can see the needs and desires adequately. At the next meeting of the appropriate faculty committee, these suggestions will be brought up and given careful consideration.

This new system had its birth at the North Central Association Workshop which was held in August of 1955. Dr. Iverson, Director of Student Personnel, was our representative. He was chairman of the committee on Student Personnel Services. On his return, the present program for new students was developed during a series of seminars in which twenty-five faculty members participated in the spring of 1956. A program which included sophomores, juniors, and seniors followed shortly after.

Each quarter, two meetings are planned. The advisees meet with their advisors at the beginning of the first period. If there is some matter of general concern, a group meeting will occur. If not, roll will merely be taken and individual or small group inter-

Continued on page 5

Pictured above are President and Mrs. Verne C. Fryklund talking to a group of students at the open house Sunday. Over 1,000 people visited the new residence hall for girls.

## STOUT REPRESENTED AT ELECTRICITY WORKSHOP

Representing Stout state college at a curriculum workshop for electricity teachers were Mr. P. W. Ruehl, head of the electrical department, Robert Spinti, graduate assistant in electricity, Howard Knop, graduate student, and Melvin DeSwarte, undergraduate student.

The workshop was held on December 1, at Lincoln high school in Manitowoc. Mr. Harry Olstad, city supervisor of industrial education and teacher of woodwork at Lincoln high school, and Mr. Gordon Heffernan, electrical teacher at the high school, were host to the thirty teachers who attended the meeting.

The workshop was held to further the work on the resource bulletin for electricity, being prepared jointly by the Wisconsin Industrial Arts Association and the state department of public instruction. Mr. Olstad, president; Mr. Leo Ebben, secretary; and Mr. William Bohnsack, immediate past president, represented the W.I.A.A.

Following an overview of the industrial arts program at Manitowoc, Mr. Heffernan presented an interesting and informative discussion of the electrical offerings at the high school.

Plans were made to hold another workshop April 6, 1957, on "electrical projects and teaching methods" at Plymouth high school. Mr. Ernest Haucke and Robert Tennessen will be host to the teachers for this meeting. Teachers of electricity are invited and encouraged to attend. Those interested in attending the meeting are also invited to bring a project, teaching ideas, or experiments along to the meeting to share in the mutual exchange of information.

## FACULTY HOLDS ACTIVE ROLES AT CONVENTION

Three members of the faculty of Stout state college had active roles in the recent convention of the American Vocational Association in St. Louis.

Dr. John A. Jarvis, dean of the division of industrial education, was chairman of a meeting of the National Association of Industrial Teacher Educators. Topic of the meeting was "A Summary and Discussion of the Professional Activities of the Association's Committees." He also attended executive committee meetings of this group.

Dean Jarvis participated as a member of the Industrial Arts Policy and planning committee and as a member of a co-operating committee of the U. S. Navy and American Vocational Association. He then attended the alumni reunion of Stout state college.

Dr. Robert Rudiger, associate professor of industrial education at the college and secretary of the National Stout Alumni association, was in charge of arrangements of the Stout alumni reunion, for which he was also master of ceremonies. Present were 70 persons.

Other convention activities in which Dr. Rudiger participated included attendance at sectional meetings of trade and industry and of industrial arts and of the National Association of Industrial Teacher Educators. He was also present at a number of general programs of the convention.

Dr. Robert Swanson, associate professor of industrial education, demonstrated a plastics press developed at Stout state college and now manufactured by the O'Neil-Irwin Company.

## WEATHER BIRD

A gradual warmup with continued cloudiness is due this week end.

The weatherbird has been staying close to home during the cold snap, but today he said it might warm up sufficiently for him to go ice fishing.

He indicated a possibility of scattered snow flurries on Saturday.

"Present arms!" Following the command of Bill Chast, Stout employee, Thomas Kaiser, Gerald Erb, Jacob Frank, William Martin, Eddie Birch, and Clarence Fehlhaber snap to.

## FROM THE EDITOR'S DESK

"Why," a lot of people must be asking, "when this 'National week' gimmick has been exploited to include everything from 'National Sweater week' to 'National Whitewall Tire week,' must the calendar be encumbered and an over-bally-hooed public's patience be strained with yet another?"

Well, fairly considered, isn't a salute to printing and to its American father, Benjamin Franklin, a horse of quite a different hue?

This is no mere stunt to sell more type and paper. Printers aren't kidding themselves that it's going to inveigle any appropriations out of other media and into their own. Admittedly, the printers at Stout are going to use it as an opportunity to point out that they are keeping pace with modern printing processes and to brag a little about the important part they play in the daily life at Stout. But basically it is a tribute to one of the country's oldest, proudest, most important and most responsible industries and to that industry's 'patron saint.'

Printing week is observed partly that we may remind ourselves of a debt to the past—that it has been the means of propagating all the subsequent ideas embodied in the institutions we live by today.

Above all, Printing week pays tribute to a pride of craftsmanship that is a tradition among printers but all too rare in other industries, a spirit that Franklin personified when, late in life, his many magnificent victories written large on the record books of a respectful world, he began his will, "I, Benjamin Franklin, printer . . ."

Robert Treise

## LETTER TO THE EDITOR . . .

Why are students required to attend classes? Students should not *have* to attend classes; they should *want* to attend classes. College attendance is not required by law; it is a desired privilege of the more fortunate.

After high school graduation most young people have freedom to choose their occupations. Some enter a non-professional occupation immediately; others continue their education. The individuals who enter an occupation after high school accept responsibilities and receive immediate financial reimbursement. Those who attend college pay for professional training and education in the art of better living. These individuals are paying for something they want. This financial payment evokes certain responsibilities upon college students. Did one ever hear of people paying for something which they do not want? Students pay for the various services of the school; so why should they not want to make use of them!

One could argue that many students show no interest in making use of some of the school's services. They show this by avoiding classes and assignments whenever possible. Maybe this disinterest is caused by the fact that students are required to attend classes. Individuals do not develop self-discipline if continuous, strict, outside discipline is exerted. Force is not a very effective motivation for learning. Certainly, meeting the interests and needs of students would be a much greater motivation for them to attend classes and learn effectively.

American college students are adults living in a democracy. Many young people are adequately accepting responsibilities much greater than those of college students. They are flying huge jet aircraft, raising families, and operating intricate equipment. Students will also have to assume these and superior accountabilities in the near future. If college students are adults living in a democracy, why are they required to attend classes?

—Barbara Hartig and Ann Kofod

## CLUB NEWS

The YWCA held a meeting Tuesday, December 4. It was decided that the Christmas tree at Harvey Hall would be decorated by a group of volunteers on Tuesday afternoon, December 11. The YWCA members are having a party Saturday, December 15. Instead of exchanging gifts, the members are giving twenty-five cents to be used for CARE packages. The YWCA has revised its constitution and it was approved. It was stated that the Thanksgiving breakfast and the program following it which were held November 21 and also the candy sale held November 28 were both big successes.

Wesley Student Fellowship met at 5:20 p.m. in the Trinity Methodist Church. Mr. Donald Gibbons presided during the short meeting which followed supper. After the meeting the group went caroling to Methodist churches of Menomonie. The Fellowship then returned to the parsonage for cocoa, rolls and popcorn.

The next meeting will begin at 5:00 p.m. on December 16. At this time a Candlelight vesper service will be conducted by Miss Georgia Christner. At 6:00 supper will be served and will include turkey and "all the trimmings." At 7:00 a Christmas song fest will ensue and at 8:00 there is to be a Christmas

concert by the Methodist choir in the Methodist sanctuary.

Sunday evening United Student Fellowship members from River Falls, Eau Claire, and McAlister were guests of the Stout USF for an evening of fellowship and worship. The worship service included a communion service conducted by Rev. Donald Farley, Jr. of Menomonie, and an Advent Pageant by Barbara Harms, Jerry Skarvan, Marilyn Watts, and Marilyn Webb.

Next week the U.S.F. will meet at Peace Lutheran Church for a joint Christmas meeting with other campus groups.

On December 2 Gamma Delta held a business meeting. They planned a Christmas party which will be held at Jane Schneck's home on Sunday, December 16 at 5:30. Everyone is to bring a 50-cent gift to be exchanged. After the party there will be Christmas caroling.

Gamma Delta is going to deliver a Christmas fruit basket to Bill Blum, a shut-in of the congregation, for which the members are asked to donate 25 cents. After the adjournment the meeting the members practiced for the Christmas caroling.

L.S.A. had a Bible Quiz led by Dr. Norman Adams at their Sunday evening meeting. It seems more boys than girls were there, and nearly all 75 questions were answered.

L.S.A. is planning a joint Christmas program for December 16, at Peace Lutheran Church. The meeting will begin at 5 p.m. A Christmas program, recreation, worship, and a dinner will be included in the evening fellowship. Everyone is welcome!

## ORGANIZATION NEWS

The annual Christmas Tea sponsored by the Home Economics Club will be held on Wednesday, December 19 from 3:30 - 5:30 in Harvey Memorial. All students, faculty members and wives are invited.

The traditional cranberry punch, coffee, and Scandinavian cookies will be served.

The committee heads are as follows: Decoration and Table Arrangement, Marvene Nelson; Food, Nancy Parneski; Music, Mary Ann Cerny; Publicity, Sylvia Felland; Hostesses, Marion Brockman. Teaa Schroeder is the general chairman.

The Stout state Newman Club held a Communion Breakfast on Sunday, December 9 after the 9:30 mass. At their breakfast meeting the members made final plans for the Christmas dinner to be December 16 at 6:30 p.m. Chairmen of the various committees are: food, Rita Casey and Mary Hitesman; decorations, Larry Bruno and Lee Novy; recreation, Virg Gottwalt; publicity, Mary Tickler.

Plans are still under way for the Newman Club Center near the campus.

The Stout 4-H Club held a meeting on December 10. The main business of the meeting was the organization of the 4-H square dance.

After attending a camp at Upham Woods with the University of Wisconsin 4-H group, they invited Stout's club to become permanent members of the group.

A student who participated in the International Farm Youth Exchange gave a talk on Venezuela and showed many interesting slides.

Sixteen pledges were initiated into Pallas Athene sorority last Thursday evening at the home of Mrs. George LaPointe, Wilson Court.

Following the welcoming, dessert was served by Mrs. LaPointe, and Miss Anne Marshall, sorority advisor, poured. Songs and Christmas carols were sung. Climaxing the evening was the serenading of the dormitories.

New members of Pallas Athene sorority are: Bo Brown, Liz Butler, Rita Casey, Diane Davis, Louise Grant, Marlys Pettig, Mary Ann Parkel, Sarah Ness, Bobette Mulock, Loretta Sletten, Pat Soldner, Yvonne Swenson, Bette Zander, Mary Tickler, Barb Williams, and Lillian Holst.

Last evening Pallas Athene held their annual Christmas wrapping party at the home of Miss Ruth Amon. Before the party, the sorority went to the hospital to sing Christmas carols for Miss Amon and Miss Ellen Nelson.

Gifts that were wrapped at the party will be given to needy families through the Dunn County Welfare Association.

## DORM NEWS

Much of the time of the girls residing at the dorms was taken up by preparation and presentation of their open house this week end. The open house was held Sunday afternoon, from 2:30 to 5 p.m.

After the hustle and bustle of extra careful house cleaning, rooms were proudly opened to visitors. The Christmas spirit pervaded everywhere with a plentiful array of Christmas decorations.

At Eichelberger a large Santa Claus welcomed guests and a Christmas tree towering to the second floor was the first thing that caught the visitor's eye at Tainter Annex.

The beauty of the new Basha Tainter Hall impressed the many guests who traveled through the new women's residence hall.

The girls of Tainter Hall, and Mrs. Charlotte Sims, director of dormitories, extend thanks to the many who sent flowers for its first official open house.

During the week the Phi Sigs received a letter from Richard Dirschel, who is now in Germany with Uncle Sam. Rich expects to be back at Stout next fall, and he may be here for commencement to see off all the students he started with in 1953.

Because many of the members of the fraternity will be off campus student teaching during the next four weeks, other members will have to take over for them. Ray Pearson will take over the president's job for Frank Marose, Dick Kasel will fill in for Harlan Giese as treasurer, and Ron Anderson will take over the food and finances for the fraternity house in the absence of Doug Pagel. Other members going off campus are Ken Wittig, Lee Johnson, Gene Ender, and Bill Peterson.

Alpha Sigma Alpha actives formally initiated eleven new members Tuesday evening: Barbara Bratley, Sandy John, Gerry Kreugar, Joanne Hovde, Jan O'Grady, Alice Marshall, Pauline Rosenstiel, Betty Schomberg, Jane Thompson, Gloria Walstad, and Judy Wyss. After the initiation, which took place in Harvey Memorial, the sorority members and their advisors enjoyed dinner at the Hotel Marion. The climax of the evening was the serenading of the dormitories.

The other big event of the week was the Sigma Sigma Sigma and Alpha Sigma Alpha Christmas party, planned by the new members of each group and held last night, December 13.

At last Thursday night's meeting the Alpha's decided to organize a basketball team to participate in intramural sports.

# NEWS OF OUR ALUMNI

Don McQueen, B.S. 1945, is a writer of technical publications in Hopkins, Minn. His family includes three children and they make their home at 325 19th Avenue North, in Hopkins.

Instructor of Arts and Crafts in Cincinnati public schools is Paul Marschner, B.S. 1930. He also is Director of Arts and Crafts during summer woodcraft camp at Culver Military Academy, Culver, Indiana. His address is 2318 Kemper Lane, Cincinnati 6, Ohio.

Melvin E. Lemon, B.S. 1945, is teaching industrial arts at Wheaton high school, is head of the industrial arts department, and is a counselor. He has two girls ages 4 and 7, and lives at 609 S. Dorchester, Wheaton, Ill.

Margaret Ort, B.S. 1955, was married on June 16 to Harland Nerison, a former Stout student, and lives in Waterloo, Iowa, where her husband is employed by the John Deere Company.

Richard Jeatran, former Stout student, has been transferred from the Duluth office of the Travelers Insurance company to the Chicago office as a field supervisor. Dick and his family make their home at 415 Larkdale lane, Mount Prospect, Illinois.

George R. Kinsler, B.S. 1951, is now at the La Crosse Vocational and Adult school. His responsibilities include director of the driver education program in which there are four instructors involved, teaching auto mechanics part time, and intelligence and aptitude testing in the school. He is president of the La Crosse Education association for the present year. His family consists of his wife, Patricia, and two boys — George Oliver, three years, and John Lestre, Born August 8, 1956. Their address is 232 North 23rd street, La Crosse, Wisconsin.

James Timmerman, B.S. 1948, has been selected as one of the umpires for the Brooklyn Dodgers game when they play at Okinawa after their tour of Japan. Timmerman arrived in Okinawa on August 25 and is teaching industrial arts and journalism at the Kubasaki American high school. When he isn't teaching he has been officiating at service football games.

Shortly after his arrival, one of the worst typhoons in history hit the islands. The wind velocity instruments were broken at 157 m.p.h. His residence withstood the storm very well but pieces from a theater located across the street hit the building, and there was some water in the house. Rainfall measured over 25 inches, although about half of that was sea water. There was no running water or electricity during the storm. School was discontinued for a few days because of some damage; one end of the gymnasium was demolished.

Timmerman and several other teachers plan to visit Hong Kong during the Christmas vacation.

## ALUMNI HOLD REUNION AT ST. LOUIS MEETING

The Stout Alumni reunion at the American Vocational association convention in St. Louis, Missouri, was held Wednesday evening, December 5, at the Anheuser-Busch company reception room. Seventy alumni and guests enjoyed a buffet supper at 7:30 and a tour of the bottling division at 8:30 p.m. At 9 o'clock two films were shown to the group: "Big Scot" and "The Story of Anheuser-Busch." Dean Jarvis presented a report on recent campus improvements.

Alumni present represented 11 states: Missouri, Illinois, Michigan, Wisconsin, Minnesota, Kentucky, New York, West Virginia, New Mexico, Colorado, and New Jersey.

## STATE FRESHMEN HALL FROM MANY AREAS

Half of the freshmen at the Wisconsin State colleges come from 19 Wisconsin counties.

The student-producing counties are: Barron, Chippewa, Clark, Dane, Douglas, Eau Claire, Fond du Lac, Grant, La Crosse, Milwaukee, Outagamie, Pierce, Portage, Rock, St. Croix, Walworth, Waupaca, Winnebago, and Wood.

They sent 2,253 freshman students to the colleges this fall.

The other half of the freshman class comes from the remaining 52 Wisconsin counties, from 30 other states, 18 foreign countries, and three U. S. territories. Less than six per cent of the 4,446 freshmen come from outside Wisconsin.

Most productive counties in sending students to college are, generally, those in which the school is located. The pine home counties of the colleges sent 29 per cent of the total freshmen class.

But also high on the list are Milwaukee county where there is no longer a State college (101), and Dane county (92) which is home to the University of Wisconsin.

Many of the northern counties which do not send as many students, rank high in per cent of students sent. Florence county sent only seven students to state colleges as freshmen this fall but the students came from a senior class of 44 in the only high school in the county.

## NOTICE

The following notice appeared on the bulletin board in Bowman hall last week:

"Will the person who borrowed the moving equipment from the Brunn transfer to move a grand piano several weeks ago, please call the Brunn Transfer company as soon as possible?"

## CLUB NEWS

The Stout Typographical society held its formal initiation of new members at the Marion hotel at 6:30 p.m. recently.

Guest speaker for the occasion was Lloyd Whydowski, who spoke on the history of printing. He welcomed new members into the organization and assured them of the benefits they could receive by working with members of the society.

The organization was also honored in having Paul Axelsen conduct the initiation ceremony and distribute the S.T.S. certificates to new members.

Accepted into the organization in the rank of apprentice were Donald Erickson, Dick Kveton, Dick Kresse, Bud Heyel, and Jerome Peterson.

A delicious dinner of chicken or steak was enjoyed by members and guests.

Tri Sigma sorority attended the college play "Ring Around Elizabeth" as a group on December 5. Later, at the Harbor, Andree Jost presented Audrey Adams, leading lady of the play, with a beautiful corsage for her splendid job in this year's production. Tri Sigma's annual Christmas sale was held in Harvey hall from December 4-7. It was considered a huge success this year.

All members of the sorority took the annual national examination early Wednesday evening in Room 11 of the library.

There was no regular business meeting on Thursday night.

Flattery—Soft soap—it's 99% lye.

Teacher's lecture—Propaganda. School busses—Troop transport. Sleepy student trying for back row of classroom—Maneuvers.

Sleeping student hidden behind textbook—Camouflage.

Stout state college—Fort Knowledge.

Morning rush for excused absences—Sick call.

Teacher—First sergeant.

Freshmen—Recruits.

Sophomores—Old timers.

Third and fourth year students—Veterans.

Graduate students—Career men.

## TEEN AGE BOY 'CRUDE, RUDE' ON AVERAGE

His clothes are conspicuous, his manner and tone are overbearing, and he laughs loudly at the slightest provocation.

He is a teen-age boy, crude and rude!

He resists adult authority. When his wants are neglected he makes a scene.

At school he is sullen when corrected and nurses a grudge for days before he forgets. He has a few close friends who are very like him in intelligence, age, and opinions held. His usual reaction to correction is to talk back, under his breath.

At home he is quarrelsome and almost constantly at swords' point with his parents or younger brothers and sisters. He is critical of his father.

To anyone he considers inferior, the teen-age boy is intentionally rude. He delights talking about people behind their backs. He is intolerant and prejudiced.

He barely tolerates many of his teachers, but he gives almost limitless devotion to his high school coach. Competitive athletics are the high point of his life. Physical strength and skill are the criteria upon which he judges and is judged by his chums.

His stomach is a bottomless pit.

His problems are mostly concerned with money and girls, although he also worries about health, his appearance, his father's social standing, and his physical abilities.

This is a description of the "average" teen-age boy as determined by studies of groups of high school and college students from age 17 to 20. Some are better, some are worse.

Here is a word of caution. He is not delinquent, he is normal.

And here is a word of hope. He'll outgrow it.

Old flame—What a girl uses to burn up her new boy friend.

Pink elephant—Beast of bourbon.

Hypocrite—Undertaker trying to look sad at a thousand dollar funeral.

College progression

Freshman—I don't know.

Sophomore—I am not prepared.

Junior—I do not remember.

Senior—I don't believe I can add anything to what has already been said.

Courtship—The period of time that elapses while a girl decides whether she can find something better.

How easy it is to do depends on how hard you're trying to do it.

## INTRAMURAL ACTIVITY SETS RAPID PACE

The intramural season at Stout state college is underway with various sport activities.

Volleyball began on Monday, December 10. Schedules of the games are posted on the bulletin board outside of the athletic office.

An organization meeting for wrestling was held on Monday, December 10, at 5:30 p.m. in the upper gym. Any Stout student interested in the activity, or in coaching the sport, was invited to attend.

The badminton season got underway on November 28. Results of games played thus far are: Romoser defeated Soderberg and Dauger, Shelly defeated Cheke and Kasel, Imray defeated Kezman, and Hoepfner defeated Schnieder.

Table tennis was started recently. Results of table tennis intramurals played thus far are: Woelffer defeated Eastlund and Bucklin, Zimbrie defeated Vaitkevicius, Westrom defeated Miller, and Vogtsberger defeated Stahlkopf.

## TO ALL MEN STUDENTS:

All second semester program changes must be completed on or before Friday, January 11, 1957. No program changes will be approved after this date.

## ADD A LITTLE JOY GUARANTEED RECIPE

Want to enjoy life a little more? Try this recipe for every day of the year. It comes from the Alma College Almanac.

### Ingredients

1 cup of friendly words  
2 heaping cups understanding  
4 heaping teaspoons time and patience  
pinch of warm personality

### Instructions for mixing

Measure words carefully. Add heaping cups of understanding. Use generous amounts of time and patience. Keep temperature low. DO NOT BOIL. Add dash of humor and a pinch of warm personality. Season to taste with SPICE OF LIFE. Serve in individual molds.

This recipe is guaranteed never to fail.

"Jimmy, darling," cried the little boy's mother, "you're a real hero! Your swimming teacher just called and told me how you saved Arthur Jones from drowning in the pool today. I'm very proud."

"Aw, gee, Mom, it wasn't nuthin'," blushed the boy. "I sorta had to save him. I pushed him in."

Five Stout students are shown in the newly remodeled strong room at the National Guard armory. Kneeling around the 30 caliber machine gun are Virgil Schlough, Gordon Maves, and William Simmons. Standing in the rear are Duane Marshall and Charles Somers.

## NATIONAL GUARD TRAINEES HELP TO PRESERVE AMERICA'S FREEDOM — YESTERDAY AND TODAY

Hut, two, three, four! This cadence has long been echoing throughout United States armed forces training camps. Will it continue until the end of time? Of course, no one knows, but in the meantime the United States is determined never again to be caught with its guard down.

Although the number of active servicemen may vary, the number of trained reserves is continually increasing. The state national guard units are co-operating with the national active units to maintain an ever ready reserve of trained fighting men. The guard units are continually observed by the regular army to see that the guardsmen are being adequately and properly trained.

Why have the national guard? The recent continual preparedness scheme of the war department has been to reduce the total number of active fighting men, and to increase the number of trained reservists. One big step in this direction was the introduction of the new six month training program. This program allows a young man between 18 and 26 to take six months of active training and then return to his home guard unit and serve his reserve duty. With this plan an individual is kept from his job or school for one-half year rather than from 2 to 4 years.

The national guard has something to offer returning veterans as well. Almost all vets have a reserve time to fulfill during which time they are subject to recall. This reserve time of six or eight years can be reduced considerably if the veteran will serve his reserve time with the national guard. College students should be especially interested in the national guard program. All of us must accept the obligation to serve our country. We fought to obtain freedom and we must be prepared to fight to preserve it. When should we fulfill this duty as to least hinder our education and employment? Some desire to enter the active services for two or four years in hopes that when they return to civilian life they will have a better idea of what they want to do. If this plan fulfills its purpose, it is indeed worthy of merit. Most of us, however, have our goals already set and we wish to progress toward them without interruption. This is where the national guard can be of service. If you join before you are 18 and one-half years old you are draft exempt providing you attend 90 per cent of the scheduled drills.

These drills are held one night a week for 48 weeks of the year, and during two weeks at camp during the summer. The rate of pay for these drills is the same as regular army pay.

Should a member of the national guard desire active service, he can enter the service with the longevity earned while serving with the guard and, in many cases, even retain his rank.

Twenty-two Stout students are now taking advantage of the national

Ob, happy detail! This is what an education gives you? Ted Proctor, Donald Wurga, James O'Connor, Helmut Albrecht, and Wayne Toure display hidden talent as they help "GI" the armory.

guard plan and are attending drills at the local company armory, while some are drilling at Eau Claire. Those students with company A in Menomonie include Gordon Maves, Robert Miller, Charles Somers, Melvin Gerber, Duane Marshall, Virgil Schlough, William Martin, William Simmons,

## JOKES

The film star, after a busy day at the studio, had just changed into a very low cut evening gown for a party — when she suddenly fell exhausted onto a chair.

"I'm absolutely beat," she said to her husband. "I really can't face a big party tonight."

"Well, honey, forget about it," answered her husband. "Why don't you just put some clothes on and go to bed."

Helmuth Albrecht, Eddie Birch, Thomas Kaiser, John Simons, John O'Reilly, William Brehm, Clarence Fehlhaber, and Ted Proctor. Those belonging to other companies but attending in Menomonie are Thomas Sobczak, Gary Hodge, Donald Wurga, James O'Connor, Gerald Erb, and Wayne Towne.

Company A in Menomonie is a member of 128th Infantry Regiment, 32nd division, Wisconsin National guard. Besides infantry units, there are armored, anti-aircraft, field artillery, tactical bombardment and fighter-interception units, as well as many others.

Today there are more than 5,800 units of the army and air national guard located in over 2,400 communities of the United States. The government spends millions of dollars every year to keep the guard units prepared for any emergency.

What has the national guard done in the past? The guard had its beginning way back in the early 17th century with the organization of the Minutemen. The first national guard regiment was the 182nd Infantry of Massachusetts, organized in 1636. The guard's history follows through Lexington, Valley Forge, World Wars I and II, and the Korean conflict. Some of the noteworthy people in these campaigns include George Washington, Andrew Jackson, Wilber M. Brucker, Charles A. Lindbergh, Gen. Nathan F. Twining, and, most recently, Audie Murphy. These units, these men, have proven their readiness and their effectiveness in the past. The national guard is ready for the future.

## JIM KOGLER IS NEW BUSINESS MANAGER

Newly appointed business manager for the Stoutonia is Jim Kogler, a junior from Sheboygan, Wisconsin.

Jim, who replaced Bill Allen, has charge of procuring advertisers, keeping the books, and managing the Stoutonia business.

Being a printing major, Jim feels, "The job is good experience and will aid in teaching." Also, he adds, "It provides an opportunity to meet the townspeople."

Jim is the assistant production manager of the Tower and a member of Sigma Tau Gamma, S.T.S., and intramurals. He also belongs to the Symphonic Singers and was on the governing board in his freshman year.

### VISITORS GIVEN GUIDED TOUR OF DORMITORIES

Over 1,000 people visited Bertha Tainter Hall during the first open house of the women's dormitory, Sunday afternoon. Besides visiting the new dormitory, guests were welcomed at the two older residence halls for women, Tainter Annex and Eichelberger Hall.

A constant stream of guests was escorted through the new dormitory by guides who completed the tour by leading the visitors to the dining hall on the ground floor where refreshments of punch, coffee, cake, nuts, and mints were served.

Beautiful flower arrangements adorned the lobby, lounge, tea room, and dining hall at Tainter Hall. Mrs. Charlotte Sims, director of dormitories and house mother at the Hall, as well as the girls residing in the dorm, greeted the many guests.

At the Annex, Mrs. Gertrude Adams, and at Eichelberger Hall, Mrs. Manila Ohnstad along with the girls residing there, greeted their visitors.

### HOME EC. CLUB HAS SHIRLEY JOHNSON SPEAK

The November meeting of the Home Economics Club featured a special program presented by one of its members. Shirley Johnson, a junior from Faribault, Minnesota, took a trip to Europe this past summer. She sailed over on the S.S. Stavangerfjord (a ship of the Norwegian-American lines) and back on the sister ship of the above, called the M.S. Oslofjord. During her six weeks tour of Europe, Shirley took 1200 colored slides of many places of interest. She chose 380 slides from her collection to show at this meeting and, thus, took the girls on a trip to 10 different countries including: Norway, Sweden, Denmark, Germany, Holland, Belgium, Luxembourg, France, Switzerland, and England. The countries Shirley liked best were Switzerland, Norway, and Denmark, but the home economics club girls seemed enchanted with them all.

### T DAY

Last week, amid studying for my course test, I looked at the calendar and noticed a large T written on it that was only a week away. My confused mind could no longer absorb the principles of the lead chamber process. I must have marked that day as a reminder of the deadline for my English term paper, I thought. While memorizing the equation for the strong acid properties of sulfuric acid, I decided to write on Coleridge's "The Rime of the Ancient Mariner." The next day after the chemistry test, I went to the library to secure information on my subject. After a confusing search in the card catalog, I found the designated shelf. The books I needed were on the top shelf, and, as I couldn't find the title, I tried to jump up and grab it. As I did this, about six other books fell to the floor with a loud bang. The librarian, saving the fate of other books got my books down for me.

Somehow, after a tedious week of outlining, card sorting, writing, re-writing, and typing, the term paper was complete. As I rushed into class, 60 seconds after the 8:30 bell, I heard the instructor say, "Due to the limited source material to be found for your term papers, due two weeks from today, you may substitute two book reviews instead."

He began passing out papers. At that moment I realized, to my extreme horror, that I had marked that T on the calendar to remind me of a test!

### ADVISER MEETINGS . . .

views will be scheduled for the students who desire them or who have been referred for interview.

If there is any merit in the principle that a good understanding between students and faculty member is conducive toward the development of a better college, then students should take advantage of this opportunity for improving their educational opportunities.

There is still much to be desired in these faculty advisor-advisee meetings; but it must be remembered that they are just a beginning. With both advisers and advisors co-operating, much can be done to improve morale on the campus. This is best done by personalizing and individualizing college educational opportunities.

Other beneficial student helps derived from the workshop are the leadership clinics for campus organization officers held in the spring, interview suggestions for inexperienced teachers, etc. There is also a wealth of material provided for the advisor with the aim to help him do a better job of counseling.

The next quarter advisor-advisee meetings will be held February 27 and March 6, 1957. Let's all get behind the student personnel department and the advisors and make the new plan a real success. Remember though, that it is still in its infancy and we can't expect miracles, but—instead of griping, let's have suggestions for improvement.

## NEWS OF OUR ALUMNI

William A. Sellen, B.S. 1943, is assistant professor of industrial arts education at State Teachers college, Bemidji, Minnesota, teaching metals, crafts, and drafting. He was formerly at Ohio university, Athens, Ohio.

Stan Tobin, B.S. 1956, is employed as a student engineer at Chevrolet Detroit Gear and Axle, a division of General Motors. He has a daughter, Anne Mary, born August 1, 1956. The Tobin family resides at 2962 Monterey, Detroit 6, Michigan.

Mr. and Mrs. Richard Duthler are now living at 856 Fremont Avenue, St. Paul, Minnesota, and would like to get in touch with any of their old friends who may be living in the Twin Cities area. They announce the arrival of a son, Charles Dirk, on October 12, 1956. They also have a son, Reed Allen, age two. Mr. Duthler is employed in the Advanced Engineering Department at Whirlpool Seeger Corporation in St. Paul.

The G.R.A.Y. Steamship Company, Tractor Division, proudly announces the successful designing and production of a new crawler type product! Model designation: David Lowell. Date and Time of completion: November 27, 1956, 2:47 a.m. Product's weight and length: 9 pounds, and 21 inches. Assembly line supervisor: Dr. C. L. Berner. Plant Title: Evangelical Deaconess Hospital, Milwaukee, Wisconsin. Product owner and design engineers: Robert P. (B.S. 1956) and Frances Knight (B.S. 1956) Gray, 5726 N. 72nd Street, Milwaukee, Wisconsin.

William A. Young, B.S. 1943, is supervisor of building, grounds, buildings, and safety for Janesville board of education, and for the entire school system. He is a member of the A.S.B.O. of the United States and Canada, and attended the national convention in Washington, D.C. in October, 1956.

### GRADUATE COMPETES IN STATEWIDE CONTEST

A Stout state college home economics graduate, Mrs. August Linne, Jr., Route 3, Eau Claire, is this week competing for valuable prizes in a \$100,000 nation-wide baking contest.

Mrs. Linne, the former Dorothy Melrose, received her bachelor of science degree from Stout in 1952. In 1954 she spent six months in England and Wales as a member of the International Farm Youth Exchange program. The first recipe she ever entered in competition—one for maple flavored cupcakes—won for Mrs. Linne her chance to travel to New York and compete for fame and fortune. First prize in the contest is \$25,000. She is also eligible for special divisional awards of \$3,000, \$1,000 or \$500.

For her cupcakes recipe, competing with over a million others, Mrs. Linne has already won an all-expense trip to the Waldorf-Astoria in New York and \$100. She will bring back from the contest an electric mixer and the electric range in which she bakes her entry.

## BLUEDEVILS IN 89-74 WIN OVER ST. CLOUD

On Tuesday night the Bluedevils of Stout state college rolled over the St. Cloud Huskies by a 89 to 74 score. Once again the Bluedevils were down at half time. This time by a 40 to 39 count. The win was number five against a sole defeat, also win number four in a row. The game was played at St. Cloud before a standing room only crowd.

Stout shot at a 63 per cent clip against a very sharp St. Cloud team. Everything worked right for the Bluedevils although it took a whole half to really get warmed up to the test. Stout lost an early 18 to 6 lead. The final margin of victory came during the final three minutes of the game when the Huskies tried a full court press that didn't work. The Bluedevils broke the game wide open at this point.

Five players hit in the double figures for the Bluedevils. Keith Moessner was high again with 31, followed by Bob Sorenson with 18, Jann Peterson with 16, Ron Woodliff with 11, and Herb Helm with 10. Grams was high with 21 points for the Huskies. St. Cloud had 22 fouls called on them while the whistle blew 16 times against Stout. The Bluedevils made 29 of 41 free throws and the Huskies hooped 16 of 26 tries.

## STOUT GAINS 4TH WIN

Herb Helm and Keith Moessner team up to keep the ball away from a Northland player. The action came as Stout was defeating Northland 83-65.

Pictured above are the Blue Devil cagers of Stout state college. From right to left are, first row—Jim Dailey, assistant coach; second row—Keith Koch, assistant manager; John Widmar, assistant coach; Bill McGovern, Bill Hills, Keith Moessner, Dick Johnson, Terry Meyer, Coach Joe Gerlach, and Bill Geisert, manager; third row—Jann Peterson, Herb Helm, Bill Kindschy, Jim Bolm, Jerry Stauffacher, Ron Woodliff, Brian Howard, Mike Johnson, Bob Sorenson, Jerry Steppke, and Tom Pagel.

## STOUT ROMPS BY 83-65 OVER NORTHLAND

Starting very slowly and taking a long time to warm up, the Bluedevils of Stout beat the Northland Lumberjacks by an 83-65 count. It was the second time this season that Stout had beaten Northland. In a game played on December 4th at Northland, the Bluedevils won by a score of 75-63.

The game featured weak shooting, loose defense, and flaring Lumberjack tempers. Stout had 23 fouls and Northland committed 26, one being a technical foul. It was a loosely played game on the part of both opponents, with the Bluedevils making the most of the breaks.

Northland took a 4 to 2 lead after 3 minutes of play, but Stout tied it shortly afterwards and then went out ahead to stay all the way. The Bluedevils took advantage of ragged Lumberjack defenses, when the Northlanders took the lead. Stout poured 6 straight points through the hoop in one minute to take a commanding 8 to 4 lead. The score at half time was 43 to 40.

For the Bluedevils, it was Moessner with 26, Bolm with 13, and Sorenson and Peterson with 12 each on the offensive. Peterson and Bolm were tops on defense along with Helm and Howard. Ron Woodliff and Terry Meyer provided the needed spark from the bench. Schnakenberg was high man with 14 for the Lumberjacks.

Stout made 29 of 40 free throw attempts and Northland hit 21 of their 36 attempts.

## STOUT CATCHES WINONA CAGERS BY 73-58 SCORE

Coming from behind at the halfway mark, the Bluedevils conquered the Winona Peds last Friday night by a 73 to 58 score. Stout was down by 11 points at half time in this one, but a tremendous second half did the trick. It was win number three against only one defeat for Stout.

The Bluedevils could not seem to buy a basket during the first half. Winona took an early 31 to 18 lead. That, coupled with the bad passing brought a 35 to 22 halfway score. During the break something must have given way because while they only mustered 22 points during the first half, the Bluedevils hit the hoops hard for 51 points the second half.

Bob Sorenson was the big gun for Stout as he hit for 22 points. He was followed by Jann Peterson and Ron Woodliff with 15 and 12 respectively. On defense it was Keith Moessner and Ron Woodliff. Svenningson was high for the Winonans with 14 points. The Peds had 24 personal infractions while the Bluedevils were called for 18 fouls.

Stout made 27 of 44 free throws and Winona hit 16 of 27. The game was played at Winona.

## SPORTS ROUNDUP

The intramural program at Stout this year has been greatly revamped and refaced. It is a schedule that leaves little to be desired and thought of. Students who take advantage of this program find that it has a lot to offer. The intramurals are being handled almost entirely by students under the direction of athletic director, Ray Johnson.

Last Saturday the Northland Lumberjacks invaded our town with their flaring tempers and lackadaisical style of basketball. Apparently they thought they were still out in the woods chopping trees down or perhaps they failed to read the reverse side of the programs handed out at the door by the "S" club. There was a very fine write-up on sportsmanship on that program. The Lumberjacks really set forth a poor example to the Boy Scouts who were guests at the game.

Jottings. . . Winona beat La Crosse on Wednesday, 93-77. . . Eau Claire beat U.I.C. on Wednesday, 82-52. . . Duluth beat St. Thomas on Tuesday, 86-72. . . River Falls beat Bethel on Monday, 82-62. . . Gustavus Adolphus beat St. Mary's on Tuesday, 81-80.

Last Tuesday night the Bluedevils played at St. Cloud before a capacity crowd. Former Stout coach, Jack Wink, was there. The Huskies are supposed to be a real powerhouse in the Minnesota conference this year. After the game the Bluedevils stood around for 20 minutes waiting for someone to

come open the locker room door. Guess St. Cloud was so busy catching that "Little Cloud that Cried" that they clean forgot the Stout cagers. The Huskies had a 6'9" giant they didn't use much.

Stout's record this year has already bettered last year's and it almost promises to better any previous record in the past ten years. The Bluedevils travel to LaCrosse on Saturday night to open their conference TITLE bid. Following that they will be back in Menomonie against a strong River Falls team on Thursday night. Many students are driving to LaCrosse for the game Saturday. A good idea would have been for the SSA to have contacted the bus lines for a student bus.

Students are wondering why there have been no pep rallies since the previous, and only, one during the football season. After all, they say, it's our team and we deserve the opportunity to meet them on stage at a pep rally and have a chance to express a little appreciation. The SSA has always taken it upon themselves to provide the students with these opportunities, but so far this year nothing has been done.

## BOX SCORE TOTALS FOR ALL BLUEDEVIL GAMES

Name	FG	FT	F	TP

## BATTLES WAGED FOR INTRAMURAL CROWNS

All phases of the winter intramural program are progressing at a rapid pace. A short summary of each area is listed below.

### BASKETBALL

The basketball schedules are posted. This year the hoopers will be divided into two separate divisions, the American league and the National league. The top four teams in each league at the end of the season will play a round robin to determine the championship. This will be a double elimination contest. At the end of this series an all-star team will be picked from each league to play an all-star game.

### TABLE TENNIS

The table tennis singles are over now and "Beefy" Don Woelfer is the king of the table. Slick Don beat "Sloppy" Rich Vogtsberger in the final playoff held last Wednesday. Rich took the first two games of a best of five match, but Don came right back to take the next three straight. Rich must have lost his glasses again. The next event in this area is the doubles playoff.

### VOLLEYBALL

Volleyball is really rolling now. The season started last Monday and continues until December 20. There are six teams entered. The standings to date are:

Team	Won	Lost
Phi Sigs	2	0
Volleyteers	2	0
Sigma Tau	1	1
F. O. B.	1	1
Rifle Club	0	2
Veterans	0	2

### BADMINTON

"Slamming" John Imray beat "Slim" Bill Romoser for the badminton singles championship. The match was held last Wednesday night. This finished the singles play and now the doubles matches will take over the limelight.

# Merry Christmas

## A GREEN CHRISTMAS

We lay small Jesus to sleep in the snow,  
Though His was a mild and summer land.  
Luke mention no ice nor biting snow,  
Luke's sheep fed on a grassy hill;  
Even the wind must have been still  
When a certain Eastern star shone white.  
Put Him to bed, if you will, in the cold  
And sing of a blustery winter scene....  
I'll have my Christmas the way it was told:  
Gentle with lambs and the growing green.

Elma Dean

## LINES TO AN ANGEL

Remember, son, the things that you were told  
As youngest in the tableaux. Always hold  
Quite still, hands folded. See? No need for fright.  
Silent night, holy night.

Your face lights up; you've spied me in the crowd,  
Don't nudge your older brother. He's the proud  
But humble Wise Man. Look...you'll start a fight!  
All is calm, all is bright.

Your halo's slipping. Quick, just toss your head!  
It's hanging on your ear. I always said  
A crew cut wasn't meant for halos. Right?  
Shepherds quake, at the sight

What blessed visions do your child's eyes see?  
Oh gazing in the manger tenderly,  
Oh dearest Jesus, guard him day and night.  
Son of God, love's pure light.  
Eugenia Gerlach Stein

## AGAIN TO BETHLEHEM

We have forgotten joyous things too long,  
Our hearts have been too anxious and too sad,  
Let us forget the weary way we came,  
Let us turn back an old road and be glad;  
Let us lay down the burdens we have borne  
And go light-hearted through the starry night,  
To find a little ancient holy town,  
And a low stable, silvered with clear light.  
The children of the earth will lead the way  
Let us who have been worn and old too long  
Join hands with them upon their happy way:  
Join voices with theirs in the glory song.  
They keep their faith — the laughter in their eyes;  
They shame us who have wandered long and far.  
Let us get back a simple, childlike faith;  
Let us find Christ again beneath His star.

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

And this taxing was first made when Cyrenius was governor of Syria.

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem; because he was of the house and lineage of David,

To be taxed with Mary his espoused wife, being great with child.

And so it was, while they were there, the days were accomplished that she should be delivered.

And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Savior, which is Christ the Lord.

And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said to one another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things, and pondered them in her heart.

And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, as it was told unto them.

Luke 2:1-20

## FAMILY CELEBRATES

"And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger..." Father continued to read, but my mind wandered back over all the Christmases I had experienced since a child.

It's funny how one suddenly realizes and appreciates Christmas as celebrated or observed in one's own home.

Father, in his deep voice starting to grow husky with age, continued, "And lo, the angel of the Lord came upon them..." Again my attention strayed. This time the remaining verses of Luke 2 ran automatically through my mind, for the Christmas story had always been read on Christmas Eve since I could remember.

When Father finished, Mom would sit down at the piano and in her sweet, clear voice lead the Christmas carols. With eager anticipation, I'd plead as a child, "Please, Mom, let's sing 'Silent Night' now."

What fun it was to play games with the whole family and then sit down to drink cocoa and to eat Mom's special Christmas cookies which we had all helped to frost.

Father would read and tell us stories until Mom cautioned him that it was near our bed time. Reluctantly we'd scoot to bed; oh, for just one little peek at Santa Claus!

Smiling to myself, I remember the note, coffee, and cookies we'd leave for good old Santa. What a thrill it was to find the food gone in the morning. No Santa Claus? You might just as well have told me there was no moon for all I would have believed you. To anyone who challenged the existence of Santa Claus, I'd emphatically declare, "There sure is; we gave him something to eat!"

Yes, although Santa Claus is but now a symbol of Christmas to me, it is also a reminder of the joy, thrill, happiness, and special delights I experienced each Christmas Eve and morning with my family.

"And the shepherds returned, glorifying and praising God..." Father concluded. Laying down his glasses and closing the Bible, he led the procession to the piano. Joining in the carol, I thought, "What a wonderful Christmas this is proving to be."

\*\*\*

## WHAT I WANT

Jim Jineky wants a BIG long vacation back home.

Sandy John wants a teddy bear.

Agnes Heidenreich: "I got what I want."

John Wilke wants to go home, home is where the heart is?!!

Janice Weir wants a foot warmer.

Ardelle Dregne wants quiet bells for the dorn.

Delores Page wants a trip to Texas.

Sharon Athorp wants a nice warm bed and lots of good books.

Marilyn Webb wants a toy tiger for her bed.

Betty Schomburg wants a baby blue Cadillac.

Barbara Pratt wants a man with a million dollars so she won't have to cook.

Ed Birch wants a 1956 Ford.

## FROM THE EDITOR'S DESK

Merry Christmas from the Stoutonia staff!  
Years go by with many changes in our personal lives and in the life of our nation and the world. Sometimes troubles come and sometimes things are going well. Our attitudes may change in the various cycles of our lives.  
In this changing atmosphere, one of the fairly stable influences and occurrences is the Christmas season. With the coming of December, a warm feeling pervades our hearts and touches the people around us. We begin to think of what we may do to make Christmas more meaningful for our friends. Usually this means getting them some gifts.

This commercial idea of Christmas is seen everywhere. Stores stay open at night to accommodate late shoppers. Store windows are decorated. Decorations on main street, in front of churches, on doors of private homes are much in evidence. Everyone is anxious to tell everyone else that it is Christmas.

But is all this display a manifestation of the true Christmas spirit? The celebration was started as an annual reminder of God's great gift to man, His only Son. Early Christians began to prepare their homes for the season by bringing evergreen boughs into them. Later the custom of changing gifts was started to point to the first great gift — the Son. Each generation has added its own ornaments and practices to those beginning customs until the real reason for celebrating Christmas is shoved into the background and all but forgotten. Let's put Christ back into our Christmas greetings. Anyone who is not willing to do this certainly has no cause to celebrate this birthday. Americans aren't interested in when Hitler and Stalin were born and do not celebrate their birthdays. Non-Christians aren't interested in Christ and the same principle applies here.

This leaves us with one alternative. Celebrate a Christ-centered Christmas or find some other season of the year as an excuse for Christmasless celebrations.

## CLUB NEWS

L.S.A. held its joint Christmas program at Peace Lutheran church. Dr. Edfield Odegard gave a history of many of the favorite Christmas carols, then the carols were sung by the group. Several students gave the worship service which consisted of organ music and the Christmas story. A delicious roast beef dinner ended the evening activities.

The next meeting will be at Peace Lutheran church on January 13 at 4:30 p.m.

The Tri Sigma sorority sends forth wishes for a Merry Christmas and a Happy New Year to all faculty and students at Stout. Members of the sorority were part of the large group that serenaded the four dormitories and the community hospital on Thursday, December 13.

Andreae Jost presided at a meeting of the sorority on December 13, as final arrangements were made for a shopping trip to Minneapolis on Saturday, the 15th. Many of the girls had plans for attending "Oklahoma" also. Pat Seibert reported that wedding invitations had been received from two Tri Sigma alumnas. Misses Doris Wandrey and Rosemary Kelly are to be married on December 29.

Alpha Sigma Alpha and Tri Sigma enjoyed a joint Christmas party on the snack bar of Harvey Memorial from seven until nine o'clock on December 12. The party was planned by the pledges of the two sororities and consisted of a program, lunch, and presentation of gifts by Santa Claus!

The Stout state college Newman Club held their annual Christmas buffet and party at the parish hall, Sunday, December 16. After the buffet dinner, the group went to the hospital to sing carols and a visit from two Santas concluded the evening's activities. Gifts were donated to needy children of the area.

Thursday evening, December 12, the Hyperian Sorority held their Christmas party in Harvey Memorial. The stuffed toys that are going to be sent to the Chippewa Colony were wrapped. Gifts were exchanged, Christmas carols sung, and refreshments were served. After the party broke up, the sorority met with the other sororities and the Phi Sigma to go Christmas caroling at the dorms.

Tuesday night, December 11, a required business meeting was held by the Synchronized Swimming group. After the meeting, pictures were taken of the swimmers in action in the pool. Work on the water show is in progress, and the number "Madame de Paris" was thoroughly worked up. Watch for more information on the water show — it will be an excellent display of Stout's stunt and swimming abilities.

All of Stout's sororities were the guests of Phi Sigma Epsilon at a corollary party last Thursday evening, December 12.

After practicing in the small gym, the group proceeded to the hospital. From there they made their way to the four dormitories, where Doug Dorner acted as "master of ceremonies." After singing, the entire group enjoyed refreshments at the Phi Sig house, 915 Fifth Street, which was specially decorated for the occasion.

Congratulations are in order for Skip Lemke and Dave Zakrzewski, both of whom are now engaged. They were both congratulated at the Phi Sig meeting earlier in the evening.

Last Wednesday, December 19, the Phi Sigs got together with the Eau Claire chapter for an informal Christmas party.

## PLANS FOR NEW YEARS EVE ARE ANNOUNCED

Jim Kratzke — "Six of us are having a party and are exchanging presents!"

Lois Becker — "Taking advantage of the mistletoe."

Peggy Handlos — "Warren is going to be home — who knows."

Dennis Darling — "I don't know for sure, but will have a good time!"

Mary Tiedler will be lighting up the Christmas tree.

Deanna Grzybowski plans on having a good time.

Jim Lentz is going to a party.

Dorothy Hartels will enjoy herself at Lake Side.

Gwen Urbahn — "Am going to the Silver Dome."

## GUIDANCE CONFERENCE WILL BE JANUARY 10

The second annual guidance conference will be held at Stout state college on January 10.

The keynote address will be given by Dr. E. G. Williams, Dean of Students, and Professor of psychology, University of Minnesota.

The time schedule for the conference is as follows:  
9:00-9:30 registration  
9:30-10:30 General session with keynote address  
10:45-12:00 Sectional meetings  
1:15-2:30 Sectional meetings  
2:40-3:40 General session, interrogation of keynote and industrial leaders

A new feature this year is the addition of three sectional meetings to be held by three nationally recognized leaders in business and industry.

Other sectional leaders include two psychiatrists, a psychologist, psychiatric social worker, and seventeen highly qualified specialists from elementary, high, and college levels.

## SYMPHONICS PRESENTS FIRST CONCERT OF YEAR

Introducing a different type of music, Dr. Odegard and the Symphonic Singers presented the first concert of the year in the Stout auditorium on Wednesday at 9:30 a.m. A similar concert was presented again on Wednesday evening for Stout students and Menomonee residents.

Perfection and articulation were definite characteristics of the group. The organization shows promise of a successful season with a height being reached that is traditional of previous Stout band and choral groups.

Featured by the band were choral and tone poem pieces and the traditional "Themes from the Nutcracker Suite." The band produced exceptional playing ability in the "Nutcracker March."

Choir numbers were based around a theme of what Christmas brings to each individual. Traditional carols were featured.

"The Closing Doxology" was the final number for the combined choir and band. A contemporary piece written by Norman Lockwood, was presented by vocal and instrumental ensemble groups, performing Christmas carols.

Novelty numbers presented by the band and choir at basketball games, a recital, spring tour, and the annual spring concert will complete the 1957 Symphonic season.

## EVENTS OF THE WEEK

Monday, January 7

Classes resume  
6:00 Dietetic club, library 11  
6:45 Stoutonia, Harvey Hall 22  
6:45 Arts and Crafts, Bowman 25a

Saturday, January 12  
Basketball — Winona, here

## MID TERMERS CLUB IS TERMED A SUCCESS

"Your kind letter made me feel better as far as entering a new and different type of school," was the enthusiastic reply sent to a Mid-terms' club member.

Members of this new club, which was formed to offer assistance to students who will enter Stout in January, have been busily engaged in writing letters and planning introductory activities to Stout's facilities and students.

That these letters have been a success is evident by the replies received. As one future new student said, "Your club is surely welcome to me and the other new people that need someone to back them up those first days. As you probably realize, entering a new environment brings many questions to be answered and small problems to be solved."

So far, the twenty members of the Mid-terms' club have taken the initiative in welcoming these new students to Stout's campus; it is hoped that all Stout students will share in this endeavor.

May your house  
be blessed  
with health,  
prosperity,  
and happiness

## DR. ODEGARD ATTENDS MUSIC FESTIVAL

Participating in the Tenth Anniversary Mid-West National Band clinic has been Dr. Edfield A. Odegard, head of the music department of Stout state college. The event was held in Chicago.

At the clinic Dr. Odegard attended concerts by a number of the nation's leading bands, including the United States Army Field Band and a number of nationally - recognized high school bands.

In addition he was present at a number of specialized clinics devoted to specific band instruments. All band directors present had the opportunity of reviewing the latest musical scores for band and also met with exhibitors to discuss mutual problems.

Coed: "I told Bob I never wanted to see him again."

Mother: "Why?"  
Coed: "I just found out he doesn't plan to get married. He's studying for a bachelor's degree."

We admire the wisdom of those who ask us for advice.

## BLOODMOBILE WILL BE HERE FEBRUARY 7 - 8

The average normal, healthy American is a potential life-saver. He need not be superhumanly strong, an expert swimmer, or exceptionally brave to save a life. The only requirement is that the person have normal healthy blood and that he donate just one pint of his supply to the Red Cross blood bank.

Blood is needed in vast quantities not only for blood transfusions, but also for the blood derivatives, gamma globulin which prevents measles, serum albumin which combats shock, fibrinogen which stops hemorrhage, red cells which treat anemia, and frozen plasma which saves hemophiliacs.

The immense quantity of needed blood is drawn upon from three sources; hospital blood banks, community blood centers, and the Red Cross blood program. Half of the supply is produced by the Red Cross blood program. It is right at the blood center that the donor volunteers his blood which then goes into a bottle, is identified, labeled, and stored. This blood is used to fill hospital orders and for the preparation of the blood derivatives.

During the course of every minute of every day, over eight bottles of blood are used to treat the ill and injured in the United States alone. This adds up to an appalling total of over four million bottles per year. One pint of blood will be no great loss to any donor, and yet just that one pint may be the amount needed to keep another person alive. That one pint of blood will not only retain the happiness of one person but that of many others, his family, relatives, and friends.

Anyone who is between the ages of 21 and 50 and in good health can give blood. Persons between the ages of 18 and 21 may also give blood with their parents permission. The only thing one needs to do before the blood donation is to refrain from eating fat for four hours.

On Thursday and Friday, February 7 and 8, the Red Cross Bloodmobile will be in Menomonie. During the hours 1:30 - 7:30 p.m. Thursday and 9:00 a.m. - 3:00 p.m. Friday in the basement of the Tainter Memorial Library, lies the opportunity for anyone to save a life.

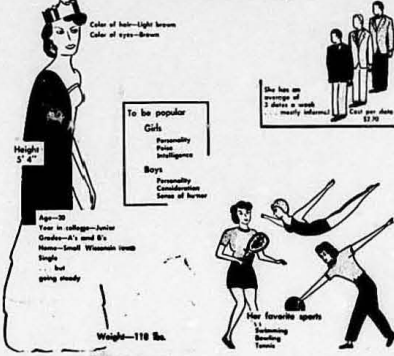

What is a delegate at large?  
A man who goes to the convention without his wife.

Q: "How did you make out in the exams?"  
A: Just like Napoleon. I went down in History.

Tom: "I'd like two tickets to the big game."  
Ticket seller: "We have only two standing room tickets left."  
Tom: "Are they together?"

## Her Honor, Homecoming Queen

... at the Wisconsin State Colleges

Shown above is a sketch of the average Homecoming Queen for all of Wisconsin's State Colleges. The information was gathered from all the Homecoming Queens of 1956.

## STATISTICS FOR HOMECOMING QUEENS FOUND

The homecoming queens at the Wisconsin state colleges and University of Wisconsin - Milwaukee this fall have more things in common than beauty.

The ten campus queens are good students (A and B grades), belong to three or more campus organizations, and pick swimming, bowling, and tennis as their favorite sports. None of the girls are married or engaged, but six are "going steady."

There is a blonde and a red head, but the others are brunettes whose average height is 5'4" and weight is 118 pounds. One queen comes from Hawaii but the others live in Wisconsin, usually on a farm or in a town of less than 5,000. Their average age is 20.

Although the queens have an average of three dates a week they find time to study an average of 15 hours weekly. Half of the girls share the expenses of dates occasionally but the other half let Joe College bear the expense of the evening out. Average cost of a date is \$2.70 but it may range from 25 cents to \$10.

Popularity among men has nothing to do with spending money, bulging biceps, or shiny new convertibles, think the homecoming queens. Good looks are a help, but personality, consideration, and a sense of humor are most important. Girls are popular because of a pleasing personality, poise, and intelligence.

"A girl admires looks in college males at first," says one queen. "But she soon searches for desirable character traits and looks become less important."

All of the queens enjoy dancing but they don't agree on a favorite type. Some like square dancing, some like waltzing, and some like Rock 'n' Roll. About Rock 'n' Roll there is disagreement ranging from, "No!" to, "Good in moderation."

A boy sought a job at a drugstore. The druggist asked:

"Your name?"  
"Alexander Graham Bell."  
"That's a pretty well known name, isn't it?"  
"It ought to be," the boy replied. "I've been delivering groceries in this neighborhood for two years."

## E.P.T. HOLDS INITIATION FOR TWELVE MEN

Eugene Baraboo, Gerald Hleskaek, Eugene Boche, Ivan Isaacson, Allen Johnson, Raymond L. Johnson, Andrew Kurey, Jack Longshore, Leo Nevada, Orville Torgerson, Duane Wicklund, and Carl Zenisek were formally initiated into Theta Chapter of Epsilon Pi Tau, Tuesday, November 20, at a banquet held at Our Saviour's Lutheran Church, which followed the formal initiation at the Stout campus. Members of the initiation team were Maurice Gupit, president of Epsilon Pi Tau; Dean Jarvis, Philip Ruehl, Robert Swanson, Roy Eckes, Maurice Ellis, Joseph Koch, and Roger Wege.

## JOKES

Recently, a college instructor was slightly worried about being able to finish his lecture during the class period, so he asked a bright-looking lad in the front row, "How much time is left?"

The lad, who had been sweating out the course daily, replied, "Only seven more weeks."

"Now that we're engaged, darling, you're going to give me a ring, aren't you?"

"Sure, honey, what's your phone number?"

If he can remember so many jokes, With all the details that mold them. Why can't he recall with equal skill How many times he's told them

Prof.: "And who made the first cotton gin?"

Coed: "Heavens! Are they making it from that, too?"

Def-t-ni-t-i-o-n - Colon: periods going steady.

*Merry Christmas and a happy new year!*

BARBER SHOP**

## ALPHA SIG INITIATES NEW MEMBERS AT PARTY

New members of the Alpha Sigma Alpha and Sigma Sigma Sigma societies entertained their actives at a Christmas party Thursday, December 13. The new members presented an "Elementary School Christmas Program" on Santa Claus (Dick Kasel) brought each of the actives and advisors a gift beautifully wrapped in newspaper, paper bags, and other useful remnants. Many of the gifts held special significance, especially for Teaa Schroeder, Toni Schmitz, Mary Rezek, Pat Webster, Barbara Hartig, Shirley Johnson, Beverly Duerkop, Thea Van Vleet, Polly Scholler, Joan Wonoski, Rita Pauls, and Noel Dahl.

After Santa Claus's visit with his baggage can full of gifts and a delicious lunch, the two sororities joined the Pallas Athenes and Hyperians in serenading the hospital and dormitories with the Phi Sigma Epsilon fraternity. They also enjoyed lunch at the Phi Sig house after the serenading.

The Alpha's serenaded as a group at the dormitories the following Sunday evening to introduce their new members and Thursday evening, December 20, they serenaded at the Dunn County Hospital. The sorority presented the hospital staff with gifts made as a part of a service project. Each and every Alpha girl wishes everyone a Merry Christmas and a Happy New Year.

**MERRY CHRISTMAS and A HAPPY NEW YEAR**

STANDARD SERVICE STATION

## FINANCIAL AID SOLVED FOR ARCADIAN

The problem of financing college is solved for fortunate young people from Arcadia in Trempealeau county, Wisconsin.

The estate of \$75,000 of Annie Courtney, a life-long resident of the town of 2,000, was placed in trust for a loan fund. Graduates of Arcadia high school are eligible to borrow any amount of money from the fund to continue their education in a Wisconsin institution of higher education.

Students are given eight years to repay both the loan and interest at the rate of one per cent a year. A three-member board, including the school superintendent, administers the loans.

In operation for about five years, the loans have gained in popularity, according to W. B. Gautsch, supervising principal of the Arcadia public schools. Some students borrow only once but others borrow each year of their attendance in college.

The average loan is \$300.

"There is no reason why a graduate of this school, who really wants a college education, cannot have one," says Principal Gautsch.

Seven Arcadia high school graduates enrolled in state colleges this fall and one enrolled at the University of Wisconsin. They need have no financial worries because of the Annie Courtney student loan fund.

Student: "I don't believe I deserve an absolute zero in this test, sir."

Teacher: "I don't either, but it's the lowest mark I'm allowed to give."

Setting out on the auto trip at 4 a.m. enables you to minimize most traffic hazards, except being hit by the other fellow who started so early he fell asleep at the wheel.

A Kansas state college freshman wanted to quit smoking. A doctor hypnotized him at a student assembly. The hypnotist told him he would be able to quit smoking because cigarettes would now taste like burnt rubber. The student was then released from the spell. "I still have the habit," he has since remarked—but that burnt rubber flavor annoys him!

Wife: "Don't you think, dear, that a man has more sense after he is married."

Husband: "Yes, but it's too late then."

"Defendant, the jury finds you guilty," said the judge.

"But, judge, you're too intelligent a man to be influenced by what that bunch says," returned the prisoner.

Pictured above is Beth Tomaszewski, freshman, member of the Stout Radio Club. Beth is shown receiving code at a recent Radio Club meeting.

## FRESHMAN COED IS ENVY OF CLASSMATES; CHATS WITH PARENTS DURING FREE TIME

How would you like to be able to talk with your family at home every night while you are at Stout? This feat is the ambition of Stout coed Beth Tomaszewski.

Beth is eighteen years old and is a resident of Tainter Hall. Her father is an amateur radio operator in Three Lakes, Wisconsin. With all of this equipment at home, Beth decided to take advantage of the radio club on campus.

Radio club meets every Monday night. The members practice the code they have to learn to be an amateur radio operator. When the Radio club members are able to handle 13 words a minute in code, plus a few other details, they are eligible for a novice license. When 25 words a minute in code are mastered, a general license is attained. This is the goal Beth hopes to reach by next fall.

Perhaps this is a club that more students should look in to. Several women in the United States are learning radio for Civil Defense.

The Stout radio club welcomes members at any time during the year—this includes women students also. Eventually when Beth talks to her parents from her room, it will be an incentive for more students to join Radio club.

And what about Beth's future plans? While teaching after graduation, she will still be able to contact her parents for an evening chat.

## JOKES

The two men were weaving their way homeward after a late and liquid stag party.

"Gosh," said one, "my wife'll hit 'he ceiling when I get home. Will you?"

"Yep," hiccupped the other. "She's a terrible shot."

Chemistry Prof: "Jones, what is KCN?"

Jones: "Let's see. I've got it right on the tip of my tongue."

Prof: "Then you'd better spit it out—because it's potassium cyanide."

To all our friends and patrons . . .

We thank you for your confidence and friendship. May we serve you during the coming year as we have in the past.

## ELIOT TO TALK AT JANUARY 9 CONVOCATION

George Fielding Eliot, the nationally known analyst of current affairs, will speak at Stout state college on January 9, at 9:30 a.m. A noted authority on our military and foreign policy, this expert will speak on world affairs. His clarity of expression and real understanding of the basic issues involved, enable him to present a sound analysis of the critical issues now before us.

The speaker was the first American correspondent to predict the triumph of Israel over the Arab invaders and the first to perceive that the fall of Beria meant a rise of the Marshalls of the Red Army to a place of power in the Kremlin's Councils.

His wide knowledge of the men who direct the policies of the United States and her allies provides the background against which Eliot measures and analyzes day to day occurrences. He draws upon an encyclopedia knowledge of military and diplomatic history as a guide in his judgment of current events.

Eliot has written many books: "The Ramparts We Watch," "Bombs Bursting in Air," and "If Russia Strikes" as well as many articles on international and military problems for Colliers, Look, Life, Nation's Business, The American Legion magazine, and many others. His first serious novel—Caleb Pettengill, U.S.N.—has as its background the Union navy in the Civil war.

## NEWS OF OUR ALUMNI

Doris W. Keup, B.S. 1944, is residing at 101 E. Kimball St., Appleton, Wisconsin. At the present time she is homemaking coordinator of the Appleton school of vocational and adult education. She has also been an officer of the Altrusa Club for the last two years.

Mary Finney Iverson, B.S. 1936, is teaching adult clothing in Wawatosa adult evening school twice a week. Her husband is the academic supervisor at West Allis vocational and adult school. Last Christmas the family took a trip to Orlando, Florida, to visit Mary's parents. Mary belongs to the Milwaukee alumni chapter of Phi U.

Belinda Hendrickson Lund, B.S. 1933, is teaching part time for adult classes at Green Bay and Kaukauna, Wisconsin. The courses she is teaching include: advanced clothing, tailoring, and pattern analysis.

Helen Diamon Wicher, B.S. 1925, taught foods in the teacher training department of the U. of Minnesota for three years, while at the same time working on her master's degree, after graduating from Stout. She then entered the commercial field, "Foods in Business," and was with the Milwaukee and Chicago Gas companies until 1934 when she organized and headed a home service department for the Minneapolis Gas company. She then did free lancing for commercial firms and later helped the Red Cross with nutrition programs. Since 1947 Helen has been a homemaker, active in AAUW, the Episcopal Church, civic affairs, and the Republican party. She is putting her home economics training into practice by sewing, interior decorating, and home planning for their very large home.

At the present time she and her husband are awaiting the arrival of a "refugee" from Germany, who is a Russian expellee since 1943, and has been in refugee camps since then. It is their job to find her a permanent home, a job and see that she learns English and becomes a citizen.

In the spring of '55 she took the tour to Puerto Rico headed by Dr. Alice Kirk and Mrs. Alyce Vanek. Last November she and her husband spent some time in New England.

Otto P. Baker, B.S. 1933, is presently employed as a training specialist for the Navy department at Great Lakes, Illinois. His duties consist of organization, administration, and supervision of a program of instructor training at the service school command. He and his wife have made several trips in the past four years to Cheyenne, Wyoming, and to Denver and Colorado Springs, Colorado. Otto is vice president of the national federation of federal employees bowling league in Waukegan, Illinois.

Russell C. Tews, B.S. 1950, was married on August 2, 1952, to Helen Wbley. He is now teaching wood-working classes at Washington high school. Helen teaches at Whitefish Bay high school.

George Bowers, B.S. 1947, is employed as abrasive engineer for the Carborundum company. He has taken several business trips to Niagara Falls and Chicago.

Amond R. Ballinger, B.S. 1952, received a permanent appointment as inspector of electrical equipment in June, 1955, corps of engineers, Chicago district. Last summer he spent his vacation in Detroit, Michigan.

## CHRISTMAS NOTES

The home economics club council held their regular meeting December 10, in Harvey Hall for the purpose of voting for a national officer and a state secretary - treasurer. Barbara Hartig was chosen to represent Stout state college as the candidate for a national officer, and Alice Yamamoto was selected as the candidate for state secretary - treasurer.

Other business included discussion on the annula home economics club Christmas tea and cookie sale which will be held December 19 in Harvey Hall. Committees are hard at work on these two activities and reports on their progress were presented at the council meeting by the chairman of the tea, Tea Schroeder, and the chairman of the cookie sale, Gloria Walstad.

This year the members of the home economics club decided to help needy people. The treasurer, Helen Froehlich, stated that a CARE package of \$10.00 was sent to the CARE Food Crusade, New York. The next council meeting was scheduled for after Christmas vacation.

Singing of Christmas carols, followed by lunch, served at the home management house highlighted the Phi U Christmas party held Monday evening.

Carols were sung at the homes of President and Mrs. Verne C. Frylund, Miss Mary McCalmont, Miss Ellen Nelson, and at the Dunn County hospital.

Following the singing, Phi U alumni members served chili and Christmas cookies to the girls.

Advisors present included Dean Alice Kirk, Mrs. J. E. Ray, Mrs. Richard Dale, and Miss Hazel Nelson. Other faculty members attending were Mrs. Benita Smith, Miss Gladys Trullinger, and Mrs. Maurice Gupitill.

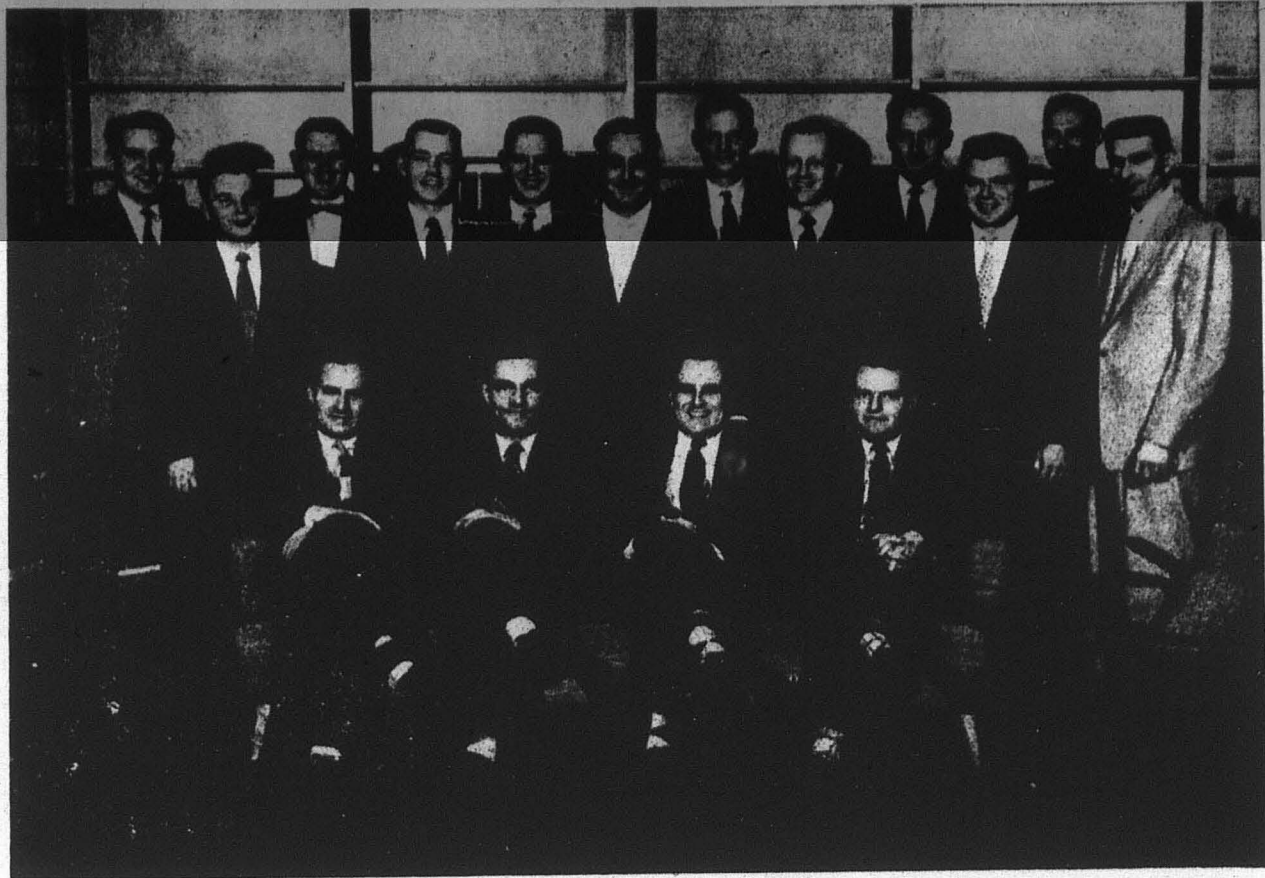

During the meeting which preceded the party, plans were discussed to send clothing to needy people. Last year, boxes were sent to St. Ann's Indian mission in South Dakota. Locations for this year will be considered. Phi U members were asked to bring discarded clothing back with them after Christmas vacation.

A final report was given on the stuffed toys sent to the Children's home at Superior.

Miss Edna Gaffron described her trip to Europe and showed pictures and menus from her tour to members of Dietetic club on Monday evening, December 10, at 7 p.m. in Bertha Tainter hall.

Following the talk, Santa Claus, better known as Rita Pauls, took orders for Christmas presents and distributed gifts, which the girls brought, to members of the club and to Miss Killian, advisor.

A lunch of fruit cake, sherbet, cookies, and coffee completed the Christmas party.

Initiates of Epsilon Pi Tau are shown above after they were formally received into membership, November 20. E.P.T. is the campus national honorary fraternity.

## CLUB NEWS

Pallas Athene sorority held a successful annual Christmas sale Monday, Tuesday, and Wednesday of last week. Featured at the sale were boutique bags, made by sorority members.

Two sorority alumna members will be married during the holiday season. They are Doris Hutchinson and Marian Jankila.

Holiday greetings are extended to all students and faculty by Pallas Athene sorority.

Gamma Delta held their Christmas party on December 16 at the home of Jean Schnecke. A buffet supper was served after which Christmas gifts were exchanged. The members then sang Christmas carols around the piano. A fruit basket was delivered to an invalid in the congregation.

The next meeting will be held on January 13.

Guaranteed Results: Happy well-taught children.

## W.R.A. BASKETBALL TOURNAMENT ENDS

The W.R.A. basketball tournament was brought to a close Monday night, December 17 when the Maples and the Hemlocks battled for first place.

After four quarters of expert playing and much excitement, Yvonne Swenson's team, the Maples, defeated the Hemlocks. As a reward for their victory, the Maples will represent W.R.A. in the all school basketball tournament after Christmas.

The large Christmas tree on first floor of the gymnasium building will be donated by W.R.A. to the Catholic church. It is the tradition of the club to donate the tree each year to a Menomonic church. The tree was decorated by Janet Olson, Carol Birch, Carmen Krings, Barb Bender, and Jan Jenquin.

## SKI CLUB ENJOYS MEETING AT TALMARK

Members of the Stout state Ski club have enjoyed two Sundays of skiing at Talmark. With the advent of more snow, the group will plan a trip to Deepwood, a nearby area.

If you wish to join the ski club, attend the next meeting.

## RIFLE CLUB MATCH WITH NATIONAL GUARD

The Rifle club was host to National Guard Company "A" rifle team on Wednesday night, December 12. The three position shoulder to shoulder rifle match was shot in the upper gym in Bowman hall.

The Stout team won the five man team match by 180 points over the National guards by a score of 1288 to 1108. Members of the winning team are Voelz, 268; B. McNaughton, 265; Schmall, 263; Hermann, 248; and Beaudry, 244. This is the first rifle match the Stout team has won this season out of the two shoulder to shoulder matches shot.

## CHRISTMAS HOLIDAYS IN MALAYA ARE TIME FOR GREAT REJOYICING AND GIVING TO CHILDREN

Malaya is a land of many races and creeds, hence the Christians there are just a minority when compared to the other existing religions in the country. All the same, the whole country has the 25th and 26th of December as public holidays.

Christmas is looked forward to as a day of great rejoicing, as well as the time for giving, especially to the poor and needy. At least a month before Christmas, various organizations, school children and the public contribute to the "Christmas Toy Fund." People all over the country, including non-Christians, send their donation to this fund; it can either be in cash or in kind. The proceeds are used to buy gifts for the disabled children in various hospitals and children's homes, as well as providing them with a Christmas dinner and entertainment. The older disabled people in aged homes and hospitals are not forgotten. The people in the Leper settlement too are provided with everything needed to make it a happy and memorable day.

About a week before Christmas, everyone is very busy. All Christian homes are given a thorough cleaning and washing. Various kinds of cakes are made out of rice flour. A lot of them are made because according to Malayan custom, some of them are sent to the neighbors, and enough must be left to serve friends and relatives who visit.

Every member in the family gets a new outfit of clothes and shoes. The parents usually get these for their children, and if there are earning members in the family they would help with the expenses too. The house also gets new curtains and other furnishings. The sitting room and verandah are decorated with colored crepe paper, balloons and flowers. In one corner of the room there is the Christmas tree all lit up with bulbs, tinsel and toys. There aren't any real pine trees, but there are some other trees that resemble them so those branches are for decorations. The toys on the tree are all given away to the little children who visit with their parents.

All during the week there are many

activities to attend to, such as going to Christmas plays, pageants, parties and distributing gifts to the poor, sick and aged. The shops are well decorated and they stay open from 6 a.m. until midnight daily.

On the 23rd and 24th evenings, different church groups go carolling. They travel in buses and cars that are decorated with lanterns, crepe paper and balloons and visit all the members of the church. Usually about 60-70 houses are covered in one night. In a group there usually would be about 30-50 members. When they come to a home they would get down and go into the house and sing a few carols, then take part of the cakes and soft drinks that are served to them. When they get ready to go they sing again and greet the host and hostess with a "Merry Christmas and a Happy New Year." One person in the group will have a box with a slit and the people in the home usually put in a small sum of money. This goes to pay for the bus and the rest is used for some worthy cause connected with the church. The carolers usually wear fancy dress and there is always one who is dressed as "Father Christmas" and he has strapped over his shoulder a big sack which contains tiny little wax toys, and in homes where there are little children he gives them a few.

Most of our new Christian neighbors enjoy listening to the carolers and so often they stay awake until the carolers have visited. On these two nights we don't sleep very much, for we wait for the carol parties. Also, if your home is close to the main road you are kept awake by the various groups who sing as they pass along in their buses. Usually we have at least three groups that visit our home and we find that it gives us great pleasure and thrill when they come. On the 23rd and 24th nights we also have carols from the air. Airplanes circle round the town playing the various Christmas records. This is very exciting. People just run out of their homes to see and listen. The planes look beautiful

## CHRISTMAS DANCE FEATURE NEW CHORUS

Holiday gaiety was at its peak last Friday evening as Stout students whirled about the dance floor at the annual all-school Christmas Dance, sponsored by the Stout Student Association. Beautifully portrayed wall murals, done by the sophomore class, accented the theme, "Sleigh Ride." Junior class members served the festive cranberry punch.

Intermission was highlighted by a male chorus composed of twenty-five vocally-gifted fraternity men from the five frats on campus. George Soderberg, whose band played for the dance, directed the singers. Soloists for the group were Richard Vogtsberger and Larry Ellefson.

On behalf of the senior class, president Ken Wittig climaxed the intermission program by presenting gift awards to the two most deserving students in each of the classes who had done outstanding work for their class and the school, but had never been properly recognized. Surprised, happy recipients were freshmen, Audrey Elmer and Dave Rudebeck; sophomores, Ardelle Dregne and Bob Gussel; juniors, Mary Ann Spangler and John Blythe; and seniors, Rita Pauls and Harlan Giese.

ful because they have colored lights on them.

On Christmas day members in the family do not go out visiting. We stay at home because most of our now Christian friends would call on us. We entertain them by serving them with cakes and soft drinks, or tea. We do our visiting only after New Year's Day.

It is a custom among us to give those who work for us (the cook, or helper, the dhoby, the barber, the gardener, and the scavenger) a suit of new clothes, or material, or some money and a package of the various cakes we have made. This is done because these people are poor, they make a living through us, and without them we would be at a loss.

It is not a custom to exchange gifts or give gifts to members in the family. The parents, as mentioned earlier, give to their children, and if older children are working, then they might get something as gifts for the younger ones, their parents or even for their close friends or relatives.

Every December 24th and 25th night Radio Malaya has a program called "A Dollar for Disc." In this the public can ring up the radio station and request for any song they want played and for that they give generously anywhere between a dollar and five hundred for one record played. This money is used to help the TB patients as well as children in orphanages. Just listening to the program is great fun. The announcer is a very witty person and they arrange things in such a way that radio listeners can hear the conversation between him and the request maker, as well as the record being played. The program is from 8 p.m. until 3 a.m. and they always exceed the amount they had set to collect.

Another one of the programs that everyone looks forward to on Christmas

Jim Jonen, president of the junior class, is shown above with his date Barb Harms, and Liz Butler and Bill Erpenbach. Many students were present at the Christmas dance last Friday.

## CHRISTMAS JOKE

Three small boys were dragging a large, awkward sack through the toy department of a department store. On their way toward the elevator they caused so much confusion that a floor-walker approached them, and in his best tut-tut voice said, "Now, boys, if you keep on being troublesome, Santa Claus won't come to your house."

The youngsters stopped lugging their burden just long enough to catch their breath, and the youngest one piped up, "Oh, yes he will. Who do you think we have here in this sack?"

mas day is the Queen's message to the people of the British Empire. We get this at 10 p.m. in Malaya and are very thrilled to hear her voice and her greetings.

Here's wishing all of you a very Merry Christmas and a Happy New Year from a Malayan.

by Anna Gurusamy

## PALMOLIVE BUILDING SENDS FORTH MESSAGE

Far above Chicago's glittering Michigan Avenue, the famous Palmolive Building Christmas Star sends forth its message of faith and good will to men again this Christmas Eve. This magnificent star, the world's largest, is made up of 101 lighted windows on the south side of the Palmolive Building and is 14 stories from tip to tip, extending 168 feet.

Lighted each year in connection with the Christmas ceremonies of the Greater North Michigan Avenue Association, the Palmolive Building Star has become a traditional symbol to Chicagoans and visitors. This type of Christmas display was originated in 1930 by Carl E. Olin, manager of the Palmolive Building, and has become an expected annual event throughout Chicago.

# Printers Hold Open House

## STOUT COLLEGE MOTION PICTURE PRINTS ARRIVE

Delivery has been made of four prints of the latest Stout state college motion picture, "Industrial Education in Your Future." The prints have been received by the audio-visual center of the college and are now ready for distribution to any interested groups, according to Dr. David P. Barnard, director of the center.

Available to civic clubs, alumni organizations, high school guidance meetings and similar groups, "Industrial Education in Your Future" is a 21 minute, 16 mm film sound and full color. The movie is designed primarily as a guidance film, describing the elements contained in a college education designed for a student of industrial education or industrial technology. The classrooms, shops and campus of Stout state college were chosen as the settings.

One sequence traces a project from design to completion in the woodworking shop. Other scenes depict such educational techniques at Stout as the construction of actual homes, repair of automobiles and similar activities. Attention is also given the role of the library, science laboratories and general education courses in a total college education.

Not forgotten are such college extra-curricular activities as golfing, skiing, football and tennis. Stress is also placed upon training for leadership in both professional and everyday living.

The color movie, valued at \$21,000 if made commercially, required a year and a half to complete. Directed by Dr. Barnard, the film was produced by students in several of Stout's classes in "Production of Audio-Visual Materials" for a cost of only \$1,000.

In addition to the technical advice provided by Dr. Barnard, the student production crews were assisted in composition of titles by Lloyd Whydolski, chairman of the graphic arts department, and Raymond L. Cornwell, also of that department. The narration was created by Raymond Johnson, graduate student, and Dr. Thomas Fleming, of the Stout English department.

With four prints of "Industrial Education in Your Future" now ready for release, reservations are being accepted for dates of showing. Interested persons can contact the Audio-Visual center, Stout state college, Menomonie, Wisconsin.

## NOTICE

Polio shots will be given the students on January 15, 17, 22 and 24 in the Stout health office between 9:45 a.m. and 10:45 a.m.

Only students who have signed for the shots will be given them. The students will be notified when to appear. Each person should return to class after he has received the shot. One hundred students will be processed each day on the above dates.

—Verne C. Fryklund

## WEATHER BIRD

With an adamant statement that he wasn't planning on turning chicken and heading south, the bird shook an icicle from his beak this morning and delivered his usual oratorical wonder.

"Increasing cloudiness, snow and continued cold are ahead for the week end.

"Slightly warmer temperatures are possible on Sunday."

**MEETING HELD  
FOR GUIDANCE  
PERSONNEL**

More than 400 guidance experts, educators, psychologists and medical specialists from four states participated in the sixth annual guidance conference of Stout state college here. The day-long meeting took place on the campus yesterday, January 10.

Cooperating in the endeavor were the Wisconsin State Department of Public Instruction and the Wisconsin State Board of Vocational and Adult Education. General chairman of the conference was Dr. Ralph G. Iverson, director of student personnel services at Stout.

Following a welcome and introduction by Dr. Verne C. Fryklund, president of Stout, the keynote address, "The Guidance Necessary in a Democracy" was given to the general session by Dr. E. G. Williamson, dean of students and professor of psychology at the University of Minnesota. The conference then divided into sectional meetings.

A. E. Stafford, manager of the technical service group for Minneapolis Honeywell Regulator, described "The Job Picture as Industry Sees It." Duane R. Ahlf, superintendent of schools at Glenwood City, presided.

"Problems and Techniques in Selecting Personnel for Business and Industry" was discussed by P. E. Taylor, personnel director for Smith Welding Corp., Minneapolis. Warner F. Berry, Loyola principal, was the moderator.

Discussing the case study of an elementary school pupil analyzed, diagnosed and treated at the Eau Claire County Guidance Clinic were Edward R. Brousseau, M.D.; Walter R. Conner, social worker; and Audrey Schmitz, psychologist. Melvin S. Chada, district supervisor of the Wisconsin Rehabilitation Division, presided.

With W. L. Enge, director of the Eau Claire vocational and adult school as moderator, Frank C. Beck and Cecil W. Beede of the staff of that school reported on "An Educational Interest Survey of 1956 High School Graduates in 25 Schools."

"Practical Applications of Testing in the Guidance Program" was the topic of Robert Cleary, of Educational Testing Services. Dr. E. R. Otting, chairman of Stout's department of psychology and education, was in

President Fryklund is shown signing the proclamation for printing education week. Mr. Whydolski, right, and Robert Treise are observing the procedure.

## Proclamation... to the Faculty and students of STOUT

WHEREAS, printing is such an exceedingly important function in the educational, social and industrial life of our nation; and

WHEREAS, the production by printing of wholesome and entertaining literature is so essential to the mental and spiritual well-being of our people;

now therefore, I, VERNE C. FRYKLUND, president of stout state college, do hereby proclaim the week of January 13 to 19, 1957, as

## printing education week

in testimony whereof, I have hereunto set my hand and caused to be affixed the Seal of Stout State College on this 7th day of January, 1957.

Verne C. Fryklund  
President, Stout State College

## BRITISH SUMMER SCHOOLS OPEN TO AMERICANS

Summer study at British universities is open to American students in 1957, according to an announcement made today by Kenneth Holland, president of the Institute of International Education, 1 East 67 street, New York City.

Six-week courses will be offered at Oxford, at Stratford-on-Avon and at the capital cities of London and Edinburgh.

A limited number of scholarships will be available to American students. Two full scholarships are reserved for graduate students. Award and admission application forms may be secured from the Institute of International Education in New York City or from its regional offices in Chicago, Denver, Houston, San Francisco, and Washington.

Closing date for scholarship applications is March 1, 1957, and for regular applications, March 30, 1957.

British universities have combined annually since 1948 to organize special program of summer schools. Courses are planned to serve the needs of post-graduate students, but highly qualified undergraduates in their junior or senior years will be accepted. Many

## FELLOWSHIP AVAILABLE FOR SPECIAL TRAINING

Twenty fellowships for specialized training in working with cerebral palsied and other severely handicapped persons are available. Kenneth L. Snee, Madison, executive director of the Wisconsin Easter Seal society announces.

With a deadline of March 15, 1957, set for receipt of applications, Mr. Snee urged qualified counselors and placement workers in public and private agencies interested in vocational problems of the crippled to apply immediately for fellowships for the four weeks' training course. The training will be held June 17 to July 12 at the Institute of Physical Medicine and Rehabilitation of the New York University-Bellevue Medical Center.

These fellowships will amount to \$300 each covering tuition and a moderate amount of living expenses. Six points of academic credit at the graduate level will be given to those who successfully complete the course.

Selection of persons to receive these fellowships will be made on the basis of an evaluation of candidates with the highest qualifications who are working for schools, agencies, business or industry who are able to make a contribution toward effective counseling and placement for the handicapped.

## FREE CURRENCY FEATURED FOR SHOP VISITORS

A crisp new five dollar bill will be given free to every person that attends Stout's printing shop open house, Wednesday afternoon, January 16.

Nothing to buy, these bills will be given to every person free of charge.

This bill is a reproduction of the continental currency found in the United Colonies in the late 18th century.

Permission to reprint this obsolete bill was finally granted after corresponding with various government agencies.

After much searching, an actual bill was located. This bill will be on display Wednesday, courtesy of the Mable Tainter Public Library. A copy of this bill was drawn by Ronald Huebner.

Because strict laws govern the printing of U. S. currency, Mr. Whydolski wrote to the F.B.I. for the laws and regulations that concern the reproduction of old money. Incomplete information was returned, so next a letter was sent to the U.S. Treasury Department. The Chief of Secret Service, V. E. Baughman, replied by sending the necessary information.

The last strip of red tape was cleared when a printing plate of the bill was made and a proof was sent to the Treasury Department for their approval.

Because printing of this type of currency constituted no violence, the final "OK" was given.

Although the monetary value of this bill is not great, it has an interesting story behind it.

The printing shop invites you to come tour the shop and receive a free five dollar bill—which they made especially for you.

## STS AND PRESS PLANNING OPEN HOUSE AT SHOP

The Stout Typographical Society and the Stout College Press are holding open house at the college print shop, Wednesday, January 16, from 2 p.m. to 5:30 p.m. The print shop is located in Bowman Hall, and all students, faculty, and friends are cordially invited to stop in to have a look at the shop and equipment at this time.

Beginning at 2 p.m. Wednesday refreshments will be served, and guided tours through the shop will begin. Besides observing the shop and various displays, the visitors will be given various souvenirs, some of them being personalized booklets, a piece of type approximately one-sixth of an inch square containing the Lord's Prayer, and a wallet containing confederate money.

The club is holding the open house so that the public will be able to see what is being done in the Stout print shop and to celebrate Printing Education Week.

Every man should keep a fair sized cemetery in which to bury the faults of his friends.

## LOST AND FOUND ITEMS IN PRESIDENT'S OFFICE

Why! Why! Why do people lose their rings, glasses, locks, or wearing apparel? This question has been answered in many ways in the past. But even more mysterious than this is, why don't they want their belongings back?

As all Stout students should know (but it seems many do not), there is a lost and found department located in the president's office. All articles are brought here when found. You will find glasses, neckties, towels, locks, rings, scarves, aprons, gloves, coats, architects scales, and even a psychology notebook there. They are just waiting to get back to their owner.

If you have lost any of these articles, stop in and claim yours. The girls will be relieved to get your belongings back to you.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member

Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days.

Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper: it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practice. SCHULTZ BROS. CO.  
MENOMONIE • WISCONSIN

## FROM THE EDITOR'S DESK

Look at the life around you. As soon as you get up in the morning, printing begins to play an important part in your life. The breakfast you eat comes largely in packages which are printed, creased, stamped and folded on printing presses. The newspaper which you read is a product of printing. The streetcar or bus in which you ride to work is run according to a printed schedule.

Your entire business day is concerned with printing of one type or another—forms, bills of sale, leases, bank deposits or withdrawals, cartons, labels, receipts, inventory forms, laws, and money—all are printed.

When you get home at night, all books your children study, the magazine your wife reads, or the recipe she uses in preparing dinner, the news broadcasters you hear on the radio, tickets to a movie or your hymn book at church—all are products of printing.

America could not have won liberty, nor maintained it without the use of printing. It was John Peter Zenger who in 1735 established freedom of speech and freedom of press through his printed "Weekly Journal."

It was the half-million copies of Thomas Paine's pamphlet "Common Sense" that sold the Declaration of Independence to the American people. From those early days to this our own day, our leaders have relied upon printing to win a majority of the people for liberty and right.

America's democracy, education and progress can endure only so long as the printing presses keep rolling. The roar of giant presses is the sound of progress and printer's ink is the life-blood of democracy. To keep them rolling is the responsibility of us all.

During the past few weeks, much interest has been aroused by the breakdown of the elevator. The major repairs required and the resulting discontinuation of service have caused students to make many comments.

Some students are provoked because they are walking four flights of stairs with the small number of guilty students and had nothing at all to do with the breakdown. Some students have some type of physical handicap and are incurring difficulties in reaching third and fourth floor classes. All of the students with classes in the building are using more time and energy in getting to classrooms.

One of the students suggested solving the problem by having student operators work for several hours each day or week. These people could be paid a minimum wage for their services. Only a few people would be running the elevator so the danger of another breakdown would almost be eliminated.

Whatever is done about this problem, it's important for all students to remember that the elevator is used by many and a great disservice is done by any who deliberately cause a breakdown. The elevator is provided as a service to the student body and each student has the obligation of treating it as such.

Editor's Note: Any student who is in need of the elevator because of a physical condition can obtain use of that service by applying at the president's office.

## CLUB NEWS

Formal initiation of Chi Lambda was held at 6:00 p.m., Thursday, December 20, at the Harbor Inn. New members include Eugene Gehl, Louis (Bruce) Pence, Bruce Rabe, William Tiefenthaler, Eugene Kirscht, and William Simmons.

Guests present for the occasion were Dean Price and Dr. Nitz, fraternity advisor. Following the dinner, a 15 minute skit was given by the candidates. The fraternity then proceeded to the Stout-River Falls basketball game.

An International Relations Club meeting was held on Wednesday in the audio-visual room of the library at 8:00 p.m.

Discussion was held. Plans were made for presentation of the club constitution at the next meeting. A short talk on Paraguay will also be presented at the next meeting that will be held on Wednesday, January 23, 8:00 p.m., audio-visual room of the library. All students are invited to attend.

## SUMMER SCHOOL . . .

American universities allow credit for attendance at these sessions to both graduate and undergraduate students.

Courses to be offered next summer are Shakespeare and Elizabethan drama, the University of Birmingham course given at Stratford; Literature and Art in Georgian England, 1740-1830, at the University of London; Literature, Politics and the Arts in 17th Century England, at Oxford University; the European Inheritance given by the Scottish universities at the University of Edinburgh; and English Law and Jurisprudence at the University of London. The last course is open only to students enrolled in accredited law schools and law graduates.

Each of the schools provides a variety of excursions to places of interest in its area and often arranges visits which are not open to the general public.

These courses are not designed primarily for undergraduates. In previous years, graduate students, teachers and mature people working in a variety of professional fields have attended the schools with profit.

## YOUR FATHER MAY FALL IN THESE RANKS

Fathers of college students are most often farmers, factory workers, small businessmen, salesmen, and mechanics, according to a study just completed of 3,949 freshmen by the Board of Regents of State Colleges.

More than half of the fathers are found in the five leading occupations. Farmers outnumber all other fathers 907 to the nearest 516 fathers who work in factories.

Professional fathers are scarce among the college freshmen. Mechanics (143) are more numerous than the total of engineers, clergymen, dentists, physicians, attorneys, and journalists—total 122. Seventy fathers are teachers.

The freshmen themselves seem determined not to follow in their fathers' occupational footsteps. Although only 70 fathers are teachers, 1,863 sons and daughters prefer teaching, as their future occupation. Other most popular occupations picked by the freshmen are engineering (365), business (190), forestry (176), medicine (120), nursing (62), and accounting (57). There are 222 freshmen who have picked no occupation.

Forty-nine per cent of the freshmen come from homes on farms or in towns of less than 2,500 population. Another 19 per cent live in cities of less than 10,000 population. Only seven per cent live in large cities of more than 50,000.

Only at the college at Oshkosh do more than half the freshmen come from cities larger than 10,000 (53 per cent). At River Falls 76 per cent of the freshmen live on farms or in small towns of less than 2,500.

Average age of the freshmen is 18, nearing 19. They have an average of three brothers and sisters and 40 per cent get no financial assistance from home.

We hear more and more reports of people getting hit with golf balls. They shouldn't thrust themselves into the foreground.

She missed the turn,  
The car was whizzin'.  
The fault was her'n  
The funeral his'n.

## STUDENTS HEAR GEORGE FIELDING ELLIOTT

George Fielding Elliott was the speaker at convocation on January 9. He spoke on world affairs, with "How Is Your Home Defended?" as his specific title.

Mr. Elliott presented his ideas on United States' relationships with other countries and what may or may not happen in the future. His ideas were good, and should have given the students something to think about.

His topic was one which should interest all students, and everyone who heard it found it to be so.

St. Catherine's college and University visited by the methods class of study high school were the two schools sent teaching for a field trip on Wednesday.

The purpose of the trip was to observe home economics classes in other school systems and to observe methods of class presentation. Classes in all areas of education were observed at the University high school.

Is there anybody who hasn't heard the famous story that begins, "Well, after I'd gone to three doctors . . . ?"

Arguing with a fool shows that there are two.

Joe: "How would you classify a telephone girl? Is hers a business or a profession?"  
Sam: "Neither. It's calling."

Mrs. Jones: "How long was your last cook with you?"

Mrs. Smith: "She was never with us. She was against us from the start."

"I have a new jacket. It's made of wood."

"Oh, go on. There is no such thing."  
"There is too. It's a lumber jacket."

With some folks, work that wasn't done yesterday is on the schedule for today and likely will be put off until tomorrow.

"It's going to be real battle of wits," said a sophomore as he started for his class in logic.

"How brave of you," replied his roommate, "to go unarmed."

Lots of elderly women still are sentimental about dolls, says a manufacturer. Not to mention elderly men.

## SALARIES JUMP FOR BEGINNING TEACHERS, 1956

Salaries paid to beginning teachers have risen sharply again this year. The Wisconsin State Colleges report that last year's graduates are receiving an average salary of \$3,577.

For men the average beginning salary is \$3,810 compared to \$3,568 a year ago. Women teachers are being paid an average of \$3,421 for their first year of teaching compared to \$3,292 last year.

Lowest teaching salaries are paid to most school teachers, \$2,844 this year. Elementary teachers receive an average of \$3,615, secondary teachers, \$3,712, and special teachers in home economics, agriculture, business education, industrial arts, and physical education receive a top average salary of \$3,813.

Placement of new teachers by the colleges was more than 99 per cent successful. Of the available graduates, 956 found jobs and only 11 did not. There were more than enough teaching jobs but the 11 unsuccessful candidates found no community to their liking, or rejected a position for personal reasons.

In the past five years beginning salaries have risen \$576 for women and \$728 for men, the college placement records show. High school seniors who are considering teaching will be placed at salaries of \$4,000 for women and \$4,500 for men after college graduation if the trend of higher beginning salaries continues.

State college placement officials agree that salaries will continue to rise as Wisconsin schools bid for the services of qualified young teaching graduates.

## GUIDANCE . . .

charge of the section, offered both in the morning and afternoon.

Two topics featured one sectional over which M. M. Price, Stout's dean of men, presided. An evaluation of college day procedures was provided by Michael Verich, curriculum coordinator of the Superior public schools. Karl H. Nordgaard, admissions counselor of Luther College, described "The Iowa System of Scheduling College Days on a State-Wide Basis."

"Home Room Practices at Menomonie High School" was evaluated by a panel consisting of William Terrill, principal, and two student council members, Sally Weiss and Michael Brown. George R. Glasrud, Mosinee superintendent, described alternatives to the home room plan. Heading the sectional was Arthur Olson, principal of Hammond high school.

Available at both morning and afternoon sessions was a "Workshop on Audio-Visual Aids Available for Guidance Workers." Dr. David P. Barnard, director of Stout's audio-visual center, conducted the workshop.

Following the luncheon in Stout's new cafeteria, the sectional meetings resumed. "What About Your Guidance

## CLUES TO SUCCESS

The following article appeared in the Tennessee Tech Oracle.

Ten ways to get through college without even trying.

1. Bring the professor newspaper clippings dealing with his subject. If you don't find clippings dealing with this subject, bring in clippings at random. He thinks everything deals with his subject.

2. Look alert. Take notes eagerly. If you look at your watch, don't stare at it unbelievably and shake it.

3. Nod frequently and murmur, "How true." To you, this seems exaggerated. To him, it's quite objective.

4. Sit in front, near him. (applies only if you intend to stay awake.)

5. Laugh at his jokes. You can tell if he looks up from his notes and smiles expectantly he has told a joke.

6. Ask for outside reading. You don't have to read it. Just ask for it.

7. If you must sleep, arrange to be called at the end of the hour. It creates an unfavorable impression if the rest of the class has left and you sit alone, dozing.

8. Be sure the book you read during the lecture looks like the book from the course. If you do English in psychology and psychology in English class, match the books for size and color.

9. Ask questions you think he can answer. Conversely, avoid announcing that you think you have found the answer to a question he couldn't answer, and in your younger brother's second reader at that.

10. Call attention to his writing. This produces an exquisitely pleasant experience connected with you. If you know he has written a book or an article, ask in class if he wrote it.

These suggestions, incidentally, were put down by a professor.

Program?" was the question asked by Fred A. Miller, educational director of the mid-west division of the National Association of Manufacturers. Joseph M. Nygaard, Ellsworth principal, was moderator.

E. W. Winfield, Wisconsin supervisor of occupational information and guidance, supervised a sectional devoted to "Education for the Skilled Forces." Each handling a different aspect of that topic were Dr. E. Robert Judger, associate professor, Stout state college; Martin Wesolowski, Wisconsin supervisor of trade and industry; Richard A. Oster, coordinator for the Beloit vocational and adult school; and John Plenke, Wisconsin supervisor of trade and industry.

Practical application of mental health principles and techniques to the classroom was discussed by Elizabeth Kundert, Dr. B. Child psychiatrist of the Eau Claire County Guidance Clinic. Marie E. Kennedy, Washburn county superintendent of schools, presided.

N. E. Erickson, president of Polk county teachers college, was moderator of a sectional dealing with "The Role of the Classroom Teacher in Assisting the Speech Handicapped Child." N. C. Ziemann, chairman of Stout's department of speech, addressed the group.

The implications of guidance in curriculum revision was the topic of Robert L. Johnson, curriculum coordinator at New Richmond; Margaret McDermott, guidance counselor at New Richmond; and Arthur Adkins, state curriculum coordinator. Moderating the sectional was R. M. Dyer, principal at Prairie Farm.

Ralph O. Mitby, director of child study at Janesville and treasurer of the Wisconsin Personnel and Guidance Association, described Janesville's character development program for students in junior-senior high school. Roland R. Stuber, Ashland, presided.

"Reading Improvement Programs for High School Students" was the address of Mrs. Elizabeth Huffer, director of the reading clinic of the Madison vocational and adult school. Acting as moderator was Viola Tjoflat, reading improvement instructor at Eau Claire senior high school.

The conference concluded with a luncheon session at which a number of educators interrogated Dean Williamson, conference keynoter, and some sectional speakers. Those asking questions were:

Louis F. Berg, principal, Baldwin; Martin F. Burkhardt, Jr., director.

## NEWS OF OUR ALUMNI

Louis Below, 1948, who has been teaching in Vancouver high schools, has been appointed to succeed Mr. Clausen in the college program. The college shop is the most complete pre-vocational graphic arts training program in the Pacific Northwest. The evening facilities of the program are used exclusively for training of journey men in the industry.

Mrs. Harold Levery, B.S. 1955 (Mary Asp) has a son who was born on December 4, 1955. They live at 1019 Sixth Avenue S., Stillwater, Minnesota.

Robert S. Tupper, B.S. 1953 is industrial arts instructor at Canton, South Dakota. He attended summer school at the University of California in Berkeley, and made an extended tour of the southwestern United States. He is a member of the Canton Chamber of Commerce and lives at 201 S. Pleasant Street.

Harley E. Berndt, B.S. 1945, is a captain in the US Air Force flying the F-94C as a jet interceptor pilot. He was a fighter pilot in Europe during World War II and was discharged in May, 1946. He entered the University of Southern California in architecture in 1946, and was recalled to the Air Force in October, 1951. Harley graduated from USC in 1953 with a Bachelor of Architecture degree.

Walter E. Handlow, B.S. 1948, received his Masters degree from Western Reserve University last June, and was then with the Aluminum Company of America, Cleveland Works, in the training department. His specific duties were setting up machine trades apprentice program for millwrights and tool-makers. Walter has been teaching for the past eight years in Shaw high school, Cleveland, Ohio. Last summer his students received a place award and an honorable mention in the Ford Industrial Arts contest. He has been president of the Cleveland Civilian Marksmen's Association and Range Officer for the East Cleveland Rifle and Revolver Club, Inc. He also coached a junior rifle team which won the sectional N.I.C.A. match last year. The Handlow family consists of one girl and three boys, whose ages are ten, seven, five, and three. They live at 13913 Scioto Avenue, East Cleveland 12, Ohio.

Homer Settels, B.S. 1950 is teaching at Bowling Green junior high school in Bowling Green, Ohio, and attended the Ohio Industrial Arts convention in Columbus, Ohio, last year.

George Jensen, B.S. 1950, is a representative for Rockwell Manufacturing Company and is living at 214 Morrison Avenue, Cuyahoga Falls, Ohio.

Merrill vocational and adult school; F. G. MacLachlan, superintendent, Park Falls; J. T. Magnuson, principal, Central Eleva-Strum; Jason T. Nicol, guidance director, Ashland. Kenneth Poppy, principal, Colfax; the Rev. John Rossiter, principal, Regis high school; Archie A. Shafer, Dunn county superintendent of schools; and C. E. Wenslen, principal, Athens.

# Stout vs. Winona Tomorrow Night

## SPORTS ROUNDUP

Once again, loyal Stout fans find themselves asking the old question, "How did we lose that one?" The Bluedevils have dropped two straight conference games after romping through a tough pre-conference schedule with impressive wins. Stout still has a five win three loss record and a lot of impressive statistics to show, but still they are in the cellar of the conference.

The gridiron Bluedevils ranked fourth in loop passing as the final statistics were compiled for the 1956 gridiron season. They were next to last in first downs gained.

Eau Claire college's Bluegolds played quite a few games over the holidays but didn't win very many. The Bluegolds now possess a four win, 13 loss season record, but they have an impressive 101 to 81 win over La Crosse.

The college pep band is certainly providing excellent music at the basketball games this year. The music

makers do a great deal toward building school spirit at the games. The band is headed by Dr. Edfield Odegard.

Ron Woodliff will be lost to the basketball team when he graduates next week. Ron has been a valuable

**MOESSNER, WOODLIFF**

asset to the team this year and will be missed by all. His last game in a Bluedevil uniform will be played at Milwaukee next week. Congratulations to Ron on a splendid career at Stout.

Keith Moessner leads the league in scoring with 48 points in two games. He is followed by Lavern Luebsdorf of Stevens Point with 44, and Tom Kneusel of Milwaukee with 42.

### CONFERENCE STANDINGS

	W	L	Pct.
Stevens Point	2	0	1.000
Milwaukee	2	0	1.000
Superior	1	0	1.000
River Falls	1	0	1.000
La Crosse	1	1	.500
Eau Claire	1	1	.500
Platteville	0	1	.000
Whitewater	0	1	.000
Stout	0	2	.000
Oshkosh	0	2	.000

### RESULTS

Eau Claire 101, La Crosse 81

### INTRAMURALS RESUME WINTER PROGRAM

The new year finds intramural activities on the Stout campus rolling right on schedule.

The volleyball league is just about ended and basketball is taking over the spotlight. This season's intramurals have provided the most opportunities for student participation of all seasons to date. A short summary of each area is listed below.

#### BASKETBALL

One game has been played to date, and in that game the F.O.B. I team beat the Rangers by a 66 to 42 count.

The schedule of games is being plotted now, and play is under way once again. The league is directed by John Blythe.

#### VOLLEYBALL

The volleyball league is just about over now but a few playoffs may be necessary to determine the championship. The league standing follows.

Team	Won	Lost
Phi Sig	3	1
Volleyteers	3	1
Vets	2	1
F.O.B.	2	1
Sig Tau	2	2
Rifle Club	0	4

#### BADMINTON

In the badminton league, the singles championship is over now and the co-recreational doubles and the men's doubles are being played off.

Correction . . . in a previous report the Stoutonia stated that "slamming" John Inray beat "slim" Bill Remoser for the singles championship. This is a serious error, as "slim" Bill upset "slamming" John, and Bill won the championship.

#### TABLE TENNIS

Don Woelffer won the men's singles championship from Rich Vogtsberger. Now that the singles are over, the men's double championship is being played off but there are no scores to report at the present time.

#### WRESTLING

The wrestling is under the capable direction of Dick Tepp. A wrestling card will be slated before long and the student body will be invited to attend the matches.

A few more lightweights are needed to round out the wrestling team. Any men who are interested in this and can meet the 120-128 pounds weight requirements are urged to turn out.

### BLUEDEVILS HAVE SIX HOME GAMES TO PLAY

### BLUEDEVILS TO TACKLE WINONA PEDS AGAIN

Tomorrow night the Bluedevils meet the Winona Peds for the second time this season. Earlier in the year Stout beat Winona at Winona by a 73-58 score. The Bluedevils were behind at half-time by 11 points in that one.

Winona has improved a great deal since this last meeting and among its victories is a re-sounding win over La Crosse. However, the Peds will find a victory hard to get in Menomonie, as Stout is out to re-grain its winning ways.

The Bluedevils, after a long vacation lay over, are raring to go and to take win number six. Stout should be in good physical shape with no injuries to contend with. However, should the Bluedevils revert to periods of bad passing the outcome of the game will be decidedly changed, as a high scoring contest is indicated.

Anyway, the game should be a number six win against three defeats for Stout if the Bluedevils play the sort of basketball they are capable of. This will be a non-conference game.

#### The starting line-up:

RG - Keith Moessner  
RF - Bob Sorenson  
C - Ron Woodliff  
LF - Jim Bolm  
LG - Jann Peterson

### SCORING STATISTICS FOR EIGHT GAMES

## FRANK LESLIE DONATES BOOKS TO S.S.C. LIBRARY

The graphic arts department of Stout state college has recently become recipient of a most generous gift from Frank P. Leslie, president of the John Leslie Paper Company, Minneapolis.

The gift, a check for \$100, was sent by Mr. Leslie for the purchase of books to provide the basis of a graphic arts cultural library at the college.

Consultations are now underway between Mr. Leslie and Lloyd Whydowski, chairman of the graphic arts department of Stout state college to determine the most worthwhile books for purchase.

After the volumes have been selected, bought and delivered to the Stout campus, an exhibition of the newly acquired materials will then be arranged.

That Mr. Leslie's gift has been greatly appreciated at Stout state college is evident from the reaction of Dr. Verne C. Fryklund, president of Stout, and Lloyd Whydowski. According to President Fryklund:

"We are sincerely grateful to Frank Leslie for his interest in the graphic arts endeavors of our college. We shall make every effort to use the money according to his wishes. Then, when the volumes arrive, a bookplate of acknowledgement will be placed inside each book and the whole collection will be housed in the special gift room of the library."

To Mr. Whydowski, in his capacity as head of the graphic arts department, Frank Leslie's contribution represents the start of a collection of fine books in a specialized area:

"This gift makes possible the purchase of certain valuable books which the graphic arts department needs but would not ordinarily purchase. We shall now be able to obtain examples of the work of such master printers as Bodoni, Bruce Rogers, William Goudy, Stanley Morrison, and others. These models will inspire students now and for years to come."

## SUNDIAL MUTILATED BY MIDNIGHT PRANKSTERS

It has recently been brought to the student body that the sun dial has been mutilated to correct its inaccuracies. We would like to bring it to your attention that it is only accurate at four times during the year and at noon. If you want to set your watch by it, check the almanac to see which day it is correct and then keep your watch tightly wound until the next accurate sun dial day comes up.

Now, if you really want to set your watch by it, here is an infallible method. Visit the sun dial at twelve (midnight). Bring along a flashlight, portable radio, and your watch. Turn your radio on and set it for a station which periodically gives the correct time. Sit down now and wait if you are a little early. (At this point, a member of the opposite gender helps pass the time. However, be careful, don't forget your mission. The rest can wait!) Now, at twelve, turn your flashlight on and cast a shadow across the dial so it reads twelve. Move the LIGHT NOT THE UPRIGHT. Set your watch quickly and head for home. Remember, late leaves last only until 1:00.

WEATHER BIRD

"It's supposed to be blistering cold tonight," reported the Weatherbird. "Ten to fifteen below zero, clear and windy is the forecast, with more of the same due on Saturday."

With that cheery statement the bird tottered away, carrying his stack of firewood and waving a fond "adien."

## BEARD CONTESTANTS IN EVIDENCE ON CAMPUS

Great scott, what is it? Is it a five o'clock shadow? Is it fuzz? Why no, is the unanimous reply, it's a beard!

Really, evidence of fairly close similarities of beards are beginning to sprout on campus. Yup, fellas are getting prepared for the annual beard growing contest, a part of the Winter Carnival.

Although there are red, black, brown, and blonde beards, and they range from the face cover-up fuzz to the elongated side burns, fellas are grooming them for one of three categories: most unique, best groomed, or longest. To the winner in each category, a three dollar prize will be given. Judges will be three competent Menomonic barbers.

Because of the River Falls-Stout basketball game that evening in River Falls, all contestants will be judged during intermission of the Snow ball dance.

There is still time, fellas, to enter this contest and really let those whiskers sprout. If you are shave conscious, forget it, join in the fun and begin growing your beard today for the Winter Carnival.

## PHILLIP LORENZ GIVES CLASSICAL CONCERT

It wasn't Elvis, but he certainly could play. Phillip Lorenz, pianist, proved this as he presented a concert Wednesday morning. His repertoire included all classical selections.

Lorenz held the audience's rapt attention throughout the entire program. He showed his ability to play the piano during the first number, Rondo in D major by Mozart. It was interesting to watch his facial expressions while he literally threw himself into his playing.

Valse Oublee by Liszt was very well done by the pianist. It is a piece which requires delicacy of execution to create its character of a half-forgotten, poignant moment. The most dramatic of Chopin's scherzi, Scherzo in C sharp minor, was also well executed by Lorenz.

One was reminded of another pianist, David Bar-Illan, while listening to the music played by Lorenz. The audience seemed to be well satisfied with the program.

## FOUR DESTINATIONS SET FOR SPRING CONCERTS

Northern Wisconsin is the destination of the Symphonics band and choir for the 1957 season. Over one hundred Stout music students will participate in the trip from April 7 through April 13.

Although definite concert plans are pending, Dr. Odegard and officers from band and choir are working on the itinerary, and concert dates will be released shortly.

Prospective tours to New Orleans and Denver could not be arranged this year.

## JAYCEES PLAN DINNER TO ORGANIZE CHAPTER

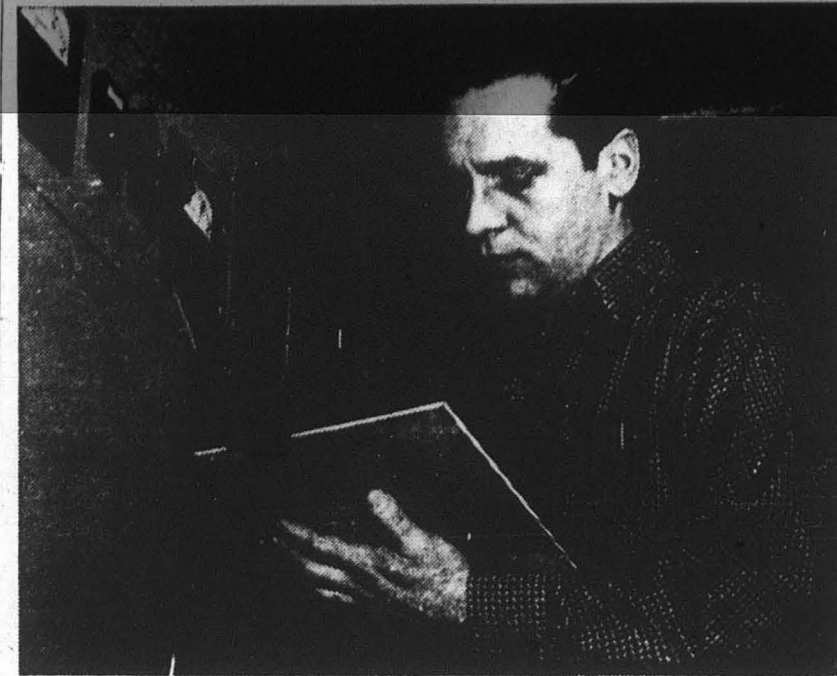

Plans have been made for a charter-organizational dinner at Jeatrans supper club January 30, 8:00 p.m., to inaugurate a Menomonic chapter of the Junior Chamber of Commerce.

The Junior Chamber of Commerce is being organized to conduct projects that better the community and give young men 21 to 35 years of age opportunities for leadership training.

"Young Men of Action" is the title applied to the Jaycees who annually conduct nation-wide projects for hundreds of thousands of school age youngsters. Projects such as Junior golf and tennis, the safe way driving program, Teen-Age Road-o-o and their essay program, Voice of Democracy.

We cordially invite any young men interested in joining this organization to contact any one of the following men: Kenneth Geske (drop a note in my mail box) or phone 1175; Don Husby, at the Gambles store, phone 639-W; Larry Quilling, at Hammonds barbershop, phone 331-W; Curt Odden, phone 1586-W; or Bob Spangle, First National Bank, phone 1007-J.

If you are already a member of the Jaycees in your home town your membership may be transferred to Menomonic for the duration of the school year.

Louis Rodey, chief engineer of Stout state college, is shown above. He replaces Herb Strozinsky, who retired on January 3. Both are Menomonic men.

## S.S.C. INFIRMARY CLOSES DOORS THIS SEMESTER

The infirmery of Stout state college, so far as its present form is concerned, will be closed at the beginning of this second semester.

Decision to close the infirmary as a separate building was made only after intensive study and after conferences involving the Stout Student Governing Board, the student personnel services office, and the college administration.

Basis for the decision was this. Very few students—in fact only three from September until Christmas—used the infirmary. New antibiotic medicines which speed recovery from minor ailments, plus a general reluctance of students to leave their own rooms for a stay in the infirmary, have caused an almost complete absence of infirmary patients.

Yet, the high cost continues to maintain the infirmary as a separate building, whether it is used by students or not. A full-time maid-plus such basic services as heat, light, and other necessities must be paid. For some time the Student Governing Board has been concerned over the great expense of the infirmary in relation to its very limited use by students.

What has been the solution decided on by groups interested in the matter? Well, beginning this second semester a room, designated as an infirmary, will be set aside in the men's and in the women's dormitories. Here a student who is ill will be under the supervision of the House Director. In addition, the service of the college nurse and of the college physician will be provided as before.

It is the sincere belief of all interested groups that the new arrangement will provide completely adequate infirmary service with far less strain on the budget of the student governing Board and on the college. If funds become available, some use will be made of the old infirmary, perhaps as an additional home management house to meet the needs of Stout's rising enrollment.

## TOWER AWARDED FIRST IN NATIONAL CONTEST

Award "First Honor Rating" in national yearbook competition has been the 1956 Tower, yearbook of Stout state college. The award was made in the 36th National Collegiate Press.

Production advisor of Stout's annual is Dr. Barnard, head of the college audio-visual center. Literary advisor is Dr. Adams, of the English department.

Student members of the 1956 staff included Mrs. Dave Gresch, editor-in-chief; Nat. Wick, associate editor; Carl Smith, production manager; Kathleen Ritzman, literary editor; and Robert Treise, business manager.

General photography for the 1956 yearbook was done by Jim Dienes and Raymond L. Johnson. Russell's Studio did the group and portrait photography.

## ARTISTRY FEATURED IN LA PETITE ART GALERIE

The la petite Art Galerie features fired glass by Michael and Frances Higgins this month. If you have not yet become acquainted with this new display, you will find it located in the foyer of Studio 221, on the second floor of Harvey Hall.

The Higgins work together creating and firing their own glassware, several samples of which were lent to Stout state college through Miss Mary K. Williams, designer of la petite galerie. On display are intriguing bowls, plates, and many other original pieces. Each one has been created and fired by the Higgins.

Of additional interest is a series of photographs accompanying the display which show the Higgins working on the different processes.

The la petite galerie will feature a different artist each month. It is hoped that those from universities of Wisconsin and surrounding states can be shown.

## ATTENTION STOUT MEN

Don't forget the Winter Carnival Beard Growing Contest. Prizes will be given during Winter Carnival weekend, February 8 and 9.

## DR. FLEMING ATTENDS ASSOCIATION MEETING

In attendance at the recent Mid-Winter Meeting of the Wisconsin Press association was Dr. Thomas Fleming, director of public relations at Stout state college. The event, attended by editors of weekly papers throughout the state and by representatives of allied industries, was held in Eau Claire.

Also representing the state college were Richard Bailey, of the board of regents office, and Lee Hench of Eau Claire state college. Those attending heard a number of interesting panel presentations by weekly editors and were addressed by Claude Ebling, a public relations representative of the Soo Line, at the mid-winter banquet.

## MISS WILLIAMS PLANS ART ROOM RENOVATION

The foyer and storage room of the second floor art room, remodeled last summer, is now complete. The plan for revision was created by Miss Mary Katherine Williams.

The storage space has been equipped to take care of the many art supplies used in room 211. Plywood cabinets cover three and one half sides of the room and extend from the floor to the ceiling. Construction papers of different sizes have individual compartments. The largest step in the renovation is the foyer. The ceiling has been lowered, the slanting wall straightened, a show case with lighting installed, and a utility closet and a coat closet have been completed in what was once a dreary entryway. Complete walls and ceiling are of cork to provide for easy mounting. Two ceiling spot lights complete what is known as the la petite galerie.

Students, faculty and townspeople are invited to visit this new display at any time.

## BLOOD MOBILE OFFERS CHANCE TO SAVE LIVES

Thursday and Friday, February seventh and eighth, each Stout student will have a chance to save a life.

The Red Cross blood bank will be in Menomonic in the basement of the Tainter Memorial Library on main street. The hours for blood donations are Thursday from 1:30 to 7:30 p.m., and Friday from 9:00 a.m. to 3:00 p.m.

All Stout students and faculty members are urged to donate a pint of blood if possible. Donors must be over 18 years of age, in good health, and weigh over 110 pounds. Unmarried donors under 21 years of age, regardless of whether or not they have made previous donations, must have the parental release, received in their mailbox, signed and present at the time of donation. Fats and fatty foods should not be eaten for four hours before, but one should not skip a meal before donation.

If possible, one should make an appointment, but this procedure is not required. Anyone whose time is limited will be given priority on request.

## REGULATIONS SET FOR WINTER QUEEN CONTEST

The Carnival Queen contest is open to all organizations and student groups. The deadline for entries is January 25, 5:00 p.m.

No campaign posters are allowed. No paper or confetti of any kind may be thrown during the convocation.

Any other type of campaigning is permitted such as serenading, stuffing mail-boxes, and songs during assembly February 6.

Nomination blanks may be picked up in the S.S.A. office any time before the deadline.

A group picture of the queen candidates and their qualifications will be posted in front of the Harvey a week before the election.

## YOUNG INDIANS ENROLL IN STATE SCHOOLS

A dozen young Wisconsin Indians began college last fall. Ten enrolled in colleges in the state—at the university; state colleges at La Crosse, Stout, Stevens Point, Superior, River Falls, and Oshkosh; and two university extension centers.

If the Indian student is a Menomonic his college finances are adequately cared for by a federal scholarship grant. But the Winnebagoes, Oneidas, and others are less fortunate. They receive only a federal grant of \$300 a year.

After 1958 the federal supervision of the Menomonic Reservation ends. The adult education program stops and the Menomonic Indian students will get only the \$300 grant, putting all Indian students in the same canoe financially.

"The biggest reason Indians don't go to college is that they and their parents can't afford it," says Donna Skenandore, full-blooded Oneida Indian who is a freshman at the college at La Crosse.

The lithe and lovely 19-year-old Donna is majoring in physical education. Her grades are good and so is her financial condition. She gets a \$200 Scholarship from a De Pere mother's club and a \$100 legislative scholarship in addition to her \$300 federal grant. She can earn \$300 in the summer and the total covers college costs.

Another college freshman, petite 17-year-old Rosemary Ackley from Drummond, is having a little more trouble. Her \$300 a year grant and savings can cover two years of college at Stout before her finances run out. Then she plans to become an airline hostess.

"I'm the first in any generation of our family to go to college," Rosemary admits.

There will be more "firsts" in Indian families of Wisconsin as this generation strives to advance educationally. Ten years ago less than 25 graduated from public high schools, compared to 124 last spring. None enrolled in college, compared to the 12 who enrolled last fall.

## NEWS OF OUR ALUMNI

Hayden M. Carmichael, M. S. 1948, teaches general metals, electricity, and power mechanics at Georgia Teachers college in Collegeboro, Georgia. He is cub master for about 50 boys in the community, and recently completed a new home.

Mrs. Robert Klug, nee Evelyn Berg, B. S. 1943, is coordinator of the Home-making department at Port Washington vocational school, and is historian of the Milwaukee alumnae chapter of Phi Upsilon Omicron this year. She has two boys—Billy, 7 years, and Dickie, 5 years, and lives at 727 W. Walnut St., Cedarburg, Wisconsin.

William Bauers, B. S. 1954, helped set up the Industrial arts department at the new high school at Hortonville, Wisconsin. He previously taught two years at Butteville, Wisconsin. The Bauers family includes three children, Michael, 5 years; Brian, 2 years; and Cynthia, 1 year old. Their address is Box 147, Hortonville.

Instructor at Millikin university is Wayne D. Coleman, B.S. '52, M.S. '53, teaches machine shop, foundry, tool making, quality control, and industrial math. Wayne and his wife, the former Shirley Dwyer, B. S. 1952, have two daughters, Debra Sue and Krista Ann, who was born July 28, 1956. They live at 5 East Gate Drive, Route 8, Decatur, Illinois.

1/Lt James E. Miller, B. S. 1952, is now Weather Officer stationed at Hahn Air Base Germany. He and his wife welcomed a daughter, Deborah Jayne on June 3, 1956, and left in November for a three year stay in Germany. His address is: 1/Lt James E. Miller AO 2251128 Detachment 14 31st Weather Squadron (MATS) APO 109, New York, N. Y.

Shirley Carlson Gunning, B. S. 1941, is working at Pillsbury Mills, Inc., in the research and development department. She was married on October 6 to Donald P. Gunning, and they live at 4646 Douglas Drive N., Minneapolis, Minnesota.

Mary Lois Andersen, B. S. 1955, has completed her internship training at University Hospitals of Cleveland. She has now joined the staff of University Hospitals as administrative dietitian in charge of patient food production.

Alton P. Rigotti, B. S. 1947 and his wife, Clarice Jamison Rigotti, B. S. 1942, have a new daughter, Patti Lynn who was born on June 6, 1956. They are living at Box 43, Engadine, Michigan.

Some people never know when they are well off because they never are.

### SEVEN WONDER

Seven wonders of teaching — and each wonder brings a new challenge to the classroom teacher:

1. First wonder: How much children already know before they come to school. They bring with them rich resources of knowledge, skill, and understanding—mostly self-learned.

First challenge: How much do I know of these rich resources? How far do I go in searching them out? How "I know what I find?"

2. Second wonder: Children's eagerness to learn. It is natural for children to inquire, to discover. It is unnatural for them to be passive, disinterested.

Second challenge: How do I use this eagerness to learn? In what direction should it be channeled? Am I feeding it or am I killing it?

3. Third wonder: The never-ending process of learning. Every hour of the day, no matter where he is, with whomsoever or whatever he works, the child learns.

Third challenge: Is he learning what is best for him now and later? Am I setting the stage for constructive learnings?

4. Fourth wonder: The infinite variety of abilities, personalities, and needs, and interests of pupils. He who says "I know what I find" has not taken time to study the marvels of their growth.

Fourth challenge: Do I know as much as I should about each child's abilities, personality, needs, and interests? How can I learn more? Do I accept differences or rebel against them?

5. Fifth wonder: The concreteness of learning. Simultaneously, children learn about matter, traits of personality, habits of working, attitudes and appreciation—many of the permanent.

Fifth challenge: Do I push so hard toward a single goal that I push the children away from another of equal importance? Do I leave those "marginal learnings" to chance?

6. Sixth wonder: The faith, respect, loyalty and tolerance of children. When a teacher treats them well—some time severe when he does not—they will respond with respect and understanding.

Sixth challenge: Do I have an equal faith in them and in their motives? Am I loyal to them and their welfare? Do I treat them with respect and understanding?

7. Seventh wonder: The ability of children to teach. Each child learns from the other, and even the teacher can learn much from children.

Seventh challenge: Do I use my opportunities to learn from children? Do I listen, literally and figuratively, to the lessons they can teach?

"Teaching is full of wonders—to seventy times seven," concludes Esther J. Swenson, U. of Alabama, author of these Seven Wonders.

Many students get polio inoculations

"Ouch—Ouch! That wasn't too bad—could hardly feel it." This exclamation was heard frequently as Mrs. Ora Chase, Stout nurse, arranged for the inoculation of approximately 400 students with Salk polio vaccine during the past week.

The shots were offered to all students at one-half of the fee required by a doctor. Any interested student could receive the shot.

More is to come, however, as a series of three shots are the total requirement. The second shot will be given in four weeks, and the third shot will be given in seven months.

A modern home is one in which a switch controls everything but the children.

"Daughter, get my bag quick," shouted the old doctor as he slammed the telephone receiver down and grabbed for his hat.

"Why, Dad?" the daughter asked. "A fellow named Frank just phoned and says he can't live without me," replied the Doctor.

Heaving a sigh of relief, the daughter purred, "Relax, Dad, I think the call was for me."

### STOUT COED, PHYLLIS KNOX, BOASTS MILITARY BACKGROUND; SPENT TIME IN JAPANESE UNIT

Among the student body at Stout are many male veterans, but Stout also claims a girl who was a G.I. Phyllis Knox, a sophomore transfer student, spent three and one-half years in the Women's Army Corps. Phyllis is an attractive dark haired, brown-eyed girl, who hails from Oshkosh, Wisconsin. She decided to join the army while she was a freshman at Oshkosh state teacher's college, majoring in English education. She wanted to travel, and the WACs seemed a most interesting, profitable, and convenient way to do so. She managed to take her final exams at Oshkosh a few days early that June and went to Green Bay to be sworn into the Women's Army Corps.

She spent ten weeks at Fort Lee, Virginia for her basic training and was then sent to the Engineer Drafting School at Fort Belvoir, Virginia for two months. Phyllis was one of the first three WACs to attend this school where she was taught general drafting and the principles of maps, charts, and teaching aids.

About a year later, Phyllis was sent to Japan where she worked in a Japanese Liaison Office which procured maps, survey instruments, and other equipment for the Corps of Engineers from private Japanese companies. She was assigned to the 64th Engineer Base Topographic Battalion. She lived in a Tokyo hotel which housed the WAC Battalion and was made up of approximately 500 women.

The vegetables and fruits eaten by the Americans in Japan were grown on a hydroponic farm which consisted of gravel beds arranged in a step-like formation and irrigated with water containing soluble vitamins and minerals. Hydroponic farms are used in Japan because of the danger of disease. The Japanese use human waste for fertilizer.

The damp climate of Japan made it very easy for mold to develop. It was not uncommon to scrape the mold from one's shoes, luggage, and other leather articles every two or three days.

Since there are no patterns or pattern manufacturers in Japan, dressmakers attend special schools where

they learn to make their own patterns and to design and fit garments. A Japanese dressmaker will take a full page of her customer's measurements and proceed to make the garment using a picture or sketch of the garment as a guide. In about a week, the basted garment is ready to fit. The next time the customer sees the garment, it is ready to wear.

While in Japan, Phyllis visited a silk factory, where a generous man presented her with several authentic silk cocoons. Not knowing where to put them, she slipped them into the camera case which she was carrying and forgot about them until several days later when she opened the case and to her extreme horror, found that it was inhabited by a number of enormous moths which had emerged from the cocoons.

Phyllis attended the University of Denver last year where she was majoring in hotel and restaurant management. Here at Stout she is majoring in home economics education. She laughingly stated, "I was originally majoring in English education; now I'm majoring in home economics education, so I think all my plans did have something in common."

# INTRAMURAL BASKETBALL IS UNDER WAY

Intramural basketball on the Stout campus is beginning to pick up speed. Games are played three nights a week, with two games at 5:30 p.m. and two more at 8 p.m. The games are played in the lower gym of the student union and the upper gym of Bowman hall. Students are urged to attend the games. Standings to date follow.

Milwaukee 99	La Crosse 70
Stevens Point 70	River Falls 60

### Results of games played Saturday

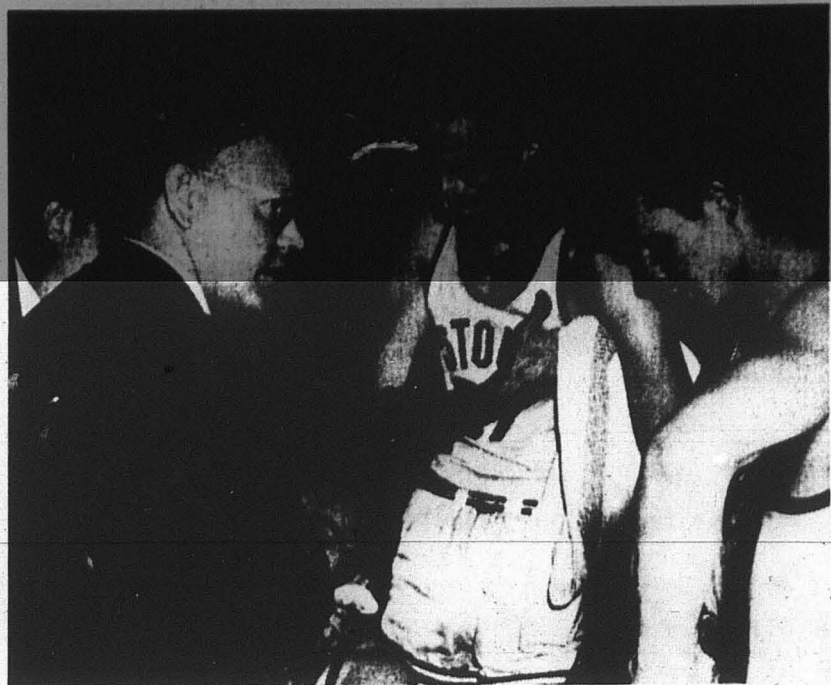

Stevens Point 80	Superior 79
Eau Claire 90	Oshkosh 82
Whitewater 99	La Crosse 91
Platteville 85	River Falls 68
Milwaukee 96	Stout 79

## BLUEDEVILS ARE TROUNCED BY OSHKOSHERS

The Stout Bluedevils dropped their third conference game of the year in three tries as they were trounced by Oshkosh. The final marker was 82 to 71. The Bluedevils had 36-31 at the halfway point.

Stout held on to their half time lead for seven minutes into the second half when Oshkosh finally pulled ahead to stay for the rest of the game. The Bluedevils lost Jim Bolm, Brian Howard, Keith Moessner, and Bob Sorenson on fouls. The game was marked by frequent whistle blowing which saw 32 fouls called on Oshkosh and 29 on Stout. Oshkosh also lost four men on fouls.

Moessner lead the Bluedevils with 17 points, and Sorenson and Bolm hit for 15 and 10 points respectively. Jack Wippich and Don Kroll scored 16 and 14 points respectively for the winners. Halftime score was Stout 26, Oshkosh 31.

"The way I see it, boys, is . . ." is just about what Coach Joe Gerlach could be telling the Stout cagers. The photo was snapped at a recent game. Pictured, left to right, are Coach Gerlach, Ron Woodliff, and Jann Peterson.

## STOUT CAGERS DROP FOURTH LEAGUE GAME

In a game played at Milwaukee last Saturday night, the Stout state Bluedevils went down to their fourth conference loss. The final score was 96-79.

The game marked the end of Ron Woodliff's basketball career at Stout. Ron graduated at semesters. He will be inducted into the armed forces in the near future.

The following account was written by Bob Pinkowski of the Milwaukee Journal.

Husky Tom Kneusel scored 34 points at Baker field house Saturday night, and led the University of Wisconsin-Milwaukee basketball team to a 96-79 victory over Stout in their Wisconsin state college conference basketball game before 2,000 fans.

The victory, the Cardinals' fourth against one defeat in conference play, strengthened their hold on second place and set the stage for their game with league leading Stevens Point (4-0) here next Saturday night. Milwaukee's over-all record is now 9-3.

The Bluedevils from Menomonie did not prove easy victims, however. Stout led at the half, 44-43. Particularly harassing to UWM was the play of forward Jim Bolm and guard Jann Peterson. Peterson poured in all 16 of his points in the first 20 minutes from long range. Bolm delighted in weaving through the UWM defense for spectacular, lunging layup shots.

Coach Russ Rebholz's Cardinals rushed away to an 8-0 lead, then boosted it to 10-0. Then Stout came on strong. After that the score changed hands five times.

In the second half, it was a different story. Peterson and Bolm each fouled out with around 13 minutes remaining. UWM led at that point, 65-60.

To add to the Bluedevils' miseries, Jerry Stanzer, Jim Klabunde and Tom Hanrahan joined Kneusel in the scoring and insured victory. Kneusel's splurge fell only two points shy of the field house record set by Scott Netzel three years ago.

UWM had a 63 to 49 edge in rebounds. Of this total, Kneusel, 6 feet 5 inches and 225 pounds, snared 24

## BLUEDEVILS SHOW ODD PATTERN IN STATISTICS

	fg	ft	pf	tp
Moessner	83	74	48	240
Sorenson	60	40	33	160
Peterson	56	28	26	140
Bolm	32	44	26	108
Woodliff	28	21	24	97
Helm	24	25	26	73
Howard	16	8	20	40
Steppeke	1	1	2	3
Meyer	1	1	8	3
Hills	1	0	1	2
McGovern	0	0	1	0
Johnson	0	0	1	0
Pagel	0	0	0	0
Stauffer	0	0	0	0
Kindschy	0	0	0	0
Stout	302	262	215	866
Opponents	307	223	253	837

and Hanrahan 17. The Cardinals made 36 of 90 shots attempted (40%). Stout matched them in percentage with 28 of 70.

Halftime score was Stout, 44, Milwaukee 43.

A man who sits on a tack is better off. Late to bed, early to rise, makes a man baggy under the eyes.

Its a crazy, mixed-up-world. Swiss cheese is full of holes, but it's the limburger that needs the ventilation.

Today's trying times are tomorrow's good old days.

A University of Texas coed has been scaring away some of her dates lately, but entirely against her will. When going through enrollment, she wasn't sure of her new phone number, but decided to list it on all her cards as she remembered it. Now men who call her get a masculine sounding, husky voiced answer. The Daily Texan advises date seekers to hang up promptly and informs them the unknown voice is the Austin chief of police. The coed used the chief's unlisted number by mistake.

## STUDENT DESIGNS OWN PROJECT

A new project designed and produced by a Stout senior, Jerry Schoenike, will banish the danger of spilling your snack and drink while watching T.V. or any other pastime.

The project, a circular plastic dish eight-and-one-half inches in diameter with a depressed center to hold your glass up-right, has been formed in General Shop II. The depressed center forms a very convenient stub for holding the dish in your hand.

Jerry has improved on his original design by producing a square topped dish with rounded corners to replace the circular dish. This design is made the same way but seems to be more practical. It is formed by vacuum in a plastics press designed by Dr. Swanson, Jerry's instructor.

The project is typical of the projects made in General Shop II as it was conceived, designed, and produced by the student. Jerry spent a full quarter on the project but with the forms produced, an elementary student would be capable of doing the actual forming and trimming in a single period.

Jerry is currently writing an article on it for Industrial Arts and Vocational Education magazine. It is expected to be in print some time this year.

Dr. Swanson has taken up the project where Jerry left it and has developed a new design for the top which he has used at the American Vocation Association convention. Dr. Swanson is using it as a demonstration project and as a give-away item.

## ANNOUNCEMENT OF JANUARY GRADUATES

Included in the January graduating class of Stout state college are 37 persons. Of these, six are women receiving the bachelor of science degree in home economics education and 26 are men receiving that degree in industrial education. The other five are persons who have earned the master of science degree.

Women receiving the undergraduate degree in home economics education are Vicki Grimm, River Falls; Helene Marben, Lambert, Minn.; Jean Roby, Clayton; Merna Schuman, Menomonie; Ramona Stewart, Withee; and Harriet Wilke, Mosinee.

Men earning the bachelor of science degree in industrial education include Francis Boigenzahn, Mondovi; Robert Duren, Menomonie; Arthur Eick, Spring Valley; Francis Fritz, New Auburn.

Ralph Betzel, Bloomer; Dennis Bjalmor, Menomonie; Neil Hopfer, Menomonie; Barbra Holsen, Black River Falls; Ronald Huebner, Menomonie.

Eugene Johnson, Menomonie; Earl Lehman, Menomonie; Donald Maurer, Fond du Lac; William Mittelstaedt, Thiensville; Henry Moerschel, Wauwatosa.

James Olds, Menomonie; Douglas Pangel, Menomonie; Paul Palmer, Menomonie; William Peterson, Ladysmith; William Romoser, Fort Atkinson.

James Rowsam, Menomonie; Carl Smith, LaFarge; Stanley Suk, Jr., Eau Claire; Clarence Taylor, Menomonie; Dr. Woeffler, Oconomowoc; Ronald Woodruff, Tomah; David Wingert, Menomonie.

Persons who have been granted the master of science are Robert DuCharme, Menasha; Raymond Johnson, Menomonie; Slater, Marie, La Crosse; John Smith, Menomonie; and George Stegman, Davenport, Iowa.

## SADIE HAWKINS WEEK IS SPONSORED BY ASA

Girls, February 10-16 is the big week for you to catch that man you have had a secret crush on all semester. It is the annual Sadie Hawkins' Week sponsored by the Alpha Sigma Alpha sorority. The week's activities will include a candy sale, selection of a Pictorial Princess, Valentine's Tea, and the climax—a Saturday night dance. Of course, anytime during that week you may ask that special hunk of man for a date, providing you foot the bill. Read next week's Stoutonia for further details.

Other future activities planned for at last Thursday night's meeting were the Panhellenic Rush Party and the Winter Carnival. Nat Wick, a senior member, will be a candidate for Winter Carnival Queen. Congratulations are in order for Billie Jo Braker, the most recently engaged member of Alpha Sigma Alpha.

## FRED PONSCHOK WINS READER'S DIGEST AWARD

Stout state college winner of the Reader's Digest College Contest is Fred Ponschok, who was awarded a certificate for the purchase of books or other educational merchandise.

To win the award, Ponschok competed with a number of Stout students in listing the popularity of six articles appearing in the October issue of Reader's Digest.

## WEATHER

"Zero readings are on the menu for tonight," said the weatherbird this morning.

Cold tonight and colder tomorrow is the forecast, but I don't think we'll have any more of that thirty-below stuff."

Snow flurries too are possible during the week end, the bird indicated.

## CONVO TO FEATURE ELECTION AND SKITS

Wednesday, February 6, is the day of the annual Winter Carnival Queen election. At a student assembly the five Queen candidates will be presented and introduced as they walk across the stage dressed in their attractive winter sport outfits.

Throughout the assembly, several skits will be given to get everyone in the spirit for the wonderful week end ahead. Also, movies from last year's Winter Carnival will be shown.

Election for Queen will be held in the hall of Harvey Hall this year from 10:30 through 4:30. This will enable S.S.A. to check the attendance and to calculate the percentage of students who vote. Be sure and cast your vote on Wednesday, February 6, for your favorite Queen candidate.

## CANDY SALE BY PHI U FEBRUARY 6

Fudge, brownies, cereal bars, and peanut brittle will be sold in Harvey Hall on Wednesday, February 6, from 8:00-5:00 p.m.

These goodies will be made and sold by the members of Phi Upsilon Omicron, a professional Home Economics organization.

## SKI SWEATERS AWARDED AS CARNIVAL PRIZES

Do you want a ski sweater? Everyone wants a ski sweater! Here's the way you can get one—completely free of charge! During the Winter Carnival, February 8 and 9, two ski sweaters will be given as prizes; they will be presented at the Snow Ball, which is an informal dance sponsored by the Pallas Athene sorority and to be held on Saturday night. This is an annual affair and acts as an activity to close the Winter Carnival fun.

The top boy and top girl winners in the competitive sports on Friday night and Saturday afternoon will be the two lucky students to receive ski sweaters.

Also, a fishing contest will be held on Lake Menomine on Saturday afternoon. If there are less than five entrants in the contest, one prize will be given.

Why not win a ski sweater and other prizes the easy way? Participate in the Winter Carnival activities!

## ELEVATOR USE IS SUBJECT OF BOARD MEETING

The first meeting of the second semester of the Student Governing Board was held January 29, in the Executive Room of Harvey Hall.

The situation of the elevator not being available for student use was discussed. It was decided by the board that three delegates to the governing board should speak to President Fryklund about making the elevator available once again for use by the student body.

The project of refinishing the piano in the auditorium was also considered. Perhaps several industrial arts students that are handy in wood finishing could offer one day of their time to refinish the piano and also repair the piano bench.

S.S.A. plans to purchase four more flood lights for the Winter Carnival and for future use. It was voted that these should be purchased to be used in this year's Winter Carnival.

The Student Governing Board voted to authorize a trip to the Education Conference, to furnish necessary money, and to furnish transportation and register up to eighteen people from the Education department. This conference will be held in the early part of February and will be especially helpful to prospective teachers.

The bills from the Mid-Termers Dance were turned in. It was voted that the Mid-Termers should be commended on their fine work and also that a liaison should be established between Student Governing Board and the Mid-Termers Club.

A recommendation to have the lamps in the future repaired was turned in and accepted.

It was also established that all petitions for S.S.A. elections must be in by March 1, 1957.

## PALLAS ATHENE WILL SPONSOR SNOW BALL

Climaxing the 1957 Winter Carnival, Pallas Athene sorority will sponsor the Snow Ball dance on Saturday evening, February 9, from 8 to 12 p.m. in the Stout gym. The Rhythmaires of Eau Claire will feature the dancing music for the event.

Snowflakes, snowmen, and winter sport equipment will comprise the decorations and tie the winter carnival activities together for the finale.

During intermission the queen will be presented. Competent Menomonie judges will judge the students entered in the beard contest. Prizes will be awarded to winners of various activities and contests.

Why not drop in at the Stout gym Saturday evening, February 9, and enjoy the fun climaxing the winter carnival.

Chaperone for the occasion will be Miss Anne Marshall.

Admission for the dance is 40 cents per person.

## RECORD HOP SATURDAY NIGHT AFTER GAME

Hear ye! Hear ye! Come to the record hop after the game Saturday night in the Stout gym.

Records and music of all types and descriptions will be furnished for the enjoyment of everyone. The Stout Newman Club, sponsor of the mixer, promises that a swell time will be had by all.

For fun after the game, don't forget the record hop.

## STOUT STARTS A WEEK LATER IN SEPTEMBER

A joint announcement has been released by officials of Stout state college and of the Menomonie public school system stating that both the college and the public schools will open a week later next September than has traditionally been the custom.

Opening date for the fall semester will be Monday, September 9, a week after Labor Day, not immediately following Labor Day, as usually has been the case.

It is believed that the new opening date will be beneficial in two ways. First, it will eliminate the congestion of the Labor Day weekend for all families with children in college or in the Menomonie public schools. Secondly, it will permit Stout to coordinate its opening and closing dates with those of the other state colleges.

Pictured above are members of the Robert Joffrey Theatre dancers who will make their appearance here on Wednesday evening. Each member is a soloist who is also an all-around entertainer.

## ROBERT JOFFREY THEATRE DANCERS PRESENT DANCE PROGRAM IN AUDITORIUM FEBRUARY 6

The Robert Joffrey Theatre Dancers, due to make their first appearance here on February 6 at 8:00 p. m. in Stout state college auditorium, are distinctly a new kind of dance attraction. Unlike the customary ballet group, there are no "stars," backed by a corps de ballet. Instead, audiences here will see a company in which each member is a soloist. Created as theatre entertainment, the production is cast, not with dancers who are specialists in only one technique, but with performers who are the kind of all-around entertainers demanded by today's musical stage. Although superbly trained in classical ballet, they are as adept in the Spanish idiom or in the Americana tradition of musical comedy dancing.

Glen Tetley, an ex-newspaper man from Pittsburgh, came to New York for a dancing career after completing service in the Navy. Trained in ballet by Helene Platonova and in modern dance by Hanya Holm, Tetley's list of accomplishments shows that he came through with very nearly all the kinds of dancing that exist. In Broadway musicals he has been seen in "On the Town," "Kiss Me Kate," "Out of This World," and "Gentlemen Prefer Blondes." As leading dancer of the New York City Opera for five seasons he created many new roles in opera ballet, from serious to hilarious. In concert dance he has been featured with Charles Weidman, Hanya Holm, and Pearl Lang, and was star of the John Butler Dance Theatre on Broadway and in Europe. In television, he has danced in all the performances of "Anahel and the Night Visitors" and in many other productions of the NBC Television Opera Theatre, in several spectaculars, and on such major shows as a. Omnibus, Adventure, Camera, the Kate Smith Show, the Martha Raye Show, etc.

Beatrice Thompkins is best known as soloist, in the U.S. in South America and in Europe, with the several companies organized by Lincoln Kirstein and George Balanchine—first the Bal-

let, then the Ballet Society, and finally the New York City Ballet. She has also been prima ballerina of the San Francisco Opera and a featured performer with Ballet Russe de Monte Carlo. Two seasons ago she left the ballet to do special work. She was dance lead in the U.S. premiere at Brandeis University of Milhaud's "Salade," and has recently danced on television in such programs as Omnibus, Adventure and Camera Three. Miss Thompkins has had leading roles in four premieres of Robert Joffrey ballets during the past two seasons.

Gerald Arpino, from Staten Island, has been associated with Robert Joffrey in all the latter's New York City concerts. He has toured Central and South America with the Nana Gollner-Paul Petroff Ballet. Broadway has seen him in "Annie Get Your Gun" and "Bless You All" and as a featured member of May O'Donnell's company in the "American Dance" season at the Alvin Theatre. Arpino had the principal role in the recent Phoenix Theatre premiere of Joffrey's "Workout" in New York City.

John Wilson has combined music and dance in a career that defies comparison. A singing and composition major in college, he was a student at the Katherine Dunham School in New York and then joined the Harriette Ann Gray Company, with which he made three trans-continental tours as dancer, singer, composer and pianist. Mr. Wilson, currently on the dance staff of New York City's YM & YWHA, has appeared with the Robert Joffrey Company also in a triple capacity as pianist, dancer and singer, and in the NBC TV Opera Theatre production of "Arlundin," which Mr. Joffrey choreographed. Mr. Wilson has found time in his 25 years to do drama direction, choreography, to pursue a year of music study in Geneva, to appear with the Roger Wagner Choral, to appear as vocal soloist in recital and with orchestra, and to compose a list of original works in every conceivable form.

Diane Conser is a brilliant new soloist who arrived in New York only one year ago from Chicago. Her blonde beauty, combined with her flawless technique, have made her a natural selection for directors of leading commercial shows. She has been featured in the Motorola, Studebaker and Chevrolet Shows. Since arriving in New York, she has appeared on the Dinah Shore Show and the Firestone Hour, in the "April in Paris Ball," as soloist (con. on p. 4)

## S.S.A. CARDS ARE AVAILABLE IMMEDIATELY

Of the 1085 Stout students enrolled at Stout state college for second semester, only 984 students have claimed S.S.A. and athletic privilege cards.

Eugene Battist, S.S.A. president, urges the one hundred students who have not received cards to do so immediately so as to be eligible for basketball games and other school activities.

Athletic tickets and S.S.A. cards are available in the S.S.A. office located on first floor of Harvey Hall. A fee slip indicating that fees have been paid for second semester must be shown before the cards can be obtained.

# THE STOUTONIA

## FROM THE EDITOR'S DESK

Final tests are a thing of the past, but are, nevertheless, a continuing concern. The beginning of the new semester ordinarily brings a long list of suggestions on ways and means of improving students' records. Usually the suggestions take the form of do's with success as a goal. All of the following are designed to help the student attain failing grades.

Do not bother with a textbook.

Remind yourself frequently how dull the course is.

If you must study, try to lump it together and get it over with. The most suitable time is the last week of school.

Have a few friends handy during study periods so that you can chat when bored.

Stay up all night before finals. You can spend the first half of the evening discussing your determination to cram and the latter half drinking coffee or whatever your tastes prefer.

Write your examinations rapidly. Glance at the question and then put down your first impression.

Remember that success in life is your main aim and never let extraneous matters such as grades interfere with this objective.

Whether you plan to adopt these rules or have been using them in the past, you can consider them to be tried and true. The results are constant.

Happy studying!

## CLUB NEWS

The Hyperian sorority met Thursday, January 24, at 7:15 p.m. in the audio-visual room of the library. Plans for entertainment at the Panhellenic rushing party were discussed, as well as a theme for hats for the occasion. It was also decided to sell chances on a quilt again this year.

Plans were discussed for the all-school mixer sponsored by the Hyps to be held March 2. Barb Benzie asked for volunteers to make arrangements for the dance.

Several members of the 4-H club on campus attended the Dunn County 4-H council meeting last Friday evening, January 25. The reason for attending the meeting was to establish a relationship between the clubs.

Ken Ceirel, an International Farm Youth Exchange student from Wisconsin, told of his trip to South America and of the people he met and worked with.

The 4-H club will hold the next meeting soon. Mid-termers are invited to join. Watch the bulletin board for announcement of the next meeting.

GOLDEN RULE

MAIN STREET

A weekly meeting of Pallas Athene sorority was held Thursday evening in the library.

Plans were made for the winter carnival Snow Ball and discussion also covered other activities.

Ann Kofoed reported on Pallas Athene founder's day which will be held on February 14. A banquet will be held in the tea room of the dormitory that evening to commemorate the event. Red roses will be worn by members to symbolize the sorority flower.

Bo Brown was chosen as the Pallas Athene candidate for winter carnival queen.

On January 24, 1957, Sigma chapter of Delta Kappa Fraternity voted into office the following members: President, Ivan Isaacson; vice-president, Bill Bettisworth; correspondent secretary, Duane Wickland; treasurer, Jim Indihar; recording secretary, Al Rusch; sergeant of arms, Bruce Elund; chaplain, Gus Tepp; publicity manager, Hans Hatoy; historian, Jim Nadeau; and alumni secretary, Bob Temple.

The seventeenth meeting of the Grand Chapter of the Sig Tau fraternity was held at the Hotel President, Kansas City, Missouri, December 27, 1956. Representing the local chapter from Stout were Jim Jonen, chairman of the social committee; Bob Dahlke, sergeant of arms; Warren Barberg, vice deputy; and Bob Atkins, an alumnus. Warren Barberg was honored by being elected president of Sig Tau Gamma. Warren is the youngest person ever to be elected. Jim Jonen and Bob Dahlke enlightened the local chapter by their reports on the convention and offered many suggestions which will help to improve the fraternity.

Charles Bruemmer, Jerry Schoenike, and Reiny Meihner are back on campus after completing their student teaching assignments.

The Sig Taus lost two brothers during the semester. Hank W. Rachel received his diploma and did not have to look for a job, because Uncle Sam had a position open for him. Bob Anderson transferred to Western Michigan.

Disc jockeys Gary Penn and Jim Kogler furnished the music for the mixer after the Winona basketball game. It was attended by a large crowd, and the free refreshments were enjoyed.

The Sig Taus wish to congratulate the following: Mr. and Mrs. Jerry Schoenike on the arrival of their baby daughter; Dave Greach and Dorothy Dieter, who were married during semesters; on announcement of their engagement Roger Kerstner; Mary Vogtsberger and John Posewitz; to Jerry Porter who is now going steady; and last but not least to Gary Penn, about whom it is rumored that he had a purpose in buying a fraternity pin.

## THE SIGMAS MEET TO INITIATE NEW MEMBERS

The Tri Sigma sorority met in Harvey memorial Thursday, January 24. The earlier part of the evening was spent singing sorority songs from the national songbook, "Songs Sigmas Sing."

Three more girls were formally initiated into the sorority. The girls are Opal Burton, Ardelle Dregne, and Annette Hanson.

Following initiation, harmony hour was held and refreshments were served on the third floor of the union building.

The girls unanimously voted Audrey Schroeder as candidate for winter carnival queen.

Plans for a toboggan party and for a founder's day celebration were discussed at the regular meeting of Phi Sigma Epsilon fraternity last Thursday, January 25, in the club room.

Phi Sig Founder's Day will be held on February 20. This is the 30th anniversary of Phi Sigma Epsilon national fraternity. Plans for the celebration will be announced soon, as will plans for a toboggan party to be held at the cottage of E. W. Siefert, Phi Sig advisor. Also, seventeen Phi Sigs are planning on attending the fraternity regional basketball tournament in Milwaukee on February 22.

Also at the meeting Gene Ender was congratulated for becoming a father on January 20, and Noel Lehner was remembered for becoming engaged last December. Congratulations are also in order for Ted Nick, who was elected secretary of the Mid-Termers Club, and Dick Popp, who is president of the International Relations Club. The Phi Sigs are now in first place in intramural basketball and they are practicing for intramural bowling, which is to start soon.

The Phi Sigs will certainly miss Doug Pagel, Neil Hoepfner, and Bill Peterson, who graduated at the end of the first semester. Doug is now teaching junior high electricity at Rufus King high school in Milwaukee. Neil is also working in Milwaukee, but as yet they haven't heard from Bill. Stan Suk also graduated in January, but is staying on at Stout for graduate work.

## DOORM NEWS

With the weather the way it has been for the past few weeks, many of the girls at the dorm spent a large part of their week ends skiing or skating.

Katchen Kubitz is the new vice president of Tainter Hall. She was recently elected to replace Geraldine Hillcoat, the former vice president who is now married.

All three dorms are now making preparations for their Sweetheart Dance planned for February 18 in the Tainter Hall lounge.

The girls at Tainter Hall unanimously decided to support the candidate for Winter Carnival queen representing the freshman class, Dorothy Grundmann.

## WESLEY ELECTS NEW OFFICER. HOLDS FORUM

Wesley Fellowship met at the Trinity Methodist Church for worship, supper and a business meeting.

During the meeting Jerry Kaskinen was elected vice president and program chairman of Wesley. This election took place to fill in for Donald Gibbons who is now president, replacing Lawrence Nelson, now in the navy. New program committeemen are: Betty Fraley, Bruce King, Tom Wright, and Nancy Cory.

Following the business meeting was a program consisting of slides on Puerto Rico shown by Harry Littleman, and a talk by Reverend Ralph Beece. A worship service and friendship circle closed the meeting.

Wesley Forum, which is held each Sunday morning at 9:00 a.m. in the Parsonage will have instruction and discussion on "Missions." It will be led by Dr. Herbert Anderson.

## SLOW LEARNER NEEDS SPECIAL TEACHING HELP

The husk about mentally retarded youngsters is vanishing.

Who are they? According to John Melcher of the State Department of Public Instruction they are the children of normal parents most often. They can't learn as rapidly as their playmates. Technically they have an I.Q. of 70 or less and with time and patience they can be educated or, if their I.Q. is below 50 they can be trained to take care of many or all of their needs.

"Parents who have a slow learning child do not hide him away today. They want something done for him," says Melcher.

One out every 50 children in Wisconsin is a slow learner, unable to keep up with the pace set by his chums in class. Only 292 teachers in the state's public schools are specially trained to help the retarded child; 16,000 students need special help and only 5,000 are getting it.

Two private schools, St. Coletta near Jefferson and Bethesda in Waukegan, are helping the mentally retarded child learn. Sister Sheila of St. Coletta school tells of the renewed hope youngsters gain in a residential school.

"Bark home I was a dumb guy," said one St. Coletta student. "Here I can become a big shot."

At the Deming school in Kenosha, Principal Genevieve Kelly and her staff work with 70 students from ages six to 18. She tells of a boy who returned after "graduation" to show her his weekly pay check of \$30. He could not read very well but he was small and patient and his new job fitted him well. He was asked to roll under new car chassis and match and connect wires, by color.

Recently the State School Health Council and the State Department of Public Instruction both requested the State College Regents to begin training teachers of the mentally retarded students in one of the northern colleges where special teachers are most scarce.

The mentally retarded child can become an asset rather than a liability to a community. He can do it by education at a speed he can handle.

Teacher: "Harold, what are the three great American parties?" Harold: "Republican, Democrat and Cocktail."

Man is nothing but dust and woman can settle him.

In the Russian zone of Berlin the door of a parrot's cage was accidentally left open and the bird escaped. The owner immediately inserted an advertisement in the local paper: "I wish it to be definitely understood that I do not share the bird's political opinions."

## LOCAL HOMEMAKER OF TOMORROW IS NAMED

Homemaker of Tomorrow at Menomonie high school this year is Miss Mary Diederich, daughter of Mrs. Richard Diederich, 1310 1/2 Main St. Her score on a written examination administered to 42 senior girls at the high school won her the title. In the Betty Crocker search to discover the All-American Homemaker of Tomorrow.

To denote her achievement, Mary will receive an award pin which Tri-fari of New York designed for the contest. Now her examination paper will be placed in state competition to discover Wisconsin's representative, who will in turn be entered in the national award program, judged in New York City on May 2.

Miss Diederich has received her homemaking training in the home economics program of Menomonie high school, using the home economics facilities of Stout state college. Her teacher in this field has been Mrs. Frances Schneider of the Menomonie high school faculty. Mary is a graduate of St. Joseph's parochial grade school.

This year 306,536 young women in 11,636 of the nation's public, parochial and private high schools are competing in Betty Crocker's third annual homemaking program, designed to enhance the dignity and prestige of the homemaker.

Top awards in the competition seek to emphasize the personal qualities and sense of values necessary to successful homemaking. Each state winner will receive a \$1,500 scholarship and trip for herself and her school advisor to Washington, D.C., and New York. Second place state winners will receive \$500 scholarships.

The young women selected as All-American Homemaker will be awarded a \$5,000 scholarship. Girls who rank second, third and fourth nationally will receive \$4,000, \$3,000 and \$2,000 scholarships respectively.

## SCHOOL BUSES ENJOY DEATH FREE RECORDS

Wisconsin school buses traveled almost 32 million miles last year, carrying their precious cargo of 150,000 miles. There were no fatal accidents.

The familiar yellow Wisconsin school bus provides the safest means of getting a child to school. It beats walking, bicycles, or the family car. "School bus transportation is probably the safest motor vehicle travel in Wisconsin," says T. A. Sorenson, supervisor of transportation in the State Department of Public Instruction.

Statistics seem to prove him right. Not since October, 1952, has there been a fatal accident involving a school bus passenger. This death-free record stretches over 115 million miles of travel and involves more than 600,000 children passengers.

In fair and foul weather, on good and bad roads the buses travel. Their record is a credit to their drivers, school administrators, and Wisconsin motorists who stop when the lights begin flashing their red warning.

From Wisconsin's Motor Vehicle Department comes praise for the school buses but also a note of warning.

"There has been fine progress in Wisconsin school bus transportation," says R. C. Salisbury, director of highway safety promotion. "But no one should relax, thinking the job is done. School bus operators need continually better training, laws need clarification, and the motorist needs to stay constantly alert for the stopped bus, in his lane or in the other lane."

A bus's flashing lights and an automobile's brakes are operated by human beings, Director Salisbury points out. And human beings make mistakes as the highway safety division well knows, since it records 20,000 accident injuries annually.

At stake in Wisconsin school buses are 150,000 lives—each one too important to lose. The death-free record must continue, unbroken.

## NEWS OF OUR ALUMNI

Gary Gere, B.S. 1944, and his wife, the former Ellen Russell, are living at the US Naval Station in New Orleans. Gary is a seaman apprentice and draftsman for the US Navy.

Roger L. Randall, B.S. 1951 and his wife, formerly Audrey Goodale, and their son, David Lee, are residing in Hendricks, Minnesota. The family recently visited with Roger's brother Dave in Willmar, Minnesota. Dave is also a '51 graduate of Stout, and an industrial arts teacher.

Art Finer, B.S. 1950, and his family, including two sons, Tom and Bruce, are now living in Fresno, California. Art teaches math at the high school during the day. Trade extension-mechanist apprentices and industrial math are taught by him at the junior college in Fresno in the evening. The family has taken occasional trips to the mountains to see and enjoy the snow. Art has also attended the summer school session at the University of California in Berkeley. He also enjoys outings in San Francisco and salmon fishing in the ocean.

William P. McKanna, B.S. 1943, M. S. 1951, and his wife, Mary (Dorick) with their three daughters are living in Lemont, Illinois. Mr. McKanna is an industrial engineer at the Andrew corporation in that city.

Mrs. Eugene Schmidt (Martha Beck), B.S. 1924, and family are living in Madison, Wisconsin. Her main job is homemaker, but in addition she teaches one night a week in the city vocational program and is an instructor with the University correspondence study department. In professional work she is chairman for the Madison alumnae chapter of the U. S. She is also active in church work, cub scouts, and the city league of women voters.

Marjorie A. (Giles) Seffernick, B.S. 1945, husband, and three children are making their home at 3933 Meridian St., Seattle 3, Washington. At the present time, she is a homemaker and a clerk at Boeing Aircraft Co. Previously she taught nursery school, kindergarten, and high school home economics.

## ATTENTION, ALUMNI!

Save the evening of Saturday, February 23, for a big party that is being planned for the enjoyment of everyone. There will be music and dancing and food to eat. Watch this column for all details. Circle that date—February 23, on your calendar now!

## STOUT vs SUPERIOR

Tomorrow night the Superior Yellow-jackets invade the Stout campus for a basketball game. The last time that Superior was in Menomonie, the Yellow-jackets ruined a good homecoming football game. Now the Blue Devils have a chance to atone for this defeat last October. Superior has a three won, two lost conference record and they are in fifth place in the conference standing. The Blue Devils should find that Superior will give them their first conference win of the year.

## STOUT vs LA CROSSE

On Monday night the La Crosse Indians will march into Menomonie for a re-match. The Indians beat Stout at La Crosse earlier in the season. La Crosse has a 2 won, 3 lost record and when the Blue Devils finish scalping them, La Crosse should have a 2-4 record. The Stout cagers have improved a great deal this year and are very hard to beat on their home floor. If the Blue Devils play 40 minutes of the terrific brand of basketball they are capable of, they should climb out of the conference cellar by Monday night's end.

## "S" CLUB

Each year at this time, many high school and outside college letter-sweaters and jackets are seen on the Stout campus. This is in rather bad taste and should be considered as impolite.

The "S" club, composed of Blue Devil major monogram wearers, requests that all high school and outside college letter-sweaters not be worn on campus.

or in town. The sweaters, however, are permissible provided that all numerals and monograms are taken off.

The "S" club realizes that all of you enjoy wearing your letters and other school colors, but it is felt that those days are over now, and that college life at Stout has started. It is in all due respect and courtesy to the "S" club and its members that letters not won at Stout be left at home.

So, from now on let's try to remember to comply with the wishes of the "S" club and the student body as a whole by leaving the lettered sweaters at home where they belong. Why not try to come out and win a college letter at Stout in the sport of your interest.

There was a rabbit who, every time he went out to play, ran up and down the hill, and hit all the mice on their heads with a stick. Mother rabbit became very worried about the situation so she asked him not to do this. For a few days he played on the hill without hitting the mice on their heads with a stick. Then, again he started. His fairy godmother appeared to him and said, "If you don't quit running up and down the hill and hitting the mice on their heads, I am going to change you into a goon." So, for the next few days he played nicely; then, the temptation became too great. After he saw the little creatures running down the hill, he took after them and started hitting them on their heads with his stick. Sure enough, he was turned into a goon. The moral of this story is, hare today, goon tomorrow!

## W.R.A. TOURNAMENT WILL START MONDAY

W.R.A. basketball sports manager, Gwen Stuve, announced today the all-school girls' basketball tournament, which will start Monday, February 4, 1957. Gwen divided the teams into two leagues:

LEAGUE I	LEAGUE II
Hyperians	Alpha Sigs
W.R.A.	Tainter Hall
Eichelberger	Freshman class
Palms Athens	Tri Sigs
The schedule of the play offs which the teams will follow is posted on the W.R.A. bulletin board as listed:	
February 4 Monday	
LEAGUE I	
7:30 Hysps. — W.R.A.	
8:00 P.A.'s — Eichelberger	
LEAGUE II

## CLUB ELECTS OFFICERS, ACCEPTS NEW MEMBERS

The Ski club has been energetically winding down the hills at Deepwood. Through the past weeks the group has been quite active at this area.

Some new members were added at the semester, along with two new officers. Mary Tickler was elected secretary and Larry Sil is vice president. Mid-termers are invited to join the club. Announcement of the next meeting will be posted on the bulletin board.

Joe: Who was that peach I saw you with?  
Jim: That wasn't a peach; she was a grapefruit.  
Joe: Why a grapefruit?  
Jim: I squeezed her and she hit me in the eye.

"And then," said the w...ess, "my wife hit me with an oak leaf." The judge said, "That couldn't hurt very much."  
"Well, you see," explained the fellow, "the leaf was from the center of our dining room table."

## CONVO . . .

with the Ballet Theatre Workshop, in concert with William Dollar, and, of course, with Robert Joffrey.

Brunilda Ruiz is a pure product of Robert Joffrey training. A graduate of Hunter College, New York, effin Miss Ruiz has appeared with the Joffrey Dancers in every facet of their varied public life: in the two concerts devoted to Joffrey's ballets given at the YMHA in 1954 and 1955, on the NBC-TV showing of "Griffelkin," which was staged and choreographed entirely by Joffrey; at the April in Paris Ball, the Rockefeller Center Swiss Christmas Ice-travaganza, and at the Ballet Theatre Workshop evening at the Phoenix Theatre which again catapulted Joffrey and his Company into the headlines. Young Miss Ruiz spent this past summer in Warwick, Rhode Island, lending her captivating charm and brilliant dance technique to a series of musicals. On December 15 she was married to John Wilson.

## VISIT OUR LUNCHEONETTE

SCHULTZ BROS. CO.  
MENOMONIE • WISCONSIN

## BLUEDEVILS ARE TROUNCED BY EAU CLAIRE

Once again it was the new version of that same old story as the Stout Blue Devils went down to their fifth conference defeat in five tries. The Blue Devils were in command at the mid way break, but that was about all. They lost the game in the second half to Eau Claire as the Blue Devils came on steadily to win 75 to 69.

Half time score: Stout 32, Eau Claire 28.

Stout outshot Eau Claire from the field, 27-25, but lost the game at the free throw line as the Blue Devils hit on 25 of 34 attempts, while the Blue Devils hit but 15 of 25 tries.

Brian Howard was high man for the Stout cagers with 19 points. Keith Moessner and Bob Sorenson followed with 14 and 12 respectively. Jim Bolm added 10 and Jann Peterson 9, to the Blue Devils cause. Lon Elten was high for Eau Claire with 20 points, 18 of them coming in the second half. Bob Morgan and Jim Bollinger followed for the Blue Devils with 18 and 15 apiece.

Stout's driving game was considerably hampered by the Eau Claire defense and the Blue Devils had to rely on their outside shooting. The Blue Devils did not score on a close range shot during the entire last quarter of the game. It was during this time that the Blue Devils really took a firm grip on the game.

For Stout the loss was their third straight and the sixth for the whole season. The Blue Devils have won six games, but not a one of the wins came against conference opponents.

"What a lovely fur coat you have on, dear. Your husband must have changed jobs."

"Oh, no, I just changed husbands."

"I never said I didn't like her," a woman defended herself. "I merely remarked that all the polish she has is on her fingernails."

## CHILD PSYCHOLOGY

Neighbor: "I heard your kid bawling last night."

Parent: "Yes, and after four bawls he got his base warmed."

UN confirmed report: A Soviet archaeological expedition has discovered the remains of Genghis Khan. The Soviets have made positive identification. Khan has confessed his identity.

## PROCLAMATION

1. All gals should go a-courtin' and if a guy is ketched he's gotta cooperate.
  2. The gals gotta go after the guys, but the males has gotta fetch the gals home.
  3. Gals have gotta keep the guys happy and amused.
  4. Females has gotta open the door, walk on the gutter side of the sidewalk, help the guy on with his coat and do all other male courtesies.
  5. Gals gotta pay for all entertainment, which includes chewin' tebakker and Kickapoo Joy Juice.
- Gals, your chance is here at last to get the man with the traveled past. Sadie Hawkins set the pace, so wipe that yearnin' off your face. Dogpatch style will be in swing, so take 'em out and give 'em a fling. The A.S.A.'s have shown the light, so take 'em out and treat 'em right.

## WARNING! TAKE TO THE HILLS, MEN

This article is to give notice to all Stout's Dogpatch men what ain't married yet, to "take to the hills," cause the ASA's have proclaimed February 10 to February 16 will be Stout's official Sadie Hawkins Week. See'n as how there be inside this college a parcel of gals who ain't married yet but crave somethin' awful to be are advisin' you men to get out your running shoes, cause thar ain't no whar safe anymore. Even the Union will be filled with gals aakin' to ketch one of yo pore unsuspectin' males.

The ASA's are not only providin' yo gals with a chance to take out the men you've been deavin' to "hook" all year, but also providin' yo men with a chance to be asked, instead of all the time doin' the askin'. Any gals who don't go along a courtin' at least one Lil' Abner durin' this hyar week will be vilatin' all the laws of Stout's Dogpatch Chapter, and will be considered one big mozzable skunk. To help you gals keep the men happy, the ASA's are sponsoring a Candy Sale on Monday so yo' can get him just plumb full of candy. Wednesday, is the day of the all-school tea in the Harvey Memorial from 3:00 to 5:00, to fetch him in thar, 'caus you knows that the way to a man's heart is thru his stomach. Saturday is the big event of the week—the Sadie Hawkins Dance, so dig out your wallet gals, fetch yore man a corsage, and jump into your best Daisy Mae outfit, 'caus that's goin' to be some dance what with a real modern marriage booth, tasty kickapoo joy juice, and some mighty nice prizes for the best dressed Dogpatch couple.

### WEATHER BIRD

Continued mild temperatures may be expected through Saturday, according to the feathered forecaster.

"She'll cool off tomorrow afternoon," he croaked, "and Sunday temperatures should sit tight in the mid-twenties."

He didn't seem to think any snow would fall, although freezing drizzle has been reported in the southern portion of the state.

## STOUT PATCH GALS ARE OUT FOR GAME

With eyes a sparklin' and pigtails a flyin' Stoutpatch gals are out for game. Gone are the days of hopeless sighin'. For all a gal has to know is the fella's name. Set a trap baited with moonlight; Feed 'em a line wit sweet talk as lure. If'n this approach don't seem quite right, A half-nelson will git thet guy fer sure. Alpha Sigma Alpha set the date and hopes it's a week most pleasin'. Remember all yo men has got to co-operate. For this is Sadie Hawkins season.

## CAST IS CHOSEN FOR M.A.P. GHOST STORY

The play, A Murder Has Been Arranged, will be the spring production of the M.A.P. organization. In contrast to the comedy, Ring Around Elizabeth, this is a ghost story. The players who will cause shivers of terror in the audience, including the ghost are: Corrine Nelson, Gene Ender, Gloria Zittow, Donna Paul, Betty Havlik, Ellen Steinhoff, Paul Paulson, and Jerry Howard. The members of the band have not been chosen. NOTICE: The committees are being selected now. Those who are interested should sign in room 316 (if you have not done so), or on the bulletin board. This backstage participation also counts toward winning points for joining the Manual Arts Players. The committees: Designers (for costumes, posters, and setting), stage manager, business manager, house manager and ushers, and working on properties, costumes, lighting and make-up. There are make-up sessions for those who would like to learn how to apply grease paint for plays. (Watch bulletin board for the times) The dates of the play are March 21,

## TEA FEATURES WINTER QUEEN CANDIDATES

The winter carnival tea was held Wednesday, February 6 in Harvey Memorial. The purpose of the tea was to introduce the six queen candidates for winter carnival to the student body.

As visitors entered Harvey Memorial for the tea, they found it transformed into a winter wonderland of glittering snowflakes, with wintry sounding music filling the air. At the tea table, for one-half hour intervals, Dean Kirk, Dean Antrim, and the candidates for carnival queen, Bo Brown, Nat Wick, Dorothy Grundmann, Patty Jo Hovde, Bobette Mulock, and Audrey Schroeder, served punch and spiced tea.

The success of the tea, sponsored by SSA, can be contributed to the following committees: food committee, Shirley Bournoville; decorations, Diane Darcy; entertainment, Barb Habstritt; and publicity, Rita Jackson.

## CORONATION IS SCHEDULED FOR FRIDAY EVENING

Come one, come all, winter sports enthusiasts; join the competition and fun. Single or attached, games are for all.

Yes, Friday night's slate of activities is a full one. Following the coronation ceremony at 7:30, activities will start at 8:00 and continue until the dance. Events and their tentative time are as follows:

7:30—Coronation  
8:00—Free-for-all ice skating race  
8:15—Couple's race  
Skit  
8:30—Tug of War  
Skit  
8:45—Sled race  
9:00—Phi Sigma - F.O.B. Hockey game  
9:30—Come-as-you-are-dance, Stout gym

It has been rumored that the hockey game this year will hold many thrills, spills, and probably chills. Each team, equipped with regulation equipment, brooms, and a football, will play the game according to regular hockey rules, penalty box included. All members are urged here not to forget to return their brooms to Lynwood Hall as soon as possible; Saturday is cleaning day.

Points will be awarded to those persons winning first, 5 points; second, 3 points; or entering a contest, 1 point. The boy and girl having the highest number of points will each receive a ski sweater.

## ANN JANDA TO CROWN QUEEN CONTESTANT

"Queen of the Winter Carnival" will be the words spoken to the winning candidate Friday night at 7:30 at the Stout skating rink opposite the girls' dorms. Entertainment and activities will follow the coronation ceremony.

First announcement of the queen will be made when Ann Janda, retiring queen, places the crown upon the lucky girl's head.

Following the special entertainment, winter carnival activities will proceed in full swing with the various games, skits, and dance in the Stout gym.

Decorations to enhance the winter theme will be provided by nature. Barb Williams, chairman, and her committee have spent many hours in preparation for this event. Members of her committee include Nancy Fennner, Sylvia Felland, Carol J. Smith, Charlene Pichelmeyer, Donna Enders, and Annabelle Ballard.

Candidates for winter carnival queen are shown above. Pictured in the front row from left to right are Bobette Mulock, Dorothy Grundmann, Nathalie Wick, and Bovaard Brown. In the back row are Patty Jo Hovde and Audrey Schroeder.

## WINTER CARNIVAL QUEEN CANDIDATES AWAIT ANNOUNCEMENT OF WINNER FRIDAY EVENING

Four sororities, two fraternities, and one class have chosen six candidates for Winter Carnival Queen.

Sponsored by the Pallas Athene sorority, Bovaard "Bo" Brown, from Stanley, Wisconsin, is a sophomore and represents that class on the Student Governing Board, is treasurer of the ski club, and a member of the Home Economics Club, Choir, Symphonies Singers, and the Pallas Athene sorority.

The freshman class has chosen Dorothy Grundmann, a member of Gamma Delta and the Home Economics Club. Dorothy's home is Waukesha, Wisconsin.

Patty Jo Hovde, a sophomore from Ellsworth, Wisconsin, is sponsored by the Hyperian sorority. Patty Jo is a member of Y.W.C.A., the Home Economics Club, L.S.A., Ski Club, and the Hyperian sorority.

From Reedsburg, Wisconsin, Bobette Mulock is sponsored by the Chi Lambda fraternity. Bobette, a sophomore at Stout, is a member of Tower, Choir, Wesley Student Fellowship,

and the Pallas Athene sorority.

The Sigma Sigma Sigma sorority and the Phi Sigma Epsilon fraternity have chosen Audrey Schroeder, a sophomore from Hector, Minnesota. She is a member of the Concert Band, Stoutonia, Symphonic Singers, Home Economics Club, L.S.A., the Assembly and Lyceum Committee, and the Sigma Sigma Sigma sorority.

Nathalie Wick of Pearl City, Illinois, is a senior. She has been or is a member of WRA, Tower, Stoutonia, Governing Board, Phi Upsilon Omicron, Alpha Sigma Alpha, and is secretary of the Stout Student Association. Nat, who is sponsored by the Alpha Sigma Alpha sorority, has been the winner of the ski sweater in the girls' division of the Winter Carnival for the past two years.

## MID-TERMERS WELCOME S.S.C.'S NEW STUDENTS

Tuesday, January 22, Stout welcomed ten new transfers and all returning students for the second semester of the 1956-57 school year.

The newly organized Mid-termers Club sponsored the dance given that night. Dr. and Mrs. Iverson were chaperones for the occasion. All new students and teachers were invited to come. Dave (Zack) Zakrzewski did the honors of introducing the new students who attended the party. They are as follows:

1. Carol Kinnee from Milwaukee
2. Bob Schentgen from Milwaukee
3. Patricia Samuelson from Pepin
4. George Flith from Menomonie
5. Mary Paulin from Mukwanago
6. Alex Pyfezynki from Pulaski
7. Richard Fishburn from Elgin, Ohio
8. James Blasczyk from Pulaski
9. Ned McDonal from Black River Falls
10. Mary Ellen Jones, a new graduate student from Savannah, Georgia

Punch was served and during intermission Zack played his guitar. A big banner saying "Hi Midtermers Hi" hung from one side of the gym to the other to welcome everyone who attended.

This was the closing activity for the club this year, but they will resume again next fall with the election of officers. Membership will be extended to include all mid-term entrants of this year.

The club was very happy with the results of this year and are looking forward to the next year's activities. They wish to thank Miss Mary K. Williams, advisor; and Dr. R. Iverson and other faculty who helped them get the names of the new entrants in advance.

Overheard was a remark from a new student: "Everyone is so friendly and easy to become acquainted with. I'm sure I'll like it here." So let's all of Stout help the attitude that way.

## MANY EVENTS ARE SCHEDULED FOR SATURDAY

Saturday, February 9, will see most of the athletic contests connected with the Winter Carnival take place in the afternoon. A schedule of the events planned, their time, and the place is as follows:

9:00 a.m. to 4 p.m.—Ice Fishing contest on Lake Menomonie, behind the girls' dorms.

Prizes: largest, smallest, most. (If fewer than 5 entrants, prize will be given for the most fish only.)

Chairman: Ed Zillman

1:00 p.m.—Snow Carving judging  
Remaining athletic contests will be held at the Fairgrounds, with the Ski club in charge.

1:30—Cross Country Race\*  
2:00—Snowball fight (Girls' dorm vs. Boys' dorm)  
2:30—Snowball rolling contest\*  
2:45—Log sawing contest\*  
3:15—Downhill sled races\*  
3:45—Cardboard sliding races\*

Contests started will award points for participation for drawing of a grand prize which will be awarded at the Snow Ball that evening.

Saturday evening, the Pallas Athene sorority is sponsoring the annual Snow Ball, from 8 p.m. until 12:00 p.m. with music by Chuck Mehls orchestra, in the Stout gym. Intermission activities will consist of:

1. Judging of beard-growing contest
  2. Presentation of the Winter Carnival Queen
  3. Awarding of prizes for participation in activities
  4. Drawing for the Hyperian quilt
- Be sure to join in the activities, and we will see you at the Snow Ball!

## FROM THE EDITOR'S DESK

"Ow!" "Hey, leave us alone!" "Don't make us all messy." Is this what our queen candidates' pictures said when some marauder abused them? Something, also to the same effect, may have been said by one of the posters of a college religious group when its partner was removed from the table on which they were placed, all in good faith that they would be there in the morning. And is it publicly known that the signs on the elevators, put there as a reprimand by Dr. Verne C. Fryklund, were removed without due authority of proper officials?

Is it possible that some high school "delinquents" have enrolled themselves in Stout state college as spies, or are there just some "juveniles" loose in the student body of Stout state college? It is generally thought to be the latter idea, but what is to be done about this type of thing? Is this to continue unchecked? If a group or organization can't put posters up with the knowledge that they'll still be in the same condition at a later date, then something should be done, and done by the student body.

"Child" students (not "adult" when they act in such a fashion) will continue to act in a "juvenile" way if reprimanded by instructors (not their job to reprimand students for such acts anyway), just to show they are "big stuff." If they were reprimanded or punished by fellow students the "treatment" would take effect immediately.

Thus for the sake of organizational property and more cheerful looking halls at Stout state, I believe the above, don't you?

—Beverly Ann Madsen

Approximately four weeks ago the elevator in Harvey hall was put out of commission by some student. After its repair, signs were posted on all floors stating that the elevator could not be used by the student body unless a student was not physically able to climb the stairs.

What was the reason for this action by the President? A committee of three from the Student Governing board asked this question of the President. He pointed out that this is not the first time that this mishap, be it deliberate or accidental, has happened. Upon questioning, he related further that this damage was done by activating the emergency stop button when the elevator is between floors. This action does not merely stop the elevator, but as a safety device, inflicts damage to the electric motor driving the elevator.

The President pointed out that as a normal safety procedure, a maintenance man from Milwaukee stops at the school twice a month to check the elevator. This service call, which is for the benefit of all who ride the elevator, costs the school \$40.00 for each call. During the past three months, because of damage done by students, the elevator repair bills have been in excess of \$400.00. Simple arithmetic will show that this amounts to about \$250.00 more than normal service charges should be.

Also, when President Fryklund put up the notices stating that the elevator was not for student use, he rightly expected to see those notices respected.

However, a few students took the liberty to remove those signs without any authority whatsoever and continued using the elevator.

With such a lack of cooperation and respect on the part of certain students, perhaps the luxury of the elevator should be prohibited. Stout is one of a very few colleges with an elevator available for student use, but the students do not seem mature enough to push the right button.

At the end of the discussion with the president, he agreed to place the elevator back into general use for all students. He pointed out that it is not his desire to administer mass punishment to the student body for the rash actions of one or a few students. However, if mutilation of school property continues, he states that the school just cannot afford to continue paying extensive repair bills on the elevator and its use will again have to be restricted.

It must be remembered that the use of the elevator is still an exception and not a rule. Let us all obey the rules that there are concerning the elevator, and use the emergency button only as you would use a fire alarm.

## CLUB NEWS

Thursday, January 31, the Hyperion sorority met in the audio-visual room of the library. Plans for the rushing party and hats were discussed. Ideas for the ice carving contest were presented, and plans were made for construction. Campaign songs for the winter carnival candidate, Patty Jo Hovde, were practiced. It was decided that in place of the usual trip to the cities, the group would go to the U.S.F. Chinese supper and then to the ballet presented later.

The Tri Sigma sorority held a ceremonial meeting on Thursday evening, January 31.

Final preparations were made for the Panhellenic rushing party on Saturday, February 2.

Chief topics for discussion were Winter Carnival festivities and the annual skit-night sponsored by the FOB fraternity.

## HOME ECONOMICS CLUB COUNCIL HAS MEETING

The Home Economics Club Council held a meeting January 23 at 4:30 p.m. in Harvey Hall. Business for February was discussed.

Six girls were nominated to work on the state Home Economics Club constitution. Their ideas will be included and the constitution will then be discussed and accepted at the Provincial meeting. The committee consists of Ann Westlund, Ardele Dregne, Betty Spradley, Rhea Van Vleet, Louise Grant, and Barbara Olsen.

A nominating committee for new officers for the Home Ec Club was selected. Two girls from each class are acting on this committee. The freshmen are Carol Barber and Jeanne Spradley; sophomores, Opal Burton and Jane Thompson; juniors, Betty Havlik and Shirley Budde; and seniors, Pat Browne and Connie Chellman.

Again this year the Home Ec Club will hold a dish cloth sale. The money will be donated to the international scholarship fund which is supported by all home economic clubs.

Chi Lambda held its monthly dinner meeting at the home of Dr. and Mrs. Nitz on January 24 at 6:30 p.m. The menu consisted of chow mein and rice with nuts, hot rolls, salad, milk, and coffee. A business meeting followed the dinner.

On February 7, Chi Lambda met as a group at 6:00 p.m., proceeded to the Tainter Memorial Library, and gave blood. One hundred per cent of the group was represented, with the exception of those who have had yellow jaundice.

The fraternity was sorry to lose William Romoser, Chi Lambda's former president, and Arthur Eick, who graduated in January. Their presence will be greatly missed. Richard Choke is now Chi Lambda's president.

The "S" Club invites all members of the faculty and student body, plus the public, to view free of charge "Green Bay Packer Highlight Films." The gala showing of these films will be at 8:00 p.m. on February 13, 1957, in the Stout auditorium.

Remember the date, and the fact that the admission is free. Be sure to back your "S" Club.

Winter carnival activities were the main order of business discussed at the Pallas Athene weekly meeting held in the library last Thursday evening.

Marion Kindschy, general chairman of the Snow Ball, informed the group that the dance will be held from 8:00 p.m. to 12:00 p.m. on Saturday, February 9, in the Stout gym. Descriptions of the decoration theme were discussed.

Plans for the Panhellenic rushing party were made, and Della Medin reported on Panhellenic council plans.

Mary: What are you knitting?  
Jane: Something to cheer up the boys.

Mary: Why, the war was over long ago.  
Jane: This is a bathing suit for me.

## NOTICE

The petitions for S. S. A. elections are due on March 1, 1957, at five o'clock. It is the S.S.A.'s wishes that each organization check the Student Handbook for qualifications concerning their candidates. The election for S.S.A. officers will be held on Thursday, March 14, in the halls of Harvey Hall.

**'LOUISIANA STORY' WILL BE SHOWN AT CONVO**

On Tuesday, February 19, at 8:00 p.m., the lyceum committee, in cooperation with the audio-visual department, is showing a great American documentary film by Robert Flakerty entitled "Louisiana Story."

It is a classic documentary of the impact of oil drilling on the life and mind of a young Cajun boy in the bayou country of Louisiana. Watch next week for further details.

The human brain is a wonderful thing. It starts working the moment you are born and never stops until you stand up to speak in public.

**BUSINESS ITEMS DISCUSSED AT BOARD MEETING**

On February 5, 1957 Student Governing Board held their annual weekly meeting in the Trustees room of Harvey Hall.

The situation of the elevator was discussed. The problem was taken to President Fryklund, and the report of this conference was made to S.S.A.

Roger Kirstner, president of Symphonics Singers asked how to carry on action to allow more students to participate in the S.S.S. The problem was referred to the Deans of Home Economics and Industrial Arts for further action.

S.S.A. discussed buying a first aid kit to use if necessary for school functions at the school picnic, Homecoming activities and others. It was decided that the chairman of each committee be advised to borrow a first aid kit from the athletic department instead of having S.S.A. purchase one.

The Homecoming dates for 1957 were discussed, but no conclusion was reached.

S.S.A. has lost two electric extension cords since the beginning of the semester. It was suggested that if anyone has borrowed them that these people please return them. They are very expensive and only of use to the S.S.A. as they are custom-made for S.S.A. equipment.

The item of the Queen Candidates picture was discussed. If it was taken by a Stout student, this is very selfish as the picture belonged to the entire student body, and as we are adults and like to be treated as such we should realize property rights.

The main objective of most girls is to get a ring job before their model gets too old.

Usually what you tell a woman goes in one ear and out into another's.

Basically, love hasn't changed a bit over the past 2,000 years. A woman will sit and listen to the lyre all night.

**SNOW BALL WILL BE HELD SATURDAY EVE**

The Snow Ball, to be held this Saturday night, February 9, from 8-12 p.m. will bring a very busy week end to its finale. The Rhythmaires from Eau Claire will provide the dance music.

The intermission will feature the selection of the winner of the beard growing contest. He will then be crowned by the queen of the carnival. The Hyperian quilt will be awarded to the lucky holder of the winning ticket. Ski sweaters and other prizes will also be awarded to winners of the sports events held on Saturday.

The Ball, sponsored by the Pallas Athene sorority, will be decorated with snowflakes, snowmen and other wintery characteristics.

**'HAT PARADE' IS THEME OF RUSHING PARTY**

"Hat Parade" was truly the theme of the Panhellenic Rushing Party on Saturday, February 3, in the Stout gym. Hats ranging from the Mickey Mouse version to flower bouquets were seen atop perky heads as sorority members entertained freshmen and transfer coeds at a rushing party.

An introductory game enabled girls to become acquainted. Several other activities were carried out, including a hat parade featuring the hats. Prizes were awarded for the most novel, different, and beautiful hats.

Sororities were introduced, and rushing rules were presented. Lunch was served in the union following the activities.

**STOUT REPRESENTED ON COLLEGE BOARD**

Stout state college will be represented this year on Mademoiselle's national college board by Marion Bast, 1959 and A. Joan Daniels, 1957. They are among the 650 students who competed with applicants from colleges all over the country to win places on the Board, according to Mademoiselle.

As College Board members, they will represent their campuses and report to Mademoiselle on college life and the college scene. Each girl will complete two assignments that will help her explore her interests and abilities in writing, editing, fashion, advertising or art, in competition for the twenty Guest Editorship to be awarded by the magazine at the end of May.

The Guest Editors will be brought to New York for four weeks next June to help write, edit and illustrate Mademoiselle's 1957 August college issue. Their transportation will be paid to and from New York and they will receive a regular salary for their work.

In addition to their work on the magazine, Guest Editors will interview outstanding men and women in their chosen fields to help clarify their career aims, will visit fashion showrooms, publishing house and advertising agencies and will be Mademoiselle's guests in a round of party and theatre-going.

## SPORTS ROUNDUP

What ever happened to the pep rallies that used to be held in the Stout auditorium? The practice of past years was for the SSA office, in cooperation with the governing board, to put on these pep sessions every so often. So far this year, there has not been a single pep rally staged by the SSA! The only pep rally the entire 1956-57 school year was one that was staged entirely by an enthusiastic group of cheer-leaders at Homecoming time. This spirit raising campaign was held at night on the lawn outside of the student union building.

The purpose of these seemingly forgotten pep rallies is to give students a chance to meet the teams that they are cheering for, and a chance to express a feeling of gratitude for the Stout hearted Bluedevils. The pep sessions give coaches an opportunity to speak to the student body and introduce the teams. So far this year, the parties responsible for such opportunities have failed to provide even the slightest occasion for students to meet their Stout teams.

There are only three home games left in the basketball schedule for this year. This doesn't leave much time for action by the SSA, but a good way to give the student body a pep session would be to take advantage of all these

unused Wednesday morning convocation periods that are set aside for use as student assemblies!

### RIVER FALLS

On Saturday, February 9, the Stout Bluedevils travel to River Falls for their next conference game. The Bluedevils will meet the Falcons for the second time this year when they try to avenge an earlier defeat at the hands of River Falls. The Falcons beat Stout, 78-90, in a triple overtime contest.

The Bluedevils should go into the game favorites to take their third straight conference win against five earlier defeats. Stout's over all record is 8 wins and 6 losses for the season.

### CONFERENCE STANDINGS

"Here it comes, Abe," is just what Jann Peterson could be saying to Jim Bolm as Pete gets ready to pass the ball. The action shot was taken as Stout topped La Crosse, 98-94, in Monday night's game.

## STOUT CAGERS SCALP INDIANS OF LA CROSSE

Wow, what a game to win! That was the opinion of a jam-packed gym last Monday night as the Stout Bluedevils rolled over the La Crosse Indians in a single overtime contest. The final count was 98-94 in favor of the hometown Bluedevils.

The victory was the second conference win in a row for Stout, against five losses, but it moved the Bluedevils out of the league cellar!

The following is taken from the Dunn County News.

"The win over La Crosse represents a top effort by the Bluedevils and one before performance followed another." Brian Howard netted the free throw that tied the score at 86 and forced the game into overtime.

Herb Helm had his only bucket of the game with 52 seconds gone in the

overtime to give Stout the lead that it never surrendered.

Keith Moessner scored six points during the overtime and 28 for the game by hitting on 16 of 17 free throw attempts.

Bob Sorenson added 17 points to the Stout total and played guard when Jann Peterson was forced to leave the game because of injuries.

Peterson scored four baskets in the first 10 minutes of the game which helped Stout to an early lead.

Jim Bolm canned nine of 13 free shots and was instrumental in controlling the ball during the overtime."

During the last 15 minutes of the game, the lead see-sawed back and forth as neither team could gain a lead. Both teams matched basket for basket and with 18 seconds left to play, it looked as though La Crosse might win. The Indians had a 85-84 lead and control of the ball, but Stout gained possession and Brian Howard was fouled. He made the second of his two free throws to send the game into overtime.

Howard and Moessner hit 28 points apiece for the Bluedevils while Winiarski hooped 29 for La Crosse. Ammerman had 24 for the Indians. Stout hit on 40 of 51 free throw attempts. Half time score: Stout 48, La Crosse 42.

## BLUEDEVILS TOP SUPERIOR IN A TIGHT GAME

The Stout Bluedevils captured their first conference win in six attempts last Saturday night when they downed the high flying Yellowjackets of Superior. The official count showed the Bluedevils on the long end of an 83-79 count.

Stout scored eight straight points to take a 69-68 lead with but six minutes left in the contest. The Bluedevils then poured some more coal on their fire combining their offense with some terrific defense to hold Superior in check the rest of the way.

Bob Sorenson was the top gun for the Bluedevils with 22 points. Jim Bolm hit for 19, Brian Howard and Jann Peterson hooped 15 apiece, and Keith Moessner followed with 10 counters. Jack Evans hit .23 for the Yellowjackets to take game honors, and Larson hit 16 for Superior, 15 of them on free throws.

Halftime score: Superior 40, Stout 34.

## SYNCHRONIZED CLOCKS INSTALLED RECENTLY

Soon to be in operation throughout the campus will be a new system of IBM electric clocks, manufactured by International Business Machines. A class bell system will also be tied in with the clocks and a separate fire alarm system will then be installed.

Selection of double-faced clocks for many of the hallways has made it possible to reduce the number of installations to 20. The individual time-pieces are controlled by a master clock in the engineering department. All clocks are correct to the second because they are automatically monitored by the master installation.

One feature of the new system which will save much time and effort over the resetting of individual clocks that was formerly necessary is the ability of every individual IBM clock to set itself automatically to the correct time, even after an interruption of as much as 12 hours.

## COLLEGE RELEASES ENROLLMENT FIGURES

With students from 24 states and seven foreign countries in attendance, the registration of 1097 students at Stout state college gives that educational institution the largest second semester enrollment in its history. Additional persons will register for the second nine weeks.

Of the present total, 643 are men in industrial education or industrial technology and 454 are women in home economics. Foreign countries represented include Jordan, Chile, Paraguay, Thailand, Canada, Costa Rica and Malaya. The territory of Hawaii, as has been the case for over a quarter of a century, has a number of students enrolled.

By classes the undergraduate student body contains 346 freshmen, 295 sophomores, 222 juniors, and 194 seniors. Also enrolled are 33 graduate students working toward a master's degree, two post-graduates, and five persons taking a special course of studies.

Basketball, Northwestern, there

Dottie Grundmann, 1957 Snow Carnival queen, is crowned by Ann Janda, queen of the 1956 event. This ceremony opened the Friday night activities at the Stout court ice rink. A dance and refreshments at the gym completed the evening.

## DOROTHY GRUNDMANN REIGNS OVER CARNIVAL; SPANGLER AND JOHNSON WIN SKI SWEATERS

With enthusiasm high, many students turned out to watch or participate in the many well-organized winter carnival events on Friday and Saturday.

Dotty Grundmann, a pretty freshman from Waukesha, made a charming queen. Sitting in an authentic sleigh, she was crowned by Ann Janda. Her crowning marked the beginning of the carnival's events.

Activities got off to a flying start with the free-for-all ice skating race. All time winner was Loren Johnson. Winner of the girl's race was Mary Ann Spangler.

The Alpha Sigma's did it again. Once more, after meeting many challenges, they won the tug-o-war. Their prize is free milk shakes for the whole team.

After a humorous and lively battle, the F.O.B.'s managed to down the Phi Sigs by a score of 2-0 in the annual hockey game.

A come-as-you-are dance in the Stout gym closed Friday night's activities.

This year 24 contestants showed up for the ice fishing contest, including two girls, Shirley Aitken and Carol Barber. Only two fish were caught. The results are the following: Romie

Gill, biggest; Ivan Isaacson, smallest; and a tie between Gill and Isaacson for the most. Each prize was \$3.

Because the ice carvings were considered especially good this year, two prizes were offered in each class.

Winner of the most original ice carving was the Tri Sigma sorority. Their entry featured a horn of plenty. Second in this class was the Chi Lambda carving.

Phi Sigma Epsilon received \$5 first prize for their "Hi Phi" which was entered in the most beautiful category. Second in this division was the freshman class entry.

Saturday's activities, which took place at the fair grounds, included such activities as snowball fights, log sawing, and sled and cardboard sliding.

Loren Johnson and Mary Ann Spangler won the ski sweaters. By entering and winning various contests, they earned the most number of points.

Activities were brought to a close at the Pallas Athene sponsored Snow Ball. Beards were judged during intermission. Each received \$3. Winners were Tom Rosenthal, most unique; Darrell Ebert, best groomed; and Jim Jeantran, heaviest.

The queen and her court were once again presented. Prizes were awarded and drawing for the Hyperian quilt, won by Jean Schwertel, took place.

A lot of credit and thanks are due those who worked so hard to make this year's winter carnival a success.

## ANN NOBLE WRITES ARTICLE FOR MAGAZINE

Author of an article appearing in the February issue of "Seventeen at School," national magazine for young women and their home economics teachers, is Miss Ann Noble, head of the department of home economics at Stout state college.

Entitled "Teaching Foods in 50 Minute Periods," the article describes techniques which aid students and teachers of home economics in preparing a whole meal or combination of foods in one 50 minute class period, in contrast with the former technique of fixing but one isolated dish per period.

Miss Noble's explanation describes basic techniques as dividing the class into groups, having each group contribute toward the total menu, planning and working efficiently, preparing and serving the meal within the class period, and later evaluating all activities in order to make constant improvements.

The feature then depicts an actual teaching situation in which Miss Noble's students prepared a choice of three menus. The girls first studied and discussed the project and observed Miss Noble's demonstration. They then completed market orders and other necessary plans and finally cooked and served appetizing, well-balanced, attractive meals.

In a two-page spread of pictures accompanying Miss Noble's article nine young ladies of Menomonie high school will be seen by other teen agers throughout the nation. The lucky Menomonie girls to appear before readers of "Seventeen at School" are Marilyn Bernd, Maxine Drowatzky, Karen Retzlaff, Arlene Ader, Charlotte Thoeny, Virginia Stouff, Mary Zilish, Georgene Wisner, and Charlene Smith.

John Russell, Menomonie photographer, handled all photography for the article.

## LOUISIANA FILM WILL BE SHOWN MONDAY EVE

"Louisiana Story," the last in a series of documentary films produced by the late Robert Flaherty, has been scheduled for showing at the Stout auditorium Tuesday, February 19, at 8:00 p.m.

Depicting the impact of the drilling operation in the oil fields on the life of a young Louisiana Cajun boy, this classic is a credit to Robert Flaherty, who has come to be regarded as the father of American documentary films.

Flaherty gained fame in his chosen work, after a trying period of "selling" the documentary idea, with the public's acceptance of "Nanook of the North," a silent movie, filmed in the early 20's in the Eskimo's native land. This was his first documentary and was filmed during the time he spent living with the natives of Alaska.

Another Flaherty film was "Man of Aran," which depicted the lives of the inhabitants of an island off the coast of England.

"Louisiana Story" was financed by a grant from the Standard Oil Company, and has been made available to the student body and the public by the Stout Audio Visual Center, in co-operation with the Assembly Lyceum Committee.

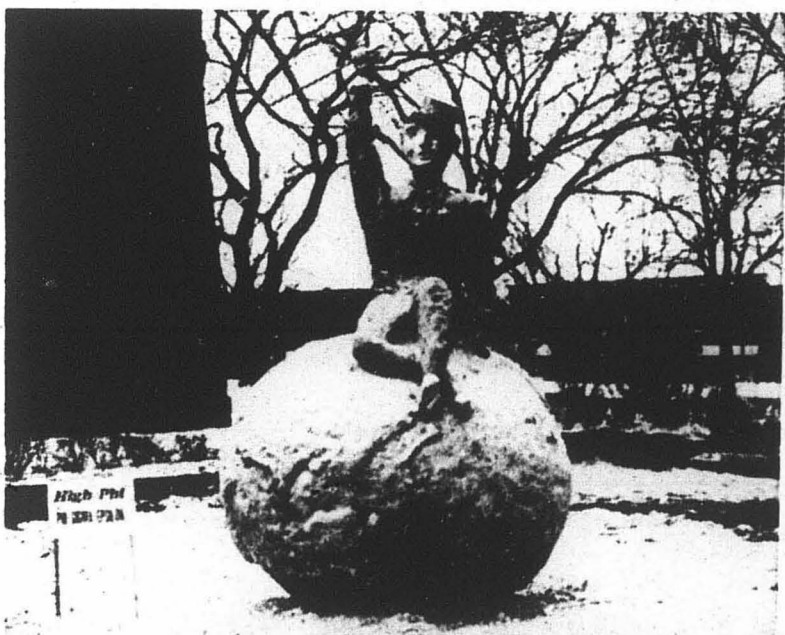

## DR. FRYKLUND SERVES AS SECTIONAL LEADER

Serving as chairman of a sectional roundtable of the ninth national convention of the American Association of Colleges for Teacher Education will be Dr. Verne C. Fryklund, president of Stout state college. The convention will be held in Chicago on February 14-16.

Appearing with Dr. Fryklund on the roundtable, devoted to problems of interest to participating members, will be Harlan McCall, head of the department of education at Alma college, and F. E. Henslik, dean of the teachers college of the University of Nebraska.

Attracted to the national convention will be over 1200 presidents, deans and faculty members from colleges and universities in all parts of the nation. The Association itself is a national voluntary organization composed of 318 colleges and universities which annually prepare half America's teachers.

With the theme, "An Educated People Moves Freedom Forward," the convention will evaluate progress made by its members in recruiting and preparing teachers for the nation's schools. Delegates will also study the problems of colleges and universities in maintaining academic standards, providing a balanced curriculum and insuring a high quality of classroom instruction.

The winner of the many beautiful snow carvings this year was this one constructed by the Phi Sigma Epsilon fraternity. It was entered in the most beautiful division; the freshman class took second in this group. In the most original category, the Sigma Sigma Sigma sorority took first, and the Chi Lambda fraternity received second.

## WEATHER BIRD

Sitting on his front porch, enjoying the sunlight that has been with us all week, the weatherbird predicted cooler temperatures and cloudiness for Friday night and Saturday.

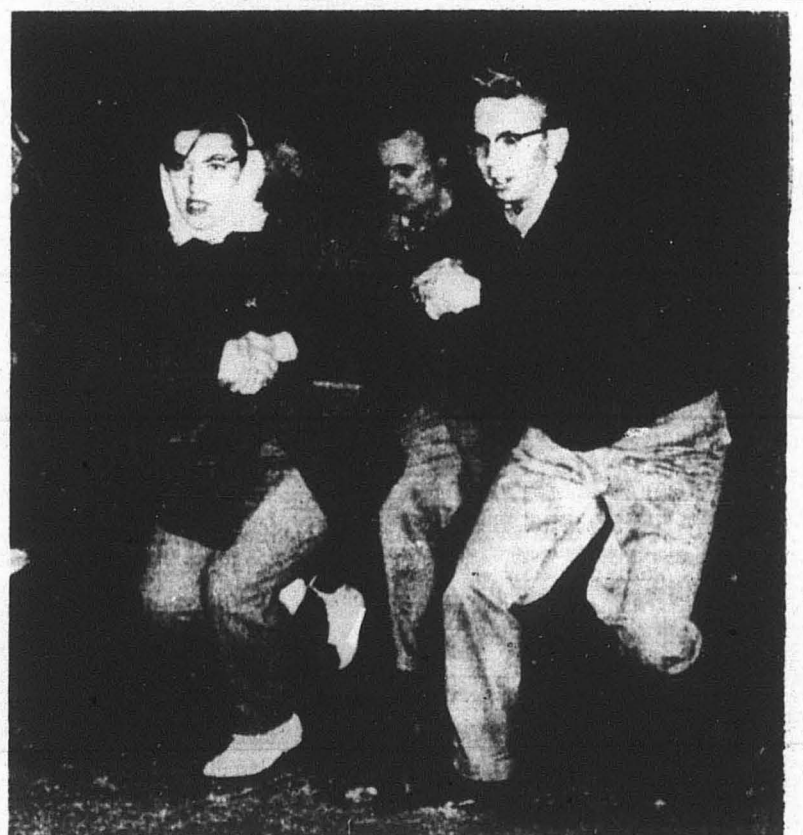

"With any luck at all," said he, "she'll warm up a mite on Sunday. There is a chance we'll have some drizzle or snow flurries tomorrow," he added.

## DR. BARNARD TO ATTEND NATIONAL CONVENTION

Taking an active role in the forthcoming national convention of the Department of Audio-Visual Instruction will be Dr. David P. Barnard, chairman of the audio-visual center of Stout state college. Over 1000 persons from throughout the nation will travel to Washington, D. C., for the event.

On Monday, March 4, Dr. Barnard will be chairman of the convention college and university section devoted to "Meeting Local Audio-Visual Needs with Local Production." He will also serve as moderator of the panel discussion devoted to "Financing Local Audio-Visual Production Services."

Dr. Barnard is a member of the board of directors of the Department of Audio-Visual Instruction, an affiliate of the National Education association. He is also president of the Wisconsin Department of Audio-Visual Instruction, an affiliate of the Wisconsin Education association.

The winners! MaryAnn Spangler and Loren Johnson are shown here as they finish first in the couples race. These two also took first in many other contests and ended up on top with the highest number of points. They were each awarded a ski sweater at the Pallas Athene Snow ball which climaxed the activities of the week end on Saturday night.

## FROM THE EDITOR'S DESK

It is indeed gratifying to receive letters from interested students concerning matters published in the *Stoutonia*. Earlier in the week, just such an article was written to the *Stoutonia*. This same letter is quoted below in its entirety.

"Being a member of the student body here at Stout state college, the 'slams' that the *Stoutonia* has directed towards the S.S.A. has been the cause of much concern.

They have directed their attacks against the officers of the S.S.A. But let us not forget, these officers were elected by us the student body, and they represent the students here at Stout. We chose these officers and if we wish to be just judges of these officers, let's first persuade ourselves of this: that there is not one of us without fault.

The Stout Student Association (S.S.A.) is only as strong as the weakest member of the student body. These people who are criticizing the S.S.A. should ask themselves these questions. Where was I when the S.S.A. sponsored the last dance? Where was I when the S.S.A. sponsored the winter carnival?

We as the student body should cooperate with the Stout Student Association. Surely this is obvious as the fact that there could be no hive unless the bees worked as a colony. Likewise there can be no S.S.A. without the cooperation of the students.

Everyone has his own criterion in forming judgment of others. It is obvious indeed that the *Stoutonia* has used very weak criterion in forming its criticism directed at the S.S.A.

—Rich Vogtsberger

It is good to know that the so-called "slams" have been so trivial and unnoticed by the sender of the preceding letter that he failed to state any specific dates or instances. It's true that the student body elects SSA officers, but it should be remembered that these same officers are elected in the spring of the previous college year! Statistics show that this year's student body totals 1097; however, 346 of these students are freshmen, and 61 are transfers, not to mention additional re-entering students. So, 1097 minus 346 and 61 leaves only approximately 690 students here on campus this year that were here last year!

Regarding our "very weak criterion", it is based on fact, not conjecture. As far back as the Homecoming Queen elections, the SSA in its slowness to act and bring news before the student body, cost the *Stoutonia* extra money and effort in publishing important material. During Homecoming preparations, the picture of the queen was needed for advance publicity. At the last possible moment, the SSA decided the results of the election and notified the *Stoutonia*. The pictures were then rushed by bus, not ordinary mail, to Minneapolis, for processing.

A duplication of this same situation occurred again at Winter Carnival. No advance publicity was given to the *Stoutonia* by the SSA, and Stout's winter carnival received no build-up in state newspapers what were centered around the Carnival Queen.

We appreciate hearing the views of students on the campus. However, in the spirit of fairness to all, we wish that all future letter writers will stick to facts and figures and not prejudice.

## SATURDAY IS TO BE LAST OF SADIE HAWKINS

Sadie Hawkins' Week was a busy one for the Alpha Sigs. They were happy to see many Daisy Mae's and Lil Abner's at "Friendly Persuasion" last Sunday night and other activities

throughout the week including the candy sale Monday and the Valentine's Tea Wednesday. The Sadie Hawkins' Dance Saturday night will be your last chance to go a-courtin' girls, so don't waste a minute calling that man.

Monday evening, the Alphas held informal initiation for their two new pledges, Joan Braunworth of Janesville, Wisconsin, and Janet Beckman of Monroe, Wisconsin. Later the same evening three Alphas were initiated into membership of the Manual Arts Players. Congratulations to Marion Lohr, Joan Braunworth, and Rhea Van Vleet.

Every year Beta Phi Chapter of Alpha Sigma Alpha selects two of its members for special awards. The Frost Fidelity Award is given to a member who has shown sincere loyalty to her chapter and the Elizabeth Small award is given to a girl with outstanding leadership, campus participation, and scholarship. An elected committee announced at the February 7 meeting that Judy Goehring and Nathalie Wick were selected as the members to receive the Frost Fidelity and Elizabeth Bird Small awards, respectively.

Pallas Athene held their weekly meeting at the library. Activity reports were presented. Della Medin gave a report on the Panhellenic sock hop that will be held on February 23 from 8:00 p.m. to 12:00 p.m.

Mr. and Mrs. Norman Ziemann, Miss Keturah Antrim, and Miss Anne Marshall were chaperones at the Snow Ball held Saturday evening in the Stout gym. Decorations were carried out in a winter theme with scarves and winter sport equipment used.

Diane Jansen, Pallas Athene pledge, was informally initiated into the sorority after the business meeting. A candlelight ceremony was used. Formal initiation will be held following a period of pledging.

## DEAN KIRK TO SPEAK TO HOME EC CLUB

A meeting of the Home Economics club council was held February 4 at 4:30 in Harvey Hall.

Province was one area of business under discussion. Some girls had decided to go, but not all were sure. Five girls from Stout will represent us at Province this year, with Miss Clure attending as our advisor.

Barbara Hartig was selected as the candidate for a Province office, which will be voted on at Province. Ruth Thomas was selected as Stout's candidate for a state office, also to be voted on at Province.

A recruitment committee was nominated to work on recruitment into Home Economics club and then these ideas will be presented at State. The social committee was appointed to work on this committee.

The talent show is scheduled for 25 at the monthly Home Economics club meeting. Her talk will be on her recent trip around the world.

for them and don't miss this chance to get your bell.

The Tri Sigma sorority held informal pledging for the following girls on Thursday, February 7: Marilyn Bengs, Joan Hobbick, Bev Lescobier, Mary Rubland, Mary Lou Strutzel, and Alice Weltzin.

Mrs. Kay Kasel entertained members and new pledges following the meeting. Mary Retzek conducted charm school. Tri Sigmars rounded out the evening by singing a host of songs, mostly old favorites.

The sorority decided to submit as their entry in the ice carving contest "Sigmars Winter Harvest." Jeanne Machel was general chairman.

The sorority was successful in defeating the freshmen in the basketball tournament last Tuesday. The opponents this week will be Eichelberger Hall.

Initiation of new members into Dietetic club took place Monday evening at 7:00 in the snack bar in Harvey hall.

New members include Dora Aramori, Carol Bibby, Barbara Bosch, Eileen Case, Carol Frank, Louise Grant, Mary Hartwig, Agnes Krause, Beverly Mortenson, Kris Ostertag, and Betty Schomburg.

Miss Mary Killian is advisor of the club, which now consists of 31 members. Any girl, who is at least a second semester sophomore and is majoring in dietetics, is eligible for membership. If anyone who qualifies has been overlooked, she is asked to contact Pat Seibert, who is president of the group.

Following initiation, a summary of the year's activities was presented, and plans were discussed for the rest of the school year. Dessert and coffee were served.

## CLUB NEWS

New officers for the next two semesters were elected at the regular meeting of Phi Sigma Epsilon held last Thursday, January 31, in the club room above the union. The new officers are as follows: president, Pat Spielman; vice president, Cliff Aderholdt; secretary, Ron Critser; treasurer, Ted Nick; sergeant-at-arms, Bob Krejcie; historian, Tom Kukar; and alumni secretary, Howie Steinhilber. Next week the Phi Sigs will celebrate their "Founder's Day" by sponsoring a free all school mixer on Wednesday, February 20, at 8:00 in the Stout gym.

Next Friday, February 22, approximately 20 members will leave for the 1957 basketball tournament in Milwaukee. The team is expected to present a good showing while competing against the six other district chapters. This Sunday, February 17, the Phi Sigs and their dates will attend a toboggan party at the home of E. W. Siefert, one of their advisors, on Tainter Lake. Their fingers are crossed for a good snow.

The members are also preparing for the opening of "Hell Week," February 21, realizing that the event will be carried around in the minds of the new members for the rest of their lives.

The Hyperian sorority met Thursday evening February 7, in the audiovisual room in the library. Plans for ice carving were discussed and it was decided that construction of the carving should start right after the meeting. An FOB representative was present to give rules for Stunt Night. Plans for the Valentines dinner and informal initiation were discussed also. The Hyperian quilt was given to Jean Schwertel Saturday night, February 9, at the Snow Ball.

Plans for the remainder of the semester were discussed at the meeting of Dietetic club held Monday evening, January 28, in Bertha Tainter Hall.

Mary Jane Grotte presented a report of the trip to the cities, taken by the large quantity class at the end of the first semester.

Scheduled events for Nutrition week, which will be observed March 25-28, include a punch hour and displays.

Initiation of new members took place at the last meeting on February 11.

## CHEMICAL AND CIVIL ENGINEERS NEEDED

Kimberly-Clark Corporation, Neenah, Wisconsin, manufacturers of paper and cellulose products, is interested in considering candidates for the following positions: training programs in personnel, manufacturing, production planning, industrial engineering and accounting. Chemical engineers and chemists for assignments in research and development, mill control, and manufacturing. Mechanical, electrical and civil engineers for engineering center and mills. Write to Harry D. Gates, Personnel Procurement Supervisor, Industrial Relations Department, for complete information.

Members of U.S.F. and their Sadie Hawkins guests attended a toboggan party at the home of Mr. and Mrs. Philip Ruehl on Sunday, February 10. After plenty of fresh air, the students were served an excellent meal. A worship pageant was presented to the group by Wally McCrum and Tom Rosenthal. Next Sunday the USF will act as hosts for the religious groups on campus for the observance of the Student Day of Prayer.

"Sadie Hawkins' week is coming up, girls," is what these two Alpha Sigma Alpha members had to tell the audience at the Wednesday convocation. Gloria Walstad and Bunny Becker, along with Carol Buck advertised Sadie Hawkins' week which is coming to a grand close tomorrow night with the big dance. Got your dates, girls?

# STOUT CAGERS BLASTED BY RIVER FALLS

The Stout Bluedevils, used to romping on their big home court, found the tiny River Falls floor too hard to contend with as the Bluedevils went down to an 82 to 61 pasting at the hands of the Falcons. It was the second win of the season over the Stout cagers for River Falls. The Falcons now have a 3 won, 4 lost conference record, and the Bluedevils have a 2-6 mark.

Although Stout held high scoring Dave Herum to 11 points, it was not enough of a defense to keep the other four Falcon starters from scoring in the double figures. For the Bluedevils, Keith Moessner and Jann Peterson were high with 17 and 16 points respectively. Bob Sorenson hit for nine, and Brian Howard, who hooped 28 against La Crosse last week, could muster but 7 points.

Stout had 20 personal fouls called on them while River Falls had but 21. The Bluedevils made only 7 of 17 free throw attempts and the Falcons converted 18 of 31 attempts.

The Bluedevils will now have to win all of their four remaining conference games to finish with a .500 record. Stout has a record of eight wins and seven losses in all games played so far this year. This is the best record that the Bluedevils have posted in the last three years.

Half time score: River Falls 37, Stout 29.

### GIRLS' SPORTS TOURNAMENT IS UNDER WAY

High scorers in the Girls All School Basketball Tournament sponsored by the W.R.A., on Tuesday, February 5, 1957, were Carolyn Greinke, W.R.A. president, 20 points; Della Medin, 10 points; Shirley Bournoville, 8 points; and Teresa Horkin, 6 points.

On Monday, February 11, 1957, the girls' shooting the most baskets during the games were Carolyn Greinke, 14 points; Shirley Bournoville, 10 points; Carol Buck, 6 points; and Annabelle Ballard and Bette Zander, 4 points each.

The results of the basketball tournament stands as follows:

	Won	Lost
Tri Sigma's	2	0
W.R.A.	2	0
Eichelberger	1	1
Tainter Hall	1	1
Alpha Sigma Alpha	1	1
Pallas Athene's	1	1

#### A STUDENT'S POEM

I went up to the Union  
To sit, relax, and chat  
I tried to find a place to sit,  
Free of cigarette butts, coffee spills  
and that.  
I thought I'd maybe play some cards  
And soon a group was formed  
But when we looked for a deck of  
cards  
Alas, we were forlorn.  
Now the student union is for you  
It's a place for faculty too  
But why can't it be free of mass  
And a deck of cards be—52.

## SPORTS ROUNDUP

Tonight the ninth place Stout Bluedevils take on the tenth, and last, place Whitewater Quakers. Whitewater has won only one game all season while dropping six. Stout has gained but two league victories against six reversals. The Bluedevils should find that win number three in the conference will be theirs to take if they play the kind of basketball that they did against La Crosse last week end.

Following on the heels of the Whitewater team, comes the league leading Stevens Point Pointers. Stevens Point has compiled a 7-1 record in conference action this year. The Pointers should be ripe for an upset, but the Stout Bluedevils will find a tough task before them Saturday night. If no injuries occur on Friday night and the Bluedevils remain in good form, maybe. . .

Statistics released earlier this week show that Keith Moessner is seventh in conference scoring with 133 points to his credit. The only other Bluedevil

MOESSNER

SORENSEN

cager among the top 20 is Bob Sorenson in eighteenth place with 109 markers.

The new member of the Stout basketball family is Bob Ryman. Bob has been a student at Stout all year and had been playing with the Menomonie Merchants before joining the Bluedevils.

#### INTRAMURAL BADMINTON

Carolyn Greinke and Bob Olstrom slammed their way to victory in the Co-Recreational Badminton Tournament. The scores were 15-2 and 12-5; two wins out of three games were necessary for championship.

In the finals, Carolyn and Bob competed against Beverly Madsen and Clyde Allison. Prior to the finals, Carolyn and Bob scored high games of 15-3 and 15-4 against Janice Weir and John Wilke.

#### INTRAMURAL BOWLING

Let's get out and bowl! This will be heard many times now as the bowling lanes in the union have been opened for bowling any Friday night, Saturday afternoon and evening, and Sunday afternoon. It is under the direction of John Kotch whom Dean Price has put in charge. The only exception to these times is when there are other school activities. The cost is only twenty-five cents a line.

Intramural bowling and team bowling is being held on other nights of the week.

From left to right, the girls are Ava Walden, Eleanor Pehle, Dianne Kelnhofer, and Mary Rubland.

## GOVERNING BOARD HOLDS BUSINESS MEETING AND PLANS STUDENT ASSEMBLY FOR MARCH 6

On February 19, 1957, the Student Governing Board held a meeting in the Trustees' room of Harvey Hall. Jerry Porter, one of Stout's cheerleaders, brought the idea before the board to begin a Pep Club on campus. The main purpose would be to handle pep rallies and work together with the pep band to get a more uniform cheering section on campus during home games. It was the general consensus of the board to allow this Pep Club to organize.

Homecoming for 1957 has been set for October 5, 1957. Stout will play La Crosse for this homecoming game. Dad's Day has also been set aside, and this affair will be held on the last home game of the season, which is to be sometime in November.

The question was raised as to having the library closing as early as it has previously been closing before—a 10:00 program. Many students feel the library should not close more than a half hour before the program begins, instead of the previous time of 6:15.

The junior class was allotted \$30.00 in their budget for winter carnival queen campaigning, but as the junior class did not sponsor a candidate, this money may be spent on the Junior Prom, to be held on May 4, 1957.

The Sigma Tau Gamma fraternity asked for a franchise to sell book covers with a Stout state emblem on them. The franchise was granted.

The Phi Sigma Epsilon fraternity asked for a franchise for installing and maintaining vending machines in the dorms and other campus buildings. These vending machines would contain coffee, hot chocolate, candy bars, and so on. The motion was tabled until a further study can be made concerning the advisability of such a franchise.

A representative of Montgomery Ward and Company attended the meeting for the purpose of distributing some commercial material on a new Hi-Fi record player for the gym and union. The console which was discussed had been used at the mixer on Friday night, February 15, and seemed to have had successful results. The discussion of this item was tabled until

more information can be gathered. The freshman class was granted special privilege to charge one dollar admission to the Freshman Formal, March 8, 1957. This is for the purpose of paying necessary expenses which have occurred throughout the school year.

March 6, 1957, is the date set for an open Student Governing Board meeting before the student body. Every student should attend this assembly to learn how the student government of Stout functions.

## MISS ANN NOBLE HEADS PLANNING COMMITTEE

Chairman of the planning committee of the Central Regional Home Economics Teacher conference, to be held in Chicago February 18-23, will be Miss Ann Noble, chairman of the home economics education department of Stout state college.

Over 250 heads of home economics departments and teacher trainers in colleges and universities, state and city home economics education supervisors, research specialists and personnel in the adult education field will attend the conference, whose theme this year is "Examination of Some Basic Issues in the Development and Implementation of a Home Economics Program."

Among specific objectives of the meeting are those of clarifying the goals of home economics education, sharing ideas with other persons who have similar problems and stimulating creativity, especially in program planning.

Miss Noble and members of her planning committee are working in cooperation with Dr. Johnnie Christian, U. S. Office of Education program specialist in home economics education for the thirteen-state Central region and with other leaders in teacher education. The conference is being sponsored by the division of vocational education, department of health, education and welfare, of the U. S. Office of Education.

## NOTICE

The STS will again offer to the Stout student body Bluedevil stationery. This year a new design has been created. This stationery will be sold in Harvey Hall from February 25 through March 1. The cost per box is \$1.50; this includes 50 printed envelopes and 50 printed sheets with 50 plain sheets.

## DR. SWANSON SPEAKER AT MEETING OF S.W.E.A.

Principal speaker for the industrial arts section of the 66th annual meeting of the Southern Wisconsin Education association was Dr. Robert Swanson, associate professor of industrial education at Stout state college. The gathering was held recently in Madison.

Dr. Swanson's topic was "The 'Industry' in Industrial Arts." He also displayed projects in the field of plastics and showed movies dealing with plastics.

## MEN RECEIVE STUDENT TEACHING POSITIONS

Twenty-one men reported at their student teaching assignments on Monday, February 18. These men are under the direction of Mr. Dwight Chinnock, supervisor of student teaching.

The men and their locations are: Richard Beckman, Wausau senior high school; Maurice Gupill, Mendota; R. Bud H. Hashimati, La Crosse vocational; Coit A. Jones, Wausau senior high school; Robert E. Koelien, Hudson; Eugene S. Larson, Eau Claire senior high school; James R. Lawsted, Chetek; Joseph C. Kindein, Eau Claire senior high school; Mike Monaghan, La Crosse central; James S. Man, La Crosse central.

Neil Miller, Ladysmith; Sherwin R. Pearson, Onalaska; Fred Ponschok, Eau Claire senior high school; Francis J. Rauscher, Altoona; Richard A. Rokus, Regis high school, Eau Claire; Clifford Rundle, New Richmond; Dale R. Soderbeck, Waupaca; Robert T. Empe, Eau Claire senior high school; Leo B. Vanderkamp, La Crosse central; Marvin H. Westrom, Bloomer; and Edward P. Zillman, La Crosse Logan.

## CONFERENCE STARTS HERE FEBRUARY 25

Stout state college will have the North Central association's coordinator, Dr. Kenneth E. Howe, present for two days of conferences starting on Monday morning, February 25, and running through Tuesday morning.

This is the seventh annual conference of this type held at Stout. The purpose of the conference is to stimulate institutional studies which apply to problems at Stout.

Dr. Kenneth E. Howe is at the National College of Education in Evanston, Illinois, where he is director of the children's school. He will be in charge of the N.C.A. workshop next August at the University of Minnesota. This workshop includes college teachers within the area of Minnesota and neighboring states.

Students are urged to attend all of the conferences possible in their free time.

Monday, February 25  
10:00 a.m. — Voluntary Faculty and Student Assembly. "What Can Secondary Education Learn from the Elementary School." The speaker is Dr. Kenneth Howe, and the session will be held in the audio-visual room, library.  
2:30-4:30 — "Improving Instruction" Chairman, Mr. Norman Ziemann and selected students and faculty members.

7:30 p.m. — Social Consciousness in College Students—Audio visual room, library. Dr. Howe and International Relations Club.

The Monday afternoon seminar will include three students: Harlan Giese, Jerry Schoenke, and Betty Havlik. The faculty members participating are Dr. Thomas F. Fleming, Miss Ella June Meiler, Dr. Robert Swanson, Mr. Philip W. Ruchel, and Miss Martha Ruthe Amon.

## GRADUATE STUDENTS REQUEST SURVEY HELP

Do you know why other students choose to attend Stout? Are you familiar with Stout's library facilities and procedures? The answers to these questions are being sought by the graduate students in the Survey Procedures class.

Both of the above problems are of the questionnaire type. In order for the survey to be successful, the students who receive the questionnaires are asked to cooperate by filling them out and depositing them at the collecting stations near the SSA office.

No individual will be named or identified in any manner in the report. The questionnaires will not be used for any other purpose than to answer the above questions.

## NOTICE

The Home Economics Division wants a man!

Why? Well, he'll take the part of TV quizmaster Ralph Edwards in the forthcoming Open House stage production, "This Is Your Life" on March 29 and March 30.

So—if you like girls, if you like to act, if you like to talk to an audience, why not try out for the part???

Contact Mr. Ziemann in Harvey Hall 316 or Mrs. Vanek in Room 293. Better still, just appear for tryouts in the college auditorium on Tuesday afternoon, February 26, at 4:30 p.m.

## BETTY FRALEY TO ATTEND SEMINAR

One of two Wisconsin representatives to the Methodist Student Movement Christian Citizenship Seminar in New York and Washington, D.C. was Miss Betty Fraley, Stout state college senior from Barron.

The daughter of Mr. and Mrs. Luther Fraley, Betty attended the seminar from February 16-24. Participat-

BETTY FRALEY

ing were 50 delegates from throughout the United States.

While in New York, Miss Fraley attended meetings and heard such noted speakers as Dr. John C. Bennett, dean of the Union Theological Seminary; Dr. L. Harold DeWolf, professor of Theology at Boston university; and Mrs. Eleanor Roosevelt.

The delegates spent much time visiting the United Nations and attended deliberations of that organization. They then moved to Washington for discussions at American university, hearing also a talk by Dr. Hurst Anderson, president of that institution.

Miss Fraley received invitations to call on Wisconsin Senators Wiley and McCarthy, and also representative Lester Johnson. Delegates met with Senators Humphrey, Russell, Douglas, Marshall and Holland.

Aims of the seminar included informing Christian students on national and international affairs, describing present and future issues of government, and suggested ways and means of Christian action.

A major in home economics education at Stout state college, Betty Fraley is a member of Phi Upsilon Omicron, national honorary organization in home economics, Phi Alpha Theta, the Manual Arts Players, Wesley Methodist student organization, the college band and newspaper, and the International Relations club. She is now president of the Home Economics club.

## STOUT OPENS A WEEK LATER NEXT YEAR

The action of Stout state college and the Menomonic public schools in setting next year's opening school day a week after Labor Day instead of the traditional day immediately after Labor Day has received recognition by the National Safety Council, with offices in Chicago.

In commenting upon the change, Wayne P. Huges, director of the safety council's school and college division, said:

"I am very much pleased to see the announcement that Stout and the Menomonic public schools will open one week later next September."

"Labor Day week end is always one of the bad ones for traffic accidents. Each year we get a flood of letters suggesting we use our influence to get schools to postpone their opening dates so as to relieve some of the congestion on highways over the Labor Day week end."

"We have passed these suggestions on to the National Education Association, which is the logical organization to make such a proposal to schools. . . . I hope Stout and Menomonic have started a national trend."

In a recent announcement, officials of the college and local public schools stated that their opening day next year will be Monday, September 9.

WEATHER BIRD

The bird issued a revised forecast this morning, calling for continued snow flurries and subzero temperatures.

He didn't think there would be any chance of spring time conditions returning until late Sunday or next week.

Kickapoo joy juice for the A.S.A. members. Daisy Mae (Marion Lohr) is seen here at the pines punch at the Sadie Hawkins' dance for her sorority sisters and the other dancers. This dance climaxed a grand week of fun sponsored by the Alpha Sigma Alpha sorority. Don't you wish every week were Sadie Hawkins' week?

Left to right are Toni Schmitz, JoAnn Sommer, and Glenyce Harmon.

## FROM THE EDITOR'S DESK

It matters not whether we have won or lost, but how we have played the game. At first glance this statement may be understood to refer to sports; teams are continually playing games. This statement has even greater implications; honesty in taking a test, sincerity in dealing with people, and following the rules set by the group.

Recently, the four sororities on campus held a Panhellenic rushing party. At this time a statement was made to the effect that a quiet period would begin with the end of the party and exist until preferences were stated on Monday afternoon. The quiet period meant that sorority members were to have no communication with rushees, thus eliminating the possibility of pressure to join one of the groups.

Some girls accepted the quiet period for what it was: a time of no communication. Others said the meaning didn't go that far and that it was permissible to say "hi" and to smile at the rushees. Now, a smile is one of the most effective means of communication there is. Even individuals who speak different languages understand its meaning. Evidently there is a need for a definition, and then, an honest determination to act in means of the definition.

In a very short time the campaigns for election of S.S.A. officers will be under way again on the campus. In the past this campaigning has usually consisted of posters, mailbox stuffing, banners and the like. This is all very good and has its own value and use. However, I feel that the students do not have ample opportunity to meet the people who are running for office enough to really know them. I would like to see some type of rally or forum whereby the various candidates would be able to express themselves on various questions and queries from the audience. The time allotted during the regular assembly period set aside for this purpose hardly seems long enough to give the voters time to meet and know the various individuals running for office. I think any time given to the candidates for such an activity would be very rewarding to both the students and the candidates.

—Bill Osier

## CLUB NEWS

A joint meeting of L.S.A. members from Eau Claire and River Falls was held at Our Savior's church, here in Menomonie.

The program started with a recreational period followed by a delicious dinner.

Marilyn Carlson from River Falls gave a talk on "stewardship". Dr. Anderson, also from River Falls, talked on the Land O' Lakes Region.

Members from Eau Claire held a short worship service to bring the very successful meeting to a close.

This coming Sunday, February 24, a film strip followed by a meal and worship service will be the activities of the L.S.A. meeting. The program will be held at Peace Lutheran church and will start at 4:30 p.m.

The next big event for the Alpha Sigma Alphas will be National Inspection March 8-9. Mrs. Blackstone, an affiliate with the Chicago Alumni Office, will be with Beta Phi Chapter that weekend and will be guest at a dinner and program Friday evening.

Plans were made for National Inspection, Stunt Night, and the Panhellenic Sock Hop at last Thursday night's meeting. Tentative plans for a field trip to Minneapolis were also discussed. After the business meeting Joan Scheve's recent engagement was announced and a box of candy distributed. The Beta Phi's then serenaded their engaged sister by singing the sorority's "Sweetheart Song."

On January 29, 1957, the Graduate Men's club met and elected new officers for the second semester. The outgoing officers are: President, Bob Spinti; Vice-President, James Daily; Sec.-Treasurer, Gordon Maves; Executive Committee, John Widmar and Francis Fritz.

The newly elected officers for the second semester are: President, James Daily; Vice-president, Howard Knop; Sec.-Treasurer, James Olds; Executive Committee, Carl Smith and Bill Anderson.

The members of the Metals Guild will be entertained by a girl's quartet on March 4, 1957. Initiation also starts on this date.

Mr. Beckman will give a talk to the Metals Guild on March 18. There will also be a colored film shown.

A very interesting talk on super-finishing was given by Harry Nysather.

As the attendance record isn't what it should be, it has been asked that the members make a special effort to attend the next meeting.

## The Stout Snooper

Well, I'm back on campus again and if I see enough campus "incidents" and receive enough material via the Stoutonia mail box and don't get thrown out, due to my "notes of discretion," I'll probably stay awhile.

I saw, at the beginning of the month that Jerrie Skarvan and Rita ascy were sporting unusual "stockings." They seemed to finally have gotten tired of them for they are off now. Better luck next time, girls, on those skis and toboggans. But really though, don't you think that is an unusual fad to start, for I see one of the fellows was sporting a "stocking" not too long ago, also.

I'm inclined to believe that this treacherous, but beautiful, weather is trying to rid us of some of our faculty workers. I heard that not too long ago Miss Callahan took a couple of nasty spills on the ice—luckily no scars were rendered. But our school nurse, Miss Chase, didn't fare as well when she fell, for she still is having trouble getting around.

In walking by the auditorium last Wednesday night, I heard some very excellent music coming forth. I went in to see who the creator was and found the Symphonic Singers at work. It seems it is a smaller group this year but made up of even more select personnel than before. Have you heard "Carousal" — the Symphonic version, that is? Well, that seems to be one of the many comedy pieces that was being worked out. Among the more serious pieces was a long composition, "The Ode to the Youth."

Talking about music, I think congratulations should go to the basketball Pep Band and Dr. Odegaard. Some of that music just about sends me—especially "Green Door," "When You Were A Tulip," and "Copa Cabana." It would really be nice if the entire crowd would join into the hand-cheer compositions. That would be one way of getting some new combination cheers. Maybe we could work them out better at a future pep assembly.

Have you seen the artistic displays in room 211? There have been some

delicious lunch

SCHULTZ BROS. CO.  
MENOMONIE • WISCONSIN

quite interesting ones up. At present there is jewelry in the display case that is from the University of Wisconsin art department, I believe. The persons responsible for obtaining these displays are Miss Williams and Miss Amos.

During some of my snooping I saw Dr. "Father" Anderson passing out cigars at school last week. It seems he had a new addition to his family—now he will have help in standing up against all the women in his family, for the "newest" was a young man. Congratulations, Dr. Anderson, to you and your family.

Boy, oh boy, did Sadie Hawkins ever take Stoutpatch by storm last Saturday night. Why, do you know that there were over 56 couples "married" via Stoutpatch style? Among the Justices of the Peace were Joan Braunworth and Joan Scheve! (I'm enclosing these names just in case anyone else is interested in the "drug and sign" method.) I really think everyone had fun that night, especially after having won THE game. Congratulations, team!

## PAHELLENIC SOCK HOP WILL BE FEBRUARY 23

"Sock Hop, Sock Hop," shouted one foot to another as he ran over to the Union. "Come one, bring the other foot too as the admission is only ten cents a foot."

"Where?" asked a passer-by. "At the Stout gym from eight to twelve p.m. on February 23! It's an all-school dance sponsored by Panhellenic with records especially chosen for a Sock Hop. So hop to it tomorrow night!"

## MENOMONIE STUDENTS COMPLETE PROJECT

A practical construction project which has combined training in drafting and carpentry has recently been completed by students in the building construction course of Menomonee high school.

The project which the boys designed and built is a portable outdoor shelter, easily moved, set up and used for ice fishing and similar outdoor sports. Directing the work was K. T. Olsen, a supervising industrial arts teacher of the faculty of Stout state college. In charge of the class were William Romero, Fort Atkinson, and James Schlagenhaft, Marshfield, cadet teachers in the Stout teacher training program.

First the 12 students in building construction planned the portable shelter, drawing blueprints for use in the actual building phases. The group then divided into work crews, some building windows, roof sections, a door and other parts. Upon completion, the structure could be taken down into six sections for transportation. Prior to their drafting and carpentry experience, class members also studied the rudiments of brick laying.

## SADIE HAWKINS CHARACTERS ARE NAMED

Pigtails and Dogpatch characters abounded at the Sadie Hawkins dance that was held Saturday evening in the Stout gym.

As a concluding event to the week long activities of Sadie Hawkins week, Stout lassies squirmed their favorite beans to the dance and enjoyed an eve-

ED STORI

ning of fun. Betty Zander was named "Petal Princess" of 1957. The "best dressed couple" were Carol Hahn and John Jordan. "Mammy Yokum" and a "roly pol' boy" were depicted by Barb Taylor and Ed Stori, thus receiving prizes for the best dressed gal and guy.

Sadie Hawkins week was introduced with a skit during an assembly program. From there fellows were required to a sweetheart tea, mixers, movies, and the dance. Coeds made the fellows happy by providing kickapoo jay juice and corsages.

Week-long activities were sponsored by Alpha Sigma Alpha sorority.

She: Hold me tight, darling, I feel a daze coming on.  
He: And will you love me in the "daze" to come?

## MENOMONIE HISTORY IS DEPICTED IN DISPLAY

Open to students, faculty and the general public is an interesting display, depicting much of the early history of Menomonee now on exhibit in the Stout state college library. Included are photos of the area's famous logging days, a map of the first layout of the city and some pictures of Stout classrooms of former days.

Library hours are as follows: Monday through Thursday, 7:15 a.m. to 9:30 p.m.; Friday, 7:15 a.m. to 5:15 p.m.; Saturday, 8:30 a.m. until noon.

This unusual compilation describing Menomonee's past was made by the Dunn County Historical Society. It is being displayed in cooperation with Stout state college library.

## CLUB NEWS

"Is Social Consciousness in College Students Satisfactory?" will be the topic presented by Dr. Howe of the North Central Association of Elementary and Secondary Schools at the International Relations Club on Monday at 7:30 p.m. The meeting will be held in the audio-visual room of the library, and the meeting is open to all students and faculty members.

Stunt night will take place March 9, at 7:45 p.m. The F.O.B. fraternity, sincerely hopes that all organizations are working hard preparing their skit. This year the name of the winning skit will be engraved in a plaque made by Pete Jackson, Bill Neumann and Dick Johnson. The plaque will be hung in the Union for all to see. This will be an annual procedure in the years to come. Steve Butz will be the master of ceremonies of this year's Stunt night. We know he will do an excellent job of directing the activities. Let's all participate and make this the best Stunt night Stout state college has ever seen.

Boxes of clothing were sent to destitute Indian families by members of Phi Upsilon Omicron. As an annual service project, discarded clothing was collected by the group, packed, and mailed to St. Ann's Indian mission, in North Dakota.

Twenty-three years of activity were commemorated by Pallas Athene sorority as they celebrated founder's day on February 14.

A dinner was served in the tea room that evening to all members. Following that, a program was presented. One of the original founders, Mrs. George LaPointe, was present at the dinner. Alumni present were Lenora Handy and Liz Erpenbach.

The Newman Club of Stout state college will hold a Communion breakfast and a day of reflection on Sunday, February 24, after the 8:00 a.m. mass at Saint Joseph's school.

A radio program entitled "A Sketch of John Henry Cardinal Newman" will be broadcast from 7:45 to 8:20 on station WMNE of Menomonee.

At the last regular meeting of Phi Sigma Epsilon fraternity, Thursday, February 14, former president, Frank Morose, formally installed new officers.

Plans were made for the trip to Milwaukee for the Phi Sigma Epsilon, regional basketball tournament. Twenty members from Stout are leaving today for a weekend of basketball and fellowship.

## NEWS OF OUR ALUMNI

Pvt. William Stern, B. S. 1955, is with the army security agency of the U.S. Army at Fort Leonard Wood, Missouri. His address is RA 16527630; Co. A, 5th Hq. Tk. Bn. CCR; 6th Armored Div. Box 187.

Lois Feggestad, B. S. 1954, 206 Ferguson St., Neillsville, Wisconsin is the supervising teacher for student teachers from Stout at Neillsville.

Fern Naedler, B. S. 1953, (Mrs. Cal Swenson) resides in Neillsville and teaches home economics in Marshfield.

Margaret Fitzgerald, B. S. 1953, is teaching five classes of home economics and has charge of the FHA chapter at Preble high school. This school is new as of last September. Her address is 1310 S. VanBuren St., Green Bay, Wisconsin.

## STOUT GRADUATE IS AWARDED DOCTORATE

An alumnus of Stout state college, Gerhardt W. Neubauer, was awarded the doctorate of philosophy by the University of Minnesota at graduation exercises which the university held at the close of its first quarter of instruction.

Neubauer earned his bachelor of science from Stout in 1938 and his master of science in 1944. He had been graduated in the Menomonee schools, compiling an outstanding record at Menomonee high school for music, debate and scholastic achievement. At Stout he was also active in music.

Among Dr. Neubauer's teaching experience has been instruction at the Menomonee CCC camps and seven years in the industrial arts program in the high school of Pocomoke City, Maryland.

Dr. Neubauer then joined the faculty of the University of Florida. Following a leave of absence which enabled him to earn his Ph. D. at Minnesota, he has returned to the industrial education department of the University of Florida.

Gerhardt Neubauer is the son of "Bill" Neubauer, 1309 Ninth St., long-time Menomonee resident. For many years Bill operated the elevator in Harvey Hall at Stout state college.

Bob Boehm, M. S. 1953, is the industrial arts teacher at Preble high school in Green Bay. He and his wife, Alice, also a graduate of Stout, are residing in Green Bay.

Charles Mowbray, B. S. 1951, is teaching in the Monroe high school, also the adult and vocational school in the evening. His wife, Carolyn Blain Mowbray, B. S. 1951, and their son, Thomas, are residing at 1605 25th Ave., Monroe, Wisconsin. Last August Charles and his family attended a picnic in Madison with several other Stout alumni, including Ann Banker Bender, B. S. 1951; Ruth Johnson Bell, B. S. 1950; Barbara Johnson Perry, B. S. 1951; and Nan Busk Dennis.

Mrs. and Mrs. Gerald Solis (Marilyn Erickson), both graduates of Stout in 1950, are residing at 9425 W. St. Paul, Milwaukee 13, Wisconsin. They have two sons, David, three years, Paul, eight months. Gerald is occupational therapist at Wood Veterans hospital. Marilyn was recently elected president of home economics in the evening section of their homemaking group.

Mrs. James Harjer, nee Gracia Green, B. S. 1940, is a housewife and part-time teacher. They have two children. The family is residing at 1637 Tallwood Court, Norfolk, Virginia.

# Stout Raps Point, Quakers

Jim Bolm dives for the basket against the Pointers of Stevens Point. The action shot was taken as the Bluedevils were downing the Pointers by a 79-74 count. Watching Jim from the background is Stout guard Keith Moessner. The Stevens Point players are unidentified.

## STOUT ROCKS STEVENS POINT BY 79-75 MARK

Wow! This was probably the only word that could aptly describe the thrilling, sensational victory that the Stout Bluedevils scored over league leading Stevens Point, last Saturday night. The final mark showed that Stout outscored Stevens Point 79 to 74.

Jann Peterson and Jim Bolm were the big factors in Stout's defensive game, while Bob Sorenson and Keith Moessner set up the offensive patterns. Although Moessner scored only three points the whole game, he was instrumental in feeding the ball to the other players.

Stout was 11 points behind when the second half started, and it took most of the third quarter before Brian Howard tied the score at 54 all. After this the game remained nip and tuck until Jim Bolm hit on free throws to give the Bluedevils a four point edge. Jann Peterson was high point man for the second game in a row, as he hit for 20 points, 16 of them coming in the second half. Jim Bolm and Bob Sorenson followed with 16 each, and Brian Howard counted 15 markers. Jack Krull took scoring honors for the Pointers with 22 baskets. Stevens Point counted 20 in a row, as he hit for 20 points, 16 of them coming in the second half. The Pointers converted 20 of 32 free throws and the Bluedevils made good on 19 of 30 gift shots.

Coach Gerlach has been making good use of Terry Meyers, Herb Helm, and Bob Ryman to give the five regulars a rest. These three boys have really been delivering some fine action for the Bluedevils. Stout's second time has really had a big part in the improved won and lost column this year.

## BASKETBALL SCORING FOR 17 CONTESTS

	g	fg	ft	pf	tp
Moessner	17	108	107	68	323
Sorenson	17	96	60	54	252
Peterson	17	95	37	43	227
Bolm	17	50	86	42	186
Howard	17	53	27	39	133
Woodliff*	11	28	21	21	97
Helm	17	30	31	39	91

"Where's the ball, Brian?" Brian Howard is pictured above as he scrambles for a loose basketball with an unidentified Whitewater cager. Watching Brian is Jim Bolm. Stout center, and in the background is forward Bob Sorenson. The Whitewater players are unidentified.

## BLUEDEVILS TROUNCE WHITEWATER QUAKERS

In a torrid second half, that featured a tremendous Bluedevil effort, the Stout cagers downed the Quakers of Whitewater by a count of 77 to 73. The Bluedevils hit a blazing 63 per cent on shots taken during the second half.

Stout was behind the entire first half until a Bluedevil basket put them ahead 35 to 33 with seconds left in the first half. From there on they held command and even built up a 10 point lead during the second half, only to grow cold and have the gap closed. This Quaker push had the hometown Bluedevils standing on their ears as Whitewater threatened to steal the cake. Then, like cats playing with a mouse, the Stout cagers pulled ahead with a lead large enough to withstand the closing onslaught of the Quakers.

Jann Peterson was the big gun for the Bluedevils with 19, followed closely

by Jim Bolm and Bob Sorenson with 16 each. Keith Moessner hit for 11 markers and Brian Howard followed closely with 9. Gordon Friches was high for Whitewater with 19. The Quakers had 27 personal fouls called on them while the Bluedevils were caught 18 times. Stout made 27 of 42 gift shots and Whitewater connected on 21 of 31 free tries.

Brian Howard, Bob Sorenson, and Jim Bolm were outstanding on defense while Keith Moessner and Jann Peterson set up a great deal of the offensive attack. Bolm has demonstrated a unique ability to stall during the latter stages of the game. This, combined with Moessner's ball handling, has helped the Bluedevils out of many precarious positions, just as it did in this game.

Half time score: Stout 35, White-water 33.

## WORK REPRESENTED IN NATIONAL PUBLICATION

The work of Dean Alice J. Kirk and the division of home economics at Stout state college here is represented in a new nationally-distributed publication of the U. S. Department of Health, Education and Welfare, "Planning Space and Equipment for Home Economics in Colleges and Universities."

The 80 page bulletin is based upon the findings of home economics leaders who participated in the Conference on Space and Equipment for Home Economics in Higher Institutions, sponsored by the American Home Economics Association and the Home Economics Education Branch of the U. S. Office of Education. Dr. Kirk was a participant in that gathering.

The publication is designed to be of assistance in the planning of new buildings and the remodeling of old ones for programs of home economics in colleges and universities. It combines the experience of home economics administrators, architects and other specialists from all parts of the nation who have recently expanded or improved their space and equipment for home economics.

Photos of new facilities and renovations in home economics departments, including photos of recent changes at Stout state college, appear. The whole project was supervised by Edna P. Amidon, director of the home economics education branch of the division of vocational education for the U. S. Office of Education.

## HIGH SCHOOL STUDENTS TO VISIT STOUT STATE

Every two years Stout extends an invitation to eleventh and twelfth year high school girls to see the home economics division on our campus. This year, 1956-57, is the year in which dozens of high school girls will inspect our home economics department and be entertained by the girls of Stout. March 30 is the day planned.

The art, food, clothing, and physical education departments are all contributing extra work to help make the open house a success. A style revue is probably the big event of the day and extensive work is being done for it.

## 'MEDLEY TO ROMANCE' WINTER FORMAL THEME

Plans for the freshmen formal are underway with the date being set for March 8. The theme for the dance, which is "Medley to Romance," will be composed of the songs "Dream," "Stairway to the Stars," and "Blue Moon." Johnny Roberts and his band will provide the music. An admission price of \$1.00 per couple will be charged.

At a freshman class meeting on February 2 the following candidates for queen were nominated: Audrey Fletcher, Menomonie; Nancy Fullmer, Port Atkinson; Barbara Grover, Galesville; Alice Schweitzer, River Falls; Barbara Taylor, Rhinelander; and Marilyn Voss, Sheboygan Falls. The elections for queen were held on February 27; the announcement of the queen will be made before the dance.

Dorothy Begum, chairman of tickets; Dorothy Grundmann, decoration; Barbara Harms, clean-up; Ginny Kurtz, advertising; and Donna Pauls, punch, and their committees are planning to make this year's formal a success. The entire student body is invited to attend, so begin making plans to attend now.

## WEATHER BIRD

Decreasing cloudiness and slightly colder temperatures can be expected this week end, the bird predicts. "The sun ought to be out most of the week end," rapped the weatherbird, "and the mercury should be dropping into the tens and twenties at night; the upper twenties and lower thirties during the daylight hours." With that, the bird went into hibernation once again. Spring evidently isn't ready to show up for a while.

Stage crew for A Murder Has Been Arranged is shown above. Pictured in the front row are Marval Klecker, Frances Ginter, and Ardelle Drege; in the back row are Rebecca Kolar, Barbara Hahn, Bette Zander, and Gloria Walstad.

## STUDENT ASSOCIATION ELECTIONS APPROACH: LET'S CAMPAIGN WITH POSTED REGULATIONS

To all candidates and groups sponsoring candidates for election to the S.S.A.:

Following are suggestions and regulations for election campaigning. Your cooperation in carrying these out will be appreciated.

1. Campaigning of all sorts may begin at any time after 12:00 p.m., Saturday, March 9.
2. The size of the signs and posters may be no larger than 22" by 28". If posters are placed on the bulletin boards, they must be regulation size, 11" by 14".
3. Signs may not be taped to the walls or woodwork in any of the buildings on the campus.
4. Staples, nails, glue, tacks, or any other fasteners which mar the walls or woodwork may not be used.
5. Campaign signs may not be placed on the glass of any of the buildings of the Stout campus (windows or doors).
6. The poster may be placed on the floor in the buildings. Tripods, stands, and your own constructed frames are to be used to hold up the poster.
7. Posters may be outside if not too messy.
8. Remember, neatness everywhere.
9. All campaign signs must be removed by 5:30 p.m., Thursday, March 14.

10. It is the responsibility of the candidate to see that his or her signs are removed.

11. All candidates will appear in the student assembly on Wednesday, March 13. Each will give a three to five minute speech. Campaigning at this assembly is encouraged. Handbills, signs, bands, cheers, songs, etc., all help to create interest.

12. As a courtesy to the janitor, please do not litter the auditorium with confetti, scraps of paper, etc.

In order to conform with the regulations set up by the President's office, we recommend that students use their ingenuity to create campaign spirit. Some suggested methods include: Lapel tags, floor standards, handbills, etc.

Let's make this a big campaign! Interest created by you means a more representative Stout Student Association for the coming year.

10. All candidates will appear in the student assembly on Wednesday, March 13. Each will give a three to five minute speech. Campaigning at this assembly is encouraged. Handbills, signs, bands, cheers, songs, etc., all help to create interest.

11. As a courtesy to the janitor, please do not litter the auditorium with confetti, scraps of paper, etc.

In order to conform with the regulations set up by the President's office, we recommend that students use their ingenuity to create campaign spirit. Some suggested methods include: Lapel tags, floor standards, handbills, etc.

Let's make this a big campaign! Interest created by you means a more representative Stout Student Association for the coming year.

## EPSILON PI TAU SELECTS NEW MEMBERS

Selected for admission to the ranks of Epsilon Pi Tau fraternity at Stout have been twelve sophomores, four juniors, and five seniors men, according to Jerry Wolfe, EPT president.

The sophomores are Maynard Bjork, Roger Brennan, Dennis Darling, Ken Diekie, Vernon Draxler, Henry Gussel, Donald Hoffman, and John Kasten. Other sophomores men are Conrad Mlynarek, Thomas Munro, Thomas Nagel and Gregory Trzebiatowski.

The juniors are William Lantta, Jack Oman, Malcolm Tuve, and Vaelovak Vaitkevics.

Senior men selected for admission are Friedrich Reuter, Jerald Schoenike and Thomas Tsuji.

The above men will take an examination March 12, and upon satisfactory completion of the exam, will be admitted to EPT.

Initiation has been scheduled for March 26.

## STUDENT BOARD OPENS MEETING FOR STUDENTS

On Wednesday, March 6, the S.S.A. will conduct an open student governing board meeting during convocation. During this meeting, as at every other governing board meeting, many important issues will be discussed. At that time, anyone from the audience will be able to participate in the discussion.

This may seem relatively unimportant to you as you skim this article, but your attendance at the opening governing board meeting will determine changes that are made at Stout for the benefit of all students and faculty.

Remember your responsibility to your fellow students and attend the convocation, March 6, to see OUR student governing board in action.

8:00 Sig Tau Meeting LB 9

Friday, March 8  
8:30-12:00 Freshman Formal

## AUDIO-VIS GRADUATE STUDENTS TAKE TRIP

The "Problems of Audio-Vision" class consisting of nine graduate students and their professor, Dr. Barnard, took a field trip last Thursday, February 21. The group left Stout at 7:30 in the morning and arrived back late the same night.

The group visited with the audio-visual co-ordinator for the Rockford, Illinois schools. He conducted them through a classroom and showed them how to set up and run such a system.

The group then made a surprise visit into an elementary classroom to see how they were using their materials. Their last stop was to the Mayo Medical Museum of which they have much to say if you contact one of the group.

The "Problems of Audio-Vision" class is conducted on the seminar basis with a different discussion leader for each topic. They are now in the process of writing up a review of the Rockford audio-visual system and will send their findings and recommendations to the Rockford Co-ordinator. A similar field trip is being planned to Mondovi.

## WORK BEGINS ON HOME EC CLUB TALENT SHOW

Talent! Talent! That's what we want! All Stout students and faculty members are urged to participate in the talent show sponsored by the Home Economics club on April 6.

Any student or faculty member who sings, dances, plays an instrument, or has any other type of talent is urged to participate in the talent show. Clubs and organizations are urged to participate with group talent. Interested individuals and groups are urged to contact Barb Habstritt by phone or through the mailbox on or before March 8.

## F.O.B.'S SPONSOR STUNT NIGHT ON MARCH 9, 1957

March 9 is the day! Stunt Nite begins at 7:45 p.m. For those freshmen who have never attended Stunt Nite, here is a brief run down of the festivities.

Each organization presents some type of skit. Most of the skits are humorous, musical, or dance routines. However, the choice of the skit is strictly up to the organization. Between each skit, some form of entertainment is presented, such as a pantomimed record by LeRoy Zwick, stories by the master of ceremonies, musical combos, quartet singing, plus many others.

Each skit is judged by five persons that are chosen from the residents of Menomonie. This year there will be eleven skits, each six minutes long. The skits are judged on originality, scenery, organization of the skit, time required to present the skit, and other criteria. All in all, it can be said that the winning organization will be accurately and fairly.

In the past, a money award has been given to the winning skit, but this year, in addition to the money, the name of the organization presenting the winning skit will be engraved on a plaque. This plaque will be placed in the Union and each year the name of the winning organization will be engraved on it.

Because Stunt Nite was organized much earlier this year, the organizations have had a longer time to prepare their skits. Due to the long hard work by the different organizations on the campus, Stunt Nite will be better than ever this year. Support your school functions! Plan to attend Stunt Nite on March 9, at 7:45.

## HONOR LIST POSTED IN INDUSTRIAL EDUCATION

The Dean's Scholastic Honor list for industrial education for the first semester has been posted. There are seven freshmen, nine sophomores, seven juniors, and twenty seniors on the list. In addition, eight of these men have been on the Dean's List for two consecutive semesters, thereby exempting them from Stout attendance regulations. Congratulations should be given on the following men:

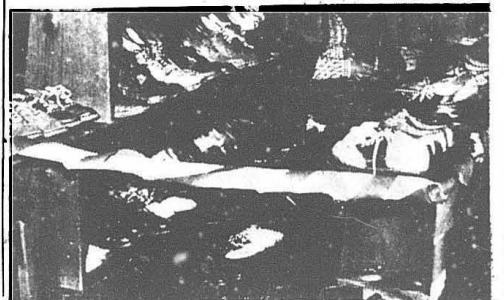

Freshmen: Philip Feland, Afif Hajar, Elwyn Hendrickson, William Kinschey, David McNaughton, Louis Miltad, and Kenneth Yeager.

Sophomores: Carlton Brown, William Dalager Jr., Ronald Blaney, Eugene Gehl, John Kasten, Conrad Mlynarek, Thomas Munro, Thomas Nagel, and Donald Hoffman.

Juniors: Gerald Bleskacek, James Indihar, William Lantta, Bruce Leonard, Walter Vaitkevics, Duane Wicklund, and Jerome Wolf.

Seniors: Robert Duren, Roy Eekes, Arthur Eick, Maurice Ellis, Harlan Giese, David Groesch, Ronald Huebner, Joseph Koch, Anton Kotzya, Walter Kratsch, Kazuko Kobayama, Elmer Lemke, Reinhold Meubson, Henry Moerschel, Paul Palmer, Frederick Reuter, Clifton Rundle, Jerald Schoenike, Orville Torgerson, and Carl Zantisek.

Two consecutive semester students on the honor list are: John Kasten, Thomas Munro, Thomas Nagel, Duane Wicklund, Joseph Koch, Anton Kotzya, Jerald Schoenike, and Donald Hoffman.

The above picture was taken at the Soc Hop sponsored by Panbellenic council Saturday evening. Shoes of all kinds and sizes were seen — at the check in station.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member

Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days.

Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practice.

## FROM THE EDITOR'S DESK

Election time is here again. The leaders of tomorrow are passing in review before us.

Within a few weeks, new officers will take over in the various organizations. Some of these people have already been elected. Others will be elected soon. It is time to become acquainted with the candidates and new officers for it is only through well chosen leaders that the work of any club or organization runs smoothly. It would be advisable for all individuals to ponder well their decisions.

It is only through wise selection that the best person will be chosen for the job. Wise selection involves meeting and knowing the candidates. Wise voters acquaint themselves with the issue, whatever it may be. Promises alone mean little. Past performance in important positions might well be used as an evaluation device.

There are only a few weeks left. Meet the people who will be deciding the issues next year. Voting in many cases is only a few days away.

## CLUB NEWS

The L.S.A. group met at Peace Lutheran Church Sunday evening, and saw a film on the history of the Lutheran Church in America.

Following the film, a delicious supper was served and the meeting was closed with the Friendship Circle.

Next week L.S.A. will be attending the Christian Life program at Our Saviour's Church. K. Ephraim Amos will give an informal talk followed by a discussion period. Everyone is invited to attend this meeting at 5:00 Sunday at Our Saviours.

Pallas Athene sorority held a weekly meeting in the club room Thursday evening. Plans were discussed concerning F.O.B. Stunt Night and the Panhellenic Sock Hop.

Barb Williams was chosen as the Pallas Athene representative for SSA campaign.

The Tri-Sigma sorority held a ceremonial meeting at the library on Thursday evening, February 21.

The Tri-Sigma basketball team vied for the championship in the girl's tournament against the WRA team on Tuesday evening, February 26.

Final plans for the bake sale on March 2 at the upper Farmers' Store were announced by chairman, Carol Hahn.

Peggy Kingsley will be the Tri Sigma candidate for SSA office this year. Ruth Thomas is campaign manager.

Bev Duerkop reported that the Tri-Sigma sorority will exchange pledges with the Phi Sigma Epsilon fraternity on Wednesday, February 27.

Plans for an all school mixer to be held March 2 were discussed last Thursday evening at the Hyperian sorority meeting. It was decided that the decorations should center around a Scotch theme. An orchestra will provide music for the dance.

Plans were also discussed about the Sock Hop and Stunt Night. Marilyn Webb was elected as the Hyperian candidate for SSA.

Due to the bad weather on February 24, Gamma Delta postponed the hayride, and it will be held this Sunday March 3. There will be a short business meeting at 7:00 and from there they will go out to the country for the hayride. Gamma Deltans are asked to bring along a friend.

On March 17 there will be a Box Social with Eau Claire and River Falls groups invited.

Alpha Sigma Alpha held a regular business meeting last Thursday evening, and enjoyed a social hour after the meeting. During the meeting Barbara Hartig was elected to be the Alpha's candidate for SSA office and Jane Spurgat and Helen Miller reported on arrangements for Stunt Nite.

Congratulations were extended to Mary Brackett, a junior from Elk Mound, who was recently invited to become a member of Phi Upsilon Omicron.

A college prof of logic was attempting to teach his son the principles of clear thinking. He pointed to a wall clock which had just struck the hour.

"Now if I were to take a hammer and smash that clock," he said, "could I be arrested for killing time?"

"No sir," said the lad without a moment's hesitation, "it would be self defense."

The prof frowned. "How do you figure that out?"

"Because," answered the boy, "the clock struck first."

A successful man is one who makes more money than his wife can spend. A successful woman is one who lands such a man and marries him.

## PHI SIGS SPONSOR FOUNDER'S DAY MIXER

Wednesday night, February 20, a free mixer sponsored by the Phi Sigma Epsilon fraternity honoring Founder's Day was held in the Stout gym. Refreshments were served during the dance which lasted from 8:00 until 10:00.

During intermission Dave Zakowski, or "Zak" as he is better known, served as master of ceremonies, while Ron Anderson told part of the Phi Sigma's history.

What with the ingenuity of "Zak" and good records a wonderful time was had by all.

## HONORARY FRATERNITY ELECTS 1957 OFFICERS

Theta Chapter of Epsilon Pi-Tau has elected Jerome Wolf, junior from Hilbert, Wisconsin, as president for the coming year. He succeeds Maurice Guptill, who was congratulated by fellow members after the election proceedings held Tuesday, February 12. Eugene Bocek, a junior, succeeds Maurice Ellis as vice president. Curtis Phillips, a junior, takes over secretary-treasurer duties from Henry Moerschel. An assistant secretary-treasurer will be elected after new members are accepted later this semester.

Epsilon Pi Tau is an international honorary fraternity in industrial arts and vocational education.

A trip to Milwaukee by the members of Phi Sigma Epsilon, Friday, February 22, for the purpose of playing in a basketball tournament was termed a great success even though we didn't place in the tournament. Approximately 150 members from chapters in Wisconsin, Illinois, and Michigan were present.

The Phi Sig's new pledges are Dave Soderberg, Fran Lamer, Dick Kveton, Don Anderson, and Don Feyerisen. The pledges have performed all of the traditional duties of "Hell Week" under the stiff whip of Jim Kreuzer and Leo Pleva their pledgemasters. From their performance during the week we feel greatly satisfied in our selection. Our sister sorority, Sigma Sigma Sigma, again exchanged pledges with us for the entire day of Wednesday, February 27. All duties were carried out as ordered and the exchange was deemed successful.

As a last note, the Phi Sigs would like to mention that everyone is cordially invited to an open house on March 10 at their house located at 915 6th Street. Refreshments will be served.

## DORM NEWS

Approximately 50 couples danced to the smooth rhythm of George Soderberg's dance band last Friday evening, February 22 at the lounge in Tainter Hall.

The dance was planned by the girls in the three dorms. Decorations of hearts and snowflakes in keeping with the theme of the "Sweetheart Dance" lent a festive air to the occasion.

Refreshments of punch and cake were served to the guests by the girls. Mrs. Charlotte Sims, Mrs. Gertrude Adams, and Mrs. Manila Ohnstad chaperoned the dance.

Hard-working committees of the three dormitories under the general chairmanship of Katchen Kubitz made the evening a success.

Plans and preparations of the skit by Tainter Hall are almost complete. Rita Gasser and Marilyn Utter are co-chairmen.

## HYPERIANS INVITE ALL TO MIXER AFTER GAME

Come One, Come All. Come to the Hyperian Scotch Hop. The Hyperian sorority is sponsoring an all school mixer after the game Saturday night March 2. It is to be held in the small gym. The feature attraction at this dance will be the newly organized college band under the leadership of Don Gibbons. Refreshments will also be served and a small fee will be asked at the door.

So all you fellows don't be Scotch, get your girl today and bring her to the Scotch Hop Saturday night.

# NEWS OF OUR ALUMNI

**Edward N. Clary, B. S. 1956**, is teaching drafting and mathematics at Beloit Vocational school. He was married to Miss Mary Jo Mountain of Beloit on November 21, 1956, and now resides at 1232 1/2 6th Street, Beloit, Wisconsin.

**Carl A. MacMiller, B. S. Aug., 1929**, M. S. 1954, died of a heart attack in Hibbing, Minnesota. He received a two-year diploma from Stout in 1923 and taught in San Antonio, Texas in the junior high school for one year. In 1924 he went to Hibbing and has been teaching there since that time. He taught metals at Hibbing high school.

**George and Nadine Brown Stephenson, B. S. 1953**, are in Fort Collins, Colorado and enjoying the sight of the Rockies from their front window. George is working on his master's at Colorado A and M. The head of the Industrial Arts department there is a Stout grad, Dr. George F. Henry, B. S. 1923. The Stephensons live at 326 West Street, Fort Collins, Colorado.

**Florence Soderberg** is teaching home economics in St. Croix Falls, Wisconsin.

## DETROIT ALUMNAE MET TO HONOR TEACHERS

The Detroit Stout Alumnae met Saturday, February 9, at the home of Marion Arntson. A tea was held to honor Bernadette O'Meara, who retired January 29 from teaching in the Detroit public schools, most of the time at Danby high school. She now plans to spend the summers at her cottage near Finckney, Michigan and next winter in Mexico.

Another member of the group, Mrs. Esther Olson Sackman, is retiring and moving to the retirement home she and her husband have built at Manitowish Waters, Wisconsin.

**Mrs. Edward Sims, nee Mary Riggert, B. S. 1945**, taught home economics for two years. At the present time she is keeping house for her husband and two daughters. The family is residing in Rice Lake.

**W. E. Thurston, B. S. 1914**, and his wife, **Mabel Plummer Thurston, B. S. 1916**, are residing at 723 Prospect, Durand, Wisconsin. Their daughter, Kathryn, graduated from Stout in 1951 and married Joseph Beland in the same year. Kathryn was a dietitian in the Menomonie hospital for two years. Joseph is now teaching industrial arts in Big Rapids, Michigan. W. E. Thurston is a lawyer and at the present time is on the tax appeal board in Madison; he also maintains a law office in Durand. After Mabel graduated from Stout, she took her internship in Detroit, Michigan, for six years. She later taught home economics for seven years.

## ARTICLE ON GRADUATE APPEARS IN NEWSPAPER

Recently written up in the newspaper of Thief River Falls, Minnesota, is a graduate of Stout state college, J. Arthur Johnson. The article describes Mr. Johnson's background in education and then goes on to explain the organization and activities of the industrial arts department in the Thief River public schools.

According to the feature, four shops are offered in the school system. The philosophy of the department is that industrial arts is a part of general education, concerning itself with the materials, processes and products of manufacture and with the contributions of those engaged in industry.

It is also the department's belief that a pupil's learnings come through his experiences with tools and materials, as well as through his study of resultant conditions of life. Thus the instructors look upon their area as one of curriculum rather than as a subject or a course, comparable in this respect to the area of language arts.

The article on J. Arthur Johnson was referred to Dr. Verne C. Fryklund, president of Stout state college, by D. Bjorvaraa of the Midwest district of public relations for the United States Steel corporation.

## HOME EC CLUB TAKES TRIP WITH DEAN KIRK

At the February meeting of the Home Economics club, in the Stout auditorium, Dean Kirk talked to the members of the club about her trip, which she took this past summer around the world.

In her talk she took the members first of all aboard the TWA plane to Los Angeles. From there her trip took them to many interesting places such as Hawaii, Japan, China, Thailand, India, Egypt, Lebanon, Holy Land, Israel, Istanbul, Greece, Italy, some Scandinavian countries, England and then back to the United States. As the time was limited and Dean Kirk had so many experiences to tell about, the talk actually took the members only half-way around the world.

In each country Dean Kirk explained how the natives live, their religions, buildings of interest, chief products, clothing, customs, etc. She explained exactly what they saw and this was supplemented with beautiful slides, as places of special interest were explained.

Dean Kirk said it was a fast trip thus making it hard to see everything in such a short time.

Her trip was planned by the American Mobile Association and if any of the members, after hearing the talk, would like to take the trip they better start preparing now. For as Dean Kirk explained it took a great deal of preparation; shots to be gotten, pictures taken, certificates of health from a doctor, etc.

The Home Economics club's trip around the world with Dean Kirk is one that will long be remembered.

## CLUB MEMBERS ATTEND PROVINCE CONVENTION

A report on Province was given at the meeting by Rhea Van Vleet. The girls who represented Stout at the Provincial workshop held at Chicago, Illinois were Jane Thompson, Mary Ann Parkel, Jan O'Grady, Rhea Van Vleet, and Miss Clure as the advisor. Discussions, buzz sessions, speakers and a dress review, put on by Marshall Fields, were some of the activities which Province included. Each state also held a meeting and much worthwhile information was obtained by the girls which will be helpful to the club.

A reminder was given that the state meeting this year will be held at Green Bay on April 5-6. National AHEA convention will be held June 25 in St. Louis, Illinois.

Barbara Habstritt gave a report on the talent show which will be held after the Mother-Daughter Banquet April 6. Acts for the talent show are greatly needed, and a notice will be up for try-outs.

## M.A.P. STARTS WORK ON SPRING PRODUCTION

The spring M.A.P. production, "A Murder Has Been Arranged," is rehearsing every evening now. Committees and their chairmen are set up, and backstage work is progressing well. As may be assumed from the title, the play itself is of the murder-mystery type, guaranteed to give audiences chills and shudders. Part of the eerie effect is obtained through a musical background provided by a small orchestra which the music department is working up. These innovations in play style, in addition to costuming and an excellent plot, promise to give you thrilling entertainment.

### STOUT SKIERS BUSY AFTER HEAVY SNOWS

The Stout state Ski Club had a very active week end before the snow melted.

Saturday the group took three cars of students to Hardscrabble, a ski area near Rice Lake. The group enjoyed a good day of skiing with several new members participating.

Sunday two carloads went to Talmark but with the slight change in weather, the hills were slightly damp. Deepwood was also a busy area this week end with members of the Ski Club as well as buses from the University of Wisconsin.

Herb Reibe showed slides of skiing and ski areas at the last meeting of the club.

New posters for ski club will be used as soon as a design is drawn up. All members are encouraged to watch the board for news of Ski Club events.

College students have their own definitions. Here are some, from students of the Wisconsin state colleges.

Campus — An island of learning surrounded by a sea of parked cars.

Campus leader — Parental term meaning, "my child."

Campus follower — Archaic term which best describes nothing human on a modern college campus.

### STOUT GAINS 88-74 WIN OVER NORTHWESTERN

The Stout Blue Devils, sputtering through the first 30 minutes, finally got rolling and scored 28 points in the last quarter. Thus they gained an 88 to 74 victory over the Northwestern Eagles of Minneapolis, Minnesota. The game was played on the loser's home court.

The Blue Devils found Northwestern an extremely tough opponent to overcome for the first three quarters. Then the Stout cagers, in an effort to assert their authority, called on Keith Moessner and Brian Howard to pull the game out of the fire. Moessner hit for 10 points, and Howard for 9 more during the last 10 minutes.

Stout found the free throw lane an obstacle once again as the Blue Devils could convert only 18 of 34 free throw attempts. The Eagles made good on 24 of 35 gift shots. However, Stout

PETERSON HOWARD

outscored Northwestern by 35 to 25 from the field to account for the victory. The Blue Devils counted 21 personal fouls and the Eagles were called for 19 personals.

The win became victory number 11 in this season's cage crusade against seven setbacks for the Stout hoopers. The win is also number three in a row. A good turnout of Stout rosters were on hand to make sure that the Blue Devil cagers were not without friendly support. Be sure to back your Blue Devils!

For the Blue Devils, Keith Moessner was high man with 25 markers, followed by Brian Howard with 23 points. Jam Peterson came through with 15 more, and Bob Sorenson counted 9 points. Jim Baum and Brian Howard were the big men on defense for the Stout starters.

Halftime score: Stout 41, Northwestern 39.

## SPORTS ROUNDUP

### STOUT VS. EAU CLAIRE

Tomorrow night the Stout cagers take on the Eau Claire Blugolds in the high school gym. This is a "must game" for the Blue Devils as a win would climax a terrific basketball season here at Stout. After knocking off league leading Stevens Point in the same gym two weeks ago, the Blue Devils need only a win over Eau Claire in order to serve notice to the rest of the conference teams that the Stout cagers will be the team to beat next year.

This will be the last home game of the year for the Blue Devils, as they travel to Superior next week to conclude their schedule. Earlier in the season the Blugolds knocked Stout over in a game played at Eau Claire. The final score of that one was 75 to 69. Since then the Blugolds have gone on the tie for second place in the conference with a record of 7 wins and 4 losses.

The Stout hoopers are a vastly improved ball club since they last met Eau Claire, but any Stout—Eau Claire game is never rated anything but a toss-up. There can not be any predictions of the final outcome, but the next best thing that can be said about the game is: LET'S BEAT EAU CLAIRE!

### INTRAMURALS

Play has bogged down in the men's doubles in table tennis. No matches have been played in several weeks and the playoffs have not been decided.

The bowling league is gaining the nightly spot light as matches progress. There have not been any results reported to the STOUTONIA as yet, but they should be in soon. Students are urged to turn out for these matches. All games are rolled in the howling alleys of the Stout student union.

Intramural basketball is rapidly nearing its conclusion with still no definite answer as to who is going to win in either league. The STOUTONIA re-

ports that there have not been any write-ups on these games in the paper, but no one has indicated an interest in the reporting of these games.

### INTRAMURAL STANDINGS

# Stunt Night Is March 9

## ELECTIONS NEAR: SELECT MOST QUALIFIED CANDIDATE TO CARRY RESPONSIBILITIES IN S.S.A. OFFICE

There are ten candidates running for S.S.A. office this year. The following is a brief summary of their qualifications and a portion of their platform in quotes just as they were given to the S.S.A. office. Let's make a good choice of officers this year. But remember, it's your vote that counts!

### PRESIDENTIAL CANDIDATES

Ronald Anderson is from Braham, Minnesota. He is a member of Phi Sigma Epsilon fraternity and has been treasurer of the Phi Sig house. He has also participated in intramural bowl-

ANDERSON EBERT

ing and softball. Ron was chairman of the Friday night activities for the Winter Carnival.

"Through a year's work experience before starting college and then belonging to a national social fraternity I believe that I understand some of the common problems of the student and also the benefits a person should receive from college other than from the class room. Through close cooperation with the S.S.A. in the past year I have an insight concerning the operation of Stout student government."

David Ebert is from Greer Lake, Wisconsin. He is a member of Sigma Tau Gamma fraternity and Alpha Psi Omega (MAP). He has just finished a term as fraternity treasurer. His other activities include the Wesley group and internships. While in service, he had classes in leadership.

"I feel I'm qualified and prepared to carry out the duties as president of

JACKSON OSIER

the Stout Student Association. I believe students on campus will back me when I say that I can be relied upon. I will, to the best of my ability, stand up for the rights and wants of the student body.

I have had the experience of being a class president. Also I am terminating a successful year as treasurer of my fraternity. While in the military service, I gained training in leadership. The experiences that I encountered in these positions should prove a valuable asset in the conduct of the S.S.A. presidency."

Peter Jackson from Nashwauk, Minnesota, is a transfer to Stout from Hibbing junior college. Hibbing Minnesota Organizations on campus he belongs to include the Phi Omega Beta (FOB), Alpha Psi Omega (MAP), and the Newman Club. He is equipment manager of the M.A.P. He is a Navy veteran and belongs to the American Legion. During Homecoming, '56, he was co-parade marshall and is co-chairman for the F.O.B. Stunt Night this year.

"I feel that I can base my qualifications for S.S.A. president on my many past experiences. First as a veteran, as a fraternity member, both socially and honorably. My experience as parade marshall has helped me contact many of the students as

has Stunt Night this year. I feel that we can form a close relationship of the student body and the S.S.A. office."

Wm. L. Osier is a fourth man running for the office of presidency. A transfer from the University of Wisconsin, Bill is from Marinette, Wisconsin. He belongs to Newman Club, Stout Collector's Society of which he is chairman, and the Student Housing Board. He also belongs to Veterans of Foreign Wars. He is advisor for the Menomonie high school Hobby Lobby club.

"I have the interest and desire to serve the student. My past experiences in service and school have given me a good background for such office. I know the problems of the transfer, freshman and upper classmen. I know and understand the problems of the veteran, married and single students; I have the time and ability to devote to do a very superior job as S.S.A. president. Many students in the past and present have requested that I run for the office."

### VICE PRESIDENT

Jane Tonetta Thompson is a sophomore from Monroe, Wisconsin. She belongs to the Home Economics Club and Alpha Sigma Alpha. She has served as freshman S.S.A. representative last

THOMPSON WEBB

year. She has also served as Dorn Council representative and is now Eberberger Hall's president. She participates in numerous interform activities. She had several jobs in high school offices.

"I feel that I am qualified for the vice president's position, because I was freshman representative to S.S.A. last year. Although I didn't have any voting power it was a wonderful experience and I had the opportunity to see how the organization and duties of each office were executed.

My experiences from high school would also be a great asset. I was a member of Student Council and also a member of Youth Council which is the governing body of our youth center and social activities. While serving on Youth Council I was social chairman of my senior year."

Marilyn Jean Webb is from Milwaukee, Wisconsin. She has membership in the Alpha Psi Omega (MAP) understudy, Inter-Varsity Christian Fellowship, United Student Fellowship, Home Ec. club, Hyperian sorority, and was on the Stouter as a freshman. She has held numerous jobs in campus organizations just as she was busy in high school.

"My basic qualifications are these: I am interested in student government and willing to do my best for the pro-

STEVENS

motion of a more active social program for Stout students."

Ralph A. Stevens is also a sophomore from Milwaukee. He is a member of the Sigma Tau Gamma fraternity. He also belongs to Lutheran Student Association. He's been particularly in intramural sports and on the

## NOTICE

The regulations for campaigning will be followed closely by the S.S.A. office this year. Any posters put up before the appropriated time and in the inappropriate places will be taken down by the S.S.A. and destroyed. Let's all obey the regulations set up by the board which were printed in last week's Stouter, and let's make this campaign a good clean one.

## PHI SIGMA FRATERNITY OPEN HOUSE SUNDAY

On Sunday, March 10, the house of the Phi Sigma Epsilon fraternity, located at 915 6th Street, will be opened to the public. The house is an excellent example of what can be done by an organized group if the need is great enough.

The house is operated by a separate group of officers who control all business problems. The menus are planned by the residents and meals are cooked by the house mother. The members handle their "K.P." problems for the evening meals.

The house will be open from 2:00 to 5:00. See you there!

## WEATHER BIRD

Another cold front, moving through the state tonight or tomorrow will bring falling temperatures and scattered clouds to Menomonie.

The weatherbird, never tiring of winter weather, perched on his perch this morning and delivered a long-range forecast.

"We'll have cool weather until about March 20," he said, "with a rip snort in blizzard between the 20 and 31. When that one melts, spring will be here."

Concluding this oratorical masterpiece, the bird took off to do a little ice fishing.

## MARILYN VOSS REIGNS AS 1957 FORMAL QUEEN

Chosen to reign over the 1957 freshman formal was the pretty class secretary, Marilyn Voss. Marilyn, whose home is Sheboygan Falls, Wisconsin, was elected by members of the freshman class. Class president, Don Mullen, will place the crown upon her head tonight amid an atmosphere of blue and white and a sky full of stars. Attending Queen Marilyn will be Alice Schweizer from River Falls, and Nancy Fullmer of Fort Atkinson.

"Medley of Romance" has been chosen as theme for the dance with "Stairway to the Stars," "Dreama" and "Blue Moon" being the featured songs as Johnny Roberts and his orchestra fill the high school gym with music and you, the Stout students, dance from 8:30-12:00.

Tickets are on sale at school, and may be purchased at the dance for \$1.00 a couple.

The freshman class extends to each and every student an invitation to attend "Medley of Romance" tonight.

## M.A.P. PRESENTS SECOND PRODUCTION OF YEAR

The Manual Arts Players are progressing very nicely on their spring production, "A Murder Has Been Arranged."

"A Murder Has Been Arranged" is a ghost story. Can you imagine holding a party on the scene of where ghosts walk? Sir Charles Jasper, portrayed by Gerald Howard, planned such a party. The story is centered around Sir Charles, an eccentric man who has a leaning to mysticism. Sir Charles is to inherit a fortune on his fiftieth birthday. The terms of the legacy are that in the event of Sir Charles' death before the anniversary of his birth, the fortune will go to a missing nephew, Maurice Mullins, played by Gene Ender.

Besides being a play of absorbing interest, "A Murder Has Been Arranged" is blessed with that rare and precious quality known as originality. That "spooky" feeling permeates the atmosphere.

Three performances of "A Murder Has Been Arranged" will be given at the Stout state college auditorium on the evenings of March 21, 22, and 23.

Tickets may be purchased in Harvey Hall during the week of the play or on the evenings of March 21, 22, and 23. Stout state students, remember that you receive your tickets free of charge if you present your S.S.A. card when you get your ticket.

## FIVE STOUT STUDENTS AND FACULTY ADVISORS FIVE STOUT STUDENTS AND FACULTY ADVISOR

Five Stout coeds and one faculty advisor attended the Province Workshop February 13-16. Janet O'Grady, Mary Ann Parkel, Ruth Thomas, Jane Thompson, Rhea Van Vleet, and Miss Clure were Stout's representatives at the three day meeting in the LaSalle Hotel in Chicago. One hundred and forty girls represented twenty-seven colleges from the four states of Iowa, Illinois, Michigan, and Wisconsin. These states make up Province VII.

The meetings varied and included buzz sessions, discussions led by professional home economists in education, business, home agent work, foods and nutrition, and clothing and textiles. One meeting was highlighted with a fashion show presented by Marshall Fields and Company.

One afternoon was devoted to professional tours to Marshall Fields, the Merchandise Mart, Art Institute, and Stouffer's Restaurant. During the free time provided in the program, the Stout group took a tour of Chicago and Chinatown and visited shopping centers.

Time was also allotted for each state to have its own state club meeting. Wisconsin's state president, Louise Olds from Cardinal Stritch college, Milwaukee, presided at Wisconsin's meeting. Business transacted included election of state secretary-treasurer, Jean Gatzke of Stevens Point, setting up the state budget, and revision of the

## HONOR LIST FOR WOMEN POSTED BY DEAN KIRK

Stout state college and the Division of Home Economics congratulates the students whose names are listed below. These students have maintained a scholastic average of 2.5 or higher during the preceding semester. In recognition of this achievement, their names are hereby placed on the Dean's Scholastic Honors List. Special congratulations should go to the freshmen class. Fourteen freshmen women are on the Dean's List this semester.

Freshmen: Patricia Beebe, Donita Beguhn, Avis Cahill, Nancy Rae Cory, Diane Feeney, Nancy Feuerstein, Nancy Fisher, Joyce Kersten, Laura Kiel, Alice Schneider, Arlene Skar, Sandra Sorenson, Judith Steiner, and Rita Todd.

Sophomores: Annabelle Ballard, Cynthia Bauer, April Burton, Diane Davis, Sylvia Felland, Louise Grant, Dorothy Gustafson, Romaine Kingsley, Beverly Mortenson, Mary Ann Parkel, Patricia Soldner, Dorothy Walter, and Barbara Williams.

Junior: Beverly Ann Duekorn, Helen Mae Froehlich, Betty Havlik, Ruth Thomas.

Seniors: Barbara Brown, Mary Jane Dunkelberger, Betty Fraley, Rita Jackson, Mary Kennedy, and P. Aileen Shinabarger.

The following students have been on the Dean's Scholastic Honors List for at least two consecutive semesters:

Opal Burton, Sylvia Felland, Betty Fraley, Helen Froehlich, Louise Grant, Mary Ann Parkel, P. Aileen Shinabarger, Patricia Soldner, Ruth Thomas, Dorothy Walter, and Barbara Williams.

## ZIEMANN - ADAMS JUDGE BOYCEVILLE FORENSICS

Recent judges for Boyceville high school's competition to choose contestants for the state forensic contest were Norman Ziemann, chairman of the speech department of Stout state college, and Audrey Adams, Stout home economics junior coed from Viola.

Ziemann judged the categories of oratory, humorous declamation, serious declamation and extemporaneous reading.

Stout's delegates, upon returning from the Province VII Workshop with many new ideas and a wider view of field, felt it was time and expense well spent and urge other home economics students to plan to attend the Province VII Workshop in Chicago next February. Other home economics meetings which Stout will be sending delegates to in the near future are the Wisconsin Home Economics Association meeting April 5-6 at Green Bay and the American Home Economics Association meeting June 25-28 in St. Louis, Missouri. These meetings are wonderful opportunities to meet and exchange ideas, gain contacts with professional home economists in the various fields of home economics and widen their individual scope of their profession.

## FROM THE EDITOR'S DESK

Voting is the American way to a "government of the people, by the people, for the people." It does not matter if the election be a country wide, state wide, city wide, or school wide election; it is still democracy in action. The students of Stout will soon be engaged in an election to determine their S.S.A. representatives for the coming year. It is a chance for each and every student to cast a vote for the candidate of his or her choice. We all can have a voice in our S.S.A.

How different this is from elections held in other nations around the world. Very often the election, if any, is only a hollow imitation of the real thing. The candidates are puppets of the controlling regime and voting is forced on the citizens by threat of severe punishment.

In the very near future, many of us will be casting our ballots for those running for public offices; some of us already have. Therefore, let everyone utilize this opportunity to start a good practice that will prepare them for their American citizenship. Election time is election time, so be sure to cast YOUR ballot next week.

—An S.S.A. Candidate

With the beginning of campaigning for S.S.A. offices, posters and pictures will decorate many heretofore blank spaces. Individuals and groups backing candidates have been working on campaign materials for weeks.

One of the unwritten rules frequently violated is that pertaining to removal of candidate pictures. Many of these are taken down after only a few hours or days on the scene. It's debatable whether admirers or competitors are doing the job. If it is the former, a few extra days without a picture will not harm anyone. If it is the latter, the act is unfair and unsportsmanlike.

These pictures are for the purpose of acquainting students with the candidates, and the removal of them may deprive a fellow student of voting intelligently. Souvenir hunters, please note!

## CLUB NEWS

At the last meeting of the Metals Guild plans were discussed as to where the club would go for their field trip. It was decided that the club would go to the Twin Cities and visit some of the industrial plants up there. Any member interested in this field trip should sign up on the Metals Guild bulletin board.

It was decided at the last meeting that anyone missing more than four meetings in one semester will be dropped from the club. This includes all special work meetings.

The club was entertained by a girls' quartet made up of the following girls: Marilyn Utter, Mary Paulin, Carol Barber, and Rita Anderson. Their selections were enjoyed very much. All the members of the club cordially extend their thanks for a job well done.

The Wesley Fellowship met at 5:00 p.m. on March 3. After a meal of roast beef, baked potatoes and trimmings the group held a business meeting, Don Gibbons presiding.

Following the meeting Tom Wright and Jerry Koskinen led the group in devotionals and individual inspirational prayer.

Betty Fray, as the program leader, gave the group an outline of her trip to New York and Washington to the Christian Citizenship Seminar. The program for next Sunday evening is Bob Morris who is showing slides on Korea.

Beginning this last Wednesday morning the Wesley group is having weekly Lenten services. These will include a continuous worship hour from 6:45 to 8:00 a.m. each Wednesday morning. During this time one can come in for devotionals, have breakfast, and be to school in time for his classes.

JEWELERS

On Saturday evening, March 2, the twenty remaining girls from Stout who resided at Eichelberger Hall during the 1954-1955 school year, had their annual reunion dinner at the Marion Hotel at 6:00 p.m.

Beverly Duerkop, the former alumnae president acted as emcee. Joanne Raven was congratulated and applauded for receiving awards for being the outstanding dairy girl of Wisconsin. She had recently been named Miss Holstein. Also, new officers were elected: Ruth Hangartner for president, and Mary Ann Cerny, secretary.

Of the original thirty-two girls who resided there, twenty have remained at Stout, two have transferred to the University of Wisconsin, five are married, and five are working in the area of Wisconsin and Minnesota.

## BOARD MAKES ARRANGEMENTS FOR ELECTION

On March 5, 1957, the first Student Government Board meeting of the month was held at 7:00 in the Trustees Room of Harvey Hall.

Final arrangements were made concerning S.S.A. election to be held on Thursday, March 14, in Harvey Hall from 10:30 through 4:00 in the afternoon. It is the S.S.A.'s hopes that every member of the student body will vote in this very important election.

The Student Welfare Committee and the S.S.A. both have approved the affiliation of the Hyperian sorority with the Delta Zeta national sorority. The Hyperians will soon become the 119th chapter of this national sorority. Other chapters in this area are at Eau Claire state, Whitewater state, University of Wisconsin, and the University of Minnesota.

A treasurer's report was given by the president of the freshman class. It was the consensus of the board to transfer the amount spent for gasoline (\$42.28) for the homecoming bonfire from the S.S.A.'s treasury to the treasury of the freshman class as reimbursement for this amount.

Suggestions are also being filed with the fireprevention committee on campus for conduction of fire drills or other methods of fire protection for the faculty and student body.

The Lyceum committee for the 1957-1958 school year is considering accommodating an extra \$500 from S.S.A. for the lyceum programs for the coming year. This would facilitate having another big name band come to Stout sometime during the school year, as was done last year when Blue Barren and the Crew Cats appeared. No decision was reached.

## The Stout Snooper

Before I tell you about my wanderings around Stout this past week I have a "Musical Lament in Pop Style" for you to see. But please, don't blame me for I'm not the author, just the receiver from a Snooper contributor.

"Twas just the other day when I was in the Garden of Eden, and Billy Boy came Walkin' in the Rain, Singing the Blues about Cindy, oh Cindy."

"I finally made my way on the Banana Boat with my True Love; of course it was Young Love for I'm Seventeen, you know."

"We got in a fight later on and I said to him, 'Don't Be Cruel, I'm Going to Get Along Without You Now.'"

"Boy, I'm sure seeing the Blue Moon now, but Love is A Many Splendored Thing. He wants me to go back to him, but I want him to Cry Me a River first, 'cause he ain't nothin' but a Round Dog."

"He brought me Candy Kisses for Valentine's Day, but that doesn't change anything. Boy, he really had me Stranded in the Jungle calling Ape Call and talking Hunky Toek."

"Well, after all that, I went to the Heartbreak Hotel in Ghost Town on Blackberry Hill, and Almost Lost My Mind."

"Afterwards I saw my Honey, and we danced to the tune of Be Bop A Lula underneath the Allegheny Moon. Gee, I Could Have Danced All Night."

## FRESHMAN GIRLS PLAN HOME ECONOMICS TEA

"Not so green" freshmen members of the Home Economics club cordially invite everyone to attend the annual Green Tea Wednesday, March 13. The festive occasion will be held in Harvey Memorial from 3:30 to 5:30 p.m.

Green Irish leprechauns and shamrocks will be made to carry out the St. Patrick's Day theme for invitations, table setting, and room decorations. The menu is being planned to coordinate with the theme.

Donna Reinhard is general chairman of the event. Other chairmen are decorations, Susan Ingalls; food, Helen Hardies; and publicity, Nancy Fullmer.

So won't you all please come and share the luck o' the Irish and the Green Tea?

but it was Almost Tomorrow and I had to go home."

And so goes the minds of Stout students.

Say, did you see that display of Mrs. Loomis on second floor of Harvey Hall? It was called "Is Your Purse At War?" Well, that got me to wondering as to what the fellows had in their pockets that was useful, and you know, after that little excursion I think that there should be a display for the fellows on "Are Your Pockets At War?" Some of the "supposed needed articles" that would be placed on the "War" side would be: a stick of gum that is a year old (reserve they say), some old notes from her girl (so if she denies something he has proof), a broken shoe string (comes in handy if the one being used becomes shorter than this one), a bow tie (comes in handy if he has to dress up in a hurry), dirty handkerchief (male rule that it never be clean, a rubber band (to keep the girls active), a screwdriver (to fix something that would originally go back together so that it wouldn't), and a few metal shags (so that when the pocket is shaken it sounds like he is loaded—with money). Oh yes, fellows' pockets are just as bad as girls' purses, only the things in girls' purses are useful, or so they say—but isn't that what the fellows say too?

As I continued my travels on campus I happened to notice hanging in Harvey Hall a picture of the new union-to-be. From what I could gather most everyone that saw it thought it would be "okay." Perhaps there are a few of the Stoutonia readers who would like to express their opinion, both pro and con, on the new building. If so, the Snooper column is all ears.

## WHAT IS A WISCONSIN FARMER?

A team, a plow, and 80 acres of land do not make a Wisconsin farm nor is a 16-year-old rural boy automatically a farmer today.

"Much of the change in rural Wisconsin has come through better methods of farming and a lion's share of the credit goes to the high school vocational agriculture course," says Milo Swanson of the Wisconsin Council of Agriculture Cooperatives.

The teacher of the vocational agriculture course is one of the most widely educated men in the community.

In his college work at the state colleges at Platteville or River Falls, where most agriculture teachers are trained, he has studied chemistry, botany, zoology, bacteriology, entomology, and physics is the field of science. He has had a course in mathematics, engineering, speech, journalism, English, history, economics, sociology, and psychology.

He has learned carpentry, welding, plumbing, electricity, and basic architectural drawing.

In class and out on a model farm, he has worked with livestock and poultry. He knows how to increase corn and small grain crops and he understands the soil and climate which will best produce crops. He has studied cattle diseases, livestock feeding, and milk and dairy products.

Yes, that is right. Standard Red Crown or White Crown contains DE-ICER, that new additive which stops frozen gas lines and assures you of trouble free starting on these brisk mornings.

## JOHNSON'S STANDARD SERVICE

You expect more from STANDARD, and you get it

## ORGANIZATION NOTICE

The back room of the gym has always been overlooked when the organizations clean the gym after using it. The trash is often left in there for the next group to clean up. Mr. Becker, the janitor, has tried to keep it clean but with no cooperation from the students.

Some of the organizations on campus have realized this and through the cooperation of the sororities and fraternities and their pledges it has been cleaned. The SSA now asks all organizations to keep it clean. Through a few simple rules which will be enforced this can be done.

1. Each organization must also clean the back room after they have used the gym.
2. Any articles left in there must be removed within three days.
3. If the organization wishes to store something in the back room, it must be put in a box or stored in some similar neat manner.
4. The box must be labeled with the organization's name and the contents. It will be regarded as private property and cannot be used by any other group without the permission of the owners.
5. If any organization does not comply to these rules it will be deprived of use of the room.

## SEMESTER FIELD TRIP SCHEDULE IS RELEASED

A schedule of second semester field trips has been released by the office of the Dean of Industrial Education.

Classes in Art Appreciation and Home Furnishings are to go to the Walker Art Center in Minneapolis.

The class in Production of Audio-Visual Materials is scheduled to visit the University of Minnesota and a Minneapolis film producer in April.

The Northern Colony at Chippewa Falls will be visited by the Personal and Mental Health class, also in April, and the senior Dietician majors leave for Chicago May 7, for a two-day tour.

The class in Philosophy of Vocational and Industrial Education will visit the Eau Claire Vocational School in March. Also in March, the class in Dress Design will go to Minneapolis.

In April the Forest Products Laboratory in Madison will host the Physics III students, the Wisconsin Electric Power plant will be visited by the General Electricity students, and the Chippewa Woolen Mills will be toured by the Textiles class. STS also plans an April trip of three-day duration.

The Metals guild plans to visit the twin cities and the Graduate Men's Club plans to see the Minneapolis-Honeywell plant; dates unannounced.

Students are reminded that a maximum of three field trips per student is the limit.

## ARTIST WORK IS FEATURED IN PETITE GALORIE

Exhibits of various phases of art by renowned United States artists have been featured each month in the la Petite Galorie on second floor of Harvey Hall.

Outstanding work featured this month is in the area of art-metal by Professor Arthur Vierthaler, a member of the art education staff of the University of Wisconsin. His works include a variety of examples of different types of art-metal works: stone setting, casting, enameling, mosaic, all including soldering.

An outstanding authority on stones, Professor Vierthaler has received numerous awards throughout the United States for his work. He was recently one of 95 award winners from the United States who were honored at the second annual Exhibition of American Jewelry, now at the Rochester, New York Memorial Art Gallery.

Barbara and Paul Sinclair were the first exhibitors featured at the la Petite Galorie recently. Both have studied at the University of Wisconsin.

The second group featured were Frances and Michael Higgins. Their work on a consignment basis, they work on a consignment basis was first glassware. After Marshall Field in Chicago had featured their work on a consignment basis, they started making their products commercially.

The public is invited to view the displays in the la Petite Galorie at any time, Monday through Friday from 9:00 a.m. to 5:00 p.m.

## IMMIGRATION EXAMS HAVE BEEN ANNOUNCED

Examinations for Immigration Patrol Inspector have been announced by the United States Civil Service Commission. Application forms may be obtained at your local post office.

Appointees will be members of the Immigration Border Patrol, a career service of mobile, uniformed enforcement officers. The beginning annual salary is \$4525, with promotion to Grade 8 and the salary of \$4970 after one year of satisfactory service. Promotions to many other career officer positions in the Immigration and Naturalization Service are made from the ranks of the Border Patrol.

Applicants must be at least 20 years of age, 5'8" tall, and in top physical condition.

Positions to be filled are located in towns in the vicinity of the land borders and certain coastal areas of the United States. Information pamphlets are available at your local post office and at all Immigration offices. Application forms should be mailed to the Executive Secretary, Board of Civil Service Examiners, Immigration and Naturalization Service, 119 D Street N. E., Washington 25, D. C.

## MRS. HOWISON IS REFERENCE LIBRARIAN

Do you want to know where to find the address for household equipment? Perhaps you want help to find some material you need for your term paper. If so, just ask for Mrs. Howison at the library.

Mrs. Howison serves as reference librarian for our library. It is her job to help the students find the information wanted for a report or term paper. "I can't find it for them, but I can teach them so they will know where to look for it so they will have the satisfaction of finding it themselves," said Mrs. Howison.

She can be found at the desk from 10:20 to 11:20 every day. "But if you don't see me, ask for me." "I'll be glad to help the students at any time," said Mrs. Howison. She intends to change the time she is at the desk so students with a free period of her than at 10:20 can still contact her.

"Serving as reference librarian is fun," said Mrs. Howison, "because most students never ask the same questions." A pattern can be set up, but each student has a different problem.

If Mrs. Howison isn't working at the time you want help, you can ask any of the other personnel. They too, will be glad to answer any questions you have when looking for references.

## STOUT GI WRITES FROM SEOUL, KOREA

Seoul, Korea  
January 6, 1957  
I finally got here, and decided to send you my new address right away so that the *Stouties* will be coming my way again.

The camp where I'm located is called Camp Colner and it's situated right in the center of the city of Seoul, the capital of Korea. The city and surrounding countryside are very run down, showing the deep and pitiful scars of war, but here inside the military compound we're quite comfortable. We live in guest houses and have house-boys who do all the cleaning. They clean the beds, make our beds, shine our boots, in other words, they get all the harassment that normally falls on the GI's. Living conditions are much better for servicemen than they were in the states.

As for a job, I used to be a high powered radio operator, but now I'm going to be a clerk-typist for the battalion commander. My job involves typing memos, writing directives and new S.O.'s, and writing correspondence for the 54 office, so for all practical purposes, I might be called "the colonel's general flunk." It's a good job, and working in the headquarters personnel office has its advantages, so I'm quite pleased. My remaining year in service should go by easily.

My new address is  
SP/3 John R. Schellin  
NG 2791853,  
Hq & Hq Co; 304th Sig. Bn. (Opr),  
A.F.O. 301, San Francisco, Cal.

Thanks very much for all your trouble in getting the *Stouties* sent to me. If there is anything I can do or get for you during these next 11 months that I'm in Korea, just write and let me know. I'll be happy to return all your favors.

Here's hoping that you'll keep me in mind for a position with *Stouties* when my service career has terminated at the second semester of the coming school year. I'll be happy to get any job you'll be able to give me, and be more than happy to return to the field of printing after spending two years in the Signal Corps.

Sincerely,  
John R. Schellin

## DIFFERENCES MAKE LIFE WORTH LIVING

The man who stood before a crowd of women students and said: "Some women are beautiful; the others go to college," was only expressing his personal point of view.

There was a revolution in Nepal a hundred years ago. The victorious faction didn't dare kill the king or dethrone him because, to their minds, he was the son of God. So, he just kept on being the king.

I read the other day that a French psychologist was coming to the U.S.A. to learn the truth about the sexual behavior of U.S. citizens. He gave some reasons. The French are shocked by what they have learned through American movies and magazines, concerning the life in this United States.

Yet, to most Americans, France is the sea of all corruption and immorality. To most Frenchmen, that particular privilege belongs to the U.S.A.

The Latin American people believe that, so far as morality is concerned, the French and the American peoples are equally bad. On the other hand, Americans think of those peoples south of the border, as a bunch of uncultured, lazy, and immoral individuals. Some even think that Latin Americans lack Christianity and democracy. Some Latin Americans picture this U.S.A. as a country in which there are no churches because nobody goes to them.

U.S. citizens believe that no other country is so democratic as they are. Some others believe exactly the same about their countries. Americans believe that their educational system is the best. Latin Americans feel that the U.S.A. has a long way yet to go, to come ahead on education. They even think, at times, that anything good America has in the field of education and sciences is due to the foreign minds that have come to dwell in this country, lured by the money they earn.

One could go on and on pointing out the incongruous and different feelings that can be encountered in the many countries throughout the world. But this is enough for my purpose. I can read the question in everybody's mind. What does he mean to tell us?

The answer is very simple. We are members of the human race. We want peace and understanding. We want democracy to lead the way. We want slavery, be it the kind it may, to be rooted out of our life. We hate the force which disregards the dignity of man and the worth of the human soul.

## SUMMER EMPLOYMENT STUDENT AID AVAILABLE

The Advancement and Placement Institute announces publication of *The World-Wide Summer Placement Directory*. This has been prepared as an aid to educators and students who wish new ideas for ways to earn while they vacation.

The Directory gives descriptions of the type of work available with names and addresses of employers regularly needing additional summer employees. Included are summer theaters, dude ranches, travel tour agencies abroad, work camps, study awards all over the world, national parks, summer camps and resorts, and many others.

Additional information can be secured from the Institute at Box 998, Greenpoint Station, Brooklyn 22, New York.

We keep telling ourselves that we are Christians and as such, we believe in that old formula of loving each other.

And yet, we just continue telling ourselves how good we are and what a pity it is that the others are not so.

This is a conflicting world. It used to be a very large one too. It isn't any more. Science has brought progress and progress has shortened the world. And since such is the case, we might as well state that all the misunderstandings should vanish.

It is easy to word an ideal. The difficulty arises when one starts thinking about the ways and means to find a solution.

The man in front of all those women students found out that his statement was false. The French psychologist is going to reach conclusions far beyond his own expectations. He will find out that people here in America are as normal as anywhere else in the world. Latin Americans coming to this country soon realize that the "Americans" are not bad at all.

And if you go outside the borders of the U.S.A., you'll find that the other nations, the old and the new, are nations with home people with pretty much the same ideals, attitudes, abilities, and hopes.

Differences? Sure, there are, and plenty! But they are the kind of differences that make this life so worth living.

Rev. Armando Alfaro

## ORGANIZATION DUES SUBJECT TO TAXATION

Section 241 of the Internal Revenue Code of 1954 applies a 20 per cent tax to organization dues where the annual dues is in excess of \$10.00 per member. Note that only dues for more than ten dollars is taxed. Customarily, organizations collect this tax from the members, billing them for it at the same time as dues are collected. A member whose club dues is \$20.00 would be billed for this amount plus \$4.00 tax or a total of \$24.00.

Taxes should be paid to the Director of Internal Revenue of the District in which the club is located. This is the same office to which Federal income tax returns are sent. That office will supply the proper forms and will be able to give advice and assistance in completing them.

This information was in one of our club letters from the NRA to the Stout rifle club.

## NO RELIGIOUS COURSES TAUGHT ON CAMPUS

There is no course in religion taught at a Wisconsin state college. Students are not asked to list their religion in college enrollment questionnaires and student records for placement do not include the graduate's religious faith. No applicant for a college teaching job is asked his religious conviction. This careful neutrality in religious matters does not mean that the state colleges disregard religion. There is concern for the student's religious life and the nine campuses have 49 religious clubs which meet regularly for discussion and social activities. Faculty members and local clergymen are advisers. Students are encouraged to develop their religious lives by regular attendance of the church of their choice.

Occasionally the colleges' religious neutrality creates a "situation." At Oshkosh a new faculty member was asked to advise a religious club by its student members. He accepted and later was invited to advise another club of his own religious faith. He was so well liked by the students whom he advised that his "request" for resignation was rejected by the students who secretly enjoyed the situation. He continued as their adviser.

"A state college is a place where personal religion can be strengthened," says a religious club president from Stevens Point. "I know more about my religion than when I came to college."

"The friends I have made in college," says a club president from La Crosse, "almost all belong to church groups of all faiths."

"In our club we regularly discuss different religious faiths with a member of the faith under discussion present," says the president of an Eau Claire club.

The state colleges are supported by people of every religious belief. This support can only be justified by the strictest religious neutrality.

## CLOTHING DISPLAY WAS ON PURSE NEATNESS

Are you at war with your purse? This was the theme of the display on second floor of Harvey Hall, which was put up by Mrs. Loomis.

Does your purse look like the ones shown? If so, yours is either at peace or war with you. To be at peace with your purse, keep it clean from scraps of paper and any unnecessary equipment, in other words, junk. Keep your comb and lipstick in a small make-up bag. Keep your keys in a key purse instead of lying in the bottom of the bag.

You will be surprised how easy it is to find your pencils and comb when you are at peace with your purse. Are you at peace with yours?

## STUDENTS COMMENT ON FINAL EXAMS

Final examinations plague college students twice a year. From Wisconsin state college student newspaper come comments on the dreaded "finals."

1. Do all of your studying the last week of school.
2. Have a few friends in the night before finals.
3. Stay up all night.
4. Write examinations rapidly, putting down first impressions.

The last big social event at the University of Wisconsin-Milwaukee was, ironically, the "Fling for Finals Flunkies."

A River Falls student wrote a furious letter to the editor of the college paper when he found the library closed on the Friday night before examinations.

Said the late-studying student, "I found it difficult to understand, condone, and otherwise overlook."

A Stevens Point student humorously reviewed his courses before the examination and gave himself little chance of success from Prof. —. The student claimed that he had been caught reading a popular magazine in class by —.

"How angry he was when he found it was an issue he had already read," remembered the gloomy student.

Eau Claire students were given grade definitions by their newspaper. "A's are grades which were given last year when student-quality was better."

"B's are grades given students who do a work," claimed the student editor. "And C's are grades given when the professor loses his grade book."

But finally the tests are over and a new semester begins. The page-wide headline in the first issue after finals of the Oshkosh student newspaper exclaimed:

"You back? Thought you'd flunked!"

## RITA CASEY AND VIRGIL GOTTWALT HONORED

Rita Casey and Virgil Gottwalt were elected as Miss and Mr. Newmanite at the last meeting of the Stout state Newman Club.

Rita is a sophomore at Stout and very active on the campus. She is a member of Pallas Athene sorority, Newman Club, Home Economics Club and treasurer of the sophomore class. Verg is a transfer from St. John's University and is a member of the Ski Club and Newman Club.

The two will attend a convention held at Manitowish State, April 26-28, where they will compete for the Province contest. The Province winners will attend the national convention to be held this summer.

Take the trouble to dish out: happiness.

You never get dizzy doing good.

## COMMANDMENTS

Quoted from "Quote" Magazine by Rev. C. M. Schendel, in his sermon "From The Parade Thru The Grave" on Student Recognition Day, January 1st, 1956.

1. Stop and think before you drink.
2. Don't let your parents down; they brought you up.
3. Be humble enough to obey. You will be giving orders yourself some day.
4. At the first moment turn away from unclean thinking.
5. Don't show off when driving. If you want to race, go to Indianapolis.
6. Choose a date who would make a good mate.
7. Go to Church faithfully. The Creator gives us the week; give Him back at least an hour.
8. Choose your companions carefully. You are what they are.
9. Avoid following the crowd. Be an engine, not a caboose.
10. Best of all — keep the original Ten Commandments.

## CLUB NEWS

Last night Mrs. Blackstone, an Alpha Sigma Alpha alumna associated with the Chicago Alumnae group, arrived here for a week end of fellowship and national inspection with Beta Phi chapter. National inspection is a bi-annual event looked forward to with much anticipation. Hostesses for Mrs. Blackstone's week end are Judy Goehring, president of Beta Phi and Miss Killian, sorority advisor. Mrs. Blackstone will be entertained tonight at a dinner and program planned by the various pledge groups.

Saturday night the Alpha Sigma Alpha plan to take part in the FOB Stunt Night program, their skit being under the direction of Jane Spurrat, Jane Thompson, and Barbara Bratley. Carol Becker and Jo Sommers are co-chairmen of the SSA campaigns and Judy Goehring, Eleanor Weltzin, Jane Thompson, and Rhea Van Vleet are on the nominating committee. Officers will be elected before off-campus teaching begins. Last Thursday night's meeting was concluded with the usual peppy song-fest.

Chi Lambda held pledge week beginning on Thursday, February 28. Pledging the fraternity were Donald Trewartha, Robert Morris, Michael Suehrsky, William Bird, and Lloyd Hoeffler. Having fulfilled their pledges under the direction of the pledge-master, Gene Kirscht, the pledges were formally initiated into Chi Lambda on Thursday, March 7. Following the initiation ceremony, a dinner was held at the Harbor Inn in honor of the new members.

A business meeting comprised the main order of business of the Pallas Athene sorority last Thursday evening. Plans for oncoming activities were discussed. Liz Erpenbach and Lenora Handy were given alumna membership in the sorority.

Following the business meeting, a work meeting was conducted. Barb Williams was congratulated on her recent acceptance into Phi Upsilon Omicron fraternity.

Inner gratitude pilots on toward health and happiness.

Every religion has the Golden Rule in it. Strange how few people have found it.

## CRIMSON-CLAD HUNTERS MAY CHANGE THEIR COLOR WHEN THEY INVADE FOREST NEXT YEAR

The 25 million hunters in this country, usually crimson-clad, may be switching to a yellow garb when they invade the nation's forests next year, according to Col. Charles C. Ege, chief of the U. S. Army Military District, Wisconsin.

That is the expected result from partial tests made with U. S. Army cooperation in the light green mesquite of Fort Ord, California, and later in the deeper green and the snowy hills of the Northwest's heavily timbered area near Ft. Lewis, Washington.

Not only is eight per cent of the population color blind, but most of those so afflicted are male, and their commonest deficiency is inability to distinguish red from green—all facts freighted with peril each fall.

So the "Easter Egg Hunt" tests were made under varied weather and light conditions with two groups of soldiers—normal sighted and color-blind.

The normal-sighted recognized yellow five times as quickly as red. That

safety proportion rose to 80 times for the color-blind.

Col. E. F. Sloan of San Carlos, California, and of the National Rifle Association, was in charge of the tests, assisted by representatives of Washington, Oregon and California Fish and Game departments and optometrist-association officials.

Col. Sloan believes that the final research—to be made at a site amid the autumn reds and yellows of maple and tamarack—will probably not alter the present conclusions.

Capt. David L. Benson of Buttes, Ga., chief of the eye clinic at Ft. Lewis, was especially pleased with the experiment. In screening 20,000 soldiers for the test, he found a rare Tritan-Tetartan.

A Tritan-Tetartan is a person who is blue-yellow blind.

## CLUB NEWS

Election of officers, installation, campaigning for S.S.A. stunt night, Scotch Hop, and the Old Heidelberg Tea were the main topics of the February 29 meeting of the Hyperion sorority. Ellen Steinhoff, president, installed the new officers: Carolyn Grinke, president; Patty Jo Heyde, vice president and pledge trainer; Peggy Handlos, vice president and rushing chairman; Carol Bibby, recording secretary; Ruth Stratman, corresponding secretary; and Gwen Urban, historian.

Marilyn Webb is the Hyperion candidate for S.S.A.

The annual all-school Scotch Hop was held last Saturday night. Don Gibbons and his orchestra provided the music.

Once again the Old Heidelberg Tea provided an enjoyable event as Stout students drank "beer and ale" in a beer-garden atmosphere. A vote of thanks to this semester's pledges, Jerre Skirvan, Kathy Kropp, Marlo Zobrenski, Beatrice Meyers, and Dori Aramori, for the splendid job on the decorations for the dance and the tea. Also, congratulations to Mary Hite-man for her election as treasurer of Home Ec club.

Tallmark and Hardserable were two of the ski areas visited by the Stout state Ski Club. Although the weather rather dampened, then chilled, the ski areas had some of the Stout-hearted skiers still participating in their wintery sport.

# NEWS OF OUR ALUMNI

**W. C. Christensen, B.S. 1939**, was recently appointed director of the bureau of training and apprentices of the department of Secretary of Labor. This organization combines the activities of the bureau of apprenticeship with other labor department training services and is designed to strengthen the department's program to improve the skills of the nation's work force through apprenticeship and other training.

Mr. Christensen, who has been deputy director for operations of the apprenticeship bureau since 1954, is a past president of the American Society of Training Directors. A native of Wisconsin, he was educated in public schools there, and served as a pattern maker apprentice and an architectural draftsman. Later, he taught industrial education in the Indianapolis high schools, engineering drawing at Purdue University, and management courses at Indiana University. Prior to joining the staff of the department of labor he was the manager of the training department at Eli Lilly and Co. of Indianapolis.

**Gerald F. Bassler, B.S. 1939**, Houston, Texas, has been promoted to director of personnel development for Continental Oil Company. He was formerly director of training for Conoco's manufacturing department, and will continue to make his headquarters in Houston.

Mr. Bassler joined Conoco's headquarters manufacturing department in Houston in January, 1955. Previously he served successively as senior training supervisor for Creole Petroleum Corporation in Venezuela, South America, and as management development supervisor for the Murray Corp., Detroit, Michigan, automotive parts manufacturers.

A training administrator for the United States Navy during World War II, he spent three years before the war as an industrial education instructor at vocational schools in Knoxville, Tenn., and Detroit. While in South America, he served as a consultant and coordinated development programs for Venezuelan government agencies.

A native of New York City, Mr. Bassler received his bachelor's degree in industrial education from Stout state college, and took graduate work in industrial education at the University

of Tennessee and Ohio State University.

Mr. Bassler's wife, nee Jean Good, B.S. 1934, is also a graduate of Stout.

**Marvin L. Krueger, M.S. 1954**, is teaching mechanical and architectural drafting and woodworking in the high school at Iron River, Michigan. He and his wife have three children and are residing at 15 5th Ave., Iron River, Michigan.

**Gene Dahlin, M.S. 1954**, is teaching drafting and woodworking at Stanbaugh high school, Stanbaugh, Michigan. His home address is Box 33, Iron River, Michigan.

**Henry Reider, B.S. 1951**, teaches machine shop for the high school and mechanical school classes at Oshkosh, Wisconsin. Henry is planning to attend the Northwestern Education Convention at Fond du Lac this spring, and the V.A.A.E. convention in Indiana. The family, including two children, Karen and Robert, is residing at 124 Mason Street, Oshkosh, Wisconsin.

**Robert G. Christensen, B.S. 1950**, is presently teaching radio and I.F.P. equipment at Scott AFB, Illinois. Robert and his wife are planning a trip to southern Texas for their vacation. Their home address is 16 Adams Street, Mascoutch, Illinois.

**Joseph Serftek, B.S. 1945** and nee Dora Campbell, B.S. 1945, with their two sons, are residing at 2108 S. 61st, West Allis 14, Wisconsin. Joseph is teaching woodwork drafting at Horace Mann Junior high school in West Allis. Previously he taught in Milwaukee for four and one half years. He received his M.S. during the summer session of 1953. On October 8, 1955, the family had two new-comers, twin girls.

**Mrs. Marion (Hanson) Heathcote, B.S. 1944**, has retired from teaching. She previously taught home economics at Lincoln Junior high in Minneapolis. In February of 1956 the family went on a trip to Florida. They have one daughter, age seven. Marion was P.T.A. program chairman for the year 1955-1956.

**Mrs. Alma Kieffer Jones, B.S. 1945**, is kept busy as a homemaker and mother of a small boy. Previously she was supervisor in the cafeteria in Omaha, Nebraska, assistant dietitian in the hospital at Anderson, Indiana; assistant director in the Tea House of the University of Texas; assistant dietitian in the dormitory of Rice Institute at Houston, Texas; dietitian in the hospital at San Angelo, Texas; assistant dietitian in the hospital at Fort Worth, Texas. At the present time the family is residing at 2800 Nies St., Fort Worth 11, Texas.

**Jeremy Plummer Ward, B.S. 1945**, is at Santa Monica college, connected with teaching and research chemistry. He was previously with teaching and medical research. He and his wife have two children, and are residing at 2102 Pearl Street, Santa Monica, California.

**Eugene Kerley, B.S. 1955**, is instructor of auto mechanics, woodwork, and drivers training at Thermopolis, Wyoming. He plans to attend the Wyoming Vocational Conference at the end of May. His home address is 519 Maiden St., Thermopolis, Wyoming.

## OLD GRADE COME FROM NEAR AND FAR

**Miss Helen Deets, B.S. 1950**, is one economics instructor at Central high school, Salem, Wisconsin. She plans to attend the WHEA convention with Doris Eckstein, who is home agent in Kenosha County.

**Russell Hayes, B.S. 1942**, is teaching metals in the Dixon, Illinois high school. He also teaches adult upholstery and metal work at night classes. The family, consisting of four daughters is residing at 422 Brooks Place, Dixon, Illinois.

**Lawrence Brannon, B.S. 1950, M.S. 1950**, is head of office utilization unit, training aids section, bureau of naval personnel, at Washington D.C. He is responsible for all audio-visual aids for all officer training in the Navy. He recently attended the NEA Department Audio-Visual Instruction Convention at Detroit. He was elected vice chairman of joint military section of convention. Lawrence is also basketball official for high schools and colleges in the area. He and his wife have three children, and are residing at 2321 Stout Joyce Street, Arlington 2, Virginia.

## S.S.A. CANDIDATES . . .

social committees for his fraternity. He attended the U. of Wisconsin for one semester.

"I feel that I am well qualified for the vice presidency of the Stout Student Association. In the latter part of 1955, and the early part of 1956, I attended numerous meetings of the Governing Board in the interest of student welfare. I believe that I received much information concerning the Governing Board and the S.S.A. through these meetings. This has served to enrich my background and knowledge of social activities.

A social life while attaining a college education is an important part of an individual's emotional life. With this attitude toward the student body, I feel that my qualifications are just."

**SECRETARY**  
**Barbara Kingley**, from Minneapolis, Minnesota, belongs to the W.R.A.A. Home Economics Club, Newman Club, Sigma Sigma Sigma sorority. She participates in Y.W.C.A. work. During high school she held several executive positions and was also the district delegate to the Governor's Youth Conference in Madison in '54.

"One of the most important qualities a candidate must have for election to any office is a deep interest in the problems that holding the office entails. Another is a certain amount of experience and previous success in handling a job of similar nature. I feel that I possess these qualifications and in addition, a real desire to do the kind of a job that the Stout student body

**BARBARA WILLIAMS**  
has a right to expect of its elected officers."

**Barbara Williams** is from Kewanee, Illinois. She belongs to Home Economics Club, Pallas Athens sorority, Phi U. Student Governing Board (sophomore class). She was vice president of Tainter Annex last year and is now a counselor there. She also belongs to the Wesley group. In high school she held several offices. She has worked part time as a secretary during the summer.

"I feel as though I am qualified to represent the student body on the governing board because I have represented the sophomore class this year and feel as though I know what would be expected of me as a secretary. I have been an interested member and have tried to participate and support its activities. My most important reason for feeling qualified for this office is my interest in it. I would enjoy

**John E. Dahl**, who attended Stout for two years, received his B.S. and M.S. at the University of Pittsburgh and his Ph. D. at the University of Iowa. He is now head of the education department at Simpson College, Indianola, Iowa. They have two sons, one is a graduate of Iowa state college and the other is a sophomore there. John usually attends the Stout breakfast at the state meeting of Iowa State Education Association. He is vice president of the adult education council in Indianola. Their home address is 808 North D Street, Indianola, Iowa.

**Joanne Hansen (Mrs. Keith Hansen) B.S. 1954**, is living at Sta. B. Route 2, Superior, Wisconsin. They have one son, Rodney William.

**Jane Shadewald, B.S. 1953**, is teaching at Westby high school, Westby, Wisconsin.

**Richard Rees, B.S. 1951**, and his wife, Patricia Dodge Rees, with their three children are residing at 1135 Iroquois Drive, Elgin, Illinois. Richard is quality and production control manager at a milk company. He is active in Jr. Women's club.

working with an organization that serves the Stout students."

**TREASURER**  
**Barbara Hartig** is a junior from Milwaukee, Wisconsin. She belongs to Dietetic Club, Panhellenic Council, Alpha Sigma Alpha, Phi Upsilon Omicron, Symphonic Singers, and Home Economics Club. She has held offices in several of these and in Lutheran Student Association.

"I have a great deal of interest in student government. For the past three months I have attended most of the Governing Board meetings and so have become quite familiar with the organization. I have worked with the Governing Board on unrequired class attendance for students. My participation in many activities has given me a knowledge of many of the stu-

**HARTIG MCKINNON**

dent's needs and wants. My major qualification is my interest in student government."

**William Hugh McKinnon** is a sophomore from Neenah, Wisconsin. He is a veteran and a member of Sigma Tau Gamma. Bill has done accounting in both private life and military service. "I believe that I have the experience to qualify me for the office of treasurer. I also believe I have been a part of the Stout campus long enough to be acquainted with the wants and desires of the students. I feel also that I am old enough to treat this position with the respect and efficiency it needs."

## STUNT NIGHT WILL BE HELD SATURDAY EVE

Tomorrow night will be the climax of many hard hours of work. At 7:45 in the auditorium, 11 skits will be presented by various groups in the annual F.O.B. sponsored skit night. Tickets may be purchased from members, in Harvey hall, or at the door Saturday night for fifty cents.

According to co-chairmen, Frank Burdick and Pete Jackson, this year's program promises to be a full one. In addition to the skits, which will range from humorous to serious, special between act entertainment will be provided. Furnishing this entertainment will be such notable persons as Leroy Zwick, a Hawaiian uke combo, the F.O.B. quartet, the Tuxedo Hall Four, Julie Muenich, and, as a special feature, Danny Weigun on the saxophone and Bill Allen on the drum. Danny, a graduate of Stout from "eastern" Wisconsin, is familiar to many for his sax playing.

A short introduction to each skit, giving the theme of the skit and a history of the group will be given by members of the F.O.B. fraternity.

Announcement of the winning skit will be made following the last act. The hard job of judging is given to five residents of Menominee. This year the judges are Frank Cassell, William Terrill, Earl Knight, Miss Jean Chamberlain, and Morye Hammond.

First prize winner, in addition to receiving the cash award of \$15.00, will be placed in the shroud and a shroud will be the first group to have their name engraved on a plaque that will be placed in the union. Each year the name of the winning organization will be engraved on it. Second prize is \$10 and third prize is \$5.

With Steve Butz as Master of Ceremonies, events will be kept moving. Due to circumstances beyond the control of the F.O.B.'s, Basil Holder, last year's M.C. will not be present. Word has it that he is holding down a very busy job in the army.

Special recognition is due to those who have worked and planned for this event. Publicity was handled by John Kotek and his committee of Dick Lowry, Bill Daines, and Bill Newman. Bill Backmeyer and Zane Zander were in charge of tickets and posters. Chairman of the stage committee is Miss Brennan.

The F.O.B. fraternity wishes to thank all organizations for their participation in this event.

### STOUT MAULED BY BLUGOLDS OF EAU CLAIRE

Before a "standing room only" crowd, the Stout Bluedevils went down to a 98-76 drubbing at the hands of the Eau Claire Blugolds last Saturday night. The game was probably the poorest home showing of the Stout cagers this season.

A scoring advantage of 24 to 6 in the second quarter by the Blugolds put the game completely out of Stout's grasp. This scoring spurt came immediately after the Bluedevils had pulled from a 13 to 4 deficit to a 21-16 advantage. At this point, Brian Howard went out of the game for a rest with three personal fouls. This left a big hole in Stout's rebounding power and Eau Claire took advantage of it.

After the Bluedevils had cut a 40-27 halftime lead to 40-31, the Eau Claire express train got rolling again, and everything they throw near the hoop seemed to go in. This sort of thing continued until the Blugolds had a 31 point lead at 80 to 49. Then Coach Gerlach cleared the bench, and the Stout reserves tangled with the Eau Claire scrubs. This resulted in mass confusion but not an increased Blugold lead.

The regular Stout cagers returned to the scene late in the fourth quarter. They proceeded to play the type of basketball they are capable of and the lead was cut from 82 to 53, to 89 to 70. But, by this time it was too late and the Blugolds had the win to give them second place in the conference.

Bob Sorenson was high man for the Bluedevils with 15 points. Keith Moessner and Jim Bolm followed with 13 apiece. Jann Peterson hit for 10 points to just about round off the Stout offensive. High man for the game and Eau Claire was Bob Morgan with 23 markers. The Stout cagers had 23 personal fouls while the Blugolds were caught 20 times. Stout converted 22 of 32 free throw attempts while Eau Claire connected on 26 of 38 tries.

Halftime score: Stout 27, Eau Claire 40.

Slowly he regained consciousness. He looked up at the face above him. "Well, Doctor, was my operation a success?"

The face answered, "Sorry sir, I'm St. Peter."

### INTRAMURAL PLAYOFFS IN BASKETBALL NEAR

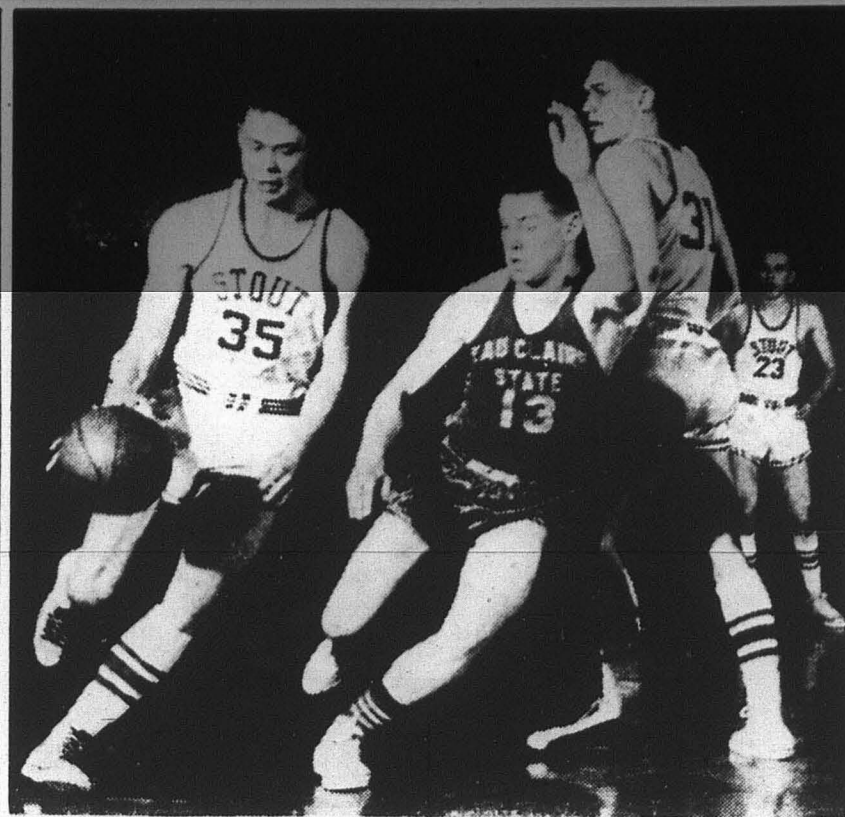

The regular play in Stout's intramural basketball program is almost over now and playoffs will begin next week. The necessary information for team players and managers concerning these playoffs is listed below. Students will find these games extremely interesting and worth supporting.

In the American league it seems a certainty that the F.O.B. I team has clinched the championship, while in the National league, the Globetrotters have accomplished the same thing.

This next week there will be a tournament to establish the bi-league champions. The first four teams in each league will participate in a playoff for this title; single elimination will prevail.

The following week, a captain from each of the ten teams in each league will meet to select two all star teams; one from each league. These all-star teams will then play a best two out of three series.

As soon as this is over, an all school free throw throwing contest will begin. The rules and regulations for this event will be posted at a later date. Team captains are urged to watch the athletic bulletin board for further details concerning all phases of intramural basketball.

Jann Peterson, Stout guard, drives past Eau Claire's Jim Bollinger to score after taking him out of position in last Saturday's game. The Bluedevils dropped their seventh conference game by a 80 to 76 count. Looking on are Jim Bolm (31), center, and Bob Sorenson (23), forward.

### BLUEDEVILS IN REPEAT WIN AT SUPERIOR 83-79

Last Monday night, the Stout Bluedevils traveled to Superior for their final basketball game of the 1956-57 season, and what a game it was! The final score was identical as the score the first time these two teams met earlier in the year; Stout 83, Superior 79.

The Bluedevils started rather slowly, and were down at the half, 34 to 44. The beginning of the second half was even worse, as the Yellowjackets opened their lead to 16 points. At this point, the Stout hoopsters suddenly came to life and began to out-fight, out-rebound, and out-shoot Superior. The Yellowjackets' lead rapidly dwindled. It was a jump shot by Peterson that tied the score at 64 all. But, Superior wasn't beaten yet, and they moved to a 72 to 66 lead. However, Moessner with his driving layups, Sorenson and Peterson with their jump shots, Howard with his short shots, and Bolm with his layups combined to take the lead at 75 to 74.

Superior then decided to press the Bluedevils, but this strategy backfired as Stout managed to score on easy layups, unguarded, and nail down the victory.

All of Stout's scoring was done by five players. Howard was high man for the night with 22 points, followed by Moessner's 20, Sorenson's 15, Bolm's 14, and Peterson's, who didn't start because of an injured leg, 9 points.

Halftime score: Stout 34, Superior 44.

# Peter Jackson is S S A President

## KINGSLEY MCKINNON ARE ELECTED

Peggy Kingsley from Minneapolis, Minnesota, was elected secretary. She is a transfer from La Crosse and attended Stout for three semesters.

She takes an active interest in WRA, Home Economics Club, Newman Club,

PEGGY KINGSLEY

Sigma Sigma Sigma sorority and in Y.W.C.A. work.

Other experience which will help her this year, derived from Logan high school in La Crosse, was serving as secretary and president of the high school junior Y.W.C.A. club, as a delegate to the state-wide Y-teen convention and as district delegate to the Governor's Youth Conference.

She is qualified to work with the other officers to promote a better school through the S.S.A.

William McKinnon, a sophomore, who was an accountant in both the military and in private life, will now take over the books of the S.S.A. beginning

BILL MCKINNON

the fourth quarter as a result of yesterday's elections. Bill is from Neenah, Wisconsin and is a member of Sigma Tau Gamma fraternity. He was backed by the Sigma Tau fraternity.

Bill's accounting experience should prove valuable in the office of treasurer. He too will need to work closely with the student and the Governing Board to better the government here at Stout.

## "ALICE" WILL BE ON CAMPUS NEXT MONDAY

Meet her in person! Hear about her travels across the United States! Yes, Wisconsin's 1957 "Alice in Dairyland" will be here on the Stout campus on Monday, March 18.

Come to the auditorium at 4:30 p.m. and meet the petite five foot three, brown-eyed Doris Olsen of Brooklyn, Wisconsin. Any students interested in entering the "Alice Princess" contest are invited to come to Harvey Lounge for an informal get together with "Alice in Dairyland."

Pete Jackson was selected as president, yesterday, at 806 Stout State College students went to the polls. He will take over the duties of S.S.A. president at the conclusion of this quarter.

## RALPH STEVENS WILL SERVE AS SOCIAL CHAIRMAN OF STOUT STUDENT ASSOCIATION

Yesterday, 78 per cent of the Stout student body went to the poll, a bit undecided, to cast their votes for Peter Jackson, president, Ralph Stevens, vice president, Peggy Kingsley, secretary, and Bill McKinnon, treasurer.

This year's campaign was a vigorous battle all the way to the end with many students making their final decisions during the last few minutes before they were to mark their ballots. The slate of candidates for each office was exceptionally good, making decisions as to whom was best very hard.

Peter Jackson, a transfer from Hibbing Junior College was elected president of the S.S.A. for the '57-'58 school

(MAP). His work as co-parade marshal for homecoming and as the co-chairman for the F.O.B. Stunt Night should prove very helpful.

He should be able to understand the problems of most of the student body in that he is both a veteran and a transfer student. In high school he held several offices.

As the outcome of yesterday's election, Ralph Stevens, a sophomore from Milwaukee, will serve to fill the social needs of the students as well as to preside over the Governing Board in the president's absence.

Ralph is a member of the Sigma Tau Gamma fraternity. He also takes an active interest in the Lutheran Student Association and intramural sports. He represented the Governing Board at a Cooperative Housing Convention in December of 1955. He also attended the University of Wisconsin for a semester.

RALPH STEVENS

term. He will take over the last quarter of this year and will preside the third quarter of next year. He will represent the student body as he directs the Governing Board meetings and as he works for the general good of the student body.

Pete is a member of the Phi Omega Epsilon fraternity, and Alpha Omega

## KENNELMATEL PERSON TO ADDRESS I.A. MEN

All Industrial Arts men are invited to hear Mr. Beckman from Kennametal, Inc. on March 18 at 7:00 p.m. The meeting will be in the Audio Visual room in the library. Mr. Beckman will have an exhibit and a movie will be shown. He will be on the campus in the afternoon and anyone interested in talking with him is welcome to do so.

## LLOYD NELSON SPEAKS TO PRINTERS

An illustrated lecture, "The Advertising Production Forum" will be presented to members of the Stout Typographical Society and their friends by Lloyd W. Nelson through the courtesy of the Bureau of Engraving, Inc. of Minneapolis. The meeting will be held in the library auditorium at 5:30 in the afternoon followed by the annual spring banquet for STS members and their guests.

The advertising production forum is an orientation in graphic arts processes and procedures prepared by the staff of the Bureau of Engraving, Inc. and will be presented by Lloyd W. Nelson with Roy Halderson assisting.

Mr. Nelson has been in advertising for 25 years. He received his B.A. degree from Minnesota in 1929 and was an editor of the Minneapolis Daily for four years. Since graduation he has been advertising manager of Baker Properties, Inc. and for 15 years advertising manager of Maurice L. Rothschild in Minneapolis and St. Paul. At the present time Mr. Nelson is president of Lloyd W. Nelson, Inc., Advertising.

Mr. Halderson is production manager of the Nelson agency and was associated with the Bureau of Engraving Art Instruction division for many years.

The Advertising Production Forum was originated by Mr. Nelson for the Bureau of Engraving in 1953. Since that time it has been presented to more than 500 production people in the Twin Cities area.

Mr. Whydowski stated that "we are very fortunate in obtaining the forum. I attended the forum in 1953 and think it is the best presentation of its kind that I have ever seen."

## DELTA ZETA S ARE WINNERS OF STUNT NIGHT

Variety marked this year's F.O.B. stunt night. The acts, presented before a capacity crowd in the auditorium Saturday night, showed originality, hard work, and thought.

After much suspense, the Delta Zetas were announced to be the first prize winners. Their skit, entitled "The Last Arm of Buddha" was a pantomime to a record. In addition to a \$15 check, their name is being placed on a plaque to be hung in the union.

"Great Day In The Morn," presented by the Alpha Sigma Alpha sorority, was the second place winner. Third place went to the Pallas Athene sorority for their skit, "Hark, Hark, the Ark."

Although some "engineering" troubles were had, Steve Butz, a capable M.C., and other in-between-act entertainers kept the show going at a lively pace.

Members of the F.O.B. fraternity added to the humor with their stunts. Everyone downstairs was mighty glad that the eggs thrown into the audience were blown out.

All in all this year's stunt night was considered to be a success. As one woman coming out of the auditorium Saturday night remarked, "That sure was a lot of entertainment and fun for fifty cents."

## PRODUCTION TO OPEN THURSDAY

A Murder Has Been Arranged will be presented in the Stout state college auditorium on the evenings of March 21, 22 and 23.

Tickets for reserved seats are on sale in the corridor of Harvey Hall. Stout state students may get free tickets by presenting their S.S.A. cards at the desk.

The plot of the play revolves around Sir Charles Jasper, played by Gerald Howard, a dinner party on the stage of the St. James Theater in London, a legacy, and a prophecy concerning the repetition of a murder that has occurred 55 years ago.

A novel feature of the play is an orchestra which not only plays light music, but also takes part in the action of the play.

Director of the play is Dr. Lorna Lengfield. Assistant directors are Bette Zander and Lee Lybeck.

This will be the final production of the school year for the Manual Arts Players. Three performances of A Murder Has Been Arranged will be given on the evenings of March 21-23. Curtain time is 8 p.m.

Stout students will be admitted free upon the presentation of their S.S.A. cards. These free reserved tickets may be picked up in the corridor of Harvey Hall from Friday, March 15, through Friday, March 23, or at the auditorium before each performance. Tickets for the public may be purchased during this same time.

WEATHER BIRD

Snow that fell during the past days will be on the ground for a few days, according to the Weatherbird.

Colder temperatures will be with us until at least Sunday evening, and there is a chance of more snow on Saturday or Sunday.

The bird said, "Be patient. We'll have that promised blizzard yet."

# THE STOUTONIA

Stout College, Hammond, Indiana

Associated Collegiate Press

Printed and published by the students of Stout College every Friday morning during the school year, except on examinations. Entered at the post office, Hammond, Indiana, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational medium. It is written to inform, enlighten, and to give its members a voice. It is a medium for the exchange of ideas and for the expression of opinion. It is a medium for the dissemination of news and for the promotion of the college and its activities. It is a medium for the expression of the student body's opinion on matters of college and community interest. It is a medium for the expression of the student body's opinion on matters of college and community interest.

## FROM THE EDITOR'S DESK

From the Deep South comes an expression of brotherhood which might surprise the northern reader. The editorial is from the MISSISSIPPI COLLEGIAN, Mississippi College, Clinton, Miss.

There has been, ever since we were all children, a lot of talk about the "universal brotherhood of man." We have been taught in Sunday School classes from the time we were old enough to understand talk that "red and yellow, black and white — all are precious in his sight."

Is there any validity to these teachings?

If so, why are seventy-million people (the kind that Americanism teaches are created equal) enslaved in Europe and Asia?

If so, why is Communism, which denies the dignity and worth of the individual, gaining converts so much faster than Christianity, which teaches that the individual has worth?

If so, why do we have to have a "civil rights" bill when the constitution guarantees every citizen equal rights?

If so, why are people who ask for equal rights for a fellow human being branded as Communists and heretics before the words have fallen from their lips?

Yes, the principle of the brotherhood of man is still as valid as the principle of Christ's love for a sinner who doesn't love him. Why then do conditions contrary to our belief exist?

The answer is simply that you and I have neglected the practice of what we believe. Surely, talk about brotherhood is good, but practice is even better. Brotherhood isn't a commodity that we can buy with foreign aid programs and civil rights bills. It is a spirit, accomplished through soul-searching prayer and perseverance.

## CLUB NEWS

On March 16, the United Student Fellowship will be studying the fourth in a series of comparative studies of the major religions of the world. This week's study will be presented by Wally McCrum.

The Tri Sigma sorority held a ceremonial meeting in the library on March 7, 1957.

Main business of the meeting consisted of nomination and election of new officers for the coming school year. The results were as follows: Jermaine Folkman, president; Jeanne Machel, vice president; Jean Baumgartner, recording secretary; Ardelle Drege, corresponding secretary; Ann Weasler, treasurer; Mary Lou Miller, keeper of grades; and Audrey Schroeder, Panhellenic representative. Faculty advisor is Miss Mary K. Williams and alumnae advisor is Mrs. Jeanne Ralver.

Ruth Thomas reported that everything was set for the campaign election for the Tri Sigma candidate, Peggy Kingsley. Posters and pictures had been completed.

Officers Learning School for the new officials was held on March 9 at which time chairmen for different functions were chosen.

Tri Sigma's Stunt Night participation was under the direction of Audrey Adams.

A joint meeting of Phi Upsilon Omicron and Epitaph Pi Tau, an annual event, was held on Tuesday evening.

## HOME EC CLUB PLANS TALENT SHOW, APRIL 6

Plans are being made for the Home Economics Club talent show to be held after the Mother-Daughter banquet April 6 at 8:15.

The tryouts for talent were held Monday night in the auditorium, but if anyone wishes to participate there is still a chance for an audition. Some of the talent that appeared at the F.O.B. stunt night is going to be used.

Barbara Habertritt is chairman of the event which climaxes the annual mother-daughter banquet.

The Big Tau have been busy the past few weeks with numerous rushing parties and pledging. The fair ground hill was a rendezvous for a toboggan party. However, cardboard sliding stole the show because the reduction in speed the cardboard produced allowed its rider to get a better look at the person climbing the hill who was about to be run over. This was one way the activists really met the prospective pledges. Another rushing party consisted of the formal dedication of the new apartment of Jim Jones, Bob Dahike, and Marshal Wake. Entertainment for the evening consisted of telling jokes and as always, Jerry Schenck was voted the best story teller.

Hardy Iida, Floyd Belt, William McKinnon, and Tom Rosenthal wore the traditional blue and white shields and seconds as pledges of Big Tau. Bill McKinnon commented that the best thing he liked about pledge week was making love to the girls while standing guard outside the Memorial.

A family style banquet at the Colonial Pines ended pledging for this year. Entertainment was furnished by the pledges in a skit based on the \$64,000 question. Floyd Belt, or better known as Jesse James, enlightened the group as to how he robbed a train at the early age of eight. After the skit group singing was led by John Moore featuring a solo by Richard Vogtberger.

The formal initiation of officers of Alpha Phi Omega, Stout's social service fraternity, took place Tuesday evening, March 6.

Those taking the oath of office from Dr. Salzer, faculty advisor, were: Norman Valiska, president; Donald Erickson, first vice president; William Nevedahl, second vice president; Jack Oman, recording secretary; Mel De Swarte, treasurer; Mark La Bonte, corresponding secretary; Jerry Koskinen, alumni secretary; Clarence Fehlbauer, historian; and Art Culver, sergeant-at-arms.

After the installation of officers, a short business meeting was held with various service projects being discussed. March 19, was the date set for Alpha Phi Omega's open meeting for prospective new members, and anyone wishing to find out more about A.P.O. Remember, if you are a former Boy Scout and you wish to join a worthwhile organization, think first of A.P.O.

## ALPHA SIGMAS ENTERTAIN AND HOLD ELECTION

Many students and faculty members met Mrs. W. Blackstone, an Alpha Sigma Alpha alumna from Chicago, who was on campus last weekend. Mrs. Blackstone was welcomed and entertained at Bertha Tainter Hall by Beta Phi chapter after her arrival Thursday evening. Friday, Mrs. Blackstone met with chapter officers and faculty members. She was entertained Friday evening at a dinner in the Tea Room. After the dinner, the various pledge groups provided the program and songfest which included a "songbiography" of Nat Wick's life. Later the same evening a group of Beta Phi and Mrs. Blackstone attended the Freshmen "Medley of Romance" in the high school gymnasium.

Saturday was another busy day and began with a model initiation ceremony in the forenoon and the sorority's weekly meeting Saturday afternoon. Mrs. Rudiger and Mrs. Dale, alumnae, served lunch to the group after the meeting.

High Noon, Saturday, the girls helped start an exciting campaign week by joining other organizations in decorating the halls with posters and pictures of their candidates for SSA offices.

To end a busy day with more excitement the Alpha Sigs participated in the F.O.B. stunt night and received second prize for their "Great Day In The Morning" Jane Spurgut and Jane Thompson were responsible for the prize-winning idea and Barbara Bratley directed the presentation. Preceding the evening program Glenyce Harmon entertained her sorority sisters at a supper party at her home in Menomonee.

Officers for 1957-58 elected at last week's meeting are: president, Joan Scheevel; vice president, Betty Schomberg; secretary, Glenyce Harmon; treasurer, Eleanor Weitzin; chaplain, Pauline Rosenfield; editor and historian, Polly Scholler; song leader, Carol Buck; scholarship chairman, Shirley Johnson; and magazine chairman, Pat Sylvester. The new officers will be formally installed Sunday afternoon, March 17.

## NEWS OF OUR ALUMNI

Mrs. R. H. Nelson, B. S. 1924, and her husband recently became grandparents to twin girls. In January of 1955, Mr. and Mrs. Nelson sailed on the S. S. Brazil for a six weeks cruise making six stops, the last being Buenos Aires.

Mrs. Elanor Busse Johnson, B.S. 1946, in addition to homemaking was working toward her M.S. degree at Stout during the previous semester. She is finishing out a year of home economics at Amery, Wisconsin, at the present time.

One of the visitors during homecoming was L. F. Knowles, Dip. 1912, who enjoyed a tour through the Stout printing plant. He states that "The Stout printing plant and its teaching facilities and potentials have gone so far beyond my wildest dreams when I discussed a printing department for Stout with Dr. Harvey in 1910 and provided him, at his request, and as a part of my course in "Equipment," with modest layout of type, furniture and a press (\$400.00 total, as I recall) that I am somewhat dazed and feel that I am having a delightful dream." Mr. Knowles now resides at 1472 Fairmount Avenue, St. Paul 5, Minn.

Robert G. Christianson, B.S. 1950, and his wife Patricia of Mascoutah, Illinois, are both enrolled in the six-week academic instructor course of the Air Command and Staff School, Maxwell Air Force Base, Montgomery, Alabama. The primary mission of the course is advanced professional education for Air Force instructors, both civilian and military.

Carol Manner, B.S. 1955, is assistant dietitian at the Cook county school of Nursing. She is planning to fly to Miami, Florida for a short vacation at the end of March.

Janet Kumbier, B.S. 1956, and Allen Nicolai, M.S. 1955, were married on January 27. They are now living in Milwaukee. Allen is teaching at the Riverside high school.

Gerald V. Henderson, B.S. 1954, is working in the machine billing room at Western Electric, San Leandro, California.

Dr. Dwight Nichols, B.S. 1948, is head of the I.A. department at San Francisco state college.

Milt Benner, B.S. 1953, is resigning as head of the industrial arts department at Iron River, Michigan, to be a salesman for the Oshkosh office supply co.

Robert G. Cairns, B.S. 1951, is industrial arts teacher at Washington Park senior high school in Racine, Wisconsin. Robert, his wife, nee Vernette Eslinger, and their three sons are residing at 3529 Poe Avenue, Racine, Wisconsin.

### NOTICE!

The Hyperian sorority which pledged into Delta Zeta wishes to inform alumni members of the approaching initiation, April 12, 13, 14. If you are interested in joining at this time or in the future, please contact Margaret Perman, Stout state college.

### HAWAIIAN ALUMNI HOLD REUNION IN HONOLULU

A reunion of Stout alumni was held in Honolulu, Hawaii, at a dinner meeting at the Chinese restaurant, Waikiki-Lau Chai on January 27, 1957. Special guests were Mr. and Mrs. Clyde A. Bowman, who were told that a few people would be in for dinner on Sunday evening. Mr. Bowman is former Dean of Industrial Arts. Those present included Albert Feirer, B.S. 1935, Director of Trade and Industrial Education, Territory of Hawaii. Board of Vocational Education, Honolulu, T. H. L. J. Paulus, B.S. 1931, assistant to Mr. Feirer.

James R. McDonough, B.S. 1932, executive secretary, Hawaiian education association, 1649 Kalukawa Avenue, Honolulu, T. H.

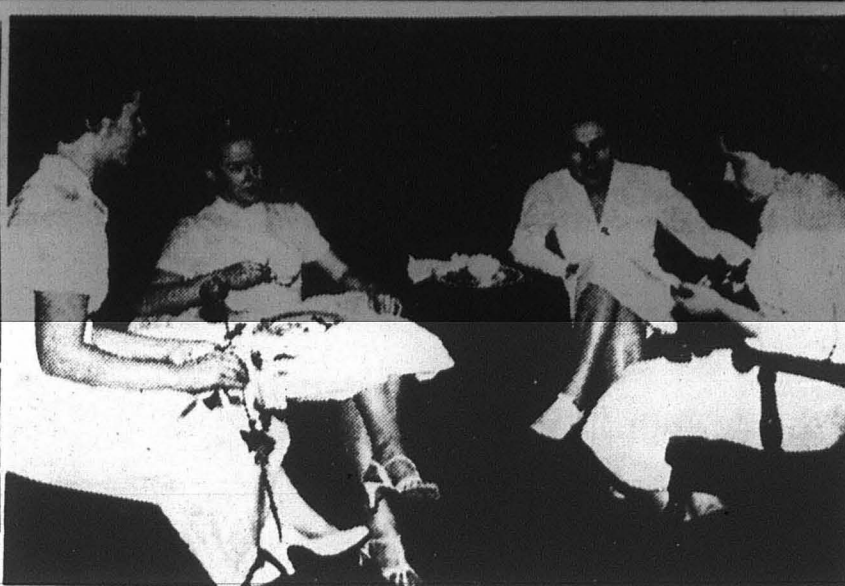

Richard Auyong, agency manager, Woodmen Accident and Life Company, 1017 Nuuanu Street, Honolulu, T. H.

Gregory Chang, B.S. 1951; Pete (Kenichi) Higa, B.S. 1942; Bert Mizuha, B.S. 1939; Ray Katekara, B.S. 1940; Yaso Abe, B.S. 1947; E. R. Ebert, B.S. 1935.

Toshio Hagiwara, B.S. 1947; Gary Chang, B.S. 1951; Leslie Katekara, B.S. 1948; Akira Takahama, B.S. 1951; Paul Kokubun, B.S. 1952; Sadao Kishimoto, B.S. 1950; John Goto, B.S. 1940; Robert Takasaki, B.S. 1953, M.S. 1954.

James Tomitani, B.S. 1953; Tad Miyasaki, B.S. 1945; David Feirer, B.S. 1931; Mana Minami, B.S. 1944; Peggy Dockar Howland, B.S. 1941.

Hirotu Toona, Mohn Kuhn Lee, Henry Iwata, Murrel Peterson, and David Jorge.

Delta Zeta's new pledges are shown above with Miss Carrison who has been their advisor as Hyperians. Shown following the pledging ceremony on Sunday afternoon are Carol Bibby, Miss Carrison, Ellen Steinboff, and Ruth Stratman.

### DR. HERB ANDERSON WILL TAKE POSITION IN THE PHILIPPINES FOR TWO YEARS WITH STANFORD U.

Dr. Herman Anderson, head of the Stout woodworking department, has announced his resignation effective in June to accept a position to help set up an industrial arts program on Panay Island, in the Philippines.

He will be working as part of a four-man team for Stanford University which has a contract with Government International Cooperation Administration.

Dr. Anderson, his wife, the former Irene Hansen of Menomonie, and their three children will arrive on the Stanford U. campus on June 2 and leave San Francisco by plane on June 8. They will remain in the Philippines for two years. The children will attend the laboratory school at the University of the Philippines.

The Stout department head will be in charge of the general woodwork program at the Iloilo School of Arts and Trades, Iloilo City, Panay Island.

The film "How the Bible Came to Us" is an 84 minute documentary film which will be shown at the Congregational church, at 7:30 p.m. on Sunday, March 17. This film contains many dramatic and vivid scenes depicting twenty centuries of history which will be enjoyed by anyone interested in the history of Western civilization.

The scenes of the film throw many sidelights on the history of Western culture specifically on the invention and history of printing, on the Reformation and on the social and political history of medieval Europe and the beginning period of modern European states.

with the specific job of setting up a teacher training program in industrial arts.

Anderson received his bachelor's degree from Stout, obtained his masters from the University of Minnesota, and a doctorate from the University of Missouri. He has been teaching at Stout for the past nine years.

President Fryklund remarked upon receiving the resignation that Dr. Anderson is a very valuable member of the faculty and we shall all miss him and his family. Stout's loss is Stanford's gain.

### NAVAL INFORMATION TEAM TO VISIT STOUT

Employment and educational opportunities in the United States Navy will be prescribed to young men of this area by a naval aviation cadet information team which will visit Stout state college on Wednesday, March 20, 1957.

The advantages of naval officer training will be described in detail and opportunity will be offered any young man to ask questions concerning the three different programs leading to a commission as ensign in the navy or 2nd Lt. in the marine corps.

### JACK RANK WILL BRING SHAKESPEARE TO STOUT

An entirely different type of program is in store for Stout students at next Wednesday's convocation.

Jack Rank, an unusually versatile actor, will produce a Shakespearean play without the aid of a supporting cast. He will portray each personality developed by Shakespeare in this specific play. Besides his acting ability, Mr. Rank has developed his voice on many tone levels to enable him to portray female as well as male personalities.

He has also perfected the art of "throwing" his voice to keep his audience entertained as he is changing costumes off stage in preparation for the next scene.

A good program is anticipated so why not lay your work aside and spend an hour of enjoyment at convocation.

### GAMMA DELTA TO HOLD BOX SOCIAL SUNDAY

A box social is on the agenda for Gamma Delta on Sunday, March 17, at 5:30 p.m. All girls are requested to bring a box lunch, large enough for two people which will be awarded to the highest male bidder. Proceeds from the boxes will be used for a mission activity being sponsored by Gamma Deltans over the nation. Gamma Delta students from Eau Claire and River Falls have been invited to attend. Singing and games will follow the lunch.

Committees for the box social include: publicity, Dorothy Evenson; program arrangements, Jermaine Folkman; decoration, Helen Froehlich and Jean Sprain; coffee, Nancy Gabert.

Officers for the coming year were elected at the last meeting. These are: president, Herb Nehne; vice president, Carol Frank; secretary, Ruth Stratman; treasurer, Jean Sprain; Stoutonia and Lakes Region reporter, Helen Froehlich.

Following the election the members and their guests enjoyed a hayride, after which they were served hot chocolate and cookies.

### STS INITIATION HELD; ACCEPT TWO MEMBERS

Informal initiation was held by the Stout Typographical Society Tuesday evening, March 5.

During the evening the candidates were put to various tests for their professional ability. These tests were based upon the numerous skills and general knowledge required of an apprentice to the printing field.

The candidates, besides completing all the pre-initiation requirements, must show a high degree of proficiency in all these tests to be accepted into the Society.

Two candidates successfully completed the requirements Tuesday night and were accepted into the Stout Typographical Society.

They were Allan Trafford and Norbert Link, who were seen moving about the campus this past week in their pre-initiation garb of the printer's hat and apron.

After the candidates were welcomed to the Society, a lunch of coffee and doughnuts was served.

Plans are being laid now for the formal initiation to be held on March 20.

Another important event of the evening was advancement of several of the present S.T.S. members to new titles in the society.

Advanced to master printer was Robert Treise. The master printer is the highest degree to which an S.T.S. printer can rise.

Those who were elevated to the degree of journeyman printer were James Traxel, Richard Popp, Jerry Schemansky, Gene Kirscht, Loren Johnson and Bud Heyel.

We congratulate these fellows on their fine achievements.

### GREEN TEA IS DONE BY FRESHMAN GIRLS

Elves falling out of an Irish hat that a leprechaun was tipping was the highlight of decoration for the annual Green Tea held Wednesday in Harvey Memorial. Decorations within the room carried out the rest of the Irish theme. Sue Ingalls was in charge of the decorating.

Doing the honors of pouring the green punch were Rhea Van Vleet, Gloria McNeight, Helen Froehlich, Peggy Douglas, Dean Kirk, and the three dormitory house mothers, Mrs. Sims, Mrs. Adams, and Mrs. Ohnstad. Other refreshments were cupcakes and mints.

### DIETETIC'S CLUB HEARS HOSPITAL DIETITIANS

Two dietitians from Ancker hospital, Minneapolis, spoke to members of Dietetic club following a dinner meeting in the tea room at Bertha Tainter hall on Monday evening at 6:15 p.m.

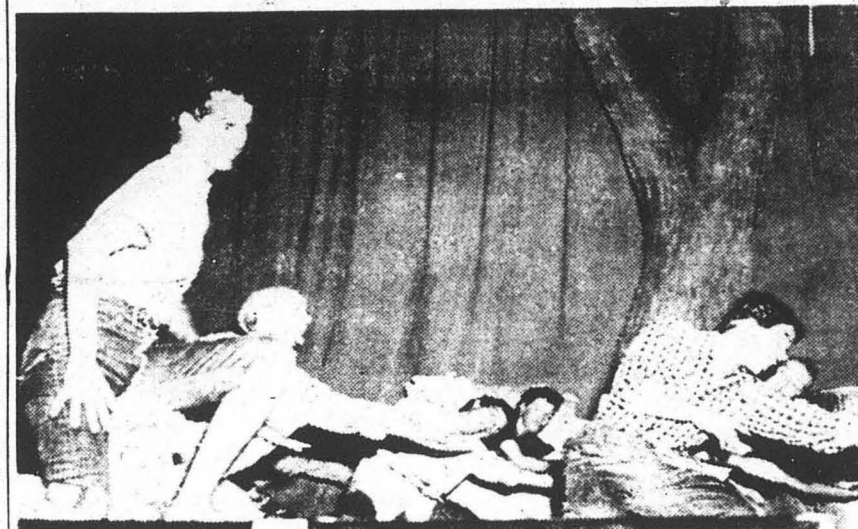

Miss Mary Ellen McGardy and Miss Eleanor Lehman told the group about dietetic internships, and about dietetics as a profession. Both flavored their talks with a number of interesting experiences in this work.

Initiation of three new members into the club followed the speeches. Additions to the club are Mary Hartwig, Deanne Kelnhofer, and Betty Schomburg.

Election of officers was next. Eleanor Weltzin was chosen to take over the duties as president from Pat Seibert. Barb Hatopp was selected to replace Rita Pauls as vice president; Betty Schomburg, to replace Barb Hartig as secretary; Ann Kofoed, to have Neva Halphide's office as treasurer; and Carol Frank to assume the duties as reporter from Ann Janda. Miss Killian is adviser of the club.

Plans for the remainder of the school year feature the annual Dietetic Club nutrition week, held this year March 24-27, with the punch hour scheduled for Wednesday afternoon, March 27.

A business meeting will be held April 8, April 13; a trip to the Twin Cities is planned. May 5, the senior dinner will be held at White Pine Inn, Bayport, Minnesota. Concluding this year's activities, a supper meeting will be held on May 13 at Bertha Tainter hall.

Pictured above are members of the Alpha Sigma Alpha sorority as they won second place in the Stunt Night.

### WRA MEMBERS ATTEND LA CROSSE SPORTS DAY

Ten W.R.A. members attended a Sport's Day held at La Crosse state teachers college Saturday, March 9. Various colleges and universities of Wisconsin participated in the Sport's Day.

The Stout girls competed in one game of deck tennis, one game of basketball, and two games of volleyball; an hour of free swimming was sponsored for the girls after all scheduled events and was followed-up with a social hour.

Stout beat Eau Claire in a game of basketball, tied the University of Wisconsin in a game of volleyball, and lost a game of deck tennis to Luther and a game of volleyball to Milwaukee.

The girls who attended were Diane Bournoville, Muriel Erickson, Sylvia Felland, Carolyn Greinke, Bev Lescoheir, Pat Rogers, Teana Schroeder, Mary Ann Spangler, and Alice Studt.

### STOUT STATE COLLEGE SPONSORS RIFLE MATCH

On Sunday, March 10, 1957, the Stout state college rifle club sponsored their first Tower Gallery Rifle Tournament. The tournament was a National Rifle Association approved match. The match officials were: supervisor, Glenn H. Voelz; executive officer, Ralph Hermann; Chief range officer, Dick G. Klatt; and statistical officer, William McNaughton.

The tournament was held on the rifle range in Bowman Hall with firing beginning at 8:30 a.m. and lasting until approximately 4:00 p.m. More than 2100 shots were fired in the tournament with a total of 27 shooters participating in the day's events.

The shooters were from Eau Claire state college, La Crosse state college, University of Minnesota, and many of the other cities in this state and Minnesota.

Awards of "Rifleman" binders, embossed in gold stamping, stating match, date, and rank will be sent to the winners of the five matches. Winners from Stout included John Ong and William McNaughton.

## OPEN HOUSE IS SCHEDULED FOR NEXT WEEK

Since the first invitation went out on January 25, acceptances to attend Stout's Open House have been pouring in. The big event is scheduled for next week end and will be attended by high school junior and senior girls from all over the state. Between 1500 and 2000 girls are expected to attend.

The theme of this year's Open House is based on Ralph Edwards' television production, "This Is Your Life." Stout's version will feature the campus life of Dorothy Krushas Dale, a former student at Stout. Some of Dorothy's former instructors will participate in the program. Organ music will be furnished by Ruby Dietsche. Various classes are busy putting the final touches on skits reminiscent of the many activities in which Dorothy Dale had participated. There are two daily showings scheduled for 9:30 a.m. and 1:30 p.m.

Formal tours will be conducted throughout the building in the forenoon. In the afternoon, tours will be conducted through the dormitories and the stage production department. The main exhibits in Harvey Hall will also be open during this time for informal viewing.

## DR. KIRK IS AUTHOR OF SECTION OF BULLETIN

Author of the "Introduction and Perspective" section of the American Home Economics Association's new bulletin, "Home Economics — On Stage," is Dr. Alice J. Kirk, dean of the division of Stout state college here.

The publication provides program suggestions and technical tips for family-centered scripts and programs for radio, television and other presentations. It was prepared by the elementary, secondary and adult education section of the American Home Economics Association.

In her message to readers of the new publication, Dr. Kirk points out to teachers the importance of homemaking activities and the necessity that the homemaking program be portrayed as an active, vital endeavor.

She urges homemaking teachers to experiment with their radio and television offerings, discarding poor programs and improving others to extend the family-centered program beyond the classroom and into the home, thus encouraging teachers and families to work together with mutual understanding.

Chairmen of the publication project were Ethelwyn Robinson and L. Belle Pollard. Mary Hawkins is editor of all publications of the American Home Economics Association.

## DR. JARVIS IS NAMED TO THREE COMMITTEES

Named to three important committees of the American Vocational Association has been Dr. John A. Jarvis, dean of the division of industrial education at Stout state college here.

Dr. Jarvis will serve until 1961 as a member of the Policy and Planning committee of the Industrial Arts Division of the American Vocational association.

In addition, he will serve on the Resolutions committee for the Association's 1957 national convention and is also a member of the special committee which coordinates the work of the American Vocational association with that of the armed forces of the nation.

Taking a break during rehearsals of *A Murder Has Been Arranged*, a three-act mystery which the Manual Arts Players are presenting in the Stout auditorium the evenings of March 21, 22, and 23, are, left to right, Ruth Schlegel, Betty Havlik, Corrine Nelson, and Gerald Howard. The opening performance was given before a capacity crowd last night.

## M.A.P. PRESENTS SPRING PRODUCTION "A MURDER HAS BEEN ARRANGED" ON FRIDAY AND SATURDAY

The Stout state college Manual Arts Players will present Emyln Williams' *A Murder Has Been Arranged* for three nights which started Thursday evening, March 21, at 8:00 in the auditorium.

The stage of the St. James Theater in London helps to create the eerie atmosphere for this mystery story. The plot is centered around Sir Charles Jasper, an eccentric man who has a leaning to mysticism. Sir Charles is to inherit a fortune on his fiftieth birthday, the terms of the legacy are that in the event of Sir Charles' death before the anniversary of his birth, the fortune will go to a missing nephew, Maurice Mullins. Sir Charles planned a dinner party on the stage of the St. James Theater, disregarding a prophecy that a murder was to occur on the stage that very same evening.

Enter Maurice Mullins, the missing nephew, and right then and there things start to be arranged and the play slides to an exorable ending.

The members of the talented and hardworking cast of *A Murder Has Been Arranged* include Gerald Howard as Sir Charles Jasper; Gene Ender, the missing nephew, Maurice Mullins; Corrine Nelson, Miss Groze; Kenneth Heid, Cavendish; Paul Paulson, Jimmy North; Donna Paul, Mrs. Wragg; Gloria Zitlow, Beatrice; Betty Havlik, Mrs. Arthur; and Ellen Steinhoff, a woman. The orchestra which supplies light music for the play is under the direction of Dr. Edfield Odegard.

This is the Manual Arts Players one hundred and twenty-fifth production, and will be their final production of this school year.

Dr. Lorna Lengfeld is the director of *A Murder Has Been Arranged*. The assistant directors are Lee Lybeck and Bette Zander.

Many industrious students have been working to make this spring production possible.

The stage manager is Donald Pritchard. The stage crew includes Donna Enders, Audrey Adams, Donita Peguhn, Roger Brennan, Dean Bitner, Virgil Gottwalt, Laura Kiel, Susan Huber, Rebecca Kolar, Barbara Hahn, Peter Jackson, Lee Lybeck, Richard Perrin, Barbara Pratt, Barbara Taylor, Mary Jo Sullivan, Gloria Zitlow, Bette Zander, and Norman Valiska.

For the past few weeks the publicity committee has been working on pro-

grams, tickets, and newspaper articles. Tickets for the public will be on sale March 15 through Friday, March 23, in the corridor of Harvey Hall for 75 cents. All Stout students will be admitted free to the performance upon presentation of their S.S.A. cards.

Business manager is Cynthia Bauer. Members of the publicity committee are Marvel Klecker, Peggy Douglas, Dorothy Bartels, Mary Tickler, Rhea Van Vleet, and Jan Jenquin.

Costuming for *A Murder Has Been Arranged* was done by Jan Jenquin, chairman, Georgia Christner, and Audrey Grote.

Designers for costumes and publicity were Joan Daniels, Beverly Duerkop, Dorothy Grundmann, and Lucretia Ebbott.

Properties were collected by Barbara Pratt, chairman. Joan Brannwarth, Marion Kindschy, Bette Zander, and Marvel Klecker.

The lighting will be controlled by Joe Jajtner, Ed Birch, and Richard Perrin.

Chairman Marion Lohr and assistants Audrey Grote, Betty Fraley, Georgia Christner, Sandra Millar, Gloria Walstad, Marlys Pettis, Lucretia Ebbott, Dorothy Grundmann, and Zita Gehl are in charge of the make-up department.

Claudia Danielson is the house manager.

For an evening of thrilling entertainment, bring your family and friends to *A Murder Has Been Arranged*, the final M.A.P. production of the year, at the Stout state auditorium, Thursday, March 21, Friday, March 22, and Saturday, March 23. Curtain time is 8 p.m.

Stout students will be admitted free upon the presentation of their S.S.A. cards. These free reserved tickets may be picked up in the corridor of Harvey Hall from Friday, March 15, through Friday, March 23, or at the auditorium before each performance. Tickets for the public may be purchased during the same time.

## S.T.S. HOLDS ANNUAL BANQUET AND MEETING

A highly eventful, educational and enjoyable evening was spent by members of the Stout Typographical Society on Wednesday evening, March 20. The occasion was the annual S.T.S. spring banquet.

Mr. Lloyd Nelson, assisted by Mr. Roy Halderson, started the evening off with a very interesting and enlightening speech on "The Advertising Forum." Members of the Graphic Arts Club were welcomed by the S.T.S. to attend the speech.

A very tasty dinner of chicken or ham, depending upon the diner's choice, was enjoyed by the "gourmets" of the S.T.S.

Wives of various members were also welcomed to the banquet along with the Society's honorary member, Miss Ann Janda.

The banquet came to a close on a high key of educational and social value, as a lively question session was held and participated in by numerous members of the S.T.S.

## NOTICE!

There will be a Home Economics Club meeting March 25, 1957, in the auditorium, at 7:15. Featured at this meeting will be a speaker from Marshall Fields and installation of the new officers into office.

## PARLIAMENTARY PROCEDURE FORM OFFERED

"Mr. Chairman, I move that... I second the motion." The former is a sampling of the correct procedure of conducting an orderly business meeting. With the aid of these and numerous other rules of parliamentary procedure, an official business meeting of any sort can expect a successful outcome.

The Stout Typographical Society has undertaken the task of reproducing Robert's Rules of Order into an easily understandable and highly-useful two-page sheet on Parliamentary Procedure.

Jerry Schemansky, who proposed the idea and carried it through to its printed stage, stated that the copies are available, free of charge, for any organization desiring their use. Interested organizations need only present a representative in the print shop at their earliest convenience with the number of copies desired and their order will promptly be filled.

Two organizations have already received their copies. Mary Brackett, representative of Alpha Sigma Alpha, and Jerry Wolf, president of Epsilon Pi Tau, have obtained copies for their respective organizations.

Other organizations quickly responding to the offer were the Rifle Club, Arts and Crafts, Newman Club, the Metals Guild, Chi Lambda, International Relations Club, Sigma Sigma Sigma and the Sig Tau fraternity.

The S.T.S. is certain that this condensed version on parliamentary procedure will be of help to any organization interested in conducting successful meetings.

These copies are made available through the courtesy of the Stout Typographical Society—"Serving the School and The Student."

As a service to the student body, the Stout Typographical Society has condensed Robert's Rules of Order into a two-page sheet on parliamentary procedure. Jerry Schemansky is shown above with representatives of two organizations who were the first to respond: Mary Brackett and Jerry Wolf.

## STUDENT GOVERNING BOARD DISCUSSES COMING EVENTS; PLANS OFFICERS TRAINING SCHOOL

The second Student Governing Board meeting of March was held on Tuesday night at 7:00, in the Trustees Room of Harvey Hall.

Plans are being made for the spring all-school picnic sponsored by the S.S.A. Barbara Williams was chosen as food chairman for the sophomore class by the governing board.

Dates for various spring activities were also affirmed at the meeting. The Athletics Awards Day has been set for May 15, while Honors Day is scheduled for May 22. Dean Price announced that there should be no scheduling of events by organizations after May 11, without clearing the date through him. This is mainly to avoid confusion.

The dates for the U.N. Conference which is being held at the University of Wisconsin are April 5, 6, 7. It was moved and seconded that the S.S.A. pay the expenses of lodging, registration, and transportation for the delegates attending the conference. The motion was carried.

The idea of having a "Parents Day" co-sponsored by the "S" club and the

S.S.A. was discussed. This may run in conjunction with Dad's Day, which is held on alternate years, or it may be held every year, thus enabling all parents to come to Stout to see what it has to offer as a state college to their sons and daughters. This was referred to a committee of five with Ralph Stevens delegated as chairman of the group.

Suggestions concerning the homecoming bonfire were discussed. The fact of discontinuing the bonfire and perhaps burning a large letter of the opponent college on the Fair Grounds was also brought up. If this were done, a big-name band could possibly be hired using the money which had not been spent on the traditional bonfire. No decisions were reached.

The S.S.A. has decided to conduct a training school for all officers of the organizations on campus to familiarize them with the responsibilities of their new offices. Several tentative dates were discussed, but more complete plans will be announced later.

## WEATHER BIRD

Cloudiness, showers and perhaps some snow flurries are in store for northwestern Wisconsin this week end. "She'll cool off a bit," said the bird, "with the mercury hovering in the thirties during the day; the twenties at night."

**THE STOUTONIA**

# FROM THE EDITOR'S DESK

This issue marks the end of the third nine weeks. It's about this time that spring fever takes over and resolutions to study and get some work done are forgotten. Cutting classes, neglecting assignments, and general lack of ambition become widespread symptoms. But why give up now? Graduation isn't far off. Easter vacation is only four weeks away.

Organizations have planned many activities for the next few months. Their success depends upon student participation. Social satisfaction and success do not come without effort. The student who has a wide variety of things to do probably has worked extra hard to cultivate a variety of interests and skills.

Whether it's classroom work or extracurricular activities, effort pays dividends. Students who make the next nine weeks the busiest of the year will look back to them with pleasure.

## CLUB NEWS

On March 18, 1957, Mr. Beckman gave his lecture and movie to the Metals Guild and a group of interested industrial education men.

Kennametal's primary interest is the making of carbide cutting tools. Kennametal supplies cutting tools for a number of different industries such as railroads, brick making, and in the making of plastic bags, golf clubs, woodworking industry, and numerous others.

A St. Patrick's day theme was carried out in the table decorations and in the games played at the Phi U spring alumnae party held Monday evening at 8:00 p.m. in the Harvey Memorial.

The party is an annual event for the active and alumnae chapters. During the evening, games were played and refreshments were served, while the two groups enjoyed the opportunity to become better acquainted with each other.

Sigma Sigma Sigma sorority held a business meeting in the library on March 14, 1957.

Congratulations were extended to Peggy Kingsley on her new office as secretary of SSA. Rath Thomas was also complimented on her excellent organization of the campaign this year.

It was reported that all the plans are under way for the annual corsage sale. The sorority will be taking orders in the hall of Harvey Hall previous to the Mother-Daughter Banquet.

The possibility of having a joint "Greek" dance with the other sororities and fraternities on campus was discussed by the group.

Plans are also being made for the dinner dance on May 10, at the Country Club. It was decided to have "Ebb Tide" as the theme this year.

Andree Jost, the outgoing president, presented a farewell and thank-you message to the sorority. "Andy" was complimented on her excellent job this past year by the girls.

The meeting was closed and everyone joined in singing the sorority song, "In the Light."

Seven Alpha Sigs started their off-campus teaching experiences this week. Helen Miller and Diane Darcy, Rice Lake; Judy Goehring, Spring Valley;

ley; Nat Wick, Aileen Shinabarger, Adeline Boche, and Rhea Van Vleet, Medford.

Formal installation of the officers for next year took place in Harvey Memorial, Sunday afternoon, March 17. Officers installed were: president, Joan Scheevel; vice president, Betty Schomberg; secretary, Glenyce Harman; treasurer, Eleanor Weltzin; membership director, Jan O'Grady; chaplain, Pauline Rosenstiel; song leader, Carol Buck; editor and historian, Polly Scholler; magazine chairman, Pat Sylvester; scholarship chairman, Shirley Johnson; parliamentarian, Marian Lohr.

Each spring the Alpha Sigs elect a treasurer, and she spends the next year learning the responsibilities of the office. Alice Marshall was elected to this office at Thursday's meeting.

Pallas Athene held formal initiation last Thursday evening at 1015 6th Street. Diane Jansen, sophomore transfer student from Kimberly, Wisconsin, was pledged into the organization after several weeks of orientation and pledge duties.

Following the formal ceremony, Diane was congratulated by each member. Lunch was served following entertainment and singing. Later that evening, the group serenaded the dormitories.

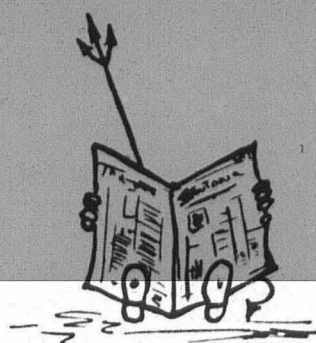

At the last house meeting of the Phi Sigs, the general business was the election of officers for the coming year. Elected to take over the job of president was Bob Krejcie. The job of vice president and secretary was given to Jim O'Bryon. Because of the efficient work done by Ron Anderson, he was unanimously elected to fill the job of treasurer once more. Bob Gussel now wheels the paddle of the sergeant-at-arms.

Sunday, March 10, was open house. Students as well as faculty members stopped in for a visit and refreshments. It was deemed a success.

The Phi Sigs got word that a fraternity pin was found in the girls' locker room. The person to whom it belongs is at a loss without it and would like to have it returned. If anyone knows of its whereabouts, please phone Ken Wittig, 1608.

On Wednesday the 27th, the Phi Sigs will tangle with the F.O.B.s in a basketball grudge game. In the past this annual game has been full of thrills and laughs and according to predictions, this game should be one for the books.

Incidentally, the Phi Sigs are sponsoring a car wash on Saturday, the 30th of March. It is a chance for everyone to get his car nice and clean for the bright spring days ahead.

## The Stout Snooper

Busy, busy, busy, that's what the past two weeks have been—for you, the teachers, and even me. During this time there has been election of SSA officers (congrats, kids, you'll make a good government, I know), mid-term tests, term papers due and convocation. Oh yes, and the arrival of spring and that awful malady that accompanies it, Spring Fever. Already I have heard some freshman boys planning to put their car tops down. Methinks that is going to be quite a job with their cars being hard tops.

However, despite the antics of our little freshmen and the northward progress of the sun, the new season seems to have been recognized sooner by plants than by Stout students. For I have noticed several men still zipping up that jacket and some girls still wearing those warm storm coats to shield away the cold March winds and snowstorms. Ah well, never fear girls, the Fever has still seeped into that O.A.O.'s heart and when that happens a man's thoughts turn not to books but to WOMEN; and thus goes the story of spring.

Turning to the more serious side of spring, there are a few people to whom the news signifies that it is time to be hunting for a job for the summer. So I got to snooping around to see what types of jobs were available for such people and here is what I came up with. But before I tell you about the jobs I better tell you where I got the information. One place was in Dean Price's office, and the other is on the bulletin board on the wall outside his office and the Registrar's office. And now, here is a brief outline of what I found. YMCA camp worker, Camp Minikani, Hubertus, Wisconsin, salary, \$200 to \$300 per season; camp counselor for Sears Roebuck, Camp Sears, Pullman, Michigan, salaries according to experience and age; private camp worker, Camp Northland, 100 miles north of Duluth, and Camps Marimeta (for girls) and Minomomie (for boys), Eagle River, Wisconsin; Counselor for Boy Scout camp, camp periods varying from four to nine weeks, salaries varying with experience and age; counselor for Milwaukee's Boy's Club, Camp Whitcomb, on Lake Keesau in Waukesha County. A dietitian and assistant cook are needed at Norway Point Camp, St. Croix State Park, Henckley, Minnesota; cook-dietitian needed for YMCA Camp Manitowish. And this isn't the end of the list by any means. So, if you're looking for a job this summer and haven't a lead

yet, hitch a walk over to the bulletin board or go for a friendly visit with Dean Price and a dime to a donut you'll have a job!

Say, did you know the Stoutonia is having a change in staff this next week? Well it is, and with next week's Stoutonia a new editorial staff will have taken over. In other words, this is Jermaine Folkman's last paper as editor of the Stoutonia and I move there be a triple round of applause for all the work she has done for it. And, not that this is a meeting or anything, I move that we cheer Bill Erpenbach on for a successful term as editor and to his new associate editor, whomever he may be.

Cheers and good luck on open house, and be careful. I'm around and nobody's safe then!

## METALS GUILD WILL MEET MONDAY NIGHT

There will be a meeting next Monday night of the Metals Guild. The meeting will be at 7:00 p.m. in BH 22. This meeting is for the election of officers so every member is asked to be there.

On April 4, the Metals Guild will leave for the Twin Cities on their field trip. The caravan will depart at 6:45 a.m. Places that will be visited are: Minneapolis Electric Steel Casting Co.; Metallurgical Inc.; and Dunwoody Institute.

Room-mate — (freshman year) A newly assigned occupant of my room. (sophomore year) The other guy who wears my clothes. (junior year) The thief who stole my gal. (senior year) A newly assigned occupant of my room.

## NEWS OF OUR ALUMNI

Mrs. Bernice Steendaht Thomas, B.S. 1915, is head of the women's residence hall at Eau Claire state college. She says that her training at Stout in institutional management has helped her very much in her work.

Bill Anderson, B.S. 1945, and Joyce Brink Anderson, B.S. 1945, are residing at 6739 N. 14th Street, Phoenix, Arizona. They have one son four years old. Bill is teaching industrial arts at Phoenix Camelback high school. He helped set up the industrial arts department in the school when it was built. They spent one year at the University of Chicago since graduating from Stout where he got his M.A.

Bernard Hughes, B.S. 1945, is superintendent of schools at Fromberg, Montana. Previously he taught five and one half years at Poplar, Montana. For two years he was superintendent at Grass Range, Montana. He received his M.A. at the University of Minnesota in 1953. At the present time he is working on his Ph. D. at Washington State.

Orvil F. Heft, B.S. 1924, has been appointed as assistant principal at Cass Technical high school. His home address is 15790 Linsay, Detroit, Michigan.

Edwin A. Beir, B.S. 1931, and Ruth Dodge Bier, B.S. 1930, are residing at 5025 N. Woodruff Ave., Milwaukee 17, Wisconsin. Edwin is vocational guidance counselor at Milwaukee vocational school. In February he was honored with nine others for having completed twenty-five years at the vocational school. Two of the others honored were also graduates of Stout, Louis E. Jensen and Edward E. Richards.

Karl J. Windber, B.S. 1950, and his wife, Jean (Pengilly) Windberg, B.S. 1952, are residing at 2841 Hoard St., Madison, Wisconsin. Karl is teaching auto mechanics and drivers education at a high school in Madison. Jean is teaching five classes of home economics at Sun Prairie. Both Jean and Karl spent the summer of 1955 at Ft. Collins, Colorado, at Colorado A. and are working on their Master's degrees. They are helping to organize an alumni chapter of Stout in Madison.

Carl J. Haase, B.S. 1935, is Cafe Supervisor, Vocational Rehabilitation counseling and placement of the vocationally handicapped. He attended the National Rehabilitation Association Convention in Denver, Colorado, as a Wisconsin delegate. Carl is a member of Elks and all allied associations dealing with public health problems. Marine Schultz Haase, B.S. 1936, is helping the home economics graduates of 1936 keep informed of each other's happenings by means of a newsy questionnaire that is sent to 36 members and that includes family news, pictures, alumni news and favorite recipes. The Haase family includes six children, four girls and two boys, ranging in age from 2 to 15 years. They live at 1301 Travis St., La Crosse, Wisconsin.

Delman D. Owens, B.S. 1939, is superintendent of buildings and grounds for Durham (N. C.) city schools, with a maintenance force of 25 men, and a custodian force of 45 janitors and 12 maids in 23 schools. He attended the A.S.B.O. convention in Washington D.C., October 7 to 12. In his spare time he coaches the League ball team that won the championship last year, teaches Sunday school, and is on the board of trustees of his church. The Owens' lost their little girl, Linda, in January of 1955, and have an adopted daughter Terry, three years. A new daughter Robin Adell was born in August, 1956. Their address is Route 3, Box 40, Durham, North Carolina.

Lois Dickman, B.S. 1954, is now Mrs. Lois Gretebeck and lives in Norwalk, Wisconsin.

## ALICE IN DAIRYLAND VISITS STOUT CAMPUS

Miss Doris Olsen, Wisconsin's ninth "Alice in Dairyland," was on Stout's campus Monday, March 18, to speak to girls interested in entering this year's "Alice Princess" contest.

"Alice" spoke of her activities during these past months while serving as Wisconsin's official representative. Her promotion work for the Wisconsin dairy industry has taken her into New Mexico, Louisiana, Texas, Washington, D.C., Georgia, Kansas, and before her new successor is crowned in August, Doris will travel in many other states promoting those products which make Wisconsin "America's Dairyland."

The attractive, brown eyed "Alice" from Brooklyn, Wisconsin, left her audience with many visions of new places to visit, plus many exciting, interesting new experiences awaiting the lucky girl to become the next "Alice."

Doris told of this year's contest which girls between the ages of 18 and 25 may enter. Entry blanks must be mailed to the Department of Agriculture before April, 1957. Additional information may be found on entry blanks which were placed on the bulletin board in the Union.

## PHOTOGRAPHY CONTEST DEADLINE ANNOUNCED

Kappa Alpha Mu, the National Press Photographers Association and the Encyclopaedia Britannica, with the cooperation of the Association of College Unions, announce the twelfth annual, international collegiate photography competition.

This opportunity to win honor for your school and nation-wide recognition (plus some fine prizes) for yourself, is open to all college and university students. There is no entry fee.

The lucky college photographer whose portfolio wins top honors in this competition will receive an expenses-paid week in New York as a guest of "Life" magazine, where he will receive a one-week observation course in photographic methods, in the stamping ground of "Life's" top photographers.

Six runners-up will receive sets of the latest Encyclopaedia Britannica and a new award, Impressions: Photography by Cartier-Bresson, a book of photographs by the famous French photographer, will be awarded the best Pictorial (Salon) print. Others will receive awards of merit for their work and skill in photography.

More important, perhaps, than awards will be the salon exhibition at the KAM Convention, at the University of Miami, May 5, 6 and 7, with pictures then being sent to colleges and universities throughout the nation.

Deadline for submission of entries is April 5. The copy of the official entry form, appearing on this page, may be used, or a reasonable facsimile. Read and observe all contest rules!

Dean — The other grey-haired man who stands yelling by the president at games.

Spring formal — (girl) The high point of the college social season. (boy) Twenty-five dollars!

Tough course — The course in which I earned a C.

## STOUT GENERAL DRAWING CLASS TOURS SOIL CONSERVATION SERVICE OFFICE IN MENOMONIE

On February 26, Mr. Siefert's general drawing class made a trip to the office of the Soil Conservation Service in Menomonie. The objects of the trip were to: 1. Find out the reasons for having the Soil Conservation Service. 2. Learn what services are offered by the Soil Conservation Service. 3. How the service goes about its work, and 4. To gain information that could be useful to teachers located in a small community.

Mr. Dundus who is head of the Dunn County unit told the group of the many services offered, why it is necessary, and how they go about performing their work.

He pointed out that Dunn Co. has been farmed for about seventy years and has already lost one half of its top soil.

The aid given to farmers by this service is free up to the extent of any construction necessary. Briefly this is how it works. If a farmer notices erosion on his farm he calls the S.C.S. out to look the situation over. They make maps of the farm land which are colored to represent the different grades of land on the farm. This map is an aerial picture of the farm. After the farm has been carefully checked by the men

## SHAKESPEAREAN PLAY DEEMED 'TOP NOTCH'

After Jack Rank's retirement from the professional theater, it became his ambition to organize a troupe of actors to tour the nation presenting plays to high school and college groups. As time passed, Rank began to realize all of the responsibilities connected with the management of a troupe. After dismissing the whole idea, he decided to enter the field alone. That was twenty-four years ago. Since that time he has been entertaining groups with his unusual talents.

In his presentation of "The Taming of the Shrew," at last Wednesday's convocation, Rank portrayed the six main characters with great ease and versatility.

Within a matter of seconds after an exit, Rank would again appear as an entirely different character, complete with costume, voice and actions.

He kept the audience wholly entertained while both on stage and off. The elegance of his costumes added spark to the overall effect of the play.

Due consideration must also be given to Rank's manager, Mr. Johnson, who aided him with sound effects and costume changes.

of the service, they offer their suggestions as to what would be the best method of solving the problem with the least cost to the farmer.

The method used to solve the problem might be made up of any combination of methods such as strip farming, contour plowing, crop rotation, terracing, or the construction of small dams and spillways.

It was pointed out that the farmer is not in any way forced to adopt the methods suggested by the service, but must do it all of his own free will.

Mr. Ehely, who is the forester for this area and located in the same office as the S.C.S., also talked to the group and showed how his work ties in with that of the S.C.S. He pointed out how the proper use of wooded areas can be a great help to the conservation of the soil and at the same time provide a substantial income.

The group was allowed to use a number of the instruments which both of these men use in their work. One is a hand level which is used to find the elevation of farm fields, and another is the planimeter which will trace a plot of land on a map and give the area of it.

The time spent on this trip was well spent, and the group gained some information which would otherwise be hard to find.

## BLUDEDEVILS ARE REPRESENTED IN AAU MATCHES

Stout entered their second wrestling meet of the year when they traveled to Marquette University for the two day state AAU tournament. On Friday night the semi-final matches were held. Dick Schick of the University of Wisconsin at Milwaukee pinned Dennis Miekash of Stout in 7:45 in the 136 pound class. In the 145 pound class, James Innis of the University of Wisconsin Frosh pinned Terry Reetz of Stout in 4:30. In the 175 pound class, Allen Finnell of Stout won by default which qualified him for the Saturday night finals. In the 191 pound class, Dick Tepp of Stout pinned Ed Lund of U of W at Milwaukee in 3:45 which also qualified him for the finals. In the heavy weight class, Dave Reinhardt of U of W Frosh beat Bill Doane of Stout 9-4.

In the Saturday night action Bernard Kane beat Richard Tepp 3-5 (referee's decision) in the championship match for the 191 pound class. In the consolation rounds, Paul Willis of Marquette beat Al Finnell 5-4.

Final standings:  
University of Wis.-Milwaukee 49  
U of Wisconsin Frosh 26  
Marquette University 16  
Stout state college 6

## VARSITY BASEBALL AWAKENS ON MONDAY

Candidates for infield and outfield positions on the varsity baseball team are hereby notified to report to the athletic office on Monday at 3:00 p.m. Equipment will be issued at this time. Practice will be held indoors until the weather is suitable for outside activity.

An army camp was conducting an educational program for enlisted men and had planned a lecture by a college English literature professor. The burly sergeant called the men together and said: "Say, now listen you guys, tonight a professor's gonna lecture about Keats so you'd better be here. Why, I'll bet lots of you guys don't even know what a Keat is."

## INTRAMURAL PLAYOFFS IN BASKETBALL ARE OVER

The Stout intramural basketball season ended its team play with the annual playoffs. The games were played Monday, Tuesday, Wednesday, and Thursday of last week in the upper gym in Fowman Hall. The top four teams of the two leagues, American league and National league, competed for the title of "champion of the intramurals."

### Rangers Squeeze by Rockets

In the first game of the playoffs, the Rangers of the American league fought to a tie with the Rockets of the National league but squeezed by the Rockets in the three minute overtime. The final score was 52-50. The high scorer of the game was T. Miller with 15 points for the Rangers followed by the Rocket's George McGuire with 14 counters.

### FOB I Waxes Court Jesters

In the second game Monday night the American league champions, FOB I team, found the Court Jesters of the National league easy pickings, winning by a score of 76-43. The top scorers for the game were Wayne Pluckhan with 15 points followed by Bill Bachmeyer with 14 tallies. Both of the high scorers played for the FOB I team.

### Flunkies Edge Gophers

Tuesday night found the Flunkies of the National league edging the Gophers of the American league out of the playoffs. The Flunkies had to fight to the last gun to win by the narrow score of 51-50. Dick Klaers of the Gophers led the scoring with 21 points followed by three Flunkies, Eugene Batist, Wayne Stahlkopf, and Wallace Meting, each with 11 points.

### Globetrotters Outscore DKs

The Globetrotters of the National league, who haven't tasted defeat this year, kept their record untarnished by winning their first playoff game. They scored 40 points to their opponents, the Delta Kappa team, 38. Sharp shooter for the game was Jim Huggen with 16 points for the Globetrotter cause with Bruce Eland of the

Albert Kabakula and Terry Reetz are shown completing their final training in preparation for Tuesday night's mat. They are just part of the many men who have been in training for the past six weeks getting ready for the "S" club boxing and wrestling show.

## "S" CLUB TO STAGE ANNUAL MAT BATTLES

This coming Tuesday night, the "S" club of Stout state college will present their annual boxing and wrestling show. The matches will be held in the small gym of the student union beginning at 8 o'clock sharp.

A special feature will be the blind-fold boxing. Vern Christensen is in charge of this area, and he has stated that a surprise is certainly in store for everyone. Ernest Oyama will demonstrate the art of judo in yet another feature of this spectacular show. Ernie has gathered a group of Hawaiian students together for these matches and expresses the view that all in attendance will be sure to see something that they haven't seen before. Dick Tepp heads up the wrestling division. Incidentally, these wrestlers have already had matches with Stevens Point, Milwaukee, and the University of Wisconsin.

Tickets to the performances can be purchased from any "S" club member, in the corridors of Harvey Hall, or at the door on Tuesday night. Be sure to be among the lucky ones in attendance.

Delta Kappa team close behind with 13 points.

### FOB I Nudges Rangers

The FOB I team picked up its second win of the playoffs by defeating the Rangers by a score of 57-53. The win assured the FOBs a berth in the final game. Carlson of the Rangers led the scoring with 18 points while Sand scored 15 for the FOBs.

**Globetrotters Walk on Flunkies**  
In the second semi-final game, the Globetrotters won their second game for the playoffs and their ninth win of the season by overpowering the Flunkies by a score of 52-38. The top scorers were, Ott with 14 and Felton with 12; both play for the Globetrotters.

### Globetrotters Win Championship Over FOB I

In the championship game of the playoffs, the Globetrotters found it no large problem to outscore the FOB I team by a count of 46-39. The FOB team, trailing by 13 at the end of the third period, staged a come back in the final quarter but fell short by 7 points. Sands tallied the most with 17 points and was followed by all of the starting team of the Globetrotters: R. Nelson with 10, Ott, Huggen and Blythe with 9, and Felton with 8 points.

The referees for the playoffs were Erpenbach, Zwick, Wege, and Bengs.

## SPRING INTRAMURALS ARE BEING PLANNED

Now that the winter intramural program is drawing to a close, plans for the spring intramural play are being completed. The plans call for the following divisions: softball, golf, angling with subdivisions for bait casting, fly casting, and spin casting, tennis, and the first annual indoor relays.

There are forms on the sports bulletin board in the P.E. building for any persons or organizations interested in entering the spring program. Also if you are interested in helping Mr. Johnson and Harry Miller in the leadership of any of the above activities, sign your name on the sheet provided on the sports bulletin board. According to Harry Miller the play should start soon after the end of the third quarter, which is on March 29. Let's all try to take some part in the program in whatever division interests you.

Canned and frozen juices are becoming more and more popular, but most men still prefer to squeeze their own tomatoes.

The only reason I go to dances is that I'm still waiting to see a girl get up to dance and see her backless strapless gown stay on the chair.

Hangover—The "mourning" after the night before.

And then there was the story about the dog that got a new harness—he has a new leash on life!

## AMERICAN ALL STARS COP TITLE GAME

The intramural basketball season drew to a close Monday night with the playing of an all star game. The teams, picked by the captains of the teams of both leagues, were made up of the following players. For the National league, Vogtberger, Metling, Kudeboh, Zimbric, Battist, O'Hryon, McGuire, Ott, Arersold, and Felton; for the American league, Pluckhan, Butz, Bachmeyer, Miller, Hejny, Larkin, Hoffbeck, Sand, Bredesen, and Klaars. The game turned out to be one of the most exciting of the intramural season with the American league all stars winning after a five minute overtime. The top scorers were Vogtberger with 24, Hejny with 22, Pluckhan with 21, and Ott with 20. The final score was 76-74 in favor of the American league team.

## STOUT WRESTLERS DROP STEVENS POINT MATCHES

The Stout Bluedevils participated in its first wrestling match of the year when they attended the first annual University of Wisconsin Intercollegiate Tournament at Stevens Point. Six teams, University of Wisconsin Jayvees, Stevens Point state, University of Wisconsin-Milwaukee, Marquette University, Beloit college and Stout state, were entered in the contest.

Stout entered four of the classes; the 147 pound class, the 167 pound class, the 177 pound class, and the heavyweight class. In the 147 pound class, Dick Olson of the University of Wisconsin pinned Terry Reetz of Stout in 2:30. In the 167 pound class, John Arakelian from Marquette pinned Gib Feller from Stout in 3:30. In the 177 pound class, Chuck Ludvigson from the U of W beat Jerry Koskinen, a Stout student entering unattached. Also in this class, Norm Dorn pinned Al Finnell of Stout in 0:55. In the heavyweight class, Dick Tepp of Stout pinned Mike Kaishan of the University of Wisconsin at Milwaukee. Tepp went on to pin Dale Schallert in 7:30. In the final match for this class, Tepp was pinned by Butch Sorenson of Stevens Point in 3:35. The final scoring:

University of Wisconsin Jayvees	52
Stevens Point state college	49
University of Wis.-Milwaukee	29
Marquette University	18
Beloit college	14
Stout state college	9

# Welcome To Open House

Pictured above are Stout coeds discussing plans for open house and campus, state, and national activities that they have participated in recently. These popular girls are, left to right, front row — Barbara Brown, Joan Raven, and Opal Burton. Seated in the second row, left to right, are Betty Fraley, Rhea Van Vleet, Pat Soldner, Della Medin, and Ruth Olson.

## FRIENDLINESS AND CO-OPERATION DISPLAYED; ACTIVE PARTICIPATION HOLDS KEY TO SUCCESS

"Popularity is a wonderful thing. It feeds our ego and our hearts." This thoughtful commentary on people well describes the enjoyment which popular girls experience by being in the company of others, and it is equally descriptive of the pleasure and profit which occur to other girls in their contacts with popular colleagues.

The Stout campus is known for its atmosphere of friendliness and co-operation. And a large part of that desirable atmosphere can be attributed to the outstanding popularity and participation of Stout students, not only in campus activities, but in various constructive activities of state and nation.

Betty Fraley, a perky senior coed from Barron, Wisconsin, recently was chosen one of two Wisconsin college students to attend a National Christian Citizenship Seminar sponsored by the Methodist Student Movement in New York City and Washington, D.C. The week-long seminar included studying foreign affairs, visiting the United Nations' assemblies, attending sessions of Congress, and lunching with Wisconsin congressmen.

Besides being active in her church group, Betty is past president of the Home Economics Club. She has also been elected into Phi Upsilon Omicron Fraternity and Who's Who.

A freshman from Westfield, Wisconsin, Frances Ginter, has been active in Home Economics Club, Women's Recreational Association, and her church group. Frances is responsible for the script used in the stage production presented for open house.

A junior from Bloomer, Wisconsin, Joan Raven was recently named State 4-H Holstein Girl. She received this coveted award for undertaking complete management of 44 head of Holstein cattle, winning district dairy records for several years, and for numerous displays and food demonstrations. Jo is active in band and home economics club on campus.

Designing the cover for the brochure that was sent to high schools throughout the state was an activity undertaken by Barb Clark. A freshman from Laona, Wisconsin, Barb is active in her church group and home economics club.

The new president-elect for home economics club is Opal Burton from Knapp, Wisconsin. Besides being sophomore class secretary, Opal is active on the Stoutonia staff.

A perky coed from Kewanee, Illinois, Barb Williams has been responsible for the skit of the stage production for open house. Barb is active in numerous college activities including student government, home economics club, and her church group. She is also a dormitory counselor.

A Milwaukee coed, Carol Kinnee is responsible for designing the cover for the open house programs. Carol is active in campus activities and lives at

Tainter Hall.

The 1955 State Betty Crocker winner is a sophomore on the Stout campus. Pat Soldner, from Reesville, Wisconsin, competed with over 3,000 girls from throughout the state to win a \$1,500 four year scholarship. Pat is active on campus. She belongs to Home Economics club, her church group, 4-H club, and is literary editor of the Stout annual.

Della Medin, a senior from Mondovi, Wisconsin, is the present Wisconsin Dairy Princess. After serving as one of the four Alice Princesses last summer, she received the honor this fall. Activities Della has participated in, include the Governor's Inauguration, a seven city plane hop to deliver blue crutches for the polio cause, and attendance at innumerable dairy days and banquets throughout the state. A main Stout activity for Della is serving as Panhellenic president.

Rhea Van Vleet is the current president of home economics club. She has served on many committees for open house and participates in school functions. Rhea is from Trempealeau, Wisconsin.

Travelling over 100,000 miles last year was fun for Barbara Brown, 1955-1956 Alice in Dairyland. Barbara, because of her honor, did promotion work and public relation work for the Wisconsin dairy industry. She attended national conventions throughout the United States as well as being a guest of honor at a Congressional luncheon in Washington, D. C. The luncheon included meeting Vice president Nixon and other congressional dignitaries. Barbara, a senior from Stanley, Wisconsin, is very active on the Stout campus.

Ruth Olson, a Westby, Wisconsin, resident, reigned as National Dairy Foods demonstration winner at National Club Congress in November. Because of excellence in 4-H demonstration work on the local, county, and state levels, Ruth received the honor. A sophomore, Ruth participates in home economics club, Stoutonia, 4-H Club, and Symphonics.

## DEAN KIRK EXTENDS WELCOME TO VISITORS

Stout extends to the 1500 visitors on its campus a cordial welcome! We hope that you may catch a vision of what you can do to make your future hopes a reality.

A college education for the woman in today's world is the key to professional achievement and, more important, to added personal happiness.

The theme of our activities today is "This is your Life, Dorothy Dale". We hope that, in a measure, it may parallel your life on Stout's campus next Fall.

Alice J. Kirk, Dean  
Division of Home Economics

## VISITORS WELCOMED BY STOUT'S PRESIDENT

Today is a big day for Stout state college and, we hope, a big day for you. Yes, this is probably your first chance to become acquainted with our college, and it is a splendid opportunity for us to meet you and to make you welcome.

Our students and teachers have been planning and working toward Open House for a long time. They want you to enjoy yourself here. And, more than that, they hope you will discover all the interesting elements which go into the education of a home economist and the many exciting, well-paid positions open to her when she finishes college.

So, spend a relaxed, pleasant day with us. Take in all the "sights." But, at the same time, consider the possibilities of a home economics career for you. And ask yourself if Stout should be your college. Then, perhaps, we shall meet again.

Sincerely yours,  
Verne C. Fryklund

## NOTICE!

There will be no issue of the Stoutonia next week due to the STS field trip. The next issue of the Stoutonia will be on April 12, 1957.

## 'THIS IS YOUR LIFE' IS STAGE PRODUCTION

"This Is Your Life, Dorothy Dale," and this is Stout's fifth biennial Open House. Dorothy Krushas Dale, graduate of 1952 and an active alumna living near Menomonie, experienced an active, full life on Stout's campus, and a hard-working committee has brought back many of Dorothy's friends and instructors to help her relive her glorious college days, and at the same time to illustrate to the 1500-2000 high school students visiting Stout today what they can expect and look forward to in their future years at Stout state college.

In "This Is Your Life, Dorothy Dale," visitors will meet many of the friends with whom Dorothy shared her

DOROTHY DALE

wonderful years at Stout; her dormitory housemother, classmates, the football captain, her sorority sisters, a student, Ruth Ann Jewett, whom she taught at Chippewa Falls, and who is now a freshman at Stout, and her husband whom she met and dated while a student here.

An excerpt from a fashion show in which Dorothy played a part six years ago will give them an idea of what clothes are appropriate for college wear. Various group activities are portrayed in a dormitory pajama dance, a sportsparade, Lil Abner dance, and a girls' vocal quartette.

Dr. Fryklund, president of Stout state college; Dr. Kirk, Dean of the Home Economics Division; Miss Jeter, clothing; Mr. Arneson, physical science; Dr. Cook, music; Mrs. Adams, Dorothy's house-mother, and Verne Christensen, student, help Dorothy relive her happy college days. "This Is Your Life, Dorothy Dale" captures the mind of the wide-awake high school girl, for it presents a vision of a future that could be hers.

## SSA REPRESENTATIVES TO BE SELECTED SOON

A special meeting of the Student Board was called together by the new president, Peter Jackson, at 7:00 in the Trustees Room of Harvey Hall.

The SSA representatives-elect for each class were chosen by the Governing Board. The student body will vote on their choices on April 4 in Harvey Hall. The selected representatives are as follows:

### Freshman class:

Dorothy Grundmann  
Barbara Harms  
Thomas Rosenthal  
David Soderberg

### Sophomore class:

Louise Grant  
Bob Gussel  
Jim Schnitzler  
Loretta Sletton

### Junior class:

John Blythe  
Bob Dahlke  
Helen Froehlich  
Barbara Hartig

It was moved and seconded that the SSA sponsor a union "Open House" on Friday night offering free bowling, ping pong, pool, swimming, cards, and perhaps dancing, for the entire student body with the SSA spending not more than \$25.00, if possible. The motion was carried.

Pictured above are Miss Knutson, far right, advisor to the former Hyperians, and Carolyn Grienke, as they presented the new Delta Zeta sorority to President Fryklund.

## HYPERIAN SORORITY BECOMES DELTA ZETA. ONE OF NATIONAL SOCIAL SORORITIES

Members of the Hyperian-social sorority of Stout state college recently said a sentimental farewell to their traditional Hyperian organization when they became pledges on March 10, 1957, of Zeta Beta chapter of Delta Zeta National Social Sorority.

The new sorority was formally accepted by the Student Welfare Committee, the Governing Board, and the President, Verne C. Fryklund.

Charter members include Carolyn Grienke, president; Patty Jo Hovde, first vice president, pledge trainer; Peggy Handlos, second vice president, rushing chairman; Carol Hatch, treasurer; Carol Bibby, recording secretary; Ruth Stratman, corresponding secretary;

Gwendolyn Urbanz, historian; Kathy van Doorn, panhellenic chairman; Marilyn Webb, publicity chairman; Kay Hawkins, social chairman; Mary Hitesman, standards chairman; Ruth Olson, scholarship chairman;

Beatrice Meyers, charm chairman; Phyllis Haugen, courtesy chairman; Marval Klecker, guard of O; and Virgene Achenbach, guard of S.

Other members are Dora Aramori, Barbara Benzi, Margaret Braun, Mary Jane Grotte, Barb Hatopp, Alma Hautamacki, Rose Klaus, Catherine Kupp, Judy LaDuke, Gwen Marshall, Ellen

Paetsch, Sandra Sjoggerud, Beverly Spry, Ellen Steinhoff, Mary Ann Urbanz, Marlowe Zoberski, and Jerry Skarvan.

Miss Dorothy Knutson, Miss Margaret Perman, and Miss Clara Carrison of Stout state college are advisors.

The Hyperian sorority was a local organization for young women founded on March 19, 1923. Its chief aims were the study of social welfare problems and participation in local professional projects.

In 1937, Miss Antrim, now Dean of Women at Stout, was welcomed as Hyperian advisor. She was succeeded in 1946 by Mrs. Marjorie Leland Postman. Miss Clara Carrison became advisor to the group in 1948.

Many projects of the Hyperians will be continued as activities of Delta Zeta. These activities include the Old Heidelberg Tea, Valentine Dinner, social service Christmas project, and Senior Farewell Party.

President Verne C. Fryklund, in welcoming the new chapter of Delta Zeta, said:

"Stout state college is pleased and proud to have on its campus a chapter of this excellent organization. Delta

## FROM THE EDITOR'S DESK

With this issue of *The Stoutonia*, a new editorial staff takes over. They have been chosen on the basis of their past accomplishments and interests in the paper. We feel that we have chosen people who will conscientiously strive to make the college paper a useful service to the student body.

We, the retiring staff, would like to thank all those who have assisted us in carrying out our duties. We would also like to express our appreciation to our advisor, Mr. Whydowski, for his time and advice in making our service a success.

To the new staff — good luck!

—Jermaine Folkman, Retiring Editor

Today marks the end of the first week of the fourth quarter in the 1956-57 school year. It also means that the leadership in most Stout organizations has changed hands, or is now in the process of doing so. Congratulations are certainly in store for all of the retiring organizational heads. However, it is the new regime that we are concerned with now. It will have to carry on the work of the past.

You, as a student and member of your various clubs, are responsible for their direct functioning. You are the person who has helped to elect the new organizational officers and, because of this, you will have a responsibility to participate in and support your club or clubs, whichever the case may be.

Do not neglect the many opportunities of extracurricular activity at Stout by failing to take part in at least one of the functions on our campus.

When you join an organization, or if you are already in one, stop to realize just what it means to you. No organization can ever be considered any better than its weakest member. Your total participation is needed if any benefits will be reaped from our wonderful extracurricular system here at Stout state college.

## CLUB NEWS

The new officers of Alpha Sigma Alpha assumed their duties for the first time at a business meeting held in the snack bar on March 21.

Congratulations were extended to Barb Bratley, Mary Brackett, and Billie Jo Braker for their nominations as "Campus Queen" candidates.

Bunny Becker, Pauline Rosenstiel, and Alice Marshall were selected as the delegates to the ASA State Day in La Grange, Illinois, on Saturday, March 30.

The members of the Graduate Survey Procedures class wish to thank the student body for their cooperation in helping complete the surveys conducted last quarter.

The results of the survey were not only interesting but revealing. The responses to the library survey tended to indicate that the senior and graduate students were in favor of additional instruction in library procedure. More facts are listed in the survey, but these are too numerous to mention here.

The freshmen respondent indicated that high school teachers were most influential in their decision to attend Stout. Men considered curriculum offerings most frequently in choosing Stout. The girls chose size of college most frequently and curriculum next.

The Stout Synchronized Swimmers will present their annual Spring Water Show on April 11, 13, and 14. The theme, "A Trip Around the World," will feature fancy swimming to musical numbers with a foreign flavor. Special lighting effects and appropriate costumes will add to this "different" form of week end entertainment. See three young men search for their "Mademoiselle de Paris," five girls star in a "Canadian Sunset," and for sheer rhythm and grace, there's nothing like a "Hula" in water. Remember the dates—you won't want to miss this Water Show!

## CONFERENCE OF CLUB REPORTERS WILL BE HELD

Hear ye, Hear ye, clubs, sororities, fraternities, the Stoutonia wants to serve YOU better. This will be accomplished by a meeting of the club reporters from each organization on campus with the Stoutonia heads.

The purpose of the meeting will be to give you suggestions on what, or how, to write a news item for publication in a school paper, what the deadlines are, and in general, all of the facts necessary to promote better relations between the clubs and the Stoutonia.

The club news conference is being planned for a Monday or Tuesday night in the very near future. This regular club reporter and the president of each recognized campus organization is invited to come. The meeting will be informal and any questions will be answered if possible.

We all know the value of advertising in business. Well, you are advertising for your organization each time your group name is printed. You may even get new members as a result of the meeting and the subsequent articles published, especially if you are not at the present time getting your news published.

Watch for further news and the date in next week's issue, but remember, this is a new venture for the paper and it can only be successful if all of the clubs participate.

## CLUB NEWS

Miss Gladys Ishida from the American Friends' service committee will be on campus, April 2, and will conduct a meeting in which the American Friends' committee volunteer student projects and summer work camps will be discussed.

Inter-Religious Council and the Stout Christian Fellowship are sponsoring the meeting. It will be held in the audio-visual room (room 14) in the library at 7:30, on April 2.

All organizations, clubs, students, and faculty are cordially invited to what should prove to be a very interesting meeting.

Personal contacts may be made with Miss Ishida during the day by contacting Bob Olstrom, room 246 in Lynwood Hall.

## STOUT ORGANIZATIONS ACTIVE DURING LENT

During the Lenten season, various church organizations on campus have undertaken activities that add enrichment to the spiritual life of Stout students. The various clubs and their Lenten activities follow.

During the Lenten season, Gamma Pi chapter of International Gamma Delta is co-operating with the Lakes Region, of which it is a part, in helping to raise money toward an international project. The international project consists of raising \$3000. Of this, \$1000 will be used to further a student center in Manila, and two \$1000 scholarships will be provided for seminary students in Mexico and India. Gamma Pi sponsored a box social on March 17. Gamma Deltas from Eau Claire and River Falls attended; the proceeds will go as Gamma Pi's part of the project. Gamma Delta is an International Association for Lutheran students of the Synodical Conferences.

Lenten activities have been planned by the Lutheran Student Association on campus, Sunday evening meetings are devoted to Lenten studies. Members attend the weekly services of the congregation. LSA is associated with other LSA groups in the United States.

The Stout Newman Club has a varied Lenten season planned. Every Tuesday evening Father O'Leary, the club chaplain, presents talks on various aspects of Catholic Lenten beliefs. Sunday breakfasts have been planned, and a theological class has been formed for study. Many of the Newmanites attend church each morning, and a caravan of student cars transport dorm students to church. Many of the Lenten meetings are being held in the new Newman Club center. The Stout Newman Club is for all Catholic students on campus and is affiliated with the regional and national Newman Clubs.

United Student Fellowship, besides attending regular Lenten services with the entire congregation, has planned Sunday night study programs to include Buddhism, Judaism, philosophy of life, history of the Christian church, and religious Society of Friends or Quakers.

Attending a joint service with students at River Falls has been a Lenten activity of the Stout Wesley organization. Featured at this meeting and service were Betty Fraley of Stout and Dick Krueger of River Falls who reported on their recent attendance at the National Wesley Student Seminar in New York City and Washington, D.C. Other Lenten activities of the group are a silent worship service each Wednesday morning at the Methodist Church. Each member may worship privately at any time from 6:45 a.m. to 8:00 a.m. These student accommodating hours are followed by a breakfast. The Stout Wesley organization is affiliated with other Wesley college groups throughout the United States.

## CLUB NEWS

Members of the Stout Christian Fellowship met on Wednesday, March 20, at 7 o'clock for their regular meeting. New officers for the 1957-58 school year were elected. They are president, Pat Beebe; vice president, Bill Kaul; secretary, Marion Maier; treasurer, Tom Murray.

The group has planned to have a film from the Moody Institute of Science called "Hidden Treasures." It will be shown on Tuesday evening, April 9, in the projector room in the library at 7 o'clock. All persons interested are cordially invited.

The SCF has its regular weekly meetings at 7 o'clock on Wednesday evenings in room 10 of the library. If you like Christian fellowship and Bible discussions, you are very welcome to join them each week at this time.

## PETITE GALERIE FEATURES TRIP OF DEAN KIRK

La Petite Galerie features what is probably its most exciting exhibit since its opening last December by Mary Katherine Williams. Memoirs and souvenirs of Dean Kirk's trip around the world last summer now fill the colorful display area.

Past exhibits featured in La Petite Galerie have been glassware by the Higgins, Frances and Michael. The Higgins display featured the ultimate in modern art in their handmade glassware. The exceptionally high quality of the glassware, both in design and craftsmanship, has put it into the stock of modern art gift shops of the high caliber department stores throughout the nation. Stout has been fortunate indeed to be able to view such displays.

La Petite Galerie features pieces of exquisite craftsmanship from the world over. Green linen, handwoven, incorporating tiny reflective bits of mica in the design; Siamese tableware showing the dress of the crown prince, silver bracelets, one of Niello Ware, a precious combination of silver, copper and sulphur of which few pieces are perfect enough to be sold, causing those on the market to be very expensive; and handwoven scarfs of silk and gold thread fill the display with the beauty of oriental color. Two evening bags from India feature embroidery also, with actual gold and silver threads. Handmade oriental dolls, fans and wood prints made in 1878 complete this most unusual display.

Incidentally, Dean Kirk rides an elephant in one of a series of photographs included in the display which were taken on her trip.

To set the stage for this Around the World display is an unusual mobile conveying a thought of the whole world, by Marles Mitog. Past its shadow into the art studio itself, one may view the results of creative expression in color, texture and space through mobiles, abstracts and innumerable other mediums. All different, they express the personality and individuality of their makers. George Soto of Chili portrays a unique man, god and society relationship in his excellent work while Betty Dietzman uses only her imagination and wood to create a landscape touching to any viewer.

Homes designed to incorporate space into modern day living and their floor plans provide the practical end to this inspiring Galerie and art room set up by art classes and their instructor, Mary Katherine Williams.

A co-signer is an idiot with a fountain pen.

Mabel: "So Fred was divorced a month ago and he remarried last week."

Phil: "He took a new leash on life."

It's not running after women that's harmful—it's catching one.

## TRI SIGMA SORORITY HAS AN ACTIVE YEAR

Sigma Sigma Sigma sorority was the first national sorority on this campus. The faculty advisor for the group is Mary Williams and Mrs. Jean Salyer is alumnae advisor. This has been a busy and profitable year for the organization.

Tri Sigma participated in the Panhellenic rushing party held in September at the Stout gym. The members of the four sororities gain an opportunity to meet all girls who are interested in becoming a sorority member. Individual rush parties follow. The girls interested in Tri Sigma were entertained in Harvey Memorial. A mock court trial with prisoners receiving imaginary sentences from judge Andree Jost set the dominant theme. The girls were given a chance to break the chains—if they discovered the formula.

The sorority and the Phi Sig fraternity sponsor the annual Sweetheart Ball each fall. It is at this dance that "Lover," a little dog, is presented to the lucky person whose name is drawn from a hat. Lover is an adorable stuffed dog that was on display in Harvey Hall the week prior to the dance.

Homecoming is great for everyone who participates. Tri Sigma always sponsors a candidate for queen. This year, Pat Seibert, a senior from Milwaukee represented the group. Campaigning included posters, pictures, and serenading at all four dormitories.

"Sail on to Victory" was the entry in the most beautiful division for floats in the Homecoming parade, winning first place; it featured three girls riding in a sailboat on blue waters.

Alumnae, members, and pledges enjoyed a Homecoming breakfast at Our Saviours Lutheran Church.

Each year Tri Sigma members contribute to the Robbie Page Memorial fund as a social service project to help toward medical research at a children's hospital in North Carolina. Also, every Christmas, a big bag of food and clothing is sent to some needy family in Menomonie.

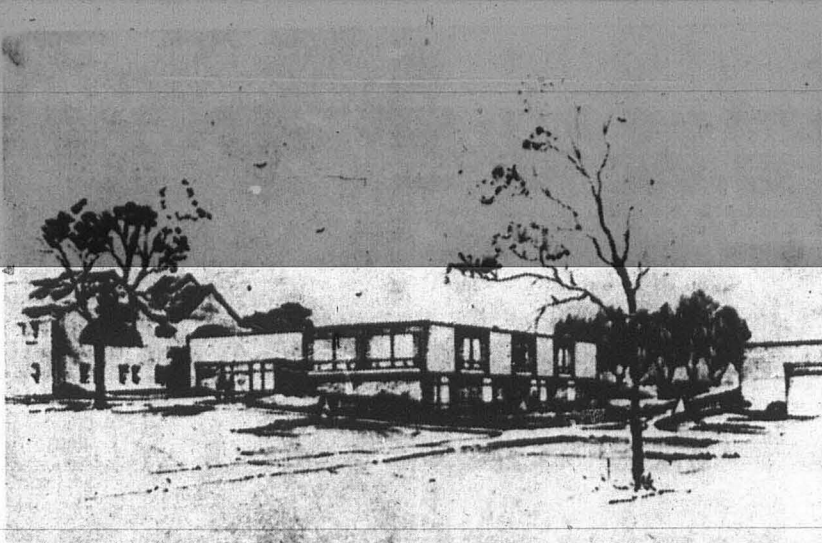

The sorority sponsors a Christmas sale in early December. Each member makes several articles available to the rest of the student body. A bake sale is held in the upper Farmer's Store the second semester of the year.

Tri Sigmas were in charge of general arrangements for the Panhellenic Christmas Ball in December. The theme was "Old Fashioned Christmas" and the decorations emphasized outside decorations.

"Sigma's Winter Harvest," a cornucopia filled with colored items, won first prize in the most original division of winter carvings this year. Audrey Schroeder, sophomore member, served as attendant to the queen at all the week end festivities.

Audrey Adams again played the lead in the MAP production "Ring Around Elizabeth" early in the fall. This makes the third time in three years that Audrey has had the leading role.

The basketball team, sparked by the versatility of the Bournville sisters, Shirley and Diane, won the girls' basketball tournament defeating WRA in the final game.

Shown above is a sketch of the proposed new student union building here at Stout. Construction on this "dream come true" will start this spring.

## NEW BUILDINGS SCHEDULED FOR STOUT CAMPUS

Included in the extensive building program to be started by Stout state college this spring is a \$525,000 student union.

The new student union will be located directly behind Stout's present physical education building, between that structure and the college library. Access to the building will be from three sides, with a service entrance located on the east side.

Because of the necessity for a service entrance, the wooden farm shop building of the Dunn County Agricultural School will be razed at the end of the school year. The present area of the Stout nursery school playground will be occupied by the union. As a result, the playground will be re-located on the block.

Enhanced by the use of much glass and aluminum, the exterior of the two-story union building will be of brick and masonry panels. The first floor will include a snack area, game room, hobby room, reading and television viewing areas, space for a checkroom and for equipment maintenance.

Area of the second floor will be devoted to conference rooms, office space, lounges, and a ballroom.

Interesting to note is the fact that unions throughout the United States are known as a student's "Other Home." Since all Stout students minor in unionology, the proposed Stout union is planned in accordance with the above statement. Under campus supervision, many recreational opportunities and also certain conveniences which a student would have in his own home will be provided.

A congressman was suddenly awakened by his wife. "There's a thief in the house," she trembled.

"Never in the House, my dear," he challenged her aspersion; "there may be some in the Senate."

Young folks are alike in many respects.

In an army class the instructor called on a private to distinguish between an accident and a misfortune.

"Well," hesitated the private, "if the sergeant is pushed into the river, that's an accident; if he's rescued, that's a misfortune."

"Do brunettes have sweeter dispositions than redheads?"

"My wife was both, but I can't see any difference."

## ALL GRADUATES HAVE COLLEGE OPPORTUNITY

This is a description of a high school graduate who is not going to college. He doesn't want to go; he lives on a farm; there is no college near his home; he has no savings to draw on; and he has below average grades in high school and has shown below average ability on tests. Not many Wisconsin youngsters fit this description.

The Joint Staff study committee of the Coordinating Committee for Higher Education lists these things which affect college attendance. They report that only one out of 20 state college or university freshmen were from the bottom fifth of their graduating class last year. Thirteen out of 20 freshmen in the state-supported institution were from the upper two-fifths of their class.

Children of professional fathers attend college after high school graduation most often—nationally about seven out of 10 times, according to the study. Sons and daughters of fathers who held managerial positions go to college about half the time. At the bottom of the list are children of farmers. They go to college after high school graduation at the rate of one out of four.

The bad news for farm children continues. Nationally they continue on in college to graduation less often than other groups. Less than half of them who enroll in college, graduate.

Four out of every 10 high school seniors from Langlade and Milwaukee counties enrolled in some college this year. Fewer than two out of 10 seniors in Jackson, Kewaunee, and Burnett counties went on to college. There were 52 Wisconsin counties from which high school graduates went on to college at the rate of three out of 10.

No amount of money or ability is likely to put a student in college if he does not want to go," write the educators studying higher education in Wisconsin.

The many obstacles which keep high school graduates from college often fail to daunt Wisconsin's youth. In 1942 less than 15 per cent of the high school grads enrolled in degree-granting institutions. Last year almost 32 per cent of the graduates enrolled in college.

Girls soon get wind of a skunk.

An hour glass is narrower in the middle to show the waist of time.

Four out of every five women haters are women.

"I couldn't hold on to that burglar any longer," apologized the victim, but I have his fingerprints."

"Where are those fingerprints?" demanded the police captain.  
"On my throat," he exhibited.

## STOUT OFFICES GIVE SENIORS PLACEMENT AID

Placement opportunities for Stout state college seniors continue to be at an exceptionally high level. According to Stout's Placement chairman, Mr. Frank Belisle, the demand for home economics graduates is brisk and unending. They range from positions as demonstrators for Northern States Power Company to home agents in Minnesota and Wisconsin, food service work at Marshall Field's, dietetic internships all over the United States, and teaching positions in Wisconsin, Minnesota, and other states. School officials come as early as February to interview senior girls.

Many seniors who are majoring in home economics and will be graduated from Stout state college in June are wearing broad smiles, for they have already signed contracts for next year. Recent placements include Pat Bro, Prairie Farm, who will teach at Wausau senior high school; Constance Chellman, Superior, will teach in Superior; Georgia Christner, Elkhorn, will teach in Wauwatosa junior high school; Joan Daniels, Black Creek, will be a teacher in one of the Milwaukee public schools; Judy Goehring, Menomonie, will teach at Iron River, Michigan; Audrey Grote, Ellsworth, will go to Manitowoc, Wisconsin; Marian Kindeschy, Alma, will teach in Nekeosha; Jane Olla, Osseo, will be at Manitowoc; Barbara Preme, from West Salem, will teach in Byron, Minnesota; and Mary Ellen Rich, Menomonie, will teach in Marshfield, Wisconsin.

Because of the demand for teachers and the qualifications of Stout graduates, the average salary has increased to \$3800 for a nine month teaching contract.

A senior majoring in home economics is having to make important decisions, for she is in demand as a teacher, dietitian, and commercial home economist.

## SENIOR GIRLS RECEIVE MANAGEMENT TRAINING

"We are the home management girls;

We wear our hair in curls.

Whenever we go out,

The people always shout — Great Scot!

There go the home management girls!"

Every senior before she graduates from Stout is required to take the home management course. This is a girl's last chance to fulfill one of her purposes in coming to Stout — that of learning how to cook and manage a home.

One of the features of this course that makes it enjoyable and worthwhile is "Living in the House" for a period of four to six weeks with seven or eight other girls. The training received from this course is very valuable for competent homemakers, teachers, and dietitians.

A dream will come true next fall when one of Stout's buildings will be remodelled into the second home management house to facilitate Stout's increased enrollment.

## COLLEGE EDUCATION BY LOAN OFFERED

Wisconsin parents, who buy a television set, a new car, or a house on credit, often shy away from purchasing a college education for their child in the same way. They may be ignoring their most preferred credit risk.

Since 1933, more than a million dollars have been loaned to Wisconsin college students from a loan fund administered by the state department of Public Welfare. The percentage of less has been "extremely low," according to department officials.

"Until now only students already enrolled in a four-year college in the state could apply for the loan. But the legislature is considering broadening the plan so that high school students, through their principal, can apply for the money to assist them during their freshman year in college.

The student may borrow up to \$440 a year for a total of not more than \$2,200 for the four years of college. There is no interest charge while the student is in college but four per cent interest must be paid beginning the last date of the student's attendance. The loan matures two years later.

Students now apply through the college they attend but, if the legislature approves, the first application may be made this fall directly through their high school principal. Endorsed by the college authorities, the application is O.K.'d by the department of Public Welfare after a routine check of need has been made. Approximately 95 per cent of the loan applications were approved last year.

In the last two years 264 students were loaned \$700,900 for an average grant of \$269 per student.

There is money waiting to be borrowed by Wisconsin young people who are capable of doing well in college. The fund with a present balance of \$78,000 has never been exhausted. A college degree, cash or credit, is within reach of every qualified Wisconsin youngster.

## HOME ECONOMICS TO PRESENT TALENT SHOW

A variety of talent will be shown at the Home Economics Club talent show to be presented in the Stout auditorium on Saturday, April 6 at 8:00 p.m.

Musical numbers, play readings, twirling, and ensembles are just a few of the many numbers that will comprise the varied program.

Stout students and faculty members are invited to attend this event. Admission price is twenty-five cents per person.

## PRESENTATION ART LEARNED BY FOOD MAJORS

A former Commercial Home Economist, Miss Dorothy Clure, who has done lecturing, demonstrating, and developing of appliances, is instructing eleven Stout cooks in commercial food and equipment demonstration. Instruction in the art of demonstration is vital in preparation for teaching of home economics, dietetics, and home demonstration work.

Ten class demonstrations of increasing length and complexity involve practice and more practice, and much preparation which includes proper recipe selection, marketing experience, pleasing food combinations, and accurate management of time.

In addition to supplementing the home economics courses, food demonstration helps develop confident, poised leaders who communicate more effectively.

A climactic feature of the course is the giving of a forty-five minute lecture demonstration by each member of the class. This culminates a carefully prepared course which helps to give each girl the assurance and confidence necessary for successful work in business or education.

She looked good enough to eat—with a little more dressing.

Two gentlemen consumed several quarts of bourbon during an evening. "It's kinda warm and I'm going to fly around a bit in the open spaces," said one of them, as he raised the third story window and took off.

Next day, when visited by his friend at the hospital, he mumbled through bandages: "Why didn't you stop me last night?"

"I should have," the friend nodded sorrowfully, "but last night I was sure you could do it."

## OPEN HOUSE FEATURES ENTERTAINMENT FOR ALL

"This Is Your Life"—in dance. For the past nine weeks, Miss Keturah Antim and her play ed class entitled "open house" have been working on dance routines for the bi-ennial open house. The class has prepared three numbers. The first is the Pajama Parade, a take-off on life in the dorms after 10:30 p.m. Dancers in this number are: Carl Bilby, Beaty Meyers, Bobette Mulock, Jane Thompson, Sharon Zobel, Barbara Pratt, Kay Blum, Sarah Ness, Mary Lou Strutzel, Mary Ruhland, Ruth Schlegel, and Ava Walden.

A reminder of Sadie Hawkins week will be the theme of Dogpatch Week. Al Capp's familiar characters and a few of Stout's originals will be garbed appropriately. Lil Abner will be portrayed by Barbara Harms, while Bette Zander will be Daisy Mae. Mammy and Pappy Yokum are Margaret Shattuck and Bev Lesochier respectively. Pat Rogers will play the part of Moonbeam McSwine while Audrey Schroeder takes on the character of Young Eddie McSkunk. Tobacco Rhoda and One-Fault Jones will be played by Alice Stutz and Nancy Fenner. No Dogpatch picture would be complete without schmoo. Stout's schmoo will be Sandy Sjoggerud and Mary Ellen Markgren. Gloria, Walstad will portray the Wolf Gal and Diane Davis the wolf. Ardelle Dregne will be Maryin Sam, and Ann LaVaque has the part of Minnie Mustache.

A sports parade will also be included in the program as representative of the sports Stout girls can participate in. Coming on stage to the tune of "Stout Hearted Men" will be: Maryann Sharkey—field hockey; Doty Grundmann—skiing; Patty Jo Hovde—ice skating; Teresa Horkan—basketball; Shirley Johnson—golf; Jeanine Blank—lifesaving; Deanna Gryzbowski—beginning swimming; Jean Machel—bicycling; Alice Weltzin—tennis; Kathryn Anderson—bowling; Claudia Danielson—archery; Sandra Millar—badminton; Jean Goehring—cheerleading.

The shows will be given at 9:30 a.m. and 1:30 p.m. on both Friday, March 29 and Saturday, March 30.

## ALPHA SIGMA ALPHA RECORDS HISTORY AND HIGHLIGHTS FOR HOME ECONOMICS OPEN HOUSE

Alpha Sigma Alpha, a national social sorority founded in 1903 at Longwood College, Farmville, Virginia, has been on Stout's campus for the past five years. Before becoming affiliated with a national sorority, the group was a local sorority known as the SMA society. Alpha Sigma Alpha has as its goals to attain high standards, scholastically, spiritually, and socially. They also have as their goals to participate in all school activities, and to carry out a well-organized social program.

From start to finish the Alphas have had a busy year. To get off to a good start the members sponsored an all school mixer, the "Hermuda Blast," to which students wore Bermuda shorts and had much fun meeting and getting acquainted with new friends.

Two weeks later the Alphas held their fall rushing party and entertained prospective new members in "Alpha Sigma Alpha Paradise." Eleven girls later became the 1956 pledge class and began their sorority life with a busy homecoming week end. They entertained their alumnae at a homecoming breakfast Saturday morning and decorated a float for the homecoming parade. The Alphas were proud to have one of their sisters, Billie Jo Braker, on the homecoming court.

Heeln Miller, another Alpha sister, reigned as Rose Queen of the Sigma Tau Gamma fraternity's annual Rose formal.

One of the sorority's major activities is Church Sunday. The church of the month is decided according to a rotation schedule and the second Sunday of every month the Alpha attend church services as a group.

The Christmas season was a busy one too for the sorority. Alphas and their escorts enjoyed a dinner at Jean-ran's Supper Club before attending "An Old-Fashioned Christmas," a formal dance sponsored every December by the four sororities. The new members of Alpha Sigma Alpha and Sigma Sigma Alpha sororities planned a joint Christmas party for their active members—a party that was complete with entertainment, a visit from Santa Claus and nonsense gifts.

Christmas wouldn't be Christmas without caroling. The Alphas joined four other Greek organizations serenading patients at the Menomonie hospital. As part of the Alpha Sigma Alpha's philanthropic program the members prepared gifts for the patients at the Dunn County Hospital. The group presented their gifts while on a caroling visit to the hospital.

After Christmas vacation the Alphas were busy in a new rushing season and participating in the annual Winter Carnival. Four pledges joined Alpha Sigma Alpha and successfully helped their sisters defend their title of "Tug of War Champions" during the Winter Carnival. The Alpha helped make the campus more festive by building a Valentine snow carving. Nat Wick of Pearl City, Illinois, an Al-

pha sister, was a Winter Carnival snow princess.

Other social activities the girls took part in were the Intramural Basketball Tournament and Stunt Night. The Alphas won second prize on their stunt, "Great Day in the Morning," a story of the slaves in the South. The group will present their skit again in the Home Economics Club Talent Show.

At a recent meeting the Alphas elected their officers for the coming year. Joan Scheever of Preston, Minn. will preside as president; Betty Schomburg, Durand, Wis., is vice president; Glenn Harmonston, Menomonie, Wis., will act as secretary; Eleanor Weizin, Menomonie, Wis., will serve as treasurer.

Two weeks ago the Alphas enjoyed entertaining their national inspector, Mrs. Blackstone, for a week end visit. Mrs. Blackstone is affiliated with the Chicago alumnae office. Week end activities included a banquet, a model initiation service and meeting.

As the Alphas look ahead into April and May, they see a full calendar of activities, including the YWCA Mother-Daughter Banquet. The Alphas are planning a special program for their mothers before the banquet which will include the Mother-Patroness ceremony at which each girl will "pin" her mother.

A Saturday trip to Minneapolis is planned by the sorority to see the opera "La Traviata" in early May. Also in May the sophomores and juniors members plan a special program for their graduating sisters which they call the "Senior Hum." At a formal dinner dance, which is the climax to each school year, the Alpha sweetheart couple will be chosen and serenaded.

## DR. BARNARD PRESIDES AT AUDIO-VISUAL MEET

Presiding officer for the business meeting and a meeting of the board of directors at the spring conference of the Wisconsin Department of Audio-Visual Instruction will be Dr. David Barnard, president of that organization and director of the audio-visual center at Stout state college.

The conference is being held in Madison on March 29 and will attract audio-visual specialists and consultants from throughout the state. The Wisconsin Department is an affiliate of the Department of Audio-Visual Instruction of the National Education Association.

Nationally-known speakers in the audio-visual field who will address the conference gatherings include Charles Crakes, DeVry Technical Institute; Adrian TerLow, Eastman Kodak Co.; and Ellsworth Dent, Coronet Films.

## NEWS OF OUR ALUMNI

Thomas G. Sievers, B.S. 1915, is assistant principal of the Manual high school in Denver, Colorado. He is a member of the Lakewood Country Golf Club, vice president of the Denver public school credit union, and chairman of the high school athletic board of control. Mr. Sievers attended the A.V.A. in 1955.

Harry S. Worden, B.S. 1945, his wife and two daughters are residing at 17080 Jersey St., Granada Hills, California. Harry is liaison engineer for North American Aviation in Los Angeles. Previously he taught school for three years. His wife, nee Dorothy Norenberg, B.S. 1945, has worked for six years, teaching and training director in a department store. At the present time, she is busy as a homemaker.

Jane M. Cole, B.S. 1937, is a home demonstration agent in Worcester County in Maryland. She has recently acquired a secretary and new offices. Jane has attended the extension summer school in Madison, Wisconsin, and the National Home Economics convention in Minneapolis, Minnesota.

Richard J. Herzing, B.S. 1949, is teaching general metals; welding, forging, and bench metal. He is planning to participate in a welding conference in San Jose, California soon. Richard is president of the Monroe Park Improvement Association, teaches adult school, and is an active beekeeper and gardener.

An alumnus of Stout state college now teaching at Washington Park high school in Racine, John Woolley, B.S. 1951, has just supervised what may be the first high school newspaper edition to contain a "cut" created by the three color process.

Printed in the "Park Beacon" paper, the color cut shows members of the graphic arts club at Washington Park high school experimenting with color printing.

The accomplishment is all the more unusual when one considers that Woolley's students have only a hand-fed press with which to work. In re-running the page to include the three colors, it was necessary for the student printers to make a total of 9,000 impressions.

A graduate of Stout state college, Dr. G. Harold Silvius, B.S. 1930, has recently been named editor for industrial arts of the American Vocational field of Journal, national publication in the field of vocational education.

Dr. Silvius is also professor and chairman of industrial education at Wayne university. He has written 22 professional magazine articles and is co-author of 11 textbooks.

Before joining the faculty of Wayne university, Dr. Silvius taught in the Detroit school system for 12 years. He has held many important positions in industrial education organizations and

on the editorial staffs of publications in that field.

At present he is serving as the Northeastern regional vice president for the Stout alumni association.

William E. Lovell, Dip. 1915, of Oak Park, Illinois, passed away on October 25, 1956.

Harry Jackson, Dip. 1907, died on December 4, 1956 in Yokena, Mississippi.

Recently addressing the graduating class of the vocational department of city schools and Leigh Memorial Hospital school of practical nursing at Norfolk, Virginia, was a Stout state college alumnus and former Menomonic resident, George E. Sandvig. He earned his bachelor of science in industrial education at Stout in 1931.

Sandvig is now supervisor of trade and industrial education in the Virginia state department of education. Before taking that position he was director of vocational and adult education for Greensboro, N.C. He served as visiting professor of industrial education at summer sessions of North Carolina state college and the Virginia Polytechnic Institute.

Co-author of a new industrial education textbook, "Contemporary Metal Home Furnishings," is an alumnus of Stout state college, Dr. Donald G. Lux, now assistant professor of industrial education at the University of Illinois. Lux earned his bachelor of science at Stout in 1949 and his master of science here in 1952.

Collaborating with D. Lux is Edward R. Towers, assistant professor of education at Ohio state university. Objective of the book is to provide a basic publication for students and home craftsmen which contains all necessary directions for anyone with a minimum of equipment and experience to produce 58 beautiful metal furnishings at low cost.

Dr. Lux sent to Dr. Verne C. Fryklund, president of Stout state college, a personally autographed copy of one of the first books off the press.

Bert Moline, B.S. 1954, is head of the department of physical education at Park Ridge, Illinois, with eight schools in the second largest school district in the Cook County school district. He is also owner and manager of the "Afterglow Cabins" at Phelps, Wis. Using the knowledge he gained at Stout, he finished one duplex that he developed at Stout, has another that will be finished in August, and another that he hopes to finish in September. He also has designed another building of which he is an overseer. After the cottages are finished there will come a new home. He made a beautiful topographical model of his resort while in Mr. Siefert's classes at Stout for the purpose of advertising. He states that he hasn't used the model to the best of its ability as yet, since the abundance of deposits eliminates the need for advertising. He now resides at 6651 Keota, Chicago 30, Illinois.

**JOHNSON'S STANDARD SERVICE**

Busily discussing plans for open house are the five students pictured above. They are among the many Stout coeds who were instrumental in planning for the 2,000 visitors who are on campus today. Pictured from left to right are Frances Ginter, Barbara Williams, Rhea Van Vleet, Carol Kinnee, and Barbara Clark.

## THIRTY SENIORS BEGIN TEACHING OFF CAMPUS

March 18, thirty of Stout's senior girls began student teaching at high schools around the state. They are as follows: Mary K. Kennedy and Marilee Cate at Amery, LaVonne Mattson and Joan Marquart at Baldwin, Mary Ann Urbanz and Marilyn Berkseth at Frederic, Joan Morneau and Barbara Premo at Glenwood City, Aileen Shinabarger, Nathalie Wick, Rhea Van Vleet, and Adaline Boche at Medford, Flora Spinti and Margaret Apel at Mondovi, Helen Anderson and Shirley Bournoville at Neillsville, Lois Onsrud and Alice Yamamoto at Onalaska, Diane Darcy and Helen Miller at Rice Lake, Edith Shaw and Mary Jane Dunkelberger at Schofield, Kathleen Ott and Judy Goehring at Spring Valley, Andre Jost and Della Medin at Stratford, and Jeanne Crichton and Carol Kasper at Viroqua.

### DELTA ZETA . . .

Zeta enjoys an enviable reputation nationally because of its many contributions to the educational and social development of its members. All of us at Stout extend "Best Wishes" for the success of this worthwhile enterprise.

Delta Zeta, founded on October 24, 1902, at Miami University, Oxford, Ohio, was the first sorority on the campus which is frequently referred to as "the Mother of Fraternities."

The sorority's national philanthropic program, "Adventures in Friendship," includes assisting in the work being done by Gallaudet College, Washington, D.C., the only college in the world devoted entirely to the needs, instruction, and training of young people who are deaf.

Many Delta Zeta chapters throughout the United States purchase aids for underprivileged children, provide audiometers and technical equipment, give scholarships to students specializing in audiology and allied fields, and assist in speech clinics. A scholarship of \$500 is awarded annually to a qualified student who wishes to continue study in audiology or an allied field.

Delta Zeta has 122 college chapters, 136 alumnae chapters, and 59 mothers' clubs. Its total membership as of July 31, 1956, was 28,083. The new Stout chapter will be the fifth Delta Zeta chapter in Wisconsin. Other chapters are located at the University of Wisconsin, Carroll college, Whitewater state college, and Eau Claire state college.

## MAP-PRESENTED PLAY IS SUCCESS HERE

Emlyn Williams' **A MURDER HAS BEEN ARRANGED** was presented by the Stout State College Manual Arts Players for three nights last week, March 20, 21, and 22.

The stage of the St. James Theater in London created the eerie atmosphere for this mystery story. The plot was centered around Sir Charles Jasper, an eccentric man who has a leaning to mysticism. Besides being a play of absorbing interest, **A MURDER HAS BEEN ARRANGED**, was blessed with that rare and precious quality known as originality. This was evident in the colorful, extravagant, inordinate costuming which made this play one of the most outstanding ones ever produced by this group.

This well-produced play was under the direction of Dr. Lorna Lengfeld and two assistant directors, Lee Lybeck and Bette Zander. The talented and hardworking cast of **A MURDER HAS BEEN ARRANGED** included Gerald Howard as Sir Charles Jasper; Gene Ender, the missing nephew, Maurice Mullins; Corrine Nelson, Miss Groze; Kenneth Held, Cavendish; Paul Paulson, Jimmy North; Donna Paul, Mrs. Wragg; Gloria Zitlow, Beatrice; Betty Havlik; Mrs. Arthur; and Ellen Steinhoff, a woman. The orchestra which supplied light music for the play was under the direction of Dr. Edfield Odegard.

## MOTHER AND DAUGHTER BANQUET WILL BE HELD

The annual Mother-Daughter banquet, sponsored by the YWCA, will be given on Saturday, April 6, at 5:30 p.m. at Peace Lutheran Church. The chairman of this year's banquet is Joan Wonoski.

Decorations will be built around the theme "Fashion Festival," and the speaker will be one of the foreign students on campus.

The menu includes roast beef, mashed potatoes and gravy, green beans, cranberry salad, relishes, rolls, beverage, and angel food cake with lemon topping.

Tickets are \$1.75, available in Harvey Hall. There will be seating capacity for 280. As that of last year, a capacity crowd is expected.

## PALLAS ATHENE SPONSORS MANY CAMPUS EVENTS

Pallas Athene sorority was founded on the Stout campus on February 14, 1935. The sorority has its origin in Greek mythology with the purpose of furthering scholarship, providing social opportunities, and promoting wisdom and friendship.

The group can be recognized on campus each Thursday by the white sweaters and red roses that they wear. The Pallas Athene pin is a gold P superimposed upon an A. The president's pin is encrusted with pearls that stand for purity and a red ruby that signifies courage.

Each fall the group meets at a breakfast at Riverside Park. That activity is the beginning of a successful social year.

Soon it was time for rushing parties. Another successful visit was made to PA land by active members and rushees in the Harvey Memorial. "Alice," in the person of president Kay Kennedy, and "Mr. Rabbit," Marilee Cate, led the wonderful tour. Huge playing card murals of wonderland characters were made for atmosphere.

A pledge party followed with sixteen rushees pledging Pallas Athene sorority. The ceremony took place at the library.

The year moved on with homecoming and floats. One of the members submitted the winning theme, Betty Havlik, a junior was crowned Homecoming Queen. A banquet was held for returning alumnae, and many other activities were carried out by the group that week end.

A trip to Minneapolis followed Homecoming. Members attended the play, "The Lark." A Thanksgiving dinner was held later in the month.

Another must each year is the annual "Sardine Party," given by the pledges for the active members of Pallas Athene. Skits, duties, singing, and lunch provided an action-packed evening. The decorations were especially interesting.

In a beautiful initiation ceremony later in the year, pledges become PAs in full. Formals also come out of boxes for the Panhellenic Ball, highlight of the holiday season. The Stout gym was turned into a wonderland that looked like an old fashioned Christmas. A huge silver bell swung back and forth, mingling with tinsel and balls of mistletoe.

The Christmas spirit, bright wrappings, holly, and gifts combined to start the holiday happily when Santa's helpers undertook a social service project of packing boxes for two needy Menomonic families. Then first semester was over.

The second semester rivaled the first in activity. FOB Stunt Night provided a chance for fun in working up an original skit. Founder's Day was observed by a dinner and serenading. A pre-Easter sale of copper enameled jewelry made by sorority members is the next activity before the Easter holidays. The May Day Tea sponsored by Pallas Athene for the entire college is an activity that will take place immediately after Easter. The PA Dinner Dance is always a long-awaited event. At this party, the girls wear formals and their dates don their best garb. Then a gala evening of dinner and dancing is in store. The Senior Dinner provides an opportunity to look back over years spent at Stout. Perhaps there is a little sadness that those years are over, but the PAs are always enthusiastically conjuring up plans for another year to come.

## 'S' CLUB TO PRESENT SHOW AT NEXT CONVO

Next Wednesday morning, the "S" club will present a treat to the student body of Stout at the 9:30 a.m. convocation. The treat? It will consist of sports movies.

However, these are not just ordinary movies on an ordinary subject, but instead, they are the filming of games played by Wisconsin's two great teams, the Green Bay Packers of professional football fame and the Milwaukee Braves, of baseball glory.

Earl Gillespie will narrate the Braves' film which highlights from last season's pennant drive that saw the Braves lose out to the Brooklyn Dodgers. The Packer film is a summary of the last six games of their 1956 season.

All in all, the "S" club promises 60 full minutes of film, so get there early and be sure to get a seat. Give this function your wholehearted support!

## MAT SHOW PRESENTED BY BLUEDEVILS

Last Tuesday night, the "S" club sponsored a boxing and wrestling show in the small gym. This was perhaps the best taste of college wrestling that this area has seen in a long time. Coupled with these mat matches were a judo show and a blindfolded boxing bout.

In the wrestling performances, Dennis Mickish pinned Terry Reetz in the 145 pound class, Gill Feller pinned Albert Kahalekulu in the 165 pound division; Al Finnell won by default in the 177 pound class when Jerry Koskinen developed a charley horse; and Dick Tepp pinned Bill Doane in the heavyweight class.

In a judo show that developed into a one-man team, Ernie Oyama put on a demonstration of skill that has seldom been seen in these parts. Anyone who missed this show can be sure that they have missed the boat but good.

The blindfolded boxing match was developed into the craziest, most mixed up match ever. Tom Tsugi and Jann Peterson teamed up against Bill Gannon and Jim Nadeau. Each boxer was blindfolded and given one glove. Then each was handed a tin can with a rock in it. The idea was for each man to get down on his knees and rattle the cans in order to locate his opponent. However, two "S" club members with gloves on the end of long poles were standing on the outside of the ring. Each boxer would then be prodded into fighting a stick if he wasn't boxing with someone.

All in all, one of the finest sport shows of the year was enjoyed by all in attendance. However, for all the time and effort put into the staging of this event, not enough student interest was aroused. It's too bad that something as worthwhile as all this was did not have better attendance.

## OPERA ATTENDANCE IS OFFERED IN TWIN CITIES

If you are interested, you can hear and see the real New York Metropolitan Opera in Minneapolis May 17, 18, or 19.

If orders are assembled and sent on April 5, our order will be filled on April 8, the same day that tickets go on sale in the Twin Cities. This gives some preference to orders sent in early.

Tickets range in price from \$3.00 to 7.50. Some of the students are thinking of having an "opera party" on Friday evening, May 17, to the La Perichole. The only thing that must be taken care of soon is ordering of tickets. Arrangements for transportation can be made later. If about 25 people go, a bus will be chartered for the evening.

Talk to Betty Havlik or Miss Amon if you are interested.

Shown above are the National league all-stars of the intramural basketball program. They lost the all-star game to the American league last week. From left to right, they are, first row — Wally Metling, Dick Vogtsberger, and Dave Kudebob; second row — Roger Zumbrie, Cliff Aderholt, Jim O'Bryon, Bill Ott, Trueman Felton, Eugene Battist, and George McGuire.

## ALPHA SIG, DK GRUDGE GAME IS TUESDAY

Tuesday, April 2, the second annual ball game will be played between Alpha Sigma Alpha sorority and Delta Kappa fraternity in the high school gym. Last year's "game," which was won by the "weaker sex" will be remembered for its many humorous incidents, many of which promise to be repeated, plus a few more.

According to current listings, the DKs will feebly attempt to upset the Alpha Sigs with such "all star" starters as Coit "Boysenring Bold" Jones, Eugene "Hooker" Btattist, Mux "El Peso" Clark, and Dick "Remeo" Krenz. The Alpha Sigs promise to retaliate with such beauties as "Floar Burns" Brackett, "Charlie Chicken" Lohr, Gloria "Goda" Walstad and "Tex Langhorn" Buck. Vicky (Alpha Sig) and Bill (DK) Daehling are expected to add extra spice to the rivalry.

A special attraction will be Ike Isaacson featuring his "stinking" trombone (borrowed from Les "Cutie" Sagstetter) with the Rootin Tooters (a band).

Game time is 8:00 with a special warm up at 7:45. Admission is 25 cents. Don't miss the fun! Get your tickets early!

## HORSESHOE PITCHING SEASON STARTS

The spring intramural plans have been expanded to include horseshoe throwing. The activity has been divided into three divisions for A. Men's singles; B. Men's doubles, and C. Mixed doubles. The dates and rules for the contests have not been drawn up, but they will be released at a later date by the directors of spring intramurals. Those persons interested in participating in the horseshoe throwing contests, sign your name on the form on the sports bulletin board in the Physical Education building.

## 1957 PIGSKIN SCHEDULE RELEASED YESTERDAY

The athletic department of Stout recently released the football schedule for the forthcoming season. In 1957 the Bluedevils will have eight contests, four of which will be home games and four will be road games.

## GRAPHIC ARTS FORUM STAGED HERE BY S.T.S.

Presentation of "The Advertising Production Forum" highlighted the evening of the annual banquet of the Stout Typographical Society last Wednesday, March 20.

The forum was presented by Mr. Lloyd Nelson, assisted by Mr. Roy Halderson, through the use of slides and tape recording.

Thorough was the word for the production as it took the four major areas of advertising production and broke them down into the numerous steps required in the process.

Steps covered were types of printing, layout and design, half-tone printing and various types of bindery.

Mr. Nelson and Mr. Halderson both have impressive backgrounds in the printing field. Nelson is a graduate of the U. of Minnesota where he was the editor of the university's daily paper for four years. Both men were formerly connected with the Bureau of Engraving in Minneapolis.

We invite students to use our convenient "Pay-by-Month." \$75 and Up

## FREE THROW CONTEST FINISHES CAGE SEASON

The directors of the winter intramural activities have planned a final test of skill for all those interested in basketball. They have scheduled a free throw contest in the small gym at Stout. The contest is to be held on Wednesday, April 3, from 5:00 to 8:00 p.m. Each contestant will shoot twenty shots, ten at each of the two baskets in the gym, and the person with the most shots made will be the winner. Graduate students and members of this year's varsity basketball team are not eligible. Those who are interested in entering the contest, see the sports bulletin board in the physical education building for further information.

Bill Erpenbach, junior, newly chosen editor of the Stoutonia, and Alice Weltzin, sophomore, associate editor for the coming year, are shown as they prepare a layout for this week's paper.

## STOUTONIA EDITOR AND ASSOCIATE TAKE OVER

**Bill Erpenbach Takes Over Editorship; Alice Weltzin Chosen Associate Editor**

Chosen as editor of the Stoutonia, the Stout school paper, is Bill Erpenbach, a junior from Clarendon Hills, Illinois. Appointed as assistant editor is Alice Weltzin, a sophomore from Menomonie, Wisconsin. To assume the duties of business manager is Jim Traxel, a junior from Marinette, Wisconsin.

Bill attended school in Honolulu, Hawaii, but graduated from George Mason high school in Falls Church, Virginia. He has had varied experience in the journalism field which qualified him for this recently accepted position. While a freshman on the Stout campus, he served as a reporter, copy reader, and was sports editor of the Stoutonia. He has acted as associate editor of the paper for the last year. Bill is also active in Sigma Tau Gamma fraternity, "S" Club, Varsity baseball, intramurals and student government.

Serving as editor of the Menomonie high school paper, reporting on many phases of Stout campus activities for the Stoutonia, proof reading, and copyreading, has given Alice Weltzin the qualifications to accept the associate editor's position on the Stoutonia for the coming year. Alice belongs to Tri Sigma sorority, Home Economics Club, and LSA.

A varied background of work on the Stoutonia qualified Jim Traxel for the position of business manager. A printing major at Stout, Jim has been on the Stoutonia staff since he was a freshman. He has reported, proofread, copyread, and for the past two years has been circulation manager of the paper. Jim is vice president of STS.

The retiring editor is Jermaine Folkman from Bonduel, Wisconsin. She is to be commended on an excellent school paper during the past year.

### PLANS RELEASED FOR A NEW BELL IN TOWER

Many persons on the campus of Stout state college and in the community have noticed that the clock in the Stout tower has not been running. They realize, of course, that the tower bell—cracked many years ago by sledgehammer blows during a victory celebration—will never ring again.

But what many people don't know is that extensive renovation and re-equipping of the clock-bell tower are well into the planning stages. Such a complex undertaking, however, first requires careful study and then a definite schedule of procedure, and, of course, no tax funds can be used for a project of this kind.

A basic task will be removal from the tower of some of its obsolete 1897 equipment. The 7000 pound bell will be detached from its supports and lowered 140 feet to the ground. In its place the college will install a \$5,000 carillon, whose music will be heard throughout the community.

That fact that no tax will be used for the purchase and installation of the new carillon is stressed by Dr. Verne C. Fryklund, president of Stout:

"This new cultural addition to our community will not be bought with tax funds or other legislative appropriation. Instead, the necessary money is being contributed and as soon as the final \$500 is subscribed, we shall go ahead with the installation."

The carillon will be played either from mechanical rolls or, on special occasions, from a manual keyboard to be located in the former generator room of Bowman Hall. Instead of cumbersome bells, the instrument will create its music by means of electronically-amplified tubes, in the same manner as is done on the campus of the University of Minnesota.

The present compressed air mechanism which controls the large tower clock is beyond repair after nearly 60 years of operation. It is hoped that portions of the old air impulse mechanism can be converted into a more simple and efficient electric installation, providing uninterrupted correct time. However, study of this possibility is still underway.

The college will then spend \$700 to replace entirely the face of the tower clock, badly damaged by over half a century of wind and storm. If the electrical conversion is possible, then the completely renovated, lighted, accurate clock will again provide correct time to Menomonie as it has done for so many years.

### "S" CLUB HOLDS CARNIVAL HERE TOMORROW

Tomorrow, April 13, is the big day for the "S" Club carnival to be held in the little gym from noon until 4 p.m. Fraternities, sororities, and clubs each will have a booth. Just as in a big carnival, students will have a chance to try their luck with basketballs, pennies, darts and many other games.

The carnival is sponsored by the "S" Club, but many organizations will have a booth. The purpose of the carnival is to give the students a chance to get to know the organizations better. It's all for fun, so let's go!

### STOUTONIA STAFF OFF ON ANNUAL FIELD TRIP

The Stoutonia staff will take a leave of absence on Tuesday, April 16, 1957. The purpose of the leave is a field trip to Minneapolis and St. Paul's printing and publishing firms.

The staff will visit the Minneapolis Star Journal newspaper first. Here they will see how the news is collected, processed, printed, and then distributed.

Then, time will be taken out at this point for each member to have lunch before starting the second tour.

A tour of KSTP-TV is also on the agenda. The purpose of this tour will be to help the group to better understand the radio and television aspect of the news gathering and distributing business.

Upon completion of the tours, the group will return to Menomonie.

### NEWMAN CLUB OBTAINS CLUB CENTER IN CITY

It is one of the main objectives of the National Newman Federation to establish a Newman Center on each of the secular campuses. With this view in mind, the Newman Club at Stout state college has founded a Newman Center. Their center, which is in the organization stage, will be the hub of all Newman Club activities.

Work meetings held in the center have produced a fine paint job, and a sense of cooperation through the group.

Soon the Catholic books, now on reserve at the library, will be moved to the center where they will be made accessible to the students. All of the books in the library were donated by patrons of the Newman Society.

### NOTICE!

The 400 will stop at Menomonie Junction Friday, April 19. Arrangements for buses will be made as usual for those interested in taking the 400. Buses leave from the Circle and Tainter Hall. The 400 will stop on return, April 28, at 5:36 p.m., Central Standard Time.

However, two changes must be noted.

1. We will be on Daylight Saving Time by April 28.
2. Train operates on Central Standard Time, leaving Chicago at 12:15 noon, CST.

Please note these changes!

### EPT HELD INITIATION HERE FOR NEW MEMBERS

Initiation for nineteen new members into Epsilon Pi Tau, the honorary fraternity on campus, took place recently. The new members satisfactorily completed the oral exam prior to being initiated.

The formal initiation ceremony was conducted in the club room in the physical education building. Following the formal initiation ceremony, the fraternity gathered at the Hotel Marion for the initiation banquet.

Jerome Wolf, president of the fraternity, was toastmaster at the banquet proceedings. Dr. John A. Jarvis, dean of industrial education and a faculty trustee for Epsilon Pi Tau, welcomed the new members into the fraternity. Vernon Draxler represented the new members in responding to Dr. Jarvis' welcome. New members were presented with keys, membership cards, and certificates during the proceedings. Dr. Thomas Fleming, English professor at Stout, addressed the fraternity with an inspiring message concerning "Possibilities, Procedures, and Rewards in Writing Feature Articles."

The new members of Epsilon Pi Tau are Maynard Bjork, Roger Brennan, Dennis Darling, Ken Dickie, Vernon Draxler, Henry Gussel, Donald Hoffman, John Kasten, William Lantta, Conrad Mlynarek, Thomas Munro, Jack Oman, Thomas Pagel, Friedrich Reuter, Jerald Schoenike, Gregory Trzebiatowski, Thomas Tsuji, Malcolm Tuve, and Vachovas Vaitkevicius.

The members of the initiation team were John A. Jarvis, Philip Ruehl, Robert Swanson, Gene Bocek, Roy Eckes, Joseph Koch, Curtis Phillips, and Jerome Wolf.

Twice each school term, Epsilon Pi Tau elects and initiates new members into the fraternity.

### SYNCHRONIZED SWIM SHOW IS SATURDAY

At 8:00 p.m., April 13 and 14, it will be "Anchors Aweigh!" as the Stout Synchronized Swimmers take you on a musical water trip around the world.

For several months, the members of the organization have been diligently working at co-ordinating the stunts and strokes they have learned with records. The result is a water spectacle which students and faculty will certainly enjoy.

The third production of this type to be put on by the group in the four years it has existed on campus, promises to be an unusual type of entertainment which everyone will want to see. The theme of the show is based on the sights in many countries of the world, as seen by three sailors on their travels.

An admission charge of a mere fifty pennies (a fifty cent coin will do) will let you travel with the adventuresome three. This trio will bring the many sights of the world to Stout state's pool.

So hurry, get your tickets, and remember the dates. Be sure that you are one of the many in attendance on performance nights. Give this function your support!

### LIBRARY HOURS INVESTIGATED BY SSA VEEP

The Stout Student Association Governing Board sent a representative, Ralph Stevens, to find out the possibilities of opening the library during convocations, before lyceums, Saturday afternoons, and part of the time on Sunday.

In talking with the librarians, he found that Stout's library was open far more hours than any other state college library in Wisconsin and also that the staff was working all these hours with a limited number due to the lack of funds from the school.

The library now, is operating 70 1/2 hours per week, while the next closest is 66 5/6 hours. Stout state college is open longer hours on Saturday and is one of the three state college libraries which is open during supper hour.

In talking with Miss Bentley and President Fryklund about the matter, Ralph found that from now on, the library will be open on lyceum nights until 7:30 p.m. and also that the matter of opening the library during convocations will be looked into.

We would like to thank the library staff for all they have done. Their cooperation has been unexpressable because of the fact that they are working on a very limited budget, limited personnel, and putting as much time into the library for the students as they do. Let's cooperate with them and let them know we appreciate it!

### WEATHER BIRD

"Clear skies should be with us through the week end," said the bird this morning, "with continued cold temperatures in evidence until Sunday."

Cold temperatures experienced during the past few days have been due to an arctic cold air mass which kicked off cold "March" winds.

The weatherbird looks for spring weather to reach us in the early part of next week.

Pictured above are the winners of the governing board election. They are, from left to right, front row — Barb Hartig and Loretta Sletten; second row — David Soderberg, Bob Dahlke, and Bob Gussel. Not pictured is Dorothy Grundmann.

### GOVERNING BOARD ELECTION RESULTS ARE ANNOUNCED FOR 1957-58 SCHOOL YEAR

On Thursday, April 4, class representative elections for the Student Governing Board were held in Harvey Hall between the hours of 10:30 and 4:00. Approximately one-fourth of the student body participated in this election, which incidentally was the very lowest participation in the history of Stout.

The students chose two out of the four qualified candidates running, and

they are as follows:

**Freshman class:**  
Dorothy Grundmann  
David Soderberg

**Sophomore class:**  
Robert Gussel  
Loretta Sletten

**Junior class:**  
Barbara Hartig  
Robert Dahlke

Congratulations from all the students to our new SSA representatives!

**FROM THE EDITOR'S DESK**

*Keep your boots off the roots!*

Do any old-timers on campus remember that slogan of a few years ago? Well, it had a definite purpose and served that purpose very adequately.

At that time, Stout had just closed streets intersecting the campus. However, students taking short cuts between buildings started paths that would soon have ruined the very little greensward which the college had available. Through editorials, news briefs, announcements, and signs, the cooperation of students and faculty was quickly enlisted, and the worn spots disappeared.

With spring finally arriving this year, a few reminders on sidewalk courtesy again seem to be in order. Cutting across corners breaks off new grass roots and leaves muddy areas which will disfigure the campus for the rest of the year. Short cuts on fresh spring grass will mean ugly, sun-bleached paths this summer.

Perhaps the campus area in greatest danger of disfigurement lies between the old gym and the library building. Here a "short cut" has already begun which, if continued, will leave a jagged brown strip across the lawn. In spite of watering and re-seeding, such a strip remains an eyesore all summer.

So, everyone at Stout is asked to cooperate in "Keeping Our Campus Green." Avoidance of cutting corners on the sidewalks, of wearing new paths between buildings or walks, of taking short cuts, will mean a neater, fresher campus for Stout state college, now and all summer long.

**CLUB NEWS**

At a regular meeting, the FOIBs elected their new officers for next year. They are president, Steve Butz; vice president, Frank Burdick; secretary, Wayne Plucken; treasurer, Mike Brennan; sergeant at arms, John Kokek; historian, Harry Proctor; reporter, David Schouber; and alumni secretary, Roy Van Dreiser.

In the annual FOB-Phi Sig grudge game, Coach Phil Bachmeyer's rugged crew whipped the equally rugged Phi Sig team 66-38.

After weeks of memorizing, studying and worrying, pledges of Delta Zeta took their final examination last Wednesday night. Ceremonies of initiation will begin tonight with an all chapter meeting at 7:00 in Harvey Memorial. Guest at this meeting will be some of the members of the National Council and the Gamma chapter from the University of Minnesota.

The LSA met at Peace Lutheran church March 31, at 4:30 p.m.

The point of business was the election of new officers for the coming year. The new officers who will be serving for the coming year are: president, Beverly Duerkop; vice president, Ed Birch; secretary, Carol Barber; treasurer, Bob Gussell; corresponding secretary, Arlene Skar; worship, Dennis Darling; food, Bob Dahlke and Dawn Johnson; recreation, Judith Berget; music, Opal Burton; and publicity, Eilwyn Hendrickson.

Following election of officers, Pastor Leschensky led a discussion on "Marriage Counseling." The third and final discussion in this series will be held Sunday, April 14, at Our Savior's church. All interested persons are invited to attend.

The Alpha Kappa chapter of Sigma Tau Gamma held their regularly scheduled meeting at 7 o'clock Thursday evening, March 28, in the Stout library. The general business was the election of officers for the coming year. Officers elected were president, Darrell Ebert; vice president, Don Hoffman; treasurer, Al Finnell; secretary, John Kasten; sentinel, Rodger Kerstner; chaplain, Richard Digon; corresponding secretary, Gary Penn; historian, Tom Rosenthal; and reporter, John Moore.

Members of Phi Sigma Epsilon recently serenaded the girls pinned by their brothers, Ken Wittig and Bob Krogie. The girls, Loretta Sletlin and Marlene Dowdle, respectively, were the first to be serenaded with the new sweetheart song. The serenading is a tradition of the Phi Sigs in tribute to all girls pinned by fraternity brothers.

The Phi Sig chorus made its first appearance before the student body at the Home Economics club talent show. The Phi Sigs wish to give special credit to Mr. George Soderberg for his enduring patience through the past few weeks.

The April 4 meeting of Alpha Sigma Alpha was held in the Tainter Hall classroom. The delegates to the State Day in La Grange, Illinois, Bunny Becker, Pauline Rosenfield, and Alice Marshall, gave an account of the convention and their visit to China Town in Chicago.

Barb Hartig and Jane Thompson were elected as the delegates to the new SSA social committee.

The meeting closed with a final decision to purchase "mugs" as dinner dance favors.

April 6, Mother-Daughter Day, they entertained their mothers at a sorority luncheon. A Mother-Patrons ceremony was held in which they "pinned" their mothers as an official recognition that their daughters are members of a national sorority. The mothers were presented with miniature pearl pins, representing the ASA crest.

The Newman Club has had a busy time renovating the Newman Center which was given to them. The large basement room now being used by the group will double as a meeting room and library.

A work meeting was held in place of the regular Tuesday night meeting. At this work meeting the walls were dusted down, filled in, and painted. The group also cleaned the floor and sorted out supplies given to the Center.

Plans are now completed for the Mankato Convention. Ten members will attend the convention. It will be held April 26-28 on the Mankato campus. Merle La Bonte is the Mr. Newmanite candidate while Ann Janda is the Miss Newmanite candidate. They will compete for the Providence title.

**SCHOLARSHIP OFFERED FOR SOPHOMORE GIRL**

The Menomonie chapter of the American Association of University Women is awarding a scholarship equal to one semester's fees to a next year's sophomore girl.

The scholarship shall be given to a girl who is a resident of Wisconsin, has completed one year at Stout and plans to continue at Stout carrying the regular curriculum. Among the qualifications considered are a minimum of 2.0 grade-point average, desirable personal qualities and need for financial assistance.

The committee for selection of candidates includes Dean Kirk, Miss Van Ness and Mrs. Rachel Young. Blanks for application are available in Dean Kirk's office and must be filled in and returned by April 19.

**CLUB NEWS**

Gamma Delta will meet Sunday, April 14, at 5:00 p.m. for a pizza party. Groups of four will work together to make their own pizza, with the help of Carol Frank and Ruth Ann Stratman, who are the food chairmen. Nancy Gabert is in charge of publicity. Entertainment will be provided under the direction of Joan Woneski and Jermaine Folkman. Everyone is invited to attend.

Installation of officers will be the highlight of the next meeting of the 4-H Club. The meeting will be held Tuesday, April 16, at 8:00 p.m. in room 10 of the library. The club's special guest will be Tom Larson, Dunn County 4-H agent.

Officers who will be installed at the meeting are as follows: president, Helen Froehlich; vice president, Ruth Olin; recording secretary, Marilyn Bangs; treasurer, Jean Sprain; publicity chairman, Pat Soldner; historian, Amanda Tummi; corresponding secretary, Ellen Bruce; program chairman, Carol Bibby; membership chairman, Rita Horlan.

All persons interested in 4-H work are invited to attend.

The Home Economics club talent show was held last Saturday night after the mother-daughter banquet. A capacity crowd of parents, students, and teachers attended the program.

The program, emceed by Steve Butz, consisted of eleven numbers, including selection by Phi Sigma Epsilon chorus, piano solo by Donna Enders, Alpha Sigma Alpha musical number, saxophone quartet, Hawaiian combo, FOH quartet, and a pantomime act by Le Roy Zwick and Kelly Keilher.

Lynwood Hall is going to have their annual banquet on the 16 of April. The banquet will be held at the Hotel Marion. The program will consist of a fine meal, some slides and a speaker. The speaker for this year's banquet is Dean Kirk.

The Sigma Sigma Sigma sorority held a business meeting in the audio visual room Thursday evening at 5:30 p.m.

Chairman of the Founders Day activities, Mary Ann Cerny, reported on the progress of the various plans for the day which was on April 11.

A movie of Tri Sigma National Convention at Estes Park, Colorado, last summer was enjoyed by all the members.

**CLUB REPORTER CONFERENCE IS READY NOW**

Are you ready, club reporters? April 20, in room 411 at 7:00 p.m. is the time for the conference with the club reporters and the Stoutian. The editor, Bill Eppelbaum, will be on hand along with Dr. Fleming and Mr. Whydotal, advisor.

The meeting is being planned with the emphasis on YOU. A reporter and the president from every campus organization are asked to attend the conference.

**PALLAS ATHENES TO HOLD EASTER SALE**

Wouldn't you like a big, nice, decorative Easter basket—one especially made up for some lucky Stout state college student? All you have to do to have the luck come your way is to buy a stick of gum from a Pallas Athene member before April 16. On this date at 4:30 p.m. a drawing for the basket will be made. This event will close the P.A. Easter Sale which will be held next week—Monday, April 15, and Tuesday, April 16—in Harvey Hall.

**CLUB NEWS**

A fluffy white cloud with rain drops decorated the entrance to Harvey Memorial last Wednesday when WRA held their annual spring tea.

The theme, "April Showers," was carried out in all decorations used. In the center of the serving table was a large umbrella filled with spring flowers, symbolizing lines from the song. Bette Zander designed and constructed the centerpiece.

Piano solos of spring music played by Stout coeds filled the atmospheric background. Punch, petti-fours, and nuts were served. Members of the organization acted as hostesses during the tea.

The Arts and Crafts Club held their annual spring elections and the following officers were elected: Gene Bo-check, president; Dick Matschig, vice president; Bob Morris, secretary; and Roger Wege, treasurer.

The club will hold their annual spring picnic on Wednesday, May 8.

This spring the following men were initiated into the Arts and Crafts club: Jack Oman, Don Gibbons, Afif Hajer, James Teske, and David Johnson.

### ARCHITECTURAL DRAFTING CLASSES AT STOUT HAVE SCALE MODELS DISPLAYED HERE

Through the years at Stout, many have seen little architectural house models displayed in various places on the campus. These are the products of Dr. J. Edgar Ray's architectural drafting class. This past quarter, eight men constructed one inch scale models from plans made in an earlier architectural class.

Dr. Ray has been connected with scale model houses since 1930. His first model was constructed of tin on a Sunday, and on Monday the shingles had fallen off.

This first model was the start of a long list of improvements and changes made to the models to help demonstrate drafting procedure, to cut down costs, and to satisfy the student's wishes. An example of the latter was the changing from solid models to partitioned models which show the inside functions as well as the outside profile.

The models are made of balsa wood because the students are used to working with it and it is easy to manipulate. One inch scale of one-quarter inch to the foot was decided to be the best in that detail can be achieved without sacrifice in size.

The student can learn several things from the making of a model. Different color schemes and furniture arrangements can be tried out and the model serves as a double check on the student's own plans to find mistakes in the design.

The instructor is able to show different types of design such as hip, gable, or flat roofs better than by any number of drawings. Using models and photographs the students can be thoroughly posted on what to look for in any individual style in several minutes.

The skills required are not difficult but accuracy is very important according to Dr. Ray. "One little detail out of scale will put the whole scheme out

of line because the eye is quick to detect these little discrepancies no matter how small. And if a photograph is made of the model, the camera is sure to bring it out in exaggerated detail. In taking a Kodachrome of a model, colors in the background, foliage, trees, grass and the house itself should be exact because here again the camera will surely pick up colors that have been put in the wrong place."

Dr. Ray plans to build a model of construction details and a plastic house. His reasons for these are that "model making is visual education and although a picture is worth a thousand words, the actual model is concrete and many of the students see things they are very apt to overlook when they are studying a picture. It is interesting to watch students see a picture of something that they actually know about, but when they can fondle a model of the pictured object, it is another story and means much more to them because it is in concrete form."

Eight scale models were exhibited in Harvey Hall the first week of the fourth quarter. The men who constructed them were on hand during their free time to answer any questions anyone might have had. There was a color rendering behind the models.

Anyone seeking more information on the subject might read an article published in the October issue of Industrial Arts and Vocational Education magazine in which Dr. Ray wrote on the subject.

Courtship is a probation period for either to decide whether they can do better.

While our Constitution guarantees the pursuit of happiness, it is up to us to catch up with it.

If she could only make up her mind like she does her face.

Girls engage diamonds as stepping stones to the altar.

A window washer should never step back to admire his work.

### HOME EC CLUB HOLDS MONTHLY MEETING

The March general meeting of the home economics club was held March 25th in the Stout auditorium.

Featured at this program was Mr. Robert Taylor, personnel manager of

the foods division of Marshall Fields in Chicago. Mr. Roberts talk consisted of informing the girls of Marshall Fields in general and then speaking directly about its food division. He said that in 1852 Marshall Fields was started, by Mr. Fields and a few other men, as a little dry-goods store off 8th Street. His store then was founded on the following principles which have remained and made the store the great success it is today: Purchases could be returned; The customer is always right; The store is more anxious to please the customer than anything else; It is the women's right to change their minds; Store personnel are always courteous to all; and articles are moderately priced.

In speaking of the foods division, Mr. Roberts had many interesting remarks to tell the girls. The restaurant division of Marshall Fields was started in 1890 and has progressed from a small tearoom to 12 restaurants in Chicago, serving 25,000 people a day. Last year seven million, nine hundred meals were served in these restaurants. There are better than 800 employees just in food work full time, and 300 part time. A series of 41 slides clarified his talk.

For an interesting job in foods, this work at Marshall Fields sounded like a wonderful opportunity.

Following Mr. Roberts talk, the business meeting was held and then installation of the new officers took place. The retiring President, Betty Friley, installed the incoming officers which are as follows: President, Rhea Van Vleet; Vice President, Beverly Duerkop; Secretary, Shirley Budde; Treasurer, Mary Hitesman; President Elect, Opal Burton; and Program chairman, Ardelle Dregne. A word of thanks was given to the outgoing officers for the splendid job they have done in the past. As the new officers took the pledge for office, the Home Ec. Club 1957-58 seemed to promise as much if not more success for the future.

Miss Clure and Rhea Van Vleet were Stout's delegates to the Chicago meeting and workshop for clubs over 100 in membership on March 28-30.

### CHI LAMBDA ELECT OFFICERS FOR 1957-58

New officers of the Chi Lambda fraternity were officially installed at the meeting of Thursday, March 28. John "Bud" Kleven, junior from Colfax, accepted the gavel from former vice president Richard Cheke. A junior from Milwaukee, Bruce King, took over duties of vice president and social chairman. Relieving Andrew Kurey of secretarial duties was James Cain, sophomore of West Concord, Minnesota.

Donald Gibbons handed the treasurer's books over to Gregory Trzebiatowski, sophomore from Almond. Last, but surely not least, Conrad Mlynarek handed a commendable historian's volume over to James Schlagenhaf, senior from Marshfield.

The first order of business for the new officers consisted of rounding out the social calendar of the fraternity for the coming year. It is announced at this time that the Chi Lambda annual dinner dance is set for Saturday, May 11.

### STOUT'S PLAN FOR NEW EXPANSION IS OUTLINED

(Editor's Note) This is the second in a series describing the 5½ million dollar building program upon which Stout state college is embarking. The first installment described the new \$525,000 student union, which will be started this summer.

Preliminary plans have been completed for two wings to be added to the residence hall for women, the new units accommodating a total of 200 coeds. Construction of both units will be begun simultaneously this spring.

Each of these new buildings will contain three floors but the overall height of each will be less than that of the present residence hall. In addition to room accommodations, a lounge will be provided in each wing. Food service for all units will be handled in the present facilities.

The next building scheduled in the construction program is a \$725,000 multi-story metal shop and classroom structure, to be located on the corner where the Dunn County Agriculture high school and Dunn County teachers college now stand. All metalworking activities will be located in the lower floors. Offices and classrooms for certain academic areas will occupy the upper stories.

To provide adequate facilities for the important health and physical education program of Stout state college, a million dollar health education building will then be constructed on or near Nelson Field. This structure will provide space for spectator sports, intramural games, classes in health and physical education and offices for staff members.

In order to maintain heat in Stout's present buildings and to handle the heating of the new units, a million dollar central heating plant will be necessary. Present heating facilities are over a half-century old and are both inefficient and inadequate. Much of the cost of the new plant will be returned through the more efficient operation possible with modern equipment. However, as new buildings are added to the campus, the fringe heating service which the college now provides will eventually have to be curtailed.

At the beginning of this second semester, Stout already began changes in the utilization of its buildings. The college infirmary, operated by Stout as a separate unit for many years, was closed and provision was made in each dormitory for the care of students who become ill.

Closing of the infirmary occurred only after careful study of its use and after consultation between student officers and administrative officials. All agreed that the high cost of operating the infirmary as a separate unit, when compared with the low ratio of student usage (only four students in an entire semester), indicated that the new arrangement of health services would be more feasible.

When funds become available, it is planned to convert the old infirmary into a second Home Management House. These additional facilities to provide coeds with actual homemaking experience are necessitated by Stout's expanding program.

### OPEN HOUSE IS OVER FOR NEXT TWO YEARS

Over 1500 high school girls from throughout Wisconsin converged upon the campus of Stout state college for open house, March 29-30. Every home economics teacher in the state, together with her junior and senior pupils, was invited to attend the event.

As guests of the college they viewed exhibits, attended a stage production and toured the campus to learn what college life is like, and what constitutes the college education of a home economist. The event was the project of Stout's division of home economics, headed by Dean Alice J. Kirk. Great credit for the very successful undertaking also goes to Mrs. Winifred Loomis, general chairman.

Perhaps the highlight of the open house was a "This Is Your Life" stage production depicting the education and professional career of Mrs. Richard Dale, a 1952 graduate of Stout. Mrs. Dale taught home economics for a time following her graduation from the college and now is Menomonie home-maker.

During the stage production, the visitors received an overview of Stout's four year home economics curriculum and also enjoyed a fashion show. As part of the production they heard short talks by Dr. Verne C. Fryklund, president of Stout, Dean Kirk and other faculty members.

Exhibits depicted college courses in such science and professional education areas as physiology, chemistry and family life education, as well as the more specialized home economics courses in clothing, textiles, consumer information, ceramics, related art, food preparation and dietetics. Visits were also made to Stout's nursery school and to the scene shop of the college dramatics organizations.

When they took time out from the wide choice of demonstrations and displays, the high school guests received guided tours of the recently-constructed college library, residence hall for girls, home management house, in which coeds receive practical home-making experience, and other campus buildings.

Open house on the two days was held from 9 a.m. to 3:30 p.m. At noon 1200 of the guests were accommodated for luncheon in the dining room of Stout's new Bertha Tainter residence hall for women, overlooking Lake Menomonie.

"Modern girls dress to kill."  
"They also cook the same way."

A man's head is like a doorknob—any girl can turn it.

"My manicurist had a scrap with her dentist."

"How did they come out?"  
"They fought to the end and nail."

Some comedians can't even entertain a doubt.

## NEWS OF OUR ALUMNI

**Roland Kehrberg, B.S. 1948**, and his family are living at Bonnie Terrace, Dundee, Illinois. They have a boy, John, one year old, and a girl, Christine, seven years old. The family moved into their second new home last fall. Roland built both new houses during the summers. He is also setting up a new woodshop in the new high school building where he teaches. He is planning a trip with the Industrial Arts Round Table no. 4 to Detroit, April 2 and a tour of the Ford plant. Roland is also on the board of Christian education, an Immanuel Lutheran day school with enrollment over 200.

**Margaret Perman, B.S. 1950**, is teaching in Mosinee high school which is a cadet center for Stout students. She also worked on the state home economics curriculum.

**Edwin C. Bergmann, B.S. 1950**, and his family are residing at 806 A Maple Lane, East Lansing, Michigan. He is teaching engineering drawing at Michigan State University, and is working for a Doctor degree part time and during the summer.

**John K. Plenke Jr., M.S. 1956** and his wife, **Myrtle Anderson Plenke, B.S. 1932**, are residing at 19 Frederick Circle, Madison, Wisconsin, with their two daughters, Shelia and Jackie. Mr. Plenke is supervisor of trade and industrial education for state board of vocational and adult education. Myrtle teaches part time at the Madison vocational and adult school. One of John's duties is visiting with instructors in vocational education during summer school at Stout state college. Last summer he attended the vocational leadership conference at Fort Collins, Colorado, where 38 states were represented. He also plans to attend the vocational supervisors and teaching conference which is called annually by the U.S. office of education department of vocational education this month in Minneapolis. The Plenkes are active in church and ITA activities and are members of the Cosmos Club, which is an organization for dancing made up of many Stout alumni.

**Robert K. Asman, B.S. 1953**, B.S. 1955, has the address of Box 56 Navy 116 0/0 P.O. New York, New York. He is the 10th Naval district explosive ordnance disposal officer. His duties take him all over the Caribbean area such as Panama, Cuba, Trinidad, Venezuela, etc. At the present time he is the explorer advisor of troop 76 at the Naval Station, San Juan, Puerto Rico. Robert and his wife, the former Margaret M. Ramsay, have one son who is two years old.

**Keye N. Loper, B.S. 1951** and his wife, **Helen E. Loper**, who did postgraduate work in 1950, are living at Summerlin Drive, RFD 5, Hagerstown.

Maryland, with their son, four years old, and daughter two years old. Keye is electrical supply salesman for General Electric Supply Co., covering parts of Maryland, Pennsylvania, Virginia, and West Virginia. He was previously with GE in Washington, D.C.

**Robert D. Miller, B.S. 1953**, recently had a change in duty stations and is now located at Brunswick, Georgia. His new address is 22 Windsor Circle, RFD 1, Brunswick, Georgia. Mr. Miller is teaching gunnery guided missile, and anti-submarine warfare. Last November 13 they had a new addition to the family, Scott Robert, a bouncing 8 lb. 11 ozs. son.

**Dorr C. Moyerbos, B.S. 1935**, is Personnel Director of the AC Spark Plug Plant in Milwaukee, Wisconsin.

**Marcia Blank Swanson, B.S. 1939**, is now living in Stoughton, Wisconsin. Her husband is game warden of that area. They have two boys in high school.

**Jeann Sneybos Batterman, B.S. 1939**, now lives in Marinette, Wisconsin. Her husband is head football and track coach in the Marinette high school. They have two sons.

**Mr. and Mrs. David Bieniasz (Geraldine Erickson)** announce the birth of a son on February 21. They also have one daughter who is three years old. David is teaching industrial arts in the Amery schools, Amery, Wisconsin.

**Mrs. Ardelle Gossell (Ender)** was married in June, 1956. She is now teaching at Lincoln junior high school, La Crosse, Wisconsin, and has signed her contract for the same school next year. (Correction on previous information)

**Mrs. George B. Wicher, nee Helen M. Diamond, B.S. 1925**, is the president of the Greater Minneapolis council of churches since January 1, when she took over as head of the church women's council for a two-year term. Before she "quit working" she taught school, was consultant home economist for two public utility firms, did work in adult nutrition education and directed the nutrition program of the Hennepin County Red Cross chapter. She started the home service department of the Minneapolis Gas Company in 1934, and once taught at the University of Minnesota, where she received her Masters degree. Since 1947 she has devoted herself largely to church activities, especially Christian social relations. She is a member of St. Paul's Episcopal church, the Episcopal Social Welfare guild, the American Association of University Women, the Order of the Eastern Star, Beaumont (auxiliary of Knights of Templar), and several home economics associations. She lives with her husband at 2410 Lake Place in Minneapolis.

Candidate: "These are not my words, ladies and gentlemen; they are the words of men with good common sense and decency."

## SUMMER TERM SCHEDULE TO BE NINE WEEKS

Summer session class schedules and attendance dates have been set and the fifty-second annual summer session catalog was released.

Beginning this year, a lengthened summer session will be provided. Thus a graduate student can complete a Masters Degree course of study at Stout by attending only four sessions, instead of five as was formerly the case.

Both graduate and undergraduate work will be offered this summer. A full schedule of classes during the six week period is indicated in the summer bulletin.

In addition to regular courses, two conferences are scheduled for June 17 through 21, and four courses will be offered during the post session, August 5-16. These are: Basic Driver Education, Advanced Driver Education, Plastics, and Project Development.

Present faculty members will be conducting scheduled summer session courses and several visiting educators will be on campus for workshops and conferences.

**Dr. Paul Popenoe**, founder and director of the American Institute of Family Relations, and **Mr. Roy E. Dickson**, Executive Secretary of the Cincinnati Social Hygiene Society, will conduct a one-week workshop on family relationships and mental health.

A work conference will be sponsored by the Wisconsin state board of vocational and adult education. Teachers attending this conference are identified in advance through state and local selection. Both conferences are to be held June 17-21.

A schedule of fees for the summer period is included in the catalog. Undergraduate fees for underclass students are a main fee of \$35.00 and additional fees of approximately \$19.00 for the regular session and \$18.00 for the post session. For graduate students, the regular session main fee is \$47.50, the post session fee \$30.00.

Americans nowadays are more concerned about their scotch than about their English.

One who borrows a few bucks until pay day generally shouts the loudest about balancing our national budget.

Many a political orator is perfectly willing to lay down your life for his country.

## GOVERNING BOARD HAS LENGTHY SESSION

The first Student Governing Board meeting of the month of April was held at 7:00, Tuesday evening in the Trustees Room of Harvey Hall.

Representatives from the Tower were present as well as representatives from the Stoutonia staff. Current business was discussed.

A member of the Mid-Tenners Club was also present to inquire if the SSA would sponsor a spring picnic for the members of the club. This was voted down by the Governing Board.

**Jerry Porter**, a member of the cheerleader group, wanted money from the SSA for a banquet for the cheerleaders. The motion was tabled.

Final arrangements were made for election for the class representatives to Governing Board. Election was held on Thursday, April 4, in Harvey Hall.

It was moved and seconded to have one class advisor remain with each class for one year. It was agreed to begin with the women advisors. The motion was carried.

Other miscellaneous business was discussed.

## RADIO ELECTRONICS CLUB IS STARTED HERE

The new name, Radio Electronics Club, was adopted at the April 1 meeting as a portion of the club's revised constitution. Other revisions included provisions for admittance of new members who are interested in levels of electronic experimentation other than communications.

At the March 25 meeting of the club, new officers for the coming year were elected. They are **Dean Bitter**, secretary-treasurer; **John Malmu**, vice president; and **Jay Leland**, president.

Congratulations are in order to **Mr. Ruel**, the club advisor, on receiving his novice operator's license. His station call letters are KN9HJT.

Club members are working towards the goal of placing the club transmitter back on the air once again. Station operation has been discontinued for the past two years due to lack of licensed operators.

Constitutional amendments, which also included some revisions in the club objectives, were made to keep pace with the constantly changing electronics field and to permit a larger group of students to participate in this interesting activity.

When the immortal humorist, **Will Rogers**, was asked where he got all his jokes, he replied: "I attend Congress in session and report the facts."

## COLLEGE AND MARRIAGE IS QUESTION UNSOLVED

Education or marriage? The choice between the two which has bothered generations of young people is being solved.

"I'll take both," is the answer given by one out of every seven state college students in Wisconsin.

As freshmen the college students are overwhelmingly single. Only one freshman girl out of 50 is married and only one boy out of 10 has taken a wife. But, according to studies by the Board of Regents of state colleges, by the senior year, one out of five of the girls is married. More than one of every three senior men has picked his mate.

State college teachers, deans, and presidents have not encouraged the trend. More often they have discouraged Cupid on campus by such "handicaps" as dormitory hours, lesson assignments, and term papers. Their advice to students considering matrimony is always that the step be considered "very carefully." Finances are a "tremendous problem" the college registrars advise.

But the final decision is always the young student's.

"College students should marry if they wish to," says a married Eau Claire senior. He adds this qualification, "If they have their parents' consent."

"I have a ready-made date at home," says a coed at River Falls whose husband is also a student. "I can spend my time in pursuit of knowledge rather than males."

An Oshkosh sophomore was asked why she didn't leave college after she married.

"My children deserve an educated mother," she said.

And at the Institute of Technology at Platteville a student-husband has a practical answer for critics.

"I eat better than the single guys here at school," he boasts.

State college students are choosing both education and marriage in increasing numbers.

## PALLAS ATHENE IS BUSY AS SPRING NEARS

Pallas Athene members and Miss Anne Marshall, sorority advisor, attended the MAI' play in a group March 21. A sorority member, Betty Havlik, had a leading part in the play. A short business meeting preceded attendance at the play.

Members who are off-campus practice teaching are: **Marilee Cate** and **Kay Kennedy**, Amery; **Della Medin**, Stratford; **Barb Premo**, Glenwood City; **Alice Yamamoto** and **Lois Osnard**, Onalaska.

Plans are under way for the Easter sale. Pallas Athene members will make and sell copper enameled jewelry. This annual sale is under the direction of **Marion Kindsch**.

On Saturday afternoon, April 6, members will entertain their mothers at a tea in Harvey Memorial.

## LECTURER AT NEXT CONVO WEDNESDAY

Although some lecturers have a definite script from which they never deviate, this is not so with Russell Curry who will appear on Stout's stage for a convocation on Wednesday, April 17.

Take, for example, his lecture on social etiquette, entitled, "It's a Date." From his experience teaching dance and etiquette in his school in Boston, Massachusetts, Mr. Curry has a general idea of the problems which may be bothering his audiences. This gives him a format with which to begin.

However, in his opening remarks, he urges his listeners to ask questions at any time during the program so they will know the difficulties that this particular group in this particular section of the country are experiencing. Then the fun starts, as there is nothing Mr. Curry enjoys more than being given a chance for an ad-lib.

He stresses the correct with his quick ad-lib, and caricatures the incorrect with hilarious results.

Not a question or two? Bring it with you to the convocation next Wednesday and get an answer. Your answer may not be the most practical solution, but it'll be worth a good laugh, anyway!

See you there.

## CUPID BUSY AT GIRLS' DORMS AS SPRING NEARS

Mr. Cupid seems to have been busy at work these past few weeks. Bright sparkly rocks glittered on the left hand of several of the girls at the Hall for the first time recently. Jean Ricelli and Rita Gasser are the happy girls who now have diamonds. D'Ann Mattson also received one of these prized possessions earlier in the year.

Several other girls received something prized nearly as much as a diamond — a frat pin. These girls are Shirley Hollender and Diane Jansen of Eichelberger Hall, Pat Rogers of the Annex, and Peg Kovats of the Hall. Margaret Kyle, formerly of the Hall, was married last week end.

Judge: "Have you ever earned a dollar in your life?"  
Prisoner: "Yes, your Honor, I voted for you in the last election."

## CONGRATULATIONS FOR OPEN HOUSE HELPERS

Orchids to Mrs. Winifred Loomis, general chairman for the fifth biennial Open House of the Stout state college home economics division, held on March 29 and 30, to the faculty and hundreds of students who fulfilled assignments on time and with enthusiasm. Letters expressing appreciation and commending Stout for a superior piece of work have been pouring in from all over Wisconsin and Minnesota. Only with the cooperation of faculty and students can such a gigantic undertaking bring success and make the initial purpose, interesting others in Stout, a reality.

Mrs. Dorothy Dale, an alumna of Stout state college and a former assistant in the nursery school, gave unstintingly of her time to accept the key role in "This is Your Life, Dorothy Dale," and to do it with ease and charm. Francis Karriker, the very able Ralph Edwards of the hour, Ruby Detsche at the organ and Ruth Thomas as fashion commentator did superior work; and Mr. Richard Dale, husband of Dorothy Dale, captivated the audience and added the romantic touch to the performance. Little Dobby Talon and Rosemary Gauvin, under the direction of Mrs. Benita Smith, delighted the audience with a happy, natural denouement to a very successful presentation directed by Mrs. Alyce Vanek.

Mr. Norman Ziemann, who was in charge of staging and lighting, and Miss Martha Ruth Amon are responsible for the setting which gave unity and charm to the presentations.

Those who saw the program thoroughly enjoyed the dances directed by Miss Keturah Antrim and appreciated the work of Miss Hazel Nelson, marshal of models. All committee chairmen and members of committees participated wholeheartedly in the work. The following were committee chairmen:

Invitations and program, Martha Ruth Amon; mailing list, Gladys Trullinger, chairman; registration, Anne Marshall; exhibits and displays, Jeanne Salyer; food, Mary Killian; publicity, Wauna Lutz; student interests, Irene Erditz; traffic tours, Clara Carrison; welcoming, Ann Noble; and big show, Alyce Vanek.

Not only specially assigned committees, but many departments and individuals gave freely of their time; namely, Miss Mary Williams of the art department, Mr. Lloyd Whydskyt and Paul Axelsson of the printing department and members of the Stoutonia staff and MAP.

In China congratulations and presents are withheld until two years after marriage; they're playing it safe.

## YWCA MOTHER DAUGHTER FETE ENJOYED HERE

YWCA's annual Mother-Daughter banquet was served to 200 women on April 6. Honored guests were Mrs. Verne G. Fryklund, Miss Mary McCallmont, Miss Margaret Harper, and Mrs. Matthew Reneson. Mothers from several states were present.

Shirley Grant, president-elect of YWCA, was mistress of ceremonies for a program beginning with a delicious dinner served by ladies of Peace Lutheran church. Ruth Thomas, outgoing president, welcomed the mothers; Mrs. Thomas gave the response which has become the responsibility of the president's mother through custom. Corrine Nelson gave a solo following the introduction of officers and guests. "Fashion Festival" featured an outstanding example of each of the types of clothing made at Stout. This was planned and narrated by Joan Wosonki who was general chairman of the banquet.

The final presentation was by Anna Gurasamy. Anna draped a Malayan costume on Mary Smith while explaining the dress of her country.

## STOUT ALUMNA RETURNS TO CAMPUS FOR VISIT

Returning recently for a visit to the campus of Stout state college was a versatile alumna of the college, Miss Mary O'Hara, who earned her bachelor of science in home economics education here in 1938.

Except for attendance at several Stout summer schools following her graduation, Miss O'Hara has not returned to the campus for some time and was much impressed by the re-equipping and rearrangement of college laboratories and classrooms.

"These improvements will certainly help meet the changing needs of students by keeping them abreast of new developments in the fields which they plan to enter," was her reaction.

While attending Stout state college, Miss O'Hara was a member of the Philomathean sorority (Tri Sigma), Home Economics club and Marquette club (Newman Club) for Catholic students.

Miss O'Hara was especially happy to meet a number of faculty members who were her former teachers. She pointed out that she, like so many Stout graduates, keeps in touch with the doings of other grads by means of the Stoutonia and the Alumni Newsletter.

Miss O'Hara now plans to complete her master of science degree in home economics before accepting a new position.

A good memory test: What did you worry about a year ago today.

## STS ENJOYS TOUR OF TWIN CITY PLANTS

Highly informative, interesting, educational and successful are the words which best express the outcome of the annual Stout Typographical Society field trip. The society spent three very busy, but enlightening, days touring various schools and printing establishments in Minneapolis and St. Paul.

The trip began Wednesday morning, April 3, as a chartered bus left the Stout circle with twenty members and two advisors of the STS aboard.

First stop on the tour was Dunwoody Institute where the group was greeted by Al Lundgren, a member of the public relations staff there. Lundgren led the society on an extensive tour of the institute which ended in their print shops. Demonstrations on various presses were put on by members of their printing institutional staff.

The afternoon of the same day saw the STS traveling to Henry high school in Minneapolis. Here the group was received by the principal, Mr. Schultz, and led through the industrial arts department of the school by the instructors of their pertinent areas.

After leaving Henry high, the STS traveled to the Crier Cut Service located at Spring Lake Park. Most of the Stoutonia's pictures are made into fairchild cuts there. Mr. Larsen, operator of the Service, gave a very thorough demonstration on the operation of his Scangraph machines. It was learned that his service is used by a large number of weekly newspapers, including a few near our locale in Wisconsin.

This completed the itinerary for the first day. The entourage then checked in at the Andrews hotel where they made their tour headquarters.

Tuesday a.m., April 4, found the Stout Typographical Society braving some rather tempestuous weather to travel to Edina Morningside high school. Here the group made a short visit to the senior high school printing department. They then entered the junior high school and were led on a tour of the building by Mr. Olson.

Graphic Arts Industry, Incorporated was the next stop scheduled for the tour.

# SPORTS ROUNDUP

## VARSITY BASEBALL

The outlook for Stout's varsity baseball team is very promising for the 1957 season. The Bluedevils have many of last year's sparkplugs returning for action this year. Along with the returning lettermen and numeral winners are some promising freshmen. By the looks of things, Stout will have a strong mound staff compared to the pitching staff of last year. Along with the pitchers there seems to be good material trying out for the catching position which assures Stout of a strong battery for the forthcoming season. We feel that the infield will be in good shape for the first game with St. Cloud on April 18. So we're putting our neck out to predict that Stout will win their first double header next Thursday and go on to win a berth in the first division in the state college conference this year.

## VARSITY GOLF

The Bluedevil varsity golf team will soon be taking to the greens, so anyone interested in participating in this year's competition is asked to sign his name on the sheet on the sports bulletin board in the physical education building. There is a fee of \$11.50 set by the Menomoneie Country Club for the privilege of golfing from the opening of the season to June 2. The athletic department will give each man completing the season a refund of \$6.50 to help cover costs of golfing. Each person starting the season will be given a complete set of rules and details by Mr. Johnson, who will coach the team.

## STOUT SWIMMERS

Tickets for the Synchronized Swimmers spring water show Saturday and Sunday nights, are on sale in Harvey Hall. The tickets can also be bought from any of the members, and will be available at the door for fifty cents. Anchors Aweigh, theme of the show, will consist of a watery musical trip around the world.

President Jean Baumgartner has had the members working for several months on the numbers. Members promise to provide some of the best

entertainment Stout has seen in a long time.

The show will be held on April 13 and 14 in the Stout pool at 8:00 p.m.

## INTRAMURAL SOFTBALL

Now that the intramural softball season will soon be under way, the little blind men in the black suits are needed. Anyone interested in umpiring intramural softball games for the forthcoming season is asked to sign his name on the sheet in the physical education building. There will be a salary, but it has not been set yet. For further information see Mr. Johnson or Harry Miller, directors of the spring intramurals.

## RIFLE CLUB

Eight representatives of Stout state college Rifle Club attended a joint meeting at Chippewa Falls recently.

Chippewa Falls, Eau Claire, and Menomoneie are forming a Tri-City Rifle League. Bill McNaughton from Stout was chosen as a committee member to help work out a program for different activities in which the league will take part.

Members participated in an informal match.

On April 10 the Rifle Club sold decals in Harvey Hall.

## GRASS ROOTS OPERA AT 8 PM TONIGHT

A theory that the average person would like and appreciate opera, if presented in a language he could understand, has been proven by the National Grass Roots Opera Company, and its founder, A. J. Fletcher. The troupe will appear at Stout on Friday evening, April 12, at 8:00 p.m. for the final lyceum of the year.

Since the first full performance in 1950, nearly 600 performances of 20 works have been given.

Grass Roots Opera does not confine its productions to the standard works, but performs contemporary American opera compositions. Their delightful presentation of Rossini's comedy, "The Barber of Seville," complete with lighthearted music and colorful costumes, is almost certain to provide an evening of top-notch entertainment.

The troupe is made up of singing artists from all over America. In this season's roster many states are represented, including North Carolina, Wisconsin, Texas, Georgia, Virginia, and others.

"That horse you sold me won't hold his head up."  
"That his pride; he'll hold it up as soon as he's paid for."

Proud mother: "Yes, he's a year old, and he's been walking ever since he was eight months."

Bored visitor: "Really! He must be awfully tired."

## WRA FINISHING UP SEASON WITH FLURRY

The WRA girls are finishing their season with an enthusiastic badminton and bowling tournament; sports manager for badminton is Sylvia Felland, and the bowling sports manager is Barb Bender.

Women participating in the doubles badminton tournament are Nancy Fenner and Carolyn Greinke, champions of the tournament; Sandy John and Teaa Schroeder; Yvonne Swenson and Bev Spry; Gwen Stuve and La Vaun Neeb; Linda Oldenberg and Sonia Weaver; and Fran Ginter and Doris Damrau.

The girls who are bowling in leagues are as follows:

Easy Winners: Pauline Rosenstiel, Barb Bender, Peggy Kingsley and Mary Lou Schleis.

Reckless: Shirley Junge, D'Ann Mattson, Carol Proffit and Ardelle Dregne.

Eight Balls: Muriel Erickson, Yvonne Swenson, Betty Zander and Alma Hautamaki.

Uppertens: Gwen Stuve, Sylvia West, La Vaun Neeb and Pat Hoble.

Win or Bust: Nancy Boettcher, Jean Bieritz, Dorothy Evenson and Mary Ann Spangler.

Bluedevils: Pat Rogers, Bev Leschoir, Midge Shattuck and Alice Studt.

## STS can't

tour. Here the group viewed the training involved in preparing a student to enter the field of printing in the area of his choice whether it be linotype, presswork, composition and the like. Mr. Hollen explained the operation of the school to the STS.

St. Louis Park high school was to be the next stop, but due to inclement weather conditions, it was found necessary to cancel this part of the tour.

Friday morning saw the STS touring to Brandtjen and Kluge, Incorporated in St. Paul. A complete excursion through the plant revealed the process of the tooling and assembly of the popular Kluge automatic press. The group was led on the tour by Mr. Kluge and Mr. Kieger. Refreshments were provided upon completion of the tour.

Webb Publishing Company, the next stop on the itinerary, provided the group with an interesting insight into the printing of nation-wide publications. Webb publishes the Catholic Digest, The Farmer and Medicine. Many types of presses were also viewed there. The variety extended from small platen presses to 72-page multi-colored mammoths.

The last stop on the tour was H. M. Smyth Company in St. Paul. In a plant designed to fit its peculiar purposes, the Smyth Company presented an ideal printing plant.

After refreshments, the tired but highly impressed STS set out for "home."

A hearty thank you is extended to the schools and businesses visited. The STS appreciated their warm welcomes and fine tours.

They also wish to thank Len Clark, former STS secretary, for a fine job in coordinating the tour, along with the advisors, Mr. Whydowski and Mr. Axelson.

Members of the STS on tour were Don Anderson, Dick Kresse, Dick Popp, Bill Allen, Tony Katzya, Jerry Schemansky, Bob Treise, John St. Jacques, Jim Kogler, Jim Traxel, Don Erickson, Jim Bolm, Skip Hanson, Gene Kirscht, Bill McGovern, Len Clark, Dick Kveton, Norb Link and J. D. Peterson.

It's a sad case.  
What is?  
Twenty-four empties.

## BLUEDEVILS TO OPEN BASEBALL SEASON AWAY

The Stout Bluedevils will open their 1957 baseball season April 18, when they travel to St. Cloud, Minnesota, for a double header with the St. Cloud Huskies. Last year Stout lost both games with St. Cloud after Stout had led in the scoring column for most each game.

The Bluedevil practice has been hampered by the late coming of spring

"Beat St. Cloud, you Bluedevils," is just what Johnny Bluedevil is shouting from his familiar cheering spot.

but they feel that they have had time to get into shape for their first game and will win. I'm sure that everyone at Stout will be behind our team and will encourage them to bring back a state college championship.

A little boy found himself facing a tough problem. His teacher told him he had to write more legibly. "But if I do," said the boy, "she'll find out that I can't spell!"

"Going with girls keeps you young."

"How's that?"

"I started going with them when I was a freshman, and I'm still a freshman."

Professor (after the final exam): "Well, what did you think of the course?"

Student: "I thought it was all very inclusive. Everything that wasn't covered during the semester was covered on the final exam."

## INTRAMURAL SOFTBALL SEASON STARTS SOON

The intramural softball season will open soon now that spring seems to be here. The schedule is posted on the sports bulletin board in the physical education building along with the following rules:

1. All games will be played at Nelson Field.

2. All games will commence at 5:30 p.m.

3. The first teams on the field will have their choice of diamonds.

4. There must be nine players present before a team may play.

5. If a team forfeits twice it is disqualified from the league.

6. Rained out games will be replayed unless time will not permit rescheduling of the game; then the game will be counted as a tie.

7. The intramural committee will furnish the umpires.

8. Managers will pick up all equipment needed by 2:30 p.m., the day of the game.

9. Each manager will have his own scorebook.

All teams will be expected to abide by these rules set up by the Intramural Sports Committee.

## VARSITY BASEBALLERS PRACTICING FOR OPENER

The Bluedevil baseball team has been out for practice for over two weeks, and we see many returning lettermen and numeral winners on the diamond. Under the letterman classification are Dick Cheke, who will occupy the third base area, John Blythe, the first sacker, Bill Erpenbach who will play in the outfield this year, Bill Bachmeyer, who will play a dual role as first baseman and pitcher; Jim Sand, second base, and last but not least, Brendon Smith, who will see action in the catcher's box. The returning numeral winners who were freshmen last year include Ronald Nelson, pitcher, Don Feyereisen, outfield, Bill Kaul, catcher, and Tom Pagel, also a catcher. It looks like Stout will have another team equal to last year's, which had a 6 won 2 lost record against Wisconsin teams. Stout will also be decked out in a brand new set of uniforms which will make them the best dressed team in the conference. Let's all get out and support Stout in their upcoming season.

"How many people work in your office?"

"About half."

## RAY A. WIGEN GRANTED DOCTORATE IN MARCH

Granted the doctorate of philosophy at the March commencement of the University of Minnesota was Ray A. Wigen, director of graduate studies at Stout state college here.

Dr. Wigen had previously earned two other degrees at the University of Minnesota. He received his bachelor of science in 1930 and his master of arts in 1933, the year in which he came to Stout after heading the industrial arts department of South Saint Paul high school.

Title of Dr. Wigen's dissertation is "Technical Offerings for Industrial Arts Teachers at the Graduate Level." His major adviser for the doctorate has been Professor W. J. Michels, former Menomonie resident and alumnus of Stout state college.

Dr. Wigen holds, and has held, many important posts in education. He is at present a member of the Wisconsin Coordination of Higher Education committee. He has been president of both the Minnesota and the Wisconsin Industrial Arts association. In 1945 he was vice president of the Wisconsin Vocational and Adult Education association.

Other responsibilities which Dr. Wigen has discharged include nine years of co-chairmanship of the industrial arts section of the Wisconsin State Curriculum committee and membership of the national research committee of the National Association of Industrial Teacher Educators.

In connection with his work on the various committees, Dr. Wigen has also co-authored several important industrial arts bulletins widely used by industrial educators throughout Wisconsin and Minnesota.

Junior class president, Jim Jonen, has chosen Barbara Taylor as queen for the prom. Barbara is a petite, vivacious freshman from Rhinelander, Wisconsin. They will reign as the royal couple at the "Moonlight Cocktail" Prom on May 4. Bob Leighton and his orchestra will provide the music for the evening.

## PERKY FRESHMAN COED, BARBARA TAYLOR, TO REIGN AS QUEEN AT 1957 JUNIOR PROM, MAY 4

Reigning as queen of the 1957 junior class prom at Stout state college on Saturday, May 4, will be Barbara Taylor from Rhinelander, Wisconsin. The petite, blonde, vivacious blue-eyed, five foot one-half inch coed will be escorted by Jim Jonen, junior class president from Wausau, Wisconsin, who will be the king of the event.

Barbara, a freshman on campus, resides at Tainter Hall dormitory. Organizations on campus which she is active in are synchronized swimmers, ski club, home economics club, and she is an understudy in Manual Arts Players, national dramatic fraternity on campus. Some of her interests include skiing, camping, and listening to music, these being done quite often with an older sister, a younger sister, and a younger brother.

"Moonlight Cocktail" has been chosen as the theme of the junior prom. Decorations are being planned accordingly. Bob Leighton will provide the dancing music.

The court will consist of Bob Dahlke, Ruth Thomas, Jo Scheevel, and their dates.

## NOTICE!

Reserve library books may be taken for the Easter vacation Friday morning, April 19, beginning at 7:15 a.m. Overnight books, taken Thursday, must be returned by 7:15 a.m., Friday, in time for the reserve line. Reserve books taken for the vacation will be due at 8:30 a.m., Monday, April 29.

Check your two weeks books for date due. If they are due before April 29, and if you wish to keep them through the vacation, avoid an overdue fine (25 cents minimum) by having them renewed to cover the vacation period. Magazines are not renewable.

## EASTER BUNNY MAKES EARLY APPEARANCE

The traditional Easter Bunny made an early appearance on the Stout campus this week. An indeterminate number of four-inch-long baby rabbits were uncovered by the rake wielded by one of the school caretakers, Oscar Solberg, near Bowman Hall on Tuesday evening.

The hiding place was revealed to only a select group of persons, because of the extreme demand for rabbits at this time.

The Stoutonia hopes to have a photograph of the happy little family in next week's issue.

## NEWMAN CLUB WILL SPONSOR BROOM SALE

It's "Operation Big-Sweep" — a civic project conducted by the Newman club of Stout state college in a campaign to foster spring clean-up out the city. The club will make a house-to-house canvass of Menomonie selling brooms to promote indoor and outdoor cleanliness in the community.

The Newman club is an organization of Catholic students attending a state college. The Menomonie Newman club will conduct its campaign all day Saturday, May 4. Eau Claire and La Crosse state college Newman clubs have launched similar clean-up projects recently.

Stout Newman club President, Dick Popp, announced the appointment of Mary Tickler, Seymour Sophomore, as general chairman for this year's city-wide, one-day effort to keep Menomonie beautiful.

Popp, this week, named the various student chairman and committees to assist him. They are Kay Vanda, finance chairman; Jim Lambert, transportation chairman; and Kay Ritzman, Mary Ruhland, Jean Schwertel, Norb Link, Dick Popp, publicity committee. More than 80 Stout state college students will be engaged in the project May 4, starting at 9:30 in the morning.

Popp has divided the city of Menomonie into sections. There will be a "station" in each section as the center of operations. Students will work in pairs as they make house-to-house calls, offering adult brooms. The brooms are a nationally famous brand for this project. The broom-wrappers have the huge emblem and slogan of the Newman club. The Newman club motto is: "Heart Speaks to Heart." The sturdy brooms will sell for \$2.00 which is the regular retail price and are suitable for indoor or outdoor use. The students have urged the residents to be sure to purchase an extra broom for outdoors use, keeping the sidewalks of Menomonie clean and attractive.

The Menomonie club will use any profits realized from the project for their educational and charitable works, as have both Eau Claire and La Crosse club. Menomonie will up some of the funds toward furnishing the Newman club center that was recently established in Menomonie.

A Province conference in Mankato, Minnesota, April 26, 27, and 28 will be attended by 10 Newmanites from Stout.

## DRIVE SAFELY, SURELY, SANELY AS YOU TRAVEL

Black rubber skid marks on the concrete, blood, red lights, sirens, inquisitive crowds—that's what people told me it looked like. I don't know. All I can remember is driving down Highway 12 on the way home for spring vacation when things went suddenly black.

It was spring vacation. Books, books, and more books had been looking me in the face since Christmas vacation. My term paper was in for English; and the chem mid-term was out of the way at last. I was as free as the air.

Six of us had piled into my car and were homeward bound at last. We had—baggage piled high in the trunk, the carrier on top, and even in the back seat. I was bringing home all my dirty clothes accumulated during a month.

As I drove the happy carload along at sixty-five, the state speed limit, we planned and dreamed of a week of leisure. Ron was going to test his new rod and reel, a Christmas present from his dad. Jack was going to loaf. Kay and Mary Lou were going to sew some fancy summer clothes. Frank was going to prepare for the scholarship he had received to go to summer school in France, and me—I had to work so I could eat during the rest of the year.

We were a lighthearted bunch rolling down the straight highway; not a care in the world until—well, all I did was to say something to Frank in the back seat. . . of course I took my eyes off the highway to turn around and look at him! Just then we came to that sharp corner outside of Mauston.

A few weeks later as I lay recuperating in the hospital, my folks finally consented to bring me a newspaper account of the accident. The paper described us as a crazy, irresponsible bunch of college kids playing reckless games on the highway. Then I understood why my folks didn't want me to see the paper. I tried to explain that we weren't doing anything illegal, not even fooling around.

My dad merely replied that the insurance would cover most of it. But now I keep asking myself if people really believe that we weren't fooling around or speeding, but, I can't prove that we weren't. There are no eye witnesses and my friends aren't here any more to testify—they weren't quite so fortunate as I, or were they? I'd rather be one of them than have to face this unbelieving world and admit that I took my eyes off the road for only a second!

Please believe my story; it's true. But we're leaving now. The furniture is loaded into the van and our family is moving to Ohio. I guess my folks can't bear the shame. Of course, that's not what they told me; but who has to be told everything?

## STOUTONIA STAFF HAS ANNUAL FIELD TRIP

The Minneapolis Star and Tribune and radio-television station KSTP were points of interest visited by the Stoutonia staff on the annual field trip to St. Paul and Minneapolis on Tuesday.

Leaving Menomonie at 7:00 a.m., the group stopped first at the KSTP station. A guided tour of the station included viewing the control rooms, photography and art rooms, and examining the equipment used in televising live shows. A discussion by the producer of the station followed.

From there the students travelled to the Minneapolis Star and Tribune. An introductory movie was shown on the paper. Following that, the group toured the building, seeing the paper being made up. Students toured the lay-out room, composing room, linotype room, make-up room, photography lab, saw the paper run on the presses, and were shown how the papers are distributed to cities and towns in Wisconsin, Minnesota, North and South Dakota.

Of great interest to the group were the editors of the various divisions of the paper and the reporters in action preparing copy for the paper. Watching world and local news come over the teletype machines was also interesting to the group.

The students felt the trip was very educational and gave them more insight in the production of a newspaper.

## ELLEN NELSON PASSED AWAY TUESDAY EVE

Miss Ellen F. Nelson, associate professor of home economics education at Stout state college, died at her apartment on Tuesday evening, April 16.

Ellen Nelson was an alumna of Stout state college, having been granted her bachelor of science degree in 1932 and her master of science in 1947. In addition to her education at Stout, she had completed considerable work toward her doctorate at the University of Illinois.

During her career, Miss Nelson taught homemaking at both the high school and the college level. Her first teaching positions were the secondary schools of Crystal Falls, Michigan, and Joliet, Illinois.

In addition to her work in home economics education, food and nutrition, and English at Stout state college, Ellen Nelson had been head of the department of home economics at Joliet junior college, Joliet, Illinois, and had taught Curriculum Problems as a member of the summer school faculty at the University of Illinois.

Miss Nelson was the author of professional articles appearing in such national home economics publications as the Journal of Home Economics, Forecast for Home Economists, and Practical Home Economics.

She was a member of the Menomonie Business and Professional Women's Club, of Kappa chapter of Delta Kappa Gamma, honorary fraternity of which she had been president, and Phi Upsilon Omicron, honorary fraternity.

In addition she held memberships in the American Association of University Professors, American Home Economics association, National Education association, American Vocational association, American Home

MISS ELLEN NELSON

Economics Education association, Wisconsin Home Economics association and Wisconsin Education association.

Miss Nelson is survived by two sisters, Mrs. Donald Davis, Cincinnati, Ohio, and Mrs. Paul Challancin, Marquette, Michigan, a niece, Kay Challancin, and a nephew, Paul John Challancin, Marquette, Michigan.

Funeral services were held at the Congregational church Thursday, April 18, at 4:30 p.m., the Rev. Donald Farley, Jr., officiating.

## WHY VACATION BOUND STUDENT IS DELAYED

The question, why do we have school on Good Friday, was brought to your S.S.A. This question was referred to the administration who gave the following reasons:

1. In the past students have requested the present vacation schedule so to have two week ends at home.
2. The state requires Stout to be in session a certain number of days a year; therefore, we get a full days credit for the half day attendance on Friday.
3. It is impossible to alter this year's students desire, there is a possibility of changing next year's schedule at this late date, but if the schedule.

## WEATHER BIRD

The Weatherbird sadly informed us this morning that we are in for a chilly week end and possibly some showers.

"Friday will be a little warmer, but it will cool off on Saturday," he said. "Increasing cloudiness and scattered showers are forecast for Easter Sunday."

# THE STOUTONIA

Stout State College • Menomonie, Wisconsin

Associated Collegiate Press

Printed and published by the students of Stout State College every Friday morning during the school year, except on examination days. Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, educate, and to give its readers a more complete experience than otherwise could be obtained through the printed word. ## FROM THE EDITOR'S DESK

In the past few weeks this desk has received a number of letters suggesting changes in policy by the administration of the college, changes by the student governing board, and just changes, period.

Fine. Send them in! We encourage active participation in affairs that concern you as a student, and we're sure that the administration would welcome any constructive criticisms that you may have to offer.

But, there are two things to keep in mind when writing a letter to the editor of this school paper, or, for that matter, any newspaper.

(1) If it's worthwhile printing for public consumption then it's worthwhile signing your name to the letter. Any letter that is published without the writer's signature becomes, in the eyes of the reader, the thoughts and feelings of the newspaper itself. This is not always true!

(2) Make your criticisms constructive. Be prepared to back up any statement you make with facts (we may want to take issue with you on the subject in our editorial column).

## CLUB NEWS

Tri Sigma sorority observed their 59th Founders Day on Thursday, April 11. During the day the girls were dressed in white, wore purple corsages, and the traditional purple and white ribbons under the sorority pins.

In the evening a banquet was held at Jastran's Supper Club with the theme of the day "Over the Rainbow" carried out in the table decorations. Miniature rainbows served as centerpieces, pots of gold for place cards, and programs were made to resemble rainbows. The Alpha Sigma Alpha sorority presented the Tri Sigmas with a bouquet of yellow daffodils and purple iris which was very much appreciated by all the girls. A ceremony followed the banquet with Beverly Duerkop as toastmistress. Group pictures of the sorority were taken after the ceremony.

The closing event of the 1957 Founders Day was serenading by the entire group at the four dormitories. Best wishes are in order for two of the Tri Sigmas, Mary Rezek and Peggy Kingsley who were recently engaged.

This past Tuesday, April 16, Lyndon Hall held its annual banquet at the Hotel Marion dining room. Guests included Mr. and Mrs. Fryklund, Mr. and Mrs. Salyer, Mr. and Mrs. Price, Mrs. Iverson, Mrs. Olga Smith, and guest speaker, Dean Kirk. Dean Kirk spoke on her travels around the world last year, and her speech proved to be of interest to everyone.

Election of officers for the next school year was the main item of business at the last Phi U meeting.

Those elected were: Ann Janda, president; Joann Wohndt, vice president; Beverly Duerkop, corresponding secretary; Jermaine Folkman, recording secretary; Barbara Williams, point secretary; Helen Froehlich, treasurer; Betty Huvik, marshal; Ruth Thomas, chaplain; Kathy Van Doorn, historian; Muriel Erickson, librarian; and Anna Kofod, editor.

Plans were made and discussed for the Phi U Spring Tea, "Easter Bonnet," the joint Home Economics Club and Phi U meeting, and the senior farewell.

Members of the Stout Christian Fellowship met Tuesday evening, April 9, to view the film "Hidden Treasures." A group of five students were present from the state college at River Falls and ten were present from Eau Claire state college, and high school students from the high school Christian Youth Fellowship in Menomonie were present. After showing the film, the SCF served refreshments in the room above the union. Fellowship was enjoyed by all.

The Stout Christian Fellowship has its regular meeting every Wednesday evening at seven o'clock in room 10 of the library. Anyone interested in Bible studies and Christian fellowship is cordially welcomed to join the group.

Reverend Loschensky, pastor of Peace Lutheran, presented the third and final discussion in his series on "Marriage Counseling" at the April 14 meeting of the LSA.

Attendance at the spring Ashram of the Land O'Lakes region was discussed during the business meeting. Several members of the group indicated a desire to attend the conference which is to be held April 26-28 in western Minnesota.

Because of the spring vacation, there will be no LSA meetings for the next two Sundays. Regular meetings will be resumed on May 5, when the group will meet at Riverside park for a picnic.

Installation of officers was the main business of the Sigma Tau Gamma fraternity meeting held April 4, at 7 p.m. in the library. Bare for next year's Rose Formal were discussed and Johnny Robert's Band was decided upon. It was also suggested that a questionnaire be compiled to aid in the selection of new pledges.

A talk was given by Mr. Ziemann on the subject of parliamentary procedure, which was greatly appreciated by the fraternity.

## VACATION DISCUSSED BY GOVERNING BOARD

The Student Governing Board meeting was called to order on April 16 at 7:00 by president Peter Jackson in the Trustees Room of Harvey Hall.

The various choices of times for having spring vacation next year were discussed. The three choices which were suggested were to leave vacation as it presently stands, have vacation run from Wednesday before Easter until the Wednesday after Easter, or from Friday noon, one week before Easter, until the Monday afternoon after Easter. No definite decision has been reached as yet.

The Delta Kappa fraternity applied for a franchise to sell metal plates for car license plates in fall. They will be priced between eighty cents and one dollar, and will glow in the dark. The franchise was granted.

The general budget was presented by treasurer, Bill McKinnon, and was discussed by the Governing Board.

It was also decided to have a governing board member work with Coach Johnson on setting up a schedule for having the cheerleaders uniforms cleaned when needed.

The Governing Board chose to have either Chuck Mahles or the Biggest Little Band play for the street dance following the Senior Picnic on May 22. Final arrangements for the picnic will be made early in May.

Other miscellaneous business was discussed including having the swimming pool open certain nights of the week, plans for Parent's Day which will be held in fall of next year, and having open Student Governing Board meetings once every two months or thereabouts.

## CLUB NEWS

Sunday evening the U.S.F. had, as their guest for supper, the High School Pilgrim Fellowship. They continued their studies on different religions by having a minister from the Society of Friends, more commonly known as Quakers, talk to them on his faith. This was followed by a discussion on the differences between the two religions.

The Sunday after Easter vacation will be devoted to the study of the Mormon religion.

The Waikiki Room in the Nicolet Hotel was one of the highlights of a trip taken to Minneapolis, April 13, by the Dietetic Club. In the tropical atmosphere, the members had an opportunity to try food that is typical of the Hawaiian Islands.

The agenda consisted of an afternoon shopping and a choice between seeing Cinerama or the Ice Follies.

At the last business meeting on April 8, plans were made for the coming Senior Dinner which is to be held May 8, at the White Pine Inn in Minnesota.

## HOME EC CLUB PRESENTS IFYE BARB NESS

The meeting of the Stout state college Home Economics club was called to order by vice president Beverly Duerkop, on April 15, at 7:30 p.m. in the Stout auditorium. The treasurer reported on the balance of the books, including the sale of dishcloths for the Home Economics club scholarship project and the success of the first annual talent show which was held in conjunction with the YWCA Mother-Daughter banquet on April 6.

The chairman of the Home Economics club Senior Breakfast announced that the breakfast will be held on May 18, 9:15 a.m., in the dining room of Bertha Tainter Hall. All Home Economics club members are invited to the breakfast. Tickets for the breakfast will be on sale after Easter in Harvey Hall. Committee chairmen of the breakfast are: general chairman, Patty Jo Hovde; general arrangements, Deanna Grzybowksi; program chairman, Cynthia Bauer; menu chairman, Ann Kofod; decorations chairman, Margaret Douglas.

After the Senior Breakfast report, Rita Casey, social chairman, and representative to the WHEA college club section convention which was held in Green Bay, gave the highlights on this bi-annual meeting.

Following the business meeting, Barbara Ness, a recent graduate of Stout state college, related her experiences as an IFYE student to Finland. Barb's colored slides interspersed with her interesting humorous comments presented a living picture of life in this Scandinavian country.

## NEWS OF OUR ALUMNI

Glenn E. Lockwood, B.S. 1932, is design engineer for the Wm. J. Collins Co. consulting engineers, who are currently doing the mechanical plans for the new \$14 million dollar CAA Training Center at Oklahoma City, Oklahoma. He previously taught automotive mechanics, aeronautics, and metalwork in Oklahoma City, and weathered the depression as ambulance driver, draftsman, building engineer, and millwright. He accidentally got in the air conditioning business in 1937 and has been associated in the mechanical and electrical engineering field continuously since, including three years in the army engineers with service in France, Belgium, Germany, Philippines, and Japan as materials expediter in the construction of hospitals during 1943-45. He has been married since 1934 to an Oklahoma City school teacher who has been teaching biology there and is now head of the science department at Central high school. Glenn built his own home at 1715 North Kelley and the welcome mat is out. He would like to hear from or see any of the "Early Thirties" gang.

Appearing on the ballot of the Wisconsin Dietetic Association this spring for president-elect is Dorothy Edlin, B.S. 1936, who is chief dietitian at the Dispensary-Emergency Hospital in Milwaukee. She did her internship at Charles Miller hospital in St. Paul, Minnesota; and was dietitian at V. A. Hospital in Fort Bayard, New Mexico, St. Paul, Minnesota; Deaconess Hospital and Municipal hospital, Virginia, Minnesota; and owned and operated a tea room. She has held the offices of treasurer and president-elect of Milwaukee Dietetic Association.

chairman of diet therapy and community nutrition committees, delegate of Wisconsin Dietetic Association, chairman of Area IV for Diet Therapy section of the American Dietetic Association, and chairman of the local arrangements committee for the A.D.A. National convention in Milwaukee. She lives at 2163 N. 73rd Street; Wauwatosa 13, Wisconsin.

Valerie Paff Darga, B.S. 1946, is listed on the ballot of the Wisconsin Dietetic Association for the nominating committee of the Milwaukee association. She is dietitian at Columbia hospital in Milwaukee, and took her internship at Peter Bent Brigham Hospital. She was also Director of Dietetics at Kenoza General Hospital, and assistant dietitian at Theda Clark hospital. She has been program chairman, diet therapy chairman, and secretary of the Milwaukee Dietetic Association. Her home is at 8980 N. Port Washington Road; Milwaukee 17, Wisconsin.

Herschel H. Chalfant, Dip. 1923, has an insurance agency in Michigan Center, Michigan.

Mr. and Mrs. Paul Schuman announce the birth of a daughter, Cynthia Sue, on March 8. Mrs. Schuman is the former Merna Goodell, B.S. 1937. They reside at 5235 Harbor Court, Madison, Wisconsin.

### IR CLUB HOLDS MEET. REPORTS PRESENTED

A meeting of the International Relations Club was held last Wednesday evening in the audio-visual room of the library.

Tom Nigbor reported on the mock United Nations conference held recently on the University of Wisconsin campus which six members of the club attended. Members who attended were Jo Daniels, Penit Potijinda, Father Armando Alfaro, Afif Hajir, Tom Nigbor, and John Ong.

Betty Fraley then spoke to the group about her trip to New York City and Washington, D.C. She told of the sessions of the United Nations at New York and of the sessions of Congress at Washington, D.C. which she viewed. She also related how the Stout International Relations Club could become affiliated with the Collegiate Council of the United Nations.

The next International Relations Club meeting will be held Wednesday, May 1, 8:30 p.m., audio-visual room of the library. A student on campus from another country will be the speaker and will discuss a current affairs topic. All students and faculty members are invited to attend.

### HOME EC CLUB PLANS SENIOR BREAKFAST

The annual Senior Breakfast sponsored by the Stout Home Economics Club will be held on Saturday, May 18, 9:15 A.M., Bertha Tainter Hall dining room.

Again this year, as in previous years, senior members who have paid their dues for the year will be admitted free of charge.

Admission of seniors to NHEA and WHEA will be a part of the program during the breakfast.

All Home Economics Club members are invited to attend the breakfast. Tickets will be on sale in Harvey Hall after Easter vacation.

General chairman of the event is Patty Jo Hovde. Other committees and chairmen follow: Ann Koford, food chairman; Peggy Douglas, decorations chairman; Joan Hobbick, tickets chairman; Deanna Grybowski, general arrangements.

### GRADUATES FIND HOME TOWN ATTRACTIVE

A community dreams of enriching itself by sending its talented young people off to college and then drawing them back as business men, doctors, lawyers, and teachers.

Indications are that, in teaching at least, it may be more than a dream! A recent study of 630 young high school teachers who were graduates of the Wisconsin state colleges since 1947 shows that the old home town is still attractive. Almost one out of every three teachers return to teach within 50 miles of home.

One out of every eight of the young teachers come back to their own high school to teach after graduating from college. Half of them do not come back the first year after college, but return after a year or two in some "foreign" Wisconsin community.

Another one out of eight of the 630 teachers wandered beyond the borders of Wisconsin for a job. They went to Illinois, Minnesota, Michigan, and California in that order and many of them will never return to Wisconsin to teach.

New teachers are sought by school officials from all over the nation in this period of teacher shortage. It is a credit to Wisconsin that seven out of eight of her teachers want to stay in their home state. Even more remarkable in this age of easy transportation and demand for teachers is the "pull" the home community seems to have.

An answer to the shortage of teachers in a Wisconsin community may be, oddly enough, to encourage qualified young people to leave—for college. The great majority will stay in the state and as many as one out of three may "come home."

The study of young teachers graduating from Wisconsin state colleges was made by Dr. I. W. Schaffer, Whitewater.

### ALPHA PHI OMEGA HAS FORMAL INITIATION

Alpha Phi Omega, national service fraternity, held its formal initiation banquet April 15 at the Colonial Pines. The initiates selected were Walter Mettling and Laverne Bender.

The banquet climaxed the initiation ritual which was held earlier in the evening above the union at which time the two men who were selected as pledges were initiated into APO.

The speaker at the banquet, Phil Johnson, delivered a very interesting speech which was well received.

Students interested in joining APO will have an opportunity of applying for membership again next semester. Remember, joining APO means that you are still eligible for the social fraternities on campus.

## GAMMA DELTA HAS PIZZA SUPPER PARTY

Gamma Delta met on Sunday, April 14, for a pizza supper. Following the vesper service, the members and guests divided into groups of four, each group making their own pizza. To add to the effectiveness of the party, chef's hats and aprons were supplied to the cooks. While waiting for the pizza to bake, movies on Heinz 57 varieties and on modern kitchens were shown. To get the dishwashers started, the group played the game "Sink 'Em," and one by one they filed out to the kitchen to do dishes.

The next meeting will be held Sunday, May 5, at 5:30. On May 19, the New Ulm choir will give a concert at St. Paul's church at the 10:30 service.

That afternoon Gamma Delta will meet for a picnic supper.

"How hollow it sounds!" said a student to the doctor sounding his chest. "Oh, that's nothing," said the doctor, "wait until we get to the head."

## PA GROUP PLANS FOR REMAINDER OF YEAR

Planning for the annual copper-enameled earring sale and the May Day Tea were the main orders of business at the Pallas Athene weekly meeting held last Thursday in the library.

Marion Kindschy, general chairman of the sale, reported that the jewelry will be sold on Monday and Tuesday, April 15 and 16, in Harvey Hall. A report was given by Muriel Erickson concerning the spring tea to be given Wednesday, May 1, from 3:30 to 5:30 in Harvey Memorial. The faculty and the student body are invited to attend.

Recently elected officers of Pallas Athene are: Pat Christianson, president; Marlys Pettis, vice president; Diane Davis, secretary; Pat Soldner, treasurer; Rita Casey, Panhellenic representative; Bette Zander, historian; Yvonne Swenson, alumni secretary; Louise Grant, Stoutonia reporter; Lil Holst, sunshine chairman; and Helen Froehlich, chaplain.

Helen Froehlich reported on dinner dance favors for the annual PA dinner dance to be held at the Hotel Marion on May 10. Fern Mathey discussed the booth that the group sponsored at the "S" Club Carnival last Saturday.

A gentleman at a musical party asked a friend in a whisper, how he should stir the fire without disturbing the music. "Between the bars," replied the friend.

## HIGHER RATIO OF MEN AT THE STATE COLLEGES

Men outnumber women on Wisconsin state college campuses by more than two to one.

The most "overbalanced" schools are the Institute of Technology at Platteville with an all-male student body, River Falls where there are three men to every one woman, and Platteville college where the ratio is just slightly over two to one.

The most even distribution of sexes is at Whitewater where a class of 25 college students averages 13 men and 12 women.

The recent enrollment study by the state college regents shows that most of the women are studying to be teachers, more than eight out of ten. The others are in liberal arts or pre-professional courses except for one unique coed. She is enrolled in engineering at the college at Eau Claire.

Fifty-four per cent of the men plan to teach. Of the others, more than 1,900 are in liberal arts, 750 are in pre-professional courses, and 500 are in engineering.

The colleges report a second semester enrollment total of 10,762 students on the ten campuses. Last year the second semester enrollment was 9,947.

## CHANCES OFFERED FOR SUMMER EMPLOYMENT

To answer the needs of students and educators, the Advancement and Placement Institute announces publication of the Second 1957 Edition of **The World-Wide Summer Placement Directory**. The directory, prepared as an aid to those who wish new ideas for ways to earn while they vacation, was so enthusiastically received and the demand was so great that a second edition in greatly expanded form has been prepared.

The new directory gives descriptions of the type of work available with names and addresses of employers regularly needing additional summer employees. Included are government positions, dude ranches, travel agencies abroad, work camps, service projects, national parks, summer camps and resorts, career trainee opportunities, study awards all over the world, and many others. Opportunities are presented from all 48 states and more than 20 foreign countries.

At the request of many students, a special new section has been added to the second edition for those students wishing to use their summer in trainee programs for future career opportunities. Positions are available in hundreds of firms in more than forty fields of business, industry, government, science, recreation and education.

Additional information may be obtained from the Stoutonia office or by writing to the Institute at Box 99C, Greenpoint Station, Brooklyn 22, New York.

A word to your friends for a nickel! The Pallas Athene sorority sponsored a telegram booth at last Saturday's "S" Club carnival, equipped with typewriters, typists, and messenger girls who delivered messages to any "place within the Menomonie city limits". Above, left to right, are Ruth Stratman, Gwen Urbanz, Beverly Spry, and Carol Bibby dictating a message to Diane Jansen while Fern Mathey waits to deliver it. Did you receive one of these mysterious messages?

## INTRAMURAL SOFTBALL STARTED THIS WEEK

The scheduled play for the intramural softball league will soon be starting with the following teams participating: FOB, Sig Tau, Phi Sig, Delta Kappa, Rinki Dinks, Rockets, Chi Lambda, Stout Sluggers, Delta Kappa II, and the Cellar Dwellers. Because of the lack of time a six game round robin will be played. Watch the bulletin board in the physical education building for the schedule.

## MAY DAY TEA TO BE GIVEN BY P A

A May-Pole with pastel multi-colored streamers will form part of the annual May Day Tea on Wednesday, May 1. The tea sponsored by Pallas Athene sorority, will be held in Harvey Memorial from 3:30 to 5:30.

An atmosphere of spring will be carried out in the decorations and in the piano-music background. Punch, pastel-colored frosted cake, and May-baskets will form the refreshments.

All students and faculty members are invited to attend the tea. Hostesses will be members of Pallas Athene.

A girl at school was asked if "kiss" was a common or proper noun. After some hesitation she replied: "It is both common and proper."

## JUNIOR PROM TO BE HELD SATURDAY

"Moonlight Cocktail" is the theme for the Junior prom which will be held in the high school gymnasium on May 4. Bob Leighton will provide the music from 9 p.m. to 1 a.m.

The big attraction in decorations will be a wishing well with running water, set in a park scene. Other features are the punch stand which is a big champagne glass, the band stand which is a huge napkin cloud, and the garden bench which is backed by a champagne glass silhouette. The ceiling is a beam of light in shades of blue. Mary Ann Spangler and John Wilke are in charge of decorations.

Queen, Barb Taylor, and king, Jim Jensen who is junior class president will reign. The court of honor will consist of Bob Dahlke, vice president, and Bo Brown; Ruth Thomas, secretary, and Russ Sacco from the University of Wisconsin; and Joan Schevee, treasurer, and Jim Martin from the University of Minnesota. Chaperones will be Mr. and Mrs. Myron Harbour. Crown bearer is Tom Fleming and flower girl will be Deanna Mac Anderson. Joe Cook will crown Jim Jensen who, in turn, will crown his queen.

Tickets for the event are \$3.00 per couple.

## LYCEUM AND CONVO PROGRAMS CONCLUDED

The final lyceum and convocation of the current year were held April 12 and 17. On Friday evening the Grass Roots Opera Company presented Rossini's comedy, "The Barber of Seville." The entire opera was sung in English, the translations being done by Robert Bird.

The program was accompanied by the piano melodies of Fredric Popper, who is also the director.

The company had its origin in Raleigh, North Carolina, under the direction of A. J. Fletcher. This was in 1948. In 1954, the troupe began to tour the nation and eventually they hope to have played in every state. Thus far they have toured every southern state and several of the western states.

Of the seven players, one, the comical Bartolo, town physician and guardian to Rosina, comes originally from Milwaukee.

The program was well accepted, and most students seem to be in favor of scheduling a similar program in the future.

On April 17, the final convocation was presented, dealing with the subject of social etiquette. The program seemed quite appropriate when we check the school calendar and see all the spring social functions which are scheduled.

To open the program, members of the Junior class gave a short skit, imitating the Prom, which "set the stage" for lecturer Russell Curry, whose topic was "It's a Date."

He stressed that applications of the Golden Rule are the basis for all social etiquette. Said Curry, "Put yourself in the other person's place. Be thoughtful, considerate, and natural, and you'll be right. If you're embarrassing someone, you're not being considerate." And a reminder to the fellows, "At all times the boy is the boss, but remember, you must accept the responsibility as well as the title."

Throughout the program students were urged to ask questions concerning matters of social etiquette.

## WEATHER BIRD

Slightly warmer and continued cloudy is the bird's forecast for Saturday.

"Maybe we will have a shower or two," he said, "but it's only a bare possibility."

Clearing skies and warmer temperatures are in store for Sunday.

## KAY HAWKINS CHOSEN STATE REPRESENTATIVE

Kay Hawkins, a junior home economics education major from Chippewa Falls, Wis., was recently selected to attend the National 4-H Club Conference in Washington, D.C. this summer. She is one of four Wisconsin youths who were chosen because of outstanding performance in 4-H club activities.

"I think it is a great honor to be given the opportunity of representing Wisconsin 4-H'ers at this national event," said Kay when asked about her trip. She has been a member of the Sunnyside 4-H club of Chippewa Co. for 12 years and has held each of the offices at one time or another. Last summer she directed a prize-winning drama production. The play won first place in the county and went on to win top honors in district and state fair competition.

Kay is a member of the Delta Zeta sorority and is the social chairman. She has served the YWCA as Inter-Religious Council and district representative. In Home Economics club, she has been roll call committee chairman. Second semester of this year she has acted as president of the campus 4-H club.

In 1955, Kay won the 4-H Key award which is given to 4-H boys and girls who demonstrate outstanding achievement in several different projects over a period of years. She has attended State Club Week at Madison.

KAY HAWKINS

son and won many blue ribbons in competition at the Northwestern Wisconsin District and State fairs.

Perhaps Kay has received some inspiration from her mother who was president of the state 4-H leaders last year and is now director on the same board. Mother and daughter have worked side by side in 4-H activities for many years.

Kay will leave from Chicago on June 11 and visit Niagara Falls, Michigan, and Canada on her trip to Washington, D.C. While there she will visit places of interest in Virginia, Vermont, and the Capital City. "I am looking forward to seeing the historical monuments," states Kay, but an especially interested in Gallaudet College, which is the only college for the deaf in the world. Delta Zeta furnishes this school with some books, library furniture, and scholarships and I'm anxious to tell my sorority sisters about this college."

Kay will be at the convention from June 15 to the 21.

Last summer Kay worked as a 4-H assistant club agent in Rice County, Minnesota. She had charge of the 4-H program and saw two of her demonstrators receive champion awards in state competition.

## DR. WALL SERVES AS EVALUATOR FOR GROUP

Dr. G. S. Wall, professor of education at Stout state college, served as a member of the evaluating committee of the North Central Association of Colleges and Secondary Schools which recently evaluated Aradlin high school.

At Stout, Dr. Wall is a member of the staff of the graduate studies program.

## STOUT COED FEATURED IN RECENT ARTICLE

Subject of a colorful feature article in a recent issue of the Onalaska, Wisconsin, newspaper was Alice Yamamoto, Stout home economics senior who did her student teaching at Onalaska high school. Miss Yamamoto and Lois Oursrud both resided for six weeks in Onalaska to complete their off-campus cadet teaching.

In the feature, Alice is complimented for developing a classroom bulletin board which depicted to high school students her life in Hawaii. She also described to the Onalaska reporter the many similarities between living in Wisconsin and living in her native islands.

According to the feature, Miss Yamamoto's classes gained much from learning about the diverse racial and nationality groups which populate the Hawaiian Islands, all living together peacefully, yet each retaining part of its traditional culture.

## "DIXIELANDERS" OF RED WING GIVE LYCEUM

A very fine lyceum was presented Wednesday night by the "Dixielanders." The group is part of a dance band which was organized during the last few years by the members.

The group started getting together for fun. Soon after, people started asking them to play for various programs. The players attend Red Wing high school with the exception of Bill Schneider who is a freshman here at Stout.

Fete Vollmers arranged all of the music for the group. During a performance, each of the group had a solo.

All who attended the program enjoyed it and a repeat performance has been suggested by some.

Bill Schneider, on behalf of the group, would like to thank all who attended. Their satisfaction has been fulfilled through your enjoyment.

## CONFERENCE FEATURES JARVIS AS SPEAKER

Principal speaker at the recent annual industrial arts conference of Mankato state teachers college was Dr. John A. Jarvis, dean of the division of industrial education at Stout state college.

Pictured is Barb Bratley, sophomore coed from Racine, Wisconsin, who will compete with 30 other students in a national campus queen contest. She will represent Stout state college.

## BOARD MEETING HELD TRANSACT BUSINESS

The first Governing Board meeting of the month of May was called to order by President Jackson at 7:00 in the Trustees Room of Harvey Hall.

A report on the International Relations Club convention was given by Jo Daniels. A summary of the entire week end was reviewed.

The Metals Guild has agreed to repair the sun dial for the students. There will be no charge for this service. All the students say "Thanks, Metals Club."

The ruling of wearing of bermuda shorts to class, to the library during school hours, and the school cafeteria was renewed. There will be no wearing of bermudas to the above places according to the campus rules set by the administration.

A new policy of the SSA is that the office will be open every hour of every day. The new class representatives will fill in the present free hours.

Movies will be shown on lax week ends during the school year of 1957-58. There will be a slight charge, but the movies will be very enjoyable.

There will be an open Governing Board meeting on May 14 at 7:00 in the auditorium. This will also continue next school year with each open Governing Board meeting being held once a month in the auditorium. At the last meeting of this year, many important issues will be discussed: no cut system, teacher evaluation, parent's day, and the homecoming bunnies.

If any students have further suggestions, leave them in the SSA office prior to the meeting. This will be an important meeting. Every student will want to attend.

## DR. RUDIGER ATTENDS REGIONAL CONFERENCE

Taking part in the central regional conference for trade and industrial education of the U.S. Department of Health, Education and Welfare was Dr. E. Robert Rudiger, associate professor of industrial education at Stout state college. The conference was held in Louisville, Kentucky.

D. Rudiger served as recorder for a sectional group discussing "How Vocational Industrial Education Can Meet the Training Needs Resulting from Technological Changes in Industry."

Attending the conference were state supervising personnel for vocational industrial education and teacher trainers from 12 states in the central region. Theme of the conference was "Technical Education."

## CAMPUS QUEEN COMPETES FOR NATIONAL TITLE

Chosen as Stout's campus queen, Barb Bratley from Racine, is competing with 30 other coeds in the national campus queen contest.

Winner of this contest, sponsored by the Minneapolis Sunday Tribune, will be featured in the Rotogravure section of the Tribune. The winner's "Life on Campus" will be depicted with pictures.

Judged on the basis of beauty and photogenicness, Barb was selected from a field of eight students by three Menomonee merchants.

Chances are one will find this attractive miss engaged in some form of sports. Loving to swim, Barb teaches swimming here at Stout and works at a pool in the summer. Other activities Barb participates in are the Alpha Sigma Alpha sorority, Home Economics club, and Synchronized swimmers. In her spare time Barb pursues another hobby, that of knitting.

## DR. SWANSON AIDS IN PRODUCTION OF FILM

"Forming Plastics Sheet Materials" is the title of a new 14-minute, sound, color motion picture in which Dr. Robert Swanson, associate professor of industrial education at Stout state college, cooperates in the three plastic press which he invented and which is now being manufactured by O'Neill-Irwin Co., Lake City, Minnesota.

The film is to be listed in 12 state film libraries and will also be distributed through O'Neill-Irwin. Distribution of 24 prints will be made on a free loan basis. Prints will be available through the library of Stout state college and through the University of Wisconsin.

In the film, Dr. Swanson demonstrates these three basic methods of plastics forming: mechanical stretch forming, vacuum forming and blow forming. Projects which appear in the demonstration include a model sailboat, a planter and a free form candy dish.

"Forming Plastics Sheet Materials" is intended for industrial education classes, not industry. It was filmed by Empire Photo Sound Co. for O'Neill-Irwin.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member  
Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days.

Entered at the p. o. office, Menomonie, Wis., as second class matter.

The Stoutonia is a little more than just a newspaper; it is an educational experiment. It is written to inform, enlighten, and to give its staff members experience that conforms to good journalistic principles and practices. ## FROM THE EDITOR'S DESK

From the University of Wyoming comes this report.

On the recommendation of the Student Senate and the ODK Leadership Conference, the social committee has drafted a new plan which would eliminate the arbitrary selection of dates for social functions on the campus of the University of Wyoming. The seven point coordinating plan follows:

1. Approximately one month preceding the end of each semester all student organizations wishing to schedule social functions for the next semester would submit requests to a social coordinating committee composed of students and the dean of men and dean of women.
2. The social coordinating committee will then assign dates for the social functions, adhering as much as possible to the wishes of the groups involved.
3. The semester's social calendar would be prepared and sent out to all applicable organizations.
4. Appeals from assigned dates would be taken care of by the dean of women and the chairman of the senate social committee.
5. At the beginning of each semester, information concerning the availability of approved places for social functions, bands, and chaperones will be sent to all organizations concerned.
6. Two weeks before a group holds its assigned social event they will be required to submit an information form to the dean of women's office including names of chaperones, place, band, time, and other arrangements.
7. This plan will also include the sending of a weekly social calendar to all fraternity, sorority, and dormitory groups for posting.

A plan such as this would certainly be welcome here at Stout.

## CLUB NEWS

Installation of officers highlighted the meeting of the 4-H Club held recently in room 10 of the library. Kay Hawkins was in charge of the ceremony and acquainted the following officers with the nature of their new offices: president, Helen Froehlich; vice president, Ruth Olson; recording secretary, Marilyn Bangs; corresponding secretary, Ellen Bruce; treasurer, Jean Sprain; publicity chairman, Pat Soldner; historian, Amanda Tumm; program chairman, Carol Bibby; and membership chairman, Rita Horkan.

The next 4-H Club meeting will be held May 15 at 5:45 p.m. at Riverside Park. A picnic lunch plus recreation will make this group's final meeting this year a memorable one. Anyone interested in attending is urged to sign on the bulletin board.

An inspirational week end is in store for fifteen members of the Stout Christian Fellowship as they are planning to attend a spring conference at Grantsburg which starts this afternoon.

Students attending colleges or universities from Minnesota and western Wisconsin will also be participating. The members will be staying over to return Sunday afternoon.

"Operation Big-Sweep" will really be climaxed when Newman Club members from the Stout campus canvass Menomonie Saturday morning, selling brooms as part of a civic project to

promote indoor and outdoor cleanliness in the city.

Under the direction of Dick Popp, Newman Club president, and Mary Ticker and Jim Lambert, the group will begin selling the brooms at about 9:30 a.m. Several other students have been responsible for mapping out and dividing the city. A general plan by which all areas can be covered thoroughly has been arranged by the committee.

The brooms are a nationally famous brand of the highest quality made especially for this project. The broom-wrappers have the huge emblem and slogan of the Newman Club. The Newman Club motto is "Heart Speaks to Heart." The sturdy brooms, with a green handle, will sell for \$2 which is the regular retail price and are available for indoor or outdoor use. The students have urged the residents to be sure to purchase an extra broom for outdoor use, keeping the sidewalks of Menomonie clean and attractive.

Friday, April 5, 1957, dawned overcast and threatening of snow. However, many hearty members of Stout's honorary fraternity, Epsilon Pi Tau, decided to chance the elements and go on their spring field trip. The rough plan for the day, as laid down by field trip chairman Don Maurer, was to travel to Owatonna, Minnesota, tour Josten's Manufacturing Company there, and then return home.

When the group arrived at the plant, they were met by their host, Stan Fox—Stout alumnus, EPT member, and now plant engineer at Josten's. The first step on Stan's planned agenda was an introduction to the plant processes. Then, an informal coffee and doughnut hour was used as a question and answer period. The remainder of the forenoon was spent touring the jewelry plant. After devouring a free noon meal in the cafeteria, the group was taken through the company's printing plant. By this time the day was nearing an end and all that remained of the trip was the journey home.

Epsilon Pi Tau wishes to extend its heartfelt thanks to all who were responsible for this field trip, particularly Stan Fox and the management at Josten's. The members who made the trip were unanimous in agreeing that they had a profitable, enlightening, and enjoyable time.

## BEST STORIES TOLD BY COLLEGE PRESIDENTS

Among the best stories told by college and university presidents are those in which the president's identity is a secret.

La Crosse state college president, Rexford Mitchell, was forced to share a seat on a crowded train with a talkative widow traveling from her home in a university town in the east.

"College professors," babbled the lady, "are absolutely the stuffiest people in the world. I have one rooming at my house and he is typical of all 100,000 of them — snobbish, dreamy, and inhuman."

President Mitchell tried in vain to break into the conversation with a mild defense of himself and his colleagues but the lady was not to be interrupted. Her tirade was long and bitter.

"By the way," she finally asked as the train ride was ending, "What do you do?"

"I'm one of them," admitted the president, and he enjoyed two minutes of frosty silence as the ride ended.

University of Wisconsin president, E. B. Fred tells of walking up Bascom hill on campus with a freshman boy from far northern Wisconsin.

"What is your name, my boy?" asked the kindly president.

"John Smith," said the youngster.

"What's yours?"

"I'm Fred," said the president.

"Pleased to meet you, Fred. What's your last name?" asked the boy.

President Jim Dan Hill of the state college at Superior attended a student-recital given by an accomplished violin student from the music department.

He sought out the parents of the student after the recital to tell them how much he enjoyed the polished performance of their talented daughter.

The beaming parents thanked him and informed him that the daughter of the college president was also an accomplished musician.

"But," boasted the father, "our daughter has gone way beyond her with a lot fewer lessons."

President Hill moved anonymously away.

## CAR WASH SCHEDULED FOR SATURDAY, MAY 4

Going to the Prom with a dirty car? No need to! The Sig Taus are conducting their annual car wash tomorrow at Phil's Standard Service station from eight till four. The cost — only one thin dollar or one and a quarter for white walls. Here's your chance to get clean, don't miss it.

## HINTS GIVEN BY STOUTONIA FOR CLUB ARTICLES

The first reporter's conference was held last Wednesday night with seventeen organizations represented. Hints for better reporting came from Alice Weltzin, Bill Erpenbach, and Dr. Thomas Fleming. Their main point for better club publicity was to condense the material into a couple of short, brief paragraphs.

Although "condensing" was the main theme, the clubs were also cautioned against cheating themselves by leaving valuable material out. Bill gave the ideal length as about twenty typewritten lines which is equal to about two and a half column inches.

The clubs were reminded that each time an article about their club is printed, that it is advertising for Stout. To be sure that this "free advertising" will be printed, it should be handed into the Stoutonia office either handwritten or typed double spaced, preferably proofread, and on time.

Most club news is due on Friday, a week in advance of the printing date, but slight changes may be made occasionally as late as Wednesday or Thursday morning in the print shop.

## DR. SWANSON SPEAKS ON PLASTICS IN SHOP

Speaking to two educational groups on important aspects of plastics in the industrial arts curriculum has been Dr. Robert Swanson, associate professor of industrial education at Stout state college.

"The industry in Industrial Arts—Plastics as an Illustration" was Dr. Swanson's topic before the industrial arts section of the seventh annual secondary education conference of Iowa state teachers college.

Leading a plastic forming process workshop of the Industrial Education Teachers of Waterloo, Iowa, Dr. Swanson also spoke on "Professional Aspects of Plastics in Schools Shops." He later demonstrated plastics forming on the Di-Aero plastic forming press, of which he is the inventor.

## NEWS OF OUR ALUMNI

**Emanuel E. Ericson, B.S. 1919**, professor of industrial arts, emeritus, at the University of California, Santa Barbara College, departed for Kansas City Tuesday to take part in a meeting of a national accreditation committee in industrial arts education and to speak at the convention of the American Association of Industrial Arts.

The veteran professor has worked with the committee for two years in preparation of a document to present industrial arts teacher training. It is to be part of an over-all accreditation program by the National Council for Accreditation of Teacher Education. The industrial arts report is now being studied in its final draft.

The committee is also preparing a larger publication for use by all colleges in the industrial arts field containing standards by which they may prepare themselves for accreditation by the Council.

Ericson is one of three educators to speak before one of the general assembly meetings of the AIAA. His subject will be "Evolving Concepts in Industrial Arts Education." The well-known industrial arts educator retired from active teaching a year ago after 31 years of service with Santa Barbara College. He is continuing his writing and professional research work.

The following people and their date of graduating are all employed by the General Electric Company: S. L. Armentrout, 1930; W. J. Aune, 1932; G. Blanchard, 1946; R. G. Brierley, 1934; R. Fian, 1927; P. F. Kuna, 1948; K. N. Loper, 1948; G. W. Luhn, 1935; L. H. Mattson, 1943; R. J. Moccasin, 1943; A. F. Schlumpf, 1932; E. M. Seabury, Jr., 1945; R. Shaw, Jr., 1948; A. Torrisi, 1943; J. R. Trinks, 1931; A. Turner, 1942.

The Davis Engineering Company, 2512 Fifth Ave. West, Hibbing, Minnesota, is owned by Robert Davis.

SCHULTZ BROS. CO.  
MENOMONIE • WISCONSIN

**B.S. 1932**. The company manufactures the Davis laboratory pulverizer, and the Portabarrow. They are the designers and builders of special mining equipment, and also do machine work, pattern work, and foundry service.

The Metropolitan Stout Alumni Association of Detroit held their annual dinner dance on January 19 at the Grosse Pointe War Memorial. There were eighty-five members and guests present. Mr. and Mrs. Francis Shaw were in charge of the party.

**Reinhold E. Schoenoff, B.S. 1927**, is at present employed in a power house of a steel mill. He lives at 1110 Berkeley Avenue, Pueblo, Colorado.

The U.S. Navy's Officer Candidate School graduated its 30th class in ceremonies aboard the naval station Rear Admiral Thomas E. Robbins, Jr., president, Naval War College, Newport R.I., spoke to the 325 new officers and presented the honor graduates with their certificates. Among the graduates was Ensign Frank R. Trafford, B.S. 1936 and also a member of the FOB fraternity.

To earn this commission he and his classmates had to successfully complete an eighteen-week, intense course of study and military indoctrination, which covered such subjects as navigation, engineering, seamanship, military justice, and naval weapons. Having done so, the class members will now report to their respective ships and stations in the fleet and shore establishments of the Navy. Some will report first to further training which will be relative to their new duties, then on to their permanent duty stations.

431 of the class will report to ships of the fleet, 153 will go to aviation billets, and 67 have been ordered to engineering and staff corps duties. The remaining new officers will go to special programs such as guided missiles, ship salvage, underwater demolition, and naval security.

### GOLDEN RULE

MAIN STREET

Pictured above is Neil Broeren, second semester sophomore, who was killed Sunday in a car accident.

### NEIL BROEREN KILLED IN HIGHWAY ACCIDENT

Neil Broeren, 19, a sophomore from Thorp, Wisconsin, died as a result of injuries received in an auto accident on Sunday, April 28.

The accident occurred two miles south of Thorp when he collided with another car at an intersection. He died on the way to the Stanley hospital.

While at Stout, Neil was a member of the football team and the Newman Club. Funeral services were held in St. Bernards Church in Thorp at 9:00 on Thursday.

### WISC. TEACHERS GO TO SUMMER SESSIONS

Almost 6,000 Wisconsin teachers will go back to school beginning June 17 at the nine Wisconsin state college summer sessions. Here are some of the things the teachers will do.

On field trips some of them will go to Alaska, far western United States, South America, the Scandinavian countries, and "around the world from Whitewater to Whitewater." Four colleges are offering the travel-study trips, all for college credit.

Those teachers who are artistic, or who want to learn to be, will paint and sketch at "The Clearing" at the northern tip of Door County. Under the supervision of college art professors the teachers will study and attempt to reproduce on canvas the natural beauty of the rocky shores of Green Bay.

Blisters and sore backs are in store for teachers who study conservation at Eagle River. The newest and best methods in stream stocking, fire fighting, tree planting, and game management are taught by college professors, foresters, wardens, and conservationists.

On more traditional campuses the majority of the teachers will live in dormitories, study in libraries, and attend classes, concerts, and lectures at Eau Claire, La Crosse, Menomonie, Oshkosh, Platteville, River Falls, Stevens Point, Superior, or Whitewater.

Back to school almost 6,000 teachers will go. They will suffer through tests and term papers, eat wieners at the school picnic, get grades, and this year—or the next, or next—graduate or get an advanced degree.

Little wonder a tired teacher may welcome autumn and the opening of the "restful" fall term.

### FIFTY INSTRUCTORS MEET AT PLYMOUTH

Exchange of ideas, demonstrations, project plans, methods of project development, and project exhibits took place when approximately 50 electrical instructors met at Plymouth, Wisconsin, to further develop the Industrial Arts Electrical Teachers Resource Unit planning section. In addition to teacher contributions, exhibits were presented by the Crow Scientific Co., General Telephone Co. of Plymouth, and the Wisconsin Electrical and Power Co.

A warm welcome was extended to all present by Elden Amundson, superintendent of Plymouth high school. Mr. Philip Ruchl of Stout state college, who is also technical advisor to the Electrical section of the WIAA, presided at the meeting. Co-hosts for the one day session were Ernest Hauke and Robert Tennessen of the industrial arts department at Plymouth high school.

Others attending from Stout were Robert Spinti, Howard Knop, Rodney Kjoil, Gerald Bleakueck, and Melvin DeHavarte.

### TIME REDUCED FOR AVIATOR'S COMMISSION

The naval aviation cadet information officer at the Naval Air Station, Minneapolis, Minnesota, announced today that college men entering the Navy's new flight training program will be commissioned an officer after only 14 months of flight training.

Heretofore, a naval aviation cadet—frequently called "Navvies"—was required to complete 18 months of flight training before he was eligible for a commission as Ensign in the Navy or 2nd Lieutenant in the Marine Corps.

This early commissioning is not only conducive money-wise, but with it also go the many privileges of a naval aviator.

The Aviation Officer Program, open to college graduates, has been well received during the past year due to the candidate receiving his commission after only 16 weeks of indoctrination and then proceeding through flight training as a commissioned officer. An aviation officer candidate receives full pay and allowances of any aviation officer and he may have dependents and still qualify.

Men between 19 and 25, with at least two years of college are eligible for naval aviation training. Interested students may contact the Navrad Information Office, Naval Air Station, Minneapolis, Minnesota, for detailed information.

Teacher (to geography class): "Can you tell what isle is noted for its great internal improvements?"

Small boy (triumphantly): "Castor-ise."

### YOUNG PEOPLE ENTER MARRIAGE "GOING STEADY"

Today's young people are preparing for marriage by "going steady," says Dr. Charles W. Cole, president of Amherst College in Massachusetts, in the May Reader's Digest in an article entitled "American Youth Goes Monogamous." Young moderns frown upon and shun such dating practices of their parents' generation as cutting in on someone else's date at a dance.

A new and strange chasm between parents and young adults has resulted since "going steady" became the pattern for the social life of the young, Dr. Cole writes.

Three dates in fairly rapid order are not enough to establish the "going steady" relationship, and six are plenty. So the fourth or fifth date can be crucial. If the decision is affirmative, the boy will not go out with any other girl or the girl with any other boy. Each can count on the other for any date, dance, or other social event. If the boy goes far away to school, he is admired by his fellows if he lives a completely monastic life at college. His sacrifice brings him respect and sympathy.

Oddly, the author observes, the revolution is a triumph of rural 19th century customs that caused boys and girls to "pair off" in more or less stable fashion. Nobody is quite sure why today's young people have reverted to earlier ways, but one result is clear. The average age for marriage has dropped rapidly. Couples "going steady" often play with the idea of marriage as early as the second or third date.

The article is condensed from Harper's Magazine.

## STOUT DROPS TWO MORE TO RIVER FALLS

The Bluedevils played their first home games when they hosted the River Falls Falcons at Wakanda Park. Stout suffered their third and fourth defeats of the 1957 season. In the first game River Falls won by a score of 5-1.

## EIGHTEEN MEN BEGIN OFF CAMPUS TEACHING

Men doing off campus teaching this quarter are: Herbert Brodt, Bloomer high school; Kenneth Lehman, Cheek high school; Roger Wood, Eau Claire senior high; Richard Match-nig, Eau Claire senior high; Richard Anderson, Eau Claire senior high; Romaine Enderson, Hudson high school; Robert Niemiste, Central high; La Crosse; James Nelson, Central high; La Crosse; William Jyhla, Central high; La Crosse; Lefroy Zwick, Menasha; Robert Ostrom, Mondovi; William Glavan, New Richmond; Wilbur Hanson, Jacobs high; Stevens Point; Leo Piena, Waupaca; Carl Putnam, Wausau; Larry Loveland, Wausau; Harry Nysather, vocational school; Eau Claire; and Anton Kotzky, Menasha.

## STOUT HOSTS LA CROSSE FOR DOUBLE HEADER

Saturday, May 4, Stout hosts La Crosse for a doubleheader baseball game at Wakanda Park. The La Crosse team is rumored to be quite strong this season. Last season in a doubleheader at La Crosse, Stout split with La Crosse, taking the first game 5-4 in ten innings. In the second game La Crosse shut out the Bluedevils.

Coach Gerlach has felt that the men on the team have been hitting very well, even better than he had anticipated, but the pitching and fielding must improve. To win the La Crosse game Coach Gerlach has said that the team must improve a great deal in practice this week. In an attempt to win, the coach may change the lineup somewhat.

## SHOTGUN INTRAMURALS UNDERWAY AT STOUT

Intramurals began April 17 at Stout. The first match consisted of (handtrap) shotgun. John Malmin won the match by breaking four birds. Other students participating were Jerry Barger, Bill Catliff, Bill Krager, Herb Brodt, Jim Traxel, Dick Werblow and Rifle club members shooting were Allen Mattson, Glenn Voelt, Dean Bittner, Dave McNaughton, Bill Wiseman, Terry Beaudry and Ralph Hermann.

Win or lose, the baseball team merits the support of the student body. So why don't all you fellows and gals go out to Wakanda park, May 4, at 1:00 o'clock and enjoy a leisurely afternoon at the ball game.

Advertisement: The owners of all dogs found wandering here will be shot.

## MEMBERS REPRESENT LOCAL NEWMAN CLUB

Over 400 Catholic students from Wisconsin, Minnesota, North Dakota, South Dakota, and Michigan attended the North Central Province Newman Club convention held at Mankato state college, Mankato, Minnesota, from April 26 to 28. Among the active and interested groups was a delegation from Stout.

The convention opened Friday evening with an intercollegiate variety show followed by a dance.

On Saturday morning everyone attended the pontifical High Mass offered by the Bishop of Winona. At the first plenary session, Father James O'Brien, national Newman Club chaplain, spoke to the group on the convention theme, "With My Mind, Lips, and Heart." A panel discussion on "Catholic Intellectual Programs for Newman Clubs" closed the morning session.

The panel discussion in the afternoon was concerned with moral, ethical, and social problems that face Catholics in their professions—teachers, businessmen, housewives, physicians, lawyers, and many other professions. The major event of the afternoon was the election of new province officers. Stout's delegates were very active in the campaigns, several of them gave nomination speeches and Betty Havlik ran for the office of recording secretary. The new province officers are:

Chairman, Connie Knoke, La Crosse state; vice chairman, Bill Ivers, North Dakota state; treasurer, Calvin Martell, River Falls state; and secretary, Bunny Brennan, University of Minnesota.

At the banquet Saturday evening various awards and tributes were given. Stout's candidates for Mr. and Miss Newmanite titles were Mark La Bonte and Ann Janda. Ann was chosen to be one of the ten province finalists. Guest speaker at the banquet was Ed Viewman of Owatonna, former radio personality. The banquet was followed by the convention ball in the beautifully decorated college gymnasium.

Mass Sunday was offered at the Good Counsel Academy by Msgr. Anthony P. Wagner, province chaplain. Father Guida of Mankato gave an extremely inspiring speech at the closing plenary session.

Stout students who attended the convention were Rita Pauls, Jean Schwertel, Betty Havlik, Ann Janda, Vignee Achenbach, Sharon Athorp, Mark LaBonte, Dick Popp and Jim Lambert. They brought back a wealth of ideas for improving their club activities and their personal lives, as well as acquaintances with Newmanites throughout this province. Plans are being made now for attending next year's convention which will be held at the University of Minnesota in Minneapolis.

## BLUEDEVILS ARE ROUTED TWICE BY ST. CLOUD

The Stout Bluedevils traveled to St. Cloud, Minnesota, for their first games of the season but tasted defeat at the hands of the St. Cloud Huskies.

In the first game of the double-header the Huskies outslugged Stout to the tune of 9 hits to 12 and outscored the Bluedevils 13-5.

A singer had just finished "My Old Kentucky Home."

The hostess, seeing one of her guests weeping in a remote corner, went to him and inquired in a sympathetic voice: "Are you a Kentuckian?"

And the answer came quickly: "No, madam, I am a musician."

A gentleman said to a dilatory waiter: "Are you the lad who took my order for this beef?"

"Yes, sir."

"Bless me, how you have grown!"

Pictured above are the royal couple of the Junior Prom. James Jonen, king, is crowning Barbara Taylor as his queen. Crown bearer was Tommy Fleming, and flower girl was Deanna Mae Anderson.

## JUNIOR PROM HAS UNUSUAL DECORATIONS

A wonderful time was had by all who attended the Junior prom on Saturday evening.

The gym was decorated according to the theme, "Moonlight Cocktail." The big attractions were the unusual punch bowls, the wishing well, and the throne, which was a park bench backed by a champagne glass silhouette. Lawn chairs and tree silhouettes gave the atmosphere of a park.

King Jim Jonen crowned his date Barb Taylor queen of the 1957 prom.

John Wilke and Mary Ann Spangler, co-chairmen of decorations, are to be commended for a job well done.

Bob Leighton and his orchestra were on hand to dish out the musical melodies, while all the couples were spinning on the floor.

The royal court consisted of Robert Dahlke and Bovald Brown, Joan Scheevel and Jim Martin, and Ruth Thomas and Russ Sacco.

## STOUTONIA HAS BANQUET AND PROGRAM

The Stoutonia held its annual banquet at the Hotel Marion last Wednesday night. The officers for the new year were formally introduced to the staff and the retiring editor, Jermaine Folkman, made a formal exit and thanked the staff for their co-operation. This was followed by a "few words from the papers' advisor," Lloyd Whydostek. He considered the year to be a success in that the rumor was out every Friday right on schedule. This job requires a lot of work and co-operation, not only by the staff itself but also on the part of the student and organizations which are the source of the news.

The '57-'58 officers consist of: Bill Erpenbach, editor; Alvin Weltzin, assistant editor; Jim Traxel, business manager, and Gene Kirscht, the production manager.

## WEATHER BIRD

Chances for rain showers are a bit better this week end than during the past month, according to the weather bird.

Skies will remain cloudy, winds will continue at moderate velocity, and temperatures will remain somewhat below normal. Scattered thunder showers are predicted.

That's the bird's word. Have a good week end.

## MANY STOUT FACULTY ATTEND IA CONFERENCE

A number of men from Stout state college had active roles in the 19th annual convention of the American Industrial Arts association. The meeting, held recently in Kansas City, was conducted in conjunction with annual conventions of the American Council on Industrial Arts Teacher Education and of the American Council of Industrial Arts Supervisors.

Dr. Verne C. Fryklund, president of the college, reported on progress being made of the association's Yearbook Number VII, of which he is editor. He also appeared on the association's standing committee which deals with resolutions.

Member of a convention panel which discussed the topic, "Implementing and Correlating Industrial Arts in the Total School Curriculum" was Dr. John A. Jarvis, dean of the division of industrial education.

While in attendance at the combined conventions, Dr. G. S. Wall of the graduate studies staff at Stout was elected for a two-year term as treasurer of the American Council on Industrial Arts Education.

Dr. Robert Swanson, associate professor of industrial education, appeared three times on the convention program. He spoke to one convention group on "Industrial Arts Teacher Education for a Rapidly Changing Society" and was discussion leader for a panel dealing with "Learning Motor Skills."

At another convention meeting, Dr. Swanson took part in a sectional meeting devoted to "Specific Developments in Industrial Arts Needed at the College Level." He also demonstrated the O'Neill-Irwin plastics press of which he is the inventor.

Dr. Theodore Wiche and Edwin Dyas of the division of industrial education were also in attendance at the convention and took active part in the proceedings.

## BENITA SMITH HEARS SPEECH BY DR. SPOCK

In attendance at the annual conference of the Midwestern Association for Nursery Education, held recently in Cleveland, was Mrs. Benita G. Smith, associate professor of home economics and director of the nursery school at Stout state college.

Theme of the conference was "What is Nursery Education?" Highlight of the gathering was an address by Dr. Benjamin Spock, famous pediatrician, psychiatrist and professor of child development at Western Reserve university.

Dr. Spock's book on child care is widely read and the noted author hopes to have a revision available for the public this fall.

## SPRING ATMOSPHERE PREVAILS AT P A TEA

The first day of May was officially welcomed by the P A sorority when they sponsored the May Day Tea for all students and faculty members.

A May-pole with pastel streamers formed a center-piece on the table with daisies and streamers decorating the doors and tables.

The spring atmosphere was also carried out by the punch, pastel colored cake, and "daisies won't tell" May baskets.

## RITA PAULS IS SCHOLARSHIP WINNER

A Stout state college graduating senior coe in home economics, Miss Rita Pauls, has compiled such an outstanding record as a dietetic major that she is one of only two girls throughout Wisconsin to be awarded a Wisconsin State Dietetic Association scholarship to help finance a year of dietetic internship at Stanford university. Rita is the daughter of Mr. and Mrs. Earl Pauls, Casnovia.

Announcement of Miss Pauls' award was made locally by Dr. Alice J. Kirk, dean of the division of home economics at Stout state college. Dietetic graduates of Stout meet the academic requirements of the American Dietetic Association and are then eligible for internship in any

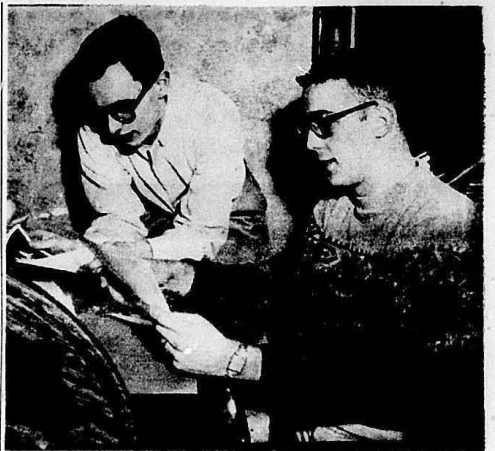

RITA PAULS

ADA-approved hospital throughout the United States.

An unusual situation arose this year in selecting the state scholarship winner. When all candidates had been evaluated on the basis of interest and ability in the professional endeavors of the dietetic field, plus recommendations of teachers and employers, a tie resulted between Miss Pauls and Bernice Matlack, University of Wisconsin, graduating senior in dietetics.

Conferences and polling of members of the selection committee and executive board indicated no preference between the records presented by

Continued on page 4

Shown above are the production manager, James Kogler, standing, and the editor, Rich Vogtsberger, seated, of next year's Tower.

## STUDENTS INVITED TO GOV. BOARD MEETING

At the last meeting of the student governing board, a motion was made and seconded to have an open governing board meeting on the 21st of May, so that the student body could see what the governing board was for, how it operates, and to show some of the things which that body does. An amendment also stated, was that next year, every other meeting of the governing board would be open to students. The ayes had it and the motion was carried.

The essential purpose of this meeting will be the addition of audience participation. After the main business is finished, the meeting will be opened for questions from the audience such as "the no cut system" etc. We urge you to be present at this meeting. If you have any questions about the school you would like to voice, bring them up there; before hand however, would you please stop in the SSA office about your question so that if we have to investigate it, we will have ample time to do so. Remember that the Stout student association and the student governing board is a part of all of us—we be a part of it!

## POP CONCERT TO CLIMAX BAND SEASON

Climaxing the 1957 school year, the Stout state college concert band will present a pop concert in the Stout circle by the campus union on Thursday evening, May 16, at 7:00 p.m.

The group has been practicing a number of enjoyable, light selections, and decided to share them with the student body.

Included numbers in the concert will be: "March Fourth," "My Fair Lady," by Alan Lerner and Frederick Loewe; "Proud Heritage," by William P. Latham; "Lady of Spain," by Tolchard Evans; "La Fonda," by Paul Yoder; and "The Vanished Army," by Kenneth J. Alford.

As you go to meetings or to the library next Thursday evening, do stop and enjoy the selections your college band will present. The presentation will last for approximately one-half hour.

## POSITION OF TREASURER TO BE HELD BY WALL

Elected for a two-year term as treasurer of the American Council on Industrial Arts Teacher Education has been Dr. G. S. Wall, professor of education and member of the graduate studies staff of Stout state college.

Dr. Wall attended the recent national convention of the Council, which was held in Kansas City in conjunction with the convention of the American Industrial Arts association.

## TOWER STAFF ANNOUNCED FOR COMING YEAR

Recently named to head the Tower staff for the 1957-1958 school year are Rich Vogtsberger, editor-in-chief; Jim Kogler, production manager; Pat Soldner, associate editor; and Loren Johnson, business manager.

Additional staff members for the Stout annual will be named next fall at the first meeting.

The Tower will be available to Stout students on or about May 17. Printing of the book was completed on May 1 at the Dairyland Press of New Richmond, Wisconsin. The Bureau of Engraving at Minneapolis, Minnesota, did the engraving for the book, and the National Bookbinding Company of Stevens Point, Wisconsin, is binding the Tower.

Changes in the Tower have been made this year. The book is nine inches by twelve inches instead of the previously used size of eight and one-half inches by eleven inches. More color has been used throughout the book. The Tower staff is extremely proud of the book, and promise that the student body will be equally proud of the production.

Personnel who have worked on the 1957 Tower for now. Editor-in-chief, Carl Smith, production manager, Rich Vogtsberger; associate editor, Kay Ritzman; literary editor, Pat Soldner; assistant literary editors, Tom Pagel and Tom Munro, business manager, Skip Hansen; photographers, Dick Beckman, Jim Daines, and Ray Johnson; advisors, Dr. Barnard and Dr. Adams.

## APO SPONSORS CAMPUS LOST & FOUND DEPT.

Alpha Phi Omega, national service fraternity, has added the CAMPUS LOST AND FOUND DEPT. to its list of campus service projects. The new department is located in the APO office next to room 29, which is in the basement of Harvey Hall. For the rest of this school year it will be operating from 9:20 to 11:20 a.m., and from 2:20 to 4:20 p.m. Monday through Friday.

In an interview with Norm Valiska, president of the chapter, he said: "Alpha Phi Omega is a service fraternity. Its sole reason for existing is to be of service to you, wherever you may be. We of Alpha Phi Omega hope you will take advantage of this service to reclaim your property."

Items now lying unclaimed in the department are: gloves, baggies, glasses, girls' shoes, a dress, a sweater, head scarfs, neck scarfs, pencil cases, an apron, padlocks, a wrist watch, and many items.

Regulations governing the lost and found department will follow the accepted rules for lost and found departments closely. The regulations will be posted in the APO office. Starting next fall an information sheet on the lost and found department, including the rules, will be available for general distribution.

## FROM THE EDITOR'S DESK

From the University of Wyoming comes this report.

On the recommendation of the Student Senate and the ODK Leadership Conference, the social committee has drafted a new plan which would eliminate the arbitrary selection of dates for social functions on the campus of the University of Wyoming. The seven point coordinating plan follows:

1. Approximately one month preceding the end of each semester all student organizations wishing to schedule social functions for the next semester would submit requests to a social coordinating committee composed of students and the dean of men and dean of women.
2. The social coordinating committee will then assign dates for the social functions, adhering as much as possible to the wishes of the groups involved.
3. The semester's social calendar would be prepared and sent out to all applicable organizations.
4. Appeals from assigned dates would be taken care of by the dean of women and the chairman of the senate social committee.
5. At the beginning of each semester, information concerning the availability of approved places for social functions, bands, and chaperones will be sent to all organizations concerned.
6. Two weeks before a group holds its assigned social event they will be required to submit an information form to the dean of women's office including names of chaperones, place, band, time, and other arrangements.
7. This plan will also include the sending of a weekly social calendar to all fraternity, sorority, and dormitory groups for posting.

A plan such as this would certainly be welcome here at Stout.

## CLUB NEWS

Installation of officers highlighted the meeting of the 4-H Club held recently in room 10 of the library. Kay Hawkins was in charge of the ceremony and acquainted the following officers with the nature of their new offices: president, Helen Froehlich; vice president, Ruth Olson; recording secretary, Marilyn Bangs; corresponding secretary, Ellen Bruce; treasurer, Jean Sprain; publicity chairman, Pat Soldner; historian, Amanda Tumm; program chairman, Carol Bibby; and membership chairman, Rita Horkan.

The next 4-H Club meeting will be held May 15 at 5:45 p.m. at Riverside Park. A picnic lunch plus recreation will make this group's final meeting this year a memorable one. Anyone interested in attending is urged to sign on the bulletin board.

An inspirational week end is in store for fifteen members of the Stout Christian Fellowship as they are planning to attend a spring conference at Grantsburg which starts this afternoon.

Students attending colleges or universities from Minnesota and western Wisconsin will also be participating. The members will be staying over to return Sunday afternoon.

"Operation Big-Sweep" will really be climaxed when Newman Club members from the Stout campus canvass Menomonie Saturday morning, selling brooms as part of a civic project to

promote indoor and outdoor cleanliness in the city.

Under the direction of Dick Popp, Newman Club president, and Mary Ticker and Jim Lambert, the group will begin selling the brooms at about 9:30 a.m. Several other students have been responsible for mapping out and dividing the city. A general plan by which all areas can be covered thoroughly has been arranged by the committee.

The brooms are a nationally famous brand of the highest quality made especially for this project. The broom-wrappers have the huge emblem and slogan of the Newman Club. The Newman Club motto is "Heart Speaks to Heart." The sturdy brooms, with a green handle, will sell for \$2 which is the regular retail price and are available for indoor or outdoor use. The students have urged the residents to be sure to purchase an extra broom for outdoor use, keeping the sidewalks of Menomonie clean and attractive.

Friday, April 5, 1957, dawned overcast and threatening of snow. However, many hearty members of Stout's honorary fraternity, Epsilon Pi Tau, decided to chance the elements and go on their spring field trip. The rough plan for the day, as laid down by field trip chairman Don Maurer, was to travel to Owatonna, Minnesota, tour Josten's Manufacturing Company there, and then return home.

When the group arrived at the plant, they were met by their host, Stan Fox—Stout alumnus, EPT member, and now plant engineer at Josten's. The first step on Stan's planned agenda was an introduction to the plant processes. Then, an informal coffee and doughnut hour was used as a question and answer period. The remainder of the forenoon was spent touring the jewelry plant. After devouring a free noon meal in the cafeteria, the group was taken through the company's printing plant. By this time the day was nearing an end and all that remained of the trip was the journey home.

Epsilon Pi Tau wishes to extend its heartfelt thanks to all who were responsible for this field trip, particularly Stan Fox and the management at Josten's. The members who made the trip were unanimous in agreeing that they had a profitable, enlightening, and enjoyable time.

## BEST STORIES TOLD BY COLLEGE PRESIDENTS

Among the best stories told by college and university presidents are those in which the president's identity is a secret.

La Crosse state college president, Rexford Mitchell, was forced to share a seat on a crowded train with a talkative widow traveling from her home in a university town in the east.

"College professors," babbled the lady, "are absolutely the stuffiest people in the world. I have one rooming at my house and he is typical of all 100,000 of them—snobbish, dreamy, and inhuman."

President Mitchell tried in vain to break into the conversation with a mild defense of himself and his colleagues but the lady was not to be interrupted. Her tirade was long and bitter.

"By the way," she finally asked as the train ride was ending, "What do you do?"

"I'm one of them," admitted the president, and he enjoyed two minutes of frosty silence as the ride ended.

University of Wisconsin president, E. B. Fred tells of walking up Bascom hill on campus with a freshman boy from far northern Wisconsin.

"What is your name, my boy?" asked the kindly president.

"John Smith," said the youngster.

"What's yours?"

"I'm Fred," said the president.

"Pleased to meet you, Fred. What's your last name?" asked the boy.

President Jim Dan Hill of the state college at Superior attended a student-recital given by an accomplished violin student from the music department.

He sought out the parents of the student after the recital to tell them how much he enjoyed the polished performance of their talented daughter.

The beaming parents thanked him and informed him that the daughter of the college president was also an accomplished musician.

"But," boasted the father, "our daughter has gone way beyond her with a lot fewer lessons."

President Hill moved anonymously away.

## CAR WASH SCHEDULED FOR SATURDAY, MAY 4

Going to the Prom with a dirty car? No need to! The Sig Taus are conducting their annual car wash tomorrow at Phil's Standard Service station from eight till four. The cost—only one thin dollar or one and a quarter for white walls. Here's your chance to get clean, don't miss it.

## HINTS GIVEN BY STOUTONIA FOR CLUB ARTICLES

The first reporter's conference was held last Wednesday night with seventeen organizations represented. Hints for better reporting came from Alice Weltzin, Bill Erpenbach, and Dr. Thomas Fleming. Their main point for better club publicity was to condense the material into a couple of short, brief paragraphs.

Although "condensing" was the main theme, the clubs were also cautioned against cheating themselves by leaving valuable material out. Bill gave the ideal length as about twenty typewritten lines which is equal to about two and a half column inches.

The clubs were reminded that each time an article about their club is printed, that it is advertising for Stout. To be sure that this "free advertising" will be printed, it should be handed into the Stoutonia office either handwritten or typed double spaced, preferably proofread, and on time.

Most club news is due on Friday, a week in advance of the printing date, but slight changes may be made occasionally as late as Wednesday or Thursday morning in the print shop.

## DR. SWANSON SPEAKS ON PLASTICS IN SHOP

Speaking to two educational groups on important aspects of plastics in the industrial arts curriculum has been Dr. Robert Swanson, associate professor of industrial education at Stout state college.

"The industry in Industrial Arts—Plastics as an Illustration" was Dr. Swanson's topic before the industrial arts section of the seventh annual secondary education conference of Iowa state teachers college.

Leading a plastic forming process workshop of the Industrial Education Teachers of Waterloo, Iowa, Dr. Swanson also spoke on "Professional Aspects of Plastics in Schools Shops." He later demonstrated plastics forming on the Di-Aero plastic forming press, of which he is the inventor.

## NEWS OF OUR ALUMNI

The election ballots for the Stout Alumni Association have been tabulated and the following people have been chosen as officers for the coming year:

John Christensen, national president

Leon Young, national first vice president

Mrs. Rowena Christen Jorgensen, national second vice president

Estell Curry, north east regional vice president

Lawrence Braaten, south east regional vice president

Howard Heigel, midwest regional vice president

Clyde Bowman, west coast regional vice president

John Christensen, Sheboygan Falls, Wisconsin, graduated in 1933 and then entered the armed services. He now teaches industrial arts at Sheboygan Falls high school. John was active in Epsilon Pi Tau and Phi Omega Beta fraternities while at Stout, served as vice president of the Stout Student Association, and was class president of his sophomore and senior classes.

Leon Young, Brainerd, Minnesota, graduated in 1945 and has been teaching in Brainerd high school for the past 12 years. He is very active in recruitment for Stout.

Mrs. Rowena Christen Jorgensen, 2245A East Street, Milwaukee, Wisconsin, and her husband Charles, are both 1931 graduates of Stout. She is teaching at the Morgantale school in Milwaukee besides being a homemaker.

Estell Curry, 8900 E. Jefferson, Apt. 804, Detroit, Michigan, graduated in 1930 and started teaching in the Detroit public schools. He is now a city industrial arts supervisor and co-author of several industrial arts books.

Lawrence Braaten, 2321 S. Joyce Street, Arlington, Virginia, received his B.S. in 1936 and his M.S. in 1951. He is head of visual aids naval officer training for the Bureau of Naval Personnel.

Howard Heigel, 1625 Platt Avenue, Racine, Wisconsin, received his B.S. from Stout in 1953 and his M.S. in 1956. At present he is teaching in the Racine school of vocational and adult education.

Clyde A. Bowman, 452 Catalina Drive, New Port Beach, California,

graduated in 1909 and served as Dean of Industrial Education at Stout until 1953. In 1952 he received the Ship's Citation at the AVA convention, and is now enjoying retirement in sunny California.

Joseph Miglia, B.S. 1956, and Ann Rossmiller, B.S. 1953, were married in July of 1955. Joseph is now trade and industrial coordinator at the Beloit vocational school.

Mrs. Robert Krueger, nee Mary Lou Friberg, B.S. 1949, with their family, including two children, are residing at 811 N. Hine Avenue, Waukesha, Wisconsin. Mrs. Krueger is a full time housewife.

Elen Christensen Goodbody, B.S. 1942 and her husband and two boys are residing at R.R. 2, Waukesha, Wisconsin. Elen is vocational home economics instructor at Wrightstown high school. She is also in charge of the lunch program. She recently accompanied the Wisconsin State Homeholders of Tomorrow on the trip to Washington, D.C., Williamsburg, and Philadelphia.

Frederick L. Curran, B.S. 1935, and his family, including two children, are residing at 18230 Hubbell St., Detroit 35, Michigan. Frederick teaches bench metal and mathematics. In the summer he works at Camp Westminister at Higgins Lake. He is also studying for his advanced degree in mathematics at the University of Detroit.

Norman A. (Toby) Olson, B.S. 1929, and his wife, Caroline Erickson Olson, have two sons, David at home, and Thomas who is a second year man at West Point, and will graduate in June of 1957. Mr. Olson has been teaching in Waconia, Minnesota, for 16 years. He was the past president of their very active Minnetonka Industrial Arts Club. He is elected to city recorder this fall and was a councilman.

Carlton A. Erickson, B.S. 1947, M.S. 1948, his wife, and son are residing at 19273 Edgely St., Detroit, Michigan. He is in charge of personnel education at Parke Davis and Co.

Mrs. Gerain A. Miller, nee Dorothy Wright, B.S. 1945, has been chief dietitian for St. Mary's Hospital for the last two years. For seven years she worked as an administrative dietitian at the Colorado state hospital.

Miss Margaret Harper, president of the Stout NEA chapter, is cutting the layer cake which highlighted that group's party.

## STOUT CHAPTER OBSERVES NEA 100th BIRTHDAY WITH THEME, 'AN EDUCATED PEOPLE FORWARD'

"It's our 100th birthday."

Yes, that's the proud announcement of the 660,000 members of the National Education Association who, in 1957, are celebrating a century of activity and service by their organization. The NEA has appointed a Centennial Celebration Commission to plan many dramatic and meaningful projects at the national level. State and local organizations are planning observances of their own.

Members of the NEA chapter at Stout state college held a recent evening celebration. A large cake depicting NEA services on the local, state, and national levels was a highlight of the occasion. The entire celebration took as its theme the NEA Centennial challenge, "An Educated People Forward."

Centennial objectives are three in number:

1. To consider the decisive role of education in a changing world.
2. To stimulate action to provide adequate education for the increasing millions of children.
3. To strengthen the teaching profession in its service to people of all ages.

According to Miss Margaret Harper, president of Stout's NEA chapter, the three objectives were chosen for a definite reason:

"We want these factors to remind the American public of the importance of their schools during the last 100 years and make them fully aware of the impact of education both now and in the future. These objectives also help the public to understand the

problems produced by increased school enrollments, shortages of teachers, inadequacies of buildings and needs for an expanded educational program appropriate to a changing world."

These aims, NEA believes, will guide teachers to a greater sense of service to children, parents, and community; enhance the prestige of the teaching profession; and develop a stronger professional association.

In addition to Miss Harper, the officers of the Stout chapter of the National Education Association are vice president, Dr. Norman Adams; secretary, Miss Hazel VanNess; and treasurer, George A. Soderberg.

NEA members are divided into 6,000 local associations, 30 departments, 24 commissions and committees, and 13 headquarters divisions. A special commission of 21 lay and professional leaders has established the theme, objectives, and general policies of the centennial celebration.

## LIBERAL ARTS COURSES ARE REVIEWED

The infant liberal arts course at the Wisconsin state colleges got a long and searching look this month by the Regents. It was an appropriate time. The liberal arts program is five years old.

In 1952 there were 50 students in the first graduating class. This spring the eight colleges offering liberal arts will grant 177 degrees.

The college Regents sent an announcement out to more than 300 industries in the midwest in April, telling them that graduates were available. They explained that there was no immediate problem in placing graduates.

"With few exceptions everyone gets a job," they said.

But the Regents want to be sure that the graduate fits the job and the job fits the graduate. They have named a placement officer in the liberal arts program at each college to see that the right graduates meet the right employers.

In the past five years the liberal arts enrollment has jumped to 2,000 at the colleges and the Regents feel that the number is certain to increase. For those who fear that liberal arts will overshadow teacher education there is cheerful news.

"The liberal arts students are coming from preprofessional courses rather than from teaching," says the secretary of the Regents, Eugene R. McPhoe. While the total preprofessional and liberal arts group of students has increased more than 1,700 in the past five years, the number of students in teacher education has increased almost 3,000 during the same period.

It's too early in the life of liberal arts at the colleges to predict success or failure for the "child." But he's a healthy, growing, and well cared for new arrival.

"You're not two-faced, for if you had two faces you wouldn't wear the face you have on now."

### DKs HEAR REPORT OF NATIONAL CONVENTION

On Thursday, May 2, the Delta Kappa fraternity held their business meeting. At this time the group discussed tentative plans for the annual dinner dance which will be held May 18 at the Menomonee Country Club.

The other main event of the meeting was a report by William Bettisworth and Neil Larson, the voting delegates from Sigma chapter, who recently attended the national Delta Kappa convention held at Ithaca, New York. Other members who attended the convention were Richard Backaus, Peter Fulcer, Lester Hansen, James Indihar, Coit Jones, Dan Messmer, and Wayne Stalkoph.

"There's a line in Tennyson's In Memoriam that would suit you well. 'What is that?'"

Behold, I know not anything.

### ACTIVITIES FOR REMAINDER OF YEAR PLANNED

The first governing board meeting of May was held on Tuesday evening, May 7.

A report was given by Bill McKinney about the bulletin board in Bowman hall. It is now being converted to a men's organization bulletin board. Each organization will be designated with a nine inch square cover. Plans will soon begin on the women's organization bulletin board for Harvey hall.

It was the general consensus of the board to pay for the Dixielanders' trip to Menomonee. This will include only the gasoline.

Final plans are being made concerning the all-school picnic on May 22. Lunch will be served from 12:00 to 1:30. The white elephant sale will continue until 3:30 and games will follow for the remainder of the afternoon. Dancing will begin at 8:00.

The no-cut system was brought up and discussed. More discussion will take place at the open governing board on May 22: this will be the only open governing board meeting this year.

Members were chosen for major committees for next year. These students will be notified.

### CLUB NEWS

Arts and Crafts club held a picnic at Wakanda park on May 8. Members met with President Fryklund and Dean Jarvis, honored guests.

A delicious picnic lunch was followed by recreation consisting of softball and volleyball.

He was so reserved in his manners that you'd never suspect he had any.

### BLUEDEVILS ARE BEATEN TWICE BY WINONA

The Stout Bluedevils again went down to a twin defeat. This time it was at the hands of the Winona Reds.

There was fine hitting on both sides, but errors were once again the cause of the Stout downfall.

After leading 4 to 1, with two outs and no one on base in the last inning, an error by Wayne Hejny opened the gates and the Bluedevils lost 5 to 4 before the third out could be made.

The first game box score:

Stout	AB	R	H
Sand	3	1	2
Wilund	4	1	2
Feyerisen	4	1	1
Klaers	2	0	0
Hejny	3	0	0
Bachmeyer	4	0	0
Bredeson	3	0	0
Hills	4	1	1
Kasper	2	0	0
Totals	28	4	6

The final score of the second game was 8 to 4. Stout's box score showed:

Stout	AB	R	H
Sand	4	0	0
Wilund	4	2	1
Feyerisen	4	0	1
Klaers	3	0	2
Hejny	3	0	1
Pagel	3	1	2
Smith	0	0	0
Bredeson	3	1	1
Bachmeyer	3	0	0
Nelson	3	0	0
Totals	30	4	8

### CLUB NEWS

EPT members have selected Tuesday, May 14, at 5:30, as the date and time for their picnic. It will be held at Wakanda Park, rain or shine.

Three EPT members have recently had additions to their families. A boy, Bruce Randall, was born on Easter Sunday to Mr. and Mrs. Joseph Koch; a boy, James Francis, was born on April 30 to Mr. and Mrs. Francis Rauscher; and a girl, Sarah Jean, was born to Mr. and Mrs. William Allen.

Senior YWCA members were honored at a picnic at Riverside park on May 7. Any graduating seniors who had been YWCA members while at Stout were honored guests of the organization.

Tonight, members of the Stout Christian Fellowship will be traveling again. This time they are journeying to River Falls for a meeting and social time. Eau Claire state college, and Marquette college (Mpls.) will also be represented there.

Next Wednesday night, reports will be given by members of the group on four different workshops which were attended last week and at their spring conference at Grantsburg. If you would be interested in hearing more about "Worldliness," "Personality," "Personal Evangelism," or "The Home," join them at 7:00 in room 10 in the library.

### FORECAST TO PUBLISH VANEK - NOVY ARTICLE

Announcement has been received from the editors of "Forecast" magazine, a national professional publication for home economists, that an article written by two persons on the Stout campus will appear in the forthcoming June issue.

Authors of the feature, entitled "Tips for Travel" are Mrs. Alyce Vanek, of Stout's department of clothing and textiles, and Leona Novy, home economics senior.

The article describes techniques to aid a high school or college girl in packing efficiently her luggage for overnight trips or for more extended journeys. Cooperating in preparation of the material was Stout's class in Feature Writing, of which Miss Novy was a member.

### RITA PAULS . . .

the two young ladies. Thus, the Wisconsin State Dietetic Association this year awarded a separate scholarship to Miss Pauls and also to Miss Matcicka.

On campus Rita is a member of Tri Sigma sorority, Newman club, and the Women's Recreation Association. She is a former vice president of the college Dietetic club and is on the staff of the college newspaper.

The purpose of the Dietetic Association scholarship is to provide an opportunity for a fifth year of training to a worthy Wisconsin student who might otherwise have found serving a dietetic internship a financial impossibility. As Miss Pauls describes her award, "This wonderful grant will help cover the fees, field trips, uniforms and transportation expenses which are essential during the fifth year of training."

On September 3, Rita will begin her twelve month internship at Stanford university. Upon graduation she will be qualified for membership in the American Dietetic Association and plans to continue her career in hospital dietetics.

When asked about her activities between now and September 3, the vivacious Rita replies, "First comes graduation May 25. Next, I'm going to visit my sister in Michigan for a week. I then begin camping work June 23 until August 16. The last two weeks of August I'll spend preparing for my trip to California. Who could ask for a busier—or more pleasant—summer?"

**LEE'S DRUG STORE**

Pictured above are the directors of Stout's well-developed intramural sports program. From left to right, they are John Blythe, junior; Harry Miller, junior; and Ray C. Johnson, athletic director. They are the people who have set up and directed the intramural program at Stout this year.

## GRADUATION WEEK PROGRAM IS RELEASED

A week of varied activities make up the commencement week schedule for graduates and undergrads.

The week of activities and the time schedule follows.

**Saturday, May 18, 9:15 a.m.**  
Recognition Breakfast for senior women at Bertha Tainter dining room

**Wednesday, May 22**  
9:30 a.m.—Honors Day (Scholarship and Awards) and Senior Recognition Convocation

12:00 noon—All-college picnic honoring the class of 1957 at Wakanda Park

8:00 p.m.—SSA all-college Commencement Dance

**Friday, May 24**

9:30 a.m.—Rehearsal for Commencement, high school gymnasium  
3:00 to 5:00 p.m.—Tours of the campus

9:30 p.m.—President and faculty reception at Bertha Tainter dining room

**Saturday, May 25**

10:15 a.m.—The academic procession

10:30 a.m.—Commencement exercises at the Menomonie high school gymnasium—Address by Dr. Harold S. Vincent, Superintendent of schools, Milwaukee, Wisconsin

12:00 noon—Commencement luncheon, Bertha Tainter dining room

## TANTIER HALL ANNEX TO HOLD LAWN PARTY

Tantier Hall and Tantier Annex are planning a lawn party to honor their "big" sisters on Sunday, May 19, from 3-5:00 p.m. This will be the last reunion of the "sisters" for this year.

A few hours will be set aside from exam study on Sunday, May 26, when the girls of Tantier Hall enjoy their last picnic together.

The beautiful violet and white hydrangea which adorns the desk in the main lobby of Tantier Hall was a gift of the residents of Tantier Hall to Mrs. Sims on Mother's Day.

## STOUT STUDENT HAS CAR PINSTRIPED HERE

A new wrinkle in automobile custom finishing has made an appearance on the Stout campus. The new idea is called pinstripping, and it was recently applied to the exterior surfaces of Don Sohn's customized '51 Chevrolet.

"Although the idea of pinstripping is actually an old art," said Sohn, "it has just recently been revived by custom auto finishers, primarily in California. A good stripper earns from \$10 to \$30 an hour."

Don did the drafting board work for this job, and was assisted on the actual pinstripping by Zane Zander, graduate student from Brillion, Wisconsin. The striping was completed in approximately four days, reported Sohn, and was applied over a commercial enamel job.

This represents the fourteenth complete coat of enamel and lacquer applied to the car, which only recently underwent its second complete body restyling. Sohn has a total of approximately 1200 hours time on the custom job, including the upholstery, spread out over a two-year period.

"A friend of mine, Jim Melis, and I started out with a '32 Ford," Don mentioned, "which we built up from junked parts."

"We then tackled this model, Jim now has a small auto shop back home in Plymouth, Wisconsin."

Don is a sophomore at Stout, majoring in metals and auto mechanics, appropriately enough. He has five years in the Air Force Reserve and plans to teach, either in secondary education or industry, when he finishes his course of study at Stout.

## SURVEYS IN TEXTILES GIVE MANY ANSWERS

Miss Van Ness' 9:30 Textiles class presented surveys to the students of Stout state college. Some of the tabulated results follow.

**SPORTSHIRTS**

Boys were asked some questions concerning the sports shirt they were wearing at the time of the survey. Half of the boys had a vague idea of the fiber content. Of the fiber content known, 80 per cent were cotton, 10 per cent rayon and cotton, five per cent silk. Most of the shirts were washed in wash machine and Tide was the number one cleaner.

This survey shows that most men at Stout are unaware of the necessity for knowing fabrics and fibers.

**SLIPS**

A survey of Stout coeds presented slips showed a definite trend toward nylon, with cotton ranking second. When asked why they preferred these slips, students frequently replied, "because of ease in caring for them," and "because they are long wearing." Machine washing was the most common method of caring for slips, further indicating that Stout women consider the time element a definite factor in the selection and care of their clothing. When questioned as to what types

## NOTICE

Due to a mixup in the copy material last week, the Stoutonia failed to mention the complete list of next year's Tower staff.

Other members of the 1958 Tower are: associate editor, Pat Soldner; literary editor, Ellwyn Hendrickson; and assistant literary editors, Tom Fagel and Tom Munroe.

The Stoutonia regrets that this error has been made, and hopes that these people will choose to overlook it.

## LIBRARY NOTICE

All textbooks and library charges must be returned by the following time: Graduates: Seniors must clear their textbook and library records by Wednesday, May 22. Where necessary, extension of time may be arranged personally with a member of the library staff. Undergraduates: All textbook library books and periodicals must be returned by May 22. Return before this date, if possible.

Hours the textbook room will be open are as follows:

Wed., May 22—8:15-9:20; 1:15-5:00

Thurs., May 22—8:15-12:00; 1:15-5:00

Fri., May 24—8:15-12:00; 1:15-5:00

Mon., May 27—8:15-12:00; 1:15-5:00

Tues., May 28—8:15-12:00; 1:15-5:00

All students are urged to turn in their books during this period as fines will be given for overdue.

Reserve books may be checked out as needed.

## ALL-SCHOOL PICNIC TO BE HELD ON WEDNESDAY

The all-school picnic honoring the senior graduating class of 1957 will be held on Wednesday, May 22. A schedule of the activities for that day follows.

9:30 a.m.—Honors' Day (Scholarship and Awards) and senior recognition convocation

The class photograph (in caps and gowns)

11:30 a.m.—Busses leave at Stout Circle and girls' dorms. They will come back for another trip from the same spots.

12:00 noon—All-college picnic honoring the class of 1957, Wakanda Park

12:00—Lunch will be served

1:30—Games

4:00—White elephant sale

8:00—All-school dance in Stout Circle

12:00—Dorm hours

The following groups should be given recognition for their fine support in making this picnic a success. Juniors, decorations at the dance; sophomores, food; freshmen, games and clean-up; "S" Club, white elephant sale.

## DO YOU HAVE A GRIPE YOU WISH TO PUBLISH?

Today many commentators are characterizing the youth now in college as being apathetic, conformist and disinterested in national or world affairs. The basis for this characterization seems to come from observations of the lack of student interest in college and university functions and activities which have to do with politics.

While the American Mercury Magazine views such commentaries with some misgiving, it also regards them with some reservations; for if there exists a state of apathy among students with respect to politics, it is a situation almost without precedent.

In an effort to determine the validity of the charge "apathy," Mercury plans, in coming issues, to set aside pages which will be devoted exclusively to the expression of thoughts, opinions, predictions, recommendations and the general outlook of students from all over the country. This will be called the College Forum. It is our hope that you will contribute your views on such subjects as:

Does the apathy really exist? If so, why?

What approach is your college taking towards politics, religion and economics?

Are such courses stimulating and controversial, or merely dry and one-sided?

Does the similarity of the two political parties in the country cut down their interest in politics?

Is the conflict between socialism and capitalism explained and investigated, or is merely a blend of the two two systems presented?

Is the challenge of the Communist menace dynamically presented, or is it just treated as another aspect of international relations?

We expect these and many other interesting subjects to appear. Mercury is willing to bet that if students are apathetic it's not entirely their fault. Perhaps you can indicate to us on whose shoulders the responsibility does lie.

Address your letters (typed please) to American Mercury, "College Forum", 250 West 57th Street, New York 19, N. Y.

## K. T. OLSEN IS THE AUTHOR OF LAVE ARTICLE

Author of the article, "Operation Interest," appearing in the April issue of "Industrial Arts and Vocational Education" magazine, a national publication in the fields, K. T. Olsen, associate professor of industrial education at Stout state college.

In his article, Professor Olsen describes procedures used in developing a course of study for junior high school boys enrolled in the Menomonie school system. He also outlines the cadet teaching program of Stout state college, under the direction of Dwight Chinnoek, and the work done by James Cook, August Schultz and George Stephenson in helping build the course of study and select appropriate projects.

## SSA BOARD MEETING OPEN NEXT TUESDAY

Remember! An open Student Governing Board meeting is being held on Tuesday, May 21, at the usual time of 7:00 in the auditorium.

One of the main items on the agenda will be to discuss the possibility of a no-cut system. Teacher evaluation, Parent's Day, and the homecoming bonfire will all be brought out. The discussion will be open to all of the students present.

Be sure to be there, in the auditorium at 7:00 next Tuesday. This is your opportunity to voice your opinion toward these major issues!

## PHI U BANQUET WILL HONOR SENIOR MEMBERS

"Sentimental Journey" is the theme for the Phi U banquet honoring senior members. The banquet begins at 6:30 p.m. at the Marion hotel on May 20.

Mary Jones, a graduate student, will be the speaker. Seniors will tell of their job locations for next year. Group singing is also being planned. Alumni have been invited to this annual event of Phi Upsilon Omicron.

## SCHEDULE OF FINAL EXAMS IS RELEASED

**Monday, May 27**

7:00 to 9:00 English Composition (E 102b) 411, 415, 425, 426 H.H.; Consumer Information (IE 317) 230 H.H.; Activity Analysis (Ed 234) 32, 35, 37 H.H.; Audio-Visual Education (Ed 360) 14 LB.

9:00 to 11:00 Chemistry (Sci 125) 426 H.H.; Food Preparation (HE 114) 411 H.H.; Community Hygiene (Sci 442) 425 H.H.; Methods of T.I.A. (Ed 305) 24, 35 B.H.

11:00 to 1:00 Home Equipment (HE 333) 220 H.H.; Safety Education (Ed 423) 37 B.H.; Home Furnishing (Art 334) 426 H.H.; Trigonometry (M 213) 22, 35 B.H.

1:00 to 3:00 Algebra (M 209) 32, 35, 22 H.H.; Clothing Selection (Art 420) 411 H.H.; Essentials of Public Speaking (Sp 223) 230, 423, 425 H.H.; Meal Management (HE 308) 426 H.H.

3:00 to 5:00 Principles of Secondary Education (Ed 222) 411 H.H.; Family Health and Home Nursing (HE 318) 425 H.H.; Problems of American Society (SS 411) 35, 37 B.H.

**Tuesday, May 28**

7:00 to 9:00 Introduction to H.E. Teaching (Ed 310) 230 H.H.; Oral Communication (Sp 106) 32, 35, 37 B.H.; Clothing (HE 218) 425, 426 H.H.; Education Evaluation (Ed 441) 411 H.H.

9:00 to 11:00 Fundamentals of Design (Art 106) 205, 207 H.H.; Textiles (HE 315) 425, 426 H.H.; Physics I (Sci 421) 22, 32 B.H.

11:00 to 1:00 Psychology (Ed 123) 411, 425 H.H.; Food Preparation (HE 230) 426 H.H.; Sociology (SS 309) 32, 35, 37 B.H.; Guidance (Ed 401) 22, 25 H.H.

1:00 to 3:00 Economics (SS 201) 22, 32 B.H.; Physiology (Sci 214) 425, 426 H.H.; Physics II (Sci 423) 35, 37 B.H.

3:00 to 5:00 Ed. Psychology (Ed 303) 411, 425, 426 H.H.; Nutrition (HE 212) 205 H.H.; Personal Health (PE 101) 22, 32 B.H.

## WEATHER BIRD

"Decreasing cloudiness and showers can be expected on Saturday," said the weatherbird this morning.

"Sunday should appear beneath a cloudless sky, accompanied by warmer temperatures."

"And," he added, "no tornadoes in sight."

## FROM THE EDITOR'S DESK

Only one week left, and then come the dreaded final exams. As you walk about the campus these final days, you hear so many resolutions being made concerning this last week and the semester tests that you almost believe that it's New Year's Eve all over again. Yes, resolutions are being made, but will these scholastic resolutions, as was the case with many New Year's resolutions, be made only to be broken?

What about your own plans for this remaining week? Will you really put forth the required effort needed to pass this semester? Will you make it a point to use the remaining time wisely? Resolve now to keep your resolutions!

If you're tempted to weaken, call to mind "The Ten Resolutions for Getting the Job Done."

1. Thou shalt give thy instructors undivided attention.
2. Thou shalt remember thy assignments.
3. Thou shalt get thy assignments in on time.
4. Thou shalt read thy books.
5. Thou shalt not need to cram too much before thy tests.
6. Thou shalt speak only highly of thy organization.
7. Thou shalt make an active contribution to that organization.
8. Thou shalt cooperate with all members of thy organization.
9. Thou shalt always be HONEST in all things.
10. Thou shalt keep thy resolutions.

## CLUB NEWS

Chi Lambda held its first annual dinner-dance at 6:30 on May 11 at the Country Club. Guests for the event were Dr. and Mrs. Nitz and Mr. and Mrs. Norman Ziemann. Small dogs with the fraternity letters and the date engraved on a small dog tag were the favors which the wives and dates of the fraternity members found at their seats.

Acting master of ceremonies, Sheldon Satter, gave a brief resume of the events over the past year. Then Bill Romoser, last year's president, Bud Kleven, this year's president, and Dr. Nitz, Chi Lambda's advisor, said a few words. Chi Lambda wishes to thank Herb Mehne for the work and time he took to make the dance successful.

An honorary dinner was held on May 5, at the White Pine Inn in Bayport, Minnesota, for the senior members of the Dietetic Club.

A buffet supper, at Tainter Hall, on Monday, May 13, concluded this semester's meetings. After supper, the members gathered in the lounge to see a movie, "Service of Love," which showed the rewarding life of a dietitian. The senior members gave a brief resume of their trip to the Chicago Restaurant Convention that they attended May 6 through May 9.

At the last meeting of the Metals Guild it was decided that the club would send to each of its alumni a news letter on the activities of the club. These news letters will be sent

DON HALL — 420 MAIN

out on the quarterly basis.

Tentative plans were discussed for next year's club activities. Bells are being prepared for sale next fall.

A film was shown on the Ford Foundation.

The LSA met on Sunday, May 12, at Peace Lutheran church. President Bev Dueck reported on the spring Ashram which was held at Lake Koronis, Minnesota, during spring vacation. Plans for the annual Senior Farewell banquet were discussed. The banquet is to be held on Sunday, May 19, at Peace Lutheran church. Speakers for the evening will be William Simpson and Carl Knitt, interns of Our Saviors and Peace. The cost of the banquet will be \$7.50.

Pallas Athene officers for 1957-58 were installed at the Thursday night meeting. President Kay Kennedy conducted the short ceremony which formally conferred the duties on the following officers: president, Pat Christanson; vice president, Marlys Pettis; secretary, Diane Davis; treasurer, Pat Soldner; Panchelonic representative, Rita Casey; alumnae secretary, Yvonne Swenson; historian, Betty Zander; sunshine secretary, Lil Holst; and Stoutonia representative, Louise Grant.

On Friday night, May 10, the Pallas Athene sorority held its dinner dance at the Marion hotel. George Soderberg and the Royal Bluebirds furnished the music for the evening. Miss Marshall and Mr. and Mrs. Ziemann were guests for the annual event.

Last Saturday, May 4, the Six Taus sponsored a "car wash" which was held at Phil's Service Station. The project was a huge success with a total of 61 cars being washed.

Later in the evening the fraternity and their guests attended a pre-prom dinner. Guests in attendance were: Mr. and Mrs. Kranehaus, Mr. and Mrs. Jarvis, Mr. and Mrs. Resenson, and Sig Tau national president Warren Barberg. The dinner was held at the Stage Coach Inn and was enjoyed by all. Sig Tau won their first baseball game Thursday evening, May 9, against the "Rockets." This spoiled a perfect record. The record stands now as 1 win, 3 losses.

Doctor: "You're lucky the bullet didn't pierce your heart."

## CLUB NEWS

The spring work meeting and picnic of the Manual Arts Players were held on Saturday, May 11. The group cleaned and straightened their equipment in the morning and followed up the work by some play and food at Riverside Park.

Bette Zander and Norm Valiska were in charge of the food for the picnic. Everyone had a fine time.

This is the last official act of the group as a whole but there are still plenty of activities for the crew members.

Honored at the Senior Farewell banquet May 9, were graduating Delta Zetas and Hyperians.

Barb Benzie, Mary Jane Grotte, Judy La Duke, Gwen Marshall, Ellen Steinhoff, and Mary Ann Urbanz are Delta Zeta graduates.

Hyperians being honored were Mary Jane Dunkelberger, Jo Marquart, and Edie Shaw.

The Delta Zeta dinner dance is being planned and will be held on May 24.

Final plans for the dinner dance and the Tri Sigma-Alpha Sigma picnic were the main items of discussion at the Alpha Sigma Alpha business meeting last Thursday night. "A Garden in the Rain" will be the setting for the dance which will be held at the Country Club May 25.

The Honors Day award was also an important item of business. Each year the Alpha Sigs present a sash, a set to a junior girl who has shown outstanding interest and ability in sewing.

Plans are also in progress for the Senior farewell activities. The "College Hum" is a traditional gesture of farewell and best wishes to the graduating seniors. A luncheon is followed by a ceremony in which a song is dedicated to each girl.

The Home Economics Club will honor the graduating seniors at a farewell breakfast, Saturday, May 18, 9:15 a.m., Bertha Tainter hall.

Included on the program are greetings by Dean Kirk, President Fryklund, musical selections by Marilyn Utter and the Barberpipes, and conferring of American Home Economics Association memberships.

Although the weather was a bit on the chilly side a large crowd attended the annual picnic of Epsilon Pi Tau, national honorary fraternity in industrial education.

The group assembled in the pavilion where they enjoyed a meal consisting of hot dogs, potato salad, baked beans, relishes, ice cream and pop.

After a week's visit with his aunt on the farm, little Johnnie was asked if he were homesick.

"No, just heresick," he replied.

Some stores charge more than others, but none less.

## COLLEGE PREXIES HAVE THEIR JOKES ALSO

College presidents are not always the heroes in the stories they tell on themselves.

A motorcycle policeman pulled ahead of President Verne Fryklund, Stout, driving to Whitewater where a library was to be dedicated. Former governor Walter Kohler was scheduled to be the principal speaker. The Stout president tried to pass the motorcycle but he was effectively blocked. He was motioned to follow slowly through the streets of Whitewater behind the motorcycle, siren screaming.

Nervously the president stepped out of his car before the church where the dedication was to begin. The policeman walked stiffly back to him as down the steps of the church rushed an excited President Williams of the host college.

"No, No!" he cried to the smiling officer and bewildered president.

"That isn't the governor. That's only Fryklund."

President Mitchell, La Crosse, asked his young daughter to perform a task. It wasn't done so he patiently explained the reason for the request.

"Do you get the idea?" he asked.

"I get it," she admitted, "but I don't think much of it!"

The son of Eugene McPhee, director of education for all ten of the Wisconsin state colleges, was momentarily stumped when asked in school to tell what his dad did.

Yes, he was a teacher—no, he didn't hold a teaching position.

"He does have a job though," insisted the boy. "He sort of teaches teachers how to teach teachers to teach."

President Melcher of the Institute of Technology, Platteville, was interrupted in his explanation of mean annual temperature by the end-of-class bell. Hurriedly he added 68 degrees and 38 degrees, divided by two, and came up with an erroneous 43.

"It's no wonder we get such low marks," muttered a departing student.

## NEWS OF OUR ALUMNI

The active members of the Milwaukee Alumni group were guests of Miller High Life on Friday evening, April 26. An interesting tour of the brewery was provided in the early part of the evening followed by a technical film entitled "Braveland, U.S.A." shown in the Miller High Life party room.

A short business meeting was also held in order that election of officers could take place. The results were as follows: president, Charles Jorgenson; vice president, Mary Iverson; secretary, Connie Olsen; treasurer, Henry Tall.

The above officers will resume their responsibilities as of January, 1958. A simple buffet snack was served at the conclusion of the meeting with the compliments of Miller High Life, and it was of unanimous opinion that it was a highly successful evening. The alumni group of about 75 was honored to have Mr. H. M. Hansen, retired Stout faculty member, in attendance at this social affair.

The final social gathering of this school year will be a free family picnic on June 2, 1957, at Lincoln Park. For any alumni that do not receive a postcard regarding this picnic, please contact James Norris, 5154 N. Lydell Avenue, Whitefish Bay, Wisconsin.

Sydney C. Scoville, B.S. 1939, planned and equipped a new general shop for the new junior high school in Oshkosh, Wisconsin, where he is now teaching.

Maroon "Bud" Berg, B.S. '49, M.S. '54, is teaching ninth grade boys general shop with drafting, wood, metal and electrical areas. He has attended the WEA meetings in Milwaukee and Fond du Lac this year. The family including a seven year old daughter and three year old son recently moved to Shawano, Wisconsin from Stanwood, Wisconsin.

John Kelly, M.S. 1950, is teaching general metals in the senior high school at Shawano, Wisconsin.

Carol (Zuege) Flanders, B.S. 1954, and Lee Flanders, B.S. 1951, are living in Mosinee, Wisconsin, with their one

son who was born on August 2, 1955. Lee is industrial arts teacher at Mosinee high school.

Melvin R. Buck, B.S. 1953, and his family, including a daughter, Linda Kay, are residing at 977 Wis. Ave. SW, Huron, South Dakota. Mr. Buck is director of vocational education in the Huron school system. He also has charge of the adult education program. Last summer they spent a week in the beautiful Black Hills of South Dakota. Melvin is also active in community activities being superintendent of the Sunday school in the Baptist church, and a member of the Toastmasters club 1188 in Huron.

Peter Schellinger, B.S. 1951, and Joan Davidson Schellinger with their daughter Nancy Lee, are residing at R.R. 1 Sturtevant, Wis. Peter teaches public arts at William Horlick high school in Racine, Wisconsin. He attended the industrial arts convention in Milwaukee during April.

Al Brown, B.S. January, 1956, is also teaching at Horlick high school.

Joan Bulmer, B.S. 1951, is teaching home economics at Almont, Michigan. They have an active FHA organization having the state secretary and regional secretary from their school. Joan is adviser for the senior class, and teaches adult sewing class. She also has instructed teachers from Central Michigan teachers college under her guidance. Last summer she traveled in Ontario, Quebec, the Gaspé Peninsula and Nova Scotia. She also spent four weeks working with Miss New Hampshire in August at the Weirs Beach in New Hampshire.

### CHICAGO ALUMNI

A Stout Alumni picnic will be held on Sunday, June 2, at HARMS WOODS, Grove 4 (with shelter). Each family is to bring its own food and come at any time. The group plans to eat at 2:00 P.M. Plan now to attend!

### MILWAUKEE ALUMNI

The Milwaukee Stout Alumni has planned to hold a family picnic on Sunday, June 2, at Lincoln Park, area 3. Lincoln Park is located at highway 57 and Hapton Avenue.

Each family is to bring lunch; free liquid refreshments will be provided. Games for all, and the area will be available at 11:00 a.m.

### JOHN ONG PUBLISHES ENGINEERING ARTICLES

John Ong, who came to Stout under a carpentry scholarship has had several engineering articles published in *The Explosive Engineer* and the *Carpenter and Builder Journal*.

He started his college education in 1949 at Milton College and transferred the next year to the U. of Wisconsin where he studied geology and religion. He is now a junior in Industrial Technology here at Stout. John is from Madison by way of Neenah.

The start of his "explosive career" began as a hobby in cooperation with another friend, Pleasant Valley, near the Cave of the Mounds just outside of Madison, was his first proving ground. Here he removed boulders, blasted stumps out, etc. To get the necessary technical information to do the job, the two partners bought a copy of the *Blaster's Handbook*.

Now he does blasting whenever he can get a job. John said, "My policy in this type of work is to find a job in progress that is using the more conventional slower methods of demolition and rock excavation and try to show how the use of explosives will get the job done easier, quicker and cheaper." He supplements his "explosive career" with carpentry and tree trimming.

His latest article appears in the March-April issue of *The Explosive Engineer* magazine, published by Hercules Powder Company. It carries as one of its feature articles, John's story, "Blasting Rock Under a City Dwelling." The story tells about drilling and blasting a basement through solid rock under a house that was already built, without disturbing the occupants.

John did this same job and then wrote the article last semester while doing a research paper on Diamond Core Drilling, as an engineering student (mining) at the University of Wisconsin. While at the "U", John was elected into membership of the professional engineering society.

Another article by John, about Stout state college appeared in the convention issue of the *Carpenter and Builder Journal*, last fall.

After squeezing two glasses of juice out of an orange, a magician offered \$5 to anyone in the audience who could squeeze another drop of orange juice from that peeling. Schultze hurried up on the stage and squeezed a glassful, whereupon the magician inquired: "Are you also a magician?"

"No," replied Schultze, "I'm a buyer for a 5 and 10 cent store."

Too many of us have our feet planted firmly in mid-air.

The Beauty Shop on Campus

Hi. Bet you thought I forgot about you. Actually I made a visit up to the chemistry lab a few weeks ago and have just recovered from it. Man, some of the concoctions they make up aren't fit for human consumption, much less for me to eat. And the odors produced are enough to bring death penalties to the in-suffers. Guess I'll just have to stay away from fourth floor Harvey hall from now on.

I made like a roving reporter this last week trying to find out what the brilliant Stout students would do with "mynocytes." Below are some of the answers I got. Aren't they doozies?

Virginia Kurtz: Send them to my mother for Mother's Day. She understands college finances.

John Widmar: Take a portion of the matter to Mr. Arneson to help determine for me whether it was plant or animal life. Very educational.

Lois Onstad: I would cut them into one-inch cubes, boil them for three and one half hours and then throw them away.

Peggy Handlos: I would get a penicillin shot to combat it.

Wayne Towne: Eat them between classes.

For public information, myxomycetes are of the peculiar organism, slime molds. With the exception of a few parasitic species they are found on damp earth and decaying vegetable matter. Wayne, probably the best spot for you to go for your in-between-class snack is the city dump or swamp land. Good hunting.

During my wanderings I came across a news article in one of the Milwaukee

### MISS MEILLER IS GIVEN PRESIDENTIAL POSITION

President elect of the Northern Wisconsin Dietetic Association was the position given to Miss Ella Jane Meiller at a meeting in Stevens Point on May 4. Miss Meiller is head of the department of foods and nutrition at Stout state college.

Miss Meiller received her bachelor of Science from Kansas state college at Manhattan, her master's from the University of Wisconsin, and interned at Johns Hopkins hospital at Baltimore. She will be president elect for one year at which time she will take over the office of president.

Miss Knutson of the food and nutrition department and Mrs. Mary Ann Constantine of Menomonie hospital are Stout graduates who also attended the May 4 meeting.

papers which concerns the fellows. It was concerned with hair cuts, and in part said: "Old fashion ideas are holding back the struggle of young men to bring variety into their hair styles as women do."

"... opinion of H. A. Prosser, president of Britain's National Hair dressers' Foundation criticized the 'short back and sides cave dwellers'."

"Prosser said hopefully, 'I can't wait for the day when the words we (the barbers) hear 'short back and sides' are banished to the limbs of history and every man, young and old, will insist on a personal hair style suitable to his age, face and character.'"

What I would love to see is the price of men's hair cuts when men start demanding a different style per man.

Here is an idiom I got from a magazine I was reading through: "One of the greatest satisfactions in life comes from being able to park on what's left of the other fellow's nickel." How true, how true!

While winging my cool way over Stout campus last night at about 7:00 I saw a crowd gathering in the circle. I paused in mid-flight, took a nose dive and, due to miscalculations ended up in the bell of the tuba. After extracting myself and brushing off I discovered the rest of the Stout Concert Band was with the tuba. Shortly after this great discovery the band began to play, and thus presented the first out door pops concert Stout has had. Pieces played during the concert included: "March Forth," "My Fair Lady," "Proud Heritage," "La Fonda," "Lady of Spain," and "Vanished Army." The concert was closed with the "Stout Alumni Song." From the response of the audience the concert went over with a bang and should become an annual affair. I think congratulations are in store for Dr. Odegard and

## RIVER FALLS. OPPONENT IN FINAL GAME

Tomorrow the Blue Devils travel to River Falls for the seventh and final doubleheader baseball game of the season. River Falls is said to have a good pitcher in Fisher, but only fair sliding and hitting.

The morale of the Blue Devils is high. One of the players in an interview, stated that he feels very confident in predicting that the team will cop the doubleheader from River Falls. He also thinks that man for man, Stout has a better ball team than last year's club, which won 7 and lost 7.

In the starting lineup, the coach may use the following men: Sand, left field; Wiland, right field; Feyereisen, center field; Kiers, second base; Hejny, short stop; Bachmeyer, first base; Bredeson, third base; Ron Nelson, pitcher; and Pangel in the catching position. In any lineup, the school wishes the Blue Devils lots of luck in this, the final game of the season.

## KEYHOLE . . .

Continued from page 3  
his "gang" for a job well done. Have you been up to studio 211 lately? If you haven't you should, because you're really missing out on some pieces of art. On display in the show case is some cutlery that Dr. Fryklund brought back from Sweden. On the wall is placed a "3-D effect" display of artistic talent. In the classroom—often called the Fund. Des. room—are many interesting mobiles. Some are made of wire, some of paper mache, some of glass that make music, and some are of anything the girls could obtain. On the tables around the room are houses built by students of the housing class. If you want a high-priced home for only five or ten dollars (but too small to live in) there is the place to go.

Speaking of artistic displays, Mr. Soto has really done a wonderful job. Some of those book covers he has created are really out of this world. Isn't it wonderful what a person can do when he sets himself to it? Let that be a lesson of suggestion to all Stout students, in fact to the people all over the world.

Well, graduation is growing near and once again familiar faces will be disappearing from the halls of Stout. May I just say "Good luck in all your future undertakings. . . and don't do anything I wouldn't do!"

DISTRIBUTION OF THE 1957 TOWER WILL BE ON MONDAY AND TUESDAY, MAY 20 AND 21. PICK UP YOUR YEAR BOOK IN THE TOWER OFFICE, LOCATED IN THE BASEMENT OF HARVEY HALL, FROM 8:30 UNTIL 4:30.

## SURVEY . . .

Continued from page 1  
of slips they would purchase at the present time, students again indicated preferences for nylon and cotton with a growing trend for dacron and dyes on blends. The new blends seem to be especially popular for summer comfort and wearing with uniforms, since they stay white and do not produce static electricity.

Prices of slips vary according to the quality of the fabric and the construction of the slip. Although medium cost slips seem to be the most popular in Menomonee, high and low cost slips are available in almost every fabric and style.

## HOSIERY

The majority of students at Tainter Annex prefer regular knit and stretch knit stockings. Conclusions reached by a survey were that most women pay \$1.00 to \$1.50 for their nylons; seams less stockings and those with seams are equally as popular; common complaint is that the stockings do not fit well at the ankles.

The results of a survey taken in the village of Boyceville and the city of Menomonee showed that the retailers' big selling stocking is the 51 gauge-15 denier with prices ranging from 79¢ to \$1.15; the second best seller was the stretch stocking ranging from 79¢ to \$1.19, which is fast becoming the most popular stocking. The seamless stocking seems to be the students' choice at a price of 98¢. The older generation and working class chose heavier weights costing 98¢.

## VALIDITY OF TEXTILES

A limited survey was taken to discover how knowledge gained in textile class is applied. 92 per cent of the girls not having textiles knew the fiber content of the dress they wore. 68 per cent of the girls having textiles were certain of the fiber content of their garment. 96 per cent of the girls not having textiles, who knew the fiber content, also knew if the garment had a finish. 86 per cent of the girls having textiles were certain if a finish was used on their garment.

The question is—how valuable has textiles class been to you?

## SWEATERS

After a recent sweater survey, which included 300 sweaters belonging to 40 girls at Tainter Annex, these conclusions were drawn. The average girl spent between \$5.95 and \$8.95 for a sweater. The most popular type was the long sleeved wool or orlon cardigan. The majority of the girls washed their sweaters in Woolite and blocked them on towels.

## DON'T FORGET ABOUT THE SCHOOL PICNIC

The annual all school picnic is to be held at Wakanda Park, at 12:30 p.m. on Wednesday, May 22.

Besides the food, which the sophomore class is in charge of there will be a white elephant sale sponsored by the "S" Club.

The Freshman class is in charge of recreation.

A large crowd is expected for this last get-together of the entire student body for the school year 1956-57.

## PROBLEMS OF CHILD CARE ARE DISCUSSED

Meeting over cups of coffee throughout the past college year to discuss problems relating to children were Mrs. Benita G. Smith, director of the Stout state college nursery school, and mothers of the children attending nursery school.

Mothers participating were the Mesdames John Anshus, Donald Borg, Warren C. Bowls, Donald C. Farley Jr., Hubert Fisher, John Gaurin, Robert Houser, William Josephson, Francis Karraker, Laverne Larson, Arthur Medtke, John Olson, Carl Peterson, Robert Rudiger, George Soderberg, Odell Stevens, William Talem Jr., and Eugene Traxler.

Parents selected such topics for discussion as Guidance for Maturity, Guidance for Self-Discipline, Children's Fears, Anger Outbursts and Temper Tantrums, Selection of Children's Toys, and others.

As a "take-off point" for group discussions, students from Mrs. Smith's class in child guidance presented, at three of the meetings, oral reports which they had previously prepared and given as part of their class assignment.

Kathleen Kennedy gave her illustrated report on the "Selection of Children's Toys." Aileen Shinnaberger read a paper prepared by Shirley Bourneville on "Understanding Children's Fears" and Judy La Duke the paper of Sarah Nash on "Temper Tantrums and Anger Outbursts."

Mrs. Arthur Medtke, a nursery school parent, prepared and presented a very interesting paper on "Guidance

## VARSITY GOLF TEAM SHOWS SLOW START

The varsity golf team, made up of Bob Eggleson, coach and manager, Frank Jacob, Richard Lory, Albert Kahalaakula, Lloyd Wiberg, and Will Foster, have entered four matches. Because of the late opening of the golf course in Menomonee, the golf team had little time to practice before the matches were started.

The totals for the matches are as follows:

St. Cloud, 15 points; Stout 3 points  
Waconia, 13 points; Stout 5 points  
River Falls 8 1/2 points; Stout 6 1/2 points  
Eau Claire 9 1/2 points; Stout 3 points

The points are totaled by individual match play, four match play, and individual match play.

The golf team has two matches left, one with Eau Claire, there, and one with Mankato, here, plus the state college tournament at La Crosse, May 22. The tournament will be a 36 hole match play with five players going from Stout, but only four will be eligible to compete in the contest.

## MANKATO GAME IS CANCELLED AS RAIN HITS

The baseball game with Mankato, scheduled for Wednesday, the 15th, was cancelled due to a wet field. There is a possibility that the game will be played on May 21. Also golf and tennis matches were canceled with the possibility that they will be played the twenty-first of this month.

## MAP HOLDS ANNUAL SPRING BANQUET

MAP held their spring banquet at Colonial Pines, Tuesday, May 7. The members ate heartily and enjoyed a memorable time.

Nominations were made and voted upon for the senior award for an outstanding senior in MAP and an outstanding freshman for the freshman award.

Seniors leaving gave their farewell to the organization.

for Maturity." Mrs. Donald Farley Jr., also a nursery school parent, gave a most excellent talk on "Guidance for Self-Guidance or Self-Discipline." Other meetings were devoted to group discussions during which mothers brought up topics and questions of current interest or concern to them. Hostesses for the year's meetings were the Mesdames Robert Rudiger, George Soderberg, Robert Houser, John Gaurin, Arthur Medtke, Donald Farley Jr., and Benita G. Smith.

A window washer should never step back to admire his work.

Pictured above is Dr. Harold Vincent who will address the graduating seniors tomorrow morning. He is the superintendent of schools in Milwaukee.

## DR. VINCENT TO ADDRESS 169 GRADUATES AT COMMENCEMENT EXERCISES, MAY 25

Receiving diplomas on Saturday morning, May 25, at commencement exercises of Stout state college will be 169 members of the 1957 graduating class. The exercises will begin at 10:30 in the Menomonie gymnasium.

Addressing the graduates on the topic, "This We Believe," will be Dr. Harold S. Vincent, superintendent of the Milwaukee public schools. After degrees are conferred by Dr. Verne C. Fryklund, president of Stout, R. L. Pierce, member of the Board of Regents of State Colleges, will present the diplomas.

Of the 169 graduates, 13 are receiving the master of science degree in the Stout graduate studies program. The remainder have majored in home economics education, home economics, industrial education or vocational education at the undergraduate level.

The following women have earned the bachelor of science in home economics education (June and summer session graduates only): Helen Anderson, Blair; Lucile Anderson, Grantsburg; Margaret Apel, Alma; Barbara Austin, Janesville; Janet Bachmeyer, International Falls, Minn.; Barbara Benzie, Onamia, Minn.; Marilyn Berkseth, Paldwin; Pat Browne, Prairie Farm; Shirley Bourneville, Brussels; Barbara Brown, Stanley; Marilee Cate, Aurora; Connie Chellman, Superior; Georgia Christner, Elkhorn; Jean Crichton, Whitewater; Violet Daehling, Onam; Joan Daniels, Violet Creek; Diane Dorey, Mazepa, Minn.; Mary Dunkelberger, Grand Rapids, Minn.; Zoe Erickson, St. Paul, Minn.; Betty Fraley, Baron; Maureen Gollher, Westfield; Dorothy Green, Brewster, Minn.; Audrey Grotte, Ellsworth.

Barbara Habstritt, Raymond, Minn.; Carol Hahn, Oshkosh; Rita Jackson, Independence; Janice Jenquin, Seymour; Mary Johnson, Bonduel; Andree Jost, Alma; Carol Casper, Lancaster; Mary Kennedy, Sauk City; Marion Kindschy, Alma; Judy LaDuke, Eau Claire; Gloria McNeight, Stratford.

Joan Marquart, Knowles; LaVonne Mattson, Plum City; Della Medin, Mondovi; Helen Miller, Middleton; Joan Mornau, Bear Creek; Leona Novy, Hillsboro, Jane Olia, Oaseo; Evanel Ostland, Cashton; Lynda Salari, Kiel; Barbara Premo, West Salem; Marilyn Randall, Pearl City, Ill.; and Judith Goehring, Kathleen Ott, and May Ellen Rich, all of Menomonie.

Bachelor of science degrees in home economics will be conferred upon Dorothy Dirud, Mount Horeb; Carol Gills, Watertown; Mary Grotte, Cornell; Shirley Hofacker, Cate; Marlene Krause, Knowles; Gwen Marshall, Springbrook; Nancy Parneski, Three

Lakes; Rita Pauls, Cazenovia; Margaret Schutte, Redgranite; Patricia Seibert, South Milwaukee; Avalon Turner, Eau Claire; and Neva Halphide, Anne Richardson and Nancy Stjuggerud, all of Menomonie.

Men who will receive the bachelor of science in industrial education are Richard Anderson, Milwaukee; Eugene Battist, Waterloo; Herb Brodt, Chetek; Charles Bruemmer, Clintonville; Harold Christensen, Hudson; James Daines, Thorp; Roy Ecken, Marshfield; Maurice Ellis, Madison; Gene Ender, West Salem; Romaine Enderson, Mondovi;

Truman Felton, Bruce; Harlan Giese, Milwaukee; Norman Gill, Pulaski; William Glavan, Buhl, Minn.; David Gresh, Beaver Dam; Maurice Gupill, Genoa City; Thomas Hardy, Seattle, Wash.; Wilbur Hansen, Bloomer; Richard Hashimoto, Hawaii; John Hoffman, Newsm; Lee Johnson, Scandinavia; Coit Jones, New Richmond;

John Jordan, Durand; William Jylha, Virginia, Minn.; Ralph Klabunde, Two Rivers; Joseph Koch, Prairie du Sac;

Continued on page 4

## FINAL MEETING OF BOARD IS OPEN SESSION

The Student governing board met for the last time during this school year at 7 p.m., Tuesday, May 21. The meeting was an open session held in the auditorium. Approximately 40-45 students attended plus 20 present and future members of the board.

Business transacted included selecting the Rod Anberg Band to play for Homecoming, and granting a franchise to the Chi Lambda fraternity for the selling of bath towels, hand scarves, and laundry bags.

Ralph Hermann complained that he did not receive proper care from the attending school doctor after an accident last fall. Other complaints from the floor prompted a motion to send a letter to the president asking that the competency of the doctor be investigated.

Possible modification of the present dinner dance scheduling system allowing all dances to be held on Saturday was discussed.

Drawings for a Neil Broeren memorial bulletin board were presented by Ken Dickie and he will appoint a committee to work on the project. Funds will be obtained through student donations.

The meeting was then thrown open for general discussion of the "no-cut" system. After a lively discussion and much comment both from the floor and the board, a committee was established of which will develop a working plan of a new system to present to the Administrative Council.

## NEA SELECTS BARNARD FOR '58 CONVENTION

Named to the 1958 national convention program committee of the Department of Audio-Visual Instruction of the National Education Association has been Dr. David P. Barnard, director of the audio-visual center of Stout state college here.

The convention will be held next April 18-24 in Minneapolis but prior to that time the national convention program committee will meet in Philadelphia, on July 2, and at Lake Okoboji, on August 17, to complete the convention program. The Lake Okoboji leadership conference will be a national leadership meeting.

At these meetings, Dr. Barnard will help solve major problems toward which the conference will be directed, develop an appropriate conference theme, set up the conference organization, and suggest major speakers, as well as chairmen of panels and roundtables.

Dr. Barnard was named to the national convention program committee by Robert deKieffer, president of the Department of Audio-Visual Instruction, and by other national officers and delegates.

## POLITICAL INTERNSHIP PROGRAM IS SCHEDULED

Juniors in any Wisconsin institution of higher learning may file an application by May 29 to spend a week in Washington, D. C., under the Congressional Internship Program. Prof. Ralph K. Huitt of the University of Wisconsin political science department announced today.

The program is under the auspices of the Wisconsin Citizenship Clearing House, of which Prof. Huitt is the state director. Four successful applicants will spend a week in June as guests of two Wisconsin members of Congress, following a schedule arranged by the Clearing House and designed to provide an opportunity to observe the national government in action.

Preliminary applications should be made through the students' colleges. Each college will screen its own applicants and submit two finalists to a committee composed of a leading member of both major parties plus a neutral representative of education. This panel will select the four winners from the list of names submitted.

Students seeking further information about this program, and all applicants and submit two finalists to a committee composed of a leading member of both major parties plus a neutral representative of education.

Of the winners, who will each receive \$100 from the Clearing House to help defray the trip's expenses, two will be the guests of Democratic Rep. Henry S. Reuss, Milwaukee, and two will be hosted by Republican Rep. Donald E. Tewes, Waukegan. Each applicant may state a preference as to his host.

The Wisconsin Citizenship Clearing House is the state affiliate of a national organization devoted to promoting student interest and participation in politics. Most state public and private colleges participate in the program, whose twin aims are to break down the prejudices against active political participation and to develop practical methods for channeling top students into the party of their choice following graduation.

In addition to Prof. Huitt, members of the executive committee of the Wisconsin Citizenship Clearing House are: Martin Clancy, Marquette University, Milwaukee; Charles D. Goff, University of Wisconsin-Milwaukee; Charles Graham, Wisconsin State College, River Falls; Sumner J. House, Carroll College, Waukegan; Rev. J. F. Orford, S. J., Marquette University, Milwaukee; William H. Rik, Lawrence College, Appleton; and Carl Wimberly, Wisconsin State College, La Crosse.

Coach Gerlach is shown above as he presented awards at the Athletic Convocation, May 15. Recipients pictured are Bob Sorensen, Herb Helms, Lann Peterson, and Terry Meyers. Awards are given for both intercollegiate and intramural sports.

## HONORS DAY CONVO HELD ON WEDNESDAY

Achievements of outstanding students at Stout state college were acknowledged at the traditional Honors Day and Senior Recognition Convocation, held in the Stout auditorium.

Students winning awards included Fern Mathy, Medford, Alpha Sigma Alpha gift; Nancy Feuerstein, Sharon, American Association of University Women; Anton Kotzka, Keweenaw, Delta Kappa; Charlotte Pengilly, Dodgeville, Delta Zeta;

Pat Seibert, Milwaukee, Dietetic club; Maynard Bjork, Montpelier, N. D., Epsilon Pi Tau; Walter Diedrich, R. 2, Menomonie, and Gregory Trzebiatowski, Almond, Metals Guild; Sylvia Felland, Stoughton, Pallas Athene; Joyce Kersten, Superior, Phi Upsilon Omicron;

Alice Schweizer, River Falls, Sigma Sigma Sigma; Jermaine Folkman, Bonduel, and Wilbur Hansen, Bloomer, Stoutonia awards; Robert Trise, Oshkosh, and Leonard Clark, 320 Tenth Ave., Menomonie, Stout Typographical Society; Carl Smith, La Farge, Tower; Ellen Steinboff, Wilton, and Lee Lybeck, Bettendorf, Iowa, Alpha Psi Omega; and Roberta Kurth, Neilsville, Phi Sigma Epsilon.

President Verne C. Fryklund accepted the senior gift to the college, an original window sculpture by John Rod. The student tribute was given by James Sand, 1504 Main St., Menomonie. The traditional Torch of Knowledge passed from Kenneth Wittig, New Richmond, senior class president, to James Jonen, Wausau, head of the junior class. Ralph Stevens, Milwaukee, was marshal of the day.

## APO CONDUCTS SCOUT KITE FLYING DERBY

Alpha Phi Omega, national service fraternity, conducted their annual kite flying derby for Menomonie club scouts on Saturday, May 11, at the Dunn County Fair Grounds. Four prizes were given in each of the two divisions; decoration and highest flying. Judging was done by APO members. Refreshments were served to all who were present.

Alpha Phi Omega has been conducting this community service for a number of years, and according to Neils Faliska, president of the chapter, plans are already being laid for next year's derby. APO plans for the derby next year are of expansion, which should make it the biggest and best derby in the history of the chapter's Kite Flying derbies.

Among the plans for next year are redesigning of the kite, expansion of the derby to include fathers and sons, and a new method of judging the kites. This along with the chapter's regular plan of furnishing sticks, paper, prizes, refreshments, and information and the aid of APO members should assure an added amount of success in next year's derby.

All of the APO members who went to the derby came away with a feeling of satisfaction in the service they had performed. It was reported that some of the APO members were so engrossed in getting certain kites to fly that they forgot to fill out their evaluation forms.

## FUND STARTED MEMORIAL FOR NELSON

Contributions to the Ellen Nelson Memorial Fund, honoring the memory of Miss Nelson, late faculty member of Stout state college, are being received by the office of Dr. Alice J. Kirk, dean of the division of home economics at the college, and by the business office.

The fund will be used for the purchase of appropriate books dedicated to Miss Nelson. These volumes will be housed in a specially-designated section of the browsing room in the Stout library and will bear appropriate bookplates.

The memorial fund came into being when Miss Nelson's family requested that money not be spent for flowers at the funeral service. Soon contributions had been made by the WEA local unit at Stout, the Stout chapter of AWSCE, college organizations, civil service employees, and individuals on campus and in the community.

Miss Nelson, at the time of her death, was an associate professor of home economics education at Stout state college. She died at her apartment the evening of April 16.

## NEW SCHOOL CALENDAR PROMISES BUSY YEAR

Ralph Stevens, SSA vice president, recently completed the calendar for the Stout calendar for the 1957-58 school year. The entire program is now finished with the exception of the lyric programs.

One of the new features scheduled is a Parent's Weekend. This will coincide with Dad's Day, on November 2. It is to be a three day affair starting on a Friday.

Ralph says that the new calendar should be a busy one. Quite a few different assets are in order for students next year.

## WEATHER BIRD

Clear skies and warmer temperatures are the picture for this week-end, reported the weatherbird this morning.

Appropriately enough, spring weather is arriving simultaneously with vacation time.

The weatherbird took this opportunity to say au revoir and that he has had a ball acting as unofficial weather predictor for the Stout campus.

He also passed along best wishes for a long, merry, and enjoyable summer vacation.

# THE STOUTONIA

Stout State College Menomonie, Wisconsin

Member  
Associated Collegiate Press

Printed and published by the students at Stout State College every Friday morning during the school year, except on examination days. Entered at the post office, Menomonie, Wisconsin, as second class matter.

The Stoutonia is a little more than just a newspaper: it is an educational experience. It is written to inform, enlighten, and to give its staff members experience that can be used in their future careers. It is also a source of information and news for the community. ## FROM THE EDITOR'S DESK

As another year draws to a close, it holds many memories for each of us. The bonfire, homecoming, teas, winter carnival, club activities, the prom, and athletic contests were all a part of the year. Most of us will be able to enjoy more of these activities next year on the campus of Stout state college. For the seniors, however, the case will be different. They will be experiencing new activities and new situations in the careers they are about to pursue.

The graduates of 1957 will be representing the name and standard of Stout in many different sections of these United States, their territories, and throughout the world in general. We are sure that they will do an excellent job. Good luck to the seniors and we all hope to see you visiting the campus occasionally next year and in the years to come.

We hope that the rest of you will be able to resume classes here next fall and again participate in all of the school activities. Until then, the Stoutonia wishes good luck to everyone, take it easy going home, and have a pleasant vacation.

## CLUB NEWS

In spite of the cold and rain, the EPT spring picnic was held at Wakanda on Tuesday, May 14, as planned. It turned out to be just a feed in the pavilion where the would-be picnicers ate, chatted awhile and departed. However, everyone who attended had nothing but praise for social chairman, Ken Dickie and his committee of two, Mike Brennan and Bob Gussell, who were in charge of the feast.

A current Delta Zeta project is the newsletter being sent out to all Hyperion alumnae.

The HZs were treated to a picnic at Miss Amos's house. The sorority reciprocated by treating Miss Amos's lawn to a weed picking contest. A picnic with the Phi Sigs was also enjoyed.

As the final social event of this year, the Delta Zeta dinner dance will be held at the Country Club on May 24. The theme will be "One Mint Julep."

Honored at the "Senior Hum" Tuesday evening were the graduating members of Alpha Sigma Alpha. The "hum" was held in the Tea Room of the girls' dormitory.

The girls honored were Nat Wick, Diane Darcy, Helen Miller, Judy Goehring, Aileen Shinsinger, Gloria McNeight, Rita Jackson, Vickie Daehling, Mary Brackett, and Jane Spurgut who will graduate in January next year.

Saturday, May 18, the Alpha Sigs traveled to Minneapolis to attend the opera, "La Traviata." Although it was a long "sit," it was thoroughly enjoyed by all. The dinner at Lies Vil-

lage Inn following the opera was also enjoyed by everyone.

The graduating seniors were honored at a breakfast sponsored by the Home Ec. club Saturday, May 18, in Bertha Tainter hall.

Pat Solder, Mary Parkel, Pat Beebe, and Laurie Kiel served as candle bearers.

Musical entertainment was furnished by Marilyn Utter, who sang "Love Life" and "Where, Oh Where" and "Dreaming" sung by the Barbereps.

Dr. Fryklund and Dean Kirk spoke to the group.

Conferring of the American Home Economics Association membership was a highlight of the program.

Discussion of activities for next year and the appointment of committees for 1957-58 were the main items of business at the Pallas Athene meeting last Thursday evening. A very full and complete program has been set up.

On Sunday evening, a senior farewell dinner was held at Jeatran's Supper Club. A fter dinner and a short program, the group serenaded the dorms and the homes of Miss Marshall and Mrs. Irene La Pointe in honor of the senior members who will soon be leaving.

Last night the sophomore and junior members enjoyed an end-of-the-year picnic sponsored by the seniors. This meeting concluded Pallas Athene's activities for 1956-57.

The Sigma Tau Gamma fraternity held their last regular scheduled meeting of the school year Thursday, May 16. The main business of the meeting was discussion of dates for next year's social activities. The graduating members of the group gave a "word of wisdom" to the members being left behind.

The touring choir from Dr. Martin Luther college of New Ulm, Minnesota, gave a sacred concert at the 10:30 a.m. service at St. Paul's Lutheran church on Sunday, May 19. The mixed choir consists of forty voices.

On their tour two years ago, the choir also sang at St. Paul's Lutheran church, singing one sacred number for each special occasion in the church year.

Gamma Delta helped sponsor this group. They arrived at 6:30 Saturday evening. Ladies from the church prepared their evening meal, with the assistance of Gamma Delta members. The group was assigned to homes for the evening. A dinner on Sunday climaxed their stay in Menomonie, and they started on their return trip.

Members of Gamma Delta had a picnic on Sunday evening at Riverside at 5:00 p.m. Each member was requested to bring a guest. The meeting place was Tainter hall at 4:45 p.m.

## KEN DICKIE COMPLETES MAP OF PARKING AREAS

A map showing parking areas in downtown Menomonie was recently completed in the General Drawing class by Ken Dickie, under the guidance of Mr. Siefert, and Lee Score, secretary of the Menomonie Chamber of Commerce.

The map shows all metered parking, parking lots with street entrances, restricted parking areas, and light poles in the downtown section. The map is intended to serve as a partial guide to solving parking problems in the city and to aid in setting up the expansion of new business enterprises.

## CLUB NEWS

Last Thursday evening, the Tri Sigma sorority held a sorority picnic at Riverside Park in honor of the senior girls, Joan Moreneau, Barbara Austin, Leona Novy, Andrea Jost, Rita Pauls, Pat Siebert, Pat Browne, Carol Hahn, Shirley Bournoville, Marvone Nelson, and Mary Ann Cerny, who will be graduating this year.

The senior send-off picnic, followed by singing and a softball game, climaxed the year's activities of the sorority.

The Stout 4-H Club held their last meeting of the year Wednesday night, May 15, at Riverside park. After a picnic lunch, a short business meeting was held. A report was given by D'Ann Mattson and Jean Sprain on their recent week end outing with the University of Wisconsin's Blue Shield 4-H club at Upland Woods.

Guests at the picnic were Dunn County Club Agent, Tom Larsen, and family; Frank Brown, Eau Claire County Club Agent; Don LaBarre, Vocational Agriculture Instructor at Fall Creek; and Mrs. Carol Leonard.

The club will observe Rural Life Sunday, May 26, by attending church in a group at Peace Lutheran church.

Stout Christian Fellowship wound up another year of activities last Wednesday night with a short business meeting.

Special recognition was also given to the graduating seniors who are Rodney Kjell, Harry Nylander and Carl Smith, Jean Johnson and Raymond Johnson were January graduates and will be back for the spring graduating exercises.

As the school year draws to a close, the members of Phi Sigma Epsilon are busier than ever. On the evening of May 11, the Phi Sigs and their dates traveled to Eau Claire for their annual dinner dance. Many alumni returned and met their friends and brothers in the Elk Club ballroom where dining and dancing prevailed over the evenings festivities.

Frank Marose, last year's president, ended the year by giving his pin to Alice Studt of Braham, Minn. Congratulations to both of them.

## SCHOLARSHIPS AWAIT HIGH SCHOOL GRADS

More than \$150,000 is waiting to be given to Wisconsin high school seniors in the next few months. The money is in the form of scholarships to any Wisconsin state college, worth \$120 each.

Half of the sum will go to 640 seniors who need help in continuing their education, have leadership capabilities, and are at least in the upper half of their graduating class. Application forms are available at every college and any high school principal will help an eligible youngster apply.

The final decision on who the fortunate 640 students will be made by the college president. He is allowed to give the \$120 scholarship to a number of new freshmen equal to 15 per cent of his last year's freshman class. For example, last year Eau Claire had 551 freshmen. This year President Davies may grant 83 scholarships to needy freshman students.

The other half of the scholarship money is waiting for the highest graduating senior from any public or private Wisconsin high school. The valedictorian of a small high school need only apply for the \$120 grant and it is his. If the valedictorian doesn't go to a state college then the salutatorian can automatically get the scholarship.

In high schools of 250 to 750 students, four top graduates are eligible and the top two will get the scholarship. In large high school over 750 students, three graduates may get the money out of the top six. In every case there are two possibilities—if the highest graduate doesn't plan to go to a state college, the next in line becomes eligible.

If every one of the 1,243 scholarship is "picked up" the prize won by the state's best high school seniors will total \$153,960.

## HOME ECONOMIC CLUB COUNCIL MAKES PLANS

The home economics club council met at the home of one of the advisors, Miss Noble, for the annual spring planning meeting. After being served a buffet luncheon, plans were made for the 1957-58 school year program featuring the theme of "Be Profession-Wise." The theme will stress new horizons in home economics careers.

## NEWS OF OUR ALUMNI

**Beverly Henderson, B.S. 1953**, is residing at 1817 So. Bouten Street in Appleton, Wisconsin. She is county home demonstration agent in Outagamie County.

A son, Douglas Robert, was born on March 6 to the Rev. and Mrs. Lloyd Deaser, B.S. 1953. Other children are David, Judith, and Kathryn. The father is pastor of the Reedsburg, Wisconsin E.U.B. church, and was formerly at Wheeler, Wisconsin.

**Mr. and Mrs. Hal Gilker, nee Lorraine Nevedahl, B.S. 1935** and 1937 respectively, are living at 8724 Burton Avenue, St. Louis, Mo. Hal is Lt. Commander in the U.S. Naval Reserve and is assistant director of the Banker Trade school in St. Louis. Their son is a student at the University of Missouri.

**Homer C. Rose, B.S. 1931**, is chief of the proficiency development division, U.S. Dept. of Commerce, Civil Aeronautics Administration, Washington 25, D.C.

**Nyla E. Rock, B.S. 1955**, is Outagamie County Home Demonstration Agent, and lives at 1817 S. Bouten St., Appleton, Wisconsin.

**Mr. and Mrs. Richard Ruon, nee Patricia Dodge, B.S. 1951**, have three children including a girl born September 26, 1956—Patti Lynn. Richard is quality control and production control at a milk company, and is active in Jaycee work. Pat is in the Junior women's club. They live at 1135 Iroquois Drive, Elgin, Illinois.

**Mel Podolske, B.S. 1956**, is now attending a clerk typist school at Fort Chaffee, Arkansas. His address is Pvt. Melvin Podolske US 55568734; Btry C, 2nd Stu Bn; Sp Sch Comd; Fort Chaffee, Arkansas.

**Mrs. D. F. Moore (Adele Lanchton) B.S. 1930**, is teaching full time at Isaquah, Wash., junior high school and has about 170 girls in 8th and 9th grade home economics. She also has accepted the additional duty of "Critic Teacher," at least temporarily. She has had two cadets from the U of Washington, and took a night class at

the university for one quarter. She lives with her family, including two daughters, Adele 16, and Mary 12, at PO Box 207; Isaquah, Washington.

### ALUMNI CORRECTION

**Mrs. Robert Krueger** has four children, not two as reported in last week's paper. The last two are twins.

**Mrs. Kenneth Fanta, nee Mildred Hansen, B.S. 1949**, has two children, a boy and girl. The Fantas reside at Route 4, Viroqua, Wisconsin.

### CHICAGO ALUMNI

A Stout Alumni picnic will be held on Sunday, June 2, at HARM'S WOODS, Grove 4 (with shelter). Each family is to bring its own food and come at any time. The group plans to eat at 2:00 P.M. Plan row to attend!

### MILWAUKEE ALUMNI

The Milwaukee Stout Alumni has planned to hold a family picnic on Sunday, June 2, at Lincoln Park, area 3. Lincoln Park is located at highway 57 and Hapton Avenue.

Each family is to bring lunch; free liquid refreshments will be provided. Games for all, and the area will be available at 11:00 a.m.

### TRULLINGER ADDRESSES HANDICAPPED GROUP

"Any Task Can Be Done More Easily and With Less Energy" was the topic which Miss Gladys Trullinger, associate professor of home economics at Stout state college, recently presented to a group of physically handicapped homemakers from the Eau Claire area. The program was sponsored by the Eau Claire City-County Health Department, the Eau Claire Vocational and Adult School, and the Wisconsin Heart Association.

Speaking on the program with Miss Trullinger were Miss Hazel Stover, R.N., supervisory nurse of the Eau Claire City-County Health Department, and Dr. John H. Wishart, of the Midelfart Clinic, who spoke on the topic, "Benefits of Work Simplification for the Physically Handicapped Homemaker."

Following the principal talks, a summary was presented by the following panel members: Miss Trullinger and Miss Stover, Miss Yvonne Olson, panel chairman, home chairman, home agent of Eau Claire County, Miss Mabel Otteson, coordinator of the Eau Claire Vocational and Adult School, and Miss Annette Black, R.N., county nurse of Chippewa County.

That curious public defined by Stevenson as "the more cultivated portion of the ignorant."

### SIX DIETETIC MAJORS GIVEN INTERNSHIPS

Announcement of dietetic internships accepted by six young women who are completing their dietetic training at Stout state college here, has been announced by Dr. Alice J. Kirk, dean of Stout's division of home economics.

Such announcements were made throughout the nation on National Dietetic Appointment Day by all institutions, which, as does Stout state college, have dietetic programs whose graduates are accepted for dietetic internships by hospitals approved by the American Dietetic Association.

Girls accepting internships, their home towns and their place of internship are as follows:

Mary Ann Grotte, Cornell, University of Oregon Medical School Hospitals, Portland, Oregon; Patricia Seibert, South Milwaukee, Milwaukee County Hospital; Rita Pauls, Cazenovia, Stanford University Hospitals, San Francisco;

Neva Halphide, Menomonie, University of Minnesota General Hospital, Minneapolis; Marlene Krauss, Knowles, Public Service Hospital, Staten Island, New York; and Ann Richard-

son, Menomonie, Duke University Hospital, Durham, N. C.

Each dietetic graduate could request to serve her internship in any hospital possessing membership in the American Dietetics Association. The hospitals then selected interns from among applications filed.

Like the Mississippi steamboat which was so weak that when the whistle blew the engine stopped.

A schoolboy: My favorite walk is where I do not have far to go to it.

In his house the ceilings were so low that the only food he could ever have on the table was flat fish.

### SOTO POSTERS DEPICT INSTITUTIONS IN U.S.

Jorge Soto, a special student from Chile, recently completed a series of posters and ink drawings which were displayed in Harvey Hall. He is a technician in woodworking design in his own country where he teaches in one of the nine schools of the Technical State University at Temuco, the only federal university in Chile.

Jorge drew six posters depicting the institutions related with his life in the United States in its meaning to him. Three are for Stout and three for other institutions. "Industrial Education" is the poster devoted to the men students. Here he has symbols for much of the equipment used such as compass, anvil, gear, books, and a saw blade. Even the letters show masculinity and hardness.

Jorge is thankful to Miss Williams and Mr. Wyszynski for their help in obtaining materials for his project. The idea for the posters started in Fundamentals of Design course and Jorge found Miss Williams "very helpful in any activity related to his project."

Mrs. Soto, who also is a drafts-woman, teaches painting and drawing in the Baptist high school in Temuco, does her work in watercolor, oil color and charcoal. The Sotos have three children, all girls, ages six, four, and two.

Jorge graduated in 1947 from the Escuela de Artes y Oficios in Santiago, the oldest industrial school in South America. It was founded July 6, 1849.

The International Corporation Administration (Fourth Point) has made Jorge's stay in the United States possible. It has sent him here on a scholarship to study the development and organization of the industrial education and the woodworking industry in the United States. He received a special service commission from the Technical State University and the government of Chile to release him from his teaching responsibilities.

Jorge arrived in Miami on December 12, of last year. Before coming to Stout, he spent a week in Washington, D. C. at the Washington International

### STOUT STUDENTS ARE FEATURED IN PAPERS

Stout state college and Menomonie have been subjects of three feature articles appearing recently in the Milwaukee Journal and which are being read throughout the state.

On Sunday, April 14, Menomonie's Recreation Center received a two page "spread" which consisted of photos of students, parents and directors at the "Rec," as well as a story on the history and operation of the center.

Stout's new personality development studio was the subject of a long feature in the Sunday, April 28, Journal issue. Photos and text describing the objectives of the new studio depicted a number of college coeds at work in the studio and also explained the educational philosophy of Dr. Alice J. Kirk and faculty members responsible for the new endeavor.

A Stout state college home economics junior, Joanne Raven, was featured in a front page article for the women's section of May 15. The layout described in glowing terms the many accomplishments of this college girl who is also devoting much of her time to operating the family farm.

Author of the three articles is Jane Mary Farley, special writer for the women's section of the Milwaukee Journal. Photos were done by John A. Murray of the Journal photographic staff. Arrangements were made by the public relations office of Stout state.

### INTRAMURALS CLOSE AFTER BUSY SEASON

Intramurals at Stout are drawing to a close with the end of the regular season. There was intramural play in horseshoe, angling, rifle shooting, shotgun shooting and softball this spring.

In the horseshoe area, men singles, three elimination matches were played. Dave McNaughton and L. Christensen were rivals for the championship playoff. Dave McNaughton took the title. In the mens doubles, Bill McNaughton and Dave McNaughton were pitted against D. Duquette and P. Folger. In this championship match Duquette and Folger were victorious.

Angling was offered in three areas this year: plug casting, spinning, and fly casting. Under the supervision of Ed Zillman and Lyle Martens, the first meetings were held in the Stout pool. Future sessions of the contest were held on the Red Cedar River. Those who signed up for this timely sport were: Conrad Mlynarski, H. V. Christensen, Maury Ellis, Pat Goodrich, Dick Herblow, Harry Procter, Jim Jeantran, F. L. Karraker, Harry Miller, and Keith C. Koch.

The shotgun intramurals began April 17. The first match consisted of (hand)trap shooting. John Malmin won the match by breaking four birds. Other students participating were Jerry Berger, Bill Catlatl, Bill Krager, Herb Brodt, Jim Traxel, Dick Werhlo, Allen Mattson, Glenn Voelz, Dean Bittner, Dave McNaughton, Bill Wiseman, Terry Beaudry and Ralph Hermann.

The softball intramurals have drawn to a close with the FOBs and DK I as contestants for the championship. Both of these teams have won all the games they have played. May 22, starting at 1:15 in the afternoon at Wakanda Park is the time and place for the championship playoff.

Other teams that participated in the intramural lineup are: Rinkie Dinkies, Rockets, Stout Sluggers, DK II, Cellular Dwellers, Sig Tau, Chi Lambda, and Phi Sigs.

WOOD, EVANSVILLE: Herbert Yoshida, Antigo; Ken Lanatto, Kokato, Minn.; Joseph Pellegrin, Kingmont, W. Virg.; Norman Schultz, Milwaukee; William Shawacre, Fairmont, W. Virg.; Robert Spinti, Wauwatosa; Joseph Stehly, Milwaukee; Edna Gaf-fon, Three Lakes; and Gordon Maves, Milwaukee.

A doctor explained the cause of nightmare to a nervous old woman as a "vascular derangement of the cerebral hemispheres," and she didn't contradict him.

It is too late to steal the horse when the stable door is locked.

### BLUEDEVILS TROUNCED BY MOTHER NATURE

The bad weather of the last week dealt the basballing Bluedevils a bad blow. The game scheduled to be played with the River Falls Falcons on Saturday the 18th was cancelled permanently due to bad field conditions. As you will remember, the Mankato game that was to be played on the home field the 15th was also cancelled due to a wet field. Old Man Weather decided the fate of the final games of the Bluedevils ball season this year, but maybe next year the weather will be in our favor. Let's hope so anyway.

### SOTO CONT . . .

Continued from page 3

Center. He also attended American Language Center classes there in preparation for study. Then he moved on to Chicago and finally to Menomonie.

Since arriving in Miami in December, Jorge has written travel notes which he sends to the "El Diario Austral" in Teneco, the largest paper in the South zone of Chile. This volunteer work has contained over 40 articles on such subjects as the Lynnwood boys' prices here, banks, and the extensive amounts of paper we use.

In addition to journalism, Jorge's hobbies include "reading, drawing, painting, collecting pennants, and playing with my kids." He is a reserve lieutenant in the Chilean army and a member of the only fraternity in Chile, Alpha I's Epsilon.

When asked for his impression of the boys in the dorm Jorge said, "They are good boys. Most of them are friendly. They have helped me in English but sometimes they confuse me by such terms as "monkeying around."

About Menomonie Jorge says that he "likes life here" and that a "big city is too much trouble for foreign persons." He adds that the people are "friendly" but the winter weather was very unfriendly to me.

Stout is a "nice college for me" he says. However, several things have disturbed Jorge. One thing was school supplies. It was strange not to have them sold right in school. Another thing was the location in the Stout Tower. It was the cause of his being late to class the first day. Since that time he was pleased to learn that plans are being made to correct this.

After attending Stout, this student from Chile goes to the vocational high school in Milwaukee, and from there to various large cities such as Chicago, Lafayette, Grand Rapids, Pittsburgh, Philadelphia, New York, etc. His final stop is Washington, D.C. where reports will be completed.

In August, Jorge goes back to his position in Temuco. His work will have been improved through insight received in the United States. Membership in the American Vocational Association, of which he is the only Chilean member, will also aid him. He also plans to attend the next national convention of AVA.

Other students from Stout under a similar scholarship are Armando Alfaro and Armando Ocampo from Costa Rica and Braulio Santacruz from Paraguay.

### GRAD CREDITS OFFERED IN SUMMER SCHOOL

Varied offerings for undergraduate or graduate credit will be available during the 52nd annual summer session of Stout state college here. Three sessions are planned within the summer school.

Because of this lengthened summer school period, a graduate student can now complete the master of science degree by attending four summer sessions. Formerly a minimum of five summers was required to complete a master's degree.

Two nationally-known experts in the field of family life, Dr. Paul Popeno and Roy E. Dickenson, will conduct a workshop on family relationships and mental health on the Stout campus from June 17 through June 21. The workshop carries, either graduate or undergraduate credit.

According to Dr. Alice Kirk, dean of the division of home economics, this workshop is being repeated this year because of the unusual present demand and the fact that many persons could not be accommodated last summer. Over 100 have already pre-registered and enrollments are still being accepted.

Registration for the regular six week summer session will take place on Monday, June 24, with the session continuing through August 2. Enrollees may complete six undergraduate or graduate credits, or a combination of the two.

The post-session, from August 5 through August 16, will be devoted to driver education and to other courses which complete the summer session offerings. Enrollment for this post-session will take place only on Monday, August 5.

\$2.25 each  
plus tax

LEE'S  
DRUG STORE

Yardley Products for America are created  
in England and finished in the U. S. A.  
from the original English formulae,  
combining imported and domestic ingredients.

### LET US SAY IT FOR YOU

Yes, let us take care of that special someone in your life. The right thing to do is say it with flowers. We will satisfy your needs to our fullest possible means. Flowers say things you want them to. We suggest some of the following items:

CORSAGES — BOUQUETS

NOVELTIES BUD VASES — PLANTS

WE TELEGRAPH FLOWERS

**MENOMONIE GREENHOUSE**

Opposite the High School
